Act 26, 1935, p. 37; Imd. Eff. Apr. 19.

AN ACT to revise and consolidate the law relative to the suppression of contagious diseases among bees in the state of Michigan; placing the enforcement in the hands of the department of agriculture; imposing certain powers and duties on the commission of agriculture; to fix penalties, to allow boards of supervisors of the several counties to appropriate money for the purpose herein stated, and to provide for registration and regulation of apiaries for the purposes of this act within the state of Michigan, and to repeal certain acts or parts of acts. Am. 1947, p. 442, Act 276, Eff. Oct. 11.

The People of the State of Michigan enact:

286.1 Suppression of contagious diseases among bees; definitions.

Sec. 1. That when used in this act:

(a) The term "apiary" shall mean any place where 1 or more colonies of bees are kept, and shall include hives, bees and bee equipment associated therewith.

(b) The term "appliances" shall mean any apparatus, tools, machine, or other device, used in the handling and manipulating of bees, honey, wax, and hives. It shall also include any container of honey and wax which may be used in any apiary or in transporting bees and their products and apiary supplies.

(c) The term "bees" shall mean any stage of the common honey bee, *Apis mellifera* L.

(d) The term "bee diseases" shall mean American or European foul brood, sac brood, bee paralysis, or any other disease or abnormal condition of egg, larval, pupal, or adult stages of bees.

(e) The term "bee equipment" shall mean hives, supers, frames, veils, gloves, or any other appliances or equipment.

(f) The term "colony" shall mean the hives and its appliances, including bees, comb, honey and equipment.

(g) The term "hive" shall mean frame hive, box hive, box, barrel, log gum, skep or any other receptacle or container, natural or artificial, or any part thereof, which may be used or employed as a domicile for bees.

(h) The term "persons" shall mean individuals, associations, partnerships and corporations.

(i) The term "queen apiary" shall mean any apiary or premises in which queen bees are reared or kept for sale or gift.

Words used in this act shall be construed to import either the plural or singular, as the case demands.

HISTORY: Am. 1943, p. 138, Act 101, Eff. July 30;—CL 1948, 286.1.

FORMER ACTS: Act 200, 1913, being CL 1915, 7353-7365; Act 265, 1923; Act 60, 1927, being CL 1929, 5047-5080.

286.2 Apiary inspection and control of bee diseases; commissioner of agriculture.

Sec. 2. The commissioner of agriculture is hereby authorized to establish apiary inspection and to have charge of the inspection of apiaries as hereinafter provided. Said commissioner shall investigate or cause to be investigated outbreaks of bee diseases, and cause suitable measures to be taken for their eradication or control.

HISTORY: CL 1948, 286.2.

NOTE: The commissioner of agriculture is superseded by the department of agriculture, see Compilers' § 285.1.

286.3 Inspection of apiary; detection of disease; appropriate measures.

Sec. 3. The director of agriculture or his deputies shall have authority to enter upon any private or public premises, and shall have access, ingress and egress to and from all apiaries or places where hives, bees, combs, or apiary equipment and appliances are kept, for the purpose of ascertaining the existence of infectious or contagious bee diseases and enforcing the provisions of this act. Should any of the said bee diseases exist, other than American foul brood, in such apiaries or on such premises, the director of agriculture or his deputies may take, or cause to be taken, suitable measures for their eradication or control. If the disease found to exist in such apiaries or on such premises be the disease known as American foul brood, it shall be the duty of the director or his deputies to destroy said American foul brood colonies, or equipment by killing the bees in the infected hives, burning in a pit the diseased colonies, including the bees, combs, frames and honey and burying the ashes below the surface of the ground, burning or disinfecting the hive bodies, bottom boards, covers, supers or other equipment associated therewith, without recompense to the owner, lessee or caretaker of said bees or equipment. The director of agriculture or his deputies may destroy or cause to be disinfected immediately, any or all used beekeeping equipment situated in

diseased areas: Provided, That when, in the judgment of the representative of the commission of agriculture, such diseased American foul brood colonies and/or equipment may be controlled by the use of heat or other treatment methods, such treatment may be applied in lieu of burning: Provided, however, The owner of any apiary in which the deputies of the director of agriculture shall have ascertained the existence of disease may appeal therefrom to the director of agriculture for his determination of the existence of American foul brood, or any of the diseases herein referred to, whose determination shall be final unless otherwise determined by a court of proper jurisdiction; such request of appeal must be served on the deputy at the time the owner is notified by him of the existence of American foul brood or any diseased condition of the apiary and the intended destruction of the diseased condition: Provided further, That if notice cannot be given the owner at the time of inspection, a written notice shall be posted at such diseased apiary and a copy thereof shall be mailed by registered letter to the last known address of the owner, and in cases where such posting and mailing notices are given, the director of agriculture or his deputies shall not proceed to destroy such diseased colonies, together with all honey and equipment until the fifteenth day after such posting and mailing. During the period of notice and during the time necessary for appealing to the director of agriculture, any diseased apiary or apiaries may be placed under quarantine which quarantine shall be in force until the diseased condition is eliminated in a lawful manner. It shall be unlawful for any owner, his employees or agents to remove bees, hives, honey, equipment or appliances while said apiary, apiaries, or parts thereof, are under quarantine.

HISTORY: Am. 1943, p. 139, Act 101, Eff. July 30;—Am. 1947, p. 442, Act 276, Eff. Oct. 11;—CL 1948, 286.3.

286.4 Beekeepers; registration; application; fees.

Sec. 4. Every person, firm or corporation owning or possessing bees on or before June 1 of each year, shall register with the department of agriculture by filing with the department an application for registration, which application shall set forth the exact location of his apiaries, the number of colonies of bees in each apiary owned by him or in his possession or under his control, together with such other information as may be required by the director, and such person, firm or corporation shall pay the department by draft or money order made payable to the state at the time of registration, the sum of \$1.50 per apiary of 10 colonies or more, or the sum of \$1.00 per apiary for each apiary containing less than 10 colonies. The department shall issue and deliver to such applicant a certificate declaring that the holder thereof is duly registered and has paid the fees required by law.

Sec. 5.

HISTORY: Rep. 1943, p. 140, Act 101, Eff. July 30.

NOTE: This section provided for disposition of diseased bees and equipment.

286.6 Transportation of bees and equipment, limitations.

Sec. 6. The commissioner of agriculture shall have authority by general proclamation to forbid the transportation of bees, honey, wax, combs, hives, or other used beekeeping apparatus from any township, city, village or county, or from any part thereof. Notice of such proclamation shall be given by posting copies thereof in not less than 5 public places within the territory described in said proclamation, and by publishing in at least 1 newspaper circulating in such territory. Such proclamation shall suitably describe the territory affected sufficiently to properly identify it, and shall state the period during which the order of the commissioner of agriculture shall be effective. It shall be the duty of the commissioner of agriculture or his deputies to post the same forthwith and make a return in writing as to the fulfillment of this duty. During the time prescribed by such proclamation it shall be unlawful for any person, firm or corporation to bring into or remove from the territory described in said proclamation any

bees or combs, honey, beeswax, hives, or other supplies which have been used without first having received a permit so to do from the commissioner of agriculture, which permit shall be attached to the package containing the bees or goods to be transported: Provided, however, That common carriers may transport bees, honey, wax or supplies through the area described in said proclamation if the shipment originated outside of said area and is destined for some point outside of it. The quarantine now in force under the provisions of Act No. 60, Public Acts of 1927, is hereby declared to be in full force and effect until the further order of the commissioner of agriculture.

HISTORY: CL 1948, 286.6.

NOTE: Act 60, 1927, above referred to, was repealed and superseded by this act.

286.7 False information or resistance.

Sec. 7. It shall be unlawful for any person to give false information in any matter pertaining to this act, or to resist, impede, or hinder said commissioner or his deputies in the discharge of his or their duties.

HISTORY: CL 1948, 286.7.

286.8 Spread of disease by inspectors; prevention.

Sec. 8. After inspection of infected bees or fixtures or handling diseased bees, the commissioner or his deputies shall, before leaving the premises, or proceeding to any other apiary, take such measures as shall prevent the spread of the disease by infected material adhering to his person or clothing or to any tools or appliances used by him, which have come in contact with infected materials.

HISTORY: CL 1948, 286.8.

286.9 Queen bees; candy for mailing-cages, inspection.

Sec. 9. It shall be the duty of any person in the state of Michigan engaged in rearing of queen bees for sale, to use honey in the making of candy for the use in mailing-cages, which has been boiled for at least 30 minutes, unless candy which contains no honey at all is used. Any such person engaged in the rearing of queen bees shall have his or her queen rearing and queen mating apiary or apiaries inspected at least once during each summer season by the commissioner of agriculture or his deputies and on the discovery of the existence of any disease which is infectious or contagious in its nature and injurious to bees in their egg, larval, pupal or adult stages, said person, upon the order of the commissioner or his deputies, shall at once cease to ship queen bees from such diseased apiary until the commissioner of agriculture shall declare the said apiary free from disease.

HISTORY: Am. 1943, p. 140, Act 101, Eff. July 30;—CL 1948, 286.9.

286.10 Movable frames; inspection.

Sec. 10. It shall be the duty of all persons engaged in beekeeping to provide movable frames in all hives used by them to contain bees, and to make provisions so the bees in such hives will construct brood combs in the frames so that any of said frames may be removed from the hives for inspection without injuring other combs in such hives. The commissioner or his deputies shall order the owner or person in charge of bees, kept in box or other immovable or stationary comb hives, to transfer such bees to movable frame hives within a reasonable time, to be specified in such order, and failure to comply with such order shall be punishable as provided in this act.

HISTORY: Am. 1943, p. 140, Act 101, Eff. July 30;—CL 1948, 286.10.

286.11 Exposing infected bees or other apiary equipment; unlawful.

Sec. 11. Anyone exposing combs, honey, bee equipment or other material that is a source of infection of American foul brood, shall, upon conviction thereof, be punished as provided in this act.

HISTORY: Am. 1943, p. 140, Act 101, Eff. July 30;—CL 1948, 286.11.

286.12 Bees from out of state; certificate of health.

Sec. 12. All bees in combless packages which may be brought into this state from other states or other countries must be accompanied by a certificate of health issued by the official inspector of the place from whence they came. The transportation of bees into this state without said certificate of health by a person or persons or common carrier is expressly prohibited.

HISTORY: CL 1948, 286.12.

286.13 Transportation of bees from out of state prohibited; exception.

Sec. 13. It shall be unlawful for any person, firm, corporation or transportation company to bring into this state any bees on combs, used hives or other used apiary appliances from any other states or other countries: Provided, however, That common carriers may transport bees and apiary appliances through this state if the shipment originated outside of this state and is destined for some point outside of it.

HISTORY: Am. 1937, p. 118, Act 86, Imd. Eff. June 17;—CL 1948, 286.13.

286.14 Sale of bees and equipment; inspection and permit.

Sec. 14. No combs or used beekeepers' supplies or bees except in combless packages and with food not made with honey, shall be sold or offered for sale or removed from the premises without being inspected by the commissioner of agriculture or his deputies and a permit issued by him.

HISTORY: CL 1948, 286.14.

286.15 County appropriations for apiary inspection.

Sec. 15. Boards of supervisors of the several counties shall have and are hereby given authority to appropriate such funds as they may deem sufficient for the inspection of apiaries in their counties.

HISTORY: CL 1948, 286.15.

286.16 Commissioner of agriculture; assistants and employees.

Sec. 16. The commissioner of agriculture is hereby empowered to appoint such assistants and employees as may be necessary to perform the duties hereby imposed, the number of such assistants and employees, and the compensation payable to all persons so appointed and employed, being subject to the approval of the state administrative board.

HISTORY: CL 1948, 286.16.

286.17 Unsanitary conditions; failure to obey warning, misdemeanor.

Sec. 17. Whenever it is determined by the commissioner of agriculture or his deputies, that unsanitary conditions exist or are permitted to exist in the operation of any honey houses or building or portion of a building in which honey is stored, graded or processed, the operator or owner of said honey house or building shall be first notified and warned by the commissioner or his deputy to place such honey house or building in a sanitary condition within a reasonable length of time; and any operator or owner of such honey house or building, failing to obey such notice and warning, shall be guilty of a misdemeanor and shall be punished as provided in this act.

HISTORY: CL 1948, 286.17.

286.18 Violation of act; penalty; apiary appliances confiscated and destroyed.

Sec. 18. Any person violating any of the provisions of this act shall be punished by a fine of not more than \$100.00, or by imprisonment in the county jail not exceeding 90 days, or both such fine and imprisonment in the discretion of the court.

In addition to the penalties hereinbefore provided, bees on combs, used hives or other used apiary appliances brought into this state in violation of the provisions of this act shall be confiscated and destroyed.

Act 26, 1885, p. 20; Eff. Sep. 19.

AN ACT to provide for the inspection of commercial fertilizers; to regulate the sale thereof; and to prescribe penalties for violations of the provisions of this act. Am. 1954, p. 127, Act 103, Imd. Eff. Apr. 14.

The People of the State of Michigan enact:

286.31 Commercial fertilizers; definition; name of product; marking of containers.

Sec. 1. (1) The term "commercial fertilizer" shall include any and every substance imported, mined or manufactured, that is prepared or sold in dry, liquid or gaseous form to supply plant food, or to modify soil conditions for improving plant growth, except unmanipulated animal manures and limestone or lime products. Every lot or parcel of commercial fertilizer sold, offered or exposed for sale, or distributed within this state, shall have on each bag, sack, carton or container, in a conspicuous place on the outside, a legible and plainly printed statement in the English language or, if distributed and sold in bulk, a written or printed certificate shall accompany each lot, and be supplied the purchaser, clearly and truly certifying:

(a) The net weight of the contents of the package, lot, bag, sack, carton or container, except that peat or peat moss may be designated by dry measure or volume.

(b) The exact, complete name of the individual product.

(c) The name and principal address of the manufacturer or person responsible for placing the commodity on the market.

(d) The minimum percentage of total nitrogen.

(e) The minimum percentage of available phosphoric acid P_2O_5 , except in the case of organic fertilizers the minimum percentage of total phosphoric acid P_2O_5 , rather than the minimum percentage of available phosphoric acid P_2O_5 , shall be declared.

(f) The minimum percentage of soluble potash, K_2O .

(g) The minimum percentage of additional plant food elements, determinable by chemical methods, may be guaranteed only by permission of the director of agriculture by and with the advice of the director of the Michigan agricultural experimental station and no statements about other plant food chemical compounds or elements in the fertilizer may be shown.

Inapplicability of certain subsections to peat or peat moss.

(2) Subsections (d), (e), (f) and (g) shall not apply to peat or peat moss sold as a soil conditioner.

Soil conditioners, application for license.

(3) Material sold primarily as soil conditioners or as sources of trace elements may likewise be permitted, provided that application for license be accompanied by authentic experimental evidence substantiating the claims made for the product and provided that such materials shall be acceptable to the director of agriculture, by and with the advice of the director of the Michigan agricultural experimental station.

286.32 Commercial fertilizer sample; analysis before sale; certificate of analysis, filing; sealed package, affidavit, filing.

Sec. 2. Before any commercial fertilizer is sold or offered for sale, the manufacturer, importer or party who causes it to be sold or offered for sale within this state, shall file with the director of agriculture a certified copy of the analysis and certificate referred to in section 1. The certified copy of analysis shall be accompanied, when the director of agriculture so requests, by a sealed package containing not less than 2 pounds of such fertilizer, with an affidavit that it is a representative sample of the fertilizer thus to be sold or offered for sale.

286.33 Commercial fertilizer; license fee; shipping documents; custom blending, invoice, contents; fees.

Sec. 3. (1) The manufacturer, importer or agent of any commercial fertilizer shall pay annually to the director of agriculture on or before December 31 a license fee of \$20.00 for each commercial fertilizer he offers for sale in this state. Whenever the manufacturer or importer shall have paid this license fee his agents shall not be required to do so. All vendors of commercial fertilizers shall keep on file subject to inspection by any authorized agent of the director of agriculture for a period of 1 year all invoices, freight bills, truckers' receipts, way bills and similar shipping data pertaining to commercial fertilizers that would establish date and origin of the shipment.

(2) Custom-blended fertilizer individually compounded to a buyer's specifications and manufactured, sold and delivered on the premises where manufactured direct to the consumer is exempt from the licensing requirements of this section. This exemption does not apply to custom-blended fertilizer containing pesticides. In lieu of the labeling requirements specified in section 1, each package or lot of custom-blended fertilizer shall bear a tag or invoice, or if sold in bulk, each lot shall be accompanied by an invoice, bill of lading or delivery receipt clearly certifying:

- (a) The composition of the custom-blended fertilizer by weight of materials used and the percent of plant nutrient in each material.
- (b) The calculated minimum guarantee for primary plant nutrients in terms of whole numbers.
- (c) The net weight of the contents of the package, or of the lot if sold in bulk.
- (d) The name and address of the manufacturer and the address of the plant at which manufactured.
- (3) A copy of tag or invoice accompanying the lot of the custom-blended fertilizer shall be retained by the manufacturer for 6 months from date of delivery for inspection purposes by any authorized agent of the director of agriculture.
- (4) Materials used in the manufacture of a custom-blended fertilizer are subject to the payment of inspection fees and the licensing requirement.
- (5) Each manufacturing plant engaged in the custom-blending of fertilizer shall be licensed at a fee of \$20.00 per plant or mixing facility on a calendar year basis.

286.33a Commercial fertilizer; manufacturers, importers or agents' semi-annual statement, contents; inspection fee; verification; confidential information; exemption.

Sec. 3a. All manufacturers, importers or agents licensed under the provisions of this act shall file semiannually, within 30 days following June 30, and within 30 days following December 31 of each calendar year, with the director of agriculture, a statement under oath which shall set forth the number of net tons of commercial fertilizer by type and analysis or in the case of peat or peat moss the number of cubic yards sold by the licensee for consumption in this state during the preceding 6 months' period ending June 30 or December 31. Upon filing such statement, each licensee shall pay to the director of agriculture an inspection fee in the sum of 8 cents per ton of 2,000 pounds avoirdupois except that in the case of peat or peat moss the licensee shall pay an inspection fee of 2 cents per cubic yard for each cubic yard reported. Payments due of less than \$1.00 or refunds resulting from overpayment of less than \$1.00 shall be waived. By filing the volume sales tonnage or cubic yardage statement, each applicant consents and grants to the director of agriculture or his duly authorized agent permission to verify from the applicant's records any statement of tonnage or cubic yardage filed. No employee of the state shall divulge information included in the statement of the number of tons of fertilizer or cubic yardage of peat or peat moss sold by any individual licensee. The payment of such license fee and the payment of such 8 cents per ton or 2 cents per cubic yard on peat or peat moss inspection fee by a person, firm, partnership, association or corporation shall exempt an agent thereof or a dealer in the products thereof from the requirements.

286.34 Commercial fertilizers; analysis.

Sec. 4. All such analyses of commercial fertilizers required by this act shall be made under the direction of the director of agriculture and paid for out of the funds arising from the license fees and inspection fees provided for in sections 3 and 3a. At least 1 analysis of each fertilizer shall be made annually.

286.35 Commercial fertilizer; statement of analyses and fees in annual report; surplus fee.

Sec. 5. The director of agriculture shall publish in his annual report a correct statement of all analyses made and certificates filed in his office, together with a statement

of all moneys received for license fees and inspection fees, and expended for analysis. Any surplus from license fees and inspection fees remaining on hand at the close of the fiscal year shall be placed to the credit of the laboratory fund of the department of agriculture, to be used to establish and maintain a control laboratory.

286.37 Sample; selection, analysis; right of access; seizure of nonconforming goods.

Sec. 7. The director of agriculture by any duly authorized agent is hereby authorized to select from any package of commercial fertilizer exposed for sale in this state, a quantity, not exceeding 2 pounds, for a sample to be used for the purposes of an official analysis and for comparison with the certificate filed with the director of agriculture and with the certificate affixed to the package on sale. The director of agriculture, his deputy or any authorized agent of the director, shall have free access during reasonable business hours to all premises where commercial fertilizers are manufactured, sold or stored, and all trucks or other vehicles, and vessels used in the transportation of any commercial fertilizers; and is authorized at all times to seize or stop-sale any and all commercial fertilizers that are unlicensed, misbranded, fail to meet guarantee or otherwise fail to comply with the provisions of this act.

Act 221, 1959, p. 322; Eff. Mar. 19, 1960.

AN ACT to define certified and certain classes of seed; to authorize the director of agriculture to promulgate rules and regulations governing the certification of seed as to certain genetic and other standards; to authorize the designation by the director of official seed certification agencies; and to provide penalties for the violation of this act.

The People of the State of Michigan enact:

286.71 Certification of seeds; definitions.

Sec. 1. As used in this act:

(a) "Seed" means the seed or propagating materials of cereals, grain crops, vegetable crops, oil crops, fiber crops, forage crops, grasses, legumes, turf species, tuberous crops, and other crops used in agricultural products which are produced or processed for the purpose of being sold, offered or exposed for sale, for planting, sowing or seeding processes within this state.

(b) "Certified seed" means the progeny of foundation, registered or certified seed if designated foundation and plant propagating materials that are so handled as to maintain satisfactory genetic identity and purity and have met certification standards required by this act and have been approved and certified by the director upon the advice of official seed certifying agencies.

(c) "Foundation seed" means seed stocks or plant propagating materials that are increased from breeder or designated foundation seed and are so handled as to most nearly maintain specific genetic identity and purity. Foundation seed, established by designation, shall be that seed designated by the agricultural experiment station together with the legal certifying agency and approved by the director of agriculture.

(d) "Breeder seed" means seed or plant propagating material directly controlled by the originating or, in certain cases, the sponsoring plant breeder or institution, and which provides the source of foundation seed.

(e) "Registered seed" means the progeny of foundation or registered seed or plant propagating material that is so handled as to maintain satisfactory genetic identity and purity and that has been approved and certified by the director of agriculture upon the advice of the official certifying agencies. This class of seed shall be of a quality suitable for the production of certified seed.

HISTORY: New 1959, p. 322, Act 221, Eff. Mar. 19, 1960.

286.72 Certification of seeds; director of agriculture, duties; rules and regulations.

Sec. 2. The director of agriculture is hereby designated the legal seed certifying officer of the state of Michigan and is authorized to promulgate rules and regulations governing the certification of seed as to variety, type, strain or other genetic character, the labeling of certified seed and to adopt general seed certification standards in cooperation with the certifying agency. Such rules and regulations shall be in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

HISTORY: New 1959, p. 323, Act 221, Eff. Mar. 19, 1960.

286.73 Certification of seeds; certifying agencies.

Sec. 3. The director shall, after consultation with the dean of agriculture of Michigan state university and the director of the Michigan agricultural experiment station, and after due notice and public hearing, designate official seed certifying agencies which he finds qualified to assist and advise him in carrying out the provisions of this act and to advise as to variety, type, strain or other genetic characteristics and to recommend standards for agricultural or vegetable seeds or plant propagating materials to be certified and the labeling of such seeds.

HISTORY: New 1959, p. 323, Act 221, Eff. Mar. 19, 1960.

286.74 Certification of seeds; publication of list of varieties and hybrids; plant propagating materials.

Sec. 4. The director, upon the recommendation of the Michigan agricultural experiment station and official seed certifying agencies, shall publish and make available to the public a list of varieties and hybrids of agricultural or vegetable seeds or plant propagating materials eligible for certification.

HISTORY: New 1959, p. 323, Act 221, Eff. Mar. 19, 1960;—Am. 1964, p. 85, Act 84, Eff. Aug. 28.

286.75 Violation of act; penalty; seizure of mislabeled seeds.

Sec. 5. Whoever sells or offers or exposes for sale any seed within this state represented to be or labeled as certified, foundation, registered or breeder seed, as defined in this act, unless it has been produced and labeled in compliance with the rules and regulations promulgated by the director under the provisions of this act, shall be guilty of a misdemeanor. The director or his duly authorized agent is authorized to seize and take possession of such seeds in accordance with the procedure set forth in section 10 of Act No. 314 of the Public Acts of 1923, as amended, being section 286.60 of the Compiled Laws of 1948.

Act 86, 1929, p. 220; Imd. Eff. Apr. 29.

AN ACT to protect the cherry industry, and to provide for the control of the cherry fruit flies (*Rhagoletis Cingulata* Loew and *R. Fausta* Osten Sacken) and other cherry pests, and imposing certain powers and duties on the commissioner of agriculture.

The People of the State of Michigan enact:

286.81 Protection of cherry crops.

Sec. 1. In order to protect the cherry crops of the state from the ravages of the cherry fruit flies (*Rhagoletis Cingulata* Loew and *R. Fausta* Osten Sacken) established within the state and now seriously and destructively threatening and infesting cherry orchards within the state, and other cherry pests which are now or may hereafter be established in the state, the commissioner of agriculture shall adopt and carry out such control measures as are deemed advisable and may cooperate with other agencies in the control of these pests.

HISTORY: CL 1929, 5112;—CL 1948, 286.81.

NOTE: The commissioner of agriculture is superseded by the department of agriculture, see Compilers' § 285.1.

286.82 Control regulations; enforcement.

Sec. 2. The commissioner of agriculture is authorized to adopt, issue and enforce rules and regulations for the control of these pests. Under such rules and regulations, the commissioner of agriculture or his authorized agents may prohibit and prevent the movement within the state without inspection, or the shipment or transportation within the state of any and all cherries or any horticultural product or any other material of any character whatsoever capable of carrying these pests in any living stage of their development, and in the enforcement of such rules and regulations may intercept, stop and detain for official inspection any person, car, vessel, boat, truck, automobile, aircraft, wagon or other vehicle or container believed or known to be carrying the said pests in any living state of their development, in violation of said rules and regulations of the commissioner of agriculture, and may seize, possess and destroy any cherries moved, shipped or transported in violation of the rules and regulations of the commissioner of agriculture.

HISTORY: CL 1929, 5113;—CL 1948, 286.82.

286.83 Right of access; unlawful acts.

Sec. 3. For the purpose of this act the commissioner of agriculture or his authorized agents shall have free access to any farm, field, orchard, garden, elevator, canning factory, warehouse, freight or express office, car, freight yard, vehicle, vessel, boat, container or any other place which for probable cause it may be necessary or desirable for such authorized agents to enter in carrying out the provisions of this act. It shall be unlawful to deny such access to such authorized agents and to hinder, thwart or defeat such inspection or entrance by misrepresentation or concealment of facts or conditions or otherwise.

286.84 Violation of act; penalty.

Sec. 4. Any person, copartnership, association or corporation violating any provision of this act or the rules or regulations of the commissioner of agriculture issued and promulgated hereunder shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than 25 dollars nor more than 100 dollars or imprisonment in the county jail for not more than 90 days, or both fine and imprisonment in the discretion of the court.

HISTORY: CL 1929, 5115;—CL 1948, 286.84.

286.85 Treatment by owner or commissioner; expense, enforcement of payment.

Sec. 5. The commissioner of agriculture shall have power, and it is made his duty to require on the part of the owner all necessary treatment, by spraying or otherwise, of all cherry trees within the state, whether in field, lot, orchard or elsewhere. The owner or person having charge of cherry trees or cherry orchards shall, within the time limit provided, administer such treatment or cause the same to be administered as set forth in the rules and regulations of the commissioner of agriculture. In case the owner or person in charge of such cherry trees or cherry orchards shall refuse or neglect to carry out any and all instructions given by the commissioner of agriculture within the time limit provided, the commissioner of agriculture or his authorized agents may take the action so required and shall employ such aid as may be necessary to carry out his own orders or those of his inspector or inspectors as the case may be. The commissioner of agriculture shall render a bill against the owner for the full amount of such expenses. If the owner refuses or neglects to pay said bill within 30 days, it shall be certified to the supervisor of the township in which the property on which the work was done, is located. The supervisor shall cause all such expenditures to be severally levied on the lands on which such expenditures were made, and the same shall become a lien upon said land and shall be assessed and collected as other taxes are assessed and collected. When collected, they shall be paid by the collecting official direct to the commissioner of agriculture, who shall deposit the same into the general fund of the state.

HISTORY: CL 1929, 5116;—CL 1948, 286.85.

286.86 Liability of agent or employe.

Sec. 6. In construing and enforcing the provisions of this act, the act, omission, or failure to act of any official, agent or other person acting for or employed by any association, partnership or corporation within the scope of his employment or office, shall in every case be deemed the act, omission or failure to act of such association, partnership or corporation as well as of the person.

Act 313, 1929, p. 859; Imd. Eff. May 24.

AN ACT to provide for the control and eradication of white pine blister rust; to provide for the destruction of trees, plants and bushes infected with white pine blister rust; to authorize the commissioner of agriculture to remove, appraise and pay for healthy host plants necessarily destroyed; to declare certain plants and bushes a public nuisance; to authorize the commissioner to set aside fruiting currant and gooseberry and white pine growing districts as control areas; to provide for co-operation between state departments; to authorize the promulgation of rules and regulations; to provide funds for carrying out the purposes of this act; and to provide penalties for its violation.

The People of the State of Michigan enact:

286.101 White pine blister rust; definitions.

Sec. 1. For the purposes of this act the following words, names and terms shall be construed respectively to mean:

- (a) Commissioner: The commissioner of agriculture.
- (b) Cultivated black currants: Plants, roots, cuttings or scions of *Ribes nigrum* L.
- (c) Currants and gooseberries: Plants, roots, cuttings or scions belonging to the genera *Ribes* L. and *Grossularia* (Tourn.) Mill.
- (d) White pine blister rust control area: An area established by state authority, wherein the planting and possession of currant and gooseberry plants is prohibited for the purpose of protecting the white pines on such area from damage by white pine blister rust.
- (e) Fruiting currant and gooseberry control area: An area established by state authority wherein the planting or possession of white pines is prohibited for the purpose of protecting fruiting currants and gooseberries in such areas from damage by the white pine blister rust.
- (f) White pine: Plants of any species belonging to the genus *Pinus* which bear their needles in clusters of 5.
- (g) White pine blister rust: The fungous disease caused by *Cronartium ribicola* Fischer.

HISTORY: CL 1929, 5131;—CL 1948, 286.101.

NOTE: The commissioner of agriculture is superseded by the department of agriculture, see Compilers' § 285.1.

286.102 White pine blister rust; declared dangerous pest; enforcement of act; rules; co-operation.

Sec. 2. The fungous disease commonly known as the white pine blister rust caused by the organism *Cronartium ribicola* Fischer, is hereby declared to be a dangerous forest pest in all its stages; and it shall be the duty of the commissioner of agriculture to enforce the measures hereinafter specified for the control of this pest. The commissioner of agriculture is hereby empowered to make such rules and regulations as are necessary to carry out the provisions of this act and all state departments co-operating with the state department of agriculture shall issue and promulgate rules and regula-

tions for the control and eradication of the white pine blister rust in harmony with those issued and promulgated by the state department of agriculture so that the work carried on may all be along the same line.

HISTORY: CL 1929, 5132;—CL 1948, 286.102.

286.103 White pine blister rust; destruction of plants.

Sec. 3. Any white pines, currants or gooseberries within the state which are found to be infected with white pine blister rust are hereby declared a public nuisance, and any such diseased plants and any and all wild plants of the genera *Ribes* and *Grossularia*, may be destroyed forthwith by order of the commissioner or his agents. Any currants, gooseberries or white pines not infected with white pine blister rust may be destroyed by the commissioner or his agents where necessary in carrying out the purposes of this act.

HISTORY: CL 1929, 5133;—CL 1948, 286.103.

286.104 Cultivated black currant declared public nuisance; destruction.

Sec. 4. The cultivated black currant is hereby declared a public nuisance. Planting, possessing, growing, propagating, selling or offering for sale plants, roots, or cuttings of cultivated black currants within the state is hereby prohibited. Such roots, cuttings or plants now planted or growing may be destroyed by the commissioner or his agents.

HISTORY: CL 1929, 5134;—CL 1948, 286.104.

286.105 White pine blister rust; blister rust control areas; fruiting currant and gooseberry control areas; destruction of plants, expense.

Sec. 5. The commissioner is hereby authorized and empowered to promulgate by letter, publication, poster or other means, information concerning the white pine blister rust and to designate by the aforesaid means of promulgation blister rust control areas within the state in which control measures are necessary or advisable. In designating fruiting currant and gooseberry control areas, the commissioner shall use due care to fix their boundaries so as to include areas where currants and gooseberries are grown on a commercial scale and where their value for this purpose is clearly greater than the use of the area for the production of white pine. In designating white pine blister rust control areas, the commissioner shall use due care to fix their boundaries so as to protect white pines on such areas from damage by white pine blister rust. It shall be the duty of every land owner within such designated areas to carry out such control measures as are ordered by the commissioner, including the removal and destruction of any or all wild and cultivated currants and gooseberries or white pines. No currants or gooseberries shall be planted within such white pine blister rust control areas without written permission from the commissioner. No white pines shall be planted within such fruiting currant or gooseberry control areas without written permission of the commissioner. If the owner fails to destroy the above named plants within the time specified by the commissioner, the commissioner shall cause said plants to be destroyed and the expense thereof shall be a lien upon the owner's land. Such lien shall have the same effect and may be collected in the same manner as taxes upon such land. Any moneys so collected shall be paid into the state treasury and credited to the fund provided for this work.

HISTORY: CL 1929, 5135;—CL 1948, 286.105.

286.106 White pine blister rust; destruction of plants; compensation to owner; noxious weeds.

Sec. 6. If cultivated currants, gooseberries or white pines which are not infected with white pine blister rust, are destroyed by specific order of the commissioner or his agents, the owner may be compensated therefor, the damages to be appraised by the commissioner or his agents at and not to exceed the actual value of the material destroyed, and paid to said owner by the state treasurer upon authorization of the com-

missioner: Provided, That any and all wild currants and gooseberries are hereby declared noxious weeds and no compensation shall be paid therefor.

HISTORY: CL 1929, 5136;—CL 1948, 286.106.

286.107 Right of entry by commissioner of agriculture.

Sec. 7. The commissioner and his agents shall have the right to enter upon any private or public lands to determine the presence or the absence of white pine blister rust in any of its stages and to carry out measures for its control.

HISTORY: CL 1929, 5137;—CL 1948, 286.107.

286.108 White pine blister rust; co-operation; rust control on state lands.

Sec. 8. The commissioner may co-operate with the United States department of agriculture, with the department of conservation, and with counties, townships, associations, institutions and individuals for the suppression and control of white pine blister rust, and shall carry on such investigations of the disease and its control as are deemed advisable by the commissioner. The department of conservation shall have control of all state owned lands and it shall be its duty to co-operate with the department of agriculture in the control of the white pine blister rust on all state lands and the expense so incurred shall be borne by the department of conservation.

HISTORY: CL 1929, 5138;—CL 1948, 286.108.

286.109 Entry or movement of certain plants.

Sec. 9. The commissioner is hereby authorized and empowered to prohibit and prevent or regulate the entry into or movement within the state from any part thereof to any other part, of any white pines or any plants of genus Ribes or Grossularia when such plants are to be shipped into blister rust control areas.

PAYMENT OF EXPENSES: Townships, see Compilers' § 41.72; counties, see Compilers' § 46.71.

Act 358, 1921, p. 650; Eff. Aug. 18.

AN ACT authorizing the state to reimburse counties and townships to the extent of 1/2 of the amounts spent by such counties and townships in connection with the destruction of grasshoppers and similar pests, making an appropriation therefor, and providing a tax to meet the same.

The People of the State of Michigan enact:

286.131 Exterminating grasshoppers, similar pests; state reimbursement.

Sec. 1. Whenever any county or township shall have made an appropriation under the authority of Act No. 6 of the Public Acts of 1919, special session, and shall have spent any sum of the money so appropriated for the destruction of grasshoppers and other similar pests, such county or township shall be reimbursed by the state not more than 1/2 of such sum or sums so spent within the fiscal years ending June 30, 1922, and June 30, 1923, out of the appropriation authorized by this act: Provided, That no payment shall be made out of the appropriations hereby made until November first of each year, and that should the amount of the claims on the basis of 1/2 of the amount expended exceed the appropriation, then such claims shall be reduced pro rata.

HISTORY: CL 1929, 5146;—CL 1948, 286.131.

NOTE: Act 6 of 1919, Ex. Sess., above referred to, is Compilers' § 286.121 et seq.

286.132 Exterminating grasshoppers, similar pests; payment procedure for county.

Sec. 2. Before any such county shall receive reimbursement under this act, it shall be the duty of the county clerk to prepare a voucher showing the payments made by such county, the date of contracting for the material or services, the date of payment of each item thereof; and that all payments for which such reimbursement is sought were made pursuant to the provisions of said Act No. 6 of the Public Acts of 1919, special session. Such voucher shall be countersigned by the county treasurer in each case, who shall certify thereon that the warrant of the county has been issued for the sums stated. Such voucher shall be forwarded to the auditor general upon such blank as the auditor general shall prescribe, who is hereby authorized to audit the claim, and if found to be correct to issue his warrant for the payment of 1/2 of such sum as shall have been expended by such county as provided for herein.

286.133 Exterminating grasshoppers, similar pests; payment procedure for township.

Sec. 3. Before any township shall be reimbursed under this act, it shall be the duty of the township board to prepare a voucher showing the payments made by such township in the same manner and in similar form to that prescribed in section 2 of this act, countersigned and certified to by the township treasurer, and further certified to by the agent provided for in section 4 hereof that the use of said poisons was necessary and economical. Such voucher shall be forwarded to and disposed of by the auditor general in the same manner as is herein provided in the case of claims made in behalf of counties.

HISTORY: CL 1929, 5148;—CL 1948, 286.133.

286.134 Exterminating grasshoppers, similar pests; scope of act; time of presentment for payment.

Sec. 4. No reimbursement shall be made under this act for any year prior to the year 1921, and all claims of counties and townships arising hereunder for the calendar year of 1921 shall be presented to the auditor general for payment on or before December first of that year, and shall be paid as soon as the appropriation therefor is available. All claims arising in the year 1922 shall be presented for payment on or before December first of that year and shall be paid as soon as the appropriation for such year becomes available.

286.135 Exterminating grasshoppers, similar pests; county administration officer; poison supervision; certificate of necessity.

Sec. 5. The board of supervisors of each county appropriating money for the destruction of grasshoppers and similar pests shall appoint an agent or agents for the purpose of managing the purchase, mixing and distribution of the necessary poisons used in the destruction of grasshoppers and similar pests, and to superintend the use of the same by townships and individuals. In the absence of such appointment, such duties shall devolve upon the county agricultural agent, if any, and otherwise in the absence of such appointment or if there be no county agricultural agent, such duties shall devolve upon the county clerk. The certificate of such agent that the purchase and use of such poisons were necessary and economical shall accompany every claim presented to the auditor general under this act before payment shall be made thereon.

d. "Fungicide" means any substance or mixture of substances intended for preventing, destroying, repelling or mitigating any fungi.

e. "Rodenticide" means any substance or mixture of substances intended for preventing, destroying, repelling or mitigating rodents or any other vertebrate animal which the director shall declare to be a pest.

f. "Herbicide" means any substance or mixture of substances intended for preventing, destroying, repelling or mitigating any weed.

g. "Larvicide" means any substance or mixture of substances intended for preventing, destroying, repelling or mitigating any larvae which may be present in any environment whatsoever.

h. "Ovicide" means any substance or mixture of substances intended for preventing, destroying, repelling or mitigating any ova.

i. "Nematocides" means any substance or mixture of substances intended for preventing, destroying, repelling or mitigating nematodes.

j. "Plant regulator" means any substance or mixture of substances intended through physiological action for accelerating or retarding the rate of growth or rate of maturation, or for otherwise altering the behavior of ornamental or crop plants or the produce thereof, but shall not include substances to the extent that they are intended as plant nutrients, trace elements, nutritional chemicals, plant inoculants and soil amendments.

k. "Defoliant" means any substance or mixture of substances intended for causing the leaves or foliage to drop from a plant, with or without causing abscission.

l. "Desiccant" means any substance or mixture of substances intended for artificially accelerating the drying of plant tissue.

m. "Insect" means any of the numerous small invertebrate animals generally having the body more or less obviously segmented, for the most part belonging to the class Insecta, comprising 6-legged, usually winged forms, as for example, beetles, bugs, bees, flies, including eggs, larvae and immature forms, and to other allied classes of arthro-

Pods whose members are wingless and usually have more than 6 legs, as for example, spiders, mites, ticks, centipedes and wood lice.

n. "Nematode" means invertebrate animals of the phylum nemathelminthes and class nematoda, that is, unsegmented round worms with elongated, fusiform, or saclike bodies covered with cuticle, and inhabiting soil, water, plants or plant parts; may also be called nemas or eelworms.

o. "Fungi" means all nonchlorophyll-bearing thallophytes that is, all nonchlorophyll-bearing plants of a lower order than mosses and liverworts, as for example, rusts, smuts, mildews, molds, yeasts and bacteria, except those on or in living man or other vertebrate animals.

p. "Weed" means any plant which grows where not wanted.

q. "Ingredient statement" means:

(1) A statement of the name and percentage of each active ingredient, together with the total percentage of the inert ingredients, in the economic poison.

(a) Or, in the case of "economic poison", household disinfectants or household germicides, for preventing, destroying, repelling or mitigating common household pests, a statement of the name of each active ingredient together with the name of each and total percentage of the inert ingredients, if any there be, in the economic poison (except option 1 shall apply if the preparation is highly toxic to man, determined as provided in section 6 of this act); and

(2) In case the economic poison contains arsenic in any form, a statement of the percentages of total and water soluble arsenic, each calculated as elemental arsenic.

r. "Active ingredient", other than a plant regulator, defoliant or desiccant, means an ingredient which will prevent, destroy, repel or mitigate insects, nematodes, fungi, rodents, weeds or other pests.

(1) In the case of a plant regulator, an ingredient which, through physiological action, will accelerate or retard the rate of growth or rate of maturation or otherwise alter the behavior of ornamental or crop plants or the produce thereof;

(2) In the case of a defoliant, an ingredient which will cause the leaves or foliage to drop from a plant;

(3) In the case of a desiccant, an ingredient which will artificially accelerate the drying of plant tissue.

s. "Inert ingredient" means an ingredient which is not an active ingredient.

t. "Antidote" means a practical immediate treatment in case of poisoning and includes first aid treatment.

u. "Person" means any individual, partnership, association, corporation or organized group of persons whether incorporated or not.

v. "Director" means the director of the state department of agriculture.

w. "Registrant" means the person registering any economic poison pursuant to the provisions of this act.

x. "Label" means the written, printed or graphic matter on or attached to, the economic poison or device, or the immediate container thereof, and the outside container or wrapper of the retail package, if any there be, of the economic poison or device.

(1) "Labeling" means all labels and other written, printed or graphic matter—

(a) Upon the economic poison or device or any of its containers or wrappers;

(b) Accompanying the economic poison or device at any time;

(c) To which reference is made on the label or in literature accompanying the economic poison or device, except when accurate, nonmisleading reference is made to current official publications of the United States departments of agriculture or interior, the United States public health service, state experiment stations, state agricul-

tural colleges or other similar federal institutions or official agencies of this state or other states authorized by law to conduct research in the field of economic poisons.

y. "Adulterated" shall apply to any economic poison if its strength or purity falls below the professed standard or quality as expressed on its labeling or under which it is sold, or if any substance has been substituted wholly or in part for the article, or if any valuable constituent of the article has been wholly or in part abstracted.

z. "Misbranded" shall apply—

(1) To any economic poison or device if its labeling bears any statement, design or graphic representation relative thereto or to its ingredients which is false or misleading in any particular;

(2) To any economic poison—

(a) If it is an imitation of or is offered for sale under the name of another economic poison;

(b) If its labeling bears any reference to registration under this act, except as provided in section 3, a., (6);

(c) If the labeling accompanying it does not contain instructions for use which are necessary and, if complied with, adequate for the protection of the public;

(d) If the label does not contain a warning or caution statement which may be necessary and, if complied with, adequate to prevent injury to living man and other vertebrate animals, vegetation and useful invertebrate animals;

(e) If the label does not bear an ingredient statement on that part of the immediate container and on the outside container or wrapper, if there be one through which the ingredient statement on the immediate container cannot be clearly read, of the retail package which is presented or displayed under customary conditions of purchase;

(f) If any word, statement or other information required by or under the authority of this act to appear on the labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs or graphic matter in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use;

(g) If in the case of insecticide, nematocide, fungicide, herbicide, larvicide or ovicide, when used as directed or in accordance with commonly recognized practice, it shall be injurious to living man or other vertebrate animals or vegetation, except weeds, to which it is applied, or to the person applying such economic poison; or

(h) If in the case of a plant regulator, defoliant or desiccant when used as directed it shall be injurious to living man or other vertebrate animals, or vegetation to which it is applied, or to the person applying such economic poison. Physical or physiological effects on plants or parts thereof shall not be deemed to be injury when this is the purpose for which the plant regulator, defoliant or desiccant was applied, in accordance with the label claims and recommendations.

286.163 Economic poisons; unlawful distribution or sale; labels, contents, defacing.

Sec. 3. (a) It shall be unlawful for any person to distribute, sell or offer for sale within this state or deliver for transportation or transport in intrastate commerce or between points within this state through any point outside this state any of the following:

(1) Any economic poison which has not been registered pursuant to the provisions of section 4 of this act, or any economic poison if any of the claims made for it or any of the directions for its use differ in substance from the representations made in connection with its registration, or if the composition of an economic poison differs from its

composition as represented in connection with its registration. In the discretion of the director, a change in the labeling or formula of an economic poison may be made within a registration period without requiring reregistration of the product.

(2) Any economic poison unless it is in the registrant's or the manufacturer's unbroken immediate container, and there is affixed to such container, and to the outside container or wrapper of the retail package, if there be one through which the required information on the immediate container cannot be clearly read, a label bearing:

(i) The name and address of the manufacturer, registrant or person for whom manufactured.

(ii) The name, brand or trade mark under which the article is sold.

(iii) The net weight or measure of the content subject, however, to such reasonable variations as the director may permit.

(3) Any economic poison which contains any substance or substances in quantities highly toxic to man, determined as provided in section 6 of this act, unless the label shall bear, in addition to any other matter required by this act:

(i) The skull and cross bones.

(ii) The word "poison" prominently, in red, on a background of distinctly contrasting color.

(iii) A statement of an antidote for the economic poison.

(4) The economic poisons commonly known as standard lead arsenate, basic lead arsenate, calcium arsenate, magnesium arsenate, zinc arsenate, zinc arsenite, sodium fluoride, sodium fluosilicate and barium fluosilicate unless they have been distinctly colored or discolored as provided by regulations issued in accordance with this act, or any other white powder economic poison which the director, after investigation of and after public hearing on the necessity for such action for the protection of the public health and the feasibility of such coloration or discoloration, shall, by regulation, require to be distinctly colored or discolored, unless it has been so colored or discolored. The director may exempt any economic poison to the extent that it is intended for a particular use or uses from the coloring or discoloring required or authorized by this section if he determines that such coloring or discoloring for such use or uses is not necessary for the protection of the public health.

(5) Any economic poison which is adulterated or misbranded, or any device which is misbranded.

(b) It shall be unlawful for any person to detach, alter, deface or destroy, in whole or in part, any label or labeling provided for in this act or regulations promulgated hereunder, or to add any substance to, or take any substance from, an economic poison in a manner that may defeat the purpose of this act.

286.164 Economic poisons; registration fee; use; exemption; vendor's records.

Sec. 4. Each manufacturer, importer, jobber, firm, association, corporation or person manufacturing, distributing or selling any economic poison as defined in section 2 shall pay to the director of agriculture on or before November 1, annually, a registration fee of \$10.00 for each brand or separate economic poison sold, offered or exposed for sale, or distributed in this state, except that for each registration in excess of 10 in any year by the same person, the registration fee shall be \$4.00. Such fees shall be paid into the state treasury and credited to the general fund.

When any entity or person has paid such fee, no other entity or person shall be required to pay such fee upon such economic poison, nor is registration required in case of an economic poison shipped from one plant within this state to another plant within

this state operated by the same person. The provision of this section requiring registration shall not apply to economic poisons that have been discontinued by manufacturers or to stocks of economic poison in the possession of dealers until 1 year after the effective date of this act. Economic poisons registered by the United States department of agriculture under the provisions of the federal insecticide, fungicide and rodenticide act shall be eligible for registration in this state. United States department of agriculture registered uses not currently approved by the commission of agriculture by and with the advice of the Michigan agricultural experiment station shall not be registered. A vendor of economic poisons shall keep on file, subject to inspection by any authorized agent of the director for a period of 1 year, all invoices, freight bills, truckers' receipts, way bills and similar shipping data pertaining to economic poisons that would establish date and origin of the shipments.

HISTORY: New 1949, p. 494, Act 297, Eff. Sep. 23;—Am. 1964, p. 396, Act 258, Eff. Aug. 28;—Am. 1968, p. 147, Act 92, Imd. Eff. Jun. 4.

286.165 Economic poisons; cancellation of registration; appeal; corrections.

Sec. 5. Should any economic poison be registered in this state and it is afterward discovered that such registration is in violation of any of the provisions of this act, the director shall have the power to cancel such registration. The director shall have the power to refuse to allow any manufacturer, importer, jobber, firm, association, corporation or person to lower the guaranteed analysis or change the active ingredients of any brand of his or their economic poison during the term for which registered unless reasons satisfactory to the director are presented for making such change or changes. A person who has been denied a registration of an economic poison or whose registration has been cancelled may be granted an appeal hearing before the commission of agriculture, whose finding of fact shall be justification for sustaining or overruling of the director.

If it does not appear to the commission of agriculture that the article is such as to warrant the proposed claims for it or if the article and its labeling and other material required to be submitted do not comply with the provisions of this act, the director shall notify the registrant of the manner in which the article, labeling, or other material required to be submitted fails to comply with the act so as to afford the registrant an opportunity to make the corrections necessary.

HISTORY: New 1949, p. 495, Act 297, Eff. Sep. 23;—Am. 1968, p. 148, Act 92, Imd. Eff. Jun. 4.

286.166 Powers and duties of director.

Sec. 6. a. The director is authorized, after opportunity for a hearing

- (1) To declare as a pest any form of plant or animal life or virus which is injurious to plants, men, domestic animals, articles, or substances;
- (2) To determine whether economic poisons are highly toxic to man; and
- (3) To determine standards of coloring or discoloring for economic poisons, and to subject economic poisons to the requirements of section 3a (4) of this act.

b. The director is authorized, after due public hearing, to make appropriate rules and regulations for carrying out the provisions of this act, including rules and regulations providing for the collection and examination of samples of economic poisons or devices. Rules and regulations promulgated under the provisions of this act shall be subject to the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82, inclusive, of the Compiled Laws of 1948.

HISTORY: New 1949, p. 495, Act 297, Eff. Sep. 23.

286.167 Examinations of poisons and devices; report of violations; notice of judgments.

Sec. 7. a. The examination of economic poisons or devices shall be made under the direction of the director for the purpose of determining whether they comply with the

requirements of this act. If it shall appear from such examination that an economic poison or device fails to comply with the provisions of this act, and the director contemplates instituting criminal proceedings against any person, he shall cause appropriate notice to be given to such person. Any person so notified shall be given an opportunity to present his views, either orally or in writing, with regard to such contemplated proceedings and if, thereafter, in the opinion of the director it shall appear that the provisions of the act have been violated by such person, then the director shall refer the facts to the prosecuting attorney for the county in which the violation shall have occurred with a copy of the results of the analysis or the examination of such article.

b. It shall be the duty of each prosecuting attorney to whom any such violation is reported to cause appropriate proceedings to be instituted and prosecuted in the circuit court without delay.

c. The director shall, by publication in such manner as he may prescribe, give notice of all judgments entered in actions instituted under the authority of this act.

HISTORY: New 1949, p. 496, Act 297, Eff. Sep. 23.

286.168 Violation of act; penalties; exemptions.

Sec. 8. a. The penalties provided for violations of this act shall not apply to—

(1) Any carrier while lawfully engaged in transporting an economic poison within this state, if such carrier shall, upon request, permit the director or his designated agent to copy all records showing the transactions in and movement of the articles;

(2) Public officials of this state and the federal government engaged in the performance of their official duties;

(3) The manufacturer or shipper of an economic poison for experimental use only.

(a) By or under the supervision of an agency of this state or of the federal government authorized by law to conduct research in the field of economic poisons, or

(b) By others if the economic poison is not sold and if the container thereof is plainly and conspicuously marked "For experimental use only—Not to be sold," together with the manufacturer's name and address: Provided, however, That if a written permit has been obtained from the director, economic poisons may be sold for experimental purposes subject to such restrictions and conditions as may be set forth in the permit.

b. No article shall be deemed in violation of this act when intended solely for export to a foreign country, and when prepared or packed according to the specifications or directions of the purchaser. If not so exported all the provisions of this act shall apply.

HISTORY: New 1949, p. 496, Act 297, Eff. Sep. 23.

286.169 Violations; penalty.

Sec. 9. Any manufacturer, importer, jobber, firm, association, corporation, or person, who shall sell, offer, or expose for sale, or distribute in this state, or who shall take or receive from any firm, association, corporation, or person in this state any order for the sale of any economic poison or device as defined in section 2 of this act, or who shall directly or indirectly contract with any manufacturer, importer, jobber, firm, association, corporation, or person in this state for the sale of such economic poison or device to be delivered in this state by common carrier or otherwise, which has not been registered as required by the provisions of this act, or without complying with the labeling requirements of this act or who shall impede, obstruct, or hinder such director or his authorized agents in the performance of his or their duty in connection with the provisions of this act, or who shall violate any of the rules or regulations promulgated by the director as provided herein, shall be deemed guilty of a violation of the provisions of this act and, upon conviction thereof, shall be sentenced to pay a fine of not more than \$200.00, or to imprisonment of not more than 60 days in the county

jail, or both such fine and imprisonment in the discretion of the court: Provided, however, That nothing in this act shall be construed as requiring the director to report for prosecution or for the institution of libel proceedings, minor violations of the act whenever he believes that the public interest will be best served by a suitable notice of warning in writing.

HISTORY: New 1949, p. 496, Act 297, Eff. Sep. 23.

286.170 Seizures; procedure; complaints; forfeiture; destruction or sale; proceeds from sale credited to general fund.

Sec. 10. The director, his deputy, or any person by said director duly appointed for that purpose, is authorized at all times to seize and take possession of any and all economic poisons or devices, substitutes therefor, or imitations thereof, kept for sale, exposed for sale, distributed, or held in possession or under the control of any person, which are contrary to the provisions of this act.

1. The person so making such seizures as aforesaid, shall take from such goods as seized a sample for the purpose of analysis and shall cause the remainder thereof to be boxed and sealed and shall leave the same in the possession of the person from whom they were seized, subject to such disposition as shall hereafter be made thereof according to the provisions of this act.

2. The person so making such seizure shall forward the sample so taken to the chief chemist of the department of agriculture for analysis, who shall make an analysis of the same and shall certify the results of such analysis, which certificate shall be prima facie evidence of the fact or facts therein certified to in any court where the same may be offered in evidence.

3. If upon such analysis it shall appear that said economic poison or device is adulterated, misbranded, a substitute or imitation within the meaning of this act, said director, or his deputy or any person by him duly authorized, may make complaint before any justice of the peace or police justice having jurisdiction in the city, village, or township where such goods were seized, and thereupon said justice of the peace shall issue his summons to the person from whom said goods were seized, directing him to appear not less than 6 nor more than 12 days from the date of the issuing of said summons and show cause why said goods should not be condemned and disposed of. If the said person from whom said goods were seized cannot be found said summons shall be served upon the person then in possession of the goods. The said summons shall be served at least 6 days before the time of appearance mentioned therein. If the person from whom said goods were seized cannot be found, and no one can be found in possession of said goods, and the defendant shall not appear on the return day, the said justice of the peace shall proceed in said cause in the same manner provided by law where a writ of attachment is returned not personally served upon any of the defendants and none of the defendants shall appear upon the return day.

4. Unless cause to the contrary thereof is shown, or if said goods shall be found upon trial to be in violation of any of the provisions of this act or other laws which now exist or which may be hereafter enacted, it shall be the duty of said justice of the peace or police justice to render judgment that said seized property be forfeited to the state of Michigan, and that the said goods be destroyed or sold by the said director for any purpose other than to be used for economic poisons or devices. The mode of procedure before said justice shall be the same, as near as may be, as in civil proceedings before justices of the peace. Either parties may appeal to the circuit court as appeals are taken from justices' courts, but it shall not be necessary for the people to give any appeal bond.

5. The proceeds arising from any such sale shall be paid into the state treasury and credited to the general fund: Provided, That if the owner or party claiming the prop-

erty or goods so declared forfeited can produce and prove a written guarantee of purity, signed by the wholesaler, jobber, manufacturer or other party from whom said articles were purchased, then the proceeds of the sale of such articles, over and above the cost of seizure, forfeiture, and sale, shall be paid over to such owner or claimant to reimburse him, to the extent of such surplus, for his actual loss resulting from such seizure and forfeiture, as shown by the invoice: And provided, further, That upon payment of costs and execution and delivery of a good and sufficient bond conditioned that the article shall not be disposed of unlawfully, the court may direct that said article be delivered to the owner thereof for relabeling or reprocessing as the case may be.

6. It shall be the duty of each prosecuting attorney when called upon by said director or by any person by him authorized as aforesaid, to render any legal assistance in his power in proceedings under the provisions of this act, or any subsequent act, relative to the adulteration, misbranding, substituting, imitating or selling economic poisons or devices.

The People of the State of Michigan enact:

286.201 Insect pest and plant disease act; short title.

Sec. 1. This act shall be known by the short title of "The insect pest and plant disease act."

HISTORY: CL 1948, 286.201.

NOTE. See also Compilers' § 286.251 et seq.

FORMER ACTS: Act 91, 1905, being CL 1915, 7411-7432, as amended by Act 187, 1917, Act 60, 1919, Act 241, 1921, and Act 279, 1913, Act 142, 1927, being CL 1929, 5083-5111.

CITED IN OTHER SECTIONS: Sections 286.201 to 286.236 are cited in § 390.416.

286.202 Insect pest and plant disease act; definitions.

Sec. 2. As used in this act:

(a) "Insect pests" means insects or other invertebrates injurious to plants and plant products.

(b) "Plant diseases" means fungi, bacteria, nematodes and viruses, injurious to plants and plant products, and the pathological condition in plants and plant products caused by fungi, bacteria, nematodes and viruses.

(c) "Plants" and "plant products" mean trees, shrubs, vines, fruit, forage and cereal plants and all other plants, cuttings, grafts, scions, buds and all other parts of plants; and fruit, vegetables, roots, bulbs, seeds, wood, lumber and all other plant products.

(d) "Nursery stock" means all botanically classified hardy perennial or biennial trees, shrubs, vines and plants, either domesticated or wild, cuttings, grafts, scions, buds, bulbs, rhizomes or roots thereof, fruit pits; also other such plants and plant parts for, or capable of, propagation, excepting field, vegetable and flower seeds, corms and tubers.

(e) "Nursery" means any grounds or premises on or in which nursery stock is propagated, grown or cultivated for the purpose of distributing or selling same as a business.

(f) "Nurseryman" means any person, firm, partnership, association or corporation owning, leasing, managing or in charge of a nursery.

(g) "Plant grower" or "plant dealer" means any person, firm, partnership, association or corporation growing or offering for sale herbaceous perennials, or biennial nursery stock, small fruit plants or asparagus or rhubarb roots.

(h) "Native tree dealer" means any person, firm, partnership, association or corporation digging, selling or offering for sale any native trees, shrubs, vines or other native perennials or biennial plants growing in woodlots or other forest lands.

(i) "Nursery dealer" means any person, firm, partnership, association or corporation not a grower or an original producer of nursery stock in this state, who buys nursery stock for the purpose of reselling or reshipping independently of the control of any nurseryman, nursery dealer or who is engaged with a nursery man or dealer in handling nursery stock on a consignment basis.

(j) "Agent" means any person who solicits, takes orders or sells nursery stock in this state for a nurseryman, dealer or grower of nursery stock, but not on the premises or place of business.

(k) "Places" means vessels, cars and other vehicles, buildings, docks, nurseries, orchards and other premises where plants and plant products are grown, kept or handled.

(l) "Property" means real estate, personal property and any thing or substance connected therewith, with or without value.

(m) "Commissioner of agriculture" or "director" means the director of agriculture.

286.203 Inspection of nursery and other premises; right of access.

Sec. 3. The director or his deputies shall have authority to inspect any nursery, orchard, fruit or garden plantation, field, park, cemetery, private premises or public place, and any place which might become infested or infected with insect pests or diseases. He shall also have authority to inspect or to reinspect at any time or place any nursery stock shipped in or into the state, and to treat it as hereinafter provided. For

the purpose of inspection and carrying out the provisions of this act or any rule, regulation, order or quarantine made or promulgated in pursuance of this act, the officers and employees of the department of agriculture shall have authority to stop any vehicle or other means of conveyance found carrying nursery stock on the public highways and shall have free access in the daytime to any nursery, orchard, garden, field, packing ground, building, cellar, freight or express office, warehouse, car or other vehicle, vessel or other place where it may be necessary or desirable for them to go, or which it may be necessary for them to inspect or treat in the performance of their duties, except cellar and rooms of private residences. It shall be unlawful to deny such access to the officers and employees of the department of agriculture, or to offer any resistance to such officers and employees, or to thwart or hinder such inspection by misrepresenting or concealing facts or conditions, or otherwise.

286.204 Inspection of stock before sale; application; assumed name.

Sec. 4. Any nursery, nurseryman, dealer, plant grower or agent desiring to sell or give away nursery stock in this state shall make application in writing before April 1 of each year to the director for the inspection of his nursery stock growing in this state, or failing to give such notice, such nursery, nurseryman, dealer, plant grower or agent shall be liable for the additional expense of the inspector for the inspection of the nursery stock. The application shall be made under the true name of the nursery grower or dealer, as the case may be. If an assumed name is used, the proprietor's name and address must also appear on the application. This requirement shall also apply in all advertising or printed matter used or distributed.

286.206 Annual inspections of nurseries, cellars and warehouses; fee; certificate; term; unlawful sale, shipment or certificate.

Sec. 6. The director shall cause to be inspected at least once each year during the growing season all nurseries in the state to ascertain whether they are infested with insect pests or infected with plant diseases. The director shall cause to be inspected all nursery stock which will be stored or offered for sale or which is stored in cellars, heeling-in grounds or warehouses to ascertain whether it is infested with insect pests or infected with plant diseases and assess the usual inspection fees based upon the cost of making the various inspections required from time to time. If upon the inspection of any nursery stock as above provided it shall appear that such nursery stock or nursery and its premises are apparently free from insect pests and plant diseases, and if the necessary inspection fees which shall be assessed on the basis of the costs involved in making the said inspection have been paid, the director shall give or send to the owner of each nursery or nursery stock or the person in charge of the same a certificate executed by the director setting forth the fact of such inspection. If any inspections are requested by any nursery after September 1, the nursery or applicant shall pay in addition to the above charges the expense of such inspector and mileage at the prevailing rate per mile, as established by the state administrative board, in going to and returning from such inspection, either from Lansing or the location of the nearest inspector.

Certificates of inspection shall expire on September 15, 1961, and on October 31 of each year thereafter, and they shall be valid from November 1 in one year to October 31 of the following year. It shall be unlawful for any person to sell or to offer for sale or to remove or ship from a nursery or other premises any nursery stock until such stock has been officially inspected and a certificate or permit covering it has been granted by the director, except that nursery stock may be shipped to the director without such inspection and certification. It shall be unlawful for the director to grant a certificate of inspection to private landowners who are about to sell or remove trees or plants originally supplied from the state or federal or state and federal nurseries or by any political subdivision or its agencies.

286.207 Withholding certificate; precautions; fraud, investigation, revocation of license.

Sec. 7. If the director finds that part of a nursery is infested or infected with insect pests or plant diseases and that the remainder of it is not so infested or infected, or if he has reason to believe that a nursery is liable, by reason of its proximity to infested or infected premises, to become so infested or infected before the next inspection, he may prescribe in writing such measures of precaution, or may make in writing such conditions as to the use of his certificate as may in his judgment be necessary, and he may withhold a certificate until such conditions have been accepted in writing by the owner of the nursery; and the use of such certificate without taking such measures of precaution or observing such conditions shall subject the owner of said nursery to the penalties prescribed for violation of this act. In any case coming to the attention of the director in which a nurseryman, dealer, plant grower or agent furnishing or selling nursery stock appears to be guilty of fraudulent practice, the director shall have authority to make such investigation as he may deem proper and proceed with such prosecution as may be necessary for the protection of the interests of the buying public, and, in addition, the director may revoke his license.

286.208 Sale of dead or weakened nursery stock; penalty.

Sec. 8. Only sound, healthy nursery stock stored or displayed under conditions which will maintain its vigor shall be offered for sale. Offering for sale of dead nursery stock or of stock so seriously weakened by drying, excessive heat or cold, or any other condition that makes it unable to grow satisfactorily when given reasonable care, or the verbal or printed misrepresentation of any material fact, including but not limited to the size, grade, quality, condition or hardness of nursery stock offered for sale or sold, shall be unlawful.

286.209 Licenses to sell nursery stock; fees, payment, use; scope of act.

Sec. 9. Any person, firm, partnership, association or corporation growing or desiring to sell any nursery stock in this state shall, on or before October 31 of each year, apply to the director for a license for its sale. The annual nursery license fee shall be \$15.00. The annual license fee for plant growers or plant dealers shall be \$5.00. The annual license fee for native tree dealers shall be \$15.00. The annual license fee for nursery dealers shall be \$15.00. All license fees provided for in this act shall become due and payable at the office of the director on or before September 15, 1961, and on or before October 31 of each year thereafter. All fees collected under this act shall be paid into the general fund of the state and shall be used in enforcement of this act. The provisions of this section shall not apply to persons engaged in fruit growing who are not nurserymen but desire to sell or exchange surplus small fruit plants of their own grow-

ing, or to farmers or other persons who may sell or give away native shade trees, native shrubs, native vines, native hardy perennials or native evergreens from their own premises.

286.210 Licenses to sell nursery stock; buyers and dealers; certificate to deal in inspected stock, number of licenses.

Sec. 10. Every dealer within the meaning of this act, engaged in the buying and selling of nursery stock in this state, shall secure a license and certificate, first certifying to the director in writing that he will buy and sell only stock which has been duly inspected and certified by the director, or by an inspector approved by the director, and that he will maintain with the director a list of all sources from which he secures his stock. Dealers or nurserymen distributing nursery stock directly or on a consignment basis from more than 1 store or place of business, sales ground or heeling-in ground, or selling nursery stock from motor vehicles or other vehicles traveling about the state, shall secure a license for each place or each traveling vehicle from which nursery stock is sold or distributed, and the licensees described in this section shall pay the inspection fees as provided in this act for each such place.

286.211 Licenses to sell nursery stocks; nonresidents, fee, reciprocity.

Sec. 11. No nonresident nurseryman, dealer or grower shall solicit or take orders for or sell nursery stock in this state, directly or through an agent or agents, without first obtaining written authorization from the director. Requests for such authorization shall be accompanied by such information as may be required by the director, including but not limited to a valid, current nursery stock inspection or health certificate issued to the applicant by the appropriate governmental authority of the applicant's principal place of business. Every nonresident nurseryman, dealer or grower, who solicits or takes orders for or sells nursery stock in this state through resident or nonresident agents, shall each year obtain a license from the director, for which the fee shall be \$15.00. The director may waive the license fee requirement if there is a reciprocal agreement with the appropriate authority of the applicant's principal place of business in the United States waiving such requirements for Michigan nurserymen, plant growers or dealers in that jurisdiction. The director may enter into reciprocal agreements with responsible officers of other states under which nursery stock owned or handled by nurserymen, plant growers or dealers of such states may be sold in this state without the payment of the license fee provided for in this section.

286.212 Licenses to sell nursery stocks; agent's permit, fee.

Sec. 12. (a) Each agent of a resident or nonresident nurseryman, dealer or grower, who solicits or takes orders for or sells nursery stock in this state, must carry an agent's permit issued by the director upon payment by the principal employing such agent or agents of a \$5.00 license fee for each permit issued upon the request of the agent's principal. The agent's permit shall expire on September 1, 1961, and on October 31 of each year thereafter.

Same; list of agents, transfer of permits.

(b) Every nursery man, dealer or grower, who solicits or takes orders or sells nursery stock in this state through resident or nonresident agents, shall file and maintain in the office of the director a complete and current list of the names and addresses of all such agents. The list of agents so filed shall be confidential and shall not be divulged by em-

employees of the state department of agriculture, except in case of judicial or quasi-judicial proceedings. Agents' permits may not be transferred.

286.213 Revocation, suspension or withholding of license or certificate; hearing; appeal.

Sec. 13. The commissioner of agriculture shall at any time have the power to withhold, suspend or revoke any license or certificate for sufficient cause, including any violation of this act or non-conformity with any rule or regulation promulgated under this act. Before withholding, suspending or revoking any license or certificate, the commissioner of agriculture shall give written notice to the applicant for or holder of such license or certificate, stating that he contemplates the withholding, suspending or revocation of same and giving his reasons therefor. Said notice shall appoint a time of hearing before said commissioner and shall be mailed by registered mail to the party holding the license or certificate. On the day of hearing, the respondent may present such evidence to the commissioner as he deems fit, and after hearing all the testimony, the commissioner shall decide the question in such manner as to him appears just and right. The respondent, if he feels aggrieved at the decision of the commissioner, may appeal from said decision within 10 days to the circuit court of the county where respondent resides, and issue shall be framed in said court and a trial had and its decision shall be final, unless appeal is had to the supreme court, in which event the said appeal shall conform to the court practice of appeals in civil cases.

286.214 Revocation, suspension or withholding of license or certificate; hearing, order of revocation; penalty for wrongful use of license on certificate, withholding.

Sec. 14. If it is found that any license or certificate issued or approved by the commissioner of agriculture is being used in connection with nursery stock or other plants which have not been inspected, or which are infested with insect pests or infected with plant diseases, or which are being sold and delivered without treatment being given or other precautionary measures prescribed by the commissioner of agriculture being observed by the owner, or is being used by persons other than the one to whom it was issued with the knowledge of the owner without permission of the commissioner of agriculture, the commissioner of agriculture may require the owner of such license or certificate to appear before him, on a date specified, for a hearing to show cause why his license or certificate should not be revoked. If after such hearing, the commissioner of agriculture finds that such license or certificate has been wrongfully used in 1 or more of the ways specified in this section, or if the owner of such license or certificate fails to appear at such hearing he may issue an order revoking such license or certificate and the owner's license and the use of such certificate or license after it has been revoked, shall be unlawful and shall subject the owner thereof to the penalty prescribed in section 26 of this act. The commissioner of agriculture may withhold a license or certificate of inspection from any person applying for the same if such person fails to comply with the requirements of the commissioner of agriculture with reference to freeing his nursery and premises of injurious insect pests and plant diseases and may refuse to certify a nursery if the same is in such condition that it can not be adequately inspected.

HISTORY: CL 1948, 286.214.

286.215 Tags on stock; inspection of imported stock on request; expense.

Sec. 15. It shall be unlawful for any person, firm, partnership, association or corporation to bring or cause to be brought into this state, or to transport or ship within this

state, any nursery stock unless there is plainly and legibly marked thereon or affixed thereto, or on, or to the car or other vehicle carrying, or on the bundle, package, or other container of the same, in a conspicuous place, a statement or a tag or other device showing the names and addresses of the consignor or shipper, and the consignee or person to whom shipped, the general nature of the contents, as well as labels upon each variety as to name and grade as approved by the American Association of Nurserymen and such stock shall be in a live and vigorous condition and of the grade specified, together with a certificate of inspection of the proper official of the state, territory, district, or country from which it was brought or shipped: Provided, however, That if persons to whom stock has been shipped believe said stock to be infected with a contagious disease or infested with a dangerous insect or that said stock does not meet the approved grades, he may call upon the commissioner of agriculture to inspect said stock, and the expenses incurred in making such inspection are paid by such person. Such stock may be shipped to the commissioner of agriculture with all transportation charges prepaid, for inspection without any additional expense to the owner other than transportation, drayage and other storage charges when such charges are necessarily incurred.

HISTORY: Am. 1935, p. 389, Act 232, Eff. Sep. 21;—Am. 1937, p. 97, Act 71, Imd. Eff. Jun. 11;—CL 1948, 286.215;—Am. 1955, p. 431, Act 255, Eff. Oct. 14.

286.216 Tags on stock; certificate of inspection; unlawful transportation; report to commissioner.

Sec. 16. Every person, firm, partnership, association or corporation who sells or gives away nursery stock in this state is hereby required to attach to the outside of each package, box, bale or carload shipped or otherwise delivered, a tag or poster on which shall appear an exact copy of his valid certificate. It shall be unlawful for any carrier, or driver, or owner of a truck or other vehicle to accept for shipment, or transportation, or to transport any nursery stock from place to place within this state unless such nursery stock has attached thereto a valid official certificate of inspection showing that such stock has been inspected and found apparently free from injurious pests and plant diseases, or that the shipment has been authorized by the commissioner of agriculture: Provided, That nursery stock consigned to the commissioner of agriculture may be offered and accepted for shipment, and shipped without such certificate. In case any nursery stock is shipped or transported by any carrier in this state or into this state from another state, country or province without a valid certificate plainly affixed as aforesaid, the fact shall be promptly reported to the commissioner of agriculture by the person, firm, partnership, association or corporation carrying the same, together with the names of the consignor and the consignee and the nature of the shipment, and such carrier shall return it to the consignor, hold it for instructions from the commissioner of agriculture, or send it to the commissioner of agriculture, with the transportation charges prepaid, for inspection. Any person, firm, partnership, association or corporation receiving nursery stock transported from any point within the state, or any other state, country or province, without a valid certificate affixed as aforesaid, shall at once notify the commissioner of agriculture of the fact, and shall not allow such nursery stock to leave his possession until it has been inspected or released by the commissioner of agriculture, and the expenses incurred in making such inspection are paid by such person, firm, partnership, association or corporation. Such stock may be shipped to the commissioner of agriculture, with all transportation charges prepaid, for inspection without any additional expense to the owner other than transportation, drayage and storage charges when such charges are necessarily incurred.

HISTORY: CL 1948, 286.215;—Am. 1955, p. 432, Act 255, Eff. Oct. 14.

286.217 Sale of stock; inspection, transportation of nursery stock, native trees, perennials, shrubs; uninspected stock.

Sec. 17. It shall be unlawful for any person, firm, partnership, association or corporation to sell within this state any nursery stock unless such nursery stock has been officially inspected and a certificate issued by the director stating that such nursery stock has been inspected and found free from insect pests and plant diseases. It shall, however, be the privilege of a nurseryman or plant grower holding a valid certificate covering nursery stock grown by him to ship under the certificate nursery stock grown for him elsewhere or purchased by him from other states or countries, if all such nursery stock is received under an official certificate acceptable to the director and states that it has been inspected where grown and found to be apparently free from insect pests and diseases. The director shall also have authority to inspect or re-inspect at any time or place any nursery stock shipped in or into the state and to treat it as hereinafter provided. It shall be contrary to the provisions of this act for any person, firm, association, partnership, tourist or corporation to ship into or transport within this state any nursery stock unless same has first been inspected by the director. In the case of plants moving from a nursery or other premises, a tag bearing a valid certificate issued to the person, firm, partnership, association or corporation owning or in charge of the nursery or other premises from where the plants have been moved must be in plain sight and attached to some of the plants on the vehicle used to transport the plants. All native trees, herbaceous perennials and shrubs taken up from farmers' woodlots, forests or other premises other than a nursery, when being shipped into or transported on the highways of the state, shall have attached to each plant a special tag furnished at cost by the director, which tag shall remain on the plant or plants after they are replanted, and shall have plainly printed thereon the fact that this plant is of native stock and is not nursery grown and such fact shall be clearly and legibly stated in all advertising media offering same for sale. Carrying uninspected nursery stock in vehicles is prohibited by law, and the director is authorized to post the highways warning tourists and other carriers against the transportation of wild trees, perennials and shrubs and he is also authorized to cooperate with the department of conservation and seek the cooperation of the Michigan state police or local law enforcing officials in the enforcement of the provisions of this law.

286.218 Nuisances; public places kept free from injurious insect pests and plant diseases.

Sec. 18. (a) All injurious insect pests and plant diseases which are liable to spread to other plants, plant products or places to the injury thereof, or to the injury of man and animals, and all trees, shrubs, vines, fruit plants, cuttings, scions, grafts, plants and plant parts, plant products and places within this state, infested with such injurious insect pests and plant diseases, and all species and varieties of trees, shrubs, vines, and other plants not essential to the welfare of the people of the state which may serve as favorable host plants, and promote the prevalence and abundance of insect pests and plant diseases, or any stage thereof, destructively injurious to other plants essential to the welfare of the people of the state, are hereby declared to be a nuisance; and all persons owning or controlling lands or places in this state, and all public authorities having jurisdiction over streets, highways, parks, and other public places shall keep the same free from all injurious insect pests and plant diseases and all species and varieties of plants declared by the provisions of this section to be a nuisance.

Insects, fungi, bacteria, nematodes, viruses or living plant parasitic organisms; permits.

(b) No person shall sell, barter, offer for sale, or move, transport, deliver, ship, or offer for shipment, into or within this state any living insects in any stage of their development, or living fungi, bacteria, nematodes, viruses or other living plant parasitic organisms without first obtaining a permit from the commissioner of agriculture. Such permit shall be issued only after the commissioner of agriculture has determined that the insects or living bacteria, fungi, nematodes, viruses or other plant parasitic organisms in question are not injurious to plants or plant products, if not already present in the state, or have not been found to be seriously injurious to warrant their being refused entrance or movement, if known to be already established within the border of the state: Provided, That the commissioner of agriculture may at his discretion exempt the sale and transportation of specific insects, fungi, bacteria, and other plant parasitic organisms from the provisions of this section if such sale and transportation is not considered harmful to the health and welfare of the people of the state.

286.219 Barberry, mahonia or mahoberberis bushes subject to black stem rust of small grains; destruction; rules.

Sec. 19. It shall be unlawful for any person or persons, firm or corporation to keep upon their premises or upon any premises under their control or charge any barberry, mahonia or mahoberberis bushes, which are subject to the attack of black stem rust of small grains. If the commissioner of agriculture or his assistants, shall find upon any premises any mahonia, mahoberberis or barberry varieties of species subject to the black stem rust of small grains, they are hereby authorized to destroy the same without indemnity to the property owner. The commissioner of agriculture is hereby authorized to promulgate rules and regulations relative to the sale, distribution, transportation or planting of barberry, mahonia and mahoberberis plants or parts thereof and seeds and the movement, planting or growing of black stem rust susceptible species and varieties of barberry, mahonia or mahoberberis shall be deemed a violation of this act.

286.220 Insect pests and plant diseases; eradication of nuisances; notices; abatement.

Sec. 20. (1) If the director shall determine that any species or variety of tree, shrub, vine or other plant growing within this state is a host plant nuisance as defined in section 18, and if in the judgment of the director such species or variety of plant should be eradicated from this state or from any section thereof, in order to safeguard the other plants and plant products of the state or any section thereof, he shall give public notice thereof, designating the species or variety of plant, the eradication of which is proposed, the section of the state involved, and the reasons why the eradication of such plant is necessary. The notice shall also designate a place and a time, which time shall not be less than 30 days after the date of such notice, for a public hearing, at which all persons in the state interested in the proposed action of the director may be heard. If after such hearing the director shall determine that such species or variety of plant should be eradicated, he shall give public notice of the fact, naming the species or variety of plant to be eradicated, describing the boundaries of the section of the state from which such species or variety of plant shall be eradicated, and the date when such notice shall become effective. The director shall also give written notice of the facts to any owner, or other person in charge of the property or place where such nuisance is found; which notice shall specify the condition constituting such nuisance and the method by which and the time within which such nuisance shall be abated.

The owner or person in charge shall proceed to remove, cut, destroy or otherwise completely eradicate the host plant constituting the nuisance within the time and in the manner described in such notice. Whenever such owner or other person cannot be found, or shall fail, neglect or refuse to obey the requirements of the notice, the director may proceed to abate such nuisance; and in so doing, the director is authorized to treat, remove, cut or destroy the host plant nuisance. Certain plants and plant products included in the classification of host plant nuisances and not actually infested or infected may be permitted by the director to remain without eradication until such time as they become infested or infected.

Inspection; notice, eradication or control.

(2) If the director has reason to believe that any article, except one which could serve as a favorable host plant, is a nuisance as defined by section 18 or that such a nuisance, either alone or in combination with a host plant, exists on any premise or area or is in transit in this state, he may inspect or cause to be inspected by a person or device any such article, premise or area. If he finds by inspection that such nuisance exists, he may give notice to the owner, possessor or person in charge of such article or premise, and after expiration of the time stated in the notice, may seize, quarantine, treat or otherwise dispose of such nuisance in a manner deemed necessary to suppress, control, eradicate or to prevent or retard the spread of an insect pest or plant disease, or he may order the owner, possessor or person in charge to so treat or otherwise dispose of the pest or article. The notice shall be given at least 10 days prior to such action and may be given by personal service, mail or newspaper publication as the director deems expedient.

Payment of expenses.

(3) The director may employ the necessary aid in abating any nuisance under this section and he may render a bill against the owner for the expense incurred. If the owner refuses to pay the bill, it shall be certified to the local assessing officer and assessed against the property.

286.221 Inspection of public grounds; application, payment of expense.

Sec. 21. Any municipality, park board, or other board or person in control of public grounds may apply to the commissioner of agriculture for an inspection of the same with reference to the presence of insect pests or plant diseases; and upon receipt of such application, or as soon thereafter as may be conveniently practicable, the commissioner of agriculture shall comply with such request, and send to such applicant a statement as to the facts disclosed, with any recommendations which the commissioner of agriculture may deem pertinent. The expense of the special inspection shall be paid by the applicant.

286.223 Quarantine; enforcement, hearing, notice.

Sec. 23. The commissioner of agriculture when he shall find that there exists in any other state, territory, or district, or part thereof any dangerous plant disease or insect infestation with reference to which the secretary of agriculture of the United States has not determined that a quarantine is necessary and duly established such quarantine, he is hereby authorized to promulgate, and to enforce by appropriate rules and regulations, a quarantine prohibiting or restricting the transportation into or through the state, or any portion thereof, from such other state, territory, or district, of any class of nursery stock, plant, fruit, seed, or other article of any character whatsoever, capable of carrying such plant disease or insect infestation. The commissioner of agriculture is hereby authorized to make rules and regulations for the seizure, inspection, disinfection, destruction, or other disposition of any nursery stock, plant, fruit, seed, or other article of any character whatsoever, capable of carrying any dangerous plant disease or insect infestation, a quarantine with respect to which shall have been established by the secretary of agriculture of the United States, and which have been transported to, into or through this state in violation of such quarantine. The notice of any hearing and the promulgation of any quarantine provided for in this section shall be by publication in 1 or more newspapers in circulation in the area affected: Provided, That any person within the state holding a license under the provisions of this act shall be mailed notice of such hearing or promulgation by the commissioner of agriculture. The commissioner of agriculture is hereby authorized and empowered to seize and hold for use as evidence any article or thing found in the possession of or used, held for shipment, shipped, offered for sale or sold by any person in violation of any of the provisions of this act.

ACT REPEALED: Act 142, 1927, CL 1929, 5083-5111.

Act 72, 1945, p. 70; Eff. Sep. 6.

AN ACT to prevent the importation from other states, and the spread within this state, of all serious insect pests and contagious plant diseases and to provide for their repression and control, imposing certain powers and duties on the commissioner of agriculture; to prescribe penalties for the violation of the provisions of this act; and to repeal certain acts and parts of acts.

The People of the State of Michigan enact:

286.251 Examinations for insects or infectious diseases; marking; notice to destroy, posting; appeals.

Sec. 1. It shall be the duty of the commissioner of agriculture whenever it comes to his attention that any of the dangerous insects or infectious diseases exist or are supposed to exist within this state to proceed without delay to examine the trees, shrubs, vines, plants, or fruits supposed to be infested or infected and all other such trees, shrubs, vines, plants, or fruit as he may deem advisable. If upon examination destructive insects or dangerously infectious diseases are found to exist, a distinguishing mark shall be placed on the trees, shrubs, vines, or plants and a written notice shall be served upon the owner or his agent with recommendations. When the owner or his agents cannot be found it shall be the duty of the commissioner of agriculture or his deputies to give general notice in the following manner to every owner, possessor, or occupier of land and to every person or persons, firm or corporation having charge of any land in this state, whereon neglected, abandoned, or semi-abandoned fruit trees are growing, to cut and destroy such plants; 4 notices each not less than 1 foot square shall be printed in clear readable type and posted 1 in each of 4 conspicuous places in the area, at least 1 to be on the property. The posting of such notices shall take place at least 15 days prior to the date upon which the trees must be cut. At the time of posting said notices a copy of the same shall be mailed to every owner, possessor or occupant or occupier of land and to every person or persons, firm or corporation financially interested therein, or having charge of any lands in this state, whereon neglected or abandoned trees are growing, whose postoffice address is known.

In case the owner refuses to accept the opinion of the inspector or inspectors, regarding the nature of an insect or a disease, or the remedy that shall be employed he

may appeal, within 10 days, to the commissioner of agriculture by serving a written notice of such appeal. The commissioner of agriculture shall as soon as practicable investigate the matter and order the proper treatment, and his opinion or orders shall be final. In cases where the owner appeals to the commissioner of agriculture, and the findings of the original inspector or inspectors are approved, the expense incurred as a result of appeal shall be paid by the owner.

HISTORY: CL 1948, 286.251.

NOTE: See also preceding act.

The commissioner of agriculture is superseded by the department of agriculture, see Compilers' § 285.1.

286.252 Orders of commissioner; refusal to carry out.

Sec. 2. In case the owner, or person in charge of the trees, shrubs, vines or plants, infested with a destructive insect or dangerously contagious disease, refuses or neglects to carry out the orders of the commissioner of agriculture within the period stated in the notice served upon him, the commissioner of agriculture shall employ such aid as may be necessary to carry out his own orders.

HISTORY: CL 1948, 286.252.

286.253 Declaration as public nuisances.

Sec. 3. Any and all neglected or abandoned trees, vines, shrubs, plants or parts thereof, which because of the existence therein or thereon of injurious or destructive insect pests, or plant diseases or other conditions which may constitute a menace to the horticulture or agriculture of the county, district, or vicinity or which are host plants of or provide a favorable and likely harbor for such pests or diseases, which, if they become established upon such neglected or abandoned host plants or crops, would be a menace to agriculture or horticulture, are hereby expressly declared to be public nuisances, and it shall be unlawful to maintain the same, and all remedies which are or may be given for the prevention or abatement of the nuisance shall apply thereto.

HISTORY: CL 1948, 286.253.

286.254 Report of inspections.

Sec. 4. Whenever the commissioner of agriculture shall determine by inspection that there exists on any property or premises within his jurisdiction any trees, vines, shrubs, plants, or parts thereof, which are or have been neglected or abandoned, which because of the existence therein or thereon of injurious or destructive insect pests or plant diseases, or other conditions constitute a menace to the horticulture or agriculture of the county, district, or vicinity, he shall make a complete report of his inspection, setting forth in such report a description of the property or premises upon which the neglected or abandoned pest host exists, naming the pest or pests or other conditions which in his opinion are dangerous to the horticulture or agriculture of the county, district, or vicinity and, if in his judgment the findings justify, he shall state in such report that the removal or destruction of the neglected or abandoned trees, vines, shrubs, plants, or parts thereof, will provide the best means for the elimination of such menace to the horticulture and agriculture of the county, district or vicinity.

HISTORY: CL 1948, 286.254.

286.255 Authority to enter upon premises; treatment to prevent spread of disease; owners recompensed for loss.

Sec. 5. The commissioner of agriculture and his inspectors, deputies, assistants and employes shall have authority to enter upon any premises in the state for the purpose of examining trees, shrubs, vines and plants for the presence of destructive insects or diseases, and, if any such insects or diseases are found, may, under the provisions of this act, take such steps as may be necessary to exterminate them. No damage shall be awarded for the destruction of any trees, shrubs, vines, plants or fruit or for injury to

same if done by the commissioner of agriculture or his authorized inspectors and assistants, in accordance with the provisions of this act: Provided, It is deemed necessary in order to suppress dangerous insects and diseases, when the trees, shrubs, vines and plants have already been attacked by dangerous insects or diseases. Whenever any dangerous plant disease, or destructive insect, which is new to or which has not become widely prevalent or distributed through or within the state is found upon any trees, shrubs, vines or plants, in case it is deemed necessary in order to prevent the spread and the dissemination of said insect, or disease, the commissioner of agriculture may cause any tree, shrub, vine, or plant likely to be attacked by such insect or disease, and which are growing within 3,000 feet of where said dangerous insect or disease has been found, to be treated with approved remedies, or, if this is not feasible, to be destroyed: Provided, It becomes necessary to destroy any trees, shrubs, vines or plants which have not already become attacked by said new and dangerous insect or disease, the owner shall be recompensed for their actual value, the amount to be fixed by 3 parties, 1 to be selected by the owner, another by the commissioner of agriculture, and the third party to be selected by the other 2 so selected. The amount awarded, when approved by the commissioner of agriculture, shall be certified to the auditor general, who shall draw a warrant on the state treasurer for the payment of the same from the general fund of the state.

HISTORY: CL 1948, 286.255.

286.256 Commissioner may make rules and regulations; quarantines.

Sec. 6. The commissioner of agriculture is hereby authorized to make such rules and regulations and establish such quarantines as he shall deem necessary for the proper enforcement of this act, and all orders, rules and regulations promulgated by the commissioner of agriculture pursuant to the act shall have the force and effect of law.

Act 137, 1935, p. 216; Imd. Eff. Jun. 4.

AN ACT to provide for the protection of the public health; to promote the fruit growing industry; to assist in the marketing of fresh fruit; to provide for the establishing of temporary chemical laboratories in the fruit growing sections during the harvesting and shipping season, in order to control excess poisonous spray residue on fruit; to provide for the payment of inspection fees for chemical analyses; to issue clearance certificates on lots of apples and other fruits prepared for shipment; to make an appropriation therefor, and to prescribe the duties and powers of the commissioner of agriculture.

The People of the State of Michigan enact:

286.341 Chemical laboratories; fruit growing sections; poisonous spray residue; examination, certificate, fees.

Sec. 1. The commissioner of agriculture is hereby empowered to establish temporary chemical laboratories in fruit growing sections during the harvesting and shipping season for the purpose of examining fruit and determining the amount of poisonous spray residue thereon, and in the case of lots of fruit prepared for shipment to collect representative samples from such lots; to cause to be made chemical analyses for poisonous spray residue remaining on the fruit and in the event, as the result of such examination on representative samples, that prohibited poisonous spray residue does not exceed the maximum tolerance allowed therefor by the secretary of agriculture of the United States; to cause to be issued a certificate stating that fact. Certificates issued will be and are applicable only to such designated lots as have been appropriately numbered and identified. The owner of such lot of fruit shall pay such reasonable fees for the examination and issuance of certificate as is determined by the commissioner of agriculture.

HISTORY: CL 1948, 286.341.

NOTE: The commissioner of agriculture is superseded by the department of agriculture, see Compilers' § 285.1.

286.342 Chemical laboratories; voluntary submission of samples; fee; certificate.

Sec. 2. Growers of fruit may submit to any temporary chemical laboratory samples of fruit for analyses for spray residue in order to determine the conditions that prevail as a result of spraying practices, upon the payment of a reasonable fee for each sample submitted. The results of the analyses of such samples from individuals, corporations or firms shall be reported direct to the grower or parties submitting the samples but in no case shall a certificate be issued on a lot of fruit as a result of the submission of informative samples by individuals.

HISTORY: CL 1948, 286.342.

286.343 Chemical laboratories; establishment by private concerns; supervision, regulations.

Sec. 3. The commissioner of agriculture shall have supervision over any chemical laboratory established by any cooperative exchange, growers' exchange, or other business engaged in the harvesting, grading, packing or selling of fruit, for the analyses of

fruit for spray residue, and shall cause such firm or individual to register with the department of agriculture. Upon registration and demonstration of ability for the sampling, examination and chemical analyses of fruit for spray residue, such firms or individuals may be permitted to charge fees for the examination of samples of fruit on a basis similar to that charged by the commissioner of agriculture, and report the results of their findings to the owner of such fruit. No certificate attempting to show the presence or amount of arsenic, lead, fluorine, or any other dangerous chemical shall be valid unless issued by authority of the commissioner of agriculture.

HISTORY: CL 1948, 286.343.

286.344 Appropriation for state chemical laboratories.

Sec. 4. There is hereby appropriated the sum of 25,000 dollars for the fiscal year ending June 30, 1936, and a sum not exceeding 10,000 dollars for the year ending June 30, 1937: Provided, That in no event shall these appropriations exceed the fees collected herein to carry into effect the intent and purpose of this act. All moneys derived from fees shall be deposited to the credit of the general fund, and all expenditures incurred on account of the provisions of this act shall be from appropriations made herein.

HISTORY: CL 1948, 286.344.

286.345 Rules and regulations; enforcement by commissioner of agriculture.

Sec. 5. The commissioner of agriculture is charged with the enforcement of this act and is hereby empowered to promulgate such reasonable rules and regulations as are necessary to carry into effect the intent and purpose of this act.

HISTORY: CL 1948, 286.345.

Act 228, 1959, p. 331; Eff. Mar. 19, 1960.

AN ACT to promote the development of the Michigan fruit and vegetable industry; to define certain types and methods of fruit and vegetable storage; to prohibit the sale of fruits and vegetables misbranded as to type of storage; to provide for records; to provide for licensing of certain fruit and vegetable storage facilities; to provide for registration and permits for packers or repackers; to provide for revocation of licenses; to provide for the enforcement of this act; and to provide penalties for violation of this act.

The People of the State of Michigan enact:

286.371 Controlled atmosphere storage for fruits or vegetables; definitions.

Sec. 1. For the purpose of this act, "controlled atmosphere storage", "modified atmosphere storage" or similar terms referring to a method of storage for fruits or vegetables means the storage of fruits or vegetables that have been kept in an approved sealed storage room or in an approved sealed storage building, or in a sealed storage space within the room or building, under controlled conditions of time in days, oxygen content, carbon dioxide content and temperature as established by regulation of the director of agriculture. The term controlled atmosphere may be referred to by the initials "CA" or similar terms or abbreviations.

HISTORY: New 1960, p. 331, Act 228, Eff. Mar. 19, 1960.

286.372 Controlled atmosphere storage for fruits and vegetables; use of term.

Sec. 2. No person, firm, association or corporation shall sell, expose, offer for sale, exchange or transport any fruits or vegetables for sale represented as having been exposed to controlled atmosphere or modified atmosphere, alone or with other words, or use any such terms or form or words or symbols of similar import on any container or lot of fruits or vegetables advertised, sold, offered for sale or transported for sale within this state unless the fruits or vegetables have been stored in compliance with the provisions of this act, and rules and regulations promulgated by the director of agriculture.

HISTORY: New 1959, p. 332, Act 228, Eff. Mar. 19, 1960.

286.373 Controlled atmosphere storage for fruits and vegetables; record, form, review.

Sec. 3. A record on a form approved by the director of agriculture shall be kept at a convenient location adjacent to the storage room, storage space or storage building from the day of sealing the room, space or building to the day of opening of the storage room, space or building. The record shall be subject to review by the director of agriculture or his authorized agents at any time for a period of at least 1 year from date of sealing.

HISTORY: New 1959, p. 332, Act 228, Eff. Mar. 19, 1960.

286.374 Controlled atmosphere storage for fruits and vegetables; rules and regulations.

Sec. 4. The director of agriculture shall make reasonable rules and regulations in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948 in the enforcement of the provisions of this act.

HISTORY: New 1959, p. 332, Act 228, Eff. Mar. 19, 1960.

286.375 Controlled atmosphere storage for fruits and vegetables; license, application, fee, inspection, expiration, renewal, exemption.

Sec. 5. No person, firm, association or corporation shall operate any sealed type storage for fruits or vegetables where controlled atmosphere is used without first obtaining a license from the director of agriculture. A license shall be applied for and obtained for each sealed storage unit where fruits or vegetables are stored under controlled atmosphere conditions. Application for license shall be made on forms furnished by the director of agriculture. A fee of \$25.00 per room shall accompany each application. No license shall be issued under the provisions of this act unless the director of agriculture or his authorized agent has inspected the storage facilities and found them to be in compliance with this act and regulations promulgated under this act. All licenses shall expire on November 1 of the year after issue, and shall be renewed annually thereafter, unless the license is revoked or suspended. When fruits and vegetables are not represented as controlled atmosphere or modified atmosphere storage it shall not be necessary to comply with the requirements of this act.

HISTORY: New 1959, p. 332, Act 228, Eff. Mar. 19, 1960;—Am. 1969, p. 126, Act 69, Imd. Eff. Jul. 21.

286.376 Controlled atmosphere storage for fruits and vegetables; license, refusal, action to revoke.

Sec. 6. The director of agriculture may withhold and refuse to issue a license for any controlled atmosphere storage room, space or building that had not been operated, or is not prepared to be operated, in accordance with the requirements of this act or any rules and regulations issued hereunder. The director of agriculture may bring an ac-

tion for the revocation of any license issued under the authority of this act in the circuit court of the county where the license was issued.

HISTORY: New 1959, p. 332, Act 228, Eff. Mar. 19, 1960.

286.377 Controlled atmosphere storage for fruits and vegetables; labeling requirements.

Sec. 7. No person, firm, association or corporation shall describe, advertise, sell, offer or expose for sale or otherwise represent as such any fruits or vegetables, the label of which indicates in any way that the fruits or vegetables were in storage under controlled atmosphere conditions, unless the storage of such fruits or vegetables has taken place under controlled atmosphere conditions as established in this act, and under rules and regulations promulgated under the authority of this act.

HISTORY: New 1959, p. 332, Act 228, Eff. Mar. 19, 1960.

286.378 Controlled atmosphere storage for fruits and vegetables; registration numbers and permits.

Sec. 8. Any person, firm, association or corporation who packs fruits or vegetables from controlled atmosphere storage shall be issued registration numbers and permits by the director of agriculture. Application for registration numbers and permits shall be made upon forms provided by the director of agriculture and shall contain such information as he determines is necessary. Any packer or repacker holding a registration number and permit at all times shall furnish the director of agriculture or his duly appointed representatives all pertinent information concerning the sources of any fruits or vegetables which he may be packing or repacking and which is represented as having come from a controlled atmosphere storage room, space or building.

HISTORY: New 1959, p. 333, Act 228, Eff. Mar. 19, 1960.

286.379 Controlled atmosphere storage for fruits, and vegetables; violation of act, penalty.

Sec. 9. Any person, firm, association or corporation who violates any of the provisions of this act is guilty of a misdemeanor.

HISTORY: New 1959, p. 333, Act 228, Eff. Mar. 19, 1960.

Act 6, 1959, p. 6; Imd. Eff. Apr. 9.

AN ACT to empower the director of agriculture to issue orders under certain conditions prohibiting or restricting the use of 2,4-D (2,4-Dichlorolphenoxycetic acid), 2,4-5-T (2,4-5-Trichlorophenoxycetic acid) and MCP (2 Methyl, 4 Chlorophenoxycetic acid) causing damage to grape vineyards or crops of grapes within affected areas; and to provide a penalty for violation of such orders. Am. 1963, p. 86, Act 70, Eff. Sep. 6.

The People of the State of Michigan enact:

286.401 Grape growers; chemical substances; definitions.

Sec. 1. As used in this act:

- (a) "Grape grower" means a producer of grapes for profit.
- (b) "Grape vineyard" means lands upon which grapevines are maintained and harvested for profit.
- (c) "Townships" means government survey townships, and need not be in the same county.
- (d) "Proximity" means a radial distance of 2 miles from the site of damage.
- (e) "Development" means natural and normal growth before harvest.
- (f) "Affected area" means the area defined in the petition. The affected area may be

altered by description in the order of the director, if the director finds that such alteration should be made to effectuate the purposes of the petition.

(g) "Major source of agricultural income" means that the producers of grapes within the affected area obtain at least 10% of their gross income as a group in any 5-year period from the production of grapes.

(h) "Director" means the director of the state department of agriculture.

HISTORY: New 1959, p. 6, Act 6, Imd. Eff. Apr. 9.

286.402 Chemical substances; petition by grape grower for prohibition.

Sec. 2. Whenever the director receives a petition in a form prescribed by him, signed by 10 or more grape growers in the same or contiguous townships in this state, alleging that the use of 2,4-D (2,4-Dichlorophenoxyacetic acid), 2,4-5-T (2,4-5-Trichlorophenoxyacetic acid) or MCP (2 Methyl, 4 Chlorophenoxyacetic acid) in proximity to grape vineyards or crops of grapes described in the petition has proved harmful to the development of grapevines or the grape crop in the affected area in the same or any prior year and asking that the use of such chemical substances be prohibited or restricted within the affected area, the director shall ascertain whether at least 10 of the signers of the petition are grape growers and owners of grape vineyards within the affected area. In counting the required number of petitioners, joint tenants or tenants by the entireties shall be counted as 1 signer.

HISTORY: New 1959, p. 6, Act 6, Imd. Eff. Apr. 9;—Am. 1963, p. 86, Act 70, Eff. Sep. 6.

286.403 Chemical substances; hearing, posting of notice.

Sec. 3. If the director determines that the petition is properly filed, he shall hold a public hearing after giving at least 10 days' notice of the time and place at which the hearing will be held by posting in at least 5 of the most public places within the affected area, and by notice by mail to each of the petitioners and to each manufacturer, supplier and dealer furnishing the chemical substance complained of within the affected area, so far as is known to the director, after diligent inquiry. Proof of notice shall be evidenced by affidavit of the director appended to the minutes of the hearing at which the petition is considered.

HISTORY: New 1959, p. 6, Act 6, Imd. Eff. Apr. 9.

286.404 Chemical substances; director's findings; damage; orders, continuing effect.

Sec. 4. If the director finds, from testimony adduced, that:

(a) There has been actual damage to grapevines or grape crops within the affected area; and

(b) Such damage was caused by the use of the chemical substance complained of in the petition, and by that cause alone; and

(c) Such use was upon lands within the affected area or in proximity to the affected area, or upon the damaged crop itself; and

(d) The commercial production of grapes within the affected area constitutes a major source of agricultural income within the affected area; then the director may issue his order prohibiting or restricting the use of 2,4-D (2,4-Dichlorophenoxyacetic acid), 2,4-5-T (2,4-5-Trichlorophenoxyacetic acid) or MCP (2 Methyl, 4 Chlorophenoxyacetic acid) within or in proximity to the affected area during the period from May 1 to October 1. The order shall continue in effect from year to year unless modified or rescinded by the director. Not later than March 15 of each year, the director shall give notice of the order by publication in a newspaper of general circulation in the area affected. The notice shall state the terms of the order in general language and that the order will continue in effect for the ensuing period of May 1 to October 1, unless a petition for modification or rescission of the order, signed by 10 or more grape growers or

50 or more persons not grape growers in the affected area, is filed with the director on or before April 1. If a request for modification or rescission is received, the director shall hold a hearing after giving notice as provided in section 3. After the hearing, the director shall make such findings as the evidence adduced justifies and may continue, modify or rescind the order. If the director modifies or rescinds the order, he shall give notice of his action as provided in section 4. All restrictions upon the use of 2,4-D (2,4-Dichlorophenoxyacetic acid), 2,4-5-T (2,4-5-Trichlorophenoxyacetic acid) or MCP (2 Methyl, 4 Chlorophenoxyacetic acid) within or in proximity to the affected area shall be set forth in the order with particularity.

HISTORY: New 1959, p. 6, Act 6, Imd. Eff. Apr. 9;—Am. 1963, p. 86, Act 70, Eff. Sep. 6.

286.405 Chemical substances; orders, effective date.

Sec. 5. All orders shall be effective upon posting the same prominently in at least 5 of the most public places within the affected area. They shall be published in the administrative code, provided for in Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82 of the Compiled Laws of 1948, but publication within the quarterly supplement to the administrative code shall not be a condition precedent to their effectiveness.

HISTORY: New 1959, p. 7, Act 6, Imd. Eff. Apr. 9.

286.406 Chemical substances; penalty for violation.

Sec. 6. Any person who uses 2,4-D (2,4-Dichlorophenoxyacetic acid), 2,4-5-T (2,4-5-Trichlorophenoxyacetic acid) or MCP (2 Methyl, 4 Chlorophenoxyacetic acid) within or in proximity to an affected area, in violation of an order of the director prohibiting or restricting such use, is guilty of a misdemeanor.

Act 233, 1959, p. 338; Eff. Mar. 19, 1960.

AN ACT to prevent harm to man, contamination of food or feed or the destruction or damage of agricultural crops, growing plants, livestock or wildlife from the application of any economic poison, pesticide, insecticide, herbicide, fungicide, rodenticide; to provide for the licensing of persons engaged in the business of applying economic poisons and imposing penalties for violations; to provide for the collection of licensing fees; and to prescribe the powers and duties of certain officers. Am. 1966, p. 140, Act 120, Imd. Eff. Jun. 23;—Am. 1970, p. 153, Act 67, Eff. Apr. 1, 1971.

The People of the State of Michigan enact:

286.411 Economic poisons; definitions.

Sec. 1. As used in this act:

(a) "Equipment" means any mechanical device, system, apparatus, or method utilized in the application of economic poisons.

(b) "Economic poison" means any substance or mixture of substances, by whatever term designated, intended for preventing, destroying, repelling or mitigating any insects, rodents, pest birds, nematodes, fungi, weeds and other forms of plant or animal life or viruses, except viruses on or in living man or other vertebrate animals, and any substance or mixture of substances intended for use as a plant regulator, defoliant or desiccant, and any other substance intended for such use as may be named by the director of agriculture by rule.

(c) "Insecticide" means a substance or mixture of substances intended for preventing, destroying, repelling or mitigating insects.

(d) "Fungicide" means a substance or mixture of substances intended for preventing, destroying, repelling or mitigating fungi.

(e) "Herbicide" means a substance or mixture of substances intended for preventing, destroying, repelling or mitigating weeds.

(f) "Defoliant" means a substance or mixture of substances intended to cause the leaves or foliage to drop from a plant, with or without causing abscission.

(g) "Desiccant" means a substance or mixture of substances intended for artificially accelerating the drying of plant tissue.

(h) "Plant regulator" means a substance or mixture of substances intended through physiological action, for accelerating or retarding the rate of growth or rate of maturation or for otherwise altering the behavior of plants, but does not include substances to the extent that they are intended as plant nutrients, trace elements, nutritional chemicals, plant inoculants and soil amendments.

(i) "Nematocide" means a substance or mixture of substances intended for preventing, destroying, repelling or mitigating nematodes.

(j) "Insect" means a small invertebrate animal generally having a body more or less obviously segmented, for the most part belonging to the class insecta, comprising 6-legged, usually winged forms, as, for example, beetles, bugs, wasps and flies, and to other allied classes of arthropods whose members are wingless and usually have more than 6 legs, as, for example, spiders, mites, ticks, centipedes and wood lice.

(k) "Fungus" means nonchlorophyll-bearing thallophytes of a lower order than mosses and liverworts as, for example, rusts, smuts, mildews, molds, yeasts and bacteria, except those on or in living man or other animals.

(l) "Weed" means a plant or part thereof which grows where not wanted.

(m) "Nematode" means an invertebrate animal of the phylum nemathelminthes and class nematoda.

(n) "Person" means any individual, firm, partnership, association, corporation, company, joint stock association, or body politic, or any organized group of persons whether incorporated or not; and in direct charge of a principal place of business and includes any trustee, receiver, assignee, or other similar representative thereof.

(o) "Aircraft" means a contrivance now known or hereafter invented, used or designed for navigation of, or flight in, the air.

(p) "Ground equipment" means a machine or device other than aircraft, for use on land or water, designed for, or adaptable to, use in applying economic poisons, as sprays, dusts, aerosols, fogs or other forms.

(q) "Director" means the director of agriculture.

(r) "Rodenticide" means any substance or mixture of substances intended for preventing, destroying, repelling or mitigating rodents or any other vertebrate animal.

(s) "Avicide" means any substance or mixture of substances intended for preventing, destroying, repelling or mitigating pest birds.

(t) "Principal place of business" means any business location staffed by at least 1 full-time employee and where records of business transactions are maintained. A telephone answering service or an employee working out of his home is not a principal place of business.

286.412 Economic poisons; exemption from act.

Sec. 2. This act shall not apply to persons applying economic poisons on their own premises, or to the employees of such persons on such premises; or to farmers who are trading work with other farmers; or to the application of economic poisons indoors

other than insecticides, rodenticides and avicides; or to municipalities, road commissions, or state or federal agencies.

HISTORY: New 1959, p. 338, Act 233, Eff. Mar. 19, 1960;—Am. 1970, p. 154, Act 67, Eff. Apr. 1, 1971.

286.413 Economic poisons; license; application, contents.

Sec. 3. No person subject to this act shall operate equipment without first obtaining from the director a license for such operation. Application for a license shall be filed with the director on blanks furnished by him. The application shall state the name and permanent address of the applicant; his knowledge of the effects of the economic poisons used in the pursuit of his business when misapplied; his knowledge of proper dosing of economic poisons to accomplish the control or eradication of pests; his knowledge of the susceptibility of economic poisons to wind drift and air currents; his experience in the application of economic poisons; the type of equipment to be used by the applicant in the application of economic poisons; his knowledge of the use of such equipment; damage suits resulting in judgments against him, if any, arising out of his application of economic poisons, which judgments have not been satisfied; and other information deemed to be pertinent by the director, which shall be requested on the application form.

HISTORY: New 1959, p. 339, Act 233, Eff. Mar. 19, 1960;—Am. 1970, p. 155, Act 67, Eff. Apr. 1, 1971.

286.414 License; fee; expiration, renewal.

Sec. 4. Every application for license, whether for an initial license or annual renewal, shall be accompanied by a fee of \$20.00. All fees shall be deposited in the state treasury to the credit of the general fund. If the license is not issued or renewed, the fee shall be retained by the state as payment for the reasonable expense of processing the application. Licenses shall expire on December 31 following their issuance, but may be renewed annually upon qualifying and payment of the annual fee of \$20.00.

HISTORY: New 1959, p. 339, Act 233, Eff. Mar. 19, 1960;—Am. 1970, p. 155, Act 67, Eff. Apr. 1, 1971.

286.415 License; issuance, qualifications, examination, restrictions, bond, denial.

Sec. 5. If the director shall find from the application that the applicant has currently engaged in the business of applying economic poisons prior to January 1, 1971 and is otherwise qualified for a license he shall issue such license. Satisfactory completion of a written examination prepared by the director in cooperation with the agricultural experiment station and a representation of licensed applicators of economic poisons and categorized according to the various types of economic poison application established by rule by the director shall be an additional prerequisite for licensing of applicants not otherwise qualified as of January 1, 1971. The license may restrict the applicant to use of a certain type of equipment or pesticides if the director finds that the applicant is qualified to use only such type. The director shall require proof of sufficient financial responsibility of the applicant. If the license application discloses unsatisfied judgments against the applicant, the director may require a sufficient bond of the applicant conditioned upon the payment of further judgments against him, or the director may refuse to issue a license or annual renewal thereof because of such unsatisfied judgments. The director may refuse to issue a license or annual renewal thereof if the equipment to be used by the licensee is unsafe or inadequate to accomplish the proper application of the economic poisons to be used. The director may refuse to issue a license if the applicant demonstrates an insufficient knowledge of any item called for in the application. Denial of a license shall be treated as a contested case under the provisions of Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

286.416 Economic poisons; rules.

Sec. 6. The director may promulgate rules to carry out the provisions of this act in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

286.417 Economic poisons; owner or operator, responsibility.

Sec. 7. Registration with the director of agriculture shall not exonerate the owner and operator of the equipment from responsibility for damage resulting from overdosing, drifting or misapplication of control chemicals.

HISTORY: New 1969, p. 339, Act 233, Eff. Mar. 19, 1969.

286.418 Economic poisons; right of entry; samples; unsafe use by licensee; order to desist, noncompliance; license revocation, rescission of order.

Sec. 8. The director of agriculture or his designated employees may enter upon premises where a licensee is operating and take samples of economic poisons or mixtures being used by the licensee; and may inspect equipment or methods of application used by the licensee and make recommendations therefor. Whenever the director of agriculture or any of his designated employees shall have reason to believe that a licensee is using or intending to use economic poisons in an unsafe or inadequate manner, the director or his designated employee shall order the licensee to cease the use of or refrain from the intended use of such economic poisons, mixtures, equipment or methods. The order may be either oral or written and shall inform the licensee of the reason therefor.

Upon the receipt of the order, the licensee shall immediately comply therewith. Failure to comply constitutes cause for revocation of the license and subjects the licensee to the penalty imposed under section 10 of this act.

The director of agriculture shall rescind the order immediately upon being satisfied after inspection that the reason therefor does not or no longer exists. The inspection shall be conducted as soon as possible at the request of the licensee, which request may be either oral or written. The rescinding order of the director may be oral and the licensee may rely thereon. However, an oral order shall be followed by a written rescinding order.

286.419 Economic poisons; advisory board.

Sec. 9. There is created an advisory committee on economic poisons to consult with and aid the director in the administration of this act. The committee shall be composed of the director of conservation, the director of public health, the director of aeronautics, the director of the pesticide research center of Michigan State University and the executive secretary of the water resources commission. Members of the committee may designate an employee to represent them on the committee.

Act 188, 1965, p. 297; Eff. Mar. 31, 1966.

AN ACT to regulate the intrastate distribution and sale of hazardous substances intended or suitable for household use. Am. 1967, p. 200, Act 152, Eff. Nov. 2.

The People of the State of Michigan enact:

286.451 Hazardous substances act; short title.

Sec. 1. This act shall be known and may be cited as the "hazardous substances act".

HISTORY: New 1965, p. 297, Act 188, Eff. Mar. 31, 1966;—Am. 1967, p. 200, Act 152, Eff. Nov. 2.

286.452 Hazardous substances act; definitions.

Sec. 2. As used in this act:

(a) "Agency" means state department of agriculture.

(b) "Administrator" means state director of agriculture or his legally authorized representative or agent.

(c) "Intrastate commerce" means any and all commerce within this state and subject to the jurisdiction thereof; and includes the operation of any business or service establishment.

(d) "Hazardous substance" means:

(1) Any substance or mixture of substances which is toxic, corrosive, an irritant, a strong sensitizer, flammable, or generates pressure through decomposition, heat or other means, if such substance or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children.

(2) Any substances which the administrator by regulation finds, pursuant to the provisions of section 3, meet the requirements of subdivision (d) (1).

(3) Any radioactive substance, if, with respect to such substance as used in a particular class of article or as packaged, the administrator determines by regulation that the substance is sufficiently hazardous to require labeling in accordance with this act in order to protect the public health.

The term "hazardous substance" shall not apply to economic poisons subject to the federal or the state insecticide, fungicide and rodenticide act, nor to foods, drugs and cosmetics subject to the federal food, drug and cosmetic act, or would be subject to federal food, drug and cosmetic act if in interstate commerce, nor to substances intended for use as fuels when stored in containers and used in the heating, cooking or refrigeration system of a house; and shall not include any source material, special nuclear material or byproduct material as defined in the atomic energy act of 1954, as amended, and regulations issued pursuant thereto by the atomic energy commission, but such term shall apply to any article which is not itself an economic poison within the meaning of the federal insecticide act but which is a hazardous substance within the meaning of subparagraph (1) of this paragraph by reason of bearing or containing such an economic poison.

(e) "Toxic" applies to any substance, other than a radioactive substance, which has the capacity to produce personal injury or illness to man through ingestion, inhalation or absorption through any body surface.

(f) "Highly toxic" means any substance which falls within any of the following categories:

(1) Produces death within 14 days in half or more than half a group of 10 or more laboratory white rats each weighing between 200 and 300 grams, at a single dose of 50 milligrams or less per kilogram of body weight, when orally administered; or

(2) Produces death within 14 days in half or more than half a group of 10 or more laboratory white rats each weighing between 200 and 300 grams, when inhaled continuously for a period of 1 hour or less at an atmosphere concentration of 200 parts per million by volume or less of gas or vapor or 2 milligrams per liter by volume or less of mist or dust, provided such concentration is likely to be encountered by man when the substance is used in any reasonably foreseeable manner; or

(3) Produces death within 14 days in half or more than half a group of 10 or more rabbits tested in a dosage of 200 milligrams or less per kilogram of body weight, when administered by continuous contact with the bare skin for 24 hours or less.

If the administrator finds that available data on human experience with any substance indicate results different from those obtained on animals in the above named dosages or concentrations, the human data shall take precedence.

(g) "Corrosive" means any substance which, in contact with living tissue, will cause destruction of tissue by chemical action; but shall not refer to action on inanimate surfaces.

(h) "Irritant" means any substance not corrosive within the meaning of subparagraph (g) which on immediate, prolonged or repeated contact with normal living tissue will induce a local inflammatory reaction.

(i) "Strong sensitizer" means a substance which will cause on normal living tissue through an allergic or photodynamic process of hypersensitivity which becomes evident on reapplication of the same substances and which is designated as such by the administrator. Before designating any substance as a strong sensitizer, the administrator, upon consideration of the frequency of occurrence and severity of the reaction, shall find that the substance has a significant potential for causing hypersensitivity.

(j) "Extremely flammable" shall apply to any substance which has a flash point at or below 20 degrees Fahrenheit as determined by the Tagliabue open cup tester, and the term "flammable" shall apply to any substance which has a flash point of above 20 degrees to and including 80 degrees Fahrenheit, as determined by the Tagliabue open cup tester; except that the flammability of solids and of the contents of self-pressurized containers shall be determined by methods found by the administrator to be generally applicable to such materials or containers, respectively, and established by regulations issued by him, which regulations shall also define the terms "flammable" and "extremely flammable" in accord with such methods.

(k) "Radioactive substance" means a substance which emits ionizing radiation.

(l) "Label" means a display of written, printed or graphic matter upon the immediate container of any substance or in the case of an article which is unpackaged or is not packaged in an immediate container intended or suitable for delivery to the ultimate consumer, a display of such matter directly upon the article involved or upon a tag or other suitable material affixed thereto; and a requirement made by or under authority of this act that any word, statement or other information appearing on the label shall not be considered to be complied with unless such word, statement or other information also appears (1) on the outside container or wrapper, if any there be, unless it is easily legible through the outside container or wrapper and (2) on all accompanying literature where there are directions for use, written or otherwise.

(m) "Immediate container" does not include package liners.

(n) "Misbranded hazardous substance" means a hazardous substance (including a toy, or other article intended for use by children, which is a hazardous substance, or which bears or contains a hazardous substance in such manner as to be susceptible of access by a child to whom such toy or other article is entrusted) intended, or packaged in a form suitable for use in the household or by children, which substance, except as otherwise provided by or pursuant to section 3, fails to bear a label:

(1) Which states conspicuously (i) the name and place of business of the manufacturer, packer, distributor or seller; (ii) the common or usual name or the chemical name (if there be no common or usual name) of the hazardous substance or of each component which contributes substantially to its hazard, unless the administrator by regulation permits or requires the use of a recognized generic name; (iii) the signal word "DANGER" on substances which are extremely flammable, corrosive or highly toxic; (iv) the signal word "WARNING" or "CAUTION" on all other hazardous substances; (v) an affirmative statement of the principal hazard or hazards, such as "Flammable", "Vapor Harmful", "Causes Burns", "Absorbed Through Skin", or similar wording descriptive of the hazard; (vi) precautionary measures describing the action to be followed or avoided, except when modified by regulation of the administrator pursuant to section 3; (vii) instruction, when necessary or appropriate, for first aid treatment; (viii) the word "POISON" for any hazardous substance which is defined as "highly toxic" by subsection (f); (ix) instructions for handling and storage of packages which require special care in handling or storage and; (x) the statement "Keep out of the reach of children", or its practical equivalent, or if the article is intended for use by children and is not a banned hazardous substance, adequate directions for the protection of children from the hazard, and

(2) on which any statements required under subparagraph (1) of this subsection are located prominently and are in the English language in conspicuous and legible type in contrast by typography, layout or color with other printed matter on the label.

(c) The term "banned hazardous substance" means:

(1) Any toy or other article intended for use by children, which is a hazardous substance or which bears or contains a hazardous substance accessible to a child to whom the toy or other article is entrusted.

(a) The administrator by regulation shall:

(i) Exempt articles such as chemical sets, which by reason of their functional purpose require the inclusion of the hazardous substance involved, and which bear labeling giving adequate directions and warning for safe use and are intended for use by children of sufficient maturity and may reasonably be expected to read and heed the directions and warnings; and

(ii) Exempt and provide for the labeling of common fireworks, including toy paper caps, cone fountains, cylinder fountains, whistles without report and sparklers, to the extent that he determines that such articles can be adequately labeled to protect the purchasers and users thereof.

(2) Or any hazardous substance intended or packaged in a form suitable for use in the household, which the administrator by regulation classifies as a "banned hazardous substance" on the basis of a finding that notwithstanding the cautionary labeling required under this act for that substance, the degree or nature of the hazard involved in the presence or use of the substance in households is such that the protection of the public health and safety can be adequately promoted only by keeping the substance, when so intended or packaged, out of intrastate commerce.

HISTORY: New 1965, p. 298, Act 188, Eff. Mar. 31, 1966;—Am. 1967, p. 200, Act 152, Eff. Nov. 2.

286.453 Hazardous substances; designation; requirements; exemptions.

Sec. 3. (1) Whenever in the judgment of the administrator such action will promote the objectives of this act by avoiding or resolving uncertainty as to its application, the administrator may by regulation declare to be a hazardous or banned substance, for the purposes of this act, any substance or mixture of substances which he finds meets the requirements of subdivision (d) (1) of section 2.

(2) If the administrator finds that the requirements of subdivision (n) (1) of section 2 are not adequate for the protection of the public health and safety in view of the spe-

cial hazard presented by any particular hazardous substance, he may establish by regulation such reasonable variations or additional label requirements as he finds necessary for the protection of the public health and safety; and any hazardous substance, intended suitable for household use, which fails to bear a label in accordance with such regulations shall be deemed to be a misbranded, a hazardous or banned substance.

(3) If the administrator finds that, because of the size of the package involved or because of the minor hazard presented by the substance contained therein, or for other good and sufficient reasons, full compliance with the labeling requirements otherwise applicable under this act is impracticable or is not necessary for the adequate protection of the public health and safety, the administrator shall promulgate regulations exempting such substances from these requirements to the extent he determines to be consistent with adequate protection of the public health and safety.

HISTORY: New 1965, p. 299, Act 188, Eff. Mar. 31, 1966;—Am. 1967, p. 303, Act 152, Eff. Nov. 2.

286.454 Prohibited acts.

Sec. 4. The following acts and the causing thereof are prohibited:

(a) The introduction or delivery for introduction into intrastate commerce of any misbranded or banned hazardous substance.

(b) The alteration, mutilation, destruction, obliteration or removal of the whole or any part of the label of, or the doing of any other act with respect to, a hazardous substance, if such act is done while the substance is in intrastate commerce, or while the substance is held for sale, whether or not the first sale, after shipment in intrastate commerce, and results in the hazardous substance being a misbranded or banned hazardous substance.

(c) The receipt in intrastate commerce of any misbranded or banned hazardous substance and the delivery or proffered delivery thereof for pay or otherwise.

(d) The giving of a guarantee or undertaking which guarantee or undertaking is false, except by a person who relied upon a guarantee or undertaking to the same effect signed by, and containing the name and address of, the persons residing in the United States from whom he received in good faith the hazardous substance.

(e) The failure to permit entry or inspection as authorized by section 10 or to permit access to and copying of any record as authorized by section 11.

(f) The introduction or delivery for introduction into intrastate commerce, or the receipt in intrastate commerce and subsequent delivery or proffered delivery for pay or otherwise, of a hazardous substance in a reused food, drug or cosmetic container or in a container which, though not a reused container, is identifiable as a food, drug or cosmetic container by its labeling or by other identification. The reuse of a food, drug or cosmetic container as a container for a hazardous substance shall be deemed to be an act which results in the hazardous substance being a misbranded or banned hazardous substance. As used in this paragraph, the terms "food", "drug" and "cosmetic" shall have the same meanings as in the state food, drug and cosmetic act.

(g) The use by any person to his own advantage, or revealing other than to the administrator or officers or employees of the agency, or to the courts when relevant in any judicial proceeding under this act, of any information acquired under authority of section 10 concerning any method of process which as a trade secret is entitled to protection.

286.455 Hazardous substances act; violations, penalties; exception.

Sec. 5. (1) Any person who violates any of the provisions of section 4 is guilty of a misdemeanor.

(2) No person shall be subject to the penalties of subsection (1) of this section, for having violated subdivision (c) of section 4, if the receipt, delivery or proffered delivery of the hazardous substance was made in good faith, unless he refuses to furnish on request of an officer or employee duly designated by the administrator, the name and address of the person from whom he purchased or received the hazardous or banned substance, and copies of all documents pertaining to the delivery of the hazardous or banned substance to him; or for having violated subdivision (a) of section 4, if he establishes a guarantee or undertaking signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the hazardous or banned substance, to the effect that the hazardous or banned substance is not a misbranded hazardous substance within the meaning of that term in this act.

HISTORY: New 1965, p. 300, Act 188, Eff. Mar. 31, 1966;—Am. 1967, p. 304, Act 152, Eff. Nov. 2.

286.456 Injunctive relief; application, jurisdiction.

Sec. 6. In addition to the remedies hereinafter provided, the administrator is hereby authorized to apply to the circuit court for, and such court shall have jurisdiction upon hearing and for cause shown, to grant a temporary or permanent injunction restraining any person from violating any provision of section 4; irrespective of whether or not there exists an adequate remedy at law.

HISTORY: New 1965, p. 300, Act 188, Eff. Mar. 31, 1966.

286.457 Hazardous household substance; misbranding; tagging; detaining article; procedure to condemn.

Sec. 7. (1) Whenever a duly authorized agent of the administrator finds or has probable cause to believe that any hazardous household substance is so misbranded as to be dangerous to the public health, within the meaning of this act, he shall affix to such article a tag or other appropriate marking, giving notice that such article is, or is suspected of being, misbranded and has been detained or embargoed, and warning all persons not to remove or dispose of such article by sale or otherwise until permission for removal or disposal is given by the agent or the court. No person shall remove or dispose of a detained or embargoed article by sale or otherwise without permission.

(2) When an article detained or embargoed under subsection (1) has been found by the agent to be misbranded, he shall petition the judge of the circuit court in whose jurisdiction the article is detained or embargoed to condemn the article. When the agent has found that an article so detained or embargoed is not misbranded, he shall remove the tag or other marking.

(3) If the court finds that a detained or embargoed article is misbranded, the article, after entry of the judgment or order, shall be destroyed at the expense of the claimant thereof, under the supervision of the agent, and all court costs and fees, and storage and other proper expenses, shall be taxed against the claimant of the article or his agent. When the misbranding can be corrected by proper labeling of the article, the court, after entry of the judgment or order and after the costs, fees, and expenses have been paid and a good and sufficient bond, conditioned that the article shall be so labeled, has been executed, may direct that the article be delivered to claimant thereof for labeling under the supervision of an agent of the administrator. The expense of the supervision shall be paid by claimant. The article shall be returned to the claimant on the representation to the court by the administrator that the article is no longer in violation of this act, and that the expenses of supervision have been paid.

HISTORY: New 1965, p. 301, Act 188, Eff. Mar. 31, 1966.

286.458 Violations; prosecuting attorney, duties; notice.

Sec. 8. The prosecuting attorney to whom the administrator reports any violation of this act shall cause appropriate proceedings to be instituted in the proper courts without delay and to be prosecuted in the manner required by law. Before any violation of

this act is reported to any prosecuting attorney for the institution of a criminal proceeding, the person against whom the proceeding is contemplated shall be given appropriate notice and an opportunity to present his views before the administrator or his designated agent, either orally or in writing, in person, or by attorney, with regard to the contemplated proceeding.

HISTORY: New 1965, p. 301, Act 188, Eff. Mar. 31, 1966.

286.459 Rules and regulations; promulgation, conformity with federal regulations; banned hazardous substances, notice of finding, effect.

Sec. 9. (1) The administrator shall promulgate rules necessary for the administration of this act in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

(2) The administrator shall cause the rules promulgated under this act to conform, insofar as practicable, with the regulations established pursuant to the federal hazardous substances labeling act.

(3) If the administrator finds that the distribution for household use of the hazardous substance involved presents imminent hazard to the public health, he may give notice by order published in the administrative code of such finding, and thereupon such substance when intended or offered for household use, or when so packaged as to be suitable for such use, shall be deemed to be a banned hazardous substance pending the completion of the proceedings relating to the issuance of such regulation.

286.460 Factory or warehouse; entry and inspection, samples, receipt.

Sec. 10. (1) For purposes of enforcement of this act, officers or employees duly designated by the administrator, upon presenting appropriate credentials to the owner, operator, or agent in charge, may enter, at reasonable times, any factory, warehouse, or establishment in which hazardous substances are manufactured, processed, packed, or held for introduction into intrastate commerce or are held after such introduction, or enter any vehicle being used to transport or hold such hazardous substances in intrastate commerce; inspect, at reasonable times and within reasonable limits and in a reasonable manner, such factory, warehouse, establishment, or vehicle, and all pertinent equipment, finished and unfinished materials, and labeling therein; and obtain samples of such materials or packages thereof, or of such labeling.

(2) If the officer or employee obtains any sample, prior to leaving the premises, he shall pay or offer to pay the owner, operator, or agent in charge for such sample and give a receipt describing the samples obtained.

286.461 Carriers, access to records; admissibility of evidence in criminal prosecution.

Sec. 11. For the purpose of enforcing the provisions of this act, carriers engaged in intrastate commerce, and persons receiving hazardous or banned substances in intrastate commerce or holding hazardous or banned substances so received, upon the request of an officer or employee duly designated by the administrator, shall permit the officer or employee, at reasonable times, to have access to and to copy all records showing the movement in intrastate commerce of any hazardous or banned substance, or the holding thereof during or after such movement, and the quantity, shipper and consignee thereof; and it is unlawful for any carrier or person to fail to permit access to and copying of any record so requested when the request is accompanied by a statement in writing specifying the nature or kind of such hazardous or banned substance to which such request relates. Evidence obtained under this section shall not be used

in a criminal prosecution of the person from whom obtained. Carriers shall not be subject to the other provisions of this act by reason of their receipt, carriage, holding or delivery of hazardous or banned substances in the usual course of business as carriers.

286.462 Publication of reports; dissemination of information.

Sec. 12. (1) The administrator may cause to be published from time to time reports summarizing any judgments, or court orders which have been rendered under this act, including the nature of the charge and the disposition thereof.

(2) The administrator may also cause to be disseminated information regarding hazardous or banned substances in situations involving, in the opinion of the administrator, imminent danger to health. Nothing in this section shall be construed to prohibit the administrator from collecting, reporting and illustrating the results of the investigations of the agency.

Act 187, 1965, p. 291; Imd. Eff. Jul. 15.

AN ACT providing for the joinder of this state in the pest control compact, and for related purposes.

The People of the State of Michigan enact:

286.501 Pest control compact; findings, definitions, insurance fund, assistance, committees, relations, finance, entrance and withdrawal, construction.

Sec. 1. The pest control compact is enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

PEST CONTROL COMPACT

Article I

Findings

The party states find that:

(a) In the absence of the higher degree of cooperation among them possible under this compact, the annual loss of approximately 7 billion dollars from the depredations of pests is virtually certain to continue, if not to increase.

(b) Because of varying climatic, geographic and economic factors, each state may be affected differently by particular species of pests; but all states share the inability to protect themselves fully against those pests which present serious dangers to them.

(c) The migratory character of pest infestations makes it necessary for states both adjacent to and distant from one another, to complement each other's activities when faced with conditions of infestation and reinfestation.

(d) While every state is seriously affected by a substantial number of pests, and every state is susceptible of infestation by many species of pests not now causing damage to its crop and plant life and products, the fact that relatively few species of pests present equal danger to or are of interest to all states makes the establishment and operation of an insurance fund, from which individual states may obtain financial support for pest control programs of benefit to them in other states and to which they may contribute in accordance with their relative interests, the most equitable means of financing cooperative pest eradication and control programs.

Article II

Definitions

As used in this compact, unless the context clearly requires a different construction:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

(b) "Requesting state" means a state which invokes the procedures of the compact to secure the undertaking or intensification of measures to control or eradicate 1 or more pests within 1 or more other states.

(c) "Responding state" means a state requested to undertake or intensify the measures referred to in subdivision (a) of this article.

(d) "Pest" means any invertebrate animal, pathogen, parasitic plant or similar or allied organism which can cause disease or damage in any crops, trees, shrubs, grasses or other plants of substantial value.

(e) "Insurance fund" means the pest control insurance fund established pursuant to this compact.

(f) "Governing board" means the administrators of this compact representing all of the party states when such administrators are acting as a body in pursuance of authority vested in them by this compact.

(g) "Executive committee" means the committee established pursuant to article V (e) of this compact.

Article III

The Insurance Fund

There is hereby established the pest control insurance fund for the purpose of financing other than normal pest control operations which states may be called upon to engage in pursuant to this compact. The insurance fund shall contain moneys appropriated to it by the party states and any donations and grants accepted by it. All appropriations, except as conditioned by the rights and obligations of party states expressly set forth in this compact, shall be unconditional and may not be restricted by the appropriating state to use in the control of any specified pest or pests. Donations and grants may be conditional or unconditional, provided that the insurance fund shall not accept any donation or grant whose terms are inconsistent with any provision of this compact.

Article IV

The Insurance Fund, Internal Operations and Management

(a) The insurance fund shall be administered by a governing board and executive committee as hereinafter provided. The actions of the governing board and executive committee pursuant to this compact shall be deemed the actions of the insurance fund.

(b) The members of the governing board shall be entitled to 1 vote each on such board. No action of the governing board shall be binding unless taken at a meeting at which a majority of the total number of votes on the governing board are cast in favor thereof. Action of the governing board shall be only at a meeting at which a majority of the members are present.

(c) The insurance fund shall have a seal which may be employed as an official symbol and which may be affixed to documents and otherwise used as the governing board may provide.

(d) The governing board shall elect annually, from among its members, a chairman, a vice chairman, a secretary and a treasurer. The chairman may not succeed himself. The governing board may appoint an executive director and fix his duties and his compensation, if any. Such executive director shall serve at the pleasure of the governing

board. The governing board shall make provision for the bonding of such of the officers and employees of the insurance fund as may be appropriate.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director, or if there be no executive director, the chairman, in accordance with such procedures as the bylaws may provide, shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the insurance fund and shall fix the duties and compensation of such personnel. The governing board in its bylaws shall provide for the personnel policies and programs of the insurance fund.

(f) The insurance fund may borrow, accept or contract for the services of personnel from any state, the United States, or any other governmental agency, or from any person, firm, association or corporation.

(g) The insurance fund may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association or corporation, and may receive, utilize and dispose of the same. Any donation, gift or grant accepted by the governing board pursuant to this paragraph or services borrowed pursuant to paragraph (f) of this article shall be reported in the annual report of the insurance fund. Such report shall include the nature, amount and conditions, if any, of the donation, gift, grant or services borrowed and the identity of the donor or lender.

(h) The governing board shall adopt bylaws for the conduct of the business of the insurance fund and shall have the power to amend and rescind these bylaws. The insurance fund shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto with the appropriate agency or officer in each of the party states.

(i) The insurance fund annually shall make to the governor and legislature of each party state a report covering its activities for the preceding year. The insurance fund may make such additional reports as it may deem desirable.

(j) In addition to the powers and duties specifically authorized and imposed, the insurance fund may do such other things as are necessary and incidental to the conduct of its affairs pursuant to this compact.

Article V

Compact and Insurance Fund Administration

(a) In each party state there shall be a compact administrator, who shall be selected and serve in such manner as the laws of his state may provide, and who shall:

1. Assist in the coordination of activities pursuant to the compact in his state; and
2. Represent his state on the governing board of the insurance fund.

(b) If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the governing board of the insurance fund by not to exceed 3 representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, but no such representative shall have a vote on the governing board or on the executive committee thereof.

(c) The governing board shall meet at least once each year for the purpose of determining policies and procedures in the administration of the insurance fund and, consistent with the provisions of the compact, supervising and giving direction to the expenditure of moneys from the insurance fund. Additional meetings of the governing board shall be held on call of the chairman, the executive committee, or a majority of the membership of the governing board.

(d) At such times as it may be meeting, the governing board shall pass upon applications for assistance from the insurance fund and authorize disbursements therefrom. When the governing board is not in session, the executive committee thereof shall act as agent of the governing board, with full authority to act for it in passing upon such applications.

(e) The executive committee shall be composed of the chairman of the governing board and 4 additional members of the governing board chosen by it so that there shall be 1 member representing each of 4 geographic groupings of party states. The governing board shall make such geographic groupings. If there is representation of the United States on the governing board, 1 such representative may meet with the executive committee. The chairman of the governing board shall be chairman of the executive committee. No action of the executive committee shall be binding unless taken at a meeting at which at least 4 members of such committee are present and vote in favor thereof. Necessary expenses of each of the 5 members of the executive committee incurred in attending meetings of such committee, when not held at the same time and place as a meeting of the governing board, shall be charges against the insurance fund.

Article VI

Assistance and Reimbursement

(a) Each party state pledges to each other party state that it will employ its best efforts to eradicate, or control within the strictest practicable limits, any and all pests. It is recognized that performance of this responsibility involves:

1. The maintenance of pest control and eradication activities of interstate significance by a party state at a level that would be reasonable for its own protection in the absence of this compact.

2. The meeting of emergency outbreaks or infestations of interstate significance to no less an extent than would have been done in the absence of this compact.

(b) Whenever a party state is threatened by a pest not present within its borders but present within another party state, or whenever a party state is undertaking or engaged in activities for the control or eradication of a pest or pests, and finds that such activities are or would be impracticable or substantially more difficult of success by reason of failure of another party state to cope with infestation or threatened infestation, that state may request the governing board to authorize expenditures from the insurance fund for eradication or control measures to be taken by 1 or more of such other party states at a level sufficient to prevent, or to reduce to the greatest practicable extent, infestation or reinfestation of the requesting state. Upon such authorization the responding state or states shall take or increase such eradication or control measures as may be warranted. A responding state shall use moneys made available from the insurance fund expeditiously and efficiently to assist in affording the protection requested.

(c) In order to apply for expenditures from the insurance fund, a requesting state shall submit the following in writing:

1. A detailed statement of the circumstances which occasion the request for the invoking of the compact.

2. Evidence that the pest on account of whose eradication or control assistance is requested constitutes a danger to an agricultural or forest crop, product, tree, shrub, grass or other plant having a substantial value to the requesting state.

3. A statement of the extent of the present and projected program of the requesting state and its subdivisions, including full information as to the legal authority for the conduct of such program or programs and the expenditures being made or budgeted therefor, in connection with the eradication, control, or prevention of introduction of the pest concerned.

4. Proof that the expenditures being made or budgeted as detailed in item 3 do not constitute a reduction of the effort for the control or eradication of the pest concerned or, if there is a reduction, the reasons why the level of program detailed in item 3 constitutes a normal level of pest control activity.

5. A declaration as to whether, to the best of its knowledge and belief, the conditions which in its view occasion the invoking of the compact in the particular instance can be abated by a program undertaken with the aid of moneys from the insurance fund in 1 year or less, or whether the request is for an installment in a program which is likely to continue for a longer period of time.

6. Such other information as the governing board may require consistent with the provisions of this compact.

(d) The governing board or executive committee shall give due notice of any meeting at which an application for assistance from the insurance fund is to be considered. Such notice shall be given to the compact administrator of each party state and to such other officers and agencies as may be designated by the laws of the party states. The requesting state and any other party state shall be entitled to be represented and present evidence and argument at such meeting.

(e) Upon the submission as required by paragraph (c) of this article and such other information as it may have or acquire, and upon determining that an expenditure of funds is within the purposes of this compact and justified thereby, the governing board or executive committee shall authorize support of the program. The governing board or the executive committee may meet at any time or place for the purpose of receiving and considering an application. Any and all determinations of the governing board or executive committee, with respect to an application, together with the reasons therefor shall be recorded and subscribed in such manner as to show and preserve the votes of the individual members thereof.

(f) A requesting state which is dissatisfied with a determination of the executive committee shall upon notice in writing given within 20 days of the determination with which it is dissatisfied, be entitled to receive a review thereof at the next meeting of the governing board. Determinations of the executive committee shall be reviewable only by the governing board at one of its regular meetings, or at a special meeting held in such manner as the governing board may authorize.

(g) Responding states required to undertake or increase measures pursuant to this compact may receive moneys from the insurance fund, either at the time or times when such state incurs expenditures on account of such measures, or as reimbursement for expenses incurred and chargeable to the insurance fund. The governing board shall adopt and, from time to time, may amend or revise procedures for submission of claims upon it and for payment thereof.

(h) Before authorizing the expenditure of moneys from the insurance fund pursuant to an application of a requesting state, the insurance fund shall ascertain the extent and nature of any timely assistance or participation which may be available from the federal government and shall request the appropriate agency or agencies of the federal government for such assistance and participation.

(i) The insurance fund may negotiate and execute a memorandum of understanding or other appropriate instrument defining the extent and degree of assistance or participation between and among the insurance fund, cooperating federal agencies, states and any other entities concerned.

Article VII

Advisory and Technical Committees

The governing board may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any

one or more of its functions. Any such advisory or technical committee, or any member or members thereof may meet with and participate in its deliberations. Upon request of the governing board or executive committee an advisory or technical committee may furnish information and recommendations with respect to any application for assistance from the insurance fund being considered by such board or committee and the board or committee may receive and consider the same: provided that any participant in a meeting of the governing board or executive committee held pursuant to article VI (d) of the compact shall be entitled to know the substance of any such information and recommendations, at the time of the meeting if made prior thereto or as a part thereof or, if made thereafter, no later than the time at which the governing board or executive committee makes its disposition of the application.

Article VIII

Relations with Nonparty Jurisdictions

(a) A party state may make application for assistance from the insurance fund in respect of a pest in a nonparty state. Such application shall be considered and disposed of by the governing board or executive committee in the same manner as an application with respect to a pest within a party state, except as provided in this article.

(b) At or in connection with any meeting of the governing board or executive committee held pursuant to article VI (d) of this compact a nonparty state shall be entitled to appear, participate, and receive information only to such extent as the governing board or executive committee may provide. A nonparty state shall not be entitled to review of any determination made by the executive committee.

(c) The governing board or executive committee shall authorize expenditures from the insurance fund to be made in a nonparty state only after determining that the conditions in such state and the value of such expenditures to the party states as a whole justify them. The governing board or executive committee may set any conditions which it deems appropriate with respect to the expenditure of moneys from the insurance fund in a nonparty state and may enter into such agreement or agreements with nonparty states and other jurisdictions or entities as it may deem necessary or appropriate to protect the interests of the insurance fund with respect to expenditures and activities outside of party states.

Article IX

Finance

(a) The insurance fund shall submit to the executive head or designated officer or officers of each party state a budget for the insurance fund for such period as may be required by the laws of that party state for presentation to the legislature thereof.

(b) Each of the budgets shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The requests for appropriations shall be apportioned among the party states as follows: one-tenth of the total budget in equal shares and the remainder in proportion to the value of agricultural and forest crops and products, excluding animals and animal products, produced in each party state. In determining the value of such crops and products the insurance fund may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the budgets and requests for appropriations shall indicate the source or sources used in obtaining information concerning value of products.

(c) The financial assets of the insurance fund shall be maintained in 2 accounts to be designated respectively as the "operating account" and the "claims account." The operating account shall consist only of those assets necessary for the administration of the insurance fund during the next ensuing 2-year period. The claims account shall contain all moneys not included in the operating account and shall not exceed the amount

reasonably estimated to be sufficient to pay all legitimate claims on the insurance fund for a period of 3 years. At any time when the claims account has reached its maximum limit or would reach its maximum limit by the addition of moneys requested for appropriation by the party states, the governing board shall reduce its budget requests on a pro rata basis in such manner as to keep the claims account within such maximum limit. Any moneys in the claims account by virtue of conditional donations, grants or gifts shall be included in calculations made pursuant to this paragraph only to the extent that such moneys are available to meet demands arising out of claims.

(d) The insurance fund shall not pledge the credit of any party state. The insurance fund may meet any of its obligations in whole or in part with moneys available to it under article IV (g) of this compact, provided that the governing board takes specific action setting aside such moneys prior to incurring any obligation to be met in whole or in part in such manner. Except where the insurance fund makes use of moneys available to it under article IV (g) hereof, the insurance fund shall not incur any obligation prior to the allotment of moneys by the party states adequate to meet the same.

(e) The insurance fund shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the insurance fund shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the insurance fund shall be audited yearly by a certified or licensed public accountant and a report of the audit shall be included in and become part of the annual report of the insurance fund.

(f) The accounts of the insurance fund shall be open at any reasonable time for inspection by duly authorized officers of the party states and by any persons authorized by the insurance fund.

Article X

Entry Into Force and Withdrawal

(a) This compact shall enter into force when enacted into law by any 5 or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 2 years after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

Article XI

Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

Act 288, 1965, p. 547; Imd. Eff. Jul. 22.

AN ACT to require the department of commerce, public service commission division, to adopt rules and regulations for the minimum safety requirements for motor vehicles, and the operators thereof, used to transport migrant agricultural workers; and to provide a penalty for the violation of such rules. Am. 1966, p. 216, Act 190, Eff. Mar. 10, 1967.

The People of the State of Michigan enact:

286.601 Transportation of migrant agricultural workers; minimum safety standards, rules and regulations.

Sec. 1. The department of commerce, public service commission division, shall adopt rules and regulations on or before July 1, 1966 in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948, to protect

the health and safety of migrant workers proceeding to or returning from employment in agriculture in any motor vehicle carrier.

The rules and regulations shall specify the minimum safety and other requirements for motor vehicles, parts, accessories, equipment and safety devices thereon and for health, language, driving skill, age and other requirements for operators of motor vehicles which transport migrant workers and which are covered by the regulations. The rules may also specify other minimum safety requirements for transportation of migrant workers to or from agricultural employment.

The department may, by rule, require the additional licensing of persons authorized to operate motor vehicles used to transport migrant agricultural workers which otherwise are subject to the regulations promulgated pursuant to this act. There shall be no fee for such license.

286.623 Application for license; form; information required.

Sec. 3. Application for a license shall be in writing on a form and under rules and regulations promulgated by the commissioner under law. In addition to such other information as may be required by the commissioner, the application shall include the full name and address of the applicant, if a corporation, firm or association, the name and address of each partner; the location of the agricultural labor camp; the maximum number of persons who will occupy the camp at any time; the months during which the camp will be used or occupied; and a brief description of all tents, vehicles, buildings or other structures in which persons will be housed in such camp, and the sanitary, water, sewage and cooking facilities available in the camp.

HISTORY: New 1965, p. 548, Act 289, Imd. Eff. Jul. 22.

286.624 Issuance of license; minimum health and construction standards; provisional and temporary licenses; exemptions.

Sec. 4. The commissioner shall issue a license for the operation of the agricultural labor camp, if after investigation and inspection, he finds that the camp and the proposed operation thereof, conforms or will conform to the minimum standards of construction, health, sanitation, sewage, water supply, plumbing, garbage and rubbish disposal, and operation, set forth in the rules and regulations promulgated under section 9; provided, however:

(a) A provisional license may be issued when the agricultural labor camp does not comply with all provisions of this act and the rules and regulations promulgated hereunder when the camp operator has formerly agreed to a definite improvement program, satisfactory to the commissioner, leading to compliance with the provisions of this act and the rules and regulations promulgated hereunder. Provisional licenses may be issued for the same agricultural labor camp to December 31, 1968. Thereafter no provisional licenses will be issued;

(b) A temporary license may be issued for 3 months or less pending the results of an

inspection or pending the correction of certain designated items. Not more than 2 consecutive temporary licenses shall be issued for any one camp.

(c) Facilities are exempt from the application of the provisions of this act to the extent that the same have been inspected and approved for health and safety by another state or federal agency.

HISTORY: New 1965, p. 548, Act 289, Imd. Eff. Jul. 22.

286.625 Application for original license and renewals; time; license assignment or transfer.

Sec. 5. Every application for a license to operate an agricultural labor camp shall be made at least 30 days before the first day that the proposed camp is to be operated. The license shall be valid for the balance of the calendar year during which it is issued. A renewal application must be filed after January of each year to operate the agricultural camp during the year, but at least 30 days before the agricultural labor camp is to commence operation. The license is not transferable or assignable, except with the express written consent of the commissioner.

HISTORY: New 1965, p. 549, Act 289, Imd. Eff. Jul. 22.

286.626 Denial of license; notice, hearing.

Sec. 6. Whenever the commissioner denies an application for a license to operate an agricultural labor camp, he shall give written notice of such denial to the applicant stating reasons for the denial. An applicant denied a license may request a hearing before the commissioner on such denial within 10 days of receipt of such denial and the commissioner shall hold the hearing on denial not later than 15 days after receipt of such request.

HISTORY: New 1965, p. 549, Act 289, Imd. Eff. Jul. 22.

286.627 Suspension or revocation of license; hearing and notice; right to counsel; appeals.

Sec. 7. The commissioner may suspend or revoke the license of any camp operator if he finds after due notice and hearing that the camp operator is in violation of the provisions of this act or rules and regulations promulgated by the commissioner in accordance with this act. If the commissioner believes that any camp operator is violating the provisions of this act or any rules and regulations promulgated thereunder, he shall set a hearing and give written notice thereof by certified mail at least 10 days before the date of the hearing, and shall set forth in writing the charges against the camp operator. The camp operator is entitled to appear by attorney and may call such witnesses as he desires. An official record of the proceeding shall be kept. The commissioner may suspend the license of the camp operator after hearing for a fixed period of time or until the camp operator meets the provisions of this act and rules and regulations promulgated hereunder, or he may revoke the license. Any camp operator aggrieved by the decision of the commissioner to suspend or revoke his license may appeal, as provided by law.

HISTORY: New 1965, p. 549, Act 289, Imd. Eff. Jul. 22.

286.628 Property for camp use; construction or alteration; notice to commissioner; contents.

Sec. 8. No person shall construct or alter for occupancy or use, an agricultural labor camp or any portion or facility thereof or convert a property for use or occupancy as an agricultural labor camp, without giving notice in writing of his intent to do so to the commissioner at least 30 days before the date of beginning such construction, enlarge-

ment, or conversion. The notice shall give the name of the city, village, or township in which the property is located, the location of the property within that area, a brief description of the proposed construction, enlargement or conversion, the name and mailing address of the person giving the notice and his telephone number, if any.

HISTORY: New 1965, p. 549, Act 299, Imd. Eff. Jul. 22.

286.629 Rules and regulations; advisory committee; public hearing.

Sec. 9. In accordance with Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948, the commissioner may promulgate rules and regulations for the protection of the health, safety and welfare of seasonal or temporary workers and members of their families, occupying agricultural labor camps, and such rules and regulations shall include provisions, for the appointment by the commissioner of an advisory committee representing, among others, growers, processors, local health departments, and religious or fraternal organizations to advise him on the administration of the act and the rules and regulations, for the collection, treatment and disposal of human wastes and sewage, for the supply and maintenance of safe water, for the temporary storage and removal of food wastes and rubbish, and for the housing of seasonal workers and their families, including adequate and safe construction and repair, fire protection, facilities for workers and their families to keep and prepare food and such other necessary matters that relate to the good health, safety and welfare of seasonal workers and their families. Rules and regulations shall be promulgated only after a public hearing conducted by the commissioner.

HISTORY: New 1965, p. 550, Act 299, Imd. Eff. Jul. 22.

286.630 License; contents.

Sec. 10. The license issued by the commissioner to the camp operator shall recite on its face that the camp operator shall comply with all the provisions of this act and with all rules and regulations promulgated hereunder.

HISTORY: New 1965, p. 550, Act 299, Imd. Eff. Jul. 22.

286.631 Enforcement of act; investigations; local health agencies, entry, inspection, use, fees.

Sec. 11. The commissioner shall enforce the provisions of this act and rules and regulations promulgated hereunder. The commissioner or his agent may enter upon the premises of agricultural labor camps at reasonable times and he may investigate the premises to ascertain whether or not the camp operator is in compliance with the provisions of this act, and rules and regulations promulgated hereunder. He may utilize the services of other state agencies and offices to assist him in conducting his investigations. He may use the services of any local health agency to inspect the premises before licensing the camp operator and to conduct investigations, under rules and regulations promulgated under this act. The commissioner is authorized to approve payments of \$15.00 to local health agencies for each licensed agricultural labor camp.

HISTORY: New 1965, p. 550, Act 299, Imd. Eff. Jul. 22.

286.632 Injunction to restrain operation of unlicensed labor camp.

Sec. 12. Where the commissioner has suspended or revoked a license to operate an agricultural labor camp and the camp is being operated without a license and is subject to the provisions of this act, the commissioner through the attorney general shall petition the circuit court for the county of Ingham or the county in which the agricultural labor camp is located for appropriate injunctive relief against such continued operation of such camp.

Act 160, 1966, p. 180; Imd Eff. Jul. 1.

AN ACT to establish permanent and mobile overnight rest camps and information centers for migrant workers; and to define the duties and responsibilities of certain state departments.

The People of the State of Michigan enact:

286.641 Overnight rest camps for migrant agricultural workers; selection of sites.

Sec. 1. The department of labor shall plan, construct or lease, and provide custodial administration for at least 2 supervised overnight rest camps for migrant agricultural workers; 1 in the southwest part of the state and 1 in the southeast part of the state near U.S.-23. The final selection of the sites shall be determined with the approval of the department of labor—employment security commission.

HISTORY: New 1966, p. 180, Act 160, Imd. Eff. Jul. 1.

286.642 Minimum size of camp, and minimum facilities; time of operation.

Sec. 2. Each camp shall have not less than 6 18 feet by 24 feet units with roof, for use as sleeping quarters for migrant workers; 5 roofed cooking facilities; drinking water; separate toilet facilities and washrooms for men and women; living space for the camp supervisor; sufficient space for at least 3 desks and waiting space suitable for a farm labor services office equipped with heat, lights and telephone and radio communication systems. Each camp shall be in operation for the period from May 1 to October 31 of each year.

HISTORY: New 1966, p. 180, Act 160, Imd. Eff. Jul. 1.

286.643 Rules and regulations; promulgation.

Sec. 3. The department of labor may make rules and regulations necessary for administration of this act and setting fees for space and services provided by it. The rules and regulations shall be promulgated in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

286.644 Authorization or expenditure of federal and other funds, limitation.

Sec. 4. The authorization provided in section 1 does not include authorization for any expenditures in excess of funds obtainable from the federal government for the purpose provided in section 1 and funds obtainable from non-governmental sources for this purpose and such other funds as may hereafter be appropriated by the state

legislature and expressly designated for such purpose, and provided that the acceptance of such funds does not obligate the state to continue those programs after the federal and other funds are no longer available, and that such federal and other funds shall be allotted for expenditure only after approval by the state budget director.

HISTORY: New 1966, p. 180, Act 160, Imd. Eff. Jul. 1.

Act 234, 1966, p. 311; Imd. Eff. Jul. 11.

AN ACT to provide for the licensing and regulation of emigrant agents; to prescribe the functions of the director of labor; and to provide penalties for violation of this act.

The People of the State of Michigan enact:

286.651 Emigrant agents; definition.

Sec. 1. As used in this act:

(a) "Person" means an individual, partnership, association, corporation, legal representative, trustee, trustee in bankruptcy or receiver.

(b) "Emigrant agent" means a person engaged in recruiting, hiring, soliciting or enticing laborers by any means whatsoever in this state to be employed beyond the limits of this state in farm labor.

(c) "Employer" means a person employing or seeking to employ an employee for farm labor.

(d) "Farm labor" means cultivation and tillage of the soil, dairying, the production, cultivation, growing and harvesting of any agricultural or horticultural commodity, the raising of livestock, bees, furbearing animals or poultry, any practices performed on the farm as an incident to or in conjunction with such farming operations, including preparation for market, delivery to storage or to market or to carriers for transportation to market or any forestry or lumbering operations, and first processing of any agricultural or horticultural commodity during seasonal operations.

(e) "Director" means the director of labor or any person authorized to act in his behalf.

HISTORY: New 1966, p. 311, Act 234, Imd. Eff. Jul. 11.

286.652 Exemption from act of certain employment agencies.

Sec. 2. This act does not apply to an employment agency established and operated by this state, the United States or a municipality of this state or a person who operates a labor bureau or employment office in conjunction with his own business for the sole and exclusive purpose of employing help for his own use within this state, or to agricultural producers acting jointly or severally in securing farm laborers for their own use in this state.

HISTORY: New 1966, p. 312, Act 234, Imd. Eff. Jul. 11.

286.653 License; necessity; application; form; fee; bond; cancellation, hearing, grounds.

Sec. 3. No person other than those exempt shall engage in the business of emigrant agent without first having obtained a license therefor from the director. Application for a license may be made in person or by mail on an approved form and shall be accompanied by the annual fee of \$75.00 and a valid noncancelable surety bond in the amount of \$2,000.00 in favor of the director and conditioned for the faithful observance of all laws and regulations covering the licensee's actions as an emigrant agent. The license shall cover the calendar year for which it is issued. The license is subject to cancellation by the director, after a hearing, when he finds that the agent used fraud or deception in obtaining the license or in soliciting farm laborers, or is convicted of a

felony or an offense involving moral turpitude or has violated any provision of this act.

HISTORY: New 1966, p. 312, Act 234, Imd. Eff. Jul. 11.

286.654 Weekly report; filing; failure to file; contents.

Sec. 4. A licensed emigrant agent shall make weekly reports to the director covering each week in which he conducts any activity in this state covered by the license. The report shall be mailed to the director not later than Monday following the week covered by the report. Failure to file such report promptly is sufficient cause for suspension or revocation of the license. The report shall include:

(a) The name, age, sex and address of each person solicited to be employed beyond the limits of this state.

(b) The name and address of the employer of each such person.

(c) The kind of work each such person is to be employed in.

(d) The place where each such person is to be employed.

(e) The term of employment of each such person.

(f) The wages to be paid and perquisites offered to each such person for his work.

(g) Whether or not transportation is to be furnished, arranged for or paid any such agricultural worker either upon leaving or returning to this state.

HISTORY: New 1966, p. 312, Act 234, Imd. Eff. Jul. 11.

286.655 Agent to carry license; inspection.

Sec. 5. An emigrant agent shall carry the original license or a certified copy thereof on his person at all times he is soliciting, enticing or otherwise recruiting agricultural labor for employment beyond the limits of this state and shall produce the license or copy upon request of a police officer or the director.

HISTORY: New 1966, p. 312, Act 234, Imd. Eff. Jul. 11.

286.656 Violation of act; penalty.

Sec. 6. Any person who acts as an emigrant agent without having secured a license is guilty of a misdemeanor.

HISTORY: New 1966, p. 312, Act 234, Imd. Eff. Jul. 11.

286.657 Effective date.

Sec. 7. This act shall become effective July 1, 1966.

HISTORY: New 1966, p. 312, Act 234, Imd. Eff. Jul. 11.

Act 329, 1965, p. 618; Eff. Mar. 31, 1966.

AN ACT to regulate the labeling, advertising, sale, offering, exposing or transporting for sale of agricultural, vegetable, lawn, flower, herb and forest tree seeds; to authorize the director of agriculture to adopt rules and regulations for the enforcement of this act; to provide for the inspection and testing of seed; to prescribe license fees; to prescribe penalties for violation of this act; and to repeal certain acts and parts of acts.

The People of the State of Michigan enact:

286.701 Michigan seed law; short title.

Sec. 1. This act shall be known and may be cited as the "Michigan seed law".

HISTORY: New 1965, p. 618, Act 329, Eff. Mar. 31, 1966.

286.702 Michigan seed law; definitions.

Sec. 2. As used in this act:

(1) "Person" means any individual, partnership, company, corporation, society, co-operative, union or association.

(2) "Sale" means the act of transfer of property for any consideration and includes the acts of offering, advertising, exposing, holding or transporting for sale.

(3) "Label" includes all labels, and other written, printed or graphic representation in any form, accompanying or pertaining to any seed in bulk or in containers and includes representation on invoices, bills and letterheads.

(4) "Seed" means the matured or ripened ovule of the plant and excludes seed of vegetative nature such as stolons and tubers.

(5) "Agricultural seed" includes the seed of grass, forage, cereal, fiber, turfgrass, oil plants, and lawn seeding mixtures, and shall be as listed in the rules and regulations under this act.

(6) "Director" means director of the state department of agriculture.

(7) "Screenings" include chaff, florets, immature seed, weed seed, inert and other foreign matter removed in any way in cleaning or processing of seed or obtained from weedy fields or any source and contains less than 50% agricultural seed.

(8) "Vegetable seed" includes the seed of those crops which are grown in gardens or on truck farms and shall be as listed in the rules and regulations under this act.

(9) "Flower and herb seed" includes the seed of those plants usually grown for their food, flavor, aromatic, medicinal or decorative value and shall be as listed in the rules and regulations under this act.

(10) "Forest tree seed" includes the seeds of those forest trees that are usually grown in nurseries and forests in this state and shall be as listed in the rules and regulations under this act.

(11) "Pure seed" includes all seeds of the kind or kinds under consideration whether shriveled, cracked or injured and pieces of broken seed larger than 1/2 the original size.

(12) "Inert matter" includes broken seed 1/2 or less the original size, seeds of legumes or crucifers with seed coats removed, undeveloped or badly injured weed seed, the empty glumes or attached sterile glumes of grasses, dirt, stones, chaff, fungus bodies or matter other than seed.

(13) "Weed seed" includes the seeds of all plants generally recognized as weeds within the state and includes the noxious weed seeds.

(14) "Crop seed" includes the seed of crops other than the kind or kinds under consideration when not claimed as a component or not present as specified in special and lawn mixtures.

(15) "Germination percent" means the percent of seeds capable of producing normal seedlings under favorable growing conditions. Broken, weak, diseased, malformed, or abnormal seedlings shall not be considered as having germinated.

(16) "Hard seed percent" means the seed which due to hardness or impermeability does not absorb moisture and start growth under favorable conditions during prescribed germination period but remains hard.

(17) "Prohibited noxious weeds" include the seeds of bindweed (*convulvulus arvensis*), Canada thistle (*cirsium arvense*), perennial sowthistle (*sonchus arvensis*), whitetop (*lepidium draba*), Russian knapweed (*centaurea picris*), leafy spurge (*euphorbia esula*), quackgrass (*agropyron repens*), and horsenettle (*solanum carolinense*).

(18) "Restricted noxious weeds" include the seeds of dodder (*cuscuta* spp.), fanweed (*thlaspi arvense*), wild mustard (*brassica kaber*, *junceae* and *nigra*), hoary alyssum (*berteroa incana*), buckhorn pliantain (*plantago lanceolata*), wild carrot (*daucus carota*), wild onion (*allium* spp.), giant foxtail (*setaria faberii*), and yellow rocket or wintercress (*barbarea vulgaris*).

(19) "Lot" means a definite quantity of seed identified by a number or other mark, every portion of which is uniform within recognized tolerances for the factors which appear in the labeling.

(20) "Kind" means 1 or more related species or subspecies which singly or collectively is known by 1 common name; for example, oats, wheat, beans, corn.

(21) "Variety" means a specific, close subdivision of a kind with definite differentiating genetic characteristics; for example, clinton oats, genesee wheat, michelite beans, golden bantam sweet corn.

(22) "Hybrid" as applied to field, sweet or popcorn, means the first generation seed of a cross made under controlled conditions between 2 inbred lines (single cross), and another inbred line (3-way cross), or a second single cross (double-cross). For labeling purposes the number or other designations of hybrid corn shall be used as a variety name. The name hybrid will be recognized and apply to authentic hybrids of other agricultural, flower or vegetable seed.

(23) "Records" include all information relating to the shipment or shipments involved with seed, such as invoices, vouchers, freight bills and other records.

(24) "Advertising" means all representations other than those on the label, disseminated in any manner or by any means, relating to seed within the scope of this act.

(25) "Treated" means that the seed has received an effective application of substance or method designed to reduce, control or repel certain disease organisms, fungi, insects or other pests attacking the seed or seedlings growing therefrom, or has received some other treatment to improve its planting value.

(26) "Tolerance" means the allowable deviation from any percentage claim used on a label. It is based on the law of normal variation from a mean. Tolerance tables used in the enforcement of this act are those shown in the rules for testing seed as adopted by the association of official seed analysts.

(27) "Official sample" means the sample taken from a lot of seed by a representative of the director.

(28) "Vendor" means a person engaged in the selling of seed.

(29) "Grower's declaration" means a statement signed by the grower or shipper giving, for any lot of seed, the lot number, the kind, variety, weight and origin.

HISTORY: New 1965, p. 618, Act 329, Eff. Mar. 31, 1966.

286.703 Seed containers; tags or labels required; contents.

Sec. 3. Each bag, container, package, bundle, box or bulk of seed which is sold within this state shall bear thereon or have attached thereto in a conspicuous place a plainly printed or imprinted label or tag in the English language giving the information specified in sections 4 to 7.

HISTORY: New 1965, p. 619, Act 329, Eff. Mar. 31, 1966.

286.704 Agricultural seed, special mixtures and lawn seed; label information.

Sec. 4. For agricultural seed, special mixtures thereof and lawn seed mixtures the information required is:

(a) The kind, or kind and variety of seed. In special mixtures, the name of each kind of seed in excess of 5% of the total in order of predominance shall be declared. In lawn mixtures the name of each kind of seed in excess of 5% of the total in order of predominance shall be declared except white clover which shall be declared if present in excess of 2%. Where more than 1 component is required to be named, the word "mix" or "mixture" shall appear conspicuously on the label. Mixtures where the component part is 5.0% or less, except white clover, the component part shall not be shown on the tag or label.

(b) For seed mixtures for lawn or turf purposes the headings "fine-textured grasses" or "coarse kinds" and thereunder in tabular form in type no larger than the heading, the commonly accepted name in order of its predominance, of the kinds, or the kind and varieties of each agricultural seed present in excess of 5% of the whole and determined to be a "fine-textured grass" or a "coarse kind" in accordance with the rules and regulations under this act.

(c) The lot number or identifying mark.

(d) The percent by weight of pure seed, or the percentage by weight of pure seed of each component, in the case of mixtures, the percentage by weight of inert matter, the percentage by weight of weed seed, and the percentage by weight of other crop seed present.

(e) The percent of germination, and the percent of hard seed, if present, and the month and year the germination was completed for each agricultural seed named.

(f) The state or foreign country where grown for alfalfa, red clover and white clover. If the origin is unknown, that fact shall be stated.

(g) The name and the rate of occurrence per pound, if present, of each kind of the seeds of the restricted noxious weeds, except buckhorn and yellow rocket which must be shown on the label only when in excess of 90 seeds per pound.

(h) The name and address of the vendor of the seed.

HISTORY: New 1965, p. 690, Act 329, Eff. Mar. 31, 1966.

286.705 Vegetable, herb and flower seed, special mixtures; label information.

Sec. 5. For vegetable, herb and flower seed or special mixtures thereof the information required is:

(a) The variety of seed. In the case of special mixtures the name of each kind and variety present in excess of 5% of the total.

(b) The lot number or identifying mark.

(c) The percent of germination and the percent of hard seed, if present, and the month and year the germination was completed for each vegetable, herb or flower seed named or percent germination by standards established, if desired. The germination and date of test shall not be required on packet seed or small bulk containers from which retail sales are made in retail establishments, if the germination meets the standards established by the director.

(d) The name and address of vendor of the seed.

(e) For all seeds which have been treated, the same analysis label shall be required as for agricultural seeds.

(f) The number of noxious weed seeds per pound of vegetable, flower or herb seed, if any are present.

HISTORY: New 1965, p. 690, Act 329, Eff. Mar. 31, 1966.

286.706 Forest tree seed; label information.

Sec. 6. For forest tree seed the required information is:

(a) The kind, or variety of seed.

(b) The lot number or identifying mark.

(c) The percent by weight of pure seed and percent by weight of inert matter or other contaminants.

(d) The percent of germination and percent of hard seed, if present, and the month and year germination test was completed.

(e) Geographic origin where seed was grown or collected.

(f) The name and address of vendor of the seed.

HISTORY: New 1965, p. 620, Act 329, Eff. Mar. 31, 1966.

286.707 Seeds treated with irritating or poisonous substances; information on label.

Sec. 7. For seed which has been treated with an irritating or poisonous substance the required information is:

(a) A warning statement in 12-point type that the seed has been treated.

(b) The common, coined, chemical or abbreviated chemical name of the substance applied.

(c) If substance in the amount present with the seed is harmful to human or other vertebrate animals, a caution statement in 12-point type as follows: "poison treated—do not use for food or feed or oil purposes". The caution for mercurials and similarly toxic substances shall be: "poison" and a statement or symbol on label.

HISTORY: New 1965, p. 621, Act 329, Eff. Mar. 31, 1966.

286.708 Correction of seed labels; removal from sale.

Sec. 8. Seed labels shall be corrected when found to be in error. Whenever, by examination of the label or by sampling and testing of the seed or by other dependable information, the label on any seed container of agricultural seed is found to be unlawful or to be in error beyond the limits of tolerance allowed by law, the label shall be corrected at once if the seed is of legal quality, otherwise the seed shall be removed from sale at once.

HISTORY: New 1965, p. 621, Act 329, Eff. Mar. 31, 1966.

286.709 Sale, exposition, transportation of seed; unlawful acts.

Sec. 9. It is unlawful for any person to sell, offer for sale, expose or transport for sale any of the seed defined in this act within this state:

(a) Not labeled in accordance with the provisions of this act, or having a false or misleading label.

(b) Unless the test to determine the percentage of germination required by section 3 was completed within an 11-month period, exclusive of the month in which the test was completed, immediately prior to sale, exposure, offering or transporting for sale, except that a longer period of time shall be permitted for any kind of agricultural or vegetable seed which is packaged in such container materials and under such conditions prescribed under the rules that will maintain the viability of the seed under ordinary conditions of handling.

(c) Consisting of or containing prohibited noxious weeds.

(d) Consisting of or containing restricted noxious weeds in excess of 1 seed of any or all of the restricted noxious weeds to 2,000 seeds of the seed sold, offered, exposed or transported for sale, except for buckhorn and yellow rocket the limit shall be 1 seed to 1,000 seeds of the seed sold, offered, exposed or transported for sale. If present in a lesser ratio it must be named on the tag with rate of occurrence per pound.

(e) Which has a germination, including hard seeds, that is below 60% or in the case of vegetable, flower, herb and forest tree seed, below the germination standard established in the rules authorized by this act.

(f) Having tags or labels on or attached to the container of seed including a liability or nonwarranty clause, disclaiming responsibility for the information on the label required by this act.

(g) Pertaining to which there has been false or misleading advertisement in any manner or by any means.

(h) Containing in excess of 1% by weight of all weed seeds.

(i) Represented to be certified, registered or foundation seed unless it was produced and labeled in accordance with the procedures and in compliance with rules of the state department of agriculture.

(j) When substitution or altering of seed under tag or label has occurred.

(k) Where hindrance or obstruction has occurred in any way to inspection or official sampling of seed by the director or a duly authorized agent during regular business hours.

(l) When seizure processes have been instituted by the director or his representative.

(m) Represented to be a hybrid and is not one as defined in this act.

(n) When stored, shipped, or handled under such conditions as renders it impossible to properly inspect or obtain samples representative of the seed being sold, offered, exposed or transported for sale.

(o) Unless each person whose name appears on the label as distributing agricultural, vegetable, flower, herb or forest tree seed subject to this act shall keep for a period of 2 years complete records of each lot of agricultural, vegetable, flower, herb or forest tree seed distributed; and keep for 1 year a file sample of each lot of seed that is distributed after final disposition of the lot; and unless such records and samples pertaining to the shipment or shipments involved shall be accessible for inspection by the director or his duly authorized agent during customary business hours.

(p) When the name of the state department of agriculture is used in connection with the labeling or advertising or sale of any seed in any manner.

(q) When the word "trace" is used as a substitute for any statement which is required, or the word "type" is used in any labeling in connection with the name of any seed variety.

(r) When selling grain or other seed which has been treated as defined in this act, to any person for any purpose unless the grain or seed is clearly labeled as required in section 7 of this act.

HISTORY: New 1965, p. 621, Act 329, Eff. Mar. 31, 1966;—Am. 1970, p. 585, Act 206, Imd. Eff. Aug. 25.

286.710 Exempt seed.

Sec. 10. All seeds defined under this act are exempt from the provisions of section 3 of this act when:

(a) Possessed, exposed for sale, or sold for manufacturing, food or feeding purposes only and plainly marked "not for seeding purposes" and a statement of intended usage, except farm to processor movement of home grown seed and grain does not need to be so marked.

(b) Sold to be cleaned and tested before being sold or exposed for sale for seeding purposes and marked "not cleaned—for processing".

(c) Stored or held for cleaning, testing and tagging and marked "not cleaned—for processing", or if screenings, marked "screenings—for processing or for seed".

(d) In the case of agricultural, vegetable, flower, herb and forest tree seed which is sold and delivered direct to the purchaser from a container which is labeled as required in section 3 of this act.

(e) Seed grown, sold and delivered by the producer on his own premises directly to the purchaser if the seed contains no prohibited noxious weed seeds or not more than 1 restricted noxious weed seed to 2,000 of the seeds being sold or not more than 2% of all weed seeds. If, however, the seed is advertised for sale through the medium of the public press, by circular, by catalog, or by exposing a sample of the seed or a printed or written statement pertaining to the seed in a public place or in any place of business, or if the seed is delivered by a common carrier, except when transported for the

purpose of being recleaned as provided in this section the producer shall be considered a vendor and the seed shall meet all requirements of the act including complete labeling of the seed. For cereal and soybean seed where the purpose for which the seed is intended may be in question, all seeds advertised for sale by variety name or as processed or tested, or treated or offered at a price substantially higher than current market prices, shall be presumed to be offered for seeding purposes and subject to the labeling provisions of this act.

HISTORY: New 1965, p. 622, Act 329, Eff. Mar. 31, 1966.

286.711 Seed testing laboratory; director of agriculture; powers and duties.

Sec. 11. The director shall administer and enforce this act and maintain a seed testing laboratory and facilities with all necessary equipment and such analysts, inspectors, assistants and other personnel necessary for proper enforcement and incur such expenses as may be necessary to carry out the provisions of this act. The director who may act through his authorized agents shall:

(a) Sample, inspect, make analysis of, and test any of the seed defined in this act which is sold or held for sale within the state, for seeding purposes, at such time, place and to such an extent as he may deem necessary to determine whether said seeds are in compliance with the provisions of this act and notify promptly the person who sold, offered or exposed the seed for sale of any violation found relating to such seed.

(b) Enter upon any public or private premises during regular business hours in order to have access to seeds and the records connected therewith subject to the act and the rules and regulations thereof and any conveyance on land, water or air at any time it is accessible, for the same purpose.

(c) Make and promulgate such rules and regulations, in accordance with Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948, as may be incidental to, or necessary for, the accomplishment of the purpose and the enforcement of this act, and to prescribe a list of recognized agricultural seeds for this state.

(d) Prescribe and after public notice establish germination standards for vegetable, flower, herb and forest tree seed, if necessary, to aid in the efficient enforcement of this act.

(e) Make or provide for making purity and germination tests of seed for any person on request; to prescribe rules and regulations governing such testing; to prescribe a schedule of fees for such testing of not less than \$1.00 nor more than \$15.00 per sample and to collect such fees. All fees collected for the testing of seeds shall be deposited with the state treasurer and credited to the general fund.

(f) Cooperate with the United States department of agriculture and other agencies or associations in seed law enforcement.

(g) Publish the results of inspection, sampling, analyzing and testing or any other information as may be necessary to the efficient enforcement of this act.

HISTORY: New 1965, p. 622, Act 329, Eff. Mar. 31, 1966.

286.712 Seed testing; official methods and tolerances.

Sec. 12. The official methods and tolerances of the association of official seed analysts for testing seed shall be used in the enforcement of this act.

HISTORY: New 1965, p. 623, Act 329, Eff. Mar. 31, 1966.

286.713 Seizure of seeds; samples; notice of seizure; summons; judgment; costs; review; appearance by prosecuting attorney.

Sec. 13. (1) The director or his agent at all times may seize and take possession of any lot of agricultural, flower, herb, forest tree and vegetable seeds which, in his opinion is held, kept for sale, or exposed for sale contrary to the provisions of this act.

(2) The person making the seizure shall take samples of the seeds if he deems it necessary, cause the remainder to be sealed and leave them in the possession of the person from whom they were seized, subject to such disposition as may be made thereof according to the provisions of this act.

(3) The person making the seizure shall forward the notice of seizure and deliver the sample to the state seed analyst who shall make an analysis of it and certify the results of the analysis which certificate shall be prima facie evidence of the facts, or facts therein certified to, in any court where the same may be offered in evidence.

(4) If upon analysis, it appears that the seeds seized were, at the time of such seizure, possessed for the purpose of being sold, or were offered or exposed for sale contrary to the provisions of this act, the director may make complaint before any justice of the peace having jurisdiction in the township or city where such seeds were seized. The justice shall issue his summons to the person from whom the seeds were seized, directing him to appear not less than 6 nor more than 12 days from the date of the issuing of the summons, and show cause why the seeds should not be condemned, or disposed of as provided in this act. If the person from whom the seeds were seized cannot be found, the summons shall be served upon the person then in possession of the seeds. The summons shall be served at least 6 days before the time of appearance mentioned herein. If the person from whom the seeds were seized cannot be found and no one can be found in possession of the seeds, and the defendants do not appear on the return day, then the justice of the peace shall proceed in the cause in the same manner provided by law where a writ of attachment is returned not personally served upon any of the defendants and none of the defendants appear upon the return day.

(5) Unless cause to the contrary is shown, or if the seeds are found upon trial to be possessed for the purpose of being sold or offered or exposed for sale contrary to this act, the justice shall render judgment as in his discretion seems proper, as follows: (a) That the seeds seized be forfeited to the state to be disposed of by the director, (b) that the defendant clean the seed under reasonable restrictions imposed by the director, or (c) that the defendant properly mark or label the packages of seeds according to the requirements of this act. In any judgment, the defendant shall also be required to pay the court costs as well as the costs and actual necessary expenses of the person making the seizure, to be levied by the justice and paid before the return to the defendants of the seeds. The mode of procedure before the justice shall be the same as near as may be in civil proceedings before justices of the peace. Either party may appeal to the circuit court as appeals are taken from justices' courts, but it shall not be necessary for the people to give any appeal bond.

(6) The prosecuting attorney, when called upon by the director shall appear for and represent the director.

HISTORY: New 1965, p. 683, Act 329, Eff. Mar. 31, 1966.

286.714 Injunctions; issuance without bond.

Sec. 14. When in the performance of his duty the director applies to any court for a temporary or permanent injunction restraining any person from violating or continuing to violate any of the provisions of this act or any rules and regulations under this act, the injunction shall be issued without bond.

HISTORY: New 1965, p. 684, Act 329, Eff. Mar. 31, 1966.

286.715 Violation; penalty; prosecution; publication of information.

Sec. 15. (1) Violation of any of the provisions of this act is a misdemeanor. When the director finds that any person has violated any of the provisions of this act, he or his duly authorized agent may institute proceedings in a court of competent jurisdiction in the locality in which the violation occurred, or the director may file with the attorney general with a view of prosecution such evidence as may be deemed necessary. When the director is of the opinion the evidence warrants prosecution, he shall proceed as provided in this act.

(2) The prosecuting attorney or the attorney general shall institute proceedings at once against any person charged with a violation of this act if in the judgment of the officer the information submitted warrants such action.

(3) After judgment by the court in any case arising under this act the director shall publish information pertinent to the issuance of the judgment by the court in such media as he may designate from time to time.

Act 181, 1919, p. 324; Imd. Eff. May 2.

AN ACT to provide for the prevention and suppression of contagious, infectious and communicable diseases of livestock; to prohibit the importation into or release within this state of certain rabbits; to provide for the creation of a department of animal industry of the state of Michigan; to authorize and require the appointment of a state commissioner of animal industry, of 2 advisory commissioners and of a state veterinarian; to prescribe the powers and duties of said officers; to make an appropriation therefor; and to repeal all acts or parts of acts contravening the provisions of this act. Am. 1939, p. 152, Act 91, Imd. Eff. May 12;—Am. 1956, p. 177, Act 90, Imd. Eff. Apr. 5.

The People of the State of Michigan enact:

Sec. 1.

HISTORY: Rep. 1945, p. 411, Act 267, Imd. Eff. May 25.

NOTE: This section provided for the creation of a department of animal industry and the appointment of a commissioner and 2 advisory commissioners and fixed their terms of office and qualifications.

FORMER ACT: Act 182 of 1885, being CL 1915, 7307-7339.

DEPARTMENT OF ANIMAL INDUSTRY: Abolished; powers and duties transferred to the department of agriculture, see Compilers' 135.1

287.2 State veterinarian; appointment, term, qualifications.

Sec. 2. On the recommendation of the state commissioner of animal industry, the governor shall appoint a state veterinarian who shall hold his office in the first instance to and including the thirtieth day of June, 1925. Thereafter his successor shall be appointed in like manner for terms of 6 years, beginning on the first day of July, 1925 and each 6 years thereafter. No person shall be appointed to the office of state veterinarian other than a graduate of a college of veterinary surgery which is legally entitled to confer the veterinary degree. Said veterinarian shall also be skilled in the diagnosis, treatment and control of contagious and infectious diseases of live stock. Each state veterinarian shall hold his said office until the appointment and qualification of his successor.

HISTORY: CL 1929, 5170;—CL 1948, 287.2.

NOTE: See "Department" note under preceding section.

CRUELTY TO ANIMALS: For criminal statutes on this subject see Compilers' § 750.49 et seq.

287.3 State commissioner of animal industry; salaries and expenses; assistants and supplies.

Sec. 3. Said state commissioner of animal industry shall receive the sum of 10 dollars per day for the time actually spent by him in the discharge of his duties together with expenses necessarily incurred by him in the performance of the duties of his office. The advisory commissioners shall receive no compensation but shall be entitled to their actual expenses incurred while attending meetings called by the commissioner,

or while assisting him in the manner contemplated by this act. The state veterinarian shall receive such compensation as may be fixed by the state commissioner of animal industry subject to the approval of the board of auditors. Said state commissioner of animal industry may employ at the expense of the state such persons, and may purchase such material and supplies as may be necessary to carry into effect the provisions of this act and the orders and regulations of the commissioner made pursuant hereto. All salaries and expenses contemplated hereby shall be paid out of the specific appropriations for said purpose.

HISTORY: CL 1929, 5171;—CL 1948, 287.3.

287.4 Quarantine, sanitary and other regulations as to domestic animals; facilities; poultry, rabbits.

Sec. 4. It shall be the duty of the commissioner of animal industry to have general charge and oversight of the protection of the health of the domestic animals of the state and the guarding of the same from all contagious or infectious diseases. To such end said commissioner is hereby authorized and empowered to establish, maintain and enforce in accordance with this act such quarantine, sanitary and other regulations as may be deemed necessary. It shall be the duty of the state veterinarian to carry out the directions of the commissioner of animal industry, and to devote his entire time to the performance of his official duties. It shall be the duty of the board of auditors of the state to furnish proper office facilities at the city of Lansing for the state commissioner of animal industry and for the state veterinarian, including a laboratory for the investigation of infectious diseases of all livestock. The terms "livestock" or "domestic animals" or "animal," when same appear in this act, shall be held to include poultry and rabbits.

HISTORY: Am. 1925, p. 272, Act 188, Eff. Aug. 28;—CL 1929, 5172;—CL 1948, 287.4;—Am. 1956, p. 177, Act 90, Imd. Eff. Apr. 5.

287.5 Domestic animals affected with disease; report; duty of local health boards, quarantine, expense.

Sec. 5. It shall be the duty of any person who discovers, suspects, or has reason to believe that any domestic animal belonging to him or in his charge, or that may come under his observation, belonging to other parties, is affected with any disease, whether it be a contagious or infectious disease, to immediately report such fact, belief, or suspicion to the state commissioner of animal industry, or to the local board of health or some member thereof. It is hereby made the duty of all local boards of health, to whom cases of contagious or infectious diseases are reported, to immediately investigate the same, either in person by some member or members of the board, or by the employment of a competent and skilled veterinarian; and should such investigation show a reasonable probability that a domestic animal is affected with a contagious or infectious disease of a malignant character, the local board of health shall immediately establish such temporary quarantine as may be necessary to prevent the spread of the disease, and report all action taken to the state commissioner of animal industry; and the acts of local boards of health establishing temporary quarantine shall have the same force and effect as though established by the commissioner, until such time as the commissioner may take charge of the case or cases, and relieve the local board of health. All expenses incurred by local boards of health in carrying out the provisions of this act shall be paid in like manner as are other expenses incurred by said boards in the discharge of other official duties.

HISTORY: CL 1929, 5173;—CL 1948, 287.5.

287.6 Quarantine; examination of animals; preventive rules; quarantine; right of entry; dogs; killing of animals; enforcement.

Sec. 6. The commissioner to whom the existence of any infectious or contagious disease of domestic animals is reported, shall forthwith, either in person or by authorized

representative, proceed to the place where such domestic animal or animals are and examine the same, and if in his opinion any infectious or contagious disease does exist he is authorized to call upon the state veterinarian or other competent and skilled veterinarian to proceed to the place where said contagious or infectious disease is said to exist and examine said animal or animals, and report his or their finding to the said commissioner, who then shall prescribe such rules and regulations as in his judgment the exigencies of the case may require for the effectual suppression and eradication of the disease, and for that purpose the said commissioner may list and describe the domestic animals affected with such disease and those which have been exposed thereto and included within the infected district or premises so defined and quarantined, with such reasonable certainty as would lead to their identification, and no domestic animal liable to become infected with the disease or capable of communicating the same shall be permitted to enter or leave the district, premises or ground so quarantined, except by authority of the commissioner. The said commissioner shall also from time to time give and enforce such directions and prescribe such rules and regulations as to separating, mode of handling, treating, feeding and caring for such diseased and exposed animals as he shall deem necessary to prevent the 2 classes of animals from coming in contact with each other, and perfectly isolate them from all other domestic animals which have not been exposed thereto and which are susceptible of becoming infected with the disease, and the said commissioner and veterinarian are hereby authorized and empowered to enter upon any grounds or premises to carry out the provisions of this act. When in the opinion of the commissioner, or his authorized representative, it shall be necessary to prevent the further spread of any contagious or infectious disease among the live stock of the state, to destroy animals affected with or which have been exposed to any such disease, he shall determine what animals shall be killed, and appraise the same, as hereinafter provided, and cause the same to be killed and the carcasses disposed of as in his judgment will best protect the health of domestic animals of that locality. Said commissioner shall also have power to declare and enforce a quarantine on dogs in any district of this state in which there is an outbreak of rabies, hog cholera, hoof and mouth disease, or any other contagious or infectious disease among live stock; and may order that all dogs in said district shall be securely chained or otherwise confined. Any dog found at large in contravention of the terms of such quarantine or order may be killed. It shall be the duty of the sheriff of each county in the district affected and of his deputies, constables and other municipal police officers to see to it that such quarantine and orders are enforced. Any officers killing a dog pursuant to the provisions of this act shall not be subject to any liability therefor.

History: CL 1922, 5174;—CL 1948, 287.6.

287.7 Quarantine; notice to governor; quarantine proclamation, publication; limited district.

Sec. 7. When the commissioner shall have determined the quarantine and other regulations necessary to prevent the spread among domestic animals of any malignant, contagious or infectious disease found to exist among the live stock of the state, and give his order as hereinbefore provided, prescribing quarantine and other regulations, he shall notify the governor thereof, who shall issue his proclamation proclaiming the boundary of such quarantine and the orders, rules and regulations prescribed by the commissioner, which proclamation may be published by written or printed hand bills posted within the boundaries or on the lines of the district, premises, places or grounds quarantined: Provided, That if the commissioner decides that it is not necessary, by

reason of the limited extent of the district in which such disease exists, that a proclamation should be issued, then none shall be issued, but such commissioner shall give such notice as may seem best to make the quarantine established by him effective.

HISTORY: CL 1929, 5175;—CL 1948, 287.7.

287.8 Domestic animals affected with disease; appraisal of animals killed; payment; tuberculous cattle.

Sec. 8. Whenever the commissioner shall direct the killing of any domestic animal or animals, it shall be his duty to appraise the animal or animals condemned, and in fixing the value thereof he shall be governed by the value of said animal or animals at the date of appraisal. When any livestock shall be appraised and killed by order of the commissioner, he shall issue to the owner of the stock so killed a certificate showing the number and kind of animals killed, and the amount in his judgment, to which the owner is entitled, and report the same to the governor of the state, which certificate, if approved by the governor, shall be presented to the auditor general, who shall draw his warrant on the state treasurer for the amount therein stated, payable out of any money in the treasury not otherwise appropriated: Provided, That the payment and compensation for tuberculous cattle and cattle which react to an approved test for Bang's disease (brucellosis) killed under the provisions of this act shall be subject to the provisions of section 15 hereof.

HISTORY: CL 1929, 5176;—Am. 1945, p. 492, Act 290, Eff. Sept. 6;—CL 1948, 287.8.

287.9 Domestic animals affected with contagious disease; slaughtering; value paid; right of indemnity.

Sec. 9. When any animal or animals are killed under the provisions of this act, by order of the director the owner thereof shall be paid therefor the appraised value as fixed by the appraisal hereinbefore provided for. The right of indemnity on account of animals killed by order of the director shall not extend to the owners of animals which have been brought into the state in a diseased condition, or exposed to disease. Nor shall any animal be paid for by the state which may be brought into the state in violation of any law or quarantine regulation thereof or the owner of which shall have violated any of the provisions of this act, or disregarded any rule or order of the director. Nor shall any animal be paid for by the state which came into the possession of the claimant with the claimant's knowledge that such animal was diseased, or was suspected of being diseased or of having been exposed to any contagious or infectious disease.

HISTORY: CL 1929, 5177;—CL 1948, 287.9;—Am. 1909, p. 184, Act 94, Imd. Eff. Jul. 24.

287.10 Domestic animals affected with contagious disease; prohibitions on owner.

Sec. 10. No person having in his possession any domestic animal affected with any contagious, infectious or communicable disease, knowing such animal to be so affected, shall permit the same to run at large; or shall keep such animal where other domestic animals not affected by, or previously exposed to such disease, may be exposed to contagion or infection; nor shall any person sell, ship, drive, trade, or give away any such diseased animal, any animal which has been exposed to contagion or infection: Provided, however, That such domestic animals may be sold and/or moved for immediate slaughter if such domestic animals are not in violation of a law, direction, rule, regulation, or order establishing or regulating any quarantine.

HISTORY: CL 1929, 5178;—CL 1948, 287.10;—Am. 1955, p. 317, Act 214, Imd. Eff. Jun. 17.

287.11 Domestic animals affected with contagious disease; importation; obstruction of examination unlawful.

Sec. 11. No person shall bring into this state any domestic animal which is affected with any contagious, infectious or communicable disease, or any animal which has

been exposed to any such disease. It shall be unlawful for any person who owns or who is in possession or control of live stock which is affected with any such disease, or which is reasonably suspected of being so affected, to prevent or refuse to allow the state veterinarian, the commissioner, or other authorized officials to examine such stock, or to hinder or obstruct the state veterinarian or commissioner, or other official in any examination or attempted examination of any such animal or animals.

HISTORY: CL 1929, 5179;—CL 1948, 287.11.

287.11a Domestic animals affected with contagious disease; misrepresentation by altering tag, mark or brand of animal.

Sec. 11a. No person acting for himself or acting as agent for any person shall tag, mark or brand, or change, alter or deface the tag, mark or brand of any domestic animal for the purpose of misrepresentation of the animal's identity or the ownership of said animal or with intent thereby to steal the same or to prevent identification thereof by the true owner.

HISTORY: Add. 1937, p. 615, Act 319, Eff. Oct. 29;—CL 1948, 287.11a.

287.12 Execution of orders; arrest; notice to prosecutor, duty.

Sec. 12. The commissioner shall have power to call upon any sheriff, under-sheriff, deputy sheriff, or constable to execute his orders, and such officers shall obey the orders of said commissioner, and the officers performing such duties shall receive compensation therefor as is prescribed by law for like services, and shall be paid therefor in like manner. And any officer may arrest and take before any justice of the peace of the county any person found violating any of the provisions of this act, and such officer shall immediately notify the prosecuting attorney of such arrest, and he shall prosecute the person so offending according to law.

HISTORY: CL 1929, 5180;—CL 1948, 287.12.

287.13 Governor may prohibit importation of uncertified animals; quarantine.

Sec. 13. Whenever the governor of the state shall have good reason to believe that any dangerous, contagious, or infectious disease has become epizootic in certain localities in other states, territories or countries, or that there are conditions which render such domestic animals from such infected districts liable to convey such disease, he shall by proclamation prohibit the importation of any live stock, of the kind diseased into the state, unless accompanied by a certificate of health given by a duly authorized veterinary surgeon; and all such animals arriving in this state shall be examined immediately by the commissioner of animal industry, or person or persons designated by him, and if he deems necessary he shall have said animals inspected by the state veterinarian, and if in his opinion there is any danger from contagion or infection, they shall be placed in close quarantine until such danger of infection or contagion is passed, when they shall be released by order of said commissioner.

HISTORY: CL 1929, 5181;—CL 1948, 287.13.

287.14 Violation by corporation or common carrier; penalty; civil damages.

Sec. 14. Any railroad company, navigation company, or other corporation, or contract or common carrier, who shall knowingly, or wilfully violate, disregard, or evade any of the provisions of this act, or who shall wilfully violate, disregard, or evade any of the rules, regulations, orders, or directions of the commissioner of animal industry establishing or governing quarantine, or who shall evade, or attempt to evade any quarantine proclamation of the governor of this state declaring quarantine limits, shall forfeit and pay to the people of the state of Michigan not less than 500 dollars nor more than 5,000 dollars, for each and every offense, and shall be liable for all damages

caused to any live stock by its or his failure to comply with the requirements of this act.

287.15 Tuberculous cattle, Bang's disease; slaughter, appraisal, indemnity, conditions; proceeds of sale.

Sec. 15. In case of tuberculous cattle, whenever the commissioner shall direct the killing of such cattle, it shall be the duty of the commissioner to appraise the animal or animals condemned, the owner or owners thereof to receive 1/2 of the difference between the appraised value of each animal so condemned and slaughtered and the value of the salvage thereof, but in no case shall the sum paid exceed \$100.00 for any grade animal nor more than \$150.00 for any registered pure bred animal, nor shall the combined federal and state indemnity paid for any 1 animal exceed the difference between the appraised value and the amount received for salvage. No state indemnity or compensation shall be paid on any cattle which have been slaughtered upon order of the commissioner because of a reaction to the tuberculin test or a positive reaction to the blood test for Bang's disease, unless the commissioner shall be satisfied that the premises on which the animals have been held are kept in a sanitary condition, nor shall compensation be paid until said commissioner is satisfied that the infected premises have been disinfected in such manner as to prevent the further spread of the disease, nor shall indemnity be paid to any breeder of cattle who has not signed or complied with the state or federal agreement for control of Bang's disease in their herds. When the commissioner shall deem it expedient to have cattle that have reacted to a tuberculin test or to an approved test for Bang's disease slaughtered under federal inspection or under the inspection of a competent veterinarian authorized by the commissioner, he shall have the power to order such slaughter. The owner of the animal shall receive all proceeds secured from the sale of the carcass or carcasses of such cattle after payment for shipping, handling and slaughtering charges have been deducted, in addition to the state indemnity or compensation as provided therein. The commissioner shall have power to designate the places where reactor animals shall be appraised and slaughtered. No indemnities shall be paid under the provisions of this section for cattle reacting to the tuberculin test, except such as are branded on the left jaw with the letter "T", nor for cattle reacting positively to the blood test for Bang's disease unless such are branded on the left jaw with the letter "B", either such brand to be in letters not less than 2 inches high, having had the test applied by an authorized veterinarian approved by the state or federal government and which are slaughtered within 30 days from the date of branding. In the case of cattle reacting positively to an approved test for Bang's disease and which are killed by order of the commissioner of agriculture, the state shall indemnify the owner of such reacting cattle from funds appropriated for that purpose by paying such owner 1/2 of the difference between the appraised value of each animal condemned and slaughtered and the salvage value thereof, but not to exceed \$50.00 for any grade animal nor \$100.00 for any pure bred registered animal, nor shall the combined federal and state indemnity paid for any 1 animal exceed the difference between the appraised value and the amount received for salvage. No indemnity shall be paid upon a reacting steer nor upon any animal reacting to the test to which any Bang abortion vaccine has been administered within 18 months prior to the time of such test. No reacting animal shall be eligible for appraisal or indemnity unless such animal and the herd from which that animal originated have been tested upon permit issued by the commissioner and which are handled according to the directions of the commissioner of agriculture. No indemnity shall be paid on any animal which has been imported into the state contrary to state law and the regulations of the commissioner of agriculture. Any person who shall purchase any animal which has reacted to the test for Bang's disease shall not sell or dis-

pose of said animal to any other person or allow the animal to contact or mingle with any other cattle except upon a permit from the commissioner of agriculture.

287.15a Tuberculous cattle, Bang's disease; county veterinarian's expenses; notice of determination to test; reactors; unlawful to obstruct test; steers.

Sec. 15-a. The board of supervisors of any county in this state is hereby authorized to raise and appropriate annually such sum as it may deem necessary for the purpose of paying the salaries of 1 or more veterinarians authorized by the state commissioner of agriculture and the bureau of animal industry of the United States to conduct the testing for tuberculosis of all cattle within the county, together with the actual and necessary expenses of such veterinarians and inspectors engaged in such testing, also all supplies necessary therefor. Whenever the commissioner shall have determined to test for tuberculosis all the cattle in any certain county where bovine tuberculosis eradication has been adopted, he shall give public notice of his determination by publishing a notice to that effect in 1 or more newspapers of general circulation in said county at least 10 days before such testing shall commence. Cattle found to be reactors to such test shall be branded, slaughtered when ordered by the commissioner, and the owners thereof entitled to such indemnities as in this act provided. It shall be unlawful for any person who owns or who is in possession of or controls any cattle to prevent, hinder, obstruct, or refuse to allow the commissioner or authorized veterinarian to conduct such tests for tuberculosis on such cattle: Provided, That this section shall not apply to steers properly isolated from other cattle.

287.15b Bang's disease; county-wide test; notice, publication; branding; expenses; reacting cattle, slaughter.

Sec. 15b. Upon the passage by a majority vote by the board of supervisors of any county in this state of a resolution requesting the director to conduct a county-wide test of the cattle of such county for Bang's disease, it shall be the duty of the director within a reasonable time thereafter to cause a test approved by the director for Bang's disease to be given to all breeding cattle above the age of 6 months within such county, and to cause the retesting of such cattle when necessary for control of the disease, and to establish and maintain the county as a modified certified brucellosis free area so far as funds appropriated for this purpose are available in conformity with rules and methods adopted by the commission of agriculture. At least 10 days prior to the time of the beginning of said testing, the director of agriculture shall give public notice that such test is to be given in 1 or more newspapers of general circulation in said county and all future tests shall be a part of the original notice. Cattle found to be reactors to an official test for Bang's disease shall be forthwith branded by any authorized representative of the department of agriculture. It shall be unlawful for any person, firm or corporation owning, or in possession of, or in control of any cattle subject to said tests as herein provided to prevent, hinder, obstruct, or refuse to allow the director or his duly authorized veterinarian to conduct such test or to permanently identify such reacting cattle. The necessary expense of carrying out the provisions of this act shall be met by the department of agriculture of this state, from funds appropriated for that purpose. All fees paid covering the cost of laboratory testing of specimens shall be turned over to the state treasury and credited to the general fund. When a majority of the board of supervisors of any county shall by resolution request the Michigan director of agriculture to order the slaughter of cattle which have reacted positively to an approved test for Bang's disease (brucellosis), such test having been

conducted under the provisions of this section, the director may order such reacting cattle slaughtered.

287.15c Indemnities paid to owners of slaughtered cattle.

Sec. 15c. The moneys appropriated by the legislature to carry out the provisions of this act with regards to Bang's disease shall be expended in the payment of indemnities to the owners of cattle reacting to the test for Bang's disease and condemned and slaughtered, all as provided in section 15 of this act, and to defray the expenses incurred in the control of Bang's disease under the terms and conditions therein set forth.

287.16 Cattle entering state; health certificate, specifications.

Sec. 16. A permit or health certificate shall accompany all cattle entering this state. The health certificate or permit shall be attached to the railroad waybill or shall be in possession of the person in charge of the cattle while in transit if not moved by railroad. Health certificates shall conform to the following specifications:

(1) They shall be certificates of inspections made by and signed by a veterinarian who is approved by the state of origin or the United States department of agriculture.

(2) They shall state that the cattle described in the certificate are apparently free from contagious, infectious or communicable disease.

(3) The cattle shall be described by breed, sex and age, and identified by tag, tattoo or registration number.

(4) The certificates shall be made on official blanks of the state of origin and the date of inspection and the date of shipment shown.

(5) All data necessary to report required tests and vaccinations shall be plainly recorded.

(6) Origin and destination of the shipment and names and addresses of consignor and consignee shall be given.

(7) The certificate shall indicate whether the cattle in the shipment are to be used for (a) dairy or breeding, (b) feeding or grazing or (c) immediate slaughter.

(8) A copy of the certificate, approved by the livestock sanitary official of the state of origin, shall be immediately furnished the state veterinarian. After July 1, 1970 all female dairy and breeding cattle over 7 months of age shall have been officially calf-hood vaccinated for brucellosis between the ages of 3 months through 7 months, except upon a permit and under conditions prescribed by the director of agriculture.

All dairy and breeding cattle entering this state shall originate from herds not under quarantine and shall be accompanied by health certificates provided for in this section showing that they have passed tests for tuberculosis and brucellosis (Bang's disease) as follows:

Tuberculosis tests on all ages must be made within 30 days prior to importation, or the cattle for importation shall originate directly from a tuberculosis-free accredited herd.

The cattle 12 months of age or older shall have been tested for brucellosis under the supervision of the state or federal livestock sanitary officials within 30 days of date of shipment and found negative, except:

(1) Cattle originating in certified brucellosis-free herds.

(2) Cattle originating in modified certified brucellosis areas from herds not under quarantine, the herd having passed a blood test for brucellosis within 1 year prior to entry.

(3) Cattle identified as official vaccinates and under 30 months of age on date of shipment.

Steers, spayed heifers and calves under 12 months of age from herds not under quarantine are exempt from the brucellosis testing requirements of this section.

Permits in writing or by telegram for importation of cattle may be issued by the director of agriculture or his authorized representative. Transportation, handling, testing and quarantine requirements may be prescribed by the director of agriculture. Applicants for permits must furnish the following information:

- (1) Number and kind of cattle.
- (2) Origin and destination.
- (3) Names and addresses of consignor and consignee.

Feeding and grazing cattle, except steers and spayed heifers, entering this state shall be accompanied by:

- (1) Health certificates as herein provided for dairy and breeding cattle, or
- (2) Permits subject to the following requirements: (a) Feeding and grazing cattle over 18 months of age shall upon arrival be maintained in quarantine, intact, undivided, separate and apart from other cattle, and be tested for brucellosis (Bang's disease) and tuberculosis at the expense and risk of the owner within 10 days after arrival. (b) All cattle that react to such tests shall be slaughtered within 10 days after being tested. (c) Feeding and grazing cattle under 18 months of age may be held in quarantine separate and apart from dairy and breeding cattle until tested for brucellosis and tuberculosis or slaughtered. (d) Licensed livestock dealers operating a livestock yard in this state receiving feeding and grazing cattle under 18 months of age on permits or under the provision of the federal brucellosis regulation at federally approved yards may with the permission of the director of agriculture and within 10 days after arrival release the cattle to purchasers subject to provisions as to permit requirements and shall report names and addresses of purchasers within 5 days. Livestock dealers shall be responsible for any loss sustained by the buyer on cattle that may react to brucellosis or tuberculosis tests conducted within 10 days of purchase. (e) All cattle of each consignment shall remain in quarantine until released in writing by the state veterinarian. The director of agriculture may refuse to issue permits to anyone who has refused or failed to comply with the provisions of this act. No indemnity shall be paid for the slaughter of any cattle that react to a test for tuberculosis or brucellosis (Bang's disease) within 6 months after their arrival within the state.

Cattle entering this state for immediate slaughter shall be consigned and delivered directly to a slaughterhouse or packing plant in which United States department of agriculture meat inspection is maintained or to a slaughterhouse or packing plant approved by the director of agriculture to import cattle for immediate slaughter. All such cattle shall be kept separate and apart from all other cattle and shall be killed within 5 days after arrival.

Steers and spayed heifers may enter this state accompanied by health certificates or permits and if not tested for tuberculosis within 30 days before arrival shall be kept separate and apart from dairy or breeding cattle until tested for tuberculosis or slaughtered.

This section shall not apply to cattle consigned and delivered to terminal markets where state and United States department of agriculture veterinary inspection is daily maintained. Cattle being released from terminal markets for purposes other than slaughter shall meet the requirements of this section.

287.16a Imported sheep; health certificate to accompany, contents; cleaning vehicles used in transporting.

Sec. 16a. All sheep imported into Michigan for purposes other than immediate slaughter must be accompanied by a health certificate signed by an approved inspector of the state of origin or the United States department of agriculture or an accredited veterinarian. The health certificate shall state (1) the names and addresses of the consignor and the consignee; (2) the date the sheep are loaded at the point of origin; (3) the place of origin and destination; (4) the number and description of the sheep; (5) that the sheep have been inspected and are free from scabies, footrot and other contagious diseases; (6) that they originate in a state designated by the United States department of agriculture as being a scabies free area or that the sheep have been dipped once in a permitted dip in accordance with the interstate regulations of the United States department of agriculture under supervision of a state or federal inspector or an accredited veterinarian within 10 days previous to the date on which they are loaded at the point of origin. A copy of the certificate, approved by the chief state or federal veterinary livestock sanitary official of the state of origin, must be delivered to the office of the state veterinarian of Michigan not later than the arrival of the sheep at their destination. All cars and trucks used to transport sheep into Michigan must have been cleaned and disinfected since they were previously used for transporting livestock. No sheep en route to Michigan shall be unloaded in yards or other places located in areas not officially designated as scab free.

287.17 Vaccines; sale and use, report; rules governing importation; animals reacting positively to be slaughtered.

Sec. 17. Any person, agency or company who shall consign, ship, or transport into Michigan or who shall sell, dispose of, or distribute within the state of Michigan, any mallein, tuberculin, hog cholera serum or virus, any antigen or product which may be used for the diagnosis of any infectious or communicable disease of live stock or who shall dispose of or distribute any vaccine which contains the live virus or live organism of any disease of live stock shall immediately furnish a report of such disposal or distribution to the Michigan department of agriculture, stating the kind and amount of product involved, with the full name and address of the consignee or recipient of the product. Any person who shall engage in any test used for the detection of an infectious or communicable disease of live stock or who shall use or administer any vaccine or product which contains the live virus or live organism of any live stock disease within the state shall within 5 days furnish a report of the result of said test or the use of such vaccine to the Michigan department of agriculture. The report shall state the number and furnish identification of the animals tested or vaccinated and the name and address of the owner or custodian of said animals. The Michigan commissioner of agriculture is hereby authorized to establish rules and regulations which shall govern the importation, use, and distribution within the state of vaccines and products as mentioned herein. Any animal which has reacted positively to any test approved by the United States bureau of animal industry or the Michigan state bureau of animal industry for the detection of tuberculosis or Bang's disease shall not be sold, disposed of, or moved from the premises of the owner except said animal is immediately slaughtered. The commissioner of agriculture or his authorized representatives may issue a permit and directions providing for the sale and immediate slaughter of any animal

that may have reacted positively to the test for Bang's disease: Provided, That the commissioner may permit the owner of any cattle which have reacted to the test for Bang's disease to retain such cattle in the owner's possession under complete and sufficient isolation to prevent spread of the disease to the cattle of any other herd.

287.18 Hog cholera serum; living virus, source of supply, use, sale permit, expense, local appropriations.

Sec. 18. It shall not be lawful to use any hog cholera serum in this state, except that made by a serum manufacturing plant licensed by the United States department of agriculture. Such serum may be used or administered by any competent person, and the use of living hog cholera virus is prohibited in this state, except when used by a regularly qualified veterinarian, and upon a written permit issued by the director of agriculture or his authorized representative. The sale and distribution of living hog virus within this state is prohibited except upon permit from the director of agriculture or his authorized representative. All expenses connected with the purchase of such serum or virus shall be borne by the owner or owners of such infected hogs. The board of supervisors of any county, or the township board of any township shall have the power to appropriate money to be expended for hog cholera serum for use within their respective counties or townships.

287.19 Swine; feeding garbage; vaccination against hog cholera; removal from stock yards, garbage feeding lots.

Sec. 19. The feeding of swine upon garbage, either raw or cooked, obtained elsewhere than upon the premises where fed, is prohibited, unless such hogs shall have been properly vaccinated against hog cholera as approved by the director of agriculture. No individual or firm or corporation shall sell or move any swine from any public stock yards, auction sale yards, livestock yard, or slaughter house premises, except for immediate slaughter: Provided, however, That subject to rules and regulations established by the commission of agriculture swine to be used for purposes other than immediate slaughter which shall have been properly vaccinated for the prevention of hog cholera may be removed from public stock yards, auction sales or livestock yards that have state or federal veterinary inspection. For the purpose of this act, all public stock yards, auction sale yards, livestock yards, garbage feeding premises, and slaughter house premises shall be considered as infected with the virus of hog cholera and the organisms of infectious diseases of swine. Except upon a permit from the director of agriculture or his authorized representative, no person shall sell or move any swine from a garbage feeding lot or premises within this state unless such swine shall be immediately slaughtered.

287.20 Duty to clean and disinfect premises; notice to commissioner.

Sec. 20. It shall be the duty of the owner or owners, or any individual in charge, of any premises from which infected or exposed live stock may be shipped or otherwise disposed of, to thoroughly clean and properly disinfect all yards, pens, or other enclosures, in which such live stock may have been kept, and upon the completion of the work immediately notify the commissioner of agriculture.

287.21 Importation of horses or mules; certificate of inspection, contents, expense; scope, limitations.

Sec. 21. Any horses or mules moved or imported into this state shall be accompanied by a certificate of inspection issued by a graduate veterinarian legally authorized to practice in the state or province from which said horses or mules are imported. A legible copy of such certificate approved by the chief live stock sanitary official of the state or province of origin or by a United States bureau of animal industry inspector shall immediately be furnished the Michigan department of agriculture. Such certificates shall furnish the name and proper address of the consignor and the name and proper address of the consignee at destination and the number and description of the horses or mules shipped. No horses or mules affected with or recently exposed to any malignant or communicable disease shall be brought into the state: Provided, That the provisions of this section shall not apply to the transportation of horses through the state to points beyond the state lines, to horses or mules temporarily within the state for exhibition purposes, nor to horses and mules owned by persons who live in an adjoining state and who own or lease land in Michigan contiguous to the state line and who may move horses or mules to such land for the purpose of pasturing or in connection with cultivation of said land.

287.21a Feedlots; restriction of cattle sale; tuberculin testing, certificate, nonapplicability; disinfection of facilities.

Sec. 21a. For the purpose of this section an "approved feedlot" is premises maintained for the purpose of feeding cattle over 18 months of age for slaughter. Approved feedlots shall be registered with the department and operated in a manner prescribed by it. Cattle over 12 months of age shall not be sold or otherwise disposed of, or moved to associate with cattle of another owner in this state except when such cattle originate from a herd not under quarantine and have passed a negative tuberculin test conducted within 90 days of date of such sale by a veterinarian approved by the state department of agriculture, or shall originate from a tuberculosis-free accredited herd, or be from a herd of which all members over 2 years of age were negative to a tuberculosis test within 12 months of the date of sale.

The seller or his agent shall furnish the buyer an official certificate of record issued by the director of agriculture certifying that cattle sold for dairy or breeding purposes have qualified with the above tuberculosis testing requirements.

Cattle over 12 months of age shall not be sold or otherwise disposed of, or moved to associate with cattle of another owner, except when such cattle originate from a herd not under quarantine and are accompanied with an official certificate of record issued by the director of agriculture (a) upon furnishing of an officially passed test for brucellosis (Bang's disease), conducted within 90 days prior to such sale, disposal or movement, or (b) upon showing vaccination between the ages of 3 through 7 months with an approved vaccine, by an accredited veterinarian, and permanently identified as a vaccinate in a manner approved by the director of agriculture by the veterinarian on animals under 30 months of age on date of sale, disposal or movement, and on record within the state department of agriculture, or (c) upon cattle originating immediately from certified brucellosis (Bang's disease) free herds, or (d) upon cattle originating immediately from herds not under quarantine, all members of which over 1 year of age were negative to a brucellosis test within 1 year of the date of the sale and located in officially modified certified brucellosis counties, or (e) except that feeder cattle under 18 months of age may be sold on a permit from the director and in a manner prescribed by the director, or (f) except that cattle over 18 months of age may be sold to

an approved feedlot on a permit issued by the department. Such cattle shall be permanently identified in a manner approved by the department.

All female cattle born after July 1, 1970 sold or otherwise disposed of or moved to associate with cattle of another owner for dairy and breeding purposes, after reaching 8 months of age, shall have been officially vaccinated for brucellosis and accompanied by official proof of such vaccination.

Responsibility for furnishing an official certificate of record and proof of vaccination in case of sale or disposal shall rest with the seller or his agent.

Certificates of record required by this section shall not apply to steers, spayed heifers, cattle under 12 months of age or cattle disposed of for slaughter. Cattle disposed of for slaughter shall be accompanied by a bill of sale, invoice or sales slip showing the date of sale and be identified in a manner determined by the director and may be sold or moved as follows:

- (a) Direct to a slaughtering establishment for slaughter within 5 days, or
- (b) To a livestock auction as defined in section 1 of Act No. 284 of the Public Acts of 1937, as amended, being section 287.121 of the Compiled Laws of 1948, or
- (c) To a terminal market.

Under (b) and (c) above cattle shall be moved to a slaughtering establishment for slaughter within 10 days.

Dairy and breeding cattle accompanied by an official certificate of record may be sold at livestock auctions licensed under Act No. 284 of the Public Acts of 1937, as amended, being sections 287.121 to 287.131 of the Compiled Laws of 1948, if such dairy and breeding cattle are handled and housed in separate facilities and pens, and these facilities and pens are not used for other cattle. The alleys and sale rings used for dairy and breeding cattle shall be cleaned and disinfected before each sale and shall not be used by untested slaughter cattle or reactor cattle after cleaning and disinfection prior to use by dairy and breeding cattle. The pens, facilities and cleaning and disinfecting shall be approved by the director.

287.21b Exhibition of cattle at fairs or shows; certificate of record; exemptions, nonresident cattle.

Sec. 21b. It shall be unlawful to offer any resident cattle of this state over 12 months of age at any public fair or livestock show in this state for exhibition purposes except when accompanied by a certificate of record, which shall include a record of negative tuberculin test and a record of negative test for brucellosis (Bang's disease) approved by the director of agriculture which has been furnished the state department of agriculture, both of which tests shall have been conducted within 90 days prior to the opening day of said fair or livestock show and in conformity with regulations which shall be established by the state director of agriculture relating thereto. Copies of such records of tests shall be attached to the entry blank and filed with the secretary of the fair or show. Cattle under 30 months of age may be exhibited if accompanied by an official certificate of calfhood vaccination for brucellosis issued by the director of agriculture showing such cattle to be vaccinated between the ages of 4 through 8 months, with an approved vaccine by an accredited veterinarian and on record with the department of agriculture, without meeting blood test requirement. The certificate required by this section shall not be necessary in the case of cattle identified as not under quarantine and located in Michigan in a modified tuberculosis free area, nor to cattle properly identified as not under quarantine and located in Michigan in a certified brucellosis-free area. All steers, freemartins, spayed heifers and all cattle under 12

months of age are exempt from the requirements of this section. Nonresident cattle entering this state for exhibition purposes only may be exhibited when accompanied by an interstate health certificate from the state of origin certifying that the cattle meet the requirements of this state for importation. The certificate shall bear the signature of the certifying livestock sanitary official of the state of origin, and nonresident cattle may be exhibited for 90 days from the date of issue of the accompanying interstate health certificate.

287.21c Tuberculin test; Bang's disease; branding of reacting cattle.

Sec. 21c. It shall be the duty of every veterinarian making any tuberculin test or who is employed in making any approved test for Bang's disease within the state to file with the state department of agriculture within 5 days after completing such test, the charts thereof, and to furnish the owner of cattle so tested with a certificate showing the result of the tests so made and to brand each reacting animal on the left jaw with the letter "T", if such animal has reacted positively to the tuberculin test and with the letter "B" in case such animal has reacted positively to the test for Bang's disease, such brand in each instance to be of permanent nature and not less than 2 inches high. It shall be unlawful for any person, firm or corporation owning, or in possession of, or in control of any cattle subject to said brand as herein provided to prevent, hinder, obstruct or refuse to allow the director or his duly authorized representative to permanently identify such reacting cattle.

HISTORY: Add. 1956, p. 178, Act 90, Imd. Eff. Apr. 5.

287.26 Swine; importation; health certificate; quarantine; vaccination; ineligibility for indemnification.

Sec. 26. No person, company, association or agent shall import or move any swine into this state except in conformity with the requirements of this section.

(1) Each shipment of swine imported into this state for slaughter purposes shall be delivered only to a slaughterhouse approved by the department of agriculture to receive livestock for slaughter; to a public stockyard where state or federal veterinary inspection is daily maintained or to a market specifically approved to receive swine for slaughter. The swine, upon arrival at the slaughterhouse at destination, shall be killed within 48 hours.

(2) Swine for breeding purposes shall be accompanied by an official interstate health certificate, a copy of which shall be furnished immediately to the state veterinarian. The certificate shall be issued by an accredited veterinarian or a state or federal veterinarian at the point of origin. The health certificate shall certify that the swine have been inspected and found to be free from clinical evidence of contagious or infectious disease, and that they have been vaccinated against hog cholera with inactivated or killed hog cholera vaccine approved by the United States department of agriculture more than 21 days prior and not more than 6 months prior to importation or hog cholera serum or serum concentrate within 5 days of shipment, except that breeding swine originating from hog cholera free states may enter without vaccination. The certificate shall show that breeding swine over 4 months of age were negative to an agglutination test in the 1/25 dilution for brucellosis, conducted in a state or federal laboratory within 30 days of importation, or originated directly from a validated brucellosis free herd of swine.

(3) Swine imported into this state shall be free from clinical evidence of any contagious or infectious disease and shall be transported in disinfected cars or vehicles.

(4) Swine imported for feeding purposes shall be accompanied by a permit from the state veterinarian's office and shall be accompanied by an official interstate health certificate.

(5) All swine imported into this state except those for immediate slaughter shall be identified by individual ear tag or tattoo and shall be held in quarantine for a period of not less than 3 weeks after arrival at destination.

(6) The importation of swine vaccinated for hog cholera with living vaccine is prohibited except upon a special permit issued by the director of agriculture.

(7) On and after January 1, 1971, the importation of swine vaccinated with killed or inactivated hog cholera vaccine is prohibited except upon a special permit issued by the director of agriculture.

(8) The responsibility for obtaining permits to import swine, and assuring that official interstate health certificates prepared in compliance with requirements of this section accompany the swine, rests upon the person purchasing or receiving the imported swine in this state. The person transporting the swine into this state shall be equally responsible for assuring that the swine are accompanied by valid permits and official health certificates required by this section.

(9) No person shall be eligible to receive indemnity payments for any imported swine or any native swine that are comingled [sic] with imported swine destroyed to prevent the spread of contagious or infectious disease that developed or exhibited symptoms of contagious or infectious disease during the 3-week quarantine period provided in this section nor shall any person that has violated any of the requirements of this section be eligible to receive indemnity payments for swine so destroyed.

AN ACT to provide for the prevention and suppression of tuberculosis in live stock; to transfer to the state department of agriculture the powers now given under authorization of law to the boards of supervisors in the several counties and to make an appropriation therefor.

The People of the State of Michigan enact:

287.81 Tuberculosis in livestock; eradication, expense.

Sec. 1. From and after the date on which this act takes effect the state department of agriculture shall take over and direct the work and assume the expense which now under authorization of law may be performed by the boards of supervisors of the several counties in all work connected with the eradication of tuberculosis in live stock. All testing for tuberculosis in live stock shall hereafter be performed under the direction of the state department of agriculture and the expenses for such work and indemnities to be paid shall be paid from moneys in this act appropriated. The intent of the act is to relieve boards of supervisors in the several counties from any and all expenses which under authorization of law may now be incurred and paid for by such board or boards of supervisors.

Act 62, 1931, p. 100; Imd. Eff. May 4.

AN ACT to provide for the protection of the horse and mule industry, and to prevent the spread of communicable diseases among horses and mules within the state.

The People of the State of Michigan enact:

287.101 Imported horses and mules; quarantine.

Sec. 1. Horses and/or mules imported or brought into this state from any other state or province shall be held in quarantine at destination at the expense of the owner or shipper for a period of not less than 10 days, including the date of arrival at destination.

HISTORY: CL 1948, 287.101.

287.102 Imported horses and mules; not to be sold.

Sec. 2. Horses and/or mules affected with influenza, strangles or any communicable disease shall not be sold, traded, given away or allowed to come in contact with or mingled with healthy horses and/or mules.

HISTORY: CL 1948, 287.102.

287.103 Exemption; certificate of health.

Sec. 3. Horses and/or mules to be slaughtered or used for work or service within the state by the owner or shipper importing such horses and/or mules shall be exempt from the provisions of section 1 of this act: Provided, That a proper certificate of health covering such horses and/or mules is furnished to and approved by the state veterinarian at the time of importation. Horses and/or mules owned by persons living in an adjoining state who may use such horses and/or mules for work or service in this state in the regular transaction of business shall be exempt from the provisions of section 1 of this act and the requirement of a certificate of health: Provided, That such horses and/or mules are not sold or disposed of within this state.

HISTORY: CL 1948, 287.103.

287.104 When quarantine provisions invoked.

Sec. 4. Horses and/or mules passing through this state consigned to points outside the state, and horses and/or mules for temporary stay within the state and used for show, exhibition and/or racing purposes, and mares temporarily within the state for breeding purposes, shall be exempt from the provisions of section 1 of this act: Provided, That quarantine provisions provided by law may be invoked in event that it becomes necessary to protect the livestock of the state from a communicable disease.

HISTORY: CL 1948, 287.104.

287.105 Provisional quarantine.

Sec. 5. Horses and/or mules as referred to in sections 3 and 4 of this act shall be considered under provisional quarantine and shall not be sold, traded or given away prior to 10 days following the date of arrival within this state.

HISTORY: CL 1948, 287.105.

287.106 Penalty for misdemeanor.

Sec. 6. Any person violating any of the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction thereof in a court of competent jurisdiction shall be punished by a fine of not less than 50 dollars nor more than 500 dollars, or by imprisonment in the county jail for not less than 30 days nor more than 90 days, or by both such fine and imprisonment in the discretion of the court.

Act 284, 1937, p. 527; Imd. Eff. Jul. 23.

AN ACT to prevent the spread of infectious and contagious diseases of livestock; to require persons, associations, partnerships and corporations engaged in the buying, receiving, selling, transporting, exchanging, negotiating, or soliciting sale, resale, exchange or transportation of livestock to be licensed and bonded by the department of agriculture; to keep a producers' proceeds account; to provide for the refusal, suspension or revocation of such licenses; to provide for weighmasters; to provide for the inspection and disinfection of yards, premises and vehicles; and to provide penalties for the violation of this act. Am. 1945, p. 331-332, Act 237, Eff. Sep. 6;—Am. 1957, p. 413, Act 290, Eff. Sep. 27.

The People of the State of Michigan enact:

287.121 Livestock dealer license; definitions.

Sec. 1. (a) "Department" as used in this act shall mean the Michigan state department of agriculture.

(b) "Director" as used in this act means the director of the department of agriculture.

(c) "Animals" or "livestock" as used in this act shall mean and include horses, ponies, mules, cattle, calves, swine, sheep and goats.

(d) "Dealer" or "broker" as used in this act shall mean any person, copartnership, association or corporation engaged in the business of buying, receiving, selling, exchanging, transporting, negotiating, or soliciting sale, resale, exchange, transportation or transfer of any such animals, but it shall not be construed to include: (1) any railroad or air line transporting animals either interstate or intrastate; (2) any person, association, copartnership or corporation who or which, by dispersal sale, is permanently discontinuing the business of farming, dairying, breeding, or feeding animals; (3) any person, association, copartnership or corporation that sells livestock which has been raised on the premises of such person, association, copartnership or corporation; (4) any butcher, packer or processor to whom animals are delivered and used exclusively for slaughter, or that part of the business of a farmer which consists of buying or receiving animals for breeding, grazing and feeding purposes and the sale or disposal of such animals after the feeding or grazing period of not less than 21 days; (5) terminal livestock markets where agricultural research service of the United States department of agriculture veterinary inspection is daily maintained; (6) occasionally held consignment sales such as breed, 4-H or F.F.A. sales.

(e) "Agent" as used in this act shall mean any person, firm, association, copartnership or corporation buying, receiving, selling, exchanging, transporting, negotiating or soliciting sale, resale, exchange, transportation or transfer of any animals for or on behalf of any dealer or broker.

(f) "Livestock auction" as used in this act shall mean any livestock market where livestock is accepted on consignment and the auction method is used in the marketing of such livestock. A public auction of farm goods by a farmer is not included in this definition of a livestock auction.

(g) "Weighmaster" as used in this act shall mean any person registered under this act who weighs livestock at any livestock market licensed under this act.

HISTORY: Am. 1945, p. 331-332, Act 237, Eff. Sep. 6;—CL 1948, 287.121;—Am. 1957, p. 413, Act 290, Eff. Sep. 27.

COMPILERS' NOTE: The catchlines following the act section numbers were incorporated as part of the act as enacted.

CITED IN OTHER SECTIONS: Sections 287.121 to 287.131 are cited in §§ 287.21a and 287.331.

287.122 Licensing of dealers or brokers.

Sec. 2. No dealer or broker shall engage in or carry on the business of buying, receiving, selling, exchanging, transporting, negotiating or soliciting the sale, resale, exchange, transportation or transfer of any animals within the state unless duly licensed and bonded as hereinafter provided. Such dealer or broker shall be responsible for acts performed or contracts made by any person or individual employed by said dealer or broker in buying, receiving, selling, exchanging, transporting, negotiating or soliciting sale, resale, exchange, transportation or transfer of livestock.

HISTORY: Am. 1945, p. 332, Act 237, Eff. Sept. 6;—CL 1948, 287.122.

287.123 Licensing of livestock dealers or brokers; application, contents, fee; weighmasters; records, bond; transporters, license.

Sec. 3. Each dealer, broker or agent engaged in such business for the purposes aforesaid shall file an application with the department for a license to transact such business. The application shall state the nature of the business, the postoffice address of the applicant and the postoffice address at or from which the business is to be conducted. If the applicant shall operate a livestock yard where livestock is kept and sold at public or private sale the application shall so state. The application may state such additional information as the director of agriculture shall require. The application for license to engage in the business of dealer, broker or agent as herein defined shall be accompanied by a license fee of \$5.00 payable to the director of agriculture and deposited to the general fund. When any livestock is purchased or sold by weight, such licensees shall employ a registered weighmaster who shall be required to do all the weighing. The duties, qualifications and requirements for registration of weighmasters shall be established by the director of agriculture under the provisions of section 9 of this act. The application for such license and bond shall be made to the director of agriculture on or before October first of each year. Each license issued shall be for a period of 1 year commencing October 1 and ending the following September 30. Each dealer, broker or agent operating or conducting a livestock auction shall file with his application for a license and for the period for which such license shall be issued a surety bond by a surety company registered in the state of Michigan to indemnify persons from whom livestock is purchased or for whom livestock is sold; or with such sureties and in such amounts, form and sufficiency as shall be approved by the director of agriculture. The amount of the bond shall be an amount equal to the amount of gross dollar volume of livestock business conducted during the average week of the previous licensing year by the applicant, but in no case less than \$1,500.00. If the average gross weekly livestock business conducted by the applicant during the previous licensing year was greater than \$25,000.00, the bond shall be increased above \$25,000.00, at the rate of \$1,000.00 for each \$5,000.00 or part thereof above \$25,000.00 on the average gross dollar-volume of weekly livestock business conducted during the previous year. A licensee who owns or operates more than 1 livestock yard or livestock auction may file 1 bond in an amount determined by the foregoing formula. Any dealer, broker or agent operating or conducting a livestock yard or livestock auction who has filed a surety bond for such livestock yard or livestock auction which indemnifies persons from whom livestock is purchased or for whom livestock is sold in accordance with the terms of any federal act shall be exempt from the bonding requirements of this section provided the bond is equivalent in amount to that which would be required by this act. The bond shall be for a livestock dealer or broker and his agents in which the department of agriculture shall be the obligee but which shall be for the benefit and purpose of protecting all persons selling or consigning livestock to such licensed dealer, broker or agent against the licensed dealer's, broker's or agent's failure to pay amounts due on livestock purchased by or consigned to them.

Each licensee shall keep such records and shall furnish upon request such information concerning his purchases and sales as may be required by the director for the purpose of establishing the amount of bond required hereunder. The director in fixing the amount of the bond shall take into consideration the dollar volume of livestock business and other information furnished by the livestock dealer, broker or his agent. If a dealer, broker or agent did not operate a livestock auction the previous licensing year, the bond shall be for an amount as shall be established by the director after his consideration of all information available to him on the probable weekly gross dollar volume of business which will be conducted by the dealer, broker or agent during the licensing year. If during any licensing year the bond filed by any licensee becomes less than required by this act because of an increase in gross dollar volume of livestock sales, the director may require the licensee to file an additional bond to cover the increase in gross dollar volume of livestock sales. Failure to comply with the orders of the director shall be reason for suspension or revocation of license. Such bond shall be conditioned upon the faithful performance of his duties as a dealer and on the provisions of law relating to the purchase of livestock by such livestock dealer, and for the payment by said livestock dealer of all livestock purchased by or consigned to such livestock dealer as a dealer in livestock. The fees collected by the director of agriculture shall be turned over to the state treasury and shall be credited to the general fund. The said license shall entitle the holder thereof to conduct the business of dealer or broker as defined in this act at or from the place named in the application: Provided, however, That every business, association, partnership or corporation engaged in the business of transporting livestock, or negotiating or soliciting the transportation or transfer of livestock, and who shall not be engaged in the buying, selling, reselling, exchanging or negotiating or soliciting sale, resale or exchange of such livestock, shall be required to obtain the license provided for in this section but shall not be required to comply with bonding provisions of this act.

Producers' proceeds account, records; sworn statement.

Every dealer, broker or agent shall keep adequate records of the producers' proceeds account as defined in section 3a of this act and of all sales and purchases for a period of 2 years in such manner as shall be required by the director of agriculture, and which records shall be open to inspection by the department of agriculture. Any dealer, broker or agent upon change of address shall notify the director of such change of address within 5 days. Any change in ownership of any livestock auction or market shall be reported to the director within 5 days by the licensee. Each dealer or broker shall file with the director on January 1 of each year a sworn statement of average weekly sales and a statement showing the number and kinds of livestock purchased and sold during the previous year.

HISTORY: Am. 1945, p. 332, Act 237, Eff. Sep. 6;—CL 1948, 287.123;—Am. 1949, p. 297, Act 230, Eff. Sep. 23;—Am. 1957, p. 413, Act 300, Eff. Sep. 27.

287.123a Livestock auction; bond, producers' proceeds account, deposits; record of charges.

Sec. 3a. Each dealer, broker or agent operating a livestock auction, in addition to providing a bond as required by this act, shall maintain a "producers' proceeds account". Within 7 calendar days following each livestock auction the dealer shall deposit in the producers' proceeds account funds which shall be equal to the total amount of money due the livestock sellers or consignors of livestock sold or consigned through the livestock auction. Failure to make such deposits in their entirety shall constitute a violation of this section. The director shall audit from time to time the producers' proceeds account and ascertain whether the provisions of this section are being complied with. All records of the licensed dealer shall be made available to the director for the purposes of auditing the account. The entire sale price of livestock

sold through the auction less commissions, handling charges, service fees and other accepted charges shall be placed in the producers' proceeds account and shall be used to pay the seller or consignor for the livestock and for no other purpose. A record of the commissions, handling charges, service fees and other charges shall be maintained by the licensee and shall be provided to the seller or consignor of the livestock at the completion of the sale.

HISTORY: Add. 1957, p. 415, Act 290, Eff. Sep. 27.

287.124 Dealers or brokers license; revocation, hearing, notice, review; causes for revocation.

Sec. 4. For failure or refusal to obey the provisions of this act, the department may refuse a license or suspend or revoke the license held by such licensee. Whenever the director is satisfied of the existence of any one or more of the reasons for refusing, suspending or revoking the license provided for in this act, before refusing, suspending or revoking the license, the department shall give written notice of a hearing to be had thereon to the licensee affected. The notice shall appoint a time of hearing at the department and shall be mailed by certified or registered mail to the licensee. On the day of the hearing, the licensee may present such evidence to the director as he deems fit regarding the violations charged, and the director shall thereupon render a decision. Any licensee who feels aggrieved at the decision of the director may appeal from said decision within 10 days by writ of certiorari to the circuit court of the county where the licensee resides. The following reasons shall be construed as just cause for refusal, suspension or revocation of a license:

(a) Where the applicant or licensee has failed to pay in full for any amounts due on livestock purchased, or has violated the laws of the state or official regulations promulgated by the director or other competent authority governing the interstate or intrastate movement, shipment or transportation of animals.

(b) Where there have been false or misleading statements to the purchaser as to the health or physical condition of the animal or animals with regard to official tests, ownership, or quantity of animals or misrepresentation in connection therewith, or in the buying or receiving of animals, or receiving, selling, exchanging, soliciting, or negotiating sale, resale, exchange, transport, transfer, weighing, or shipment of animals.

(c) Where the licensee engages in buying or receiving animals, or receiving, selling, exchanging, soliciting, or negotiating the sale, resale, exchange, transport or transfer of animals affected with a communicable disease or diseases that are likely to be transmitted to other animals or human beings: Provided, That subdivision (c) of this section shall not apply to animals which have reacted to any test used for the detection of tuberculosis, and Bang's disease, when said animals are disposed of in conformity with state laws and regulations governing disposal of such animals and when such animals are killed under supervision of a United States department of agriculture research service inspector or a regularly authorized inspector of the state livestock disease control division.

(d) Where the licensee fails to practice measures of sanitation, disinfection, and inspection as required by this act, of premises or vehicles used for the stabling, yarding or transportation of animals.

(e) Where there has been a failure or refusal on the part of the licensee, upon the request of the department, to produce records of transactions in the carrying on of the business for which such license is granted.

287.126 Trucks, yards, pens; requirements as to cleanliness.

Sec. 6. Each dealer, broker or agent leasing, renting, operating or owning any livestock yards, pens, premises or vehicles in which animals are quartered, fed, held or transported shall keep such yards, premises, or vehicles properly cleaned and disinfected as prescribed by the department.

HISTORY: CL 1948, 287.126.

287.127 Inspection of animals; test or treatment, fee; false statements as to physical condition.

Sec. 7. For the purpose of preventing the spread of infection or communicable diseases of livestock, all animals sold, transferred or exchanged from any yards or premises by any dealer, broker, or agent as designated in this act shall be inspected by a representative of the department. The department shall prescribe the proper tests or treatment of any such animal sold when such tests or treatment are deemed necessary to prevent the spread of a communicable disease of livestock. Such test or treatment shall be made by a veterinarian approved by the department, and the fees for such tests or treatment shall be paid by the dealer, broker or agent.

(a) No dealer, broker, agent or owner of any animal shall sell or offer for sale any such animal under an assumed or fictitious name or make any false or misleading statements as to the identity or the physical condition of said animal with regard to any test which is supposed to establish the health status of any animal offered for sale or sold.

HISTORY: CL 1948, 287.127.

287.128 Records of licensee; inspection.

Sec. 8. The department or any of the duly authorized agents shall have authority to inspect the records of any licensee at any time to determine the origin and destination of any livestock handled by the licensee and to determine if any provisions of this act or the rules and regulations promulgated hereunder have been violated.

HISTORY: CL 1948, 287.128.

HISTORY: Rep. 1945, p. 408, Act 267, Imd. Eff. May 25.

Act 134, 1929, p. 303; Imd. Eff. May 7.

AN ACT to provide for the regulation of the sale of live stock and poultry remedies, defining same; to provide for their licensing and registration, labeling, inspection and analyses; to prohibit the sale of fraudulent or adulterated remedies; to provide for guarantees regarding ingredients; to provide for the collection of license fees from manufacturers of or dealers in these remedies; to provide for penalties for the violation of the provisions of this act; to authorize the expenditure of the funds derived from the license fees, and repeal all acts or parts of acts in conflict.

The People of the State of Michigan enact:

287.141 Livestock remedies; defined; remedies excepted.

Sec. 1. The term "live stock remedy" shall be held to include all condimental feeds, medicated stock foods, medicinal stock foods, stock food tonics, stock powders, condition powders, conditioners, animal regulators, proprietary medicines, or any preparations of like nature in either solid or liquid form used for any animal except man, and administered internally for the purported purpose of stimulating, invigorating, curing ailments, or other reasons: Provided, That this act shall not apply to remedies prescribed and used by a veterinarian, regularly licensed in Michigan, for use in connection with his own practice, or to the preparation and sale of remedies by registered pharmacist or registered assistant pharmacists operating in licensed drug stores.

HISTORY: CL 1929, 5218;—Am. 1931, p. 468, Act 283, Eff. Sept. 18;—CL 1948, 287.141.

287.142 Livestock remedies; certificate, contents, filing; sample package, affidavit, filing.

Sec. 2. Before any manufacturer, importer, jobber, firm, association, corporation or person shall sell, offer or expose for sale or distribute in Michigan any live stock remedies, the manufacturer thereof shall file with the commissioner of agriculture a sworn certificate stating: First, name and principal address of the manufacturer or person responsible for placing such live stock remedy on the market; second, the name, brand, or trade mark under which the remedy is to be sold; third, the minimum net contents of the package, lot or parcel of such live stock remedy (expressed by weight in the case of solids and by measure in the case of liquids); and fourth, the English name of each ingredient used in the manufacture of remedy registered: And it is further provided, That when any of the substances, to-wit: Mineral acids; the following elements or their salts,—copper, mercury, lead, chromium, iodine, arsenic and antimony; the following substances or any of their derivatives or preparations,—opium, belladonna, nux vomica, pilocarpus, santonica, areca nut, wormwood, digitalis, strophanthus, calabar bean, aconite, veratrum, croton oil, ergot, cotton root bark, chenopodium, carbon tetrachloride, carbon disulphide, potassium permanganate, phosphorus, and cantharides are included in the ingredients of a live stock remedy, the percentage of such ingredient or ingredients must be stated on the certificate; also that when such substances as common salt, charcoal, sulphur, earth, humus, elevator dust, coal, ashes, soda, oyster shells, oils, or other like substances are used as a "filler," the maximum percentage of each such substance or substances shall be stated; said sworn certificate to be accompanied, when the commissioner of agriculture or his authorized agent shall so request, by a sealed package of such live stock remedy to be sold, offered or exposed for sale, or distributed in this state, and the company or person furnishing said sample shall thereupon make affidavit that the said sample is representative and a true sample of such live stock remedy offered for registration.

HISTORY: CL 1929, 5219;—CL 1948, 287.142.

NOTE: The commissioner of agriculture is superseded by the department of agriculture, see Compilers' § 285.1.

287.143 Livestock remedies; labels; contents, use.

Sec. 3. Every sack, box, carton, bottle or other container of live stock remedy sold, offered or exposed for sale, or distributed within this state, shall have a label affixed thereto in a conspicuous place on the outside thereof bearing a legible and plainly printed statement in the English language clearly and truly certifying: First, the name and principal address of the manufacturer or person responsible for placing such live stock remedy on the market; second, the name, brand, or trade mark under which the live stock remedy is sold; third, the minimum net contents of the sack, box, carton, bottle or other container; and fourth, the English name of each ingredient used in the manufacture of the live stock remedy contained therein, according to the manner required in the sworn certificate as provided in section 2. The United States pharmacopoeia shall be the authority as to terms or standards.

HISTORY: CL 1929, 5220;—CL 1948, 287.143.

287.144 Livestock remedies; license, fees, issuance, term.

Sec. 4. Each and every manufacturer, importer, jobber, firm, association, corporation or person manufacturing, selling or distributing any live stock remedy, as defined in section 1 of this act, shall pay to the commissioner of agriculture on or before the first day of July, A.D. 1929, and annually thereafter, a license fee of 20 dollars for each and every brand or separate live stock remedy sold, offered or exposed for sale, or distributed in this state. Fees so collected shall be paid to the state treasurer and credited to the general fund. Whenever the manufacturer of any live stock remedy shall have complied with the requirements of this section, the commissioner of agriculture shall issue or cause to be issued a license permitting the sale of said live stock remedy which license shall terminate on June the thirtieth following the date of issue.

HISTORY: CL 1929, 5221;—Am. 1933, p. 10, Act 11, Imd. Eff. Feb. 17;—CL 1948, 287.144.

287.145 License; refusal to issue, cancellation; lowering of guaranteed analyses; changing of ingredients.

Sec. 5. The commissioner of agriculture shall have power to refuse license for any live stock remedy under a name, brand or trade-mark which would be misleading or deceptive or which would tend to mislead or deceive as to the materials of which it is composed or for which unfounded prophylactic or curative claims are made or when the specific name of each and every ingredient used in its manufacture is not stated. He shall also have the power to refuse to license more than 1 live stock remedy under the same name or brand. Should any live stock remedy be licensed in this state and it is afterward discovered that such license is in violation of any of the provisions of this act, the commissioner of agriculture shall have the power to cancel such license. The commissioner of agriculture shall have the power to refuse to allow any manufacturer, importer, jobber, firm, association, corporation or person to lower the guaranteed analyses or change the ingredients of any brand or separate live stock remedy, of his or their live stock remedies, during the term for which licensed, unless reasons satisfactory to said commissioner of agriculture are presented for making such change or changes.

HISTORY: CL 1929, 5222;—CL 1948, 287.145.

287.146 One fee and one certificate required for each brand.

Sec. 6. Whenever a manufacturer, importer, jobber, firm, association, corporation or person manufacturing, selling or distributing a brand of "live stock remedy," shall have filed the certificate required by section 2 and paid the license fee, as required by section 4 of this act, no other agent, importer, jobber, firm, association, corporation or person shall be required to file such certificate or pay such fee upon such brand.

HISTORY: CL 1929, 5223;—CL 1948, 287.146.

287.147 Right of access; right to take samples; annual analysis.

Sec. 7. Any authorized agent or agents of the commissioner of agriculture shall have free access during reasonable business hours to all places of business, mills, factories, buildings, vehicles, cars, vessels, and parcels of whatsoever kind used in the manufacture, transportation, importation, sale, or storage of any live stock remedy and shall have the power and authority to open any parcel containing, or supposed to contain, any live stock remedy and to take therefrom official sample or samples for analyses. He shall tender therefor the reasonable price for the sample or samples procured in so far as is practicable and the revenue provided by this act may suffice. It shall be the duty of the commissioner of agriculture to annually cause to be analyzed at least 1 sample so taken of every live stock remedy sold, offered or exposed for sale or distributed in this state.

Act 227, 1935, p. 378; Eff. Sep. 21.

AN ACT to control and prevent the spread of infectious and communicable diseases among live stock and poultry, the regulation and control of the sale of baby chicks at auctions and auction sale barns, requiring permits to conduct such sales, and prescribing certain requirements to prevent the spread of disease; to prescribe penalties for the violation of the provisions of this act; and to declare an emergency.

The People of the State of Michigan enact:

287.161 Permit to offer baby chicks at certain sales.

Sec. 1. Before any baby chicks are offered for sale at any auction or auction sale barn except public sales conducted by farmers selling baby chicks reared on their own premises, a permit shall be secured to offer such baby chicks for sale from the commissioner of agriculture.

HISTORY: CL 1948, 287.161.

NOTE: The commissioner of agriculture is superseded by the department of agriculture, see Compilers' § 285.1.

287.162 Permit to offer baby chicks at certain sales; application, fee, certificate.

Sec. 2. Any person who desires to offer baby chicks for sale at any auction or auction sale barn shall apply for a permit so to do to the commissioner of agriculture, on a form which shall be prescribed and furnished by said commissioner. The application shall be signed by the person who proposes to conduct such sale, together with the person who owns the property in or on which such sale is to be conducted, if the person who proposes to conduct such sale does not own such property. The application shall designate the date of the proposed sale, the number and breed of the chicks which are to be offered for sale and the person by whom they were produced, and shall be accompanied by a fee in the sum of 25 dollars for each and every day or fraction thereof during or on which it is proposed to sell such baby chicks: Provided, That in the case of such sales at fairs approved by the commissioner of agriculture such fee shall be 5 dollars for each and every day or fraction thereof during or on which it is proposed to sell such baby chicks. The commissioner of agriculture is hereby authorized in his discretion to grant or to deny the permit requested in such application, and, if deemed necessary or advisable, to require the applicant to submit a certificate, in such form as the commissioner may prescribe, certifying that the baby chicks which are to be offered for sale are in a healthy condition and free from such diseases as the commissioner of agriculture may designate.

HISTORY: CL 1948, 287.162.

287.163 Label required on container of baby chicks.

Sec. 3. Before any such chicks are offered for sale or sold, each box, crate, coop or other container shall be plainly labeled with appropriate statements designating the kind and number of chicks in each such container, the date on which such chicks were hatched and by whom hatched, and any other representations made at or prior to the time of sale relative to the purity of the breed, the freedom of such chicks from disease and such tests as shall have been made on the parent stock for bacillary white diarrhea, fowl typhoid or tuberculosis.

HISTORY: CL 1948, 287.163.

287.164 Report of sale to commissioner of agriculture.

Sec. 4. Within 3 days after the sale shall have been held, the person who conducted the sale shall send a statement to the commissioner of agriculture giving a complete list of the number and kind of baby chicks sold at such sale, the name and address of each purchaser, together with a copy of the representations and guarantees made in

relation thereto, if any were made by the person who conducted such sale, and the person conducting such sale shall be held to have had full knowledge of the representations and guarantees made at the time of such sale and shall be as fully responsible and liable for any such representations and guarantees as is the person who set forth such representations and guarantees on the containers as provided in section 3 of this act.

HISTORY: CL 1948, 287.164.

287.165 Rules and regulations.

Sec. 5. The commissioner of agriculture is hereby authorized to make such rules and regulations as may be necessary to administer the provisions of this act and to prevent the spread of disease among poultry.

HISTORY: CL 1948, 287.165.

287.166 Expenses.

Sec. 6. The commissioner of agriculture is hereby authorized to incur such expenses as may be necessary in carrying out the provisions of this act. All moneys received under the provisions of this act shall be turned over to the state treasurer and credited to the general fund, and, after the payment of the expenses incurred in the enforcement of this act, shall be available for general fund purposes.

HISTORY: CL 1948, 287.166.

287.167 Definitions.

Sec. 7. The term "baby chick" as used in this act means any domestic fowl under the age of six weeks. The term "person" includes also firms, partnerships and corporations.

HISTORY: CL 1948, 287.167.

287.168 Violation of act; penalty.

Sec. 8. Any person who shall violate any of the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined not more than 100 dollars.

Act 213, 1962, p. 456; Eff. Mar. 28, 1963.

AN ACT to encourage the raising of started pullets; to provide for the inspection and certification as to the age, condition and health of started pullets; to define certain terms; to provide authority to establish and collect fees; to impose certain responsibilities on the department of agriculture; to grant authority to make rules and regulations to carry out the purpose of this act; and to prescribe penalties for violation thereof.

The People of the State of Michigan enact:

287.171 Started pullets; definitions.

Sec. 1. As used in this act:

- (a) "Department" means the state department of agriculture.
- (b) "Director" means the director of the state department of agriculture.
- (c) "Started pullet" means any domestic fowl of the species *gallus domesticus* be—

tween the ages of 7 to 24 weeks intended to be used for the purpose of egg production.

(d) "Inspection" means visual examinations, and any laboratory or other tests made.

HISTORY: New 1902, p. 456, Act 213, Eff. Mar. 28, 1903.

287.172 Started pullets; inspection, certificate.

Sec. 2. Any person offering started pullets for sale may request the director to certify as to the age, condition and state of health of the started pullets. Upon completion of the inspections, the director shall issue a certificate of inspection certifying the age, condition and health of the started pullets.

HISTORY: New 1902, p. 456, Act 213, Eff. Mar. 28, 1903.

287.173 Started pullets; inspection fees.

Sec. 3. The fees sufficient to cover expenses incurred under this act shall be charged for each inspection and promptly forwarded to the state treasurer and credited to the general fund and shall be deposited by him in the state treasury, to be disbursed in such manner and for such purposes as are provided by law.

HISTORY: New 1902, p. 456, Act 213, Eff. Mar. 28, 1903.

287.174 Started pullets; rules and regulations for sanitary conditions and disease control.

Sec. 4. The director may promulgate rules and regulations setting forth the sanitary conditions and other disease control requirements under which certified started pullets shall be grown and handled including inspection of necessary records in order for the director to certify as to their age, condition and state of health, and establish fees, including 20% above actual costs, necessary to carry out the provisions of this act. Rules and regulations shall be in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

HISTORY: New 1902, p. 457, Act 213, Eff. Mar. 28, 1903.

287.175 Started pullets; misrepresentations; violation of act or rules; criminal and civil liability.

Sec. 5. Any person who misrepresents the age, condition or state of health of certified started pullets sold or offered for sale, or otherwise violates the provisions of this act or the rules and regulations promulgated hereunder, is guilty of a misdemeanor and shall be liable for twice the loss or damages suffered by the purchaser of the pullets misrepresented.

Act 72, 1929, p. 181; Eff. Aug. 28.

AN ACT to encourage the breeding of horses; to regulate the public service of stallions; to require the registration of stallions; to provide for the compilation and publication of statistics relative to horse breeding; to provide for a lien; to provide penalties for the violation of this act; and to repeal Act No. 256 of the Public Acts of 1911, as amended by Act No. 75 of the Public Acts of 1921.

The People of the State of Michigan enact:

287.201 Stallions; enrollment, certificate; definitions.

Sec. 1. Every person, firm, association or company offering for use for public service any stallion in this state shall cause the name, description, pedigree and physical con-

dition of such stallion to be enrolled by the commissioner of agriculture and shall procure a certificate of such enrollment from said commissioner. The word "stallion" whenever used in this act shall be construed to include "jack." The word "mare" whenever used in this act shall be construed to include "jenny."

HISTORY: CL 1929, 5278;—CL 1948, 287.201.

FORMER ACT: Act 256 of 1911, being CL 1915, 14881-14890.

287.202 Enrollment certificate; procedure to obtain.

Sec. 2. In order to obtain the enrollment certificate hereinafter provided for, the owner of each stallion shall forward to the commissioner of agriculture the stud book, certificate of registration, and any other document that may be necessary to define and describe such stallion, his breeding and ownership. The commissioner of agriculture shall examine and pass upon the merits of such pedigree and shall use as his standard of action the stud books and signatures of the duly authorized officers of the various pedigree registration associations, societies or companies recognized by him. Upon verification of the pedigree or certificate of breeding the commissioner of agriculture shall notify the owner of such stallion to this effect and shall proceed to examine such stallion at the owner's premises to determine the condition of soundness of such stallion. The commissioner of agriculture shall authorize the state veterinarian or his regularly appointed representative, to proceed at the time and place designated in said notice to said owner to make an examination of such stallion and shall certify to the best of his knowledge and belief the physical condition of such stallion, specifying the nature and extent of unsoundness, if any, of such stallion, and shall immediately forward such certificate to the office of said commissioner of agriculture.

HISTORY: CL 1929, 5279;—CL 1948, 287.202;—Am. 1949, p. 257, Act 224, Eff. Sep. 23.

287.203 Advertising stallions.

Sec. 3. Every bill or poster issued by the owner of any stallion licensed under the provisions of this act, or used by him or his agent for the purpose of advertising such stallion, shall contain a copy of the certificate of enrollment of such stallion, and said bills or posters shall not contain illustrations, reference to pedigree or other statements that are untruthful or misleading. Reference to such stallions in newspapers, stock papers and other advertising mediums shall contain the name of such stallion, number of certificate of enrollment, and shall designate in letters not smaller than pica the true breeding of such stallion as given in said certificate of enrollment.

HISTORY: CL 1929, 5280;—CL 1948, 287.203.

287.204 Enrollment certificate; issuance, contents; refusal to issue; posting.

Sec. 4. The commissioner of agriculture shall issue enrollment certificates. Such enrollment certificate shall have a distinctive number and be such as to show the true breeding and physical condition of the stallion enrolled. The commissioner of agriculture may refuse to issue an enrollment certificate for any stallion in which stallion the presence of any 1 of the following named diseases in a transmissible, hereditary or contagious form shall be shown so as to render such stallion unsuitable to improve the horse stock of the state: Cataract; amaurosis (glass eye); periodic ophthalmia (moon blindness); laryngeal hemiplegia (roaring or whistling); pulmonary emphysema (heaves, broken wind); chorea (St. Vitus' dance, crampiness, shivering, string halt); bone spavin; ringbone; side bone; navicular disease; bog spavin; curb, with curby formation of hock; glanders, farcy; maladie du coit; urethral gleet; mange; melanosis; or any contagious or infectious disease. The commissioner of agriculture may refuse to issue an enrollment certificate for any stallion deemed unfit to improve the horse stock of the state. The owner of any stallion to whom an enrollment certificate shall be issued shall post and keep affixed copies of such enrollment certificate in a conspicuous

place both within and upon the outside of every building where such stallion is kept for public service.

287.205 Enrollment fees; expiration of certificate, renewal; transfer of ownership, fee; death; disposition of fees.

Sec. 5. A fee of 5 dollars shall be paid, by the owner of each stallion offered for enrollment, to the commissioner of agriculture at the time of the first application for a certificate of enrollment. The fee so paid shall be in full for the examination and enrollment of such pedigree, the physical examination of such stallion, and the issuance of a certificate of enrollment. Enrollment certificates shall expire December thirty-first of the year immediately following the year in which issued. The owner of any stallion whose certificate of enrollment has expired may make application for a new certificate of enrollment by filing with the commissioner of agriculture the last issued certificate of enrollment and paying a fee of 3 dollars on or before March fifteenth, in the year following such expiration, and a new certificate of enrollment shall be issued by the commissioner of agriculture to the owner of such stallion. Such certificate of enrollment shall expire December thirty-first of the year immediately following the year in which issued. Upon transfer of ownership of any stallion enrolled under the provisions of this act, the certificate of enrollment must be transferred to the new owner by the commissioner of agriculture upon submittal of satisfactory proof of such transfer of ownership and upon the payment of a fee by the owner of such stallion of 1 dollar. In case of death or change of ownership of any stallion enrolled under the provisions of this act, the owner of the same shall immediately inform the state commissioner of agriculture. All fees received by the commissioner of agriculture under the provisions of this act shall be paid into the state treasury to be credited to the general fund.

HISTORY: CL 1929, 5282;—CL 1948, 287.305.

287.206 Powers of commissioner.

Sec. 6. The commissioner of agriculture is hereby authorized to provide for official examination of pedigrees and certificates of breeding and ownership, to issue license certificates for stallions enrolled under this act, to compile and publish statistics relative to horse breeding in Michigan and other information of value to the horse breeders of this state, and to incur such other reasonable expenses as may be necessary to carry out and enforce the provisions of this act.

HISTORY: CL 1929, 5283;—CL 1948, 287.306.

NOTE: The commissioner of agriculture is superseded by the department of agriculture, see Compilers' § 235.1.

287.207 Complaint; revocation of certificate; use of unenrolled stallion prohibited; exception.

Sec. 7. The commissioner of agriculture shall have the right at any time to take cognizance of any complaint reporting unsoundness of any stallion enrolled under the provisions of this act, and to examine such stallion if deemed necessary. In case any such stallion upon such examination shall be found to be unsound or not suitable to improve the horse stock of this state, the commissioner of agriculture shall revoke the certificate of enrollment issued to the owner of such stallion. No person, firm, company or association shall offer for use for public service, in this state any stallion which is not enrolled under the provisions of this act. The breeding of any mare with any stallion or jack shall be construed as offering said stallion or jack for public service: Provided, That nothing in this act shall be construed to prevent the individual owner of any unlicensed stallion or jack from breeding any mares kept on his own premises and of which mares he is the bona fide and sole owner.

287.208 Stallions imported; examination, certification, fee.

Sec. 8. Every stallion brought into this state from another state or from a foreign country to be offered for sale or for public service shall, before any such sale or use is made, be examined by the state veterinarian, or his official representative, and certified by said state veterinarian, or his representative, that said stallion is free from hereditary, contagious, or transmissible unsoundness or disease and is of good formation and breed type and suitable to improve the horse stock of this state. A fee of 5 dollars shall be paid therefor before such examination is conducted: Provided, If application is made for enrollment before such examination is made said 5 dollars will also cover fee for enrollment.

HISTORY: CL 1929, 5285;—CL 1948, 287.208.

287.209 Violation of act; penalty.

Sec. 9. Any person, firm, company or association violating any of the provisions of this act shall be deemed guilty of a misdemeanor, and shall upon conviction thereof be punished by a fine of not less than 25 dollars nor more than 100 dollars, or by imprisonment in the county jail not more than 30 days, or by both such fine and imprisonment in the discretion of the court.

HISTORY: CL 1929, 5286;—CL 1948, 287.209.

287.210 Lien for service of stallion, filing; sale of mare or foal; lien.

Sec. 10. Having complied with the provisions of this act, the owner of any stallion shall have a lien for the sum stipulated to be paid for the service thereof, upon the mare served by any such stallion in breeding thereof, and upon the offspring of such stallion by filing at any time within 18 months after the date of service, a statement of the account thereof, together with a description as to color, and white markings of the female served, and the name of the owner at the date of service, in the office of the register of deeds of the county wherein the owner of said female resided at the time of service. Such lien shall exist for a period of 1 year from the date of foaling of said colt, or if credit is given, from the expiration of the credit, and shall have priority over all other liens and encumbrances upon the offspring. Neither the mare nor the foal shall be sold within 18 months after the date of service, unless the service fee shall be paid, unless such sale shall be agreed to and approved in writing by the owner of the stallion at the time of the sale or transfer of the mare or foal. At any time after the offspring shall have been foaled, any person having such lien may enforce the same by the same proceedings and in the same manner as is provided by sections 13189 to 13192, inclusive, of the Compiled Laws of 1929: Provided, however, That the owner of any such stallion may institute suit to collect the lien in the county in which the mare is served.

Sec. 2. Any person, partnership, firm or corporation desiring a license to engage in such business shall file an application with the state department of agriculture for such license. Such applicant shall, at the time he files such application, pay to the state department of agriculture the sum of \$25.00 annual license fee for each place of business where he intends to dispose of the bodies of dead animals or any parts thereof by burying, burning or cooking; the sum of \$10.00 annual license fee for each transfer station established; and the sum of \$5.00 annual license fee for each truck or conveyance used to transport bodies or any parts thereof of dead animals, payable on or before July 1 of each year. The state department of agriculture shall within a reasonable time inspect the place where such applicant desires to conduct such business, and shall ascertain whether or not such applicant is a responsible and suitable person, partnership, firm or corporation to be intrusted with a license to conduct such business. If the state department of agriculture finds that such applicant is a responsible and suitable person, partnership, firm or corporation to conduct such business and that the place where such business is to be conducted is a suitable and sanitary place in which to dispose of the bodies of dead animals or any parts thereof, and that the same conforms to the rules and regulations by it made, it shall issue a license to such applicant. In case the state department of agriculture shall find that the place where such applicant proposes to

conduct such business is not a suitable and sanitary place in which to carry on such business, it shall notify the applicant in what particulars such place fails to meet the requirements of this act and the rules and regulations by it made. Upon being notified by the applicant that the defects in such place have been remedied and that he believes that such place conforms to the requirements of the act and to said rules and regulations, the state department of agriculture shall make a second inspection as above provided, but shall not be required to make more than 2 inspections in the same place under 1 application. In case such applicant is refused a license, no part of the fee paid by him shall be repaid to him, but the same shall belong to the state. All moneys received under the provisions of this act shall be paid promptly into the state treasury to be credited to the general fund.

287.232a Bodies of dead animals; hauling, transportation, transfer, disposal; advertisement; restrictions, exceptions.

Sec. 2a. No person, partnership, firm or corporation, except one holding a license, or who is otherwise excepted by this act, shall either haul or transport over any highway of this state, or dispose of to any person, partnership, firm or corporation, the bodies of any dead animals or any parts thereof in any manner herein described, or in any other manner not permitted by law.

Any person, partnership, firm or corporation, except one holding a license to transport the bodies of dead animals or any parts thereof or to operate a disposal plant or transfer station in this state, or who is otherwise excepted by this act, who shall advertise either in any newspaper having a general circulation in any county of this state, wheresoever published, or in any manner by written, printed, typed or painted matter of any character, or by signs or any kind of other devices, whereby he shall indicate that he is engaged in transporting and disposing of dead animals or any parts thereof in any manner and for any purpose not excepted in this act; or who shall obtain from any other person, by purchase or otherwise, the body of any such dead animal, in whole or in any part, for the purpose of transporting the same over any highway of this state and of disposing of the carcass, or the grease, or other products, of such dead animal or any parts thereof, to any person or by any method designed to effect a profit therefrom for himself, shall be guilty of violating this act, and shall be subject to all the penalties of this act.

No person, partnership, firm or corporation, except as herein provided, may operate transfer stations or haul or transport over the highways of this state, the bodies of any dead animals or any parts thereof, except those that have been slaughtered and are intended for human food, without first obtaining and holding a license issued under the provisions of this act. The provisions of this act shall not prevent the original owner at the time of death of the animal from transporting such animal over the highways of this state to a transfer station or rendering plant licensed under this act.

287.233 Disposal plant; specifications, drainage, sanitation; burial, burning; vehicles; transfer stations.

Sec. 3. No place shall be deemed a suitable or sanitary place for disposing of the bodies of dead animals or any parts thereof unless it conforms to the following specifications:

A building adapted to the purpose intended, provided with concrete or cement floors and provided with good drainage and thoroughly sanitary and properly equipped with steel tanks, enclosed driers and condensers, so that there may be no escape of odors in the air. All carcasses or any parts thereof so disposed of shall be re-

duced by steam. All tanks shall be air tight, except proper escapes for live steam used in cooking, such steam to be disposed of so as not to cause unnecessary annoyance or a nuisance. All skinning and dismembering of bodies shall be done within such building, so that no annoyance shall be caused by the unsightly appearance of such bodies. Such place shall be so situated, arranged and conducted as not to interfere with the comfortable enjoyment of life and property of the citizens of this state.

The floor space in a reduction plant where dead animals are skinned and dismembered shall be thoroughly washed and cleaned at the end of each day's operation. The interior of the plant, including equipment, shall be kept clean and free from accumulated filth. Sewers and drains shall be flushed and cleaned regularly to insure proper drainage. All unloading platforms that extend any distance out from main buildings shall be so constructed as to insure proper cleaning and drainage. Drainage shall not be out onto the surrounding surface. All buildings shall be kept in good repair at all times.

In case such bodies or any parts thereof are disposed of by burying, they shall be buried to such a depth that no part of any such body shall be nearer than 4 feet to the natural surface of the ground and every part of such body or carcass shall be covered with quicklime and by at least 4 feet of earth. In case such bodies or any parts thereof are disposed of by burning, the place for such burning shall be so located, constructed and arranged as to cause no annoyance to any of the citizens of this state by such burnings and so as not to interfere with the comfortable enjoyment of life or property. All parts of such bodies not entirely consumed by such burning shall be disposed of by burying as above provided, or in such other manner as may be directed by the state department of agriculture. All carcasses or any parts thereof of animals dying from disease or accident shall be disposed of in the manner above provided within 24 hours. Nothing in this act shall prohibit the person owning any animals at the time of the death of such animals from skinning the body of such animals in the open and on his own premises, provided it is done without annoyance to the public.

All trucks or vehicles used for the handling or hauling of dead animals, or any part thereof, the disposition of which comes within the meaning of this act, shall be equipped with bodies made of nonabsorbent material and so constructed as to prevent a leakage or a seepage of any material from the aforesaid truck or vehicle at any time. Three sides of the truck body shall extend upwards not less than 24 inches in height and the tail gate attached to the truck body when closed shall extend upwards not less than the same height as the sides. The rear end of the floor of the truck body shall be flanged upward, and welded to the floor, to a height of not less than 2 inches. Suitable coverings or tarpaulins shall be carried and used to completely cover the truck body and load at all times when the truck is loaded or in transit to the point of destination.

All trucks, vehicles, containers and tarpaulins, used in connection with the handling or transportation of dead animals or any parts thereof or material for rendering, shall be kept cleaned and properly disinfected. When such trucks or vehicles have been used to haul or handle any animals or parts of animals which have died or have been killed as the result of an infectious or contagious disease, such truck or vehicle shall be cleaned and thoroughly disinfected after unloading at point of destination, and before going on to any highway or premises other than those where such animals or parts of animals are delivered.

The transfer of the dead bodies of animals or parts thereof, except those parts contained in drums or similar containers, from 1 conveyance to another shall be done at a transfer station. The transfer station shall be so situated as to not create an annoyance or a nuisance to the citizens of the state of Michigan. The transfer station loading platform shall be provided with a concrete or cement platform and be provided with good

drainage. There shall be running water available at the transfer station so that the platform and equipment may be thoroughly cleaned and kept in a sanitary condition. The drainage shall be connected to a sewer line which passes through a sewage disposal plant or to a cesspool or septic tank, such cesspool or septic tank to be provided with adequate drainage beds. Drainage from the transfer station shall not be discharged on the surface of the ground nor directly in any stream. It shall be illegal for transfer stations to have refrigeration units or walk-in coolers on their premises.

287.235 Inspection before license issued.

Sec. 5. Before the state department of agriculture shall issue to any person, firm or corporation a license under the provisions of this act it shall inspect the place where such business is to be conducted and shall see that such place conforms to the specifications provided for in this act and to the rules made thereunder.

HISTORY: CL 1929, 5297;—CL 1948, 287.235.

287.236 Annual inspection; suspension or revocation of license; notice, hearing.

Sec. 6. The state department of agriculture shall inspect each place licensed under this act at least once each year and as often as it deems necessary, and shall see that the licensee conducts the business in conformity to this act and to the rules and regulations by it made and established. For a failure or refusal to obey the provisions of the act or said rules and regulations by any licensee, the state department of agriculture shall suspend or revoke the license held by such licensee. Before revoking any license, the commissioner of agriculture shall give written notice to the licensee affected, stating that he contemplates the revocation of the same and giving his reasons therefor. Said notice shall appoint a time of hearing before said commissioner and shall be mailed by registered mail to the licensee. On the day of hearing, the licensee may present such evidence to the commissioner as he deems fit, and after hearing all the testimony, the commissioner shall decide the question in such manner as to him appears just and right. Any licensee who feels aggrieved at the decision of the commissioner may appeal from said decision within 10 days by writ of certiorari to the circuit court of the county where licensee resides.

Act 339, 1919, p. 603; Eff. Aug. 14.

AN ACT relating to dogs and the protection of live stock and poultry from damage by dogs; providing for the licensing of dogs; regulating the keeping of dogs, and authorizing their destruction in certain cases; providing for the determination and payment of damages done by dogs to live stock and poultry; imposing powers and duties on certain state, county, city and township officers and employes, and to repeal Act No. 347 of the Public Acts of 1917, and providing penalties for the violation of this act.

The People of the State of Michigan enact:

287.261 Dog law of 1919; short title; definitions.

Sec. 1. (1) This act shall be known and may be cited as the "dog law of 1919 of the state of Michigan".

(2) For the purpose of this act:

(a) "Live stock" means horses, stallions, colts, geldings, mares, sheep, rams, lambs, bulls, bullocks, steers, heifers, cows, calves, mules, jacks, jennets, burros, goats, kids and swine, and fur-bearing animals being raised in captivity.

(b) "Poultry" means all domestic fowl, ornamental birds and game birds possessed or being reared under authority of a breeder's license pursuant to Act No. 191 of the Public Acts of 1929, as amended, being sections 317.71 to 317.85 of the Compiled Laws of 1948.

(c) "Owner" when applied to the proprietorship of a dog means every person having a right of property in the dog, and every person who keeps or harbors the dog or has it in his care, and every person who permits the dog to remain on or about any premises occupied by him.

(d) "Kennel" means any establishment wherein or whereon dogs are kept for the purpose of breeding, sale, or sporting purposes.

(e) "Police officer" means any person employed or elected by the people of the state of Michigan, or by any municipality, county or township, whose duty it is to preserve peace or to make arrests or to enforce the law, and includes game, fish and forest fire wardens and members of the state police.

HISTORY: CL 1929, 5245.—CL 1948, 287.261.—Am. 1959, p. 45, Act 42, Eff. Mar. 19, 1960.

CITED IN OTHER SECTIONS: Sections 287.261 to 287.290 are cited in §§ 287.394 and 600.8511.

287.262 Dogs; licensing, tags, leashes.

Sec. 2. It shall be unlawful for any person to own any dog 6 months old or over, unless the dog is licensed as hereinafter provided, or to own any dog 6 months old or over that does not at all times wear a collar with a tag approved by the director of agriculture, attached as hereinafter provided, except when engaged in lawful hunting accompanied by its owner or custodian; or for any owner of any female dog to permit the female dog to go beyond the premises of such owner when she is in heat, unless the female dog is held properly in leash; or for any person except the owner or authorized agent, to remove any license tag from a dog; or for any owner to allow any dog, except working dogs such as leader dogs, guard dogs, farm dogs, hunting dogs, and other such dogs, when accompanied by their owner or his authorized agent, while actively engaged in activities for which such dogs are trained, to stray unless held properly in leash.

287.263 Repealed. 1969, p. 378, Act 195, Eff. Mar. 20, 1970.

Section provided that every dog shall at all times between sunset of each day and sunrise of the following day be confined upon premises of owner or custodian, except when said dog is otherwise under reasonable control of some person.

287.264 Supervision and enforcement; citations.

Sec. 4. The state livestock sanitary commission shall have the general supervision over the licensing and regulation of dogs and the protection of livestock and poultry from dogs, and may employ all proper means for the enforcement of this act and all police officers of the state, county, municipality or township shall be at its disposal for that purpose. Any dog warden and deputy dog warden and any law enforcement officer of the state shall issue a citation to the owner of any dog over 6 months of age without a valid dog license.

287.265 Tags, blanks and license forms.

Sec. 5. It shall be the duty of the state live stock sanitary commission to purchase from time to time, as may be necessary, a sufficient number of tags for the state of Michigan, which tags shall be purchased from such commission by the treasurers of

the counties as the same may be needed to comply with the provisions of this act. Such tags shall be sold at cost to the said treasurers. The state treasurer is hereby authorized to advance to the said commission, out of any funds of the state, such sum of money as may be necessary from time to time to pay for the tags so purchased by the state live stock sanitary commission, which sum shall be repaid to the state treasurer from the money collected from the county treasurers in payment for the tags. The said commission is hereby authorized to extend 30 days' credit to any county treasurer for tags so purchased. The commission shall also furnish to each county treasurer, on or before November fifteenth of each year, a book containing proper forms for issuing dog licenses required in his county, together with the necessary blanks for the use of the supervisors and assessors of such county; such books and blanks shall be furnished to said commission by the board of state auditors without cost to said commission. The tags required by this act shall be not more than 1 ½ inches in length and uniform in shape throughout the state, the general shape of which shall be changed from year to year; such tags shall have impressed upon them the calendar year for which they are issued and shall bear the name of the county issuing them and shall be numbered consecutively.

NOTE: See note under preceding section.

287.266 Dog license; application, contents, proof of vaccination; fee, powers of supervisors; fee increase.

Sec. 6. On or before March 1 of each year the owner of any dog 6 months old or over, except as provided in section 14, shall apply to the county, township or city treasurer or his authorized agent, where the owner resides, in writing, for a license for each dog owned or kept by him. The board of supervisors of any county of this state may by resolution extend the time for application for license until June 1 of any year, and wherever the date of March 1 is used in this section, the same shall be June 1 as applied to such county. Such application shall state the breed, sex, age, color and markings of such dog, and the name and address of the last previous owner. Such application for a license shall be accompanied by proof of vaccination of the dog for rabies by a certificate of vaccination for rabies, with a vaccine licensed by the United States department of agriculture, signed by an accredited veterinarian, the expiration date of the certificate of vaccination shall not be earlier than December 31 of the year for which the dog license is issued.

The board of supervisors shall require, by resolution of a majority of the board, that at the time of making the application the owner shall pay the following license fee: If the application is made before March 1, the same shall be accompanied by a license fee of \$1.00 for each male dog or unsexed dog; and \$2.00 for each female dog; if the application if [sic] made on or after March 1, the same shall be accompanied by a license fee of \$2.00 for each male dog or unsexed dog; and \$4.00 for each female dog. The board of supervisors of any county in this state in which the collections of the fees hereinbefore prescribed shall exceed the amount of money necessary to pay the necessary fees and damages caused by dogs, as provided in this act, in such county, by resolution, may reduce such fees to an amount deemed necessary by the board to bring in sufficient funds to pay the damages caused by dogs, as provided in this act, in such county. The board of supervisors of any county in this state in which the collections of the fees hereinbefore prescribed shall not be sufficient to pay the necessary fees and damages caused by dogs, as provided in this act, in such county, by resolution, may increase such fees to an amount deemed necessary by the board to bring in sufficient funds to pay the damages caused by dogs, as provided in this act, in such county.

287.270 Kennel; definition; license; fee, tags; inspection, rules; exception.

Sec. 10. For the purposes of this act, a kennel shall be construed as an establishment wherein or whereon 3 or more dogs are confined and kept for sale, boarding, breeding or training purposes, for remuneration, and such kennel facility shall be so constructed as to prevent the public or stray dogs from obtaining entrance thereto and gaining contact with dogs lodged in the kennel. Any person who keeps or operates a kennel may, in lieu of individual license required under this act, apply to the county treasurer for a kennel license entitling him to keep or operate a kennel. Proof of vaccination of dogs against rabies shall not be required with such application. Such license shall be issued by the county treasurer on a form prepared and supplied by the director of the department of agriculture, and shall entitle the licensee to keep any number of dogs 6 months old or over not at any time exceeding a certain number to be specified in the license. The fee to be paid for each kennel license shall be \$10.00 for 10 dogs or less, and \$25.00 for more than 10 dogs. A fee of double the original license fee shall be charged for each previously licensed kennel, whose kennel license is applied for after June 1. With each kennel license the county treasurer shall issue a number of metal tags equal to the number of dogs authorized to be kept in the kennel. All such tags shall bear the name of the county issuing it, the number of the kennel license, and shall be readily distinguishable from the individual license tags for the same year.

The county treasurer or county dog warden shall not issue a kennel license for a new kennel under the provisions of this act unless the applicant furnishes an inspection certificate signed by the director of the department of agriculture, or his authorized representative, stating that the kennel to be covered by the license complies with the reasonable sanitary requirements of the department of agriculture, and that the dogs therein are properly fed and protected from exposure commensurate with the

breed of the dog. The director of the department of agriculture shall promulgate reasonable rules with respect to any such inspections in the manner prescribed by law. The inspection shall be made not more than 30 days before filing the application for license. The provisions of this act shall not be effective in the counties of this state that are operating under the provisions of section 16 wherein the board of supervisors have appointed a county dog warden with certain powers and duties, unless such counties by a resolution duly adopted by the board of supervisors accept the provisions of this act.

Section required that any dog, 6 months old or over, sold by licensed kennel to new owner residing in any county where proof of vaccination is required with application for dog license, shall be vaccinated by such kennel.

287.270b Kennel licenses; issuance by dog warden.

Sec. 10b. Any city, township or village having in its employment a full time dog warden may adopt an ordinance providing for the issuance of kennel licenses by the dog warden on the same terms, conditions and fees as is provided in section 10. Upon the adoption of such an ordinance the city, township or village shall be excepted from the provisions of sections 10, 10a and 11 of this act.

HISTORY: Add. 1968, p. 157, Act 132, Eff. Mar. 10, 1967.

287.271 Rules governing kennel dogs.

Sec. 11. The licensee of a kennel shall, at all times, keep 1 of such tags attached to a collar on each dog 4 months old or over kept by him under a kennel license. No dog bearing a kennel tag shall be permitted to stray or be taken anywhere outside the limits of the kennel. This section does not prohibit the taking of dogs having a kennel license outside the limits of the kennel temporarily and in leash, nor does it prohibit the taking of such dogs out of the kennel temporarily for the purpose of hunting, breeding, trial or show.

287.272 Lost tags.

Sec. 12. If any dog tag is lost, it shall be replaced without cost by the county treasurer, upon application by the owner of the dog, and upon production of such license and a sworn statement of the facts regarding the loss of such tag.

HISTORY: CL 1929, 5256;—CL 1948, 287.272.

287.273 License and tag; transferability.

Sec. 13. No license or license tag issued for 1 dog shall be transferable to another dog. Whenever the ownership or possession of any dog is permanently transferred from 1 person to another within the same county, the license of such dog may be likewise transferred, upon notice given to the county treasurer who shall note such transfer upon his record. This act does not require the procurement of a new license, or the transfer of a license already secured, when the possession of a dog is temporarily transferred, for the purpose of hunting game, or for breeding, trial, or show, in the state of Michigan.

HISTORY: CL 1929, 5257;—CL 1948, 287.273.

287.274 Duties of township or city treasurer; fees; performance of duties by city clerk.

Sec. 14. Every township or city treasurer in the state shall, on or before December first, 1925, and of each year thereafter, make application to the county treasurer for the necessary license blanks and tags for the ensuing year and after receipting therefor may issue dog licenses and tags in like manner, and upon like application as prescribed for the issuing of licenses by the county treasurer. Each township or city treasurer

shall not later than March first of each year return to the county treasurer all unused tags, together with the book or books from which he has issued dog licenses, with the stubs therein contained properly filled out, and showing the names of each license and the number of each license issued to him and a full description of each dog licensed by him. He shall also on or before March first of each year pay over all moneys received by him for issuing licenses less 15 cents for each license issued, to pay him for issuing and recording the same. Any city may, by resolution of its legislative body, provide that its clerk shall perform the duties by this act imposed on its treasurer. Upon the adoption of such a resolution, the treasurer of such city shall not be required to issue licenses under this act but the clerk of such city shall thereupon perform, in like manner and under like terms and conditions, and with like compensation, all of the duties imposed upon city treasurers by this act.

287.275 County treasurer's record; inspection.

Sec. 15. The county treasurer shall keep a record of all dog licenses, and all kennel licenses, issued during the year in each city and township in his county. Such record shall contain the name and address of the person to whom each license is issued. In the case of an individual license, the record shall also state the breed, sex, age, color, and markings of the dog licensed; and in the case of a kennel license, it shall state the place where the business is conducted. The record shall be a public record and open to inspection during business hours. He shall also keep an accurate record of all license fees collected by him or paid over to him by any city or township treasurer.

HISTORY: CL 1929, 5259;—CL 1948, 287.275.

287.276 Listing of dogs; report to county treasurer; fees; dog wardens, term, compensation.

Sec. 16. The supervisor of each township and the assessor of every city, annually, on taking his assessment of property as required by law, may make diligent inquiry as to the number of dogs owned, harbored or kept by all persons in his assessing district; and on or before June 1, make a complete report to the county treasurer, for his county, on a blank form furnished by the director of agriculture, setting forth the name of every owner, or keeper, of any dog, subject to license under this act, how many of each sex are owned by him, and if a kennel license is maintained such fact shall be also stated. Every supervisor or assessor shall receive for his services in listing such dogs at a rate determined by the board of supervisors for each dog so listed, which sums shall be paid out of the general fund of the county. In any city having a population of 5,000 or more, the county board of supervisors may by resolution appoint for a term of 2 years, a dog warden, who shall perform in and for the city all the duties which this act prescribes for the supervisors of townships, and who shall receive the same compensation as is herein provided for supervisors. The board of supervisors of any county may, by resolution, appoint for the county for a term of 2 years a dog warden or dog wardens whose duties and compensation shall be such as shall be prescribed by the board of supervisors and who may be delegated the duties required by this section to be performed by the supervisors and assessors without extra compensation.

287.277 Comparison of dog lists and license records; killing of unlicensed dogs.

Sec. 17. On June 15 of each year the county treasurer may make a comparison of his records of the dogs actually licensed in each city or township of his county with the re-

port of the supervisor of said township or assessor of said city or county dog warden, to determine and locate all unlicensed dogs. On and after June 15 of each year every unlicensed dog, subject to license under the provisions of this act, is declared to be a public nuisance and the county treasurer shall immediately thereafter list all such unlicensed dogs, as shown by the returns in his office of the supervisors and assessors, and shall deliver copies of such lists to the sheriff and prosecuting attorney of said county and to the commissioner of agriculture. On receiving from the county treasurer the name of any owner of any unlicensed dog, the prosecuting attorney shall at once commence the necessary proceedings against the owner of said dog, as required by the provisions of this act. It shall also be the duty of the sheriff or any member of the state constabulary to locate and kill, or cause to be killed, all such unlicensed dogs. Failure, refusal or neglect on the part of any sheriff to carry out the provisions of this section shall constitute nonfeasance in office.

287.278 Killing of dogs; duty of officer; fee.

Sec. 18. It shall be the duty of every police officer, on complaint, to kill any dog or dogs which are found outside of an incorporated city, running at large and unaccompanied by owner or keeper. For killing and burying dogs herein described, the sheriff or other police officer shall be entitled to a fee of 1 dollar for each dog killed and buried.

287.279 Killing of dogs; justification.

Sec. 19. Any person may kill any dog which he sees in the act of pursuing, worrying or wounding any live stock or poultry or attacking persons, and there shall be no liability on such person in damages or otherwise, for such killing. Any dog that enters any field or enclosure which is owned by or leased by a person producing live stock or poultry, outside of an incorporated city, unaccompanied by his owner or his owner's agent, shall constitute a private nuisance, and the owner or tenant of such field or other enclosure, or his agent or servant, may kill such dog while it is in the field or other enclosure without liability for such killing. Except as provided in this section, it shall be unlawful for any person, other than a police officer, to kill or injure or attempt to kill or injure any dog which bears a license tag for the current year.

HISTORY: CL 1929, 5263;—CL 1948, 287.279;—Am. 1959, p. 46, Act 42, Eff. Mar. 19, 1960.

287.280 Damage to livestock or poultry by dogs; remedy; complaint; proceedings; liability.

Sec. 20. Whenever any person sustains any loss or damage to any livestock or poultry by dogs, or whenever any livestock of any person is necessarily destroyed because of having been bitten by a dog, such person or his agent or attorney, may complain to the township supervisor or appointed trustee of the township within which the damage occurred. The complaint shall be in writing, signed by the person making it, and shall state when, where, what and how much damage was done, and, if known, by whose dog or dogs. The township supervisor or a township trustee appointed by the township board shall at once examine the place where the alleged damage was sustained and the livestock or poultry injured or killed, if practicable. He shall also examine under oath, or affirmation, any witness called before him. After making diligent inquiry in relation to the claim, the township supervisor or appointed trustee shall determine whether any damage has been sustained and the amount thereof, and, if possible, who was the owner of the dog or dogs by which the damage was done. If during the course of the proceedings it shall appear who is the owner of the dog causing the loss or damage to the livestock, the township supervisor or appointed trustee shall

request the district court judge to forthwith issue a summons against the owner commanding him to appear before the township supervisor or appointed trustee and show cause why the dog should not be killed. The summons may be served anyplace within the county in which the damage occurred, and shall be made returnable not less than 2 nor more than 6 days from the date therein and shall be served at least 2 days before the time of appearance mentioned therein. Upon the return day fixed in the summons the township supervisor or appointed trustee shall proceed to determine whether the loss or damage to the livestock was caused by said dog, and if he shall so find he shall forthwith notify the sheriff or the dog warden of the county of that fact whereupon it shall be the duty of the sheriff or the dog warden to kill the dog wherever found. Any owner or keeper of the dog or dogs shall be liable to the county in a civil action for all damages and costs paid by the county on any claims as hereinafter provided.

287.281 Damage to livestock or poultry by dogs; report of justice to supervisors.

Sec. 21. Upon making the examination required in the preceding section, if the justice of the peace shall determine that any damage has been sustained by the complainant, he shall, upon payment to him of his costs up to that time, by the complainant, deliver his report of such examination, and all papers relating to the case to the board of supervisors of the county in which the loss was sustained, which report shall be filed in their office. In case the complainant has not paid the costs the justice shall so state in said report and the amount thereof.

287.283 Damage to livestock or poultry by dogs; payment by county; procedure; amount.

Sec. 23. Upon the board of supervisors of the county receiving such report, if it appears thereby that a certain amount of damage has been sustained by the claimant, they shall immediately draw their order on the treasurer of the county in favor of the claimant for the amount of loss or damage such claimant has sustained, together with his necessary and proper costs incurred: Provided, That where the claim filed with the said board appears from the report filed to be illegal or unjust, the said board may make an investigation of the case and make its award accordingly: Provided further, That in case the report states that the fees of the justice have not been paid, then the amount thereof shall be paid to him instead of the claimant. Such amount shall be paid by the county out of its general fund. No payment shall be made for any item which has already been paid by the owner of the dog or dogs doing the injury. When any payment is made by the county for any live stock or poultry bitten by a dog or dogs, such payment shall not exceed the amount allowed by the board of supervisors.

287.286a Complaint to justice of certain facts, issuance of summons; hearing, judgment; disobedience, penalty; costs; services of officers, payment.

Sec. 26-a. On sworn complaint to any justice of the peace of the county that any 1 of the following facts exist:

1. That after January tenth and before June fifteenth in each year any dog over 4 months old is running at large, unaccompanied by its owner, or engaged in lawful hunting and not under the reasonable control of its owner, without license attached to the collar on such dog;
2. That any dog at any time licensed or unlicensed, has destroyed property or habitually trespasses in a damaging way on property of persons other than the owner;
3. That any dog at any time, licensed or unlicensed, has attacked or bitten a person;
4. That any dog shows vicious habits and molests passersby when lawfully on the public highway;
5. That any dog duly licensed and wearing license tag, is running at large contrary to the provisions of this act.

Such justice of the peace shall issue summons similar to that provided in section 20 of this act, to show cause why such dog should not be killed. Upon such hearing the justice may either order the dog killed, or may order him confined to the premises of the owner. If the owner disobeys such an order he shall be liable to be punished under section 26 of this act. Costs as in a civil case shall be taxed against the owner of the

dog, and collected by the county. The board of supervisors shall audit and pay claims for services of officers rendered under this section, unless the same are paid by the owner of the dog.

ACT REPEALED: Act 347, 1917.

Act 309, 1939, p. 749; Eff. Sep. 29.

AN ACT to provide for the regulation, registration, identification and licensing of dogs; to prescribe the powers and duties of the commissioner of agriculture with respect thereto; to prescribe penalties for violation of the provisions of this act; and to declare the effect of this act.

The People of the State of Michigan enact:

287.301 Dogs; tattooing of serial number; application, fee.

Sec. 1. From and after the first day of January, 1940, any person may have any dog tattooed with a registration number, as hereinafter provided. The owner of any such dog shall apply to the commissioner of agriculture, on blanks furnished by such commissioner, for the registration of any such dog. Upon satisfying the commissioner of agriculture that the applicant is the owner of such dog, the commissioner of agriculture shall assign a specific number (which shall not permit duplication) of the ownership of such dog, such number to be tattooed on and through the ear of the animal and on the inside and through the skin of a rear leg,—such tattooing to be done by such persons as shall be designated by the commissioner of agriculture, and shall be made by the use of permanent tattoo ink, such person so tattooing any dog to receive such fee therefor as shall be designated by the commissioner of agriculture. The application for registration shall be accompanied by a fee of \$1.00.

HISTORY: CL 1948, 287.301.

NOTE: The commissioner of agriculture is superseded by the department of agriculture, see Compilers' § 285.1.

287.302 Dogs; assignment of title; filing; issuance of title to purchaser.

Sec. 2. The specific number of ownership assigned to such dog shall constitute a title to the owner of such dog and upon the sale of such dog by such owner he shall make an assignment of title and the purchaser shall immediately cause such assignment to be transmitted to the commissioner of agriculture, who shall issue a title in the name of the purchaser of such assignment, to be accompanied by a fee of \$1.00.

HISTORY: CL 1948, 287.302.

287.303 Identification certificate; issuance to owner.

Sec. 3. Upon the registration or assignment of title the commissioner of agriculture shall issue to the owner of such dog an identification certificate.

HISTORY: CL 1948, 287.303.

287.304 Record of dog and owner kept by commissioner of agriculture.

Sec. 4. It shall be the duty of the commissioner of agriculture to keep a permanent record of the name and address of the owner of every dog so registered, the title number, name, breed, sex and color of each dog so registered, and furnish any law-enforcing agency a true copy of such records upon request.

HISTORY: CL 1948, 287.304.

287.305 Lost dog; finder entitled to fee for keeping.

Sec. 5. Any person finding a dog registered under the provisions of this act shall be entitled to the sum of 25 cents per day for boarding such dog, such board to be paid by the owner. The commissioner of agriculture shall furnish such finder with the name and address of the owner, upon request.

HISTORY: CL 1948, 287.305.

287.306 Fees credited to general fund.

Sec. 6. All fees received by the department of agriculture under the provisions of this act for the registration or assignment of titles of such dogs shall be paid to the commissioner of agriculture and by the commissioner of agriculture turned into the state treasury and any accumulated balance as of June 30, 1949, shall be credited to the general fund.

287.307 Mutilating of serial number prohibited; penalty.

Sec. 7. No person, corporation, club or organization shall tattoo any number over or upon the number tattooed on any dog by the authorized agent of the commissioner of agriculture so as to deface the same and prevent identification by the owner of such dog, nor shall such person, corporation, club or organization duplicate any number used by the commissioner of agriculture. Upon proof of such mutilation of such number, such person, corporation, club or organization shall be deemed guilty of a misdemeanor and shall be punished in accordance with the laws of the state.

HISTORY: CL 1948, 287.307.

287.308 Stealing or holding dog in possession; penalty.

Sec. 8. Any person who shall steal or take without the consent of the owner and without lawful authority, any dog registered under the provisions of this act, or any person excepting dog wardens who shall harbor or hold in his possession any stray dog of which he is not the owner and does not report such possession to the sheriff of the county or the police department of the city in which he is holding such dog within 48 hours after such person came in possession of said dog, where the value of such dog shall not be in excess of \$100.00, shall be guilty of a misdemeanor, and where the value of such dog shall be in excess of \$100.00, shall be guilty of a misdemeanor and upon conviction thereof shall be fined not less than \$50.00 nor more than \$500.00, or imprisoned in the county jail for not more than 1 year, or both such fine and imprisonment in the discretion of the court.

Act 173, 1953, p. 211; Eff. Oct. 2.

AN ACT to provide for the regulation of garbage and the feeding of garbage to swine; to provide for the powers and duties of the Michigan department of agriculture with respect thereto; and to prescribe penalties for the violations of the provisions of this act.

The People of the State of Michigan enact:

287.401 Regulation and feeding of garbage to swine; definitions.

Sec. 1. (a) "Garbage" means putrescible animal, poultry, fish and vegetable wastes resulting from the slaughter, processing, handling, preparation, cooking or consumption of foods including animal, poultry and fish carcasses or parts thereof.

(b) "Person" means the state, any municipality, political subdivision, including state and all other government institutions, public or private corporations, individual, partnership or other entity.

(c) "Director" means the director of the Michigan department of agriculture.

(d) "Department" means the Michigan department of agriculture.

HISTORY: New 1953, p. 211, Act 173, Eff. Oct. 2;—Am. 1966, p. 77, Act 51, Eff. Mar. 10, 1967.

287.402 License, securing, renewal; exemption.

Sec. 2. (a) No person shall feed garbage to swine, without first securing a license therefor from the director or his authorized representative. A license shall be renewed on May 1 of each year.

(b) The licensing provisions of this act shall not apply to any individual who feeds garbage from only his own domestic household to swine.

HISTORY: New 1953, p. 211, Act 173, Eff. Oct. 2;—Am. 1966, p. 77, Act 51, Eff. Mar. 10, 1967.

287.403 Application for license and renewal, fee, disposition.

Sec. 3. Any person desiring to obtain a license to feed garbage to swine shall make written application therefor to the Michigan department of agriculture and said person shall make written application for each annual renewal of such license issued.

At the time of filing such application for license and for each annual renewal the applicant shall pay to the Michigan department of agriculture a license fee in the sum of \$5.00. All such fees collected by the director shall be turned over to the state treasurer and credited to the general fund.

HISTORY: New 1953, p. 211, Act 173, Eff. Oct. 2.

287.404 Suspension or revocation of license; hearing, notice, time, evidence presented; filing notice.

Sec. 4. For failure or refusal to operate under the provisions of this act or any rules, regulations, quarantine or order of the director, the director may suspend, revoke or withhold a license. Whenever the director is satisfied of the existence of any 1 or more

reasons for suspending, revoking or withholding a license provided for in this act, before suspending, revoking or withholding said license the director shall give written notice of the hearing to be held thereon to the licensee affected. Said notice shall appoint a time of hearing at the department and shall be mailed by registered mail to the licensee. On the day of the hearing the licensee may present such evidence to the director as he deems satisfactory regarding the violations charged and the director shall thereupon render a decision.

Any licensee or applicant for a license who feels aggrieved at the decision of the director may file notice with the director within 5 days that he desires a hearing as in a contested case as defined in Act No. 197 of the Public Acts of 1952, being sections 24.101 to 24.110, inclusive, of the Compiled Laws of 1948, and thereafter all proceedings in regard to the finality of the decision of the director shall be had in accordance with the provisions of that act.

HISTORY: New 1953, p. 212, Act 173, Eff. Oct. 2.

287.405 Treatment of garbage before fed to swine; transportation, regulating.

Sec. 5. All garbage, regardless of previous processing, shall before being fed to swine be thoroughly heated to at least 212 degrees Fahrenheit for at least 30 minutes, unless treated in some other manner which shall be approved by the director or his authorized representative as being equally effective for the public interests and for the protection of the health of swine.

No person shall transport, receive or cause to be transported or received any garbage to be fed to swine unless, prior to the feeding, such garbage has received minimum heat treatment or has otherwise been treated in a manner approved by the director.

A person transporting garbage shall not make or agree to make delivery thereof to any person with knowledge of the intent or customary practice of such person to feed to swine garbage which has not been subjected to the minimum heat treatment or an approved method.

HISTORY: New 1953, p. 212, Act 173, Eff. Oct. 2.

287.406 Inspection of property; examination and submission of records; sale prohibited.

Sec. 6. (a) Any authorized representative of the Michigan department of agriculture shall have the authority to enter at reasonable times upon any private or public property for the purpose of inspecting and investigating conditions relating to the treating of garbage to be fed to swine as required by this act.

(b) Any authorized representative of the Michigan department of agriculture may examine any records or memoranda of the licensee pertaining to the cooking and feeding of garbage to swine. The director of said department may require maintenance of records relating to the operation of equipment for and procedure of treating garbage to be fed to swine. Copies of such records shall be submitted to the Michigan department of agriculture on request.

(c) When deemed necessary the director may prohibit the sale and/or removal of any swine from any or all garbage feeding lots or premises except such swine as shall be accompanied by a certificate of health, on forms provided by the department, issued as the result of inspection of all swine on the garbage feeding lot or premises by an approved veterinarian showing said swine to be free from any symptoms or other physical evidence of infectious and contagious diseases within 24 hours immediately preceding the removal of the swine from such garbage feeding lot or premises.

HISTORY: New 1953, p. 212, Act 173, Eff. Oct. 2.

287.407 Enforcement of act; rules and regulations.

Sec. 7. The Michigan department of agriculture is hereby charged with administration and enforcement of provisions of this act and is authorized to make and enforce all rules and regulations which the director of said department may deem necessary to carry out the purpose of the act.

HISTORY: New 1953, p. 212, Act 173, Eff. Oct. 2.

287.408 Violations, penalty.

Sec. 8. Any person who shall violate any provision of, or who fails to perform any duty imposed by, this act, or who violates any rule or regulation promulgated thereunder shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than \$25.00 nor more than \$100.00, or by imprisonment for a term of not more than 90 days, or by both such fine and imprisonment. In addition thereto, such person may be enjoined from continuing such violation. Each day upon which such violation occurs shall constitute a separate violation.

Sec. 2. As used in this act:

- (1) "Board" means the state board of veterinary examiners of the state of Michigan.
- (2) "Veterinary medical examiner" means a member of the state board of veterinary examiners.
- (3) "Veterinary school" means any veterinary school, or department of a university or college, legally organized, whose course of study in the art and science of veterinary

medicine shall have been approved and placed on a list of schools by the state board of veterinary examiners.

(4) The present tense includes the past and future tenses, and the future, the present; each gender includes the other 2 genders; and the singular includes the plural, and the plural, the singular.

(5) "Veterinary", "veterinarian", "veterinary doctor", "veterinary practitioner", "veterinary inspector", "veterinary surgeon", "veterinary sanitarian" and "veterinary public health officer" means a person who is licensed pursuant to this act.

(6) In the interest of the public health and welfare, "livestock" shall mean any animal other than man and shall be construed as including also all fowl, birds, fish and reptiles, wild or domestic, whether living or dead, which may be carriers of infectious diseases.

(7) "Animals" shall mean livestock.

(8) The "director of agriculture" shall mean the director of the Michigan department of agriculture.

HISTORY: New 1956, p. 285, Act 152, Eff. Aug. 11.

287.453 Practice of veterinary medicine; acts constituting practice.

Sec. 3. A person practices veterinary medicine within the meaning of this act, except as provided in section 4, who shall within this state and with reference to livestock hold himself out to be a veterinarian and who shall do 1 or more of the following:

(1) By advertisement, or by any notice, sign or indication, or by a statement, written, printed or oral, in public or in private, made, done or procured by himself or any other at his request, claim, announce or make known or pretend his ability or willingness to diagnose diseases, deformities, defects, wounds or injuries;

(2) Make known or claim or advertise by any sign or indication, his ability and willingness to prescribe or administer any drug, medicine, treatment, method of procedure, or to perform any operation, manipulation, or apply apparatus or appliance or who shall give any instruction or demonstration designed to alter livestock from the normal; or for the cure, amelioration, correction, reduction or modification of any disease, deformity, defect, wound or injury;

(3) Diagnose and/or prognose any disease, deformity, defect, by means of any test, procedure, manipulation, technic, autopsy or biopsy, or by any other examination;

(4) Prescribe or administer any drug, medicine, treatment, method, practice or who shall perform any operation or manipulation, or apply any apparatus or appliance designed to alter livestock from the normal, or for the cure, amelioration, correction, reduction or modification of any livestock disease, deformity, wound or injury;

(5) Use any words, letters or titles in a medical sense or in such a connection or under such circumstances as to induce the belief that the person using them is engaged in the practice of veterinary medicine in any of its branches; such use shall be prima facie evidence of the intention to represent himself as engaged in the practice of veterinary medicine. This section shall not be applicable to the advertising or the sale of foods or medicines, or combinations thereof, for feeding to livestock for the treatment or prevention of disease.

HISTORY: New 1956, p. 285, Act 152, Eff. Aug. 11.

287.454 Practice of veterinary medicine; acts not constituting practice.

Sec. 4. No person shall be considered to be engaging in the practice of veterinary medicine in this state who:

(1) Shall administer to livestock, title in which rests in himself, except when said title is vested in him for the purpose of circumventing this act;

(2) Shall conduct experimentation and scientific research in the development of methods, technics or treatments, directly or indirectly applicable to the problems of medicine and who in connection therewith uses animals;

(3) Shall conduct routine vaccination and pullorum testing of poultry under supervision of the national poultry improvement plan as administered by the official state agency and the United States department of agriculture;

(4) Shall be a regular student in a legally chartered and recognized college of veterinary medicine, while in the performance of studies and acts assigned by their instructors;

(5) Shall be a registered or licensed veterinarian under the laws of another state or territory of the United States or of a foreign country or province, when engaged in this state in consultation with veterinarians registered under the law of this state: Provided, That if such consultation shall be in existence beyond 30 days in any one 12 months' period, then said consultant shall apply for and obtain a temporary permit as provided in section 13 of this act;

(6) Shall be a senior student in an approved school of veterinary medicine and who shall obtain from the board an undergraduate permit to practice in the office and under the direct supervision of any veterinarian licensed within this state, said permit to be valid for a period of 1 year;

(7) Shall be a commissioned officer in the veterinary corps of the United States armed forces, while engaged in his official duties;

(8) Shall be a regularly employed veterinarian of the United States department of agriculture while engaged in his official duties: Provided, Such employee shall by virtue of educational background be qualified to take the regular examination for registration in this state.

287.455 Practice of veterinary medicine; persons required to hold license.

Sec. 5. All veterinarians actually engaged and employed as such by the state, or by any county, city, corporation, firm or individual are practicing veterinary medicine and shall secure a state license issued by the state board of veterinary examiners: Provided, however, That veterinarians employed by the Michigan department of agriculture with the approval of the board, during a war or during any emergency proclaimed by the governor, and full-time veterinary food inspectors while engaged in the inspection of animals as food for human consumption shall not be required to have a license.

HISTORY: New 1956, p. 286, Act 152, Eff. Aug. 11.

287.456 State board of veterinary examiners; members, term, vacancies, removal.

Sec. 6. There is hereby created an agency to be known as the state board of veterinary examiners of the state of Michigan, to be appointed as follows by the governor of this state by and with the advice and consent of the senate. Said board shall consist of 6 appointed members, and in addition to which the chief of the bureau of animal industry of the Michigan department of agriculture and the director of agriculture shall be members without vote, ex-officio. In order to establish the first board of the veterinary members, one member shall be appointed for a term of 1 year, one member for 2 years, one member for 3 years, one member for 4 years and one member for 5 years. The lay member shall be appointed for a term of 3 years. Thereafter all appointments shall be for terms of 5 years, unless the appointment shall be to fill a vacancy in which case the appointment shall be for the balance of the unexpired term. No member shall be reappointed to the board after serving a full 5 year term until and unless an interval of 5 years has elapsed.

In case of vacancies by reason of death, resignation or removal, such vacancies shall be filled for the residue of the unexpired term of the retiring member in the same manner as the original appointment was made.

All appointments shall begin on January 1 and shall terminate December 31 other than as above provided, except that the incumbent shall serve until his successor has qualified.

The governor shall remove any member of the board of veterinary examiners upon proper showing of gross neglect of duty or for corrupt conduct in office or any other misfeasance, or malfeasance therein.

287.457 State board of veterinary examiners; qualifications.

Sec. 7. (1) Five members of the board shall be veterinarians licensed to practice in the state of Michigan, and in practice in Michigan for a period of 5 years immediately prior to appointment. (2) All members of the board shall be at least 21 years of age, citizens of the United States and residents of this state for at least 5 years preceding their appointment.

HISTORY: New 1956, p. 287, Act 152, Eff. Aug. 11.

287.458 State board of veterinary examiners; membership by district.

Sec. 8. For purposes of this act the state shall be divided into 5 districts. Boundaries of said districts shall coincide with county lines. Districts shall be numbered 1 to 5, inclusive. At no time shall there be 2 or more veterinary members on the board appointed from the same district. The lay member shall be appointed from the state at large.

(1) District No. 1 shall consist of the following counties: Huron, Saginaw, Shiawassee, Tuscola, Genesee, Lapeer, Sanilac and St. Clair.

(2) District No. 2 shall consist of the following counties: Barry, Allegan, Kalamazoo, St. Joseph, Monroe, Calhoun, Branch, Eaton, Berrien, Hillsdale, Van Buren, Cass and Lenawee.

(3) District No. 3 shall consist of the following counties: Ingham, Livingston, Jackson and Washtenaw.

(4) District No. 4 shall consist of the following counties: Oakland, Macomb and Wayne.

(5) District No. 5 shall consist of all other counties.

HISTORY: New 1956, p. 287, Act 152, Eff. Aug. 11.

287.459 State board of veterinary examiners; business connections of members; chairman; quorum.

Sec. 9. No member of the board shall be connected in any manner with any wholesale or jobbing house dealing in supplies or instruments having to do with the profession. The board of examiners shall organize at its first meeting subsequent to appointment, and shall select its chairman and vice-chairman for terms of 1 year each. A quorum of appointed members shall be present in order for the board to give examinations or to conduct any business.

HISTORY: New 1956, p. 287, Act 152, Eff. Aug. 11.

287.460 State board of veterinary examiners; rules, seal, oaths, subpoenas.

Sec. 10. The board shall have the power to make all by-laws and rules reasonably necessary for the proper performance of its duties and the regulations of the proceedings before it, pursuant to Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82, inclusive, of the Compiled Laws of 1948, and Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110, inclusive, of the

Compiled Laws of 1948. The board shall adopt and have an official seal. Any member of the board may administer oaths or affirmations to witnesses appearing before the board. If any person shall refuse to testify or to produce any books, papers or documents, the board may present its petition to any court of competent jurisdiction, setting forth the facts, and thereupon such court may, in a proper case, issue its subpoena to such person, requiring his attendance before said court and there to testify or to produce such books, papers and documents as may be deemed necessary and pertinent thereto. Any person failing or refusing to obey the subpoena of said court may be proceeded against in the same manner as for refusal to obey any other subpoena of said court.

Moneys, expenses, per diem, clerical expenses.

All moneys received by said board shall be paid to the state treasurer in accordance with the provisions of law and state regulation. Each member of the board shall receive necessary traveling and hotel expenses while engaged on official business and each appointed member shall receive in addition a per diem at the rate of \$25.00 for each day actually engaged in the discharge of his duties, not to exceed 3 days for each authorized examination. Bills for all expenses incurred by the board, including such clerical help as shall be needed, shall be approved by said board and be paid in accordance with the accounting laws of the state within the appropriation made therefor by the legislature: Provided, That in no case shall the board expend in any fiscal year more moneys than the amount of fees collected.

HISTORY: New 1956, p. 288, Act 152, Eff. Aug. 11.

287.461 State board of veterinary examiners; records, register of applicants; reports.

Sec. 11. The board shall keep a record of its proceedings and a register of all applications for registration, which register shall show the name, age and residence of each applicant; the date of the application; an address for the receipt of mail and the place of business of such applicant; his educational and other qualifications; whether or not an examination was required; whether the application was rejected; whether a license was granted; the date of the action of the board; and such other information as may be deemed necessary by the board. Annually, as of June 30th the board shall submit to the governor a report on its transactions.

Roster of registered veterinarians.

A roster showing the names and places of business of all registered veterinarians qualified according to the provisions of this act shall be prepared by the secretary of the board during the month of March of each year. Copies of such roster shall be mailed to each person so registered, placed on file with the secretary of state and made available to the public upon request.

Delegate to annual meeting of national organization, expenses.

The vice-chairman of the board of examiners or an alternate member may pursuant to a resolution of the board attend the annual meeting of the national organization of the state examining board of the profession. Said vice-chairman or alternate member shall receive his necessary and actual traveling expenses and hotel expenses in attending such meeting pursuant to any appropriation made therefor.

Board of examiners; meetings.

The board of examiners shall meet at least once each year to conduct examinations. Other meetings may be held to conduct examinations provided there are at least 20

paid applications for such examination. At the annual meeting of the board, members newly appointed to the board shall take an oath of office as prescribed by law and administered by the secretary of the board.

HISTORY: New 1956, p. 288, Act 152, Eff. Aug. 11.

287.462 Examination for license; application, fee, affidavits of eligibility.

Sec. 12. Any person desiring to take the examination for a license to practice veterinary medicine shall make application to the board at least 15 days before the examination on a form provided by the board and sworn to by the applicant. Such application shall be accompanied by the examination fee and such documents and affidavits as are necessary to show the eligibility of the candidate to take such examination: Provided, That those graduating from approved veterinary colleges less than 15 days preceding the date set for their examination may file their applications, accompanied by satisfactory evidence that the applicant has completed and successfully passed his examinations and in due time will receive his diploma, but before receiving a certificate of license he must file a photostatic copy of his diploma.

Notice of time and place of examination.

The secretary of the board shall give public notice of the time and place of examination to be held under this act. Such notice shall be given in such manner as the board may deem best, and in ample time to allow all candidates to comply with the provisions of this act.

List of approved veterinary colleges.

The secretary of the board shall prepare and keep up to date a list of colleges in which is taught the profession which is regulated by this act. The board of examiners shall make recommendations relative thereto, and shall prepare the list of approved veterinary colleges to be accepted under this act.

Eligibility.

To be eligible for examination, an applicant must be at least 21 years of age, of good moral character, and either a citizen of the United States or shall furnish proof of having received first papers prior to naturalization as a citizen of the United States, and shall not be addicted to the use of drugs or intoxicants, and shall be a graduate of a veterinary college approved by the board.

Examination.

Candidates shall be examined by the board by written examination and by practical and oral examinations.

Grades required.

All applicants shall be required to attain an average grade of not less than 75% in all subjects in which examined, with no grade of less than 60% in any one subject. When an applicant receives a grade of less than 60% in not more than 2 subjects, he may be reexamined in those 2 subjects only within 12 months without payment of additional fee. An applicant who has failed to pass an examination given by the board shall be eligible for further examinations upon payment of the regular examination fee.

Records of examination.

All papers connected with any examination for license given by the board shall be filed with the secretary and preserved for 2 years as a part of its records.

Certification of grades; issuance of licenses.

After each examination, the board of examiners shall certify the grades of applicants. The board shall then issue the licenses and make the required entries in the registry record.

HISTORY: New 1956, p. 289, Act 152, Eff. Aug. 11.

287.463 Temporary permits to practice; conditions.

Sec. 13. The board may issue temporary permits to practice the profession under any of the following conditions:

- (1) To undergraduates of approved schools as set forth in subdivision (6) of section 4;
- (2) To citizens who make application between examinations held by the board, provided said applicant otherwise meets the requirements of this act;
- (3) To foreign applicants who shall have first passed the regular examination as conducted by the board of examiners: Provided, That such temporary permit shall be valid until full citizenship shall have been attained by the licensee and who otherwise complies with the provisions of this act. Said temporary permit shall in no case be valid for a period longer than 5 years from the date of examination and may not be renewed. Upon showing of proof of final citizenship by the temporary licensee during the valid period of said temporary permit the board shall issue a license and make the required entry in the registry book.

HISTORY: New 1956, p. 289, Act 152, Eff. Aug. 11.

287.464 License without examination; reciprocity by other states or territories; certified statement.

Sec. 14. The board, without examination, may issue a license to practice veterinary medicine to a citizen of the United States who has been actively engaged in such profession in some other state, territory or the District of Columbia, upon the certificate of the proper licensing authority of that state, territory or the District of Columbia, certifying that the applicant is duly licensed, that his license has never been suspended or revoked, and that, so far as records of that authority are concerned, the applicant is entitled to its endorsement. The state, territory or District of Columbia from which the applicant comes shall have and maintain standards regulating the profession at least equal to those maintained in the profession in Michigan. In order that the board may determine such standards the secretary of the examining board shall gather information from other states bearing on this point.

Any licensee who is desirous of changing his residence to another state, territory or the District of Columbia shall, upon application to the board and the payment of the legal fee, receive a certified statement that he is a duly licensed practitioner in this state.

HISTORY: New 1956, p. 290, Act 152, Eff. Aug. 11.

287.465 Registration of prior licensees.

Sec. 15. Any person who shall have heretofore been issued, prior to the passage and approval of this act, a certificate of license to practice veterinary medicine and surgery in this state, shall comply with that section of this act requiring registration with the county clerk of the county wherein he resides. Upon such compliance the license so registered shall be deemed to be a license issued under this act.

HISTORY: New 1956, p. 290, Act 152, Eff. Aug. 11.

287.466 Unprofessional conduct; acts included.

Sec. 16. Unprofessional conduct, for the purposes of this act, shall include the following:

- (a) The fraudulent use or misuse of any health certificate, inspection certificate, vaccination certificate, test chart or other blank form used in the practice of veterinary medicine, that might lead to the dissemination of disease, unlawful transportation of diseased animals or the sale of inedible products of animal origin for human consumption;

(b) Dilatory methods, wilful neglect or misrepresentation in the inspection of food-stuffs;

(c) Fraud or dishonesty in applying or reporting on any test for disease in livestock;

(d) Conviction in a court of competent jurisdiction on a charge of cruelty to animals.

HISTORY: New 1956, p. 290, Act 152, Eff. Aug. 11.

287.467 Preferment of charges against registrant; suspension or revocation of license; procedure.

Sec. 17. Any person may prefer charges of fraud, deceit, gross negligence, unprofessional conduct or incompetency in connection with his profession against any registrant. Such charges shall be in writing, shall be sworn to by the person making them and shall be filed with the secretary of the board. All charges shall be heard by the board pursuant to its rules and regulations and subject to the requirements of Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110, inclusive, of the Compiled Laws of 1948. The board shall have the power to revoke, or suspend for a limited time, the license of any registrant found guilty by the board of fraud, deceit, gross negligence, unprofessional conduct or incompetency in the practice of his profession. Any applicant whose license has been revoked by the board may apply to the circuit court in the county of his residence for a hearing de novo of the charges with reference to which his license was revoked. A quorum of the board, for reasons it may deem sufficient, may reissue a license to any person whose license has been revoked. A new license to replace any license revoked, lost, destroyed or mutilated may be issued, subject to the rules of the board, and upon payment of a fee of \$5.00.

HISTORY: New 1956, p. 290, Act 152, Eff. Aug. 11.

287.468 Fees.

Sec. 18. The following fees shall be collected by the board of examiners and turned into the general fund as provided by section 10:

(1) Fee for license to practice veterinary medicine and surgery upon basis of examination by the board of examiners, \$50.00.

(2) For a license to practice veterinary medicine and surgery issued by reciprocity as provided by section 14, shall be a minimum of \$25.00.

(3) For a certified statement that a licensee is licensed in this state, \$5.00.

(4) For a duplicate of any original certificate heretofore or hereafter issued, \$5.00.

(5) An annual renewal fee of \$10.00 shall be payable by each licensee on January 1 of each year, commencing January 1, 1967.

(6) A license on which the annual renewal fee has not been paid by February 15 of the year in which the renewal fee is payable is delinquent and may be reinstated by the payment of an additional delinquent penalty fee of \$10.00.

(7) A license which is delinquent for more than 12 months because of nonpayment of annual renewal fees may be reinstated at the discretion of the board by payment of all delinquent annual and penalty fees as determined by the board.

(8) Denial of reinstatement of a license because of nonpayment of fees shall not prevent an applicant from applying for a license by examination as provided in section 12 and payment of the statutory fee for license by examination.

(9) Any applicant whose application is rejected shall be allowed the return of his fee, except \$5.00 thereof, which shall be retained by the board of examiners.

287.469 Practice without license; injunction, penalty.

Sec. 19. Any person engaging in the practice of veterinary medicine for which a license is required by this act without such license may be restrained by temporary and permanent injunctions.

Any person engaging in the practice of veterinary medicine for which a license is required by this act without such license shall be guilty of a misdemeanor and upon conviction thereof shall, for the first offense, be fined any sum not less than \$25.00 nor more than \$100.00, or be imprisoned in the county jail not more than 90 days or both. Any person charged with a second violation of this section shall, upon being found guilty, be fined not less than \$200.00 nor more than \$500.00, or be imprisoned in the county jail not more than 6 months, or both.

HISTORY: New 1956, p. 291, Act 152, Eff. Aug. 11.

287.470 Enforcement; attorney general as legal advisor.

Sec. 20. The board, or such person or persons as may be designated by the board to act in its stead, is empowered to prefer charges for any violations of this act in any court of competent jurisdiction. It shall be the duty of all duly constituted officers of the law of this state to enforce the provisions of this act and to prosecute any persons, firms, partnerships or corporations violating the same. The attorney general of the state or his designated assistant shall act as legal advisor of the board and render such assistance as may be necessary in carrying out the provisions of this act.

HISTORY: New 1956, p. 291, Act 152, Eff. Aug. 11.

287.471 Board of examiners; duties.

Sec. 21. It shall be the duty of the board upon request to act in an advisory capacity to the commission of agriculture in matters pertaining to livestock diseases.

The board of examiners shall have published the following matter which is pertinent to the profession:

- (1) The statutes regulating the practice of the profession in Michigan;
- (2) The rules of the board relative to licenses;
- (3) The rules relating to examinations adopted by the board; and
- (4) A list of those persons legally registered in this state to practice veterinary medicine together with addresses of the same.

HISTORY: New 1956, p. 291, Act 152, Eff. Aug. 11.

287.472 Veterinarians; certificate of registration, filing, fee; nonresidents; list of registrants.

Sec. 22. The person receiving a certificate of registration shall file the same, or a certified copy thereof, with the county clerk in the county where he resides, and said clerk shall file said certificate or certified copy thereof and enter a proper memorandum thereof in a book to be provided and kept for that purpose, and may collect therefor a fee of \$2.00 for each certificate or copy thus filed. A nonresident of the state shall file a certified copy of his Michigan certificate of registration with the county clerk in the county of this state where he practices. Said county clerk shall on the first day of each month furnish to the secretary of said board a list of all certificates filed in his office during the preceding month on a blank provided.

The secretary of the board annually on or before January 1 shall request from the various county clerks certified lists of all veterinarians registered in their respective counties.

287.474 Repeal.

Sec. 24. Act No. 244 of the Public Acts of 1907, as amended, being sections 287.51 to 287.65, inclusive, of the Compiled Laws of 1948, is hereby repealed.

HISTORY: New 1956, p. 292, Act 152, Eff. Aug. 11.

Act 242, 1959, p. 356; Eff. Mar. 19, 1960.

AN ACT to regulate the manufacture and sale of commercial feed; to provide for the inspection, analysis and labeling thereof; to fix fees for licenses and to provide for the disposition of the revenue therefrom; to prescribe the powers and duties of the department and director of agriculture; to prohibit the sale of adulterated or misbranded feed; and to provide penalties for violation of this act. Am. 1965, p. 377, Act 217, Eff. Mar. 31, 1966.

The People of the State of Michigan enact:

287.501 Commercial feed act; short title.

Sec. 1. This act shall be known and may be cited as the "commercial feed act".

HISTORY: New 1959, p. 356, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 378, Act 217, Eff. Mar. 31, 1966.

287.502 Commercial feed act; definitions.

Sec. 2. As used in this act:

a. "Commercial feed" means any simple, mixed, prepared, milled, compounded, processed or blended product entering into commerce, together with all condimental and patented proprietary feed used for feeding animals other than man, except unmixed whole seeds or grains as defined by the United States grain standards; the unmixed meals made directly from the entire grains of corn, wheat, rye, barley, oats, cracked or rolled, screened or unscreened, corn, wheat and oats; whole hays, straws, ensilage and corn stover when unmixed with other materials and liquid by-products from milk returned to farmers from cheese factories, skimming stations, creameries or other places where milk is received and the by-products distributed.

b. "Director" means the state director of agriculture.

c. "Manufacturer" means any person, firm, association, corporation, partnership, importer or jobber producing any commercial feed.

d. "Wholesale manufacturer" means any manufacturer selling or distributing commercial feed at wholesale or otherwise through distributors, jobbers, dealers or agents.

e. "Retail manufacturer" means any manufacturer selling commercial feed at retail only directly to the ultimate user and not for resale, at not more than 3 places in the state as designated on the license.

HISTORY: New 1959, p. 356, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 378, Act 217, Eff. Mar. 31, 1966.

287.503 Commercial feeds; label, contents.

Sec. 3. Every lot, parcel or package of commercial feed manufactured, sold, offered or exposed for sale or distributed within this state shall have affixed thereto a tag or label in a conspicuous place on the outside containing a legible and plainly written statement in the English language, clearly and truly certifying:

a. The net weight of the contents of the lot, parcel or package.

b. The exact complete name of the individual product.

c. The name of the actual manufacturer and the place where manufactured or the name and principal address of the person responsible for placing the commercial feed on the market.

d. The minimum percentage of crude protein allowing 1% of nitrogen to equal 6 ¼ % protein.

(e) The minimum percentage of crude fat, except in the case of meat by-products and fish by-products when the actual percentage of crude fat shall be declared allowing not more than 1% variation.

(f) The maximum percentage of crude fiber.

(g) The specific name of each ingredient used in its manufacture. The official names of all materials which have been so defined by the association of American feed control officials, incorporated, shall be used in the declaration of the names of ingredients.

(h) In case of feeding molasses, the minimum percentage of sugar and the maximum percentage of ash.

(i) In case of semisolid buttermilk, the minimum percent of total solids, the minimum percent of milk fat, the maximum percent of ash, and the maximum percent of water.

(j) In case of wet brewers' and distillers' grains and canned pet foods, in addition to the protein, fat and fiber, the maximum percent of water.

(k) In the case of mixed feed containing more than a total of 5% of 1 or more mineral ingredients, or other unmixed materials used as mineral supplements, and in the case of mineral feed, mixed or unmixed, which are manufactured, represented and sold for the primary purpose of supplying mineral elements in rations for animals or birds, and containing mineral elements generally regarded as dietary factors essential for normal nutrition, the minimum percentage of calcium (Ca), phosphorus (P), iodine (I) and the maximum percentage of salt (NaCl). If no nutritional properties other than those of a mineral nature are claimed for a mineral feed product, the percentage of crude protein, crude fat and crude fiber may be omitted.

HISTORY: New 1959, p. 357, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 378, Act 217, Eff. Mar. 31, 1966.

287.504 Commercial feeds; retail sales in bulk.

Sec. 4. Whenever any commercial feed is sold at retail, in bulk or in packages belonging to the purchaser, the seller shall furnish the purchaser with a card or tag upon which shall be printed the statement required by section 3.

HISTORY: New 1959, p. 357, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 379, Act 217, Eff. Mar. 31, 1966.

287.505 Commercial feeds; registration.

Sec. 5. Before any importer, jobber, firm, association, corporation or person manufactures, sells, offers or exposes for sale or distributes in this state any commercial feed, he shall file with the director a certified copy of the statement required in section 3 for each individual commercial feed. The certified copy shall be accompanied, when the director so requests, by a sealed package containing at least 1 pound of the commercial feed to be sold, offered or exposed for sale or distributed in this state, and the company or persons furnishing the sample shall make an affidavit that the sample is representative of the commercial feed to be licensed. A copy of the label to be used on each commercial feed to be sold, offered or exposed for sale shall be submitted with the application for license.

HISTORY: New 1959, p. 357, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 379, Act 217, Eff. Mar. 31, 1966.

287.506 Commercial feeds; license fee; exemptions.

Sec. 6. On or before January 1 of each year every manufacturer, importer, jobber, firm, association, corporation or person manufacturing or selling any commercial feed shall pay to the director a license fee of \$20.00 for each commercial feed manufactured, sold, offered or exposed for sale in this state by wholesale manufacturers, and \$10.00 for each commercial feed manufactured, sold, offered or exposed for sale in this state by retail manufacturers. The license fees for commercial feeds sold only in packages of 1 pound or less for the following household pets: hamsters, mice, guinea pigs, flying squirrels, parakeets, canaries, parrots, finch and mynah birds, snakes, turtles, li-

zards, tropical fish, goldfish, eel and shrimp, shall be \$5.00 per year for each separate feed. The provisions of this section shall not be applicable to a grower grinding hay produced on his own farm.

Nothing in this section shall be construed as requiring a license for the manufacturing for a farmer of feed from grains or other products grown or supplied by the farmer, commonly referred to as custom mixing. The license fee provided in this section shall not apply to any feed mixed according to a formula furnished by the consumer.

HISTORY: New 1959, p. 358, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 379, Act 217, Eff. Mar. 31, 1966.

287.507 Commercial feeds; license fees; disposition.

Sec. 7. All sums of money received or collected under the provisions of this act shall be deposited by the director in the state treasury to the credit of the general fund, to be disbursed only on an appropriation or appropriations by the legislature. Any surplus from license fees remaining as of June 30, 1959 in the laboratory fund of the department of agriculture, is hereby transferred to the credit of the general fund.

HISTORY: New 1959, p. 358, Act 242, Eff. Mar. 19, 1960.

287.508 Commercial feeds; license, issuance, termination.

Sec. 8. Whenever the manufacturer, importer, agent or seller of any commercial feed has complied with the requirements of this act, the director of agriculture shall issue a license to sell the commercial feed, which license shall terminate on December 31 following the date of issue.

HISTORY: New 1959, p. 358, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 379, Act 217, Eff. Mar. 31, 1966.

287.509 Commercial feeds; potentially harmful additives, requirements.

Sec. 9. Before an application for a license is accepted for a commercial feed which contains drugs, chemical additives or other ingredients which are potentially harmful to animals, the distributor may be required:

- (a) To submit evidence to show the safety of the feed when used according to the directions which the distributor furnished with the feed.
- (b) To furnish a written statement that adequate written or printed warnings and feeding directions will accompany each delivery of feed.
- (c) To state the percentage of the drug or other ingredients in a prominent place on the label of the feed.

HISTORY: New 1959, p. 358, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 379, Act 217, Eff. Mar. 31, 1966.

287.510 Commercial feeds; adulterated.

Sec. 10. No person shall distribute an adulterated feed. A commercial feed or customer-formula feed shall be deemed adulterated:

- (a) If any poisonous, deleterious or non-nutritive ingredient has been added in sufficient amount to render it injurious to health when fed in accordance with directions for use on the label.
- (b) If any constituent has been omitted or abstracted therefrom in whole or in part, or any less valuable substance of less nutritional value is substituted therefor.
- (c) If its composition or quality falls below or differs from that which it is purported to possess by its labeling.

HISTORY: New 1959, p. 358, Act 242, Eff. Mar. 19, 1960.

287.511 Commercial feeds; misbranded.

Sec. 11. No person shall distribute misbranded feed. A commercial feed or customer-formula feed shall be deemed misbranded:

- (a) If its labeling is false or misleading in any particular.
- (b) If it is distributed under the name of another feed.

(c) If it is not labeled as required in section 3 of this act and in regulations prescribed under this act.

(d) If it purports to be a feed ingredient, or if it purports to contain a feed ingredient, unless the feed ingredient conforms to the definition of identity as officially established by the association of American feed control officials.

(e) If any word, statement or other information required by or under authority of this act to appear on the label is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs or devices in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

HISTORY: New 1959, p. 358, Act 242, Eff. Mar. 19, 1960.

287.512 Commercial feeds; license, refusal, cancellation; change in ingredients.

Sec. 12. The director may refuse to license any commercial feed under a name which would be misleading or deceptive, or which would tend to mislead or deceive as to the materials of which it is composed or when the specific name of each and all ingredients used in its manufacture is not stated. The director may refuse to license more than 1 commercial feed under the same name when offered by the same manufacturer, importer, jobber, firm, association, corporation or person. If any commercial feed is licensed and it is discovered that the license is in violation of any of the provisions of this act, the director may cancel the license. The director may refuse to allow any manufacturer, importer, jobber, firm, association, corporation or person to lower the guaranteed analysis or change the ingredients of any commercial feed during the term for which licensed, unless reasons satisfactory to the director are presented for making such change or changes. Changes in the guarantee or ingredient composition of a licensed commercial feed may be permitted if there is furnished satisfactory evidence that the changes would not result in a lowering of the feeding value of the product for the purpose for which designed.

HISTORY: New 1959, p. 359, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 379, Act 217, Eff. Mar. 31, 1966.

287.513 Commercial feeds; one license only required; retention of shipping data.

Sec. 13. Whenever a manufacturer, importer, jobber, firm, association, corporation or person manufacturing or selling a commercial feed has filed the statement required by section 5 and paid the license fee as required by section 6, no other agent, importer, jobber, firm, association, corporation or person shall be required to file the statement or pay the fee upon such commercial feed. All vendors of commercial feed including customer-formula feed shall keep on file subject to inspection by any authorized agent of the director for a period of 1 year all invoices, freight bills, truckers' receipts, waybills and similar shipping data pertaining to commercial feed that would establish date and origin of the shipment.

HISTORY: New 1959, p. 359, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 380, Act 217, Eff. Mar. 31, 1966.

287.514 Commercial feeds; director's right of access; samples.

Sec. 14. Any authorized agent of the director shall have free access during reasonable business hours to all places of business, mills, buildings, trucks, automobiles, vehicles, carriages, cars, vessels and parcels of whatsoever kind used in the manufacture, transportation, sale or storage of any commercial feed, and may open any parcel containing or supposed to contain any commercial feed for the purpose of procuring a sample of suitable size for analysis from each and every lot or parcel of commercial feed being sold, offered or exposed for sale. The sample shall be taken in the presence of the person or agent having the commercial feed in charge and shall be taken from not less than 5 separate original packages in the lot, in which case a portion shall be

taken from each original package. If the commercial feed is in bulk, portions shall be taken from not less than 5 different places in the lot unless the manner in which the commercial feed is stored prohibits, in which case portions shall be taken from as many places as practicable. If the sample thus secured is larger than is required, it shall be mixed and quartered until a sample of suitable size remains.

HISTORY: New 1959, p. 359, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 380, Act 217, Eff. Mar. 31, 1966.

287.515 Commercial feeds; annual analysis; testing laboratory.

Sec. 15. At least 1 sample of each licensed commercial feed sold, offered or exposed for sale in the state, secured in the manner described in section 14 shall be analyzed annually under the direction of the director. The results of the analysis shall be promptly submitted to the manufacturer or person responsible for placing the licensed feed on the market, and shall be published in reports or bulletins from time to time, together with such additional information as the director deems advisable. The director shall establish and maintain a suitable, properly equipped laboratory for the examination, testing and verifying of guarantees made on all vitamin feed or vitamin D carriers. The director shall furnish the manufacturers or persons responsible for the placing of any licensed feed on the market with a portion of the official sample of that licensed feed. The methods of analysis shall be those in force at the time by the association of official agricultural chemists of North America.

HISTORY: New 1959, p. 359, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 380, Act 217, Eff. Mar. 31, 1966.

287.516 Commercial feeds; violations, notice, hearing; evidence.

Sec. 16. If it appears that any of the provisions of this act have been violated, the director may certify the facts to the prosecuting attorney of the county in which the violation occurred, together with a copy of the results of the analysis or other examination of the commercial feed duly authenticated by the analyst or other officer making the examination. In all prosecutions arising under the provisions of this act certificates of the analyst or other officer making the examination or analysis, when duly sworn to by such officer, shall be prima facie evidence of the facts therein certified.

HISTORY: New 1959, p. 360, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 381, Act 217, Eff. Mar. 31, 1966.

287.517 Commercial feeds; rules and regulations.

Sec. 17. The director, his deputy, or any duly appointed agent of the director at all times may seize or stop-sale any commercial feed manufactured, sold, offered or exposed for sale or distributed in this state that is unlicensed, adulterated, misbranded, or violates the provisions of this act in any manner. The director shall enforce the provisions of this act and may prescribe and enforce such rules and regulations relating to the sale of commercial feed as are necessary to carry into effect the full intent and meaning of this act. All rules and regulations shall be promulgated in accordance with Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

HISTORY: New 1959, p. 360, Act 242, Eff. Mar. 19, 1960;—Am. 1965, p. 381, Act 217, Eff. Mar. 31, 1966.

287.518 Commercial feeds; penalty.

Sec. 18. Any person who manufactures, sells, offers or exposes for sale or distributes in this state any commercial feed without complying with the provisions of this act, or who manufactures, sells, offers or exposes for sale or distributes in this state any commercial feed which does not bear a tag or label with all of the facts required in section 1, or who fails to properly state the specific name of each and every ingredient used in its manufacture, is guilty of a misdemeanor.

Act 163, 1962, p. 165; Eff. Mar. 28, 1963.

AN ACT to require humane methods of slaughter of livestock; to prescribe the powers and duties of the director of agriculture; and to fix penalties for violations.

The People of the State of Michigan enact:

287.551 Humane slaughter of livestock; definitions.

Sec. 1. As used in this act:

- (a) "Director" means the director of agriculture.
- (b) "Person" means any individual, partnership, corporation or association doing business in this state, in whole or in part.
- (c) "Slaughterer" means any person regularly engaged in the commercial slaughtering of livestock.
- (d) "Livestock" means cattle, calves, sheep, swine, horses, mules, goats and any other animal which can or may be used in and for the preparation of meat or meat products.
- (e) "Packer" means any person engaged in the business of slaughtering, or of manufacturing or preparing meat or meat products for sale, either by such person or others; or of manufacturing or preparing livestock products for sale by such person or others.
- (f) "Stockyard" means any place, establishment or facility commonly known as a stockyard, conducted or operated for compensation or profit as a public market, consisting of pens or other enclosures, and their appurtenances, for the handling, keeping and holding of livestock for the purpose of sale or shipment.
- (g) "Humane method" means either: (1) A method whereby the animal is rendered insensible to pain by mechanical, electrical, chemical or other means that is rapid and effective, before being shackled, hoisted, thrown, cast or cut; or (2) a method in accordance with ritual requirements of any religious faith whereby the animal suffers loss of consciousness by anemia of the brain caused by the simultaneous and instantaneous severance of the carotid arteries with a sharp instrument.

HISTORY: New 1962, p. 165, Act 163, Eff. Mar. 28, 1963.

287.552 Humane slaughter of livestock; methods prohibited.

Sec. 2. No slaughterer, packer or stockyard operator shall shackle, hoist or otherwise bring livestock into position for slaughter by any method which shall cause injury or pain.

HISTORY: New 1962, p. 166, Act 163, Eff. Mar. 28, 1963.

287.553 Humane slaughter of livestock; exemptions.

Sec. 3. No slaughterer, packer or stockyard operator shall bleed or slaughter any livestock except by a humane method. The director, by administrative order, may exempt from compliance with this act, for a period not to exceed 1 year after the effective date of this act, any slaughterer, packer or stockyard operator if he finds that an earlier compliance would cause such person an undue hardship.

HISTORY: New 1962, p. 166, Act 163, Eff. Mar. 28, 1963.

287.554 Ritual slaughter.

Sec. 4. Nothing in this act shall be construed to prohibit, abridge or in any way hinder the religious freedom of any person or group. Notwithstanding any other provision of this act, ritual handling or other preparation of livestock for ritual slaughter are exempted from the terms of this act. For the purposes of this section, the term "ritual slaughter" means slaughter in accordance with subsection (g) of section 1. To conform with the provisions and intent of this act, animals not previously rendered insensible, and to be slaughtered in accordance with a humane method as defined in subsection g of section 1, shall be slaughtered immediately following total suspension from the floor.

HISTORY: New 1982, p. 166, Act 163, Eff. Mar. 28, 1983.

287.555 Rules and regulations; inhumane methods.

Sec. 5. The director shall administer the provisions of this act. He shall promulgate and may from time to time revise rules and regulations in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948, which shall conform substantially to the rules and regulations promulgated by the secretary of agriculture of the United States pursuant to the federal humane slaughter act of 1958, Public Law 85-765, 72 Stat. 862, and any amendments thereto. The use of a manually operated hammer, sledge or poleax is declared to be an inhumane method of slaughter within the meaning of this act.

HISTORY: New 1982, p. 166, Act 163, Eff. Mar. 28, 1983.

287.556 Violation of act; penalty.

Sec. 6. Any person who violates any provision of this act shall be guilty of a misdemeanor.

HISTORY: New 1982, p. 166, Act 163, Eff. Mar. 28, 1983.

Act 280, 1965, p. 474; Imd. Eff. Jul. 22.

AN ACT to provide for licensing and regulating of slaughterhouses, edible rendering establishments and wholesale fabricating, processing or storage establishments of meat; to provide for the antemortem and postmortem inspection and reinspection of slaughtered meat animals; to prescribe the duties and powers of the department of agriculture; to prescribe license fees; to provide for the transfer of personnel and the rights of employees affected by this act; and to provide penalties for violation of the provisions of this act. Am. 1966, p. 322, Act 239, Imd. Eff. Jul. 11;—Am. 1970, p. 510, Act 166, Imd. Eff. Aug. 3.

The People of the State of Michigan enact:

287.571 Slaughterhouses, edible rendering establishments; definitions.

Sec. 1. As used in this act:

a. "Slaughterhouse" means any building, structure or place used for the slaughter and dressing of meat animals.

b. "Edible rendering establishment" means any building, structure or place used for cooking or reduction of any carcass or parts of carcasses of meat animals to be used for any product which is to be offered for sale or sold for human consumption or animal feed, except that plants licensed under Act No. 226 of the Public Acts of 1929, as amended, being sections 287.231 to 287.241 of the Compiled Laws of 1948, are exempt from the license provided for in this act.

(c) "Meat animal" means cattle, calves, sheep, lambs, goats, swine, or horses.

(d) "Meat" means the edible part of the muscle of cattle, calves, sheep, lambs, goats, swine, or horses which is skeletal or which is found in the tongue, in the diaphragm, in the heart, or in the esophagus, with or without the accompanying and overlying fat, and the portion of bone, skin, sinew, nerve, and blood vessels, which normally accompany the muscle tissue and which are not separated from it in the process of dressing. It does not include the muscle found in the lips, snout, or ears.

(e) "Meat products" means carcasses, or parts of carcasses, derived in whole or in part from meat animals.

(f) "Meat inspection" means the performance by or under the direct supervision of a veterinarian of antemortem and postmortem inspection of meat animals and reinspection of carcasses of meat animals and meat or meat products for wholesomeness.

(g) "Department" means the state department of agriculture.

(h) "Director" means the director of the department or his designated or authorized representative.

(i) "Person" means any individual, partnership, corporation, association, any other organized group of persons or legal successors or representatives or agency of the foregoing engaged in slaughtering, edible rendering or wholesale fabricating, processing or storage of meat products.

(j) "Reinspection" means inspection and surveillance for sanitation and approved standards during preparation, fabricating, processing, canning, labeling and packaging, wholesale distribution, storage and transportation.

(k) "Fabricating" means cutting into wholesale or retail cuts or dicing or grinding.

(l) "Processing" means drying, curing, smoking, cooking, canning, seasoning or flavoring or any combination of such processes, with or without fabricating.

(m) "Prepared" means slaughtered, canned, salted, rendered, boned, cut up or otherwise manufactured or processed.

(n) "Slaughter" means the process of rendering a meat animal lifeless with the use of humane methods and includes removal of the hide or hair and evisceration in such a manner that the resulting meat product after passing inspection can be used as food for human or animal consumption.

HISTORY: New 1965, p. 474, Act 290, Imd. Eff. Jul. 22;—Am. 1970, p. 510, Act 166, Imd. Eff. Aug. 3.

287.572 Administration; adoption of rules; minimum standards; inspection programs.

Sec. 2. (a) The director shall be responsible for the administration of this act. He shall make rules pertaining to the certification and licensing of slaughterhouses, edible rendering establishments and wholesale fabricating, processing or storage establishments handling meat products; prescribing minimum standards for approved meat inspection programs; prescribing minimum standards for a uniform state meat inspection program and to otherwise carrying out the provisions of this act in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

(b) The director shall evaluate and may approve meat inspection programs of district, county, city, township or village health departments. In any district, county, city, township or village that maintains a regular meat inspection program approved by the director, the slaughtering of meat animals and the inspection and reinspection of meat establishments and facilities under the provisions of this act shall be under the supervision of local officers operating under the jurisdiction of the director. Such activities

under the director of the department shall in no manner affect the existing civil service status or possible pension rights of local officers and employees.

HISTORY: New 1965, p. 474, Act 280, Imd. Eff. Jul. 22.—Am. 1970, p. 511, Act 166, Imd. Eff. Aug. 3.

287.572a Transfer of local meat inspection officers and employees to department; agreements; civil service and retirement rights and benefits.

Sec. 2a. (1) Any district, county, city, township or village health department, with the approval of the local governing body, may enter into an agreement with the director for the transfer to the department of meat inspection officers and employees certified as qualified by the state civil service commission. Such transfer shall not affect the then existing civil service status or possible pension rights of the transferred officers and employees.

(2) Officers and employees transferred by agreements pursuant to this section, who were members of a district, county, city, township or village retirement system and become members of the state employees' retirement system, shall be entitled to benefits provided by Act No. 88 of the Public Acts of 1961, as amended, being sections 38.1101 to 38.1105 of the Compiled Laws of 1948, notwithstanding that the district, county, city, township or village might not have adopted the provisions of Act No. 88 of the Public Acts of 1961. Whenever the service requirements for benefits to be paid under Act No. 240 of the Public Acts of 1943, as amended, being sections 38.1 to 38.43 of the Compiled Laws of 1948, to the persons who become members of the state employees' retirement system are lower than the service requirements in Act No. 88 of the Public Acts of 1961, the provisions of Act No. 240 of the Public Acts of 1943, as amended, shall apply with respect to such persons.

HISTORY: Add. 1966, p. 322, Act 239, Imd. Eff. Jul. 11.

287.573 License requirement; sale and transportation of products.

Sec. 3. No person shall establish, conduct, maintain or operate a slaughterhouse or edible rendering establishment without a license from the department. After July 1, 1969, no person shall establish, conduct, maintain or operate a wholesale fabricating, processing or storage establishment handling meat products without a license from the department. No licensee of meat products licensed under this act shall be required to be licensed by a local unit of government to operate under the provisions of this act or under any district, county, city, township or village ordinance. After July 1, 1969, no person licensed under this act is required to obtain a license under Act No. 228 of the Public Acts of 1952, as amended, being sections 289.581 to 289.592 of the Compiled Laws of 1948. The products of any licensee under this act, inspected and approved in accordance with the requirements of this act, shall be permitted for sale in all local government jurisdictions in this state and may be transported and sold anywhere in this state without restriction.

HISTORY: New 1965, p. 475, Act 280, Imd. Eff. Jul. 22.—Am. 1970, p. 511, Act 166, Imd. Eff. Aug. 3.

287.574 Licenses; exemptions.

Sec. 4. Nothing in this act shall restrict or prohibit a livestock producer or his employees from slaughtering meat animals from his own herd on his own premises for their own consumption. Meat animals slaughtered under this section shall not be offered for sale, sold or otherwise disposed of for a consideration and to be used for human consumption.

HISTORY: New 1965, p. 475, Act 280, Imd. Eff. Jul. 22.

287.575 Ante-mortem inspection of meat animals.

Sec. 5. The director shall provide for the ante-mortem inspection of all meat animals slaughtered in any slaughterhouse or edible rendering establishment, excepting those meat animals slaughtered under the direct supervision of the United States department of agriculture, before they are slaughtered. Separate facilities shall be provided

for confining and conducting the inspection of meat animals deemed unfit for immediate slaughter. If any person is about to slaughter any meat animal which the department believes may be affected with disease, the director shall notify the person in charge of the animals to refrain from slaughtering them until the ante-mortem examination is completed. Any person slaughtering meat animals after such notification by the director upon conviction, shall be guilty of a misdemeanor.

HISTORY: New 1965, p. 475, Act 280, Imd. Eff. Jul. 22.

287.576 Postmortem inspection and reinspection; expenses, state share.

Sec. 6. (1) The director shall provide postmortem inspection of all meat animals slaughtered in any slaughterhouse or edible rendering establishment and reinspection of all meat animals, meat or meat products prepared in any slaughterhouse, edible rendering establishment, or wholesale fabricating, processing and storage establishment, excepting those meat animals slaughtered under the direct supervision of the United States department of agriculture. Carcasses and parts of carcasses found to be sound, healthful, wholesome and properly labeled upon inspection or reinspection as provided in this act shall be approved and properly identified by authorized personnel of the department. Each carcass or part of a carcass which is found on postmortem inspection or reinspection to be unsound, diseased or otherwise unfit for human consumption or not properly labeled shall be retained or condemned and conspicuously identified by the inspector at the time of inspection or reinspection and disposed of in the manner prescribed by the department.

(2) The state share of expenditures for the federal-state cooperative reinspection program shall not exceed the share contributed by the federal government.

HISTORY: New 1965, p. 475, Act 280, Imd. Eff. Jul. 22;—Am. 1970, p. 512, Act 166, Imd. Eff. Aug. 3.

287.577 License; application, fee, expiration; expense of inspection programs.

Sec. 7. Any person that operates or desires to operate a slaughterhouse, edible rendering establishment, or wholesale fabricating, processing or storage establishment handling meat products shall apply to the department for a license to operate the establishment. No person shall operate a slaughterhouse or edible rendering establishment and after July 1, 1969, no person shall operate a wholesale fabricating, processing or storage establishment handling meat products without a license from the department. The cost of such a license shall be \$100.00. A licensee engaging in more than 1 of such operations on the same premises is required to have only 1 license. Application for license shall be on a form furnished by the department and shall show ownership, location and such other information that may be required by the department. License for each slaughterhouse, edible rendering establishment, wholesale fabricating, processing or storage establishment handling meat products shall expire on December 31 of each year and shall be renewed annually. Revenues from license fees shall be deposited with the state treasury and credited to the general fund of the state. Each licensee under this act shall be assigned an establishment number by the department. Such number shall be displayed in accordance with regulations prescribed by the director. All expenses of approved district, county, city, township or village meat inspection programs certified by the director shall be paid by the department from funds appropriated annually by the legislature for this purpose. Expenses for approved local meat inspection programs shall be submitted to the director, who upon verification of these expenses, shall certify them to be correct and transmit them to the state treasurer for payment. The cost of meat inspection in any slaughterhouse, edible rendering establishment, wholesale fabricating, processing or storage establishment handling meat products to be paid for by the department shall be those costs incurred during a normal 8-hour working period within a 24-hour day and a 40-hour, 5-day

week. Whenever it becomes necessary to operate a slaughterhouse, edible rendering establishment, wholesale fabricating, processing or storage establishment handling meat products more than 8 consecutive hours during a 24-hour period or more than 5 days in 1 week or on a legal holiday, such additional costs for meat inspection service, over 8 hours a day or 5 days a week or on a legal holiday, shall be paid for by the owner of the establishment in accordance with the regulations prescribed by the director of the department. All moneys collected by the department for meat inspection services shall be deposited with the state treasury and credited to the general fund of the state, except overtime fees paid for by the owners as prescribed by this act shall be collected by the department and are appropriated to be used to pay personnel for overtime services.

HISTORY: New 1965, p. 475, Act 280, Imd. Eff. Jul. 22;—Am. 1970, p. 512, Act 166, Imd. Eff. Aug. 3.

287.577a Repealed. 1970, p. 513, Act 166, Imd. Eff. Aug. 3.

Section set license fee for slaughterhouses or edible rendering establishment and precluded license fee for meat trucks.

287.578 Meat inspection mark; possession and use.

Sec. 8. No person, except those authorized by the department, shall possess, keep or use any approved meat inspection mark, stamp or brand provided by the department used to mark, stamp or brand the carcass of any meat animal or parts thereof or to possess, keep or use any mark, stamp or brand having thereon a device or words the same or similar in character or import to the approved marks, stamps or brands provided and used by the department.

HISTORY: New 1965, p. 476, Act 280, Imd. Eff. Jul. 22. •

287.579 Prohibited sales of meat.

Sec. 9. No person shall offer for sale or sell any meat, meat animal or meat product bearing a stamp, mark or legend stating or implying that it has been inspected and approved as provided in this act unless in fact it has been subjected to meat inspection by an approved district, county, city, township or village health department, by the director or his authorized agent, or by the United States department of agriculture. No person shall offer for sale or sell any meat or meat product unless it has been subject to meat inspection, approved by such inspection, and carcass and primal cut properly identified by mark, stamp or brand authorized by the department. After July 1, 1969, no person shall offer for sale or sell any meat, meat animal or meat product bearing a stamp, mark or legend or implying that it has been inspected or reinspected and approved as provided by this act, unless it has been inspected by an approved district, city, township or village health department, by the director or his authorized agent, or by the United States Department of Agriculture.

HISTORY: New 1965, p. 476, Act 280, Imd. Eff. Jul. 22;—Am. 1970, p. 513, Act 166, Imd. Eff. Aug. 3.

287.580 Authorization to seek federal approval of program and to enter cooperative agreement.

Sec. 10. The director is authorized to seek approval of the United States department of agriculture for the meat inspection program provided in this act. The director is further authorized to enter into cooperative agreement with the United States department of agriculture for the purpose of carrying out the meat inspection program provided in this act.

HISTORY: New 1965, p. 476, Act 280, Imd. Eff. Jul. 22.

287.581 Denial or revocation of license; grounds, notice, hearing, appeal.

Sec. 11. The director may deny, suspend, revoke or refuse to renew a license issued by him in any case where he is authorized to receive applications for or to issue such license under this act where he finds that there has been a failure to comply with the provisions of this act or any of the rules and regulations promulgated thereunder. Whenever the director is satisfied of the existence of any reason for refusing, suspend-

ing or revoking the license provided for in this act, before refusing, suspending or revoking the license, the department shall give written notice of a hearing to be had thereon to the licensee affected. The notice shall appoint a time of hearing at the department and shall be mailed by certified or registered mail to the licensee affected. On the day of the hearing, the licensee affected may present such evidence to the director as he deems relative regarding the violations charged and the director shall thereupon render a decision. Any licensee who feels aggrieved at the decision of the director may appeal from said decision within 10 days of writ of certiorari to the circuit court of the county where the licensee resides or conducts his principal place of business.

HISTORY: New 1965, p. 477, Act 280, Imd. Eff. Jul. 22.

287.582 Violation of act; penalty.

Sec. 12. Any person who violates or fails to comply with the provisions of this act shall upon conviction be guilty of a misdemeanor.

Act 233, 1965, p. 402; Eff. Jul. 1, 1966.

AN ACT to regulate the production, transportation, handling, processing, delivery and sale of grade A milk and milk products; to define grade A milk and milk products and to establish standards and requirements therefor; to provide for licenses and producer permits and revocation of same; to provide for certain milk containers and set standards for same; to provide for uniform standards and uniform inspection; to fix penalties for violations thereof; to provide for the transfer of personnel and the rights of transferred personnel; and to repeal certain acts and parts of acts. Am. 1966, p. 235, Act 209, Imd. Eff. Jul. 11.

The People of the State of Michigan enact:

288.21 Department of agriculture; promulgation of rules; definitions.

Sec. 1. The department of agriculture shall be responsible for the administration of this act and shall promulgate rules in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948, governing the production, transportation, processing, labeling and sale of grade A milk and grade A milk products. Except as otherwise specifically defined or described in this act the provisions of the 1965 edition of the pasteurized milk ordinance and administrative procedures as published by the United States public health service is adopted. Where the words "health authority" are used in the 1965 edition of the pasteurized milk ordinance and administrative procedures, the same is amended to read "department of agriculture". The department may adopt changes approved prior to January 1, 1969, in the 1965 edition of the pasteurized milk ordinance and administrative procedures by rules promulgated in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, and subject to Act No. 197 of the Public Acts of 1952.

(a) Milk shall contain not less than 8.5% solids-not-fat and not less than 3% milk fat. Pasteurized milk, homogenized milk and vitamin "D" milk and fortified milk shall contain a minimum of 3.5% milk fat.

(c) Grade A pasteurized milk and milk products except those to be cultured shall be cooled immediately to a temperature of 45 degrees Fahrenheit or less and shall be maintained at 50 degrees Fahrenheit or less until delivery.

(d) Water for the milkhouse and milking operations shall be from a supply properly located and protected, shall be easily accessible, adequate, of a safe sanitary quality and shall comply with the recommendations of the state department of health.

HISTORY: New 1965, p. 402, Act 233, Eff. Jul. 1, 1966;—Am. 1969, p. 166, Act 84, Eff. Mar. 20, 1970.

288.22 Annual license fees; revocation or suspension of licenses.

Sec. 2. (1) There shall be paid to the department of agriculture the following annual license fees for the year starting July 1, 1966. The license shall be applied for on forms provided by the department. The license shall be renewed annually and application for renewal made 10 days before expiration of existing license.

(a) Each milk plant, receiving station or transfer station shall pay an annual fee of \$5.00 for each dairy farm whose milk is first received at the milk plant or receiving station or transfer station, plus an additional \$5.00 per farm shipping to it if the milk plant or receiving station or transfer station operator does not maintain an adequate number of industry personnel which are certified to conduct farm supervision and which do not in fact conduct same. This additional \$5.00 per farm fee shall not be levied if a cooperative association is doing the farm supervision for the milk plant operator. The license fee shall not be charged to the producer.

(b) Each milk distributor or grade A milk plant operator shall pay an annual fee of \$5.00 for each delivery vehicle operated. This fee shall be the sole distributor or vendor license fee required by the state or any subdivision thereof where the principal purpose of such vehicle is the delivery and distribution of the products defined herein.

(c) Each certified industry fieldman shall pay an annual fee of \$5.00 for a license to conduct certified farm inspections.

(d) Each person picking up milk in a farm pickup milk tank from a farm bulk milk tank shall obtain a license from the department. The license fee shall be \$5.00. It shall be considered a violation of this act and the license of any operator may be revoked or suspended if: (1) The operator fails to properly agitate the milk in the farm tank before taking a sample for delivery to the milk plant or department of agriculture of the state of Michigan, or (2) takes such sample for milk fat testing or bacteria analysis in an unapproved manner, or (3) if the operator picks up milk the temperature of which exceeds 50 degrees Fahrenheit, or (4) reports inaccurately any weight or temperature of milk picked up from any dairy farm.

(e) Each milk plant or transfer station shall pay an annual fee of \$10.00 for each location which is not a first receiving point for dairy farm milk.

(2) No other special license fees or taxes may be levied on the preceding by the state or any subdivision thereof, except for taxes or fees that are generally levied on other than dairy plants and dairy plant operators.

HISTORY: New 1965, p. 402, Act 233, Eff. Jul. 1, 1966;—Am. 1969, p. 166, Act 84, Eff. Mar. 20, 1970.

288.23 Uniform regulation; out of state milk.

Sec. 3. (1) Regulation of the production, processing, labeling and distribution of grade A milk and grade A milk products under sanitary requirements which are uniform throughout the state and the United States is essential for the protection of consumers and the economic well-being of the dairy industry and is therefore a matter of statewide concern. No municipality or county may impose any different standards or requirements for grade A milk and grade A milk products than those provided for herein, or prohibit the sale of same if it has been produced and processed as grade A milk under supervision of the state department of agriculture.

(2) No sanitary requirement or standard issued under this act shall prohibit the sale of grade A milk or grade A milk products which are produced or processed under laws or rules of any governmental unit, without the state, which are substantially equivalent to the requirements of the rules issued under this act, and which are enforced

with equal effectiveness in the opinion of the Michigan department of agriculture and provided further that said government unit accepts Michigan grade A milk and milk products certified by a Michigan sanitation rating officer.

288.24 Payments to producers; frequency, time.

Sec. 4. Every person, firm, association or corporation purchasing milk for the purposes of reselling or of manufacturing the same into other products, shall pay the producer monthly or oftener. Payment may be made on or before the first day of each and every month for cream or milk; payment shall be made on or before the fifteenth day of each and every month for all cream or milk received prior to the first day of the same month. The director of agriculture may revoke or refuse any license required by this act whenever the provisions of this section have been violated.

HISTORY: New 1965, p. 403, Act 233, Eff. Jul. 1, 1966.

288.25 Local inspection; agreement with department of agriculture.

Sec. 5. If any city, county or district health department has qualified personnel and wishes to continue inspection of milk and cream plants within their jurisdiction, it may do so under agreement with the department of agriculture of the state of Michigan. Such agreements with the department of agriculture shall in no manner affect the existing civil service status or possible pension rights of said local officers and employees. Any city, county or district health department making its own inspections shall receive from the state, the delivery vehicle license fees collected for vehicles handling products of the plants under their jurisdiction.

HISTORY: New 1965, p. 403, Act 233, Eff. Jul. 1, 1966.

288.25a Transfer of city, county or district milk and cream inspection officers and employees to department of agriculture; agreement; retirement provisions.

Sec. 5a. (1) Any city, county or district health department, with the approval of the local governing body, may enter into an agreement with the department of agriculture for the transfer to the department of agriculture of milk and cream inspection officers and employees certified as qualified by the state civil service commission. Such transfer shall not affect the then existing civil service status or possible pension rights of the transferred officers and employees.

(2) Officers and employees transferred by agreements pursuant to this section, who were members of a city, county or district retirement system and become members of the state employees' retirement system, shall be entitled to benefits provided by Act No. 88 of the Public Acts of 1961, as amended, being sections 38.1101 to 38.1105 of the Compiled Laws of 1948, notwithstanding that the city, county or district might not have adopted the act. Whenever the service requirements for benefits to be paid under Act No. 240 of the Public Acts of 1943, as amended, being sections 38.1 to 38.43 of the Compiled Laws of 1948, to persons who become members of the state employees' retirement system are lower than the service requirements in Act No. 88 of the Public Acts of 1961, as amended, the provisions of Act No. 240 of the Public Acts of 1943, as amended, shall apply with respect to such persons.

Act 212, 1935, p. 344; Imd. Eff. Jun. 8.

AN ACT to provide for the licensing of milk fat testers; to regulate the sampling and testing of milk and cream and the use of approved tests; to prescribe the duties and powers of the director of agriculture; and to provide penalties for the violation of the provisions of this act. Am. 1969, p. 167, Act 85, Eff. Mar. 20, 1970.

The People of the State of Michigan enact:

288.51 Milk fat testers; licenses, applications, examinations, issuance, expiration, renewal, fee.

Sec. 1. Every person who shall test milk or cream in this state by the Babcock method or any other test whose methods and procedures have been approved by the association of official analytical chemists and the director of agriculture for the purpose of determining the percentage of butterfat or milk fat contained therein, where such milk or cream is bought and paid for on the basis of the amount of butterfat contained therein, shall first obtain a license from the director of agriculture.

Any person applying for such license or renewal of license shall make written and signed application on blanks to be furnished by the director of agriculture for a license to test milk or cream where such milk or cream is bought and paid for on the basis of the amount or percentage of butterfat or milk fat contained therein. The granting of a license shall be conditioned upon the passing by the applicant of an examination, to be conducted by or under the direction of the director of agriculture.

All licenses so issued or renewed shall expire on September 30 following the date of issuance unless sooner revoked, as provided in section 3. Each person presently licensed under this act whose license expires after March 1, 1970, shall not be required to obtain a new license until October 1, 1970.

A license fee of \$5.00 for each license so granted or renewed shall be paid to the director of agriculture by the applicant before any license is granted.

288.52 Commissioner of agriculture; rules and regulations; fees to general fund.

Sec. 2. The commissioner of agriculture shall establish and promulgate rules and regulations not inconsistent with this act that shall govern the granting of licenses under this act and shall establish and promulgate rules and regulations not inconsistent with this act that shall govern the manner of testing, including, but not in limitation thereof, the taking of samples, location where the testing of said samples shall be made and the length of time samples of milk or cream shall be held after testing.

All license and inspection fees received under the provisions of this act shall be turned over to the state treasury and any accumulated balance as of June 30, 1949, shall be credited to the general fund.

HISTORY: CL 1948, 288.52;—Am. 1969, p. 137, Act 127, Imd. Eff. May 20.

288.53 Revocation of license; grounds, hearing, confrontation.

Sec. 3. The director of agriculture may revoke any license granted under the provisions of this act, upon good and sufficient evidence that the provisions of this act, or the rules of the director of agriculture are not being complied with. Before any license shall be revoked, an opportunity shall be granted the licensee, upon being confronted with the evidence, to show cause why such license should not be revoked.

288.54 Appeal to circuit court of Ingham county.

Sec. 4. Any licensee who feels aggrieved at the decision of the director of agriculture may appeal from the decision within 10 days by writ of certiorari, to the circuit court of the county of Ingham, and an issue shall be framed in the court, and a trial had, and its decision shall be final unless an appeal is taken.

HISTORY: CL 1948, 288.54;—Am. 1969, p. 168, Act 85, Eff. Mar. 20, 1970.

288.55 Samples, method of taking, penalty; test records, preservation, availability.

Sec. 5. In taking samples of milk or cream from any milk can, cream can or any container of milk or cream, the contents of such milk can, cream can or container of milk or cream shall be first thoroughly mixed either by stirring or otherwise, and the sample shall be taken immediately after mixing, or by any other method which gives a representative average sample of the contents, and it is hereby made a misdemeanor to take samples by any method which does not give a representative average sample or to tamper with or manipulate samples in any manner where milk or cream is bought or sold and where the value of said milk or cream is determined by the butterfat contained therein.

(a) Every person, firm or corporation, buying or selling milk or cream on the basis of the butterfat or milk fat contained therein, shall keep for a period of 2 years, a true copy of the original test record prepared by the licensed milk fat tester who determines by test the amount of milk fat in such milk or cream bought or sold. Such records shall be made available to the director of agriculture upon request.

288.56 Standard Babcock testing glassware; scales and weights.

Sec. 6. In the use of the Babcock test all persons shall use the "standard Babcock testing glassware, scales and weights." The term "standard Babcock testing glassware, scales and weights" shall apply to glassware, scales and weights complying with the following specifications:

Standard milk test bottles.**(a) Standard milk test bottles.**

Graduation. The total percent graduation shall be 8 percent. The graduated portion of the neck shall have a length of not less than 63 and 5/10 millimeters (2 and 1/2 inches). The graduation shall represent whole percent, 5/10 percent, and tenths percent. The tenth percent graduation shall not be less than 3 millimeters in length; the 5/10 percent graduations shall be 1 millimeter longer than the tenths percent graduations, projecting 1 millimeter to the left; the whole percent graduations shall extend at least 1/2 way around the neck to the right and projecting 2 millimeters to the left of the tenths percent graduations. Each percent graduation shall be numbered, the number being placed on the left of the scale. The error at any point of the scale shall not exceed 1/10 percent.

Neck. The neck shall be cylindrical and the cylindrical shape shall extend for at least 9 millimeters below the lowest and above the highest graduation mark. The top of the neck shall be flared to a diameter of not less than 10 millimeters.

Bulb. The capacity of the bulb up to the junction of the neck shall not be less than 45 cubic centimeters. The shape of the bulb may be either cylindrical or conical with the smallest diameter at the bottom. If cylindrical, the outside diameter shall be between 34 and 36 millimeters; if conical, the outside diameter of the base shall be between 31 and 33 millimeters, and the maximum diameter between 35 and 37 millimeters.

The charge of the bottle shall be 18 grams.

The total height of the bottle shall be between 150 and 165 millimeters (5 and 7/8 and 6 and 1/2 inches).

Standard cream test bottles.**(b) Standard cream test bottles.**

Two types of bottles shall be accepted as standard cream test bottles, a 50 percent 9 gram short-neck bottle and a 50 percent 9 gram long-neck bottle.

Fifty percent 9 gram short-neck bottles. Graduation. The total percent graduation shall be 50. The graduated portion of the neck shall have a length of not less than 63 and 5/10 millimeters (2 and 1/2 inches). The graduation shall represent 5 percent, 1 percent and 5/10 percent. The 5 percent graduations shall extend at least 1/2 way around the neck of the bottle (to the right). The 5/10 percent graduations shall be at least 3 millimeters in length, and the 1 percent graduations shall have a length intermediate between the 5 percent and 5/10 percent graduations. Each 5 percent graduation shall be numbered, the number being placed on the left of the scale. The error at any point of the scale shall not exceed 5/10 percent.

Neck. The neck shall be cylindrical and the cylindrical shape shall extend at least 9 millimeters below the lowest and 9 millimeters above the highest graduation mark. The top of the neck shall be flared to a diameter of not less than 10 millimeters.

Bulb. The capacity of the bulb up to the junction of the neck shall not be less than 45 cubic centimeters. The shape of the bulb may be either cylindrical or conical with the smallest diameter at the bottom. If cylindrical, the outside diameter shall be between 34 and 36 millimeters; if conical, the outside diameter of the base shall be between 31 and 33 millimeters, and the maximum diameter between 35 and 37 millimeters.

The charge of the bottle shall be 9 grams. All bottles shall bear on top of the neck above the graduations, in plainly legible characters, a mark defining the weight of the charge to be used (9 grams).

The total height of the bottle shall be between 150 and 165 millimeters (5 and 7/8 and 6 and 1/2 inches) same as standard milk test bottles.

Fifty percent 9 gram long-neck bottles. The same specifications in every detail as specified for the 50 percent 9 gram short-neck bottle shall apply for the long-neck bottle with the exceptions, however, that the total height of this bottle shall be between 210 and 235 millimeters (8 and 1/2 and 8 and 7/8 inches) and that the total length of the graduation shall be not less than 120 millimeters.

Standard Babcock pipette.

(c) The standard Babcock pipette.

Total length of pipette shall be not more than 330 millimeters (13 and 1/4 inches). Outside diameter of suction tube 6 to 8 millimeters. Length of suction tube 130 millimeters. Outside diameter of delivery tube 4 and 5/10 to 5 and 5/10 millimeters. Length of delivery tube 100 to 120 millimeters. Distance of graduation mark above bulb 30 to 60 millimeters. Nozzle straight. Delivery 17 and 6/10 cubic centimeters of water at 20 degrees C in 5 to 8 seconds.

Standard cream test scales.

(d) Standard cream test scales.

All butterfat and cream scales used for the purpose of determining the value or percent of butterfat content of milk or cream by the Babcock test or otherwise shall be subject to the following specifications:

1. The scale shall be provided with a graduated face of at least 10 divisions over which the pointer shall play.

2. The pointer must reach to the graduated divisions and shall terminate in a fine point to enable the readings to be made clearly and distinctly.

3. The clear interval between the divisions on the graduated face shall not be less than 5/100 inch.

4. All scales whose weight indications are changed by an amount greater than 1/2 the tolerance allowed, when set in any position on a surface making an angle of 3 degrees or approximately 5 percent with the horizontal, shall be equipped with leveling screws and a device which will indicate when the scale is level: Provided, however, That the scale shall be re-balanced at zero each time its position is altered during the test.

5. The addition of 1/2 grain to the scale when loaded to capacity shall cause a movement of the pointer at least equal to 1 division on the graduated face.

6. The sensibility reciprocal and tolerance of cream test and butterfat test scales shall be 1/2 grain (30 milligrams).

Standard weights.

(e) Standard weights.

The standard cream test weight shall be 9 grams and the allowable tolerance therefor shall not exceed 1/2 grain (30 milligrams).

Every person, firm, company, association, corporation or agent thereof buying and paying for milk or cream on the basis of the amount of butterfat contained therein as determined by the Babcock test shall use standard Babcock test bottles, pipettes, weights and scales as defined in this act, and it shall be unlawful for any such person, firm, company, association, corporation or agent thereof to falsely manipulate, under-read or over-read the Babcock test or any other contrivance used for determining the quality or value of milk or cream where the value of said milk or cream is determined by the percentage of butterfat contained in the same or to make a false determination by the Babcock test or otherwise, or to falsify the record of such test or to read the test

at any temperature except the correct temperature which shall be between 135 degrees and 140 degrees Fahrenheit, or to pay on the basis of any test, measurement or weight except the true test, measurement or weight.

288.57 Inspection and certification of standard Babcock testing glassware; fee.

Sec. 7. No person, firm, company, association, corporation or agent thereof buying and paying for milk or cream on the basis of the amount of butterfat contained therein as determined by the Babcock test or otherwise shall use the "standard Babcock testing glassware" unless each piece of such glassware shall bear the certificate of the director of agriculture thereon. Before such glassware shall be used, the same shall be submitted to the director of agriculture for his inspection, and all such glassware so inspected and approved by him shall bear the certificate of the director of agriculture in such form as the director of agriculture by rules shall prescribe. Before such certificate shall be placed thereon, the person requesting same shall pay to the director of agriculture an inspection fee of 3 cents for each such piece of glassware so certified.

The People of the State of Michigan enact:

288.101 Manufacturing milk act; definitions.

Sec. 1. For the purpose of this act, the term "milk" shall mean the fresh, clean, lacteal secretion obtained by the complete milking of 1 or more healthy cows, properly fed and kept, excluding that obtained within 15 days before and 5 days after calving, and contains not less than 8 ½% of milk solids not fat, and not less than 3% of milk fat; and the term "cream" shall mean that portion of milk, rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than 18% of milk fat. Milk which shall be drawn from cows that are kept in barns or stables which are not reasonably well lighted and ventilated, or that are kept in barns or stables that are filthy from an accumulation of animal feces and excreta or from any other cause, or milk which shall be drawn from cows which are themselves in a filthy condition; or milk kept or transported in dirty, rusty or open-seamed cans or other utensils; or milk that is stale or putrid; or milk to which has been added any unclean, or unwholesome foreign substance; or milk that contains excessive amounts of sediment; or milk which has been kept exposed to foul or noxious air or gases in barns occupied by animals, or kept exposed in dirty, foul or unclean places or conditions, is hereby declared to be insanitary milk. Cream produced from any such aforesaid insanitary milk; or cream produced by the use of a cream separator, which separator had not been thoroughly washed, cleansed and scalded after previous use in the separation of cream from milk; or cream produced by the use of a cream separator placed or stationed in any unclean or filthy room or place or in any building containing a stable wherein are kept cattle or other animals, unless such cream separator is so separated and shielded by a partition from the stable portion of such building as to be free from all foul or noxious air or gases which issue or may issue from such place or stable; or cream which contains excessive amounts of sediment, filth or other foreign matter; or cream that is stale, putrid or decomposed; or cream that has an acidity of more than 7/10 of 1% expressed as lactic acid; or cream that is kept or transported in dirty, rusty or open-seamed cans or other utensils; or cream placed or transported in any container theretofore used in the transfer of buttermilk; or cream which has been kept exposed to foul or noxious air or gases in barns occupied by animals, or in dirty, foul or unclean places or conditions, or cream which contains a gasoline, kerosene or oil taste or odor is hereby declared to be insanitary cream. Any manufactured dairy product containing any filth or substance unnatural to the product or that contains excessive amounts of sediment is hereby declared to be an insanitary dairy product.

288.101a Manufacturing milk act; short title.

Sec. 1a. This act shall be known and may be cited as the "manufacturing milk act".

HISTORY: Add. 1965, p. 404, Act 234, Eff. Jul. 1, 1966.

288.102 Insanitary milk, cream, dairy product; distribution prohibited.

Sec. 2. No person shall by himself, his servant or agent, or as the servant or agent of any other person, or as the officer, servant or agent of any firm, partnership or corporation, sell or offer for sale, furnish or deliver, or have in possession or under his control with intent to sell or offer for sale, or furnish, or deliver to any person, firm or corporation as food for man, or to any creamery, cheese factory, milk condensing factory, or milk or cream dealer, or any other manufacturing dairy plant, any insanitary milk or any insanitary cream or any insanitary dairy product.

HISTORY: CL 1915, 6418;—CL 1929, 5343;—CL 1948, 288.102;—Am. 1952, p. 387, Act 232, Eff. Sep. 18;—Am. 1964, p. 231, Act 174, Eff. Aug. 28.

288.102a Milk or cream; production, handling, sanitation.

Sec. 2a. (1) Milk or cream shall come from cows that are located in areas under federal and state supervision for the eradication of tuberculosis and brucellosis.

(2) When any recognized test or examination of a dairy herd indicates that any cows are infected with mastitis, such cows' milk or any product of such milk shall not be sold or offered for sale.

(3) Milk that is bloody, stringy or otherwise abnormal, or which is produced from diseased cows, or any products of such milk, shall not be sold or offered for sale.

(4) Cows shall be kept clean. Flanks, bellies and tails of milking cows shall be free from visible dirt at the time of milking. After preparation and cleaning of cows, and before milking, udders and teats shall be wiped with clean towels moistened with bactericidal solutions.

(5) Cows shall be milked in a sanitary manner. Wet-handed milking is prohibited.

(6) Cow stables or milking parlors shall be provided in which all milking shall be done, and such cow stables or milking parlors shall be well ventilated.

(7) Floors and gutters or drops shall be provided in that portion of the barn or stable in which cows are milked and shall be constructed of concrete or other impervious, easily cleaned materials. Floors and gutters or drops shall be graded so as to drain properly and shall be kept clean and in good repair. Calves shall not be tied behind cows. Quarters housing swine or fowl shall be separated from milking area by partitions. If horses, dry cows, calves or bulls are stabled in the milking barn, they shall be confined in stalls, stanchions or pens which shall be kept clean and in good repair.

(8) Walls, ceilings and partitions of the barn shall be kept clean.

(9) The milking portion of the barn shall be provided with sufficient natural or artificial light so arranged so that all working areas will be easily visible and so that cleaning and milking operations can be effectively performed.

(10) Barnyards shall be properly graded and kept reasonably clean. Cow stable doors and stock watering tanks shall have approaches of at least 6 feet of concrete, clean gravel or other suitable materials.

(11) Manure shall be removed and stored or disposed of in such manner as will best prevent the breeding of flies and all manure piles shall be protected to prevent cows from having access thereto.

(12) Pen type barns shall be well drained and sufficiently bedded to keep cows clean. No animals except cattle shall be housed in the lounging area of pen type barns.

(13) Milking parlors are places where cows are milked and, except for the feeding of concentrates, shall be used for milking purposes only except as herein otherwise provided. Milking parlors shall have impervious floors, adequate light and ventilation and, at all times, shall be maintained in a clean and sanitary condition.

(14) Equipment for properly cooling and storing all milk and cream handled shall be provided. Cooling tanks shall be constructed of concrete or other impervious materials and shall be of such capacities as will afford proper cooling and storing of all milk and cream handled.

(15) Utensil racks, made of metal, shall be provided upon which cleaned containers, equipment, utensils and milking machines shall be stored when not in use. Lower shelves of such racks shall not be less than 12 inches above floors.

(16) Milk or cream to be delivered to milk plants or receiving stations shall be cooled to a temperature of 60 degrees fahrenheit or lower within 2 hours after milking and shall be maintained at such temperature until delivered.

(17) Containers, equipment and utensils used in the handling, storing and transporting of milk and cream shall be made of smooth, nonabsorbent material and of such

construction as to be easily cleaned, with all joints and seams finished smooth and flush, and shall be maintained in good repair.

(18) Containers, equipment and utensils used in handling, storing and transporting milk and cream shall be thoroughly cleaned with dairy brushes or other approved equipment, hot water and dairy cleansers immediately after use. Immediately before re-using, all such containers, equipment and utensils shall be subjected to approved bactericidal treatment.

(19) Milk shall be strained only through approved single service strainer pads. Unused strainer pads shall be stored so as to be protected from contamination.

HISTORY: Add. 1964, p. 231, Act 174, Eff. Aug. 28.

288.102b Milk or cream; inspection of production facilities.

Sec. 2b. (1) At least once each 30 days samples of milk shall be taken and tested for bacterial content.

(2) Milk, when delivered from dairy farms to milk plants or receiving rooms shall have a methylene blue reduction time of not less than 1 hour. After July 1, 1965, the methylene blue reduction time shall be not less than 2 ½ hours or of comparable bacteriological quality if other tests are used. Milk not meeting minimum bacteria standards shall have at least 4 follow-up tests during a period not to exceed 8 weeks following the original test. Milk not meeting the prescribed bacterial standards in the time intervals specified shall be excluded.

(3) Within 15 days of the first shipment of milk or cream all new shippers shall be visited by the dairy plant or receiving station operator or his representative and a written farm inspection shall be made of milk or cream.

(4) At least once annually all farms shipping milk or cream to a dairy plant or receiving station shall be inspected by the dairy plant or receiving station operator or by his representative. A carbon copy of the inspection shall be left with the producer and a copy filed at the dairy plant or receiving station. Reinspections shall be made within 30 days after the original inspection on those farms where conditions are found which adversely or seriously affect milk or cream quality. The farm inspection form used shall include all minimum requirements for manufacturing milk standards and shall be approved by the Michigan department of agriculture.

HISTORY: Add. 1964, p. 233, Act 174, Eff. Aug. 28.

288.102c Milk or cream; records of producer quality tests; inspection.

Sec. 2c. Dairy plants and receiving stations shall maintain records of producer quality tests for a period of at least 1 year and these records shall be kept available for review by representatives of the department of agriculture. The department of agriculture representative may review quality records and inspect farm conditions of producers shipping milk or cream to all manufacturing plants or receiving stations as often as the department deems necessary to assure compliance with minimum manufacturing milk and cream standards.

HISTORY: Add. 1964, p. 233, Act 174, Eff. Aug. 28.

288.102d Production quality standards; insanitary farm conditions; exclusion of producers; correction of conditions.

Sec. 2d. Producers who fail to meet minimum quality standards or correct insanitary farm conditions after receiving help from the dairy plant or receiving station operator or his representative, or the department of agriculture, shall be excluded from selling milk or cream for human consumption. Reinstatement of an excluded producer shall be made only after the dairy plant or receiving station operator or his representative, or the department of agriculture, has determined that the conditions on the farm which caused the noncompliance have been corrected.

Milk or cream may not be accepted from any producer who has been excluded from the market by the department of agriculture for insanitary conditions or quality until the cause for exclusion has been corrected, as determined by inspection by the department of agriculture or the dairy plant.

HISTORY: Add. 1964, p. 233, Act 174, Eff. Aug. 28.

288.102e Plants receiving milk for manufacture into milk products; sanitation, handling.

Sec. 2e. Plants receiving milk for manufacture into butter, cheese, cottage cheese, evaporated milk, condensed milk, dry skimmed milk and dry whole milk shall conform to the following standards and requirements:

(1) The premises and surroundings shall be kept neat and clean. Trash and waste materials shall be disposed of regularly.

(2) An adequate drainage system shall be provided which drains readily all water from the plant and removes surface water readily from the premises.

(3) Plant buildings shall be of sound construction and kept in good repair.

(4) The walls, ceilings, and partitions shall be substantially impervious to moisture, clean, tight and kept in good repair. Doors and windows shall be kept clean and in good repair.

(5) In rooms where milk and milk products are processed or packaged or where utensils are washed, the floors shall be constructed of easily cleanable impervious material and shall be constructed to provide for proper drainage and ease of cleaning.

(6) All plants and storage areas shall be free from insects and rodents. During the fly season, all regularly used doors and other openings shall be screened or otherwise protected against insects.

(7) Rooms shall be ventilated to prevent off-odors and excessive condensation on walls and ceilings.

(8) Sufficient amounts of natural or artificial light shall be provided to accomplish the visual aspects of processing, handling and storage of manufactured products.

(9) Convenient and sufficient toilet facilities and hand-washing facilities complete with soap, towels, and hot and cold running water shall be provided, and they shall be kept clean. Each toilet room shall be: Ventilated to the outside air, provided with a self-closing door and have a "wash hands" sign posted in a conspicuous place. No employee shall return to work after using the toilet without first having washed his hands.

(10) All plants shall have adequate and safe water supplies that comply with all regulations governing such supplies.

(11) Equipment, sanitary piping and utensils with which milk and milk products come in contact shall be made of stainless steel or other non-corrosive sanitary material and shall be smooth and maintained in good repair, free from rust, pits, and open seams. Churns shall be of non-corrosive sanitary metal construction or sound wood construction.

(12) Equipment, sanitary piping and utensils with which milk and milk products come in contact shall be completely disassembled and thoroughly cleaned at least every 24 hours: Provided, That permanently installed equipment and sanitary piping may be cleaned by C.I.P. (cleaned in place) procedures when the plans, installation, and cleaning methods are approved by the Michigan department of agriculture. Such equipment, after having been exposed to approved C.I.P. procedures shall be visually inspected for cleanliness and re-cleaned if necessary. Immediately prior to reuse, all cleaned equipment, sanitary piping and utensils shall be given adequate bactericidal treatment.

(13) Good housekeeping practices shall be carried out daily in the plant.

(14) All employees whose work brings them in contact with the receiving, processing, handling, packaging and storage of milk or milk products shall wear clean outer garments and caps or hairnets.

(15) Tobacco in any form shall not be used in receiving and processing rooms.

(16) At least every 4 months a can audit shall be made by the plant personnel to determine the number of unsatisfactory producer cans in use. A record shall be maintained at the plant revealing the total number of cans examined and the percentage of unclean, definite rusty, and open seamed cans noted in each audit.

(17) Persons afflicted with communicable diseases shall not be employed in plants receiving milk or milk products for manufacturing. Each new employee shall have a medical and physical examination by a registered physician and shall furnish a satisfactory medical certificate prior to beginning work.

HISTORY: Add. 1964, p. 233, Act 174, Eff. Aug. 28.

288.103 Insanitary milk or cream; prohibited use.

Sec. 3. No person shall by himself, his servant or agent, or as the servant or agent of any other person, or as the servant or agent of any firm or corporation, manufacture for sale any article of food for man from any insanitary milk or insanitary cream or any milk or cream that does not meet the standards or requirements of this act.

HISTORY: CL 1915, 6419;—CL 1929, 5344;—CL 1945, 288.103;—Am. 1964, p. 234, Act 174, Eff. Aug. 28.

288.103a Milk plants; license; reports.

Sec. 3a. Every person, firm, association or corporation, owning or operating a milk plant, shipping station, creamery, cheese factory or condensed milk factory not licensed by the department under other dairy laws, where milk or cream is received by purchase or otherwise from 1 or more persons or other factory where milk, cream or any other dairy product is received from a shipping station or licensed dairy plant, manufactured into creamery butter, condensed milk, cheese, condensed buttermilk or other dairy product, before opening of such milk plant, shipping station, creamery, cheese factory, condensed milk factory, condensed buttermilk factory, or other plant where dairy products are manufactured, and annually thereafter on July 1, shall obtain a license from the director of agriculture. Application shall be made upon forms furnished by the director. The forms shall show the ownership and location of the shipping station, milk depot, cream depot, creamery, cheese factory, condensed milk factory, condensed buttermilk factory or other factory manufacturing dairy products as well as such other information as may be required by the director. Every person, firm, association or corporation owning or operating a shipping station, cream depot, creamery, cheese factory, condensed milk factory, condensed buttermilk factory or other such factory shall pay to the director an annual license fee of \$10.00 for each plant operated, which fees shall be paid at the time application for the license is made. Each depot, factory or other factory in this state manufacturing dairy products from milk or cream or other dairy products, shall report to the director at least once each calendar year, or as often as may be required, the amount of milk or cream sold and the amount shipped into and out of the state and the amount of butter, cheese, condensed milk, condensed buttermilk, powdered milk, powdered skim milk, powdered cream, milk casein, ice cream, malted or milk sugar or other dairy products manufactured.

HISTORY: Add. 1965, p. 404, Act 234, Eff. Jul. 1, 1966;—Am. 1969, p. 211, Act 116, Imd. Eff. Jul. 29.

288.103b Application for license; investigation, refusal, revocation.

Sec. 3b. Upon receipt of application for a license for any shipping station, milk depot, cream depot, creamery, cheese factory, condensed milk factory, condensed buttermilk factory, or other factory manufacturing dairy products not previously licensed or which has been disapproved for license, the department of agriculture shall investi-

gate the sanitary conditions of the plant or place of business. The director shall refuse a license under this act when he determines that the sanitary conditions of the plant or place of business of any applicant does not conform to the provisions of this act or the rules and regulations issued hereunder or the provisions of this act or other acts pertaining to the dairy business have not been complied with or have been violated by the applicant. The director may revoke any license issued under the provisions of this act whenever he determines that any of the provisions or rules and regulations of this act or provisions of other acts pertaining to the dairy business have been violated. Any person, firm, association or corporation whose license has been revoked or refused shall discontinue operation of the business for which the license was issued or applied for and shall not be eligible for a license until the provisions of this act have been complied with.

HISTORY: Add. 1965, p. 405, Act 234, Eff. Jul. 1, 1966.

288.103c Revocation of license; notice, hearing.

Sec. 3c. Before revoking any license the director shall give written notice to the licensee affected stating that he contemplates the revocation of the same, giving his reasons therefor. The notice shall appoint a time and place of hearing and shall be mailed by certified mail to the licensee or personal service rendered at least 10 days before the date set for the hearing. The licensee may present such evidence of a relevant nature to the director as he deems fit and, after hearing all the testimony, the director shall decide the question in such manner as to him appears just and right.

HISTORY: Add. 1965, p. 405, Act 234, Eff. Jul. 1, 1966.

288.103d Persons picking up milk from a farm bulk tank, license; regulations.

Sec. 3d. (1) Each person picking up milk in a farm pickup milk tank from a farm bulk milk tank, or delivering any such milk to any dairy plant, shall obtain a license from the director. The license shall be issued only after the applicant has successfully passed an examination qualifying him for a license to measure milk in the farm bulk milk tank, take samples for bacterial analysis and butterfat testing. The license shall be applied for on forms provided by the director. The license fee of \$5.00 shall accompany the application for license. The license shall be renewed annually and application for renewal made 10 days before expiration of existing license. The director of agriculture shall refuse or revoke any license required by this act when he determines that the applicant or licensee has violated any of the provisions of this act.

(2) Each farm bulk milk tank shall be located in a suitable room and shall be of such capacity to hold entire milk supply. Every person, before taking any milk from a farm bulk milk tank, shall measure the milk in the tank and promptly record all information which includes the date, producer identification, gauge or stick reading, converted gauge or stick reading in pounds, temperature of the milk and hauler identification. A copy of all information is to be left with the producer. After proper agitation of not less than 3 minutes of each tank of milk, or such additional time as shall be necessary to enable a representative sample to be taken, he shall take an accurate sample before starting to empty any farm bulk milk tank. A sample shall be taken each time the milk is picked up. Each tank shall be completely emptied every time a pickup tank is connected to it.

HISTORY: Add. 1965, p. 405, Act 234, Eff. Jul. 1, 1966;—Am. 1968, p. 317, Act 218, Eff. Jul. 1.

288.103e Milk purchasers; payment to producer, frequency, time.

Sec. 3e. Every person, firm, association or corporation purchasing milk for the purposes of reselling or of manufacturing the same into other products, shall pay the producer monthly or oftener. Payment may be made on or before the first day of each month for cream or milk; payment shall be made on or before the fifteenth day of

each month for all cream or milk received prior to the first day of the same month. The director shall revoke or refuse any license required by this act whenever the provisions of this section have been violated.

HISTORY: Add. 1905, p. 406, Act 234, Eff. Jul. 1, 1906.

288.103f Egg nog, egg nog mix; definition.

Sec. 3f. (1) "Egg nog", "egg nog drink", and "egg nog mix" means a product made from milk products, fresh or dried egg yolks or whole eggs, sugar with 1 or more of the following: cream, whole milk, evaporated or condensed milk, dry milk solids, flavor, salt, spices, wholesome edible stabilizer which shall not exceed 1/2 of 1% by weight. The butterfat content shall be not less than 6%, egg yolk solids not less than 1% and total solids not less than 22%. If an imitation or artificial flavor or artificial color is used, there shall appear on the label "artificially flavored", "artificially colored" or "artificially colored and flavored".

(2) "Low fat egg nog" means a product consisting of a mixture of milk or milk products with a milk fat content of at least 2% and not more than 3.5%, at least 0.25% and not more than 0.5% of egg yolk solids, sweetener, a flavoring and total solids not less than 15%. Not over 0.5% stabilizer may be added. If an imitation or artificial flavor or color is used, the label shall state "artificially flavored", "artificially colored" or "artificially colored and flavored".

HISTORY: Add. 1905, p. 406, Act 234, Eff. Jul. 1, 1906;—Am. 1968, p. 317, Act 218, Eff. Jul. 1.

288.103g Cottage cheese; definition.

Sec. 3g. "Cottage cheese" means the product obtained by culturing, with or without coagulant, pasteurized skimmed milk or reconstituted skimmed milk from which substantially all of the free whey has been removed and contains not more than 80% moisture.

HISTORY: Add. 1905, p. 406, Act 234, Eff. Jul. 1, 1906.

288.103h Creamed cottage cheese; definition.

Sec. 3h. "Creamed cottage cheese" means cottage cheese prepared by mixing pasteurized cream or a mixture of pasteurized cream with milk or skimmed milk, or both, with or without stabilizer, and the milk fat content of the finished product shall be not less than 4% by weight.

HISTORY: Add. 1905, p. 406, Act 234, Eff. Jul. 1, 1906.

288.103i Lowfat creamed cottage cheese; definition.

Sec. 3i. "Lowfat creamed cottage cheese" means a mixture of drained curd of cottage cheese with a creaming mixture added and which contains not more than 2%, nor less than .5% milkfat and not more than 82.5% moisture.

HISTORY: Add. 1908, p. 211, Act 116, Imd. Eff. Jul. 29.

288.104 Insanitary premises and utensils; maintenance prohibited.

Sec. 4. All premises and utensils used in the handling of milk, cream, and by-products of milk, and all premises and utensils used in the preparation, manufacture, or sale, or offering for sale of any food product for man from milk or cream or the by-products of milk, which shall be kept in an unclean, filthy or noxious condition are hereby declared to be insanitary. It shall be unlawful for any person, firm, or corporation engaged in selling, or furnishing milk, cream, or any by-products of milk, intended for use as food for man; and it shall be unlawful for any person, firm or corporation engaged in selling or furnishing milk, cream, or any by-products of milk, to any creamery, cheese factory, milk condensing factory, or to any place where such milk, cream or by-products of milk are manufactured or prepared into a food product for man, and for sale as such; and it shall be unlawful for any milk dealer, or an employe of such milk dealer, or any person, firm or corporation, or the employ [employe] of such per-

son, firm, or corporation, who operates a creamery, cheese factory, milk condensing factory, or who manufactures or prepares for sale any article of food for man from milk, cream, or by-product of milk, or who manufactures, re-works, or packs butter for sale as a food product, to maintain his premises and utensils in an insanitary condition.

288.107 Licensed cream buyer; requirements, qualification.

Sec. 7. No person shall operate in this state, any creamery, cream buying station, or other place where deliveries of cream are weighed, sampled, and/or tested for purchase on a butter fat basis for butter manufacturing purposes, unless there shall be maintained thereat, 1 or more persons who shall qualify as hereinafter in this act required, and who shall hereinafter in this act be referred to as licensed cream buyer. Such licensed cream buyer as hereinafter referred to, shall be any person licensed to test milk or cream in this state by the Babcock method or otherwise for the purpose of determining the percentage of butterfat or milk fat contained therein, where such

milk or cream is bought and paid for on the basis of the amount of butterfat contained therein and who shall have qualified to make sediment tests and condemn cream as required under the provisions of this act.

HISTORY: Add. 1935, p. 412, Act 242, Imd. Eff. June 8;—CL 1948, 288.107.

288.108 Licensed cream buyer; duties.

Sec. 8. All licensed cream buyers who shall receive, purchase and/or test cream for butter making purposes, at any place other than the creamery at which such cream shall be manufactured into butter, shall ship all cream purchased, direct to a butter manufacturing plant as soon after the purchase of the same as it is reasonable to ship, depending on the season of the year.

HISTORY: Add. 1935, p. 412, Act 242, Imd. Eff. June 8;—CL 1948, 288.108.

288.109 Licensed cream buyer; sediment or acidity tests; records.

Sec. 9. Each owner or operator of any cream receiving station, station receiving milk for manufacturing, creamery, cheese factory, milk condensing factory, or any dairy manufacturing plant shall make a sediment test of a delivery of milk or cream of each producer, at least once in each month, and an acidity test of a delivery of cream of each producer when, in the opinion of the owner or operator, the acidity of the cream exceeds the standards set forth in section 1 of this act. If such tests disclose that milk or cream so tested is insanitary milk or cream as defined in this act, such insanitary milk or cream shall be condemned as hereinafter provided, and thereafter, each subsequent delivery of milk or cream by such producer, shall likewise be tested for sediment and/or acidity until such owner or operator shall be satisfied that the milk or cream delivered by such producer is not insanitary milk or cream as defined in this act. Records of such tests and other quality tests shall be maintained at the dairy plant for not less than 1 year.

HISTORY: Add. 1935, p. 412, Act 242, Imd. Eff. Jun. 8;—CL 1948, 288.109;—Am. 1952, p. 387, Act 232, Eff. Sep. 18.

288.110 Sediment discs; marking for identification.

Sec. 10. Sediment discs used in making sediment tests of milk or cream, after such tests shall have been made, shall be properly marked for future identification, and shall be shown or given to the producer of the milk or cream from which said sediment tests were made.

HISTORY: Add. 1935, p. 413, Act 242, Imd. Eff. Jun. 8;—CL 1948, 288.110;—Am. 1952, p. 387, Act 232, Eff. Sep. 18.

288.111 Condemnation tag; discoloration; removal of tag, or transfer to another container unlawful.

Sec. 11. Each owner or operator of any cream receiving station, station receiving milk for manufacturing, creamery, cheese factory, milk condensing factory, or other dairy manufacturing plant shall condemn any and all insanitary milk or cream which is offered for sale, by affixing to each container of such insanitary milk or cream, a condemnation tag to be provided by the department of agriculture. In addition to attaching such condemnation tag to the container, any person making such condemnation may thoroughly mix into such insanitary milk or cream a harmless, permanent, pronounced red coloring matter certified by the bureau of chemistry, United States department of agriculture, as harmless food color, which shall completely discolor such insanitary milk or cream. It shall be a violation of this act for any person to remove any condemnation tag attached to any container of condemned milk or cream or to transfer such condemned milk or cream to another container and sell or offer for sale such condemned milk or cream for use in human food.

HISTORY: Add. 1935, p. 413, Act 242, Imd. Eff. Jan. 8;—CL 1948, 288.111;—Am. 1952, p. 387, Act 232, Eff. Sep. 18.

288.112 Licensed cream buyer; condemnation reports, copies.

Sec. 12. Each licensed cream buyer shall keep a true record of each lot of cream condemned by him, in such form and giving such information as may be required by the commissioner of agriculture. A copy of such record shall be mailed to the commissioner of agriculture within 24 hours subsequent to such condemnation, and in case such condemnation shall be made at a place other than a creamery where butter is manufactured, a copy of such record shall within 24 hours be mailed to the creamery for which said condemned cream was intended to be delivered for manufacture.

HISTORY: Add. 1935, p. 413, Act 242, Imd. Eff. June 8;—CL 1948, 288.112.

288.113 Appeals.

Sec. 13. The producer of any cream that shall have been condemned in accordance with the provisions of this act, may, if he believes himself aggrieved by the determination of licensed cream buyer in condemning cream, appeal within 10 days from such determination to the commissioner of agriculture, and thereupon, and upon demand of such producer, said licensed cream buyer shall immediately furnish a fair sample of such condemned cream, and deliver the same to the commissioner of agriculture, and in the event that said commissioner of agriculture shall determine that such sample is not insanitary cream as herein defined, the cream so condemned as insanitary cream, shall be paid for at a price per pound butterfat, contained in such cream, which said licensed cream buyer paid for butterfat on the day of original delivery of such cream, and such cream shall become and be the property of the creamery or cream buying station to which the same had been delivered. Any person who feels aggrieved at the decision of the commissioner of agriculture, may appeal from such decision within 10 days, by a writ of certiorari to the circuit court of the county where such person resides, and an issue shall be framed in said court, and a trial had and its decision shall be final unless an appeal is taken to the supreme court.

288.162 Violation of act; penalty.

Sec. 2. Whoever violates any of the provisions of this act shall be deemed guilty of a misdemeanor, and on conviction shall be punished by a fine of not more than 100 dollars, or imprisonment in the county jail for not exceeding 90 days, or both, in the discretion of the court.

HISTORY: CL 1915, 6334;—CL 1929, 5354;—CL 1948, 288.162.

Act 330, 1945, p. 598; Imd. Eff. May 29.

AN ACT to prevent fraud and deception of the public; to make unlawful the manufacture for sale within this state, the sale, barter, exchange, possession with intent to sell or exchange, or the offer for sale or exchange of "filled milk" as defined herein; to provide for the administration and enforcement of this act, and to prescribe penalties for its violation; and to repeal Act No. 83 of the Public Acts of 1937.

The People of the State of Michigan enact:

288.171 Michigan filled milk act; short title.

Sec. 1. This act shall be known and may be cited as the "Michigan filled milk act."

HISTORY: CL 1948, 288.171.

288.172 Filled milk act; definitions.

Sec. 2. Definitions. Whenever used in this act:

(a) The term "person" includes individuals, firms, partnerships, associations, co-operatives, trusts, corporations, including the affiliates or subsidiaries thereof, and any and all other business units, devices, or arrangements.

(b) The term "filled milk" means any milk, cream, or skimmed milk, or combination thereof, whether or not condensed, evaporated, concentrated, powdered, dried, or desiccated, to which has been added, or which has been compounded with any fat or oil other than milk fat so that the resulting product is in semblance of milk, cream, or skimmed milk, whether or not condensed, evaporated, concentrated, powdered, dried or desiccated, whether in bulk or in containers, hermetically sealed, or unsealed: Provided, That this definition shall not be held or construed to mean or include any distinctive proprietary food compound not readily mistaken for milk or cream or for condensed, evaporated, concentrated, powdered, dried, or desiccated milk or cream, provided such compound (1) is prepared and designed for the feeding of infants or young children, sick or infirm persons, and customarily used on the order of a physician; (2) is packed in individual containers bearing a label in bold type that the contents are to be used for said purposes: And provided further, That this definition shall not be construed to mean or include any product not containing milk, cream, skimmed milk or butterfat, and which has no dairy product whatsoever as a component part thereof, and is plainly branded not to be a dairy product.

HISTORY: CL 1948, 288.172.

288.173 Filled milk; sale declared fraud.

Sec. 3. It is hereby declared that filled milk as defined herein lends itself readily to substitution for or confusion with genuine milk products and that the sale of such filled milk constitutes a fraud upon the public.

HISTORY: CL 1948, 288.173.

288.174 Filled milk; manufacture unlawful.

Sec. 4. It shall be unlawful for any person, by himself, his servants or agent, or as the servant or agent of another, to manufacture for sale within this state, or sell or ex-

change, or have in his possession with intent to sell or exchange, or offer for sale or exchange, any "filled milk" as defined in this act.

HISTORY: CL 1948, 288.174.

288.175 Violation of act; penalty.

Sec. 5. Any person who shall violate any of the provisions of this act shall, upon conviction, be sentenced to pay a fine of \$100.00 or be imprisoned for not more than 90 days, or both.

HISTORY: CL 1948, 288.175.

288.176 Enforcement; application for injunction.

Sec. 6. The commissioner of agriculture shall enforce the provisions of this act. In addition to the other remedies provided in this act, the commissioner of agriculture, the attorney general, or the prosecuting attorney of any county or any duly authorized officer or employee thereof, is hereby authorized to apply to any circuit court for, and such court shall have jurisdiction upon hearing and for cause shown to grant a temporary or permanent injunction to restrain any person from violating any provisions of this act.

Act 155, 1939, p. 306; Eff. Sep. 29.

AN ACT to define overrun and percentage of overrun, and limiting the percentage of overrun permissible in the manufacture of butter; to require the keeping of certain records and making of reports by persons engaged in the purchase, manufacture or sale of dairy products and to fix penalties for the violations of this act.

The People of the State of Michigan enact:

288.201 Dairy products; overrun, percentage of overrun, definitions.

Sec. 1. For the purpose of this act "overrun" is the difference between the weight of any given amount of pure butterfat and the weight of the butter manufactured therefrom, and this difference, ascertained in any case, divided by the given amount of pure butterfat in such case and multiplied by 100, is the "percentage of overrun", in the manufacture of butter.

HISTORY: CL 1948, 288.201.

288.202 Dairy products; percentage of overrun permitted.

Sec. 2. It shall be and hereby is declared to be unlawful for any person, firm, association or corporation to have or permit an average percentage of overrun in excess of 24 ½ per cent in butter manufactured by it for a period of a calendar month, and the average overrun for the calendar month may be regarded as the overrun as of the date alleged.

HISTORY: CL 1948, 288.202.

288.203 Dairy products; records to be kept by person engaged in purchase.

Sec. 3. Every person, firm, association or corporation engaged in the purchase, manufacture or sale of dairy products, and all operators of skimming stations or other places engaged in the business of purchasing milk or cream, and operators of conden-

series, creameries, milk factories and cheese factories, shall keep in proper books true and full records of all milk, cream, butterfat and other dairy products purchased and received by them, the amount of butter manufactured, and the amounts of butterfat used in the form of cream, ice cream, milk, or any other products.

HISTORY: CL 1948, 288.203.

288.204 Records to be kept within state; inspection; reports not public.

Sec. 4. The books and records, or a certified copy of same, of any person, firm, association or corporation coming within the provisions of section 3 of this act shall be kept within this state and shall be open for the inspection of the commissioner of agriculture or any special deputy appointed by him, who shall make such examination thereof as is deemed necessary by the commissioner of agriculture for the enforcement of this act.

Any statement, report, or information required by this act to be made or furnished by any person, firm, association or corporation shall be for the information of the commissioner of agriculture or the attorney general, but such statement, report or information shall not be open to public inspection, nor shall it be published, nor used for private purposes, but may be used in an official way in the enforcement of this act.

HISTORY: CL 1948, 288.204.

NOTE: The commissioner of agriculture is superseded by the department of agriculture, see Compilers' § 285.1.

288.205 Reports; time, form, contents.

Sec. 5. Every such person, firm, association or corporation shall on or before the first day of July in each year and at such other times as the commissioner of agriculture may fix or require, render to the commissioner of agriculture on blank forms prepared by him, such information as is necessary for the enforcement of this act.

Act 211, 1955, p. 313; Eff. Oct. 14.

AN ACT to define butter; to provide for grades of butter; to provide for grade labeling of butter; to provide for grading of butter by licensed graders; and to provide penalties for violations of the provisions of this act.

The People of the State of Michigan enact:

288.211 Butter grading; application of act.

Sec. 1. The provisions of this act shall apply to products defined in the act and the purpose of the act is to require grades on certain butter offered for sale to the consuming public by retailers in this state and to make unlawful the sale of such butter without the required label. For the purpose of this act the following definition shall apply:

Definition of butter.

Butter is the product usually known as butter, and which is made exclusively from milk or cream, or both, with or without common salt, and with or without additional coloring matter and contains not less than 80% by weight of milk fat.

HISTORY: New 1955, p. 313, Act 211, Eff. Oct. 14.

288.212 Butter grading and labeling; prohibited sales.

Sec. 2. No person, firm, association or corporation shall sell, offer for sale or expose for sale or have in possession with intent to sell any butter that does not conform to the definition as given in this act or shall sell to the consumer any butter that has not been graded and labeled as required by this act. All butter grading below 90 score shall be clearly labeled "undergrade" before being offered for sale.

HISTORY: New 1955, p. 314, Act 211, Eff. Oct. 14.

288.213 Butter grading and labeling; butter manufactured outside of state.

Sec. 3. Butter manufactured outside the state of Michigan and sold within the state of Michigan shall be provided with a label which indicates that it complies with the Michigan grade as provided for in this act and which indicates the grade in a manner equivalent to the requirements for butter manufactured and sold within the state.

HISTORY: New 1955, p. 314, Act 211, Eff. Oct. 14.

288.214 Butter grading and labeling; licensed graders; definition of scoring or grading.

Sec. 4. Butter shall be graded or scored by graders approved and licensed by the department of agriculture.

As used in this act, score or grade means the grading of butter by its examination for flavor, aroma, body and texture, color, salt and package, and such other tests as may be approved by the department of agriculture.

HISTORY: New 1955, p. 314, Act 211, Eff. Oct. 14.

288.215 Enforcement of act, rules.

Sec. 5. The state department of agriculture shall be the agency responsible for the enforcement of this act and shall have the authority to promulgate rules and regulations necessary for accomplishing the purposes of the act, in accordance with Act No. 55 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82, inclusive, of the Compiled Laws of 1948, and Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110, inclusive, of the Compiled Laws of 1948.

Act 243, 1903, p. 397; Eff. Sep. 17.

AN ACT in relation to the manufacture and sale of renovated butter.

The People of the State of Michigan enact:

288.221 Renovated butter; definition, manufacture or sale prohibited.

Sec. 1. No person, firm or corporation shall manufacture for sale, offer or expose for sale, sell, exchange or deliver, or have in his possession with the intent to sell, exchange or deliver, any butter that is produced by taking original packing stock butter or other butter, or both, melting the same so that the butter fat can be drawn off or extracted, mixing the said butter fat with skimmed milk, or milk or cream, or other milk

product, and rechurning or reworking the said mixture; nor shall any person, firm or corporation manufacture for sale, offer or expose for sale, sell, exchange or deliver, or have in his possession for any such purpose, any butter which has been subjected to any process by which it is melted, clarified or refined, and made to resemble butter, and is commonly known as boiled, process or renovated butter, and which for the purpose of this act is hereby designated as "Renovated Butter," unless the same shall be branded or marked as provided in section 2 of this act.

HISTORY: CL 1915, 6406;—CL 1929, 5366;—CL 1948, 288.221.

288.222 Renovated butter; required labeling; placard in eating places.

Sec. 2. Whoever, himself or by his agent or as the servant or agent of another person, shall sell, expose for sale or have in his custody or possession with the intent to sell any renovated butter as defined in section 1 of this act, shall have the words "renovated butter" conspicuously stamped, labeled or marked in 1 or 2 lines and in plain Gothic letters, at least $\frac{3}{8}$ of an inch square, so that the words cannot easily be defaced, upon 2 sides of each and every tub, firkin, box or package containing said renovated butter; or if such butter is exposed for sale uncovered, or not in a case or package, a placard containing said words in the same form as above described in this section shall be attached to the mass in such a manner as to be easily seen and read by the purchaser. When renovated butter is sold from such packages or otherwise at retail in print, roll or other form, before being delivered to the purchaser, it shall be wrapped in wrappers plainly stamped on the outside thereof with the words "renovated butter" printed or stamped thereon in 1 or 2 lines, and in plain Gothic letters at least $\frac{3}{8}$ of an inch square, and such wrappers shall contain no other words or printing thereon, and said words "renovated butter" so stamped or printed on the said wrapper shall not be in any manner concealed, but shall be in plain view of the purchaser at the time of the purchase. The proprietor or keeper of any hotel, restaurant, eating saloon, boarding house, or other place where renovated butter is furnished to persons paying for the same, shall have placed on the walls of every store or room where renovated butter is furnished, a white placard on which is printed in black ink, in plain Roman letters of not less than 3 inches in length, and not less than 2 inches in width, the words "renovated butter used here," and shall at all times keep the same exposed in such conspicuous place as to be readily seen by any and all persons entering such store, hotel, restaurant or other room or rooms.

AN ACT to define cheese and to regulate the manufacture and sale of same within the limits of the state of Michigan; to provide for labeling and to prescribe a penalty. Am. 1947, p. 394, Act 263, Eff. Oct. 11.

The People of the State of Michigan enact:

288.281 Cheese; definition; milk fat and water content; exceptions.

Sec. 1. Cheese is the sound, solid, and ripened product made from milk or cream by coagulating the casein thereof with rennet, pepsin or lactic acid, with or without the addition of ripening ferments and seasoning or added coloring matter, and shall contain in the water-free substance not less than 50 per cent of milk fat, and cheese known as American or Cheddar cheese shall contain not more than 40 per cent of water, and cheese known as Brick cheese not more than 42 per cent of water. Cheese containing less than 50 per cent of milk fat in the water-free substance, shall be known and branded as skimmed milk cheese; except that what is known as "Emmenthaler" or "domestic Swiss Cheese," "Camembert cheese," and "Edam cheese," or "fancy cheese," shall contain in the water-free substance not less than 43 per cent of milk fat: Provided, That the provisions of this act shall not be construed to apply to such cheese as is known as "Dutch cheese" or "Cottage cheese."

HISTORY CL 1929, 5362;—CL 1946, 266,281.

288.282 Prohibited manufacture or distribution of certain imitations.

Sec. 2. No person shall manufacture, deal in, sell, offer or expose for sale or exchange, any article or substance in the semblance of, or in imitation of, cheese made exclusively of unadulterated milk or cream, or both, into which any animal, intestinal or offal fats or oils, or vegetable fats or oils, or melted butter in any condition or state, or modification of the same, or oleaginous substances of any kind not produced from unadulterated milk or cream shall have been introduced.

HISTORY CL 1929, 5363;—CL 1946, 268,282.

288.283 Branding of full cream or skimmed milk cheese.

Sec. 3. Every manufacturer of full cream cheese may put a brand upon each cheese, indicating "Full Cream Cheese," and no person shall use such a brand upon any cheese containing less than 50 per cent of milk fat in the water-free substance. Every manufacturer of American or Cheddar skimmed milk cheese, as defined by this act, shall put a brand upon each cheese so manufactured, indicating "Skimmed Milk Cheese," which brand shall be in plain Roman letters and made by indelible ink, and placed on the rind at intervals of not more than 1 inch, and so made, placed or attached that it can easily be seen and read and cannot be easily defaced, and the same shall be placed upon the surface of the cheese, before the cheese is paraffined, as well

as upon the container thereof. All skimmed milk cheese, except American and Cheddar skimmed milk cheese, shall be packed in containers on which the following shall appear, "MADE FROM PARTLY SKIMMED MILK," and the same shall be placed on the package or container so that it can easily be seen and read and cannot be easily defaced.

HISTORY: CL 1929, 5384;—CL 1948, 288.283.

288.283a American or Cheddar cheese; sale without requisite branding prohibited; mode of branding.

Sec. 3a. No person, firm, association or corporation shall sell any American or Cheddar cheese unless each such cheese shall bear a brand showing the name of the manufacturer, the date of manufacture, the words "pasteurized milk cheese" if made from pasteurized milk and the words "raw milk cheese" if made from unpasteurized milk. In lieu of the manufacturer's name, he may use a designating mark or number issued by the department of agriculture. All brands required by this section shall be in plain block letters or numerals at least 1 inch in height made by ink upon the surface of each cheese before such cheese is paraffined. Rindless cheese may bear the necessary labels on the individual wrapper, container or tag, in letters or numerals of not less than 3/8 inch in height.

Act 298, 1968, p. 503; Eff. Jul. 1.

AN ACT to protect the public health, and to prevent fraud and deception in the manufacture, sale, offering for sale, exposing for sale, and possession with intent to sell, of adulterated or deleterious ice cream, ice cream mix, ice milk mix, frozen custard, french ice cream, french custard ice cream, sherbet, fruit sherbet, ice milk, ices, quiescently frozen confections, quiescently frozen dairy confections, including coated ice cream and similar products and the coating thereof; fixing standards for ice cream, frozen custard, french ice cream, french custard ice cream, sherbet, fruit sherbet, ice

milk, ices, quiescently frozen confections, and quiescently frozen dairy confections, and to prevent sale of imitation of such products; providing for licensing, authorizing and regulating the manufacture and sale of artificially sweetened ice cream and ice milk; conferring powers and imposing duties upon the department of agriculture; prescribing penalties, providing for the enforcement thereof; and to repeal certain acts and parts of acts.

The People of the State of Michigan enact:

288.321 Frozen desserts act of 1968; short title.

Sec. 1. This act shall be known and cited as the "frozen desserts act of 1968".

HISTORY: New 1968, p. 503, Act 298, Eff. Jul. 1.

288.322 Definitions; standards.

Sec. 2. As used in this act:

(a) "Ice cream" means any frozen, sweetened milk product which is stirred during the process of freezing and includes every such frozen milk product which contains milk fat or milk solids not fat and which in any manner simulates the texture or characteristics of ice cream no matter under what coined or trade name it may be sold. Ice cream shall be made from a combination of 1 or more of the following ingredients: any clean, wholesome cream, milk and all forms of milk fat, and any clean and wholesome form of milk solids not fat with 1 or more of the following ingredients: sugars and flavoring, with or without eggs, coloring, water, fruit juice, fruit, chocolate, cocoa, malted milk, nuts, properly prepared and cooked cereal, cakes or confections, stabilizers and emulsifiers and microcrystalline cellulose, each of which ingredients shall be wholesome, edible material and other ingredients approved by the department of agriculture. The finished product may contain not more than 1/2 of 1% by weight of a stabilizer and may contain not more than 1/5 of 1% by weight of emulsifier. Not over 1.5% of microcrystalline cellulose may be used. The finished product shall contain not less than 10% of milk fat by weight except when fruit, nuts, cocoa, malted milk, chocolate, cakes, properly prepared and cooked cereal or confections are used for the purpose of flavoring, the weight of milk fat and total milk solids shall not be less than 10% and 20% respectively of the remainder obtained by subtracting the weight of such ingredients from the weight of the finished ice cream, but in no case is the weight of the milk fat or total milk solids to be less than 8% and 16% respectively of the weight of the finished ice cream. The finished ice cream shall contain not less than 1.6 pounds of total food solids to the gallon and weigh not less than 4 1/2 pounds to the gallon, exclusive of the weight of the optional ingredient microcrystalline cellulose. Ice cream manufactured, prepared or processed for consumption by those who must restrict their sugar intake, shall contain only those ingredients prescribed by this section but shall be sweetened with an artificial sweetening agent and contain edible carbohydrates other than sugar. The artificial sweetening agent and the edible carbohydrates must be approved by the department of agriculture and no sugars, other than those naturally present in the milk solids or fruit agent, shall be added thereto.

(b) "French ice cream", "french custard ice cream" and "frozen custard" shall conform to the definition and standards for "ice cream" no matter under what trade or coined name it may be sold or offered for sale except that it shall contain not less than 1.4% by weight of egg yolk solids. When chocolate, cocoa, malted milk, fruit, nuts, properly prepared and cooked cereal, cakes or confections are used, the content of egg yolk solids may be reduced in proportion to such ingredient or ingredients added under the conditions prescribed in subsection (a) for reduction in milk fat and total milk solids.

(c) "Variegated ice cream" means any mixture of ice cream with ice cream, ice, milk, sherbet, fruit, puree or cakes, confections or syrup of another color and shall contain not less than 8% of milk fat and 16% total milk solids. Products commonly known as sodas and sundaes produced by mixture of ice cream with ice cream, ice, sherbet, fruit or syrup of another color shall not be deemed to be variegated ice cream.

(d) "Ice milk" shall conform to the definition and standard hereinbefore set forth for "ice cream", except that:

- (i) Its content of milk fat is not less than 2% nor more than 7% by weight.
- (ii) Its content of total milk solids is not less than 11% by weight.
- (iii) The quantity of total food solids per gallon shall not be less than 1.3 pounds.
- (iv) The provision for reduction in milk fat and total milk solids from addition of bulky flavor ingredients in subsection (b) does not apply.

Ice milk manufactured, prepared or processed for consumption by those who must restrict their sugar intake shall contain only those ingredients prescribed by this section but may be sweetened with an artificial sweetening agent and may contain edible carbohydrates other than sugar. The artificial sweetening agent and the edible carbohydrates must be approved by the department of agriculture and no sugars, other than those naturally present in the milk solids or fruit agent, shall be added thereto.

(e) "Sherbet" or "fruit sherbet" shall conform to the definition and standard of identity prescribed for "ice cream" in subsection (b) of this section except that:

- (i) The titratable acidity of the finished sherbet or fruit sherbet calculated as lactic acid shall not be less than 0.35% by weight.
- (ii) The content of milk fat and nonfat milk solids therein shall be such that the weight of milk fat is not less than 1% and not more than 2% by weight and the weight of total milk solids is not less than 2% and not more than 5% of the weight of the finished sherbet or fruit sherbet.
- (iii) The quantity of the fruit ingredients used shall be such that in relation to the weight of the finished sherbet the weight of fruit or fruit juice, including water necessary to reconstitute partially or wholly dried fruits or fruit juices to their original moisture content, shall not be less than 2% by weight in the case of citrus sherbets, 6% by weight in the case of berry and cherry sherbets and 10% by weight in the case of sherbets prepared with other fruits.

(iv) The provisions for the reduction in milk fat and total milk solids from addition of chocolate, cocoa, malted milk, fruit, nuts, properly prepared and cooked cereal, cakes or confections in subsection (b) of this section shall not apply.

(f) "Ice" means any frozen, sweetened product which is stirred during the process of freezing not conforming to the definitions and standards set forth in subsections (a), (b), (c), (d) and (e) no matter under what coined or trade name it may be sold or offered for sale. Ice or water ice shall be made from a combination of 1 or more of the following ingredients: sugars, flavoring with or without eggs, coloring, water, fruit juices, fruit, cocoa, chocolate or nuts, and with or without wholesome edible acid in such quantity as seasons the finished food and with or without added stabilizer, each of which ingredients shall be wholesome, edible material and other ingredients approved by the department of agriculture. It shall contain not more than 1/2 of 1% by weight of stabilizer and not more than 1/5 of 1% by weight of emulsifier. The titratable acidity of the finished ice or water ice calculated as lactic acid shall be not less than 0.35% by weight. The quantity of fruit ingredients used shall be such that in relation to the weight of the finished ice or water ice, the weight of fruit or fruit juice, including water necessary to reconstitute partially or wholly dried fruits or fruit juices to their original moisture content, is not less than 2% by weight in the case of citrus ices,

6% by weight in the case of berry and cherry ices and 10% by weight in the case of ices prepared with other fruits.

(g) "Quiescently frozen confection" means a clean and wholesome frozen, sweetened, flavored product in the manufacture of which freezing has not been accompanied by stirring or agitation, generally known as quiescent freezing. This confection may be acidulated with harmless organic acid, may contain milk solids, may be made with or without added harmless pure or imitation flavoring, with or without added harmless coloring. The finished product may contain not more than 1/2 of 1% by weight of stabilizer composed of wholesome edible material. The finished product shall contain not less than 17% by weight of total food solids. This confection must be manufactured in the form of servings individually packaged, bagged or otherwise wrapped, properly labeled and purveyed to the consumer in its original factory-filled package. In the production of these quiescently frozen confections, no processing or mixing prior to quiescent freezing shall be used that develops in the finished confection mix any physical expansion in excess of 15% by volume.

¹(h) "Ice cream mix", "ice milk mix" and "sherbet mix" are unfrozen food products made from water, milk products and sugar with added harmless pure or imitation flavoring, with or without added harmless coloring, with or without added stabilizer, and with or without added emulsifier, and in the manufacture of which freezing has not been accompanied by stirring or agitation, generally known as quiescent freezing, it contains not less than 13% by weight of total milk solids, not less than 33% by weight of total food solids, not more than 1/2 of 1% by weight of stabilizer and not more than 1/5 of 1% by weight of emulsifier. Stabilizer and emulsifier must be composed of wholesome edible material. This confection must be manufactured in the form of servings individually packaged, bagged or otherwise wrapped, properly labeled and purveyed to the consumer in its original factory-filled package. In the production of these quiescently frozen confections, no processing or mixing prior to quiescent freezing shall be used that develops in the finished confection mix any physical expansion in excess of 15% by volume.

(i) "Ice cream mix", "ice milk mix" and "sherbet mix" are unfrozen food products, made from wholesome ingredients as provided for use in the manufacturing or processing of ice cream, ice milk and sherbet, respectively, and shall meet the same requirements as the foods made from such mix.

(j) "Frozen desserts" means ice cream, frozen custard, french custard ice cream, french ice cream, ice milk, sherbet, fruit sherbet, ices, quiescently frozen confections, quiescently frozen dairy confections and other new related products which are defined in the future by rule and regulations.

(k) "Ice cream plant" means any place, premises or establishment where ice cream, frozen custard, french ice cream, french custard ice cream, ice milk, sherbet, fruit sherbet, ice, a quiescently frozen confection or a quiescently frozen dairy confection is manufactured, prepared, processed or frozen for distribution of sale.

¹So as original. Probably should read "Quiescently frozen dairy confection" means a clean and wholesome frozen product"

288.323 Legislative intent; conformance to federal regulations; construction similar to corresponding federal regulations.

Sec. 3. Except where otherwise indicated, it is the intent of the legislature that Michigan law substantially conform with the federal regulations promulgated under the authority of the United States secretary of health, education and welfare insofar as

prescribing definitions and standards for frozen desserts published pursuant to section 701, 52 Stat. 1055 (21 USC 371). It is further intended that provisions of this act be construed in a manner similar to the corresponding federal regulations.

HISTORY: New 1966, p. 505, Act 296, Eff. Jul. 1.

288.324 Sale of adulterated frozen desserts prohibited.

Sec. 4. A person, his agents, servants or employees shall not sell, offer for sale, expose for sale or have in possession with intent to sell, ice cream mix, ice milk mix, ice cream, frozen cutard, [sic] french ice cream, french custard ice cream, ice milk, sherbet, fruit sherbet, ice, a quiescently frozen confection or a quiescently frozen dairy confection, coated or uncoated, or the coating thereof which is adulterated within the meaning of this act.

HISTORY: New 1966, p. 505, Act 296, Eff. Jul. 1.

288.325 Adulterated frozen, sweetened product.

Sec. 5. Any frozen, sweetened product referred to in this act shall be deemed to be adulterated within the meaning of this act if:

(a) Except as provided in section 6, it contains any added preservative or any other substance or compound that is deleterious to health.

(b) It contains any coloring substance deleterious to health. This shall not be construed to prohibit the use of harmless coloring matter from a list of permitted coloring material established by the department of agriculture.

(c) It contains any deleterious flavoring matter or flavoring matter not true to name.

(d) It contains any paraffin, synthetic fats, oils or fats other than milk fat added to or blended or compounded with it. Chocolate ice cream may contain cocoa butter and the coating of coated ice cream may contain cocoa butter or other clean and wholesome edible vegetable oils. The use of emulsifying products including lecithin of the nature of polyhydric alcohol esters of fatty acids when approved by the department of agriculture and used only to the extent herein provided shall not be deemed in violation of the foregoing provisions.

(e) It is any frozen, sweetened product regardless of the name under which it is manufactured, sold or offered for sale, which is made in imitation or semblance of, or is manufactured in a manner similar to the process used in manufacturing, but is not ice cream, frozen custard, french ice cream, french custard ice cream, ice milk, sherbet, fruit sherbet, ice, a quiescently frozen confection or a quiescently frozen dairy confection.

(f) It falls below the standards fixed for the particular product by the definition thereof contained in this act or is falsely labeled or labeled contrary to the provisions of this act.

(g) It is manufactured under conditions not in conformity with the provisions of section 8.

288.326 Manufacture of ice cream or ice milk; standard; label; packaging.

Sec. 6. Subject to the standards provided by law or prescribed by the department of agriculture, any person may manufacture or prepare ice cream or ice milk containing an artificial sweetening agent approved by the department of agriculture to make the ice cream or ice milk suitable for those who must restrict their sugar intake. The manufacturer shall place the ice cream or ice milk in packages or containers which shall be conspicuously labeled "artificially sweetened" immediately preceding the words "ice cream" or "ice milk" in similar type at least 1/2 the size of the type used for the words "ice cream" or "ice milk" and on contrasting background and in addition shall label thereon any other warning statement which the department of agriculture may pre-

scribe. The label shall also contain a statement in terms of percentage by weight of protein fat and carbohydrates, the total number of calories per ounce, the number of calories contributed by carbohydrates and by carbohydrates other than lactose and the name of each ingredient entering into the composition other than flavors. The artificially sweetened ice cream or ice milk shall not be sold in any manner other than in sealed or unbroken packages.

HISTORY: New 1966, p. 506, Act 296, Eff. Jul. 1.

288.327 Mark or label by manufacturer; use of name defined in act, misleading representation; sale of products in marked containers or packages.

Sec. 7. (1) Every manufacturer shall plainly and distinctly mark every package or container or product sold as ice cream, ice cream mix, ice milk mix, sherbet mix, frozen custard, french ice cream, french custard ice cream, ice milk, sherbet, fruit sherbet, ice, a quiescently frozen confection or a quiescently frozen dairy confection or as a combination of these products. The products so marked or labeled shall conform with the definitions or standards for such product in this act.

(2) A person, firm, association or corporation shall not use the name of any product defined in this act, either orally, printed or written, in connection with the sale of any product or substance unless the product or substance conforms to the definitions and standards prescribed by this act. A person, firm, association or corporation shall not make or cause to be made any statement, either oral, written or printed, nor make or print, or cause to be made or printed, any design, symbol, picture or illustration in connection with the advertising or sale of any product, article or compound defined in this act, which statement, design, symbol, picture or illustration is false, deceptive or misleading in any manner.

(3) A person shall not sell, offer for sale, expose for sale or have in possession with intent to sell, any ice cream, ice cream mix, ice milk mix, frozen custard, french ice cream, french custard ice cream, ice milk, sherbet, fruit sherbet, ice, a quiescently frozen confection or a quiescently frozen dairy confection in any container or package which is not plainly and distinctly marked with the name and address of the manufacturer or the processor or the distributor or the retailer or a code approved by the department of agriculture identifying the manufacturer and the plant where manufactured.

HISTORY: New 1966, p. 506, Act 296, Eff. Jul. 1.

288.328 Operation of ice cream plant; use of pasteurized mixture; uniformity of standards or requirements; sale of products produced without the state; inspection of out-of-state facilities, cost; license, out-of-state products.

Sec. 8. (1) A person shall not operate any ice cream plant unless it is maintained and operated with strict regard for the purity and wholesomeness of the food products produced therein. The entire establishment, including fixtures, furnishings, machinery, apparatus, implements, utensils, receptacles and all equipment used in production, keeping, storing, handling or distributing shall be maintained and operated in a clean, sanitary manner. The equipment, containers and piping shall be constructed of a smooth, nontoxic, impervious, corrosion-resistant material and fabricated in such a manner that there is no contamination of the products handled therein and they can be easily sanitized. All equipment shall be kept in good working order and condition and shall be located so as to facilitate cleaning and practically eliminate the possibility of contamination. All equipment and utensils used in the production of food products defined herein whose surface comes in contact with any such products or any of the ingredients thereof shall be thoroughly cleaned after using and sanitized immediately

prior to using. The clothing habits and conduct of the employees shall be conducive to and promote cleanliness and sanitation. There shall be proper, suitable and adequate toilets and lavatories, and equipment for cleansing, constructed and operated in a clean and sanitary manner.

(2) No ice cream, ice cream mix, ice milk mix, frozen custard, french ice cream, french custard ice cream, ice milk, sherbet, sherbet mix, fruit sherbet, a quiescently frozen confection containing milk solids or a quiescently frozen dairy confection shall be manufactured, processed, sold, exposed or offered for sale or delivered unless it has been made from a mixture that has been properly pasteurized by heating every particle of the mixture:

(a) To a temperature not lower than 150 degrees Fahrenheit and holding at such temperature continuously for not less than 30 minutes and promptly cooling thereafter to a temperature of 50 degrees Fahrenheit or lower.

(b) To a temperature not lower than 175 degrees Fahrenheit for not less than 25 seconds in equipment provided with an accurate indicating thermometer, a flow diversion valve and an accurate recording thermometer so connected and operated as to automatically actuate the flow diversion valve diverting all of the mixture before the falling temperature of the mixture reaches 175 degrees Fahrenheit and promptly cooling thereafter to a temperature of 50 degrees Fahrenheit or lower. Such a mixture shall be pasteurized in equipment approved by the director of agriculture and with the use of an accurately operating self-recording thermometer, the charts for which shall be dated and held for a period of at least 60 days. Nothing in this definition shall be construed as barring any other pasteurization process which has been recognized by the department of agriculture to be equally efficient and which is approved by the department.

(3) A municipality or county shall not impose any different standards or requirements for unfrozen or frozen desserts than those provided for in this act, or prohibit the sale of same if they have been produced and processed under supervision of the department of agriculture.

(4) No sanitary requirement or standard issued under this act shall prohibit the sale of products defined in this act or the rules issued pursuant hereto which are produced or processed under laws or rules of any governmental unit without the state, which are substantially equivalent to the requirements of the rules issued under this act and which are enforced with equal effectiveness in the opinion of the department of agriculture and if the government unit accepts products defined in this act or the rules issued pursuant hereto which are manufactured in this state in compliance with this act.

(5) The department of agriculture reserves the right to inspect the equipment and sanitary conditions of any plant or place of business located outside the state where such products as defined in this act or rules issued pursuant hereto are manufactured or processed for sale or consumption within this state. When in the opinion of the department of agriculture that the rules of the out-of-state governmental units are not enforced with equal effectiveness as those within this state, the actual and reasonable cost of such inspections, including salary, transportation, meals and lodging of the representative of the department of agriculture shall be charged by the department of agriculture to and paid by the person, firm, association or corporation subject to such inspection. No person, firm, association or corporation shall sell, or have in his possession to sell or dispose of, any such products defined in this act or rules issued pursuant hereto unless such inspection shall have been made and the cost thereof paid to the department of agriculture, and unless such product shall have been found by the department of agriculture to comply with the requirements of this act and regulations is-

sued under this act, or unless the out-of-state governmental unit accepts the same products manufactured in this state.

(6) No license from the department of agriculture shall be required in respect to any product defined in this act, or the rules issued pursuant hereto, made, manufactured or processed without this state and shipped or delivered in interstate commerce into this state for sale or consumption therein.

288.329 Licenses; required for each manufacturing or processing plant; exception; applications, fees; forms; investigation; issuance; expiration; renewal.

Sec. 9. (1) Every person, firm, association or corporation, before engaging in the business of manufacturing or processing ice cream, ice cream mix, ice milk mix, sherbet mix, ices, sherbet, fruit sherbet or any other product manufactured, processed or sold in imitation of or in semblance of ice cream, ice cream mix, ice milk mix, sherbet mix, ices, sherbet, fruit sherbet, regardless of the name under which such product is sold, shall first obtain a license from the department of agriculture. A license shall be obtained for each plant or place of business where ice cream, ice cream mix, ice milk mix, sherbet mix, ices, sherbet, fruit sherbet or products made in semblance of ice cream is manufactured or processed in the state. Hotels, restaurants, boarding houses, hospitals or other concerns or agents which shall manufacture or process or freeze ice cream, ices, sherbet, or products in semblance of ice cream or other similar frozen products for the use of their patrons, guests, patients or servants, shall be required to take out a license. Nothing in this section shall apply to private homes, churches or fraternal organizations manufacturing or processing such products for their own use or to retailers dealing in ice cream, ices, sherbet or products in semblance of ice cream, received in the final frozen form from a licensed manufacturer or processor. Applications for licenses shall be accompanied by the following fees: for each plant manufacturing or processing products defined in this act during the previous calendar year, not exceeding 5,000 gallons, \$10.00; exceeding 5,000 gallons but not exceeding 10,000 gallons, \$20.00; exceeding 10,000 gallons but not exceeding 25,000 gallons, \$30.00; exceeding 25,000 gallons, \$50.00. No other special license fees or taxes shall be levied by the state or any subdivision, except for taxes or fees that are generally levied on other than ice cream plants and ice cream plant operators. Gallons of ice cream mix or sherbet mix manufactured or processed into ice cream or sherbet within the same plant shall not be used in computing the license fee for such plant.

2) Applications shall be made to the department of agriculture, upon such forms and shall show such information as may be demanded by the department of agriculture. The department, upon receipt of application for licenses, shall investigate the equipment and the sanitary conditions of the plant or place of business for which a license application is made. If the condition of the plant or place of business is found to be satisfactory, the department shall issue a license to the applicant. Each license shall expire on April 30 following the date of issuance. All licenses for plants or places of business, when the manufacture or processing of ice cream, ice cream mix, ice milk mix, sherbet mix, ices, sherbet, fruit sherbet or products in semblance of ice cream is continued after the expiration of such licenses, shall be renewed annually on May 1. The department may withhold and refuse to issue a license for any plant or place of business that has not been conducted, or is not prepared to be conducted in accordance with the requirements of this act or any rules issued hereunder.

HISTORY: New 1968, p. 508, Act 298, Eff. Jul. 1.

288.330 Licenses; revocation; notice; hearing; evidence; appeal.

Sec. 10. The department may revoke any license issued under this act whenever it is determined by it that any of the provisions of this act have been violated. Any person, firm, association or corporation, whose license has been revoked, shall discontinue operation of the business for which the license was issued until such time as the provisions of the act have been complied with and a new license granted by the department. Before revoking any license, the department shall give written notice to the licensee affected, stating that it contemplates revocation of the license and giving its reasons therefor. The notice shall appoint a time and place for hearing and shall be mailed by certified mail to the licensee at least 10 days before the date set for the hearing or personal service rendered. The licensee may present to the department such evidence as may have a bearing on the case and, after hearing all of the testimony, the department shall make a determination. Any licensee who feels aggrieved at the decision of the department may appeal within 60 days to the circuit court of the county in which such person resides, if in the state, or in case of a firm, association or corporation in the state, the county in which is located its principal place of business.

288.331 Enforcement of act; action; rules; quality standards; governing law.

Sec. 11. (1) The department of agriculture is charged with the enforcement of the provisions of this act. The department in the usual manner, or any person, committee or association composed of persons affected by this act or rules of the department may institute such action as may appear necessary to enforce compliance with any rule of the department made pursuant to the provisions of this act.

(2) The department shall adopt, promulgate and enforce rules to carry out the purpose of this act to establish additional definitions for new related products as they are developed, set reasonable quality standards and permit new food additives as they are approved by the United States secretary of health, education and welfare; to prevent deception in the sale of ice cream and the other products herein defined and to safeguard the health of consumers and to safeguard the manufacture, preparation, processing and distribution of ice cream and the other products herein defined whether manufactured, prepared or processed in a regular manufacturing plant, in a counter freezer or otherwise. Rules shall be in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

289.36 Dairy, food and drink products; inspection, analysis; commencement of proceedings; right of entry; warning notice; failure to obey, penalty.

Sec. 6. It shall be the duty of the dairy and food commissioner to carefully inquire into the dairy and food and drink products and the several articles which are foods or drinks, or the necessary constituents of foods or drinks, which are manufactured or sold or exposed or offered for sale in this state, and he may, in a lawful manner, procure samples of the same and direct the state analyst to make due and careful examination of the same, and report to the commissioner the result of the analysis of all and any of such food and drink products or dairy products as are adulterated, impure or unwholesome in contravention of the laws of this state; and it shall be the duty of the commissioner to make a complaint against the manufacturer or vendor thereof in the proper county and furnish all evidence thereof, to obtain a conviction of the offense charged. The dairy and food commissioner, or his deputy, or any person appointed by him for that purpose may make complaint and cause proceedings to be commenced against any person for the enforcement of any of the laws relative to adulterated, in

pure or unwholesome food or drink, and in such case he shall not be obliged to furnish security for costs and shall have power, in the performance of their duties, to enter into any creamery, factory, store, salesroom, drug store, or laboratory, or place where they have reason to believe food or drink are made, stored, sold or offered for sale and open any cask, tub, jar, bottle or package containing, or supposed to contain, any article of food or drink and examine or cause to be examined the contents thereof, and take therefrom samples for analysis. The person making such inspection shall take such sample of such article or product in the presence of at least 1 witness, and he shall, in the presence of said witness, mark or seal such sample and shall tender at the time of taking to the manufacturer or vendor of such product, or to the person having the custody of the same, the value thereof, and a statement in writing for the taking of such sample. Whenever it is determined by the dairy and food commissioner, his deputy or inspectors, that filthy or unsanitary conditions exist or are permitted to exist in the operation of any bakery, confectionary, or ice cream plant, or in any place where any food or drink products are manufactured, stored, deposited or sold for any purpose whatever, the proprietor or proprietors, owner or owners, of such bakery, confectionary or ice cream plant, or any person or persons owning or operating any plant where any food or drink products are manufactured, stored, deposited or sold, shall be first notified and warned by the commissioner, his deputy or inspectors to place such bakery, confectionary or ice cream plant, or any place where any food or drink products are manufactured, stored, deposited or sold in a sanitary condition within a reasonable length of time; and any person or persons owning and operating any bakery, confectionary or ice cream plant or any place where any food or drink products are manufactured, stored, deposited or sold, failing to obey such notice and warning, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not less than 25 dollars nor more than 300 dollars and costs of prosecution, or imprisonment in the county jail not to exceed 90 days, or until such fine and costs are paid, or both fine and imprisonment in the discretion of the court.

SALT: Act 20 of 1899, being CL 1897, 4911 to 4953, regulating standards for salt, was repealed by Act 1 of 1913.

289.37 Seizure of certain products.

Sec. 7. The commissioner, his deputy, or any person by said commissioner duly appointed for that purpose, is authorized at all times to seize and take possession of any and all food and dairy products, substitutes therefor, or imitation thereof kept for sale, exposed for sale or held in possession or under the control of any person which in the opinion of the said commissioner, or his deputy, or such person by him duly appointed, shall be contrary to the provisions of this act or other laws which now exist or which may be hereafter enacted.

Taking of sample.

First, The person so making such seizure as aforesaid, shall take from such goods as seized a sample for the purpose of analysis and shall cause the remainder thereof to be boxed and sealed and shall leave the same in the possession of the person from whom they were seized, subject to such disposition as shall hereafter be made thereof according to the provisions of this act.

Sample forwarded; state analyst, duties; evidence.

Second, The person so making such seizure, shall forward the sample so taken to the state analyst for analysis, who shall make an analysis of the same and shall certify the results of such analysis, which certificate shall be prima facie evidence of the fact or facts therein certified to in any court where the same may be offered in evidence.

Product adulterated, procedure.

Third, If upon such analysis it shall appear that said food or dairy products are adulterated, substitutes or imitations within the meaning of this act, said commissioner, or his deputy or any person by him duly authorized, may make complaint before any justice of the peace or police justice having jurisdiction in the city, village or township where such goods were seized, and thereupon said justice of the peace shall issue his summons to the person from whom said goods were seized, directing him to appear not less than 6 nor more than 12 days from the date of the issuing of said summons and show cause why said goods should not be condemned and disposed of. If the said person from whom said goods were seized cannot be found, said summons shall be served upon the person then in possession of the goods. The said summons shall be served at least 6 days before the time of appearance mentioned therein. If the person from whom said goods were seized cannot be found, and no one can be found in possession of said goods, and the defendants shall not appear on the return day, then said justice of the peace shall proceed in said cause in the same manner provided by law where a writ of attachment is returned not personally served upon any of the defendants and none of the defendants shall appear upon the return day.

Justice, duty to render judgment; procedure; appeal.

Fourth, Unless cause to the contrary thereof is shown, or if said goods shall be found upon trial to be in violation of any of the provisions of this act or other laws which now exist or which may be hereafter enacted, it shall be the duty of said justice of the peace or police justice to render judgment that said seized property be forfeited to the state of Michigan, and that the said goods be destroyed or sold by the said commissioner for any purpose other than to be used for food. The mode of procedure before said justice shall be the same, as near as may be, as in civil proceedings before justices of the peace. Either parties may appeal to the circuit court as appeals are taken from justices' courts, but it shall not be necessary for the people to give any appeal bond.

Proceeds of sale.

Fifth, The proceeds arising from any such sale shall be paid into the state treasury and credited to the general fund: Provided, That if the owner or party claiming the property or goods so declared forfeited can produce and prove a written guarantee of purity, signed by the wholesaler, jobber, manufacturer or other party from whom said articles were purchased, then the proceeds of the sale of such articles, over and above the costs of seizure, forfeiture, and sale, shall be paid over to such owner or claimant to reimburse him, to the extent of such surplus, for his actual loss resulting from such seizure and forfeiture, as shown by the invoice.

Duty of prosecuting attorney.

Sixth, It shall be the duty of each prosecuting attorney when called upon by said commissioners [commissioner] or by any person by him authorized as aforesaid, to render any legal assistance in his power in proceedings under the provisions of this act, or any subsequent act relative to the adulteration of food, for the sale of impure or unwholesome food or food products.

289.48 Concentrated commercial feeding stuff; statement furnished with bulk sales, copy of chemical analysis with retail sales.

Sec. 18. Any manufacturer, company, person or persons who shall sell, offer or expose for sale or for distribution, in this state, any concentrated commercial feeding stuff used for feeding live stock, shall furnish with each car, or other amounts shipped in bulk, and shall affix to every package of such feeding stuff, in a conspicuous place, on the outside thereof, a plainly printed statement, clearly and truly certifying the number of net pounds in the car or package sold or offered for sale, the name or trade-mark under which the article is sold, the name of the manufacturer or shipper, the place of manufacture, the place of business, and a chemical analysis, stating the percentages it contains of crude protein, crude fibre, nitrogen, free extract and ether extract, all constituents to be determined by the methods adopted by the association of official agricultural chemists. Whenever any feeding stuff is sold at retail, in bulk or in packages belonging to the purchaser, the agent or dealer shall furnish to him a certified copy of the chemical analysis named in this section.

Same; defined.

(a) The term concentrated commercial feeding stuffs as used in this act shall include linseed meal, cotton seed meal, pea meals, cocoanut meals, gluten meals, oil meals of all kinds, gluten feeds, maize feeds, starch feeds, mixed sugar feeds, hominy feeds, rice meals, oat feeds, corn and oat feeds, meat meals, dried blood, clover meals, mixed feeds of all kinds, slaughter house waste products; also all condimental stock foods, patented and proprietary stock foods, claimed to possess nutritive properties and all other materials intended for feeding to domestic animals: Provided, That such feeding stuffs, as defined above, shall not include hays, straws, fodders, ensilage, the whole seeds nor the unmixed meals made directly from the entire grains of wheat, rye, barley, oats, flax-seed, maize, buckwheat, wet brewers' grains, malt sprouts, wet or dried beet pulp when unmixed with other materials. Neither shall it include wheat, rye and buckwheat brans or middlings not mixed with other substances, but sold separately as distinct articles of commerce, nor pure grains ground together.

Same; copy of chemical analysis, sample and affidavit filed annually; annual fee, payment before sale, disposition.

(b) Before any manufacturer, company, person or persons shall sell, offer or expose for sale in this state any concentrated commercial feeding stuff, he or they shall, for each and every feeding stuff bearing a distinguishing name or trade-mark, file annually, with the dairy and food commissioner a certified copy of the chemical analysis and certificate referred to in this section, and shall deposit with said dairy and food commissioner a sealed glass jar, or bottle, containing at least 1 pound of the feeding stuff to be sold or offered for sale, together with an affidavit that it is a fair sample of the article thus to be sold or offered for sale. He or they shall also pay annually into the state treasury a license fee of 20 dollars for each and every brand of feeding stuff he offers or exposes for sale in this state. Said fee is to be paid on or before April first of each year: Provided, That whenever the manufacturer or importer shall have paid this license fee, his agents shall not be required to do so. Whenever any manufacturer, importer, agent or seller of any commercial feeding stuff desires at any time to sell such material and has not paid the license fee therefor, he shall pay the license fee prescribed in this section, before making any such sale. The money collected under the provisions of this act shall be paid into the state treasury and be used to help defray the expenses of the office of the dairy and food commissioner, in addition to the regular appropriation therefor.

Issuance of license; term.

(c) Whenever the manufacturer, importer, agent or seller of any commercial feeding stuff shall have complied with the requirements of this section, the dairy and food commissioner shall issue or cause to be issued, a license, permitting the sale of said feeding stuff, which license shall terminate on April first following the date of issue.

Analyses.

(d) All such analyses of commercial feeding stuffs required by this act, shall be made under the direction of the dairy and food commissioner, and shall be paid for out of the funds arising from the license fees provided for in this section.

Same; publication.

(e) The dairy and food commissioner shall publish, or cause to be published in bulletin form, at least annually a correct statement of all analyses made, together with any incidental information concerning same which he may deem proper.

Penalty.

(f) Any manufacturer, importer, company, agent, person or persons, who shall sell, offer or expose for sale, without first complying with the provisions of this act, any commercial feeding stuff, or shall attach or cause to be attached to any car, package or other quantity of said feeding stuff, an analysis stating that it contains a larger percentage of any 1 or more of the constituents named in this section than it really does contain shall, upon conviction thereof, be fined not less than 100 dollars for the first offense, and not less than 300 dollars for every subsequent offense, and the offender shall also be liable for damages sustained by the purchaser of such feeding stuff on account of such misrepresentation.

Selection of sample, purposes.

(g) The dairy and food commissioner, by any duly authorized agent, is hereby authorized to select from any package of commercial or other feeding stuff exposed or offered for sale in this state, a quantity not exceeding 2 pounds for a sample, such sample to be used for the purposes of an official analysis and for comparison with the certificate filed with the dairy and food commissioner, and with the certificate affixed to the package on sale.

Sec. 1. No person, firm or corporation by themselves or their agents or servants shall within the state, have in their possession with intent to sell, or offer or expose for sale, or sell any article of food which is adulterated or misbranded within the meaning of this act.

HISTORY: Am. 1897, p. 128, Act 118, Eff. Aug. 30;—CL 1897, 5010;—Am. 1913, p. 279, Act 162, Eff. Aug. 14;—CL 1915, 6473;—CL 1929, 5425;—CL 1948, 299.81. The title of the amendatory act of 1913 lacks accuracy in referring to the sections of CL of 1897 amended.

The title of Amendatory Act 162 of 1913 erroneously refers to this section as being CL 1897, 5110.

PROTECTION OF OWNER OF BRAND: See Compilers' § 750.263 et seq.

289.82 Food; definition.

Sec. 2. The term food as used herein, shall include all articles used for food, drink, confectionery or condiment intended to be eaten or drank by man or other animals, whether simple, mixed or compound.

HISTORY: CL 1897, 5011;—Am. 1913, p. 279, Act 162, Eff. Aug. 14;—CL 1915, 6474;—CL 1929, 5426;—CL 1948, 299.82.

The title of amendatory Act 162 of 1913 erroneously refers to this section as being CL 1897, 5111.

289.83 Adulterated; definition.

Sec. 3. An article shall be deemed to be adulterated within the meaning of this act:

(1) If any substance has been mixed with it so as to lower or depreciate or injuriously affect its quality, strength or purity.

(2) If any inferior or cheaper substance has been substituted wholly or in part for it.

(3) If any valuable or necessary constituent or ingredient has been wholly or in part abstracted from it.

(4) If it consists wholly or in part of a diseased, decomposed, putrid, infected, infested, tainted or rotten animal or vegetable substance or article, whether manufactured or not, or if it is the product, including milk, of a diseased animal or of an animal which has died otherwise than by slaughter.

(5) If it is colored, coated, polished, bleached or powdered whereby damage or inferiority is concealed, or if by any means it is made to appear better or of greater value than it really is.

(6) If it bears or contains any added poisonous or added deleterious substance which is unsafe, or if it is a raw agricultural commodity and it bears or contains a pesticide chemical which is unsafe. For the purpose of this subdivision, any poisonous or deleterious substance added to a food, except where such substance is required in the product thereof or cannot be avoided by good manufacturing practice, shall be deemed to be unsafe when it exceeds the limited quantities as established by tolerances determined by the department of agriculture. Nothing in this act shall prevent the coloring of pure butter.

HISTORY: Am. 1897, p. 128, Act 118, Eff. Aug. 30;—CL 1897, 5012;—Am. 1913, p. 279, Act 162, Eff. Aug. 14;—CL 1915, 6475;—CL 1929, 5427;—CL 1948, 299.83;—Am. 1963, p. 396, Act 232, Eff. Sep. 6.
The title of amendatory Act 162 of 1913 erroneously refers to this section as being CL 1897, 5112.

289.83a Misbranded; definition; variations, exemptions.

Sec. 3a. An article shall be deemed to be misbranded within the meaning of this act:

(1) If it is an imitation of or is offered for sale under the name of another article, unless its label contains, in type of uniform size and prominence, the word "imitation" and immediately thereafter the name of the food imitated.

(2) If it is labeled or branded so as to deceive or mislead the purchaser, or purport to be a foreign product when not so, or if the contents of the package as originally put up shall have been removed in whole or in part and other contents shall have been placed in such package, or if its container is so made, formed or filled as to mislead the purchaser as to quantity of contents.

(3) If it purports to be or is represented for special dietary use, unless its label contains such information concerning its vitamin, mineral or other dietary properties as is necessary in order fully to inform the purchaser as to its value for such use.

(4) If it bears or contains any artificial flavor, artificial color or chemical preservative, unless its label states that fact, except as exempted by specific standards.

(5) If in package form every package, box, bottle, basket or other container does not bear the true net weight, excluding the wrapper or container, which shall be stated in terms of pounds, ounces and grains, or pounds and decimals or fractions thereof, avoirdupois weight or the true net measure, which measure, in case of liquids, shall be in terms of gallons of 231 cubic inches or fractions thereof, as quarts, pints and ounces or the true numerical count, as the case may be, expressed on the face of the principal label in plain English words or numerals, so that it can be plainly read. Reasonable variations shall be permitted and tolerances therefor and also exemptions as to small packages shall be established and promulgated by the department of agriculture.

(6) If the package containing it or its label shall bear any statement, design or device regarding the ingredients or the substances contained therein, which statement, design or device shall be false or misleading in any particular.

(7) If any article of food in package form sold or offered for sale does not bear a label containing in a distinctive and plain manner the name of such article of food, together with the name and address of the manufacturer, distributor, jobber or retail merchant with an established business. Every article of food as defined in the statutes of this state shall be sold by weight, measure or numerical count and as now generally recognized by trade custom, and shall be labeled in accordance with the provisions of the food and beverage laws of this state. Only those products shall be sold by numerical count which cannot well be sold by weight or measure. All foods not liquid, if sold by measure, shall be sold by standard dry measure, the quart of which contains 67-20/100 cubic inches.

The title and enacting clause of amendatory Act 311 of 1915 refers to CL 1897, 5112. But Sec. 3a of this act was not added until 1913.

289.84 Sale as butter of product not made exclusively of milk or cream; penalty.

Sec. 4. No person, by himself or his agents or servants, shall manufacture for sale or offer or expose for sale, or sell, as butter, and the legitimate product of the dairy or creamery, any article not made exclusively of milk or cream, but into which the oil or fat of animals or any other oils not produced from milk, enters as a component part, has been introduced to take the place of cream. Whoever violates the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than 50 nor more than 500 dollars, and the costs

of prosecution, or by imprisonment in the county jail, or the state house of correction and reformatory at Ionia for not less than 90 days nor more than 2 years, or by both such fine and imprisonment in the discretion of the court for each and every offense.

289.85 Department of agriculture; rules and regulations.

Sec. 5. The department of agriculture may promulgate rules and regulations necessary to administer and enforce this act in accordance with Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

HISTORY: Add. 1963, p. 397, Act 232, Eff. Sep. 6.

Original section 5 of Act 37 of 1913, p. 56, dealt with cheese and its adulteration and was repealed by Act 267 of 1945.

289.86 Director of agriculture; regulations, permits, suspensions; access for inspection.

Sec. 6. (1) Whenever the director of agriculture finds after investigation that the distribution of any class of food, by reason of contamination with microorganisms, may be injurious to health, and that the injurious nature cannot be adequately determined after the articles have entered commerce, he then, and in such case only, shall promulgate regulations providing for the issuance, to manufacturers, processors, or packers of such class of food, of permits to which shall be attached such conditions governing the manufacture, processing, or packing of such class of food, for such temporary period of time as may be necessary to protect the consumers. The director shall issue permits to all manufacturers, processors or packers, which are required to have permits and refusal of the director to issue permits may be appealed to circuit court. After the effective date of the regulations, and during the temporary period, no person shall introduce or deliver for introduction into commerce any such food manufactured, processed or packed by such manufacturer, processor, or packer unless the manufacturer, processor, or packer holds a permit issued by the director as provided by the regulations.

Suspension of permit; notice; reinstatement; hearing, inspection; review.

(2) The director may suspend immediately upon notice any permit issued under authority of this section if it is found that any of the conditions of the permit have been violated. The holder of a suspended permit at any time may apply for reinstatement of the permit, and the director, after prompt hearing and inspection of the establishment, shall reinstate the permit if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit, as originally issued or as amended. The decision of the hearing shall be subject to review in circuit court.

Access to establishments; denial of access, penalty.

(3) Any officer or employee duly designated by the director shall have access to any factory or establishment the operator of which holds a permit from the director for the purpose of ascertaining whether or not the conditions of the permit are being complied with. Denial of access for the inspection is ground for suspension of the permit until access is freely given by the operator.

289.95 Imitation coffee berry; sale as genuine berry prohibited; labels; molasses, syrup, glucose or mixture, branding.

Sec. 15. No person shall manufacture or sell, or offer for sale any manufactured or artificial coffee berry in imitation of the genuine berry. No person shall manufacture, sell or offer or expose for sale any ground or prepared coffee, which is adulterated with chickory or other substance not injurious to health, unless each package thereof shall be distinctly labeled or marked "coffee compound," together with the name and address of the manufacturer or compounder thereof, and has no other label of whatever name or designation: Provided, however, That each package thereof may be distinctly labeled or marked in type of the same size and kind showing the ingredients contained therein instead of being labeled or marked "coffee compound." No person shall offer or expose for sale, have in his possession with intent to sell, or sell any molasses, syrup or glucose, unless the barrel, cask, keg, can or pail containing the same shall be distinctly branded or labeled with the true and appropriate name; nor shall any person offer or expose for sale, have in his possession with intent to sell, or sell any

molasses or syrup mixed with glucose, unless the barrel, cask, keg or pail containing the same be distinctly branded or labeled "glucose mixture," and the per cent in which glucose enters into its composition. Such barrel, cask, keg or pail shall be branded or labeled in a conspicuous place; and such brands or labels shall be in letters of not less than 1/2 inch in length. Glucose and glucose mixtures shall have no other designation than herein required.

FOOD AND DRUG COMMISSIONER: Office abolished; powers and duties transferred to the department of agriculture, see Compilers' 1952.

289.122 Canner's license; issuance, fees, renewal; fees credited to general fund.

Sec. 2. License to engage in the business specified in section 1 shall be granted by the commissioner of agriculture to any person, firm, corporation or association, lawfully entitled to do business within the state, annually, upon the production of evidence satisfactory to the commissioner in such form as he may require that the applicant can and will comply with the provisions of this act, and upon the payment of a license fee of \$25.00. Said license shall expire on the first day of February of each year following the issuance thereof: Provided, That annual licenses renewed on the first

day of July, 1941, shall be renewed until the following first day of February on the payment of a license fee based on the portion of the year covered by said renewal license. Moneys received by the commissioner of agriculture under the provisions hereof shall be paid by him into the state treasury, and any accumulated balance as of June 30, 1949, shall be credited to the general fund.

AN ACT to regulate the maintenance and operation of frozen food locker plants; to provide for the licensing thereof including the packing therein of frozen fruits and vegetables for resale, and to prescribe the license fee therefor; to authorize the commissioner of agriculture to enforce the provisions of this act and to make rules and regulations to carry out the purposes thereof; and to prescribe penalties for the violation of the provisions of this act. Am. 1943, p. 155, Act 117, Imd. Eff. Apr. 13.

The People of the State of Michigan enact:

289.211 Frozen food locker plants; definitions.

Sec. 1. Definitions. The following terms as used in this act shall have the meaning ascribed to them in this section.

"Frozen food locker plant" shall mean any place artificially cooled to or below a temperature of 45 degrees above zero Fahrenheit in which "articles of food" are sharp frozen and stored in lockers, such lockers being rented to the public.

"Articles of food" shall mean and include fresh meat as defined in Act No. 193 of the Public Acts of 1895, being section 5426 of the Compiled Laws of 1929, fresh meat products, and all eggs, butter and butter substitutes, fruits and vegetables.

“Fresh meat” shall refer to meat from animals recently slaughtered and properly cooled until delivered to the consumer. The term “animals” as used herein shall include not only mammals, but also fish, fowl, crustaceans, mollusks and all other animals used as food.

“Fresh meat products” shall refer to and include all meat trimmings, meat byproducts and meat products made from fresh meat except such products other than fish as are sold in the smoked, salted or cured condition.

“Fruits” shall refer to the clean, sound, edible, fleshy fructifications of plants, distinguished by their sweet, acid and ethereal flavors.

“Vegetables” shall refer to the succulent, clean, sound, edible parts of herbaceous plants used for culinary purposes.

“Person” shall include 1 or more natural persons, copartnerships, associations or corporations.

HISTORY: CL 1948, 289.211.

NOTE: Act 193, 1965, above referred to, is Compilers' § 289.81 et seq.

289.212 Frozen food locker plants; license, application, fee.

Sec. 2. No person shall maintain or operate any frozen food locker plant unless he is the holder of a license therefor issued by the commissioner of agriculture and is in full force and effect. Application for such license shall be made upon forms to be prescribed and furnished by the commissioner of agriculture, specifying such information as he may require, be accompanied with a fee equal to 2 cents per locker for each locker located in the frozen food locker plant sought to be licensed, but such fee shall in any event be at least \$5.00; such license shall expire of its own limitations upon the thirty-first day of December next following the issuance thereof. Renewal license may be obtained upon filing an application therefor upon forms to be prescribed and furnished by the commissioner of agriculture specifying such information as he may require and upon paying the fee above prescribed for the original license. No license issued under the provisions of this act shall be transferable.

HISTORY: CL 1948, 289.212.

NOTE: The commissioner of agriculture is superseded by the department of agriculture, see Compilers' § 285.1.

289.213 Commissioner of agriculture to enforce act; rules; inspections.

Sec. 3. The commissioner of agriculture shall be charged with the enforcing of the provisions of this act; he shall make rules and regulations as may be incidental to or necessary for enforcement of the provisions of this act and the protection of the public health. The commissioner of agriculture, his deputies and any representative of the department of agriculture shall have the right at any time during reasonable business hours to inspect any frozen food locker plant licensed hereunder and it shall be their duty to inspect the same prior to the issuance of an original license to any such plant under this act.

HISTORY: CL 1948, 289.213.

289.214 Revocation or suspension of license.

Sec. 4. The commissioner of agriculture shall have the power to revoke any license issued under the provisions of this act whenever the provisions of this act, or the rules and regulations adopted by the commissioner pursuant to the provisions thereof have been violated. Any person whose license has been so revoked shall discontinue the operation of such frozen food locker plant until the provisions of this act and of said rules and regulations have been complied with and a new license issued. The commissioner of agriculture may in his discretion either suspend such license temporarily until there has been a compliance of such conditions as he may prescribe, or permanently for the unexpired period of such license.

HISTORY: CL 1948, 289.214.

289.215 Revocation or suspension of license; notice, hearing.

Sec. 5. Before revoking or suspending any license, the commissioner of agriculture shall give written notice to the licensee affected, stating that he contemplates the revocation or suspension thereof and giving his reasons therefor; said notice shall designate a time and place for appearing before the commissioner and shall be mailed by registered mail to the licensee at the address shown upon the records of the commissioner of agriculture. At such hearing the licensee may present such evidence to the commissioner of agriculture as he deems fit, and after hearing all the testimony, the commissioner shall decide the question in such manner as to him appears just and right.

HISTORY: CL 1948, 289.215.

289.216 Revocation or suspension of license; appeal.

Sec. 6. Any licensee who feels aggrieved at the decision of the commissioner may appeal from said decision within 10 days by writ of certiorari to the circuit court of the county in which such frozen food locker plant is situated.

HISTORY: CL 1948, 289.216.

289.217 Moneys credited to general fund.

Sec. 7. Any moneys collected hereunder by the commissioner of agriculture shall be deposited at the state treasury and any accumulated balance as of June 30, 1949, shall be credited to the general fund.

HISTORY: CL 1948, 289.217.—Am. 1949, p. 138, Act 128, Imd. Eff. May 20.

289.218 Violation of act or rules; penalty.

Sec. 8. Any person who shall do any of the acts or things prohibited, or neglect, or refuse to do any of the acts or things required either by this act, or by the rules and regulations of the commissioner of agriculture adopted pursuant to this act, or in any way violates any of the provisions or said rules and regulations shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than \$100.00, or by imprisonment in the county jail for a period of not more than 90 days, or by both such fine and imprisonment at the discretion of the court.

HISTORY: CL 1948, 289.218.

289.219 Packing for resale of frozen fruits and vegetables not deemed canning and preserving.

Sec. 9. The packing for resale of frozen fruits and vegetables in any frozen food locker plant duly licensed hereunder shall not be deemed "canning and preserving" within the meaning of Act No. 411 of the Public Acts of 1919, as amended; and any license issued hereunder shall be inclusive of the right to pack frozen fruits and vegetables for resale, subject to the provisions of this act and the rules and regulations herein authorized.

AN ACT to prevent and punish the sale of immature and unwholesome calves, pigs, kids and lambs. Am. 1959, p. 218, Act 156, Eff. Mar. 19, 1960.

The People of the State of Michigan enact:

289.251 Immature veal, transportation or sale unlawful; deacons; unwholesome meat from young animals; possession.

Sec. 1. No person shall transport in interstate or intrastate commerce, or sell for transportation in interstate or intrastate commerce, any calf unless such calf is at least 1 week old. This provision shall not apply to transportation or sale of live calves known as deacons from 1 farmer to another. No person shall sell, offer or expose for sale, for human consumption, the carcass or meat of calves, pigs, kids or lambs which are unwholesome. The carcasses or meat shall be declared unwholesome if (1) the carcass or meat has the appearance of being water soaked, is loose, flabby, tears easily and can be perforated with the fingers; or (2) if its color is grayish red; or (3) if good muscular development as a whole is lacking, especially noticeable on the upper shank of the leg, where small amounts or serous infiltrates or small edematous patches are sometimes present between the muscles; or (4) if the tissue which later develops as the fat capsule of the kidneys is edematous, dirty yellow or grayish red, tough and intermixed with islands of fat. Such carcasses or meats as herein described and declared to be unwholesome shall be condemned. Possession of such carcass or meat in any place where meat for human consumption is stored, sold or offered for sale shall be evidence of possession of such carcass or meat for sale. This section shall not be deemed to prohibit the shipment in interstate commerce of hog-dressed young veal calves, commonly known as "deacons".

AN ACT to prevent the false advertising of meat and meat products; to specify the proper conditions of display and storage of meat and meat products; to provide for the enforcement of the provisions of this act, inspection and procurement of samples; and to prescribe penalties for the violation of the provisions of this act.

The People of the State of Michigan enact:

289.261 False advertising of meat and meat products.

Sec. 1. It shall be unlawful for any person, partnership or corporation to:

(a) Make, publish, disseminate, circulate or place before the public any advertisement containing any assertion, representation or statement which is untrue, deceptive or misleading or falsely represents the kind, classification, grade or quality of meat;

(b) Use any term of quality without using or having for sale the quality of meat advertised or offered for sale;

- (c) Use the term "USDA" unless the official grade is also designated; or
- (d) Designate or use any brand name of a company unless the meat so advertised or displayed for sale is of a quality which the use or designation of the brand name of such company would reasonably indicate.

HISTORY: New 1957, p. 187, Act 188, Eff. Sep. 27.

289.262 Unlawful advertising or display.

Sec. 2. It shall be unlawful to advertise or display for sale:

- (a) Any meat of the ovine species that is 2 years old or over as "yearling" or "lamb." Such meat shall be clearly designated "mutton";
- (b) Any meat described by the use of the words "prime," "choice" or "good" unless such meat advertised for sale actually bears the "USDA" federal stamp designating such grade or is of equal quality as the federal grade would designate;
- (c) Any ham unless the advertisement or display states whether the ham is skinned or regular;
- (d) Any ham portion described by the use of the words "one-half" or "half ham" that has had a center slice removed;
- (e) Any pork shoulder described as "ham"; or
- (f) Any meat or meat product which has been branded or marked as imitation by a manufacturer or processor unless the advertisement or display clearly states that such meat or meat product is an imitation.

FORMER ACT: Act 71 of 1897, being CL 1897, 5003-5006.

289.552 Vinegar; definition, source.

Sec. 2. The word "vinegar" as used herein is limited to a water solution of acetic acid derived by the alcoholic and subsequent acetous fermentations of fruits, grain, vegetables, sugar or syrups, and if not distilled must carry in solution the extractive matter derived solely from the substances indicated on the label as its source.

HISTORY: CL 1915, 6459;—CL 1929, 5507;—CL 1948, 289.552.

289.553 Cider vinegar; definition, labeling.

Sec. 3. No vinegar shall be sold or exposed for sale as apple or cider vinegar which is not the legitimate product of pure apple juice. The term "cider vinegar" as used herein shall be construed to mean vinegar derived by the alcoholic and subsequent acetous fermentation of the expressed juice of apples, the acidity, solids and ash of which have been derived exclusively from apples, and which contains not less than 4% of absolute acetic acid. Cider vinegar which during the course of manufacture has developed in excess of 4% acetic acid, may be reduced to a strength of not less than 4%, and cider vinegar so reduced shall not be regarded as adulterated. Every manufacturer or producer of cider vinegar shall plainly label on the head of the cask, barrel or keg or other container of such vinegar, his name, place of business, and the words "cider vinegar," and no person shall mark or label as cider vinegar any package containing that which is not cider vinegar. Any vinegar sold or offered for sale shall be marked or labeled plainly upon the package or container from which it is sold and also on the original package or container in which it is sold or delivered, in a manner to show its true character and source.

HISTORY: CL 1915, 6462;—CL 1929, 5510;—CL 1948, 289.555.

289.556 Vinegar; purity.

Sec. 6. No vinegar shall be sold or exposed for sale in which foreign substances, drugs or acids shall have been introduced. No vinegar shall contain any artificial coloring matter, and all vinegar shall have an acidity of not less than 4 per cent by weight of absolute acetic acid. If vinegar contains any artificial matter, or less than the required amount of acidity, it shall be deemed to be adulterated.

HISTORY: CL 1915, 6463;—CL 1929, 5511;—CL 1948, 289.556.

289.557 Fermented vinegar; labeling.

Sec. 7. All vinegar made by fermentation and oxidation without the intervention of distillation, shall be labeled with the name of the fruit or substance from which such vinegar has been made.

ACT REPEALED: Act 71, 1897, CL 1897, 5003-5008.

Act 228, 1952, p. 375; Eff. Sep. 18.

AN ACT providing for the protection of the public health and the prevention of fraud and deception by prohibiting the manufacture, sale, the offering for sale or exposing for sale or having in possession with intent to sell, sausage, meat loaf, hamburger, chili con carne, liver sausage, head cheese, sulze, blood sausage, New York (New England) (pressed luncheon), and tongue sausage, that is adulterated or deleterious or not in compliance with this act; defining the mentioned products and other terms used; providing for licensing; regulating labeling and advertising; prescribing penalties for violations of this act; and repealing certain acts and parts of acts.

The People of the State of Michigan enact:

289.581 Comminuted meat law; definitions.

Sec. 1. For the purpose of this act, the following definition of terms used therein shall apply:

- (a) Cattle means bovine bulls, cows, steers and calves only.
- (b) Beef is meat derived from cattle 1 year of age or older.
- (c) Veal is meat derived from a calf not more than 1 year of age slaughtered in compliance with Michigan laws.
- (d) Mutton is meat derived from sheep 1 year of age or older.
- (e) Lamb is meat derived from sheep less than 1 year of age.
- (f) Pork is meat derived from swine, excluding boars and from stags slaughtered in compliance with Michigan laws.

(g) Carcass is the commercially prepared or dressed body of any cattle, sheep or swine.

(h) Meat is the properly dressed, clean, sound flesh derived from cattle, swine or sheep sufficiently mature and in good health at the time of slaughter.

(i) Skeletal meat is any clean edible part of striated muscle including head meat and cheek meat.

(j) Fresh meat is meat which has undergone no substantial change in character since the time of slaughter.

(k) Comminuted meat is meat that has been subjected to a process whereby it has been reduced to minute particles.

(l) Tripe is the properly cleaned, scalded and cooked, stomach obtained from the slaughter of healthy cattle, swine or sheep.

(m) Pork sausage is sausage composed of fresh meat and fresh fat derived solely from swine.

(n) Breakfast sausage shall be composed of fresh meat and fresh fat derived from cattle, swine or sheep or a mixture of such meats.

(o) The word "person" shall include 1 or more natural persons, copartnerships, associations or corporations.

HISTORY: New 1952, p. 375, Act 228, Eff. Sep. 18.

289.582 Comminuted meat law; definitions.

Sec. 2. For the purpose of this act the products within its purview are defined as follows:

Grade 1 sausage, moisture, protein, bacterial starters.

(a) Grade 1 sausage shall consist only of skeletal fresh meat prepared from the animal carcass of cattle, swine or sheep or a mixture of such meats, or the striated muscle of chicken or turkey, either fresh, cured, salted, pickled or smoked, with or without added salt or spice, sodium or potassium nitrate, sodium or potassium nitrite, ascorbic acid, or the salts thereof, and with or without the addition of water or ice, with or without the addition of edible animal fat from the animals specified, non-fat dry milk solids or dry whole milk, eggs or egg products, chives, tomatoes, parsley, peppers, onions, garlic, celery, seasoning, flavoring, honey, sirup, sugar, pure refined dextrose or subsequent cooking or smoking.

(1) It may contain not to exceed 4 pounds non-fat dry milk solids or dry whole milk per 100 pounds of sausage.

The total percentage of moisture in the finished product shall not exceed 65%. The total percentage of protein shall not be less than 12%. The protein content requirement shall not apply to pork sausage, breakfast sausage, or roasted sausage but the finished product shall contain not more than 50% of fat by chemical analysis, the equivalent of 45% of trimmable fat, and shall not contain added water or ice, that is water or moisture of greater content than found normally in the meat itself. Fresh and fresh frozen pork sausage, smoked and unsmoked dry sausage, may contain butylated hydroxyanisole, butylated hydroxytoluene or propyl gallate, or a combination of these antioxidants, with or without citric acid, in amounts not to exceed specifications established by regulation of the United States department of agriculture meat inspection service and in effect on the date this 1968 amendatory act becomes effective. When such antioxidants are added the label on the product shall declare the presence of antioxidants in the manner required by the United States department of agriculture meat inspection service.

(2) It shall not contain any cereal, vegetable flour, vegetable product, except those vegetable products specifically provided for, soya products, coal tar color, artificial

color, vegetable coloring, stabilizer, gum, thickeners, excess added water or ice, boric acid or borates, sulphites, sulphur dioxide, sulphurous acid or any other harmful preservative. It shall not contain slaughter house by-products, heart, tongue, liver cracklings or crackling meal, tripe, lungs, melts, eyes, stomachs, weasand meats, udder, lips, ears or snouts. No other parts of the animal or any other substance excepting as above specified shall be permitted in sausage.

(3) Harmless bacterial starters of the acidophilus type may be used in the preparation of such kinds of sausage as thuringer, lebanon bologna, cervelat, salami and pork roll in an amount not to exceed 1/2 of 1%. When used, the harmless bacterial starter shall be included in the list of ingredients in the order of its predominance.

Sausages.

(b) The following products are considered to be sausage, whether processed or inserted in either natural or artificial casings or other containers: Weiners, bologna, ring bologna, knackwurst, roasted sausage, breakfast sausage, pork sausage, chicken sausage, turkey sausage, leona, beer salami, cooked salami, polish sausage, minced luncheon, all varieties of dry or semi-dry sausage, and other products prepared in sausage form and excluding loaves, liver products, head cheese, sulze, blood sausage, potato sausage, bockwurst, kiszka, tongue sausage and New York (New England) (pressed luncheon).

Hamburger, ground beef.

(c) Fresh beef that has been comminuted, chopped, diced or ground shall be identified as either hamburger or ground beef and shall meet the following standards. Hamburger shall consist of comminuted, chopped, diced, or ground fresh beef with or without the addition of beef fat as such, and shall not contain more than 30% of fat. Ground beef shall meet the same requirements as hamburger except that it shall not contain more than 20% fat. Monosodium glutamate may be added if declared. It shall not contain heart, liver, tongue, tripe, stomach, cracklings or crackling meal, lungs, melts, eyes, weasand meats, head meat, cheek meat, udder, lips, ears, snouts, packing house by-products or added water or ice, that is, water or moisture of greater content than found normally in the meat itself. It shall not contain any cereal, vegetable flour, vegetable product, bread or bread crumbs, dry milk, soya products, coal tar color, artificial color, vegetable coloring, stabilizer, gum, thickeners, cracker, roll, cereal by-product, starch, chemical preservative, boric acid or borates, sulphites, sulphur dioxide or sulphurous acid. No other parts of the animal or any other substance excepting as above specified shall be permitted in hamburger or ground beef.

Chili con carne.

(d) Chili con carne is a product that shall contain not less than 40% of meat computed on the weight of the fresh meat from cattle, swine or sheep. Head meat, cheek meat and heart meat, exclusive of the heart cap, may also be used. The mixture may contain cereal or non-fat dry milk solids and seasoning. It shall not contain liver, tongue, cracklings or crackling meal, lungs, melts, spinal cords, eyes, stomach, udders, lips, ears or snouts. It shall not contain gum, thickeners, stabilizer, coal tar color, artificial color, vegetable coloring, chemical preservative, boric acid or borates, sulphites, sulphur dioxide or sulphurous acid. No other parts of the animal shall be permitted in chili con carne.

Meat loaf.

(e) Meat loaf is a product, processed in the form of a loaf, consisting of a mixture of meat from cattle, swine or sheep or mixture of such meats that are not necessarily skeletal but shall be wholesome and edible. It may also contain salt, seasoning, sodium or potassium nitrate, ascorbic acid, or the salts thereof, sodium or potassium nitrite, cereal, vegetable, non-fat dry milk solids, soya flour, eggs or egg products, macaroni,

cheese, condiments, nuts, fruits or gelatin. It shall not contain gum, thickener, stabilizer, coal tar color, artificial color, vegetable coloring, chemical preservative, boric acid or borates, sulphur dioxide, sulphites or sulphurous acid. It shall not contain cracklings or crackling meal, lungs, melts, eyes, lips, udders, ears or spinal cords. No other parts of the animal or any other substance excepting as above specified shall be permitted in meat loaf.

Liver sausage.

(f) Liver sausage is the product, either cooked or smoked prepared from sound, edible liver with or without the addition of edible fat, meat, tripe, brains, pork skins, pork and beef tongues, cereal, soya flour, non-fat dry milk solids, nuts, eggs or egg products, pimentos, salt, sugar, dextrose, ascorbic acid, or the salts thereof, honey, spice, flavorings, seasonings and with or without sodium or potassium nitrate or sodium or potassium nitrite. It shall not contain liver or meat from animals other than cattle, swine or sheep. It shall not contain gum, thickener, stabilizer, coal tar color, artificial color, vegetable coloring, chemical preservative, boric acid or borates, sulphites, sulphur dioxide, sulphurous acid, crackling meal, lungs, melts, eyes, lips, udders, ears or spinal cords. No other parts of the animal or any other substance excepting as above specified shall be permitted in liver sausage.

Head cheese and sulze.

(g) Head cheese and sulze are the products of which the main constituents are meat or snouts, ears or tongues obtained from swine or cattle or sheep and with addition of gelatin or salt, vinegar, sugar, spice and sodium or potassium nitrate, ascorbic acid, or the salts thereof, and sodium or potassium nitrite. They shall not contain more than 40% of gelatin by weight of the finished product. They shall not contain liver, cracklings or crackling meal, melts, spinal cords, eyes, stomach, udders or lungs. They shall not contain gum, thickener, stabilizer, coal tar color, artificial color, vegetable coloring, chemical preservative, boric acid or borates, sulphite, sulphur dioxide or sulphurous acid. No other parts of the animal or any other substance excepting as above specified shall be permitted in head cheese or sulze.

Blood sausage, tongue sausage.

(h) Blood sausage and tongue sausage are products in sausage form consisting of meat or blood and other edible parts obtained from the slaughter of cattle, swine or sheep cooked with seasoning and flavoring material, with or without the addition of non-fat dry milk solids or cereal. They shall not contain gum, thickener, stabilizer, coal tar color, artificial color, vegetable coloring, chemical preservative, boric acid or borates, sulphites, sulphur dioxide or sulphurous acid. They shall not contain cracklings or crackling meal, lungs, melts, spinal cords, eyes, udders, lips or any other substance not above specified.

289.583 Sausage; grading.

Sec. 3. No product shall be sold as sausage, except liver sausage, potato sausage, tongue sausage, blood sausage, bockwurst, kishka and New York (New England) (pressed luncheon), which is not graded as above and which does not meet the specifications for grade I sausage.

HISTORY: New 1952, p. 378, Act 228, Eff. Sep. 18.

289.584 Markings on packages and pieces; all meat or all beef labels.

Sec. 4. The name of any product manufactured or sold under the provisions of this act, together with the name and address of the manufacturer, and also in the case of sausage, the term "Grade 1", shall be plainly marked or tagged on each package and true container as delivered to the retailer. Sausage in casings of the ordinary "ring" va-

nety or larger shall be marked or tagged at least once to every piece, and sausage of the smaller varieties shall bear 1 or more marks or 1 or more tags to each pound, as hereinabove provided. Sausage labeled or advertised as all meat or all beef shall not contain any nonfat dry milk solids or dry whole milk.

Address of manufacturer; Michigan registration number; U.S. department of agriculture number.

It shall be sufficient to give the address of the manufacturer's main or executive office if the package or true container of the product as delivered to the retailer is plainly marked or tagged with a Michigan registration number assigned by the department of agriculture or the United States department of agriculture establishment number of the plant at which the product was manufactured.

289.585 Colored artificial casings or containers.

Sec. 5. All products manufactured under terms of this act may be sold in colored artificial casings or container: Provided, That no such products shall be sold in colored natural casings.

HISTORY: New 1952, p. 378, Act 228, Eff. Sep. 18.

289.586 Adulteration.

Sec. 6. Any product within the purview of this act shall be deemed to be adulterated if it bears or contains any poisonous or deleterious substance which may render it injurious to health or if it contains any diseased, contaminated, filthy or decomposed substance, or is manufactured in whole or in part, from a diseased, contaminated, filthy or decomposed substance, or if it is the product of an animal which has died otherwise than by slaughter, and any person who manufactures, sells, offers for sale, exposes for sale, or has in his possession with intent to sell such adulterated product, shall be guilty of a misdemeanor and punished therefor.

HISTORY: New 1952, p. 378, Act 228, Eff. Sep. 18.

289.587 Manufacture or sale in violation of standards.

Sec. 7. Sausage shall be deemed in violation of the standards of this act if it contains excessive non-fat dry milk solids or dry whole milk, moisture and/or fat. Sausage, loaf, hamburger and chili con carne, liver sausage, head cheese, sulze, blood sausage and tongue sausage shall be deemed in violation of the standards of this act if it contains any substance or product either specifically prohibited or not specifically provided for in its class according to the definitions set forth in section 2 of this act, and any person who manufactures, sells, offers for sale, exposes for sale or has in his possession with intent to sell any such product in violation of the standards herein set forth or any such product that is not properly branded or labeled within the meaning of this act, shall be guilty of a misdemeanor and punished therefor.

HISTORY: New 1952, p. 378, Act 228, Eff. Sep. 18.

289.588 License; application, form, contents, fees, issuance, renewal; exceptions, sale incident to regularly established business.

Sec. 8. Before any person or persons, firm or corporation, packer or manufacturer shall manufacture any product within the meaning of this act, he or they shall first obtain a license from the Michigan agricultural commission. A license shall be obtained for each plant or place of business where sausage, loaves, hamburger, chili con carne, liver sausage, head cheese, sulze, blood sausage, New York (New England) (pressed luncheon), or tongue sausage is manufactured. Applications for such licenses shall be made to the Michigan agricultural commission, upon such forms as furnished by it, and shall show such information as may be demanded by the department of agriculture and shall be accompanied by a statutory fee as follows:

(a) Twenty-five dollars in the case of a manufacturer who manufactures and sells at retail at but 1 place in the state, which place shall be designated in the license.

(b) Fifty dollars in the case of a manufacturer making distribution through more than 1 and not exceeding 5 of his own establishments, for sale to the ultimate consumer, which place or places shall be designated in the license.

(c) One hundred dollars in the case of manufacturers or packing houses, making distribution through the usual trade channels for resale, and, in the case of a manufacturer making distribution through more than 5 of his own establishments for sale to the ultimate consumer, which place or places shall be designated in the license.

Upon receipt of such application the Michigan agricultural commission shall, after satisfactory investigation, issue to the person, firm or corporation making such application a license to manufacture sausage, meat loaf, hamburger, chili con carne, liver sausage, head cheese, sulze, blood sausage, New York (New England) (pressed luncheon), or tongue sausage as defined in this act: Provided, That it shall be within the discretion of the commission to refuse any license upon application of a former licensee whose license was revoked by the commission upon 3 or more convictions of violations of the law. All licenses issued under the provisions hereof shall be due and payable on or before August 1 and shall expire July 31 following the date of issuance; said licenses shall be renewed annually. The moneys received by the Michigan agricultural commission in payment of licenses issued under this section shall be paid into the state treasury general fund. The provisions of this section shall not apply to any farmer manufacturing and/or selling not to exceed 300 pounds of sausage in any 1 calendar year from pork and/or other meat produced or grown on his own farm. A farmer as used in this section shall be construed to include the owner, tenant or lessee of the farm. The provisions of this section shall not apply to any retailer who grinds fresh pork sausage and/or other meat products for sale at retail to the ultimate consumer upon his premises or in isolated cases sells such products to other retailers, or a sale incident to his regularly established business.

289.589b Prior notice to potential violator.

Sec. 9b. The department of agriculture shall give prior notice to any potential violator of this act that a complaint may be filed against him.

HISTORY: Add. 1962, p. 394, Act 184, Eff. Mar. 28, 1963.

289.590 Violation of act; penalty.

Sec. 10. Whoever shall do any of the acts or things prohibited by this act or in any way violate any of its provisions shall be deemed guilty of a misdemeanor, and shall be punished by a fine of not more than \$100.00 and the costs of prosecution, or by imprisonment in the county jail for not more than 90 days or by both such fine and imprisonment in the discretion of the court.

Revocation or suspension of license, hearing, appeal.

It shall be mandatory for the director of agriculture to summon to appear before him any licensee who shall have been convicted 2 times for violation of any provision of this act in any 12-month period. The director shall give written notice to the licensee stating that he contemplates the suspension or revocation of the license herein provided and naming his reasons therefor. Said notice shall designate a time of hearing before said director and shall be mailed by registered mail to the licensee not less than 10 days prior to the date set for said hearing. On the day of the hearing the licensee may present such evidence as he deems fit. After hearing the testimony the director shall revoke or may temporarily suspend such license. Any person, firm, corporation, packer, or manufacturer whose license has been so revoked or temporarily suspended shall discontinue the manufacture, sale, or offer for sale within this state of any of the comminuted meat products within the purview of this act. Any licensee who feels aggrieved at the decision of the director may appeal within 10 days through writ of certiorari to the circuit court of the county where licensee resides.

Act 69, 1956, p. 150; Imd. Eff. Apr. 2.

AN ACT providing for the coloration of wheat, oats, rye or barley, field corn, field peas or field beans when being treated with an injurious or poisonous substance and authorizing the promulgation of rules and regulations by the state department of agriculture to carry out the provisions of this act; and to provide penalties for the violation of the provisions of this act and any rule and regulation promulgated thereunder. Am. 1957, p. 126, Act 107, Eff. Sep. 27.

The People of the State of Michigan enact:

289.611 Grain treated with poisonous or injurious substance; contrasting coloration.

Sec. 1. Any wheat, oats, rye or barley, field corn, field peas or field beans treated with any poisonous or injurious substance shall at the same time be colored or dyed a color contrasting with the natural color of such wheat, oats, rye or barley, field corn, field peas or field beans so that the treated wheat, oats, rye or barley, field corn, field peas or field beans is readily identifiable as having been treated with a poisonous or injurious substance.

Sec. 2. As used in this act:

- (a) "Commission" means the commission of agriculture.
- (b) "Department" means the state department of agriculture.
- (c) "Director" means the state director of agriculture.
- (d) "Person" means individuals, partnerships, trusts, associations, corporations, and any and all other business units, devices and arrangements, or receiver, trustee or assignee of such business units.
- (e) "Michigan seal of quality" means any label, tag or other device bearing the official emblem promulgated under the provisions of this act containing the term "Michigan seal of quality" attached to, affixed or placed upon any crate, carton, package or other container of agricultural products grown, packed and processed within this state.

(f) "Products" mean agricultural products grown, packed and processed within this state.

HISTORY: New 1961, p. 68, Act 70, Eff. Sep. 8.

289.633 Emblems; designation of products; quality and grade standards.

Sec. 3. The commission shall design emblems bearing the inscription "Michigan seal of quality", to be used as a seal denoting quality for the purpose of identifying the products to which it may be applied; to designate the products upon which it may be used; and to promulgate the quality and grade standards for products to which it may be applied.

HISTORY: New 1961, p. 68, Act 70, Eff. Sep. 8.

289.634 Agricultural products; standards of quality, establishment.

Sec. 4. Upon the request of any commodity group of producers of agricultural products stating that it is essential to the successful marketing of the products that standards of quality be established, the commission, after not less than 10 days' notice, shall call a public hearing at which any interested person shall have the right to be heard, and thereafter the commission shall determine whether the establishment of standards of quality for the products is necessary to the successful marketing thereof.

HISTORY: New 1961, p. 68, Act 70, Eff. Sep. 8.

289.635 Agricultural products; order establishing standard of quality, size and condition.

Sec. 5. The commission, if it determines that it is necessary to establish standards of quality for any products, shall promulgate an order establishing standards of quality for the products, which standards shall relate to the quality, size and condition thereof.

HISTORY: New 1961, p. 68, Act 70, Eff. Sep. 8.

289.636 Seal of quality; protection; inspection; application.

Sec. 6. The commission shall:

- (a) Establish a seal denoting quality which shall be registered, advertised and protected by the director.
- (b) Promulgate rules for the inspection of products to which the seal is applied.
- (c) Authorize the application of the seal to those products conforming to the standards of quality as established by the commission under the provisions of this act.

HISTORY: New 1961, p. 68, Act 70, Eff. Sep. 8.

289.637 Seal of quality; interstate commerce.

Sec. 7. The seal of quality shall not be used as a barrier to interstate commerce, nor is it a substitute for federal grades and standards, or for the federal grading and inspection service on products entering into interstate commerce.

HISTORY: New 1961, p. 68, Act 70, Eff. Sep. 8.

289.638 Seal of quality; supervision of packaging.

Sec. 8. Products to be sold to the consumer in packages to which the seal of quality is applied shall be graded by or under the supervision of competently trained inspectors approved by the department or by graders or supervisors of grading supplied under cooperative agreement between the department and the United States department of agriculture.

HISTORY: New 1961, p. 68, Act 70, Eff. Sep. 8.

289.639 Seal of quality; elective use; conformance.

Sec. 9. Use of the seal of quality shall be elective by any person offering products for sale or other disposition to any other person, but, upon election to use the seal, confor-

mance with the rules and regulations promulgated by the commission shall be mandatory.

HISTORY: New 1961, p. 69, Act 70, Eff. Sep. 8.

289.640 Seal of quality; agreements for grading, supervision of grading.

Sec. 10. For the purpose of giving effect to the provisions of this act, the commission may enter into agreements with any person on such terms and conditions as the commission deems best for the grading, or for the supervision of grading, of products to which the seal of quality is to be applied.

HISTORY: New 1961, p. 69, Act 70, Eff. Sep. 8.

289.641 Seal of quality; fees for labels, grading, supervision of grading.

Sec. 11. The commission shall adopt and may amend from time to time schedules of fees to be charged for labels bearing the seal of quality, for grading and supervision of grading, or for such other services as may be rendered under this act. All fees shall be sufficient to make self-sustaining the grading services performed under this act. All fees shall be deposited in the state treasury and credited to the general fund. The fees assessed under the provisions of this act shall be payable by the person for whom the services are performed and the director shall prescribe the method by which and times when the fees shall be collected.

HISTORY: New 1961, p. 69, Act 70, Eff. Sep. 8.

289.642 Cooperation with agencies of the United States, other states and organizations.

Sec. 12. The director may cooperate with the United States department of agriculture, any other agency of the United States, with any governmental agency or instrumentality of any state, and with any association or organization or persons representative of any product, in market and food investigations, grading, packing, handling, storing and merchandising of products, and in the enforcement of laws, rules and regulations pertaining thereto and in any manner that is desirable for the purpose of this act.

HISTORY: New 1961, p. 69, Act 70, Eff. Sep. 8.

289.643 Inspection of containers; certificates, evidence.

Sec. 13. The director or any person authorized by him shall have free access to any place or conveyance wherein products bearing the "seal of quality" are being marketed, transported or held for commercial purposes; may open any container bearing the seal and examine the contents thereof; and upon tender of the market price may take samples therefrom. The director may employ inspectors to inspect products bearing the seal of quality. Certificates of inspection shall state the date and place of inspection, the grade, condition and approximate quality of the products inspected, and any other pertinent facts that the director requires. The certificate and all federal certificates relative to the condition of quality of the products shall be prima facie evidence in all courts of the state of the facts required to be stated therein.

HISTORY: New 1961, p. 70, Act 70, Eff. Sep. 8.

289.644 Rules and regulations; seizure of nonconforming products.

Sec. 14. The commission shall enforce this act and may promulgate such orders, rules and regulations in accordance with Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948, as are necessary to carry out the purposes of this act. When the director, or any person appointed by him, determines that products bearing the seal fail to conform to the quality characteristics and standards promulgated by the commission, the director or his appointee may seize and dispose of the products as

provided by section 7 of Act No. 211 of the Public Acts of 1893, as amended, being section 289.37 of the Compiled Laws of 1948.

HISTORY: New 1961, p. 70, Act 70, Eff. Sep. 8.

289.645 Violation of act; penalty.

Sec. 15. Any person who holds for sale, offers for sale or sells any product, to which the seal of quality is applied, which does not conform with the quality characteristics and standards for that product is guilty of a misdemeanor and shall be punished by a fine of not less than \$25.00 and not more than \$100.00, or by imprisonment in the county jail for not more than 90 days, or both.

HISTORY: New 1961, p. 70, Act 70, Eff. Sep. 8.

289.646 Commodity committees; term, compensation.

Sec. 16. The commission, after adopting rules and regulations to carry out the provisions of this act, shall establish commodity committees to disseminate information relative to the purposes of this act and to report to the commission in reference to the functioning thereof. Commodity committees shall consist of representatives of producers, first handlers, wholesalers, retailers and consumers capable of being recognized as representative of the specific commodity interests involved by that industry. The commission may establish committees for any specific commodity when requested to do so by any representative segment of that commodity industry. The commission shall create a central committee representative of all commodity committees and of such other governmental agencies as may have interests in furthering the purposes of this act, upon the request of 3 existing commodity committees. The members of all committees shall be that number determined and approved by the commission. The members of committees shall hold office for a period of 1 year. The commission may reappoint any member of any committee. No member of any committee shall receive any salary or other compensation.

Act 39, 1968, p. 67; Eff. Jan. 1, 1969.

AN ACT to regulate the manufacture, distribution and sale of food for protection of the consuming public and to prevent fraud and deception by prohibiting the misbranding, adulteration, manufacture, distribution and sale of foods in violation of this act; to provide for enforcement of the act; to provide penalties for violation of the act; and to repeal certain acts and parts of acts.

The People of the State of Michigan enact:

289.701 Michigan food law of 1968; short title.

Sec. 1. This act shall be known and may be cited as the "Michigan food law of 1968".

HISTORY: New 1968, p. 68, Act 39, Eff. Jan. 1, 1969.

289.702 Food law; definitions.

Sec. 2. (1) "Department" means the department of agriculture.

(2) "Food" means articles used for food or drink for man or other animals, chewing gum and articles used for components of any such article.

(3) "Label" means a display of written, printed or graphic matter upon the immediate container of any article; and a requirement made by or under authority of this act that any word, statement or other information appearing on the label shall not be considered to be complied with unless the word, statement or other information also ap-

pears on the outside container or wrapper of the retail package of the article, or is easily legible through the outside container or wrapper.

(4) "Immediate container" does not include package liners.

(5) "Labeling" means all labels and other written, printed or graphic matter upon an article or any of its containers or wrappers, or accompanying the article.

(6) "Regulations" means rules and regulations subject to Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948.

(7) "Person" means an individual, partnership, association or corporation.

HISTORY: New 1968, p. 68, Act 39, Eff. Jan. 1, 1969;—Am. 1969, p. 192, Act 106, Eff. Mar. 20, 1970.

289.703 Food law; definitions.

Sec. 3. (1) "Advertisement" means all representation disseminated in any manner or by any means, other than by labeling, for the purpose of inducing, or which are likely to induce, directly or indirectly, the purchase of food.

(2) "Contaminated with filth" applies to any food not securely protected from dust, dirt and, as far as may be necessary by all reasonable means, from all foreign or injurious contaminations.

(3) "Pesticide chemical" means any substance which, alone, in chemical combination, or in formulation with 1 or more other substances is an "economic poison" within the meaning of the federal insecticide, fungicide and rodenticide act of 1949, as amended, and which is used in the production, storage or transportation of raw agricultural commodities.

(4) "Raw agricultural commodity" means any food in its raw or natural state, including all fruits that are washed, colored or otherwise treated in their unpeeled natural form prior to marketing.

HISTORY: New 1968, p. 68, Act 39, Eff. Jan. 1, 1969.

289.704 Food additive; definition.

Sec. 4. "Food additive" means any substance, the intended use of which results or may be reasonably expected to result, directly or indirectly, in its becoming a component or otherwise affecting the characteristics of any food, including any substance intended for use in producing, manufacturing, packing, processing, preparing, treating, packaging, transporting or holding food; and including any source of radiation intended for any such use, if such substance is not generally recognized, among experts qualified by scientific training and experience to evaluate its safety, as having been adequately shown through scientific procedures, or in case of a substance used in a food before 1958 through scientific procedures or experience based on common use in food, to be safe under the conditions of its intended use. However, the term does not include: (1) a pesticide chemical in or on a raw agricultural commodity; or (2) a pesticide chemical to the extent that it is intended for use or is used in the production, storage or transportation of any raw agricultural commodity; or (3) a color additive; or (4) any substance used in accordance with a sanction or approval granted prior to the enactment of the food additives amendment of 1958 to the federal act; the federal poultry products inspection act or the federal meat inspection act, as amended.

HISTORY: New 1968, p. 68, Act 39, Eff. Jan. 1, 1969.

289.705 Color additive; definition.

Sec. 5. (1) "Color additive" means a material which is a dye, pigment or other substance made by a process of synthesis or similar artifice, or extracted, isolated or otherwise derived, with or without intermediate or final change of identity from a vegetable, animal, mineral or other source, or when added or applied to a food or any part thereof is capable alone or through reaction with other substance of imparting color

thereto; except that the term does not include any material which has been or hereafter is exempted under the federal act. Nothing in this subsection shall be construed to apply to any pesticide chemical, soil or plant nutrient or other agricultural chemical solely because of its effect in aiding, retarding or otherwise affecting, directly or indirectly, the growth of other natural physiological process of produce of the soil and thereby affecting its color, whether before or after harvest.

(2) "Color" includes black, white and intermediate grays.

(3) "Federal act" means the federal food, drug and cosmetic act, as amended.

HISTORY: New 1968, p. 69, Act 39, Eff. Jan. 1, 1969.

289.706 Scope of law.

Sec. 6. The provisions of this act regarding the selling of food shall be considered to include the manufacture, production, processing, packing, exposure, offer, possession and holding of any food for sale; and the sale, dispensing and giving of food, and the supplying of food in the conduct of any food establishment.

HISTORY: New 1968, p. 69, Act 39, Eff. Jan. 1, 1969.

289.707 Prohibited acts.

Sec. 7. The following acts and the causing thereof are prohibited:

(a) The manufacture, sale or delivery, holding or offering for sale of any food that is adulterated or misbranded.

(b) The adulteration or misbranding of any food.

(c) The receipt in commerce of any food that is adulterated or misbranded, and the delivery or proffered delivery thereof for pay or otherwise.

(d) The sale, delivery for sale, holding for sale or offering for sale of any food in violation of section 18.

(e) The dissemination of any false advertisement.

(f) The refusal to permit entry or inspection, or to permit the taking of a sample, as authorized by section 24.

(g) The giving of a guaranty or undertaking which guaranty or undertaking is false, except by a person who relied on a guaranty or undertaking to the same effect signed by, and containing the name and address of the person from whom he received the food in good faith.

(h) The removal or disposal of detained or embargoed food in violation of sections 11 or 12.

(i) The alteration, mutilation, destruction, obliteration or removal of the whole or any part of the labeling of, or the doing of any other act with respect to a food, if the act is done while the food is held for sale and results in the food being adulterated or misbranded.

(j) Forging, counterfeiting, simulating or falsely representing, or without proper authority using any mark, stamp, tag, label or other identification device authorized or required by regulations promulgated under the provisions of this act.

HISTORY: New 1968, p. 69, Act 39, Eff. Jan. 1, 1969.

289.708 Determination of violation; exception.

Sec. 8. If a food is alleged to be misbranded because the labeling is misleading, or if an advertisement is alleged to be false because it is misleading, then in determining whether the labeling or advertisement is misleading, there shall be taken into account, among other things, not only representations made or suggested by statement, word, design, device, sound or in any combination thereof, but also the extent to which the labeling or advertisement fails to reveal facts material in the light of such representations or material with respect to consequences which may result from the use of the food to which the labeling or advertisement relates under the conditions of use pre-

scribed in the labeling or advertisement thereof or under such conditions of use as are customary or usual. No label, labeling nor advertising which comply with the federal act shall be deemed violative under this act.

HISTORY: New 1968, p. 69, Act 39, Eff. Jan. 1, 1969.

289.709 Additional remedy; injunction.

Sec. 9. In addition to the remedies hereinafter provided the department may apply to circuit court for, and the court shall have jurisdiction upon hearing and for cause shown, to grant a temporary or permanent injunction restraining any person from violating any provision of section 7 irrespective of whether or not there exists an adequate remedy at law.

HISTORY: New 1968, p. 70, Act 39, Eff. Jan. 1, 1969.

289.710 Penalty; exceptions.

Sec. 10. Any person who violates any provision of this act is guilty of a misdemeanor. No person shall be subject to the penalties for having violated subdivisions (a) or (c) of section 7 if he establishes a guaranty or undertaking signed by, and containing the name and address of, the person from whom he received in good faith the food, to the effect that the food is not adulterated or misbranded within the meaning of this act.

HISTORY: New 1968, p. 70, Act 39, Eff. Jan. 1, 1969;—Am. 1969, p. 193, Act 106, Eff. Mar. 20, 1970.

289.711 Tagging adulterated or misbranded food; condemnation.

Sec. 11. (1) Whenever a duly authorized agent of the department finds or has probable cause to believe that any food is adulterated, or so misbranded as to be dangerous to public health or fraudulent, within the meaning of this act, he shall affix to the food a tag or other appropriate marking, giving notice that the food is, or is suspected of being, adulterated or misbranded and has been detained or embargoed, and warning all persons not to remove or dispose of the food by sale or otherwise until permission for removal or disposal is given by the agent or the court. It is unlawful for any person to remove or dispose of the detained or embargoed food by sale or otherwise without permission.

(2) When food detained or embargoed under subsection (1) has been found by the agent to be adulterated or misbranded, he shall cause a petition to be filed in the circuit court in whose jurisdiction the food is detained or embargoed for a libel for condemnation of the food. When the agent has found that the food so detained or embargoed is not adulterated or misbranded, he shall remove the tag or other marking.

HISTORY: New 1968, p. 70, Act 39, Eff. Jan. 1, 1969.

289.712 Destruction of adulterated or misbranded food; costs; return of corrected food; conditions.

Sec. 12. If the court finds that detained or embargoed food is adulterated or misbranded, after entry of the decree, it shall be destroyed at the expense of the claimant thereof, under the supervision of the agent, and all court costs and fees and storage and other proper expenses shall be taxed against the claimant of the food or his agents. If the adulteration or misbranding can be corrected by proper labeling or processing of the food, the court, after entry of the decree and after the costs, fees and expenses have been paid and a good and sufficient bond, conditioned that the food shall be so labeled or processed, has been executed, may direct that the food be delivered to claimant for labeling or processing under the supervision of an agent of the department. The expense of the supervision shall be paid by claimant. The food shall be re-

turned to the claimant of the food on the representation to the court by the department that the food is no longer in violation of this act, and that the expenses of supervision have been paid.

HISTORY: New 1968, p. 70, Act 39, Eff. Jan. 1, 1969.

289.713 Unsound perishable foods; condemnation or destruction.

Sec. 13. When the department or any of its authorized agents finds in any room, building, vehicle of transportation or other structure, any meat, seafood, poultry, vegetable, fruit or other perishable food which is unsound, or contains any filthy, decomposed or putrid substance, or that may be poisonous or deleterious to health or otherwise unsafe, the same being declared to be a nuisance, the department or its authorized agent shall forthwith condemn or destroy or in any other manner render the same unsaleable as human food.

HISTORY: New 1968, p. 70, Act 39, Eff. Jan. 1, 1969.

289.714 Proceedings; notice; minor violations.

Sec. 14. The prosecuting attorney, to whom the department reports any violation of this act, shall cause appropriate proceedings to be instituted in the proper courts without delay and to be prosecuted in the manner required by law. If action is to be taken against named goods, the prosecuting attorney, either prior to or at the time of instituting action, shall give notice by mail of such action to the manufacturer and distributor as named on the goods. Nothing in this act shall be construed as requiring the department to report for the institution of proceedings under this act, minor violations of this act, whenever the department believes that the public interest will be adequately served in the circumstances by a suitable written notice or warning.

HISTORY: New 1968, p. 71, Act 39, Eff. Jan. 1, 1969.

289.715 Promulgation of regulations; optional ingredients; conformance of definitions and standards with federal act.

Sec. 15. When in the judgment of the department such action will promote honesty and fair dealing in the interest of consumers, the department shall promulgate regulations fixing and establishing for any food or class of food a reasonable definition and standard of identity, and reasonable standard of quality and fill of container. In prescribing a definition and standard of identity for any food or class of food in which optional ingredients are permitted, the department shall designate the optional ingredients which shall be named on the label. The definitions and standards shall conform so far as practicable to the definitions and standards promulgated under authority of the federal act.

HISTORY: New 1968, p. 71, Act 39, Eff. Jan. 1, 1969.

289.716 Adulterated food; definition.

Sec. 16. A food is deemed adulterated:

(a) (1) If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but if the substance is not an added substance, the food shall not be considered adulterated under this clause if the quantity of such substance in the food does not ordinarily render it injurious to health; or (2) (A) If it bears or contains any added poisonous or added deleterious [sic] substance, other than one which is (i) a pesticide chemical in or on a raw agricultural commodity; (ii) a food additive; or (iii) a color additive, which is unsafe within the meaning of section 21; or (B) if it is a raw agricultural commodity and it bears or contains a pesticide chemical which is unsafe within the meaning of section 21; or (C) if it is or it bears or contains any food additive which is unsafe within the meaning of section 21; provided that where a pesticide chemical has been used in or on a raw agricultural commodity in conformity with an exemption granted or tolerance prescribed under section 21, and such raw agricultural commodity has been subjected to processing such as canning, cooking, freezing,

dehydrating or milling, the residue of such pesticide chemical remaining in or on such processed food shall, notwithstanding the provisions of sections 21 and 22 and clause (C) of this section, not be deemed unsafe if such residue in or on the raw agricultural commodity has been removed to the extent possible in good manufacturing practice, and the concentration of such residue in the processed food when ready to eat is not greater than the tolerance prescribed for the raw agricultural commodity; or (3) if it consists in whole or in part of a diseased, contaminated, filthy, putrid or decomposed substance, or if it is otherwise unfit for food; or (4) if it has been produced, prepared, packed or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered diseased, unwholesome or injurious to health; or (5) if it is the product of a diseased animal or an animal which has died otherwise than by slaughter, or that has been fed upon uncooked garbage or uncooked offal from a slaughterhouse; or (6) if its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health.

(b) If any valuable constituent has been in whole or in part omitted or abstracted therefrom; or if any substance has been substituted wholly or in part therefor; or if damage or inferiority has been concealed in any manner; or if any substance has been added thereto or mixed or packed therewith so as to increase its bulk or weight, or reduce its quality or strength or make it appear better or of greater value than it is.

(c) If it is confectionery and (1) has partially or completely imbedded therein any nonnutritive object: This clause shall not apply in the case of any nonnutritive object if, in the judgment of the director as provided by regulations, such object is of practical functional value to the confectionery product and would not render the product injurious or hazardous to health; or (2) bears or contains any alcohol other than alcohol not in excess of 1/2 of 1% by volume derived solely from the use of flavoring extracts; or (3) bears or contains any nonnutritive substance: This clause shall not apply to a safe nonnutritive substance such as harmless coloring, harmless flavoring, harmless resinous glaze not in excess of 4/10 of 1%, harmless natural wax not in excess of 4/10 of 1%, harmless natural gum and pectin or to any chewing gum by reason of its containing harmless nonnutritive masticatory substances which is in or on confectionery by reason of its use for some practical functional purpose in the manufacture, packaging or storage of such confectionery if the use of the substance does not promote deception of the consumer or otherwise result in adulteration or misbranding in violation of the provisions of this act: For the purpose of avoiding or resolving uncertainty as to the application of this clause, the director may issue regulations allowing or prohibiting the use of particular nonnutritive substances.

(d) If it is or bears or contains any color additive which is unsafe within the meaning of section 21.

HISTORY: New 1968, p. 71, Act 39, Eff. Jan. 1, 1969.

289.717 Misbranded food; definition.

Sec. 17. A food is deemed misbranded:

- (a) If its labeling is false or misleading in any particular.
- (b) If it is offered for sale under the name of another food.
- (c) If it is an imitation of another food for which a definition and standard of identity has been prescribed by regulations as provided by section 15 or under the federal act; or if it is an imitation of another food that is not subject to subsection (g) of this section, unless its label bears, in type of uniform size and prominence, the word "imitation", and, immediately thereafter, the name of the food imitated.
- (d) If its container is so made, formed or filled as to be misleading.

(e) If in package form, unless it bears a label containing (1) the name and place of business of the manufacturer, packer or distributor; and (2) an accurate statement of the quantity of the contents in terms of weight, measure or numerical count, except that reasonable variations are permitted, and exemptions as to small packages shall be established by regulations prescribed by the department.

(f) If any word, statement or other labeling required by or under authority of this act is not prominently placed on the label with conspicuousness, and in such terms as to render it likely to be read and understood.

(g) If it purports to be or is represented as a food for which a definition and standard of identity has been prescribed by regulations as provided by section 15 or under the federal act, unless it conforms to such definition and standard, and its label bears the name of the food specified in the definition and standard, and, insofar as may be required by the regulations, the common names of optional ingredients, other than spices, flavoring and coloring, present in such food.

(h) If it purports to be or is represented as:

(1) A food for which a standard of quality has been prescribed by regulations as provided by section 15 and its quality falls below such standard unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard.

(2) A food for which a standard or standards of fill of container have been prescribed by regulation as provided by section 15, and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as the regulations specify, a statement that it falls below the standard.

(i) If it is not subject to the provisions of subdivision (g) of this section, unless it bears labeling clearly giving (1) the common or usual name of the food, if any there be, and (2) in case it is fabricated from 2 or more ingredients, the common or usual name of each ingredient; except that spices, flavorings and colorings, other than those sold as such, may be designated as spices, flavorings and colorings, without naming each. To the extent that compliance with the requirements of clause (2) of this subdivision is impractical or results in deception or unfair competition, exemptions shall be established by regulations promulgated by the department.

(j) If it bears or contains any artificial flavoring, artificial coloring or chemical preservative, unless it bears labeling stating that fact. To the extent that compliance with the requirements of this paragraph is impracticable, exemptions shall be established by regulations promulgated by the director.

(k) If it purports to be or is represented for special dietary uses, unless its label bears such information concerning its vitamin, mineral or other dietary properties as the department determines to be and by regulations prescribed, as necessary in order to fully inform purchasers as to its value for such uses. To the extent that compliance with the requirements of this subdivision is impracticable, exemptions shall be established by regulations promulgated by the department.

(l) If it is a product intended as an ingredient of another food and when used according to the directions of the purveyor will result in the final food product being adulterated or misbranded.

(m) If it is a color additive unless its packaging and labeling are in conformity with such packaging and labeling requirements applicable to such color additive prescribed under the provisions of the federal act.

HISTORY. New 1968, p. 72, Act 39, Eff. Jan. 1, 1969;—Am. 1969, p. 183, Act 106, Eff. Mar. 20, 1970.

289.718 Distribution; investigation and regulation; permits.

Sec. 18. When the department finds after investigation that the distribution in this state of any class of food may be injurious to health, by reason of contamination with

microorganisms during manufacture, processing or packing thereof in any locality, and that the injurious nature cannot be adequately determined after the food has entered commerce, and in such case only it shall promulgate regulations providing for the issuance to manufacturers, processors or packers of such class of food in the locality of permits, to which shall be attached such conditions governing the manufacture, processing or packing of the class of food, for such temporary period of time, as may be necessary to protect the consumers. After the effective date of the regulations, and during the temporary period, no person shall introduce or deliver for introduction into commerce any such food manufactured, processed or packed by any manufacturer, processor or packer unless the manufacturer, processor or packer holds a permit issued by the department as provided by the regulations.

HISTORY: New 1968, p. 73, Act 39, Eff. Jan. 1, 1969.

289.719 Suspension of permit; reinstatement.

Sec. 19. The department may suspend immediately upon notice any permit issued under section 18 if it is found that any of the conditions of the permit have been violated. The holder of a permit so suspended at any time may apply for reinstatement of the permit. The department, immediately after prompt hearing and inspection of the establishment, shall reinstate the permit if it finds that adequate measures have been taken to comply with and maintain the conditions of the permit, as originally issued, or as amended.

HISTORY: New 1968, p. 73, Act 39, Eff. Jan. 1, 1969.

289.720 Inspection; access to factory or establishment; denial of access.

Sec. 20. Any officer or employee duly designated by the department shall have access to any factory or establishment, the operator of which holds a permit issued by the department for the purpose of ascertaining whether or not the conditions of the permit are being complied with. Denial of access for inspection is ground for suspension of the permit until access is freely given by the operator.

HISTORY: New 1968, p. 73, Act 39, Eff. Jan. 1, 1969.

289.721 Unsafe food containing additives; exemptions.

Sec. 21. Any added poisonous or deleterious substance, any food additive, any pesticide chemical in or on a raw agricultural commodity, or any color additive, with respect to any particular use or intended use shall be deemed unsafe for the purpose of application of clause (2) (A) of subdivision (a) of section 16 with respect to any food, unless there is in effect a federal regulation or exemption from regulation under the federal food, drug and cosmetic act, meat inspection act, poultry products inspection act or other federal acts, or a regulation pursuant to section 22 limiting the quantity of the substance, and the use or intended use of the substance conforms to the terms prescribed by the regulation. While such regulation is in effect, a food shall not, by reason of bearing or containing the substance in accordance with the regulation, be considered adulterated within the meaning of clause (1) of subdivision (a) of section 16.

HISTORY: New 1968, p. 74, Act 39, Eff. Jan. 1, 1969.

289.722 Additives; regulations.

Sec. 22. The department, when consumer safety or other considerations in the state so require, after public hearing clearly establishing a necessity, may adopt, amend or repeal regulations whether or not in accordance with regulations promulgated under the federal act prescribing therein tolerances for any added poisonous or deleterious substances, for food additives, for pesticide chemicals in or on raw agricultural commodities or for color additives, including, but not limited to, zero tolerances, and exemptions from tolerances in the case of pesticide chemicals in or on raw agricultural commodities, and prescribing the conditions under which a food additive or a color additive may be safely used and exemptions where the food additive or color additive

is to be used solely for investigational or experimental purposes, upon its own motion or upon the petition of any interested party requesting that a regulation be established.

HISTORY: New 1968, p. 72, Act 39, Eff. Jan. 1, 1969.

289.723 General rules and regulations.

Sec. 23. After public hearing, the department shall make reasonable rules and regulations for the implementation of this act in accordance with the provisions of Act No. 55 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

HISTORY: New 1968, p. 72, Act 39, Eff. Jan. 1, 1969.

289.724 Access to factory, warehouses, establishment or vehicles for inspection; samples or specimen.

Sec. 24. The department or its duly authorized agent shall have free access at all reasonable hours to any factory, warehouse or establishment in which foods are manufactured, processed, packed or held for introduction into commerce, or sold to the consuming public, or to enter any vehicle being used to transport or hold such foods in commerce, for the purpose of inspecting such factory, warehouse, establishment or vehicle to determine if any of the provisions of this act are being violated, and to secure samples or specimens of any food after paying or offering to pay for such sample. The department may make examinations of samples secured under the provisions of this section to determine whether or not any provision of this act is being violated.

HISTORY: New 1968, p. 72, Act 39, Eff. Jan. 1, 1969.

289.725 Annual report to governor and legislature; dissemination of information.

Sec. 25. The department shall submit to the governor and the legislature an annual report summarizing all judgments, decrees and court orders which have been rendered under this act, including the nature of the charge and the disposition thereof. The department may disseminate such information regarding food as it deems necessary to protect the health of the consumer and the protection of the consumer against fraud. Nothing in this section shall be construed to prohibit the department from collecting, reporting and illustrating the results of the investigations of the department.

HISTORY: New 1968, p. 72, Act 39, Eff. Jan. 1, 1969.

289.726 Effective date.

Sec. 26. This act shall take effect on January 1, 1969.

HISTORY: New 1968, p. 73, Act 39, Eff. Jan. 1, 1969.

289.727 Repeals.

Act 87, 1939, p. 143; Imd. Eff. May 12.

AN ACT relating to apples; declaring the public policy of this state to promote the consumption and sale of apples by providing a research and a publicity and sales promotion program to increase the consumption of Michigan grown apples; levying an assessment on apple production and providing for its collection; creating an apple commission and vesting in it the administration of this act; providing for the powers, duties and authority of said commission; and providing penalties for the violation of this act.

The People of the State of Michigan enact:

290.51 Apples; taxation; declaration of policy.

Sec. 1. This act is passed:

(a) In the exercise of the police power of the state to protect the public health, to promote the welfare of the state, and to stabilize and protect and promote the apple industry of the state.

(b) Because it is necessary and expedient to enhance the reputation of Michigan apples in domestic markets, because Michigan apples may be forced out of domestic markets by competition from other highly advertised fruits, in many cases promoted by other states.

(c) Because the apple crop grown in Michigan comprises 1 of the major agricultural crops of Michigan, and, therefore, the business of selling and distributing such crop and the expansion and protection of its market is of public interest.

(d) Because it is desirable to discover the health-giving qualities and the food and dietetic value of Michigan apples, and to spread such knowledge.

(e) Because the successful continuance of the Michigan apple industry, the enlarging of its markets, and increasing of the consumption of Michigan apples are necessary to assure the payment of taxes to the state and its subdivisions, to provide employment within the state, and increase the wages of agricultural labor.

(f) To disseminate information giving the public knowledge of the manner of production, the cost and expense thereof, the care taken to produce and sell apples of the finest quality, the methods and care used in preparing for market, and the methods of sale and distribution, for the purpose of reducing the cost of distribution so that the spread between the cost to the consumer and the amount received by the producer will be reduced to a minimum.

(g) To protect the general public by informing it with reference to the various varieties and grades and brands of Michigan apples and Michigan apple products, and the uses to which they may be put.

HISTORY: CL 1948, 290.51;—Am. 1955, p. 680, Act 274, Imd. Eff. Jun. 30.

HISTORY: Add. 1955, p. 661, Act 274, Eff. Jan. 30.

290.53 Michigan state apple commission; members, qualifications, appointment, terms; quorum; salary, expenses.

Sec. 3. There is hereby created the Michigan state apple commission. The commission shall be composed of the director of agriculture, ex officio, a staff member of Michigan state college appointed by the dean of agriculture of that college to serve at his pleasure, ex officio, and 7 participating growers appointed by the governor with the advice and consent of the senate. The ex officio members of the commission shall have no vote thereon. The members appointed by the governor shall each be a citizen and resident of this state and of the district from which he is appointed, over the age of 25 years, who is a participating grower as defined in this act and actually has been engaged in growing and producing apples within this state for a period of at least 5 years immediately prior to his appointment, and has derived during said period a substantial portion of his income therefrom. No member shall be eligible to serve more than 2 terms in succession. If at any time during his term he shall cease to possess any of the qualifications herein provided, his office shall be thereby vacated. The term of office of the members of the commission shall be 3 years from the date of appointment and until their successors are appointed and qualified. On the effective date of this amendatory act, the 5 members of the commission appointed by the governor for the term ending July 1, 1957, shall choose by lot 2 of their number whose term shall expire April 1, 1956. The term of the remaining 3 shall expire April 1, 1957. The term of the 2 members added to the commission by this amendatory act shall expire April 1, 1958. After the expiration of the terms of members of the commission in office at the effective date of this amendatory act, not more than 1 member appointed by the governor shall reside in each district as defined in this act. To assist the governor in making qualified appointments to the commission, the Michigan apple growers and storage association, the Michigan state horticultural society and other recognized state organizations of apple growers in this state may recommend to the governor twice the number of appointments to be made, and the governor shall choose from such list.

A majority of the voting members shall constitute a quorum for the transaction of all business and the carrying out of the duties of the commission.

Each member of the commission, including ex officio members, shall receive the sum of \$15.00 per day for each day spent in actual attendance at meetings of the commission, together with traveling expenses while on commission business at the rate al

lowed by law to state employees. Payment thereof shall be made out of funds available to the commission. No member shall receive any further salary or other compensation from the commission.

(2) To administer and enforce this act, and do and perform all acts and exercise all powers reasonably necessary to effectuate the purpose of this act;

Secretary-manager, attorneys, clerks, employees, compensation.

(3) To employ and at its pleasure discharge a secretary-manager, and such attorneys, clerks and employees as it deems necessary; and to prescribe their duties and powers and fix their compensation;

Offices, expenses, contracts.

(4) To establish offices and incur any and all expenses and to enter into any and all contracts and agreements and to create such liabilities as may be reasonable for the proper administration and enforcement of this act;

Investigation; prosecution.

(5) To investigate and prosecute violations of this act;

Scientific research.

(6) To conduct or sponsor scientific research to develop and discover the health, food, therapeutic and dietetic value of apples and products thereof;

Advertising manager, agents, agencies.

(7) To employ and at its pleasure discharge an advertising manager, agents, advertising agencies, and such other help as it deems necessary for the promotion of the apple industry, and to outline their powers and duties and fix their compensation;

Advertising contracts.

(8) To make in the name of the commission such advertising contracts and other agreements as may be necessary;

Books, records, accounts, inspection.

(9) To keep accurate books, records and accounts of all its dealings, which books, records and accounts shall be open to inspection by any grower or other person and shall be audited by the state auditor general or by a certified public accountant;

Dissemination of information as to market and crop conditions.

(10) To inform participating growers and growers' agents as to market and crop conditions and to disseminate information helpful to the marketing of apples; but the commission shall not duplicate services available to growers through other agencies.

290.59 Assessment upon apples; exemptions; use of proceeds.

Sec. 9. (a) There is hereby levied and imposed upon all apples grown in the years 1939 through 1954, an assessment of 1 cent per bushel or 2 cents per 100 pounds of all apples grown and produced in Michigan, payable by the grower or grower's agent when shipped, whether in bulk or loose in boxes or any other container, or packed in any style package: Provided, That the provisions of this act shall not apply to apples sold by growers or growers' agents in any of said years direct to cider, juice or vinegar plants for use in making cider, juice or vinegar: Provided, That each grower or growers' agents shall be exempt from said assessment on a maximum of 300 bushels of apples for each of said calendar years.

(b) There is hereby levied and imposed upon all apples grown by participating growers in the year 1955, and annually thereafter, such assessment as may be provided by this act; and until such assessment is validly changed as in this act provided, the assessment shall be at the rate of 2 cents per bushel or 4 cents per 100 pounds. Such assessment shall be payable by the participating grower or grower's agent when apples are shipped, as in this act defined, whether shipment is in bulk or loose in boxes or other container, or packed in any style package: Provided, That if pursuant to commission regulation a processor withholds the amount of the assessment from payments made to participating growers, apples may be delivered to such processor without prior payment of the assessment: Provided further, That the provisions of this act shall

not apply to apples sold by growers or growers' agents direct to cider, juice or vinegar plants for use in making cider, juice or vinegar.

(c) All moneys levied and collected under this act shall be expended exclusively to advertise apples and to promote the apple industry.

290.61 Assessment; method of collection; stamps, refunds to non-participating growers.

Sec. 11. (a) The commission shall by regulation prescribe the method of collection of assessments under this act, and for that purpose shall require stamps to be known as "apple advertising stamps" to be purchased from the commission and fixed or attached to the containers or to invoices, shipping documents, inspection certificates, releases, or receiving receipts or tickets when such apples are shipped by any participating grower or grower's agent. In order to facilitate the enforcement of this act, growers who are not participating growers as in this act defined, or their agents, shall purchase apple advertising stamps and attach them in the same manner required of participating growers, making claim to the commission for refund thereof as prescribed by subsection (b) of this section.

Non-participating growers; exemption certificate.

(b) Such growers as desire can become non-participating growers and claim exemption from the provisions of this act. To claim such exemption, the non-participating grower must notify the commission in writing on or before the first day of July of each year of his intention to claim exemption from the apple advertising assessment for the coming crop year. For this purpose, the crop year shall be considered to run from July first of one year to June thirtieth of the following year. When so notifying the commission, the non-participating grower shall give the commission his estimate of the size of the apple crop upon which he is claiming exemption. The commission shall then issue the non-participating grower an exemption certificate bearing an exemption certificate number.

Same; refund on sales as fresh fruit.

On apples sold as fresh fruit, the non-participating grower or his authorized agent shall attach properly cancelled apple advertising stamps in the same manner as a participating grower. The non-participating grower shall then file for the refund of the apple advertising assessment paid by him upon a form furnished him by the commission at his request. In filing for a refund, the form must be accompanied by the grower's copy of the commission's official receipt used for stamp sales. These official receipts shall bear the same name as that appearing on a non-participating grower's exemption certificate.

Same; payment of refunds.

On the last day of each month, the commission shall pay all requests for refund of the apple advertising assessments received by it from non-participating growers during the month. A non-participating grower need not file monthly for the refund of his apple advertising assessment. He may elect to file as many times as he desires during the crop year provided he does not file more than 1 request during each month. No refunds shall be paid to non-participating growers filing for a refund later than June thirtieth of the crop year for which he has claimed exemption.

Same; notice to processor of exemption.

On apples sold to processors, the non-participating grower need not attach apple advertising stamps if the processor to which he is selling has been authorized by the commission to withhold the amount of the apple advertising assessment from payments made to participating growers. In this event, the non-participating grower shall notify the processor in writing of the fact that he is a non-participating grower. This written notice shall contain the number of the non-participating grower's exemption certificate.

Transportation, storage, processing without stamps prohibited.

No Michigan apples shall be transported by any carrier, stored by any storage, processed by any processor, or sold to any dealer until such advertising stamps have been fixed or attached by the grower of said apples, or grower's agent. Any such stamps shall be cancelled immediately upon being so attached or fixed, and the date of cancellation shall be placed on such stamps. Each grower or grower's agent shall be entitled to receive from the commission free apple advertising stamps up to a maximum of 300 bushels in 1954 and prior years.

290.61 a Assessment; payment, refund.

Sec. 11a. With respect to the year 1955 and subsequent years, any grower may file with the commission on or before July 1 of each year a written and signed statement by such grower that he elects not to pay the assessment during such year. Upon receipt of such statement, the commission shall make proper record thereof and inform such grower of his duty to purchase and attach apple advertising stamps during such year, advising him of the method and time of refund as prescribed by section 11, and of the proof required by the commission for such refund.

HISTORY: Add. 1955, p. 664, Act 274, Imd. Eff. Jun. 30.

290.61 b Referendum on change of rate of assessment.

Sec. 11b. Whenever 15% of the participating growers, of which not more than $\frac{1}{3}$ are in the same district, shall petition the commission therefor, the commission shall conduct a referendum among the participating growers of the state to determine the rate of assessment. Such referendum shall be conducted in a manner to protect the purity of the ballot. And if a majority of the participating growers voting upon the question shall vote in favor of the proposed change, the assessment shall thereafter be as proposed, but any change in assessment shall be ineffective in the year in which it is voted unless the change be published before June 20 of that year. The rate of assessment shall not be changed by more than 1 cent per bushel or 2 cents per 100 pounds in any year.

Act 132, 1937, p. 204; Imd. Eff. Jul. 1.

AN ACT to regulate the grading, packing, branding and sale of apples; to fix standard grades for apples; to provide for inspection; to provide for penalties for violation thereof; and to repeal Act No. 82 of the Public Acts of 1925, being sections 5593 to 5900, inclusive, of the Compiled Laws of 1929.

The People of the State of Michigan enact:

290.81 Standard grades for apples; authority of commissioner of agriculture.

Sec. 1. The standard grades for apples shall be limited to U.S. Grades and shall conform in all respects and be identical with the latest standards established by the

United States secretary of agriculture for the grades herein mentioned, and thus conforming shall be accepted as the legal standards for the state of Michigan. Apples shall not be sold that do not meet the requirements of the foregoing grades, except as provided in section 2 of this act: Provided, however, That the commissioner of agriculture may establish grades or combination grades, and he may also establish a superior grade to be sold under bond.

HISTORY: CL 1948, 290.81.

NOTE: The commissioner of agriculture is superseded by the department of agriculture, see Compilers' § 285.1.

FORMER ACTS: Act 266, 1923; Act 82, 1925, being CL 1929, 5593-5600.

290.82 Sales of unclassified apples, restrictions; sales to canning factories, cider mills or other by-product plants; shipment of by-product apples, containers.

Sec. 2. Apples which do not conform to the foregoing grades may be sold or transported as unclassified. Any lot of apples sold as unclassified must not contain more than 20 per cent of apples which would conform to any combination of the superior grades. No facing or top dressing shall be permitted and the contents of such packages or bulk lot container shall not be inferior to the shown surface and shall not contain wormy or decayed fruit: Provided, That any grade of apples not detrimental to health may be sold directly to canning factories, cider mills or other by-product plants, or may be transported directly to a packing house where they are to be graded and it shall be a violation of this act for apples so sold for by-product purposes to again be offered for sale as fresh fruit. Shipments of by-product apples may be made outside of Michigan only on declaration at point of destination and with the knowledge and approval of the commissioner of agriculture. Windfalls or drop apples may be packed and sold: Provided, The face or shown surface of the container is not more than 10 per cent of a better quality than the contents of the package, and none of said fruit shall be seriously damaged. All containers must be stenciled with letters of not less than a quarter of an inch in height marked "Michigan drops".

Sec. 5. It shall be unlawful for any person, firm, association, organization or corporation, or agent, representative or assistant to any person, firm, association, organization or corporation, to expose for sale, or sell, transport, deliver or consign, or have in possession apples for sale unless such container has been legibly and conspicuously tagged, branded, labeled or stenciled with letters not less than a quarter of an inch i

height before being removed from the premises where prepared for sale with the name and address of the person or persons responsible for the grading and packing, the name of the grade, the name of the variety if known, if not known, then mark it unknown, the minimum size or numerical count, and the true net contents. Bulk shipments shall be accompanied by 2 cards not less than 4 by 6 inches in size, placed on the inside of car near each door. Likewise cards in size as herein described shall be prominently displayed on all bulk shipments made by truck or other conveyance. Upon each card shall appear the name and address of the consignor, the name of the grade, the name of the loading station, the date of loading, and the name and address of the consignee, if known. It shall be conclusive evidence, and the apples deemed to be for sale, when containers are packed for delivery or transit, or when same are exposed for sale or when the same are in the process of delivery or transit or are located at a depot, station, boat dock, or any place where apples or other products are held in storage, or for immediate or future sale or transit.

HISTORY: CL 1948, 290.85.

290.86 Enforcement of act; duty of commissioner of agriculture.

Sec. 6. The commissioner of agriculture is hereby charged with the enforcement of this act and is given power unto himself and his inspectors to enter into and upon any premises where apples are graded or packed or stored to inspect the same as to grade, pack and condition.

HISTORY: CL 1948, 290.86.

290.87 Inspection; samples.

Sec. 7. When it is deemed necessary by the person making inspection to procure a sample or samples of apples, the person in charge of the place where inspection is made must permit the same to be obtained upon being tendered the commercial value of the stock being procured. In the event the person in charge cannot be located in a reasonable length of time, a sample or samples may be taken and the cash value of same tendered at the time of the next inspection.

290.145 Marking requirements.

Sec. 5. Marking requirements. All containers shall be clean and in good condition, and shall be conspicuously and legibly marked declaring: (1) The name and address of the person, firm or association under whose authority the grapes were packed, sold or offered for sale. (2) The name of the grade. (3) The net contents. (4) The name of the variety of the grapes. If the variety of the grapes is unknown, it shall be so stated. Excepting as otherwise provided in this act, the labeling or marking of the containers shall be done with letters not less than 1/4 inch in height before leaving the premises of the person or persons responsible for the grading and packing.

HISTORY: CL 1929, 5582;—CL 1948, 290.145.

290.146 Definition of terms.

Sec. 6. Definition of terms. "Well colored" means that 90 per cent of the grapes have solid color for the variety. "Mature" means that grapes have flavor characteristic of the variety. "Dry rot" means dried up, raisin-like grapes. "Well formed" means fairly compact but not closely united, solid or tight. "Small units" means not to exceed 4-quart capacity containers.

Sec. 7. The commissioner of agriculture, his inspectors or agents, for the purpose of inspection and enforcement of this act, or any section or part of section thereof, are given authority and power to enter into or upon any premises or property, without warrant, where grapes are packed, exposed, offered or consigned for sale, or held in possession for storage or delivery, and inspect the same, also procure, upon market value being tendered or accepted, sufficient samples to present as evidence in obtaining complaint for prosecution.

HISTORY: CL 1929, 5584;—CL 1948, 290.147.

290.148 Violation of act; misdemeanor, penalties.

Sec. 8. Any person convicted of violating any of the provisions of this act shall be deemed guilty of a misdemeanor and upon conviction thereof for the first offense, be subject to a fine of not more than 50 dollars and costs, or imprisonment in the county jail for not to exceed 30 days, or both such fine, costs and imprisonment in the discretion of the court. Any person convicted for the second and subsequent violations shall be subject to a fine of not more than 200 dollars and costs, or 30 days in jail, or both

such fine, costs and imprisonment in the discretion of the court or magistrate before whom such conviction may be had.

ACT REPEALED: Act 54, 1923.

Act 220, 1929, p. 553; Eff. Aug. 28.

AN ACT to regulate the grading and sale of table stock potatoes commonly known as Irish potatoes; to fix standard grades for potatoes; to provide for inspection and penalties for violation thereof, and to repeal inconsistent acts. Am. 1937, p. 807, Act 342, Eff. Oct. 29;—Am. 1956, p. 136, Act 50, Eff. Aug. 11.

The People of the State of Michigan enact:

290.151 Table stock potatoes; standard grades.

Sec. 1. The standard grades for Michigan table stock potatoes shall be limited to U.S. fancy grade, U.S. number 1a and b grades, U.S. commercial grade, and U.S. number 2a and b grades and unclassified, and shall conform in all respects and be identical with the latest standards established by the United States secretary of agriculture for the grades herein mentioned, and thus conforming shall be accepted as the legal standards for the state of Michigan. Standard grades shall also include a superior grade to be defined by rules and regulations promulgated by the commissioner of agriculture under this act and which would be entitled to a seal of quality under Act No. 70 of the Public Acts of 1961, being sections 289.631 to 289.646 of the Compiled Laws of 1948. Potatoes for table use shall not be sold that do not meet the requirements of the foregoing grades unless designated as unclassified.

HISTORY: CL 1929, 5603;—Am. 1937, p. 807, Act 342, Eff. Oct. 29;—CL 1948, 290.151;—Am. 1956, p. 136, Act 50, Eff. Aug. 11;—Am. 1964, p. 62, Act 55, Imd. Eff. May 12.

290.152 Potatoes; definitions.

Sec. 2. The following terms, wherever used in this act, or in rules and regulations later promulgated by the commissioner of agriculture, shall have the meaning as indicated:

1. "Mature" means that the outer skin (epidermis) does not loosen or "feather" readily during the ordinary methods of handling: Provided, That this provision shall not apply to new potatoes known and sold as such, and in other respects conforming to the provisions of this act;

2. "Bright" means free from dirt or other foreign matter or discoloration from any cause so that the outer skin (epidermis) has the attractive color normal for the variety;

3. "Smooth" means free from second growth, growth cracks and other abnormal, rough surfaces;

4. "Well-shaped" means that normal, typical shape for the variety in the district where grown and free from pointed, dumbbell shaped, successively elongated, and other ill-formed potatoes;

5. "Free from damage" means that the appearance shall not be injured to an extent readily apparent upon casual examination of the lot, and that any damage from the causes mentioned can be removed in the ordinary process of preparation for use without appreciable waste in addition to that which would occur if the potato were perfect. Loss of outer skin (epidermis) shall not be considered as an injury to the appearance;

6. "Diameter" means the greatest dimension at right angles to the longitudinal axis;

7. "Soft rot" means a soft, mushy condition of the tissues from whatever cause;

8. "Badly misshapen" means of such shape as to cause appreciable waste in the ordinary process of preparation for use in addition to that which would occur if the potato were perfect;

9. "Free from serious damage" means that any damage from the causes mentioned can be removed by the ordinary process of paring without increase in waste of more than 10 per cent, by weight, over that which would occur if the potato were perfect;

10. "Container" or "package" means cloth or fiber sack (such as is customarily used for the shipment of potatoes), barrel, box, crate, hamper or basket.

HISTORY: CL 1929, 5904;—CL 1948, 290.152.

290.153 Unlawful sale or commerce in ungraded potatoes.

Sec. 3. It shall be unlawful for any person, firm, association, organization, or corporation or agent, representative or assistant of any person, firm, association, organization or corporation, to pack for sale, expose for sale, or sell, transport, deliver or consign, or have in possession for sale, transport, delivery or consignment in interstate or intrastate commerce, potatoes prepared for market which are not graded or designated to meet the requirements of the grade or designation, which shall be 1 of the grades or designation listed in section 1.

290.154 Sale and transportation without required branding on container unlawful; cards; conclusive evidence.

Sec. 4. It shall be unlawful for any person, firm, association, organization or corporation or agent, representative or assistant to any person, firm, association, organization or corporation, to expose for sale, or sell, transport, deliver or consign, or have in possession potatoes prepared for market unless such container has been legibly and conspicuously branded or stenciled before being removed from the premises where prepared for market with the name and address of the person or persons responsible for the grading and packing, and the name of the grade, together with true net contents. Bulk shipments shall be accompanied by 2 cards not less than 4 by 6 inches in size, placed on the inside of car near each door. Likewise cards in size as herein described shall be prominently displayed on all bulk shipments made by truck or other conveyance. Upon each card shall appear the names and address of the consignor, the name of the grade, the name of the loading station, the date of loading, and the name and address of the consignee, if known. It shall be conclusive evidence and the potatoes deemed to be for sale, when containers are packed for delivery or transit, or when same are exposed for sale or when the same are in the process of delivery or transit or are located at a depot, station, boat dock, or any place where potatoes or other products are held in storage, or for immediate or future sale or transit.

AN ACT to establish standards for bread sold through retail outlets and to prescribe penalties for the violation of the provisions of this act.

The People of the State of Michigan enact:

290.201 Standard pan sizes for bread.

Sec. 1. All bread sold or offered for sale by retail food outlets to the consumers shall be standardized in 12 ounce, 16 ounce, 20 ounce, 24 ounce and 32 ounce loaves with 1 ounce tolerance, and shall conform to the following pan sizes:

(a) The following provisions shall apply to loaves of bread baked in uncovered pans:

1. The 12 ounce loaf shall be baked in a pan which shall not exceed 8 inches in length at the top and 4 inches in width at the top, inside measurements.

2. The 16 ounce loaf shall be baked in a pan which shall not exceed 10 inches in length at the top and 4 ½ inches in width at the top, inside measurements.

3. The 20 ounce loaf shall be baked in a pan which shall not exceed 12 ¼ inches in length at the top and 4 ½ inches in width at the top, inside measurements.

4. The 24 ounce loaf shall be baked in a pan which shall not exceed 15 inches in length at the top and 4 ¾ inches in width at the top, inside measurements.

5. The 32 ounce loaf shall be baked in a pan which shall not exceed 16 inches in length at the top and 4 ¾ inches in width at the top, inside measurements.

Provided, however, That loaves of bread may be baked in pans of differing widths from those set forth above if the pan contents shall not exceed 6.25 cubic inches per ounce of dough used.

(b) The following provisions shall apply to loaves of bread baked in covered pans:

1. The 16 ounce loaf shall be baked in a pan which shall not exceed 10 inches in length at the top and 4 inches in width at the top, inside measurements.

2. The 20 ounce loaf shall be baked in a pan which shall not exceed 12 inches in length at the top and 4 ½ inches in width at the top, inside measurements.

3. The 24 ounce loaf shall be baked in a pan which shall not exceed 15 inches in length at the top and 4 inches in width at the top, inside measurements.

Act 110, 1909, p. 226; Eff. Sep. 1.

AN ACT to prevent the adulteration of linseed oil or flaxseed oil and to prevent fraud in the sale thereof and in the sale of compounds thereof, and to repeal all acts in conflict herewith.

The People of the State of Michigan enact:

290.251 Linseed or flaxseed oil; raw or boiled, requirements; adulterated.

Sec. 1. No person, firm or corporation, by himself, his servant or his agent, or as the servant or agent of any other person, firm or corporation, shall manufacture or mix for sale, sell, offer or expose for sale, or have in his possession with intent to sell in this state, under the name of raw linseed oil or raw flaxseed oil, any substance which is not wholly the product obtained from well cleaned flaxseed or linseed, and unless the aforesaid oil also fulfills the requirements of the 1900 edition of the Pharmacopoeia of the United States, which follow:

1. Specific gravity 0.925 to 0.935 at 25 deg. C. (77 deg. F.). It does not congeal at temperatures above 20 deg. C. (4 deg. F.). It is soluble in about 10 parts of absolute alcohol and in all proportions in ether, chloroform, petroleum, benzine, carbon disulphide and oil of turpentine. It should not more than slightly redden blue litmus paper, previously moistened with alcohol (limit of free acid). The oil should be completely saponifiable with alcoholic potassium hydroxide T.S. and the resulting soap should be completely soluble in water without leaving an oily residue, (absence of mineral oils and rosin oils). If 2 CC. of the oil be warmed and shaken in a test tube with an equal volume of glacial acetic acid, and if to this mixture, after cooling, 1 drop of sulphuric acid be added, a greenish color should be produced. (A violet color under these circumstances indicates the presence of rosin oils). Linseed oil saponified by alcoholic potassium hydroxide T.S. should show a saponification value of from 187 to 195. If 0.15 CC. of linseed oil be dissolved in 10 CC. of chloroform in a 250 CC. flask and 25 CC. of a mixture of equal volume of alcoholic iodine T.S. and alcoholic mercuric chloride T.S. added, and if, after standing for 16 hours, protected from the light, 20 CC. potassium iodide T.S. be introduced and the mixture diluted with 50 CC. of water, on titrating the excess of iodine with tenth normal sodium thiosulphate V.S. an iodine value of not less than 170 should be obtained. No person, firm or corporation, by himself, his servant or his agent, or as the servant or agent of any other person, firm or corporation, shall manufacture or mix for sale, sell, offer or expose for sale or have in his possession with intent to sell in this state, any substance as boiled linseed oil or as boiled flaxseed oil, unless the same shall have been prepared by heating raw linseed oil, as defined above: Provided, That if drier is used in said boiled linseed oil or boiled flaxseed oil the same shall have been prepared by incorporating said drier with raw linseed oil, as defined above, at a temperature of not less than 225 deg. Fahrenheit, and furthermore contains not less than 96 per cent of linseed oil; and for the purpose of this act it shall also be deemed a violation thereof if said boiled linseed oil prepared either with or without drier does not conform to the following requirements: 1. Its specific gravity at 60 deg. Fahrenheit must be not less than 0.935 and not greater than 0.945; 2. Its saponification value (Koettstorfer figure) must not be less than 186; 3. Its iodine number (Huebl's method) must be not less than 160; 4. Its acid value must not exceed 10; 5. The volatile matter expelled at 212 deg. Fahrenheit must not exceed 1/2 of 1 per cent; 6. No mineral oil shall be present and the amount of unsaponifiable matter as determined by standard methods shall not exceed 2.5 per cent; 7. The film left after flowing the oil over glass and allowing it to drain in a vertical or nearly vertical position must be free from tackiness in not to exceed 20 hours, at a temperature of about 70 deg.

Fahrenheit. Linseed oil or flaxseed oil which does not conform to the foregoing requirements shall be deemed to be adulterated within the meaning of this act.

HISTORY: CL 1915, 6321;—CL 1929, 5619;—CL 1948, 290.251. This act supersedes Act 206 of 1899.

290.252 Linseed or flaxseed oil; name on barrel or container; evidence of violation.

Sec. 2. No person, firm or corporation, either by himself or another, shall sell, offer or expose for sale, or have in his possession with intent to sell in this state any linseed oil or flaxseed oil, except under its true name, and unless each barrel, keg or can of such oil has plainly and durably painted, stamped, stenciled, labeled or marked thereon the true name of such oil in ordinary bold-faced capital letters, not less than 5 lines pica in size, together with the name and address of the manufacturer, jobber or dealer: Provided, That if the contents of the package be less than 25 gallons, the type shall not be less than 2 lines pica in size. Proof that any person, firm or corporation has or had possession of any oil or compound which is adulterated or misbranded within the meaning of this act shall be prima facie evidence that the possession thereof is in violation of this act.

HISTORY: CL 1915, 6322;—CL 1929, 5620;—CL 1948, 290.252.

290.253 Linseed or flaxseed oil; compounds, branding; misbranded, definition.

Sec. 3. Linseed oil compounds or flaxseed oil compounds designed to take the place of raw or boiled linseed oil or raw or boiled flaxseed oil as defined in section 1 of this act, whether sold, offered or exposed for sale under invented proprietary names or titles or not, shall bear conspicuously upon the containing vessel, in capital letters not less than 5 lines pica in size, the word "Compound," followed immediately with the true distinctive names of the actual ingredients in the order of their greater preponderance, in the English language, in plain legible type of the same size, not less than 2 lines pica in size, in continuous list with no intervening matter of any kind, and shall also bear the name and address of the manufacturer, jobber or dealer. Any oil or compounds required to be branded by the provisions of this act and not complying with sections 2 and 3 shall be deemed to be misbranded within the meaning of this act.

DAIRY AND FOOD COMMISSIONER: Office abolished; powers and duties transferred to food and drug commissioner, which in turn has been abolished and superseded by the department of agriculture, see Compilers' §§ 289.2 and 285.2 respectively.

290.255 Right of access; samples; duty to prosecute; hindering prohibited.

Sec. 5. The state dairy and food commissioner, his agents, assistants, inspectors, chemists or others appointed by him, shall have full rights of ingress and egress to the premises occupied by parties who manufacture, sell or deal in linseed oil or flaxseed oil, or linseed oil compounds or flaxseed oil compounds, and also shall have power and authority to open any tank, barrel, can or other vessel believed to contain such oil and inspect the contents thereof, and to take therefrom samples for analysis. In case any samples so taken shall prove on analysis to be adulterated or misbranded in violation of the provisions of this act, it shall be the duty of the state dairy and food commissioner to proceed against the offender as herein provided. No person shall obstruct the state dairy and food commissioner or any of his assistants, by refusing entrance to an

place which he desires to enter in the discharge of his official duty as provided in this act, nor shall any person refuse to deliver to him a sample of oil when same is requested and when the value thereof is tendered.

Sec. 6. (This was a repeal section.)

HISTORY: CL 1929, 5631;—Rep. 1945, p. 406, Act 267, Imd. Eff. May 25.

ACT REPEALED: Act 175, 1911, CL 1915, 6328 and 6329.

Act 227, 1915, p. 380; Eff. Jan. 1, 1916.

AN ACT to provide a standard test and guage of galvanized wire fence within this state, to provide for the grading of such fence according to such test and gauge, to regulate the use of tags or labels in connection with the sale of such fence within this state, and to provide a penalty for the violation of this act.

The People of the State of Michigan enact:

290.351 Galvanized wire fence; standard test gauge.

Sec. 1. The Washburn and Moen gauge is hereby declared to be the standard gauge for testing galvanized wire fence within this state.

HISTORY: CL 1915, 2231;—CL 1929, 1089;—CL 1948, 290.351.

290.352 Galvanized wire fence; galvanizing test.

Sec. 2. The following test as to quality of galvanizing is hereby declared to be the standard test of the galvanizing of such fence within this state. The wire shall be thoroughly cleansed with a solution of soap, using a soft cloth or cotton waste. It shall then be immersed in a solution of copper sulphate neutralized with copper oxide and filtered, of a density of 1.186 at 65 degrees Fahrenheit. It shall be kept in this solution at a temperature of from 60 to 70 degrees Fahrenheit for 1 minute, then immersed in clear water and afterward wiped dry. After such immersion and drying, if the wire does not show a deposit of copper indicating that some portion of the zinc coating is entirely removed, it shall be considered as "1 minute wire" as hereinafter mentioned. This test shall be immediately repeated and the wire shall be graded according to the number of immersions it may be able to stand without showing a deposit of copper, and such grades shall be designated as "1 minute," "2 minute," "3 minute," "4 minute," etc. wire, in accordance with the number of minutes during which such wire respectively stood such test without showing a deposit of copper: Provided, however, That all tests shall be made on straight sections of stay or line wire and not on locks, wraps or winds of such fence.

HISTORY: CL 1915, 2232;—CL 1929, 1090;—CL 1948, 290.352.

290.353 Galvanized wire fence; standard grades.

Sec. 3. The different grades of galvanized wire fence, as determined by the test provided by section 2 of this act, are hereby declared to be the standard grades of such fence within this state.

HISTORY: CL 1915, 2233;—CL 1929, 1091;—CL 1948, 290.353.

290.354 Galvanized wire fence; label.

Sec. 4. Any manufacturer or dealer manufacturing or selling galvanized wire fence, whether such fence is manufactured within or without this state, shall, after complying with the provisions of this act, be permitted to attach to each and every bundle of such fence the tag or label prescribed by section 6 of this act, showing such fence so tagged or labeled to be of the standard grade and gauge as defined in this act.

HISTORY: CL 1915, 2234;—CL 1929, 1092;—CL 1948, 290.354.

290.355 Galvanized wire fence; label, annexing conditions; fee.

Sec. 5. Before any person shall attach any tag or label specified in section 6 of this act to any galvanized wire fence to be sold or offered for sale within this state, he shall file with the secretary of the state board of agriculture a certified copy of each variety of tag or label proposed to be attached to such fence, and shall also deposit annually with the secretary not less than 10 feet of wire of each grade and gauge to be used in the manufacturing of any fence which is to be offered for sale in this state, and at the same time shall pay to the secretary of the state board of agriculture a fee of 10 dollars for each gauge of wire so deposited.

HISTORY: CL 1915, 2235;—CL 1929, 1093;—CL 1948, 290.355.

290.356 Galvanized wire fence; test, board of agriculture; permit; label contents.

Sec. 6. It shall be the duty of the state board of agriculture to test all samples of galvanized wire fence submitted to them for that purpose and to determine whether such fence is of the standard gauge and grades provided in this act. If they shall find such

fence to be of such standard gauge and grades, they shall issue to the manufacturer or dealer applying therefor a certificate good for 1 year from the date thereof, permitting such manufacturer or dealer manufacturing or selling such galvanized wire fence, to attach to each and every bundle of such fence of the same gauge and grades so tested, a tag or label bearing the following statements:

1. Name and address of manufacturer or dealer;
2. Date of expiration of certificate;
3. Date of manufacture of such fence;
4. Galvanizing test,—Whether “1 minute,” “2 minute,” “3 minute”;
5. Gauge of top wire;
6. Gauge of bottom wire;
7. Gauge of line wire;
8. Gauge of stay wire.

HISTORY: CL 1915, 2236;—CL 1929, 1094;—CL 1948, 290.356.

290.357 Galvanized wire fence; unlawful sales, penalty; civil liability.

Sec. 7. Any person who shall sell or offer for sale any galvanized wire fence tagged or labeled with the tag or label prescribed in section 6 of this act without having the same tested as prescribed in this act and without paying the required fee and procuring the certificate provided for by this act, or which is found to be of an inferior grade or gauge to that specified on such tag or label, when submitted to the test provided for in section 8 of this act, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than 100 dollars for each offense, or by imprisonment in the county jail or house of correction for a period not exceeding 6 months or by both such fine and imprisonment in the discretion of the court, and in addition to such fine and imprisonment, such convicted person shall be liable for all damages sustained by the purchaser on account of such misrepresentation. The state board of agriculture shall have authority to institute prosecutions through the proper officers for all violations of this act: Provided, That an average maximum variation of .003 of an inch will be permitted in the gauge of such wire of which the fence is composed.

HISTORY: CL 1915, 2237;—CL 1929, 1095;—CL 1948, 290.357.

290.358 Galvanized wire fence; taking samples; tests.

Sec. 8. The state board of agriculture, by any duly authorized agent, may take from any bundle of galvanized wire fence so tagged and labeled and which is being offered for sale in this state, a sample of such fence not exceeding 12 inches in length, the same to be measured along the length of the fencing and comprise the whole width thereof, such sample to be kept by said state board of agriculture and tested for the purpose of ascertaining whether the manufacturer or dealer has complied with the terms of this act: Provided, That in making all tests or measurements for the purpose of ascertaining whether or not such fence is inferior grade or gauge to that specified on the tags or labels thereof, the state board of agriculture, by its duly authorized agent or agents, shall select 5 separate samples of such fence from 5 separate bundles thereof, and if, after applying the standard gauge and test prescribed by this act, 3 or more of such samples shall not equal the gauge and grade indicated on such tags or labels, then such fence from which the 5 samples were taken shall be deemed to be of inferior gauge or grade as the case may be.

Act 29, 1970, p. 76; Imd. Eff. Jun. 10.

AN ACT relating to potatoes; to create a potato commission; to prescribe its powers and duties and authority; to impose an assessment on the privilege of introducing potatoes into the channels of trade and commerce; to provide for the collection of the assessment; to provide for penalties; and to repeal certain acts and parts of acts.

The People of the State of Michigan enact:

290.421 Potato industry commission; definitions.

Sec. 1. As used in this act:

- (a) "Commission" means the state potato industry commission.
- (b) "Grower" means a person who is actively engaged in the production of potatoes and who is not engaged in the shipping or processing of potatoes.
- (c) "Shipper" means any person engaged in the shipping of potatoes or transporting his own potatoes, whether as owner, agent or otherwise, into the channels of trade and commerce; or engaged in the processing of potatoes into food for human consumption in any form or any other use.
- (d) "Shipment of potatoes" shall be deemed to take place when potatoes are loaded within this state in a car, bulk, truck or other conveyance in which the potatoes are to be transported for sale or otherwise put into the channel of trade and commerce.
- (e) "Hundredweight" means 100 pound unit or combination of packages making a 100 pound unit of any shipment of potatoes based on invoice or bill of lading records.
- (f) "Retailer" means any person who sells directly to the consumer in small quantities or broken lots.

(g) "Processor" means a person who is actively engaged in the processing of potatoes for human consumption or for any other use.

(h) "Person" means an individual, partnership, corporation, association, grower, cooperative or any other business unit.

HISTORY: New 1970, p. 76, Act 28, Imd. Eff. Jan. 10.

290.422 Potato industry commission; creation, composition, qualifications.

Sec. 2. (1) The state potato industry commission is created within the department of agriculture. The commission shall be composed of the director of agriculture, ex officio, without vote; a staff member of Michigan state university appointed by the dean of agriculture of that university to serve at his pleasure, ex officio, without vote; 10 growers, 2 processors, 2 shippers and 1 retailer appointed by the governor with the advice and consent of the senate. Initial appointments to the commission shall be made within 30 days after the effective date of this act. The members appointed by the governor shall be citizens and residents of this state and of the district from which appointed, over the age of 25 years. A commission member in the grower category shall be actually engaged and have been engaged in growing and producing potatoes within this state for a period of at least 2 years immediately prior to his appointment, and have derived a substantial portion of his income therefrom. The members of the council appointed under the provisions of section 2 of Act No. 208 of the Public Acts of 1961, as amended, being section 290.182 of the Compiled Laws of 1948, shall become members of the commission for the duration of the terms for which they were originally appointed and may be reappointed.

Geographic districts.

(2) Eight growers shall be appointed to serve on the commission, representing 7 districts throughout the state as follows:

District 1—Upper Peninsula counties shall be represented by 2 members; district 2—Antrim, Manistee, Wexford, Missaukee, Roscommon, Mason, Lake, Osceola, Clare, Benzie, Charlevoix, Cheboygan, Crawford, Emmet, Grand Traverse, Kalkaska, Leelanau and Otsego; district 3—Alcona, Alpena, Montmorency, Oscoda, Presque Isle, Iosco and Ogemaw; district 4—Kent, Montcalm, Newaygo, Isabella, Mecosta and Oceana; district 5—Bay, Arenac, Midland, Tuscola, Huron, Sanilac, Gratiot, Gladwin and Saginaw counties; district 6—Allegan, Barry, Eaton, Van Buren, Kalamazoo, Calhoun, Berrien, Cass, Clinton, Ionia, Ottawa, Muskegon, St. Joseph and Branch; district 7—Ingham, Livingston, Oakland, Macomb, Jackson, Washtenaw, Wayne, Hillsdale, Lenawee, Shiawassee, Genesee, Lapeer, St. Clair and Monroe counties. The ninth and tenth growers shall serve at large. The other members of the commission except the ex officio members shall have been associated with the potato industry for at least 2 years immediately prior to the appointment.

Terms, limit, length; vacancies.

(3) No appointed member shall be eligible to serve more than 2 3-year terms in succession. If at any time during his term a member ceases to possess any of the qualifications provided in this act, his office shall be vacated. The term of office of the appointed members shall be 3 years from the date of appointment and until their successors are appointed and qualified.

Annual meeting of growers; vacancies.

(4) To assist the governor in making qualified appointments to the commission, there shall be an annual meeting each year of growers in each district where a vacancy will occur. Two nominees for each vacancy on the commission shall be selected at this meeting and recommended to the governor, and the governor may choose from such list. The growers at large shall be nominated by the 8 growers representing the districts. The 10 grower members shall nominate the processor, shipper and retail candi-

dates for appointment to membership. Vacancies on the commission, except from the expiration of term, shall be filled until the next annual meeting by the governor from nominees selected by the commission.

Chairman; quorum; meetings.

(5) Annually, the voting members shall elect a chairman from among its membership. A majority of the voting members of the commission constitutes a quorum for the transaction of all business and the carrying out of the duties of the commission. All meetings of the commission shall be called by the chairman except special meetings shall be called by the chairman on petition of 8 members within 7 days of receiving the petition.

Compensation.

(6) Each member of the commission, except ex officio members, shall receive \$20.00 per day for each day spent in actual attendance at meetings of the commission, together with traveling expenses while on commission business in accordance with standard travel regulations of the department of administration.

Funds.

(7) The funds of the commission shall be handled by the commission and all funds received by it shall be used to carry out the provisions of this act. All moneys received by the commission, or by any other state official from assessments levied and paid to the commission shall be deposited in such banks as the commission may designate, are hereby appropriated and shall be disbursed by order of the commission.

Retailers; processors, voluntary fee.

(8) Retailers, processors and others may support the programs of the commission by paying an annual fee of \$100.00. The fee shall be paid by appointees who serve on the commission.

Gifts and grants.

(9) The commission may accept gifts and grants.

Books and records; inspection; audit.

(10) The commission shall maintain accurate books, records and accounts of all its transactions, which books, records and accounts shall be open to inspection by any grower or the public and shall be subject to audit by the auditor general or a certified public accountant.

Financial report.

(11) A financial report shall be mailed to each grower along with the notice of the annual meeting.

HISTORY: New 1970, p. 76, Act 29, Imd. Eff. Jun. 10.

290.423 Potato industry commission; duties.

Sec. 3. (1) The commission shall foster, develop and promote the potato industry aiding research into finding new uses for potatoes and encouraging the sale and consumption of potatoes through advertising and expansion of markets and may carry out any activities deemed necessary to accomplish any and all of the purposes of this act.

Sales promotion.

(2) The commission shall plan and conduct a campaign for commodity advertising, publicity and sales promotion to increase the consumption of potatoes and may contract for any advertising, publicity and sales promotion service. To accomplish such purpose the commission shall disseminate information:

(a) Relating to potatoes and the importance thereof in preserving the public health, the economy thereof in the diet of the people and the importance thereof in the nutrition of children.

(b) Relating to the manner, method and means used and employed in the production, transportation, marketing and grading of potatoes and to laws of the state regulating and safeguarding such production, transportation, marketing and grading.

(c) Relating to the added cost to the producer and dealer in producing and handling potatoes to meet the high standards imposed by the state that insure a pure and wholesome product.

(d) Relating to the effect upon the public health which would result from a breakdown of the Michigan potato industry.

(e) Relating to the reasons why producers and dealers should receive a reasonable return on their labor and investment and the importance of maintaining full employment in the potato processing industry.

(f) Relating to the problem of furnishing the consumer at all times with an abundant supply of fine quality of potatoes at reasonable prices.

(g) Relating to factors of instability peculiar to the vegetable industry in general and the potato industry in particular, such as unbalanced production, effect of the weather, influence of consumer purchasing power and price relative to the cost of other items of food in the normal diet of people, all to the end that an intelligent and increasing consumer demand may be created.

(h) Relating to the possibilities of increased consumption of Michigan potatoes.

(i) Relating to such other information as shall tend to promote increased consumption of potatoes, as may foster a better understanding and more efficient cooperation between producers, dealers and consuming public.

(j) Relating to branding, labeling, stenciling, sealing or packaging to promote and use in all ways to advertise potatoes to protect their identity as far as possible to final consumer.

Rules.

(3) The commission may promulgate necessary rules for the exercise of its powers and the performance of its duties, which rules shall be promulgated in accordance with and subject to Act No. 306 of the Public Acts of 1969, being sections 24.201 to 24.313 of the Compiled Laws of 1948.

Assessment, increase.

(4) The commission may, by a majority vote raise the assessment $\frac{1}{4}$ cent per hundredweight. At the next annual meeting the growers must approve or disapprove the commission's action by a majority vote of those present.

Committees.

(5) The commission may select committees to carry out the various projects covered under the purposes of this act.

Personnel; expenses.

(6) The commission may employ personnel and incur such other expenses as are necessary to carry out the purposes of this act. All such expenses shall be paid from the potato industry commission fund. No member of the commission or any employee or agent thereof shall be liable on the contracts of the commission. All salaries, expenses, costs, obligations and liabilities incurred by the commission shall be payable only from the funds collected under this act.

HISTORY: New 1970, p. 78, Act 29, Imd. Eff. Jun. 10.

290.424 Assessment on growers and shippers.

Sec. 4. (1) Starting July 1, 1970, an assessment at the rate of 1 cent per hundredweight on all potatoes grown in the state shall be levied and imposed upon all growers and shippers within this state. The assessment shall not be imposed upon potatoes retained by a grower to be used for seed purposes or for home consumption.

(2) The assessment imposed by this act shall be due upon any particular lot or quantity of potatoes.

(3) Every shipper of potatoes shall file an application with the commission on forms prescribed and furnished by the commission which shall contain the name under which the shipper is transacting business within the state, the place or places of business and location of loading and shipping places and agents of the shipper, the names and addresses of the several persons constituting a firm or partnership and, if a corporation, the corporate name and the names and addresses of its principal officers and agents within the state. The commission shall issue a certificate to the shipper and a shipper shall not sell or ship any potatoes until the certificate is furnished as required by this section.

(4) Each shipper purchasing potatoes and paying, or becoming liable to pay, the assessment imposed by this act, shall charge and collect from the seller the assessment at the rate of 1 cent per hundredweight or the rate established by the commission on all potatoes grown in the state, to be deducted from the purchase price of all potatoes subject to the assessment purchased by the shipper.

(5) Every shipper shall keep as a part of his permanent records a record of all purchases, sales and shipments of potatoes, which records shall be open for inspection at all times. Every shipper shall render a report to the commission stating the quantity of potatoes received, sold or shipped by him during the preceding calendar quarter, on forms to be furnished by the commission. The report shall be due not later than 15 days after the end of the calendar quarter. The report shall contain such further information as the commission shall prescribe. With the filing of the report, each shipper shall pay to the commission an assessment at the rate of 1 cent per hundredweight or the rate established by the commission upon all potatoes reported as purchased, sold or shipped, as determined by the commission.

HISTORY: New 1970, p. 79, Act 29, Imd. Eff. Jun. 10.

290.425 Assessment; failure to pay, penalty.

Sec. 5. Any shipper or grower who fails to make collection or file return or to pay any assessment within the time required by or pursuant to this act shall forfeit to the state the amount due plus a penalty of 6% of the amount due, as provided in this act, plus 1% of such amount for each month of delay. If satisfied that the delay was excusable, the commission may remit all or any part of the penalty. The penalty shall be paid to the commission and disposed of as provided with respect to moneys derived under this act.

HISTORY: New 1970, p. 80, Act 29, Imd. Eff. Jun. 10.

290.426 False information; penalty.

Sec. 6. Any person who falsifies any affidavit, record, receipt, voucher or any information required to be maintained by this act is guilty of a misdemeanor.

HISTORY: New 1970, p. 80, Act 29, Imd. Eff. Jun. 10.

290.427 Enforcement of act; reimbursement for costs.

Sec. 7. Employees and agents of the department of agriculture shall enforce the provisions of this act. The commission shall reimburse the department for costs incurred by the department in the enforcement of the act. Such funds received by the department are appropriated for the department's use.

HISTORY: New 1970, p. 80, Act 29, Imd. Eff. Jun. 10.

290.428 Assessment; referendum; vote required.

Sec. 8. There shall be no exemptions of assessments for growers subject to the provisions of this act for the first full growing year of operation, which begins on July 1 of each year and ends on June 30 of the subsequent year. After the first full growing year

of operation whenever 15% of the growers, of which not more than $\frac{1}{2}$ are in the same district, petition the commission therefor the commission shall conduct a referendum to determine whether the levying of grower assessments without exemptions shall remain in effect. The growers shall be deemed to have assented to the levying of the assessment without exemptions if either of the following conditions are met:

(a) If 66 $\frac{2}{3}$ % or more by number of those voting representing 51% or more of the volume of potatoes sold by those voting assent to the proposal.

(b) If 51% or more by number of those voting representing 66 $\frac{2}{3}$ % or more of the volume of potatoes sold by those voting assent to the proposal.

For the purpose of the referendums under this act, a grower is entitled to 1 vote representing a single firm, individual proprietorship, corporation, company, association, partnership, husband-wife ownership.

HISTORY: New 1970, p. 80, Act 29, Imd. Eff. Jun. 10.

290.429 Referendum on commission's continuance.

Sec. 9. Effective July 1, 1975, if the commission shall receive a petition bearing the signatures of at least 25% of all the growers but with not more than $\frac{1}{2}$ of them from any one district, it shall then conduct a referendum at which growers shall vote whether or not the commission shall be continued. If a majority of the growers so voting vote against having the commission continue to function, the commission shall request repeal of this act and phase out operations within the ensuing 6 months. Any funds remaining in the commission fund shall be made available to the director of agriculture for potato research.

290.456 License; refusal, cancellation, suspension and expiration.

Sec. 6. (1) The refusal to issue, cancellation or suspension of, a license under the federal perishable agricultural commodities act of 1930 or a license to operate as a wholesale potato dealer in any state may constitute grounds for the same action in this state at the discretion of the director. If a licensee or applicant for a license has in his employ in a position as buyer or agent a person who has held a license under the federal perishable agricultural commodities act of 1930 or a license to operate as a wholesale potato dealer in any state, and such license has been refused, canceled or suspended, such action may constitute a ground, at the discretion of the director, for the refusal, suspension or revocation of a license in this state.

(2) The director may suspend any such license temporarily for failure to comply with the provisions of this act or the provisions of the act governing the grading or labeling of potatoes or any rules made by him under this act and may revoke such license for cause.

(3) Any license issued under this act shall expire annually on May 31.

290.457 Records; examination.

Sec. 7. A licensee shall keep accurate accounts and records of all transactions as a wholesale potato dealer and shall retain them, subject to the examination of the director, for a period of 3 years after their respective events.

HISTORY: New 1964, p. 190, Act 158, Eff. Aug. 28.

290.458 Surety bond; conditions, exemptions.

Sec. 8. (1) An applicant for a wholesale potato dealers' license who buys from a grower shall file with his application and for the period for which such license shall be issued a surety bond in favor of the director, executed by a surety company registered in this state, conditioned for:

(a) Observance of all laws relating to the carrying on of the business of a wholesale potato dealer.

(b) Payment when due of the purchase price of potatoes purchased by him.

(c) Prompt settlement and payment of all claims and charges due to this state for services rendered.

(d) Prompt reporting of sales to all persons consigning potatoes to the licensee for sale on commission.

(e) Prompt payment to persons entitled thereto of the proceeds of all sales, less lawful charges, disbursements and commissions.

(f) Applicants for a wholesale potato dealers' license who do not buy from a grower shall not be required to furnish a bond. Cash buyers shall not be required to furnish bond.

(2) Any applicant for a wholesale potato dealers' license who falsifies any application, statement or record shall be in violation of this act.

HISTORY: New 1964, p. 190, Act 158, Eff. Aug. 28;—Am. 1968, p. 101, Act 63, Eff. May 31.

290.459 Coverage and amount of bond; failure to file additional bond, license suspension or revocation.

Sec. 9. The bond shall cover all wholesale potato dealers business transacted with growers within the state, and the liability for acts thereunder shall be only for the period the license is in force.

The amount of the bond shall be 1/2 of the amount paid for Michigan grown potatoes purchased from or handled for growers during the month in which the maximum volume of Michigan grown potatoes was bought or handled during the past calendar year. No bond shall be less than \$2,000.00, nor more than \$25,000.00.

If a person is initially entering business as a wholesale potato dealer, the director shall determine the amount of the bond from the estimated amount of business to be done annually by the applicant. If during any licensing year the bond filed by a licensee becomes less than required by this act because of an increase in the dollar volume of potato purchases, the director may require the licensee to file an additional bond to cover the increase in gross dollar volume. Failure to comply with an order of the director shall be grounds for suspension or revocation of a license.

290.460 Default of licensee; claim by grower.

Sec. 10. Upon default of a licensee in the payment of money due to a grower, the grower may file with the director a verified statement of his claim. If the grower has reduced his claim to a judgment, he shall file a transcript of the judgment with the director. Such statement may be filed at any time during the period of the license and within 90 days from the termination of such period, for debts contracted during such license period. Claims shall be filed within 90 days of the time of default.

Section related to claims of potato growers and processes of hearing and settlement of claims against wholesaler.

290.461a Examination of records; inquiries; seizures; hearing report of findings; appeal; surety bond; settlement of claims.

Sec. 11a. The director may examine the records of the wholesale potato dealer against whom the complaint has been made and may inquire of other growers who have sold potatoes to the wholesale potato dealer within the past 6 months as to the payment for their potatoes. Such inquiries may be made by the director by regular United States mail. Based on the results of the examination of records, or those obtained from inquiries, the director may seize and protect in the name of the state, in behalf of the claimants, the assets of the licensee by any legal procedure necessary. The director may order a hearing before him, giving the party complained of, notice of the filing of the complaint and the time and place of the hearing. At the conclusion of the hearing, the director shall report his findings and render his conclusions and order upon the matter complained of to the complainant and the respondent in each case, who shall have 15 calendar days following in which to comply with the director's order. A licensee who feels aggrieved at the decision of the director may appeal from the decision within 10 calendar days by writ of certiorari to the circuit court of the county where the licensee resides. If the order is not complied with within the 15 days, the director shall demand from the surety, payment of an amount necessary to satisfy the claims determined to be due. If the amount of the surety bond is insufficient to satisfy the claims, the director shall bring action against the seized assets of the licensee to further satisfy the amount of the claims. If less than the total amount of the claims shall be so obtained, distribution shall be made ratably to the claimants. If the surety does not pay the amount so demanded, upon the expiration of 90 days from the date the claim was validated, the balance of the term of the bond from the date of the first valid claim against any wholesale potato dealer shall be allowed for the filing of any additional claims. Upon full settlement of all valid claims by the surety or from the assets of the licensee, the director shall return any remaining assets to the licensee. The director may bring an action in any court of competent jurisdiction against the licensee, the assets of the licensee or surety on the bond for recovery of any money due and owing to a grower or growers as hereinbefore provided.

Act 228, 1947, p. 332; Eff. Oct. 11.

AN ACT relating to cherries; declaring the public policy of this state to promote the consumption and sale of cherries grown in Michigan; levying an assessment on cherry production and providing for its collection; creating a cherry commission and vesting in it the administration of this act; providing for the powers, duties and authority of said commission; and providing penalties for the violation of this act.

The People of the State of Michigan enact:

290.501 Cherries; purpose of act.

Sec. 1. This act is passed:

(a) In the exercise of the police power of the state to protect the public health, to promote the welfare of the state, and to stabilize and protect the cherry industry of the state.

(b) Because it is necessary and expedient to enhance the reputation of Michigan cherries in domestic markets, because Michigan cherries may be forced out of domestic markets by competition from other highly advertised fruits.

(c) Because the cherry crop grown in Michigan comprises one of the major agricultural crops in Michigan, and, therefore, the business of selling and distributing such crop and the expanding and protection of its market is of public interest.

(d) Because it is necessary to discover the health-giving qualities and the food and dietetic value of Michigan cherries, and to spread such knowledge throughout the market area for Michigan cherries.

(e) Because the successful continuance of the Michigan cherry industry, the enlarging of its markets, an increasing of the consumption of Michigan cherries are necessary to assure the payment of taxes to the state and its subdivisions, to prevent unemployment within the state, and maintain wages for agricultural labor.

(f) To disseminate information giving the public full knowledge of the manner of production, the cost and expense thereof, the care taken to produce and sell only cher-

ries of the finest quality, the methods and care used in preparing for market, and the methods of sale and distribution, and by such information to reduce the cost of distribution so that the spread between the cost to the consumer and the amount received by the producer will be reduced to a minimum.

(g) To protect the general public by informing it with reference to the varieties, grades and brands of Michigan cherries and cherry products, and the uses to which each may be put.

CITED IN OTHER SECTIONS: Sections 290.501 to 290.514 are cited in § 16.283.

290.502 Cherries; definitions.

Sec. 2. As used in this act:

(a) The term "commission" shall mean the Michigan cherry commission.

(b) The term "person" shall mean and include individuals, corporations, partnerships, trusts, associations, cooperatives and any and all other business units, devices and arrangements.

(c) "Sold or shipped for processing" shall be deemed to take place when the cherries are loaded by the grower, whether in bulk or loose in boxes or other container, or packed in any style package, in the car, boat, truck, wagon, or other conveyance to be transported to a processor.

(d) The term "grower" shall mean and include any person who grows cherries, whether as owner, agent or otherwise.

(e) The term "processor" or "processing plant" shall mean and include every person and every place to whom or to which cherries are delivered for the purpose of drying, dehydrating, freezing, brining, pitting, canning, pressing, powdering, extracting, cooking, or for use in producing or manufacturing a product or manufactured article.

(f) "District No. 1" shall be and include the counties of Benzie, Leelanau, Grand Traverse, Antrim, Charlevoix, Emmet and Wexford.

(g) "District No. 2" shall be and include the counties of Kent, Ottawa, Muskegon, Newaygo, Oceana, Mason, Mecosta and Manistee.

(h) "District No. 3" shall be and include the counties of Allegan, Van Buren, Berrien and Cass.

(i) "District No. 4" shall be and include all other Michigan counties not included in the aforesaid districts.

HISTORY: CL 1948, 290.502.

290.503 Michigan cherry commission; members, term, appointment, quorum, compensation, expenses.

Sec. 3. There is hereby created a state commission to be known as the Michigan cherry commission. The commission shall be composed of 7 cherry producers, 2 processors, and the director of agriculture and director of the experimental station as ex officio members without vote. The appointed members shall be citizens and residents of the state, over the age of 25 years (each of whom is and actually has been engaged in growing, producing or processing cherries within the state of Michigan for a period of at least 5 years, and has derived during said period a substantial portion of his income therefrom). The qualifications of members of the commission as herein set forth must continue during their terms of office. The regular term of office of the members of the commission shall be 3 years from the date of appointment and until their successors are appointed and qualified: Provided, That of the members first appointed, 3 producer members shall be appointed for terms of 3 years each, 2 for terms of 2 years each and 2 for terms of 1 year each, and of the processor members, 1 shall be appointed for a term of 2 years and 1 for a term of 1 year. Vacancies shall be filled for the unexpired terms.

The governor, with the advice and consent of the senate, shall appoint the producer and processor members as hereinbefore provided, 2 producer members to be appointed from District No. 1, 2 producer members from District No. 2, 2 producer members from District No. 3 and 1 producer member from District No. 4, and the 2 processor members to be appointed from the state at large. Appointments of producer members shall be made from lists submitted to the governor by the Michigan association of cherry producers, which list shall consist of not less than twice the number of producers to be appointed. Appointments of processor members shall be made from lists submitted to the governor by the Michigan canner's association, which lists shall consist of not less than twice the number of processors to be appointed.

The majority of the members shall constitute a quorum for the transaction of all business and the carrying out of the duties of said commission. Each member shall receive the sum of \$5.00 per day for each day spent in actual attendance at meetings of the commission, and members of the commission shall be entitled to traveling and other expenses incurred in connection with the business of the commission at the rate allowed by law to state officers, but shall not receive any other compensation or salary.

HISTORY: CL 1948, 290.503.

290.504 Cherry commission; corporate powers; seal; certified records as evidence.

Sec. 4. The commission shall be a body corporate. It shall have the power to sue and be sued; to contract and be contracted with; it shall have and possess all the powers of a corporation. The commission shall adopt a corporate seal. Copies of the proceedings, records and acts of the commission, when certified by the secretary and authenticated by the corporate seal, shall be admissible in evidence in all courts of this state, and shall be prima facie evidence of the truth of all statements therein contained.

HISTORY: CL 1948, 290.504.

290.505 Cherry commission; secretary-manager, compensation.

Sec. 5. The commission shall elect a secretary-manager, whose compensation shall be fixed by the commission.

HISTORY: CL 1948, 290.505.

290.506 Cherry commission; treasurer; moneys, deposit, disbursement; fidelity bond.

Sec. 6. The commission shall appoint a treasurer. All moneys received by the commission, or any other state official, from the assessments hereinafter levied, shall be deposited in such banks as the commission may designate, and shall be disbursed by order of the commission. The treasurer shall file with the commission a fidelity bond executed by a surety company authorized to do business in this state, in favor of the commission and the state of Michigan, jointly and severally, conditioned for the faithful performance of his duties and the strict accounting of all funds of the commission, in the penal sum of \$20,000.00.

HISTORY: CL 1948, 290.506.

290.507 Non-liability of state, members or employees for acts of cherry commission; disbursement of funds.

Sec. 7. The state of Michigan shall not be liable for the acts of said commission or its contracts. All disbursements shall be limited to the funds collected by the commission, and no member of the commission or any employee or agent thereof shall be liable on

the contracts of the commission. All salaries, expenses, costs, obligations and liabilities incurred by said commission shall be payable only from the funds collected by the commission under this act.

HISTORY: CL 1948, 290.507.

290.508 Powers and duties of cherry commission.

Sec. 8. The powers and duties of the commission shall include the following:

- (1) To elect a chairman and from time to time such other officers as it may deem advisable, and to adopt and from time to time alter, rescind, modify and amend all proper and necessary rules, regulations and orders for the exercise of its powers and performance of its duties;
- (2) To administer and enforce this act, and do and perform all acts and exercise all powers reasonably necessary to effectuate the purposes of this act;
- (3) To employ and at its pleasure discharge such employees as it deems necessary, and to prescribe their duties and powers and fix their compensation;
- (4) To establish offices and incur any and all expenses and to enter into any and all contracts and agreements and to create such liabilities as may be reasonable for the proper administration and enforcement of this act;
- (5) To investigate and prosecute violations of this act;
- (6) To conduct scientific research to develop and discover the health, food, therapeutic and dietetic value of cherries and products thereof;
- (7) To employ and at its pleasure discharge an advertising manager, agents, advertising agencies, and such other help as it deems necessary, and to outline their powers and duties and fix their compensation;
- (8) To make in the name of the commission such advertising contracts and other agreements as may be necessary, and to cooperate with national and state associations of cherry growers or processors in effectuating the purposes of this act;
- (9) To keep accurate books, records, and accounts of all its dealings, which books, records and accounts shall be open to inspection by any grower, processor or other person and shall be audited by the state auditor general or by a certified public accountant.

HISTORY: CL 1948, 290.508.

290.509 Taxation of cherries; deducting or remitting assessment; grower's election; expenditures.

Sec. 9. (a) There is hereby levied and imposed upon all cherries grown and produced in Michigan in the year 1948, and annually thereafter, an assessment of 1/10 of 1 cent per pound, when sold or shipped for processing, payable by the grower or grower's agent: Provided, That Michigan processors who purchase or receive shipments of cherries grown and produced in Michigan shall deduct the assessment levied thereon by this act from the price paid and shall forthwith remit, under rules and regulations of the commission, such assessments to the commission: Provided further, That with respect to the year 1948, and each year thereafter, in case the grower or grower's agent, on or before May first of each such year shall file with the secretary of the commission a written and signed statement to the effect that such grower or grower's agent elects not to pay the assessment during such year, then and in that event the said processor shall not deduct the assessment levied under this act for that year, and the grower or grower's agent shall not be liable therefor.

(b) All monies levied and collected under this act shall be expended in advertising cherries and for other purposes authorized by this act, and unexpended balances at the end of any fiscal year shall not revert to or be merged with the general fund.

HISTORY: CL 1948, 290.508.

290.510 Keeping of records; form, inspection by commission; reports based on records.

Sec. 10. Every processor, grower, or grower's agent shall keep complete and accurate records of the number of pounds of cherries received or sold or shipped for processing by him during each calendar year. Such records shall be in such form and contain such information as the commission shall by regulation or rule prescribe. Such records shall be preserved by such processor, grower or grower's agent for a period of 2 years, and shall be offered and submitted for inspection at any time upon written or oral request or demand by the commission or its duly authorized agent or employee. The commission may require reports based on such records.

HISTORY: CL 1948, 290.510.

290.511 Violation of act; misdemeanor.

Act 162, 1955, p. 248; Imd. Eff. Jun. 7.

AN ACT to provide for the licensing and inspection of agricultural liming material and to regulate the sale thereof; and to prescribe penalties for the violations of the provisions of this act.

The People of the State of Michigan enact:

290.531 Liming material; definition; container label, contents; exception.

Sec. 1. The term "liming material" means all or any form of limestone, lime rock, marl, slag, by-product lime, industrial or factory refuse lime, water softener lime, and any other material manufactured, prepared, sold or distributed primarily for correct-

ing soil acidity. Every lot, package or parcel of liming material sold, offered or exposed for sale or distributed within this state shall have on each bag, package or container, in a conspicuous place on the outside, or in the case of bulk lime the vendor shall present to the purchaser a legible and plainly written statement in the English language clearly and truly certifying:

(a) The net weight of the contents of the package, lot, bag, sack, carton or container; or bulk lot;

Each vehicle transporting agricultural liming material not sold on a scale weight basis must have plainly marked thereon the ton weight capacity when level full, assuming a ton of agricultural liming material occupies 20 cubic feet. Such sale on other than a scale weight basis must have prior approval of the department of agriculture.

(b) The exact, complete name of the product;

(c) The name and principal address of the manufacturer or person responsible for placing the commodity on the market;

(d) The minimum neutralizing value in terms of calcium carbonate;

(e) The degree of fineness expressed as:

(1) minimum percentage passing through 8-mesh screen;

(2) minimum percentage passing through 60-mesh screen;

(3) minimum percentage passing through 100-mesh screen; except that in the case of marl, beet sugar factory refuse lime, paper mill refuse lime, carbide plant refuse lime, water softener refuse lime, wood ashes and other forms of waste or refuse lime the neutralizing value shall be expressed as pounds of "calcium carbonate equivalent" per cubic yard of material as delivered, and further that no guarantee need be made relative to fineness or to the net weight.

This act shall not apply to any stocks that may be in the hands of dealers in the state at the time this act goes into effect.

290.532 Liming material; vendor's certificates of analysis and contents, samples.

Sec. 2. Before any liming material is sold or offered for sale, the manufacturer, importer or party who causes it to be sold or offered for sale within this state shall file with the director of agriculture a certified copy of the analysis and certificate referred to in section 1. The certified copy of analysis shall be accompanied, when the director of agriculture so requests, by a sealed package containing not less than 2 pounds of such liming material, with an affidavit that it is a representative sample of the liming material thus to be sold or offered for sale.

HISTORY: New 1955, p. 248, Act 162, Imd. Eff. Jun. 7;—Am. 1965, p. 127, Act 94, Eff. Mar. 31, 1966.

290.533 Liming material; license fee; records.

Sec. 3. The manufacturer, importer or agent of any liming material shall pay annually to the director of agriculture on or before December 31 a license fee of \$20.00 for each liming material he offers for sale in this state. Whenever the manufacturer or importer shall have paid this license fee his agents shall not be required to do so. All vendors of liming materials shall keep on file subject to inspection by any authorized agent of the director of agriculture for a period of 1 year all invoices, freight bills, truckers' receipts, way bills and similar shipping data pertaining to liming materials that would establish date and origin of the shipment.

HISTORY: New 1955, p. 248, Act 162, Imd. Eff. Jun. 7;—Am. 1965, p. 128, Act 94, Eff. Mar. 31, 1966.

290.534 Liming material; annual analysis.

Sec. 4. All such analyses of liming materials required by this act shall be made under the director of agriculture and paid for out of the funds arising from the license fees

provided for in section 3. At least 1 analysis of each liming material shall be made annually.

HISTORY: New 1955, p. 249, Act 162, Imd. Eff. Jun. 7.

290.535 Annual report of director of agriculture; surplus from license fees.

Sec. 5. The director of agriculture shall publish in his annual report a correct statement of all analyses made and certificates filed in his office; together with a statement of all moneys received for license fees, and expended for analysis. Any surplus from license fees remaining on hand at the close of the fiscal year shall be placed to the credit of the general fund.

HISTORY: New 1955, p. 249, Act 162, Imd. Eff. Jun. 7.

290.536 Violation; penalty, damages for misrepresentation.

Sec. 6. Any person or persons who shall sell or offer for sale any liming material in this state without first complying with the provisions of sections 1, 2 and 3 of this act, or who shall attach or cause to be attached to any such package of liming material an analysis stating that it contains a larger percentage of any 1 or more of the constituents or ingredients named in section 1 of this act than it really does contain shall, upon conviction thereof, be fined not less than \$100.00 for the first offense, and not less than \$300.00 for every subsequent offense and the offender shall also be liable for all damages sustained by the purchaser of such liming material on account of such misrepresentation.

HISTORY: New 1955, p. 249, Act 162, Imd. Eff. Jun. 7.

290.537 Selection of material for analysis; inspection; seizure.

Sec. 7. The director of agriculture by any duly authorized agent is hereby authorized to select from any package of liming material exposed for sale in this state a quantity not exceeding 2 pounds, for a sample, such sample to be used for the purpose of an official analysis and for comparison with the certificate filed with the director of agriculture and with the certificate affixed to the package on sale. The director of agriculture, his deputy or any authorized agent of the director, shall have free access during reasonable business hours to all premises where liming materials are manufactured, sold or stored, and is authorized at all times to seize or stop-sale any and all liming materials, that are unlicensed, misbranded, fail to meet guarantee or otherwise fail to comply with the provisions of this act.

HISTORY: New 1955, p. 249, Act 162, Imd. Eff. Jun. 7;—Am. 1965, p. 128, Act 94, Eff. Mar. 31, 1966.

290.538 Enforcement; rules and regulations.

Sec. 8. The director of agriculture is hereby empowered to enforce the provisions of this act and to prescribe and enforce such rules and regulations, in accordance with Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82, inclusive, of the Compiled Laws of 1948, and Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110, inclusive, of the Compiled Laws of 1948, relating to the sale of liming materials as may be deemed necessary to carry into effect the full intent and meaning of this act.

Any area not represented in the districts can vote in the nearest adjacent county.

HISTORY: New 1905, p. 148, Act 114, Eff. Jan. 1, 1906.

290.553 Michigan bean commission; members, terms.

Sec. 3. (1) The Michigan bean commission of 9 voting members is created, consisting of a participating grower from each district and 3 processors. Two processor members shall be shipper handlers and 1 processor member shall be a major canner of beans. The director of agriculture and the dean of the college of agriculture of Michigan state university are ex officio members without vote. An appointed member shall be of legal voting age in this state and, except the processor canner, shall be a citizen and resident of this state who is and has been engaged in the actual growing, producing or processing of beans within the state for a period of at least 5 years immediately preceding his appointment.

(2) The terms of office of members of the commission shall be 3 years from the date of appointment or until their successors are appointed and qualified. The first appointments, however, shall be made as follows: 2 participating grower members and 1 processor member shall be appointed for a term of 1 year; 2 participating grower members

and 1 processor member shall be appointed for a term of 2 years; and, 2 participating grower members and 1 processor member shall be appointed for a term of 3 years. No person shall serve more than 2 full terms in succession.

HISTORY: New 1965, p. 148, Act 114, Eff. Jan. 1, 1966.

290.554 Bean commission; appointment, meetings.

Sec. 4. (1) The governor shall appoint the first members of the commission within 30 days after this act takes effect with the advice and consent of the senate and without use of the nominating procedures hereinafter provided. The governor shall appoint subsequent members only from the lists of nominees submitted to him and subject to the advice and consent of the Senate. However, if any list is not submitted to him at least 30 days before the term of office of a member would normally expire, or within 30 days after a vacancy otherwise occurs, the governor may appoint any person who is otherwise qualified under this act.

(2) A meeting of participating growers shall be held in each district in each year when a vacancy will occur. The commission shall give notice of each meeting by at least 2 insertions in a farm publication of general circulation in the district where the meeting is to be held, the final inserting being at least 10 days before the meeting. The commission shall supervise the conduct of the meeting. Two nominees for participating members of the commission shall be selected at each meeting and submitted to the governor. Appointments of processor shipper handler members shall be made only from any list submitted to the governor by a state bean processor shipper handler organization with 2 names submitted for each position to be filled. Appointment of the processor canner member shall be made from any list of 2 nominees submitted to the governor by an organization of canners of beans.

(3) A participating member of the commission who fails to meet the qualifications of this act shall cease to be a member of the commission. Such vacancy or a vacancy for any other reason shall be filled by the governor for the unexpired term in the same manner as the original appointment.

HISTORY: New 1965, p. 148, Act 114, Eff. Jan. 1, 1966.

290.555 Bean commission; quorum, compensation, expenses.

Sec. 5. A majority of the members of the commission constitutes a quorum for the transaction of business and for performing the duties of the commission. A member shall receive \$20.00 per day for each day spent in actual attendance at meetings of the commission, and traveling and other expenses incurred in connection with the business of the commission at the rate allowed by law to state officers, but shall not receive any other compensation or salary from the commission.

HISTORY: New 1965, p. 149, Act 114, Eff. Jan. 1, 1966.

290.556 Bean commission; chairman, treasurer, other officers.

Sec. 6. The commission shall elect each year a chairman, a treasurer, and such other officers as it deems advisable. The commission, as often as it deems advisable, shall appoint a secretary-manager and fix his compensation.

HISTORY: New 1965, p. 149, Act 114, Eff. Jan. 1, 1966.

290.557 Bean commission; deposit of moneys received; treasurer's bond.

Sec. 7. All moneys received by the commission, or any other state official, from the assessments under this act, shall be deposited in such banks as the commission designates, and shall be disbursed by order of the commission. The treasurer shall file with the commission a fidelity bond executed by a surety company, authorized to do busi-

ness in this state, in favor of the commission and the state, jointly and severally, conditioned for the faithful performance of his duties and the strict accounting of all funds of the commission. The amount of the bond shall be determined by the commission.

HISTORY: New 1965, p. 149, Act 114, Eff. Jan. 1, 1966.

290.558 Bean commission; body corporate, seal, records as evidence.

Sec. 8. The commission is a body corporate and may sue and be sued and contract and be contracted with. The commission shall adopt a seal. Copies of the proceedings, records and acts of the commission, when certified by the secretary and authenticated by the seal, shall be admissible in evidence in all courts of this state, and shall be prima facie evidence of the truth of all statements therein contained.

HISTORY: New 1965, p. 149, Act 114, Eff. Jan. 1, 1966.

290.559 Bean commission; state and employees not liable for acts; disbursements.

Sec. 9. The state is not liable for the acts of the commission or its contracts. All disbursements shall be limited to the funds collected by the commission, and no member of the commission or any employee or agent thereof is liable on the contracts of the commission. All salaries, expenses, costs, obligations and liabilities incurred by the commission are payable only from funds collected by the commission under this act, except that any moneys obtained through donations and gifts or provided by a governmental agency may be used within limits stipulated by the donor or governmental agency.

HISTORY: New 1965, p. 149, Act 114, Eff. Jan. 1, 1966.

290.560 Bean commission; powers and duties.

Sec. 10. The commission shall:

(a) Adopt and amend or rescind when advisable proper and necessary rules, regulations and orders for the exercise of its powers and performance of its duties. Such rules, regulations and orders shall be filed with the director of agriculture and shall be adopted in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

(b) Administer this act and investigate violations thereof, and perform all acts and exercise all powers reasonably necessary to effectuate the purposes of this act.

(c) Employ and discharge such employees as it deems necessary, and prescribe their powers and duties and fix their compensation.

(d) Establish offices, incur expenses, enter into contracts and agreements and create such liabilities, all as may be reasonable for the proper administration and enforcement of this act.

(e) Enter into in the name of the commission such advertising contracts and other agreements as may be necessary, and cooperate with and support national and state associations of bean growers or processors in effectuating the purposes of this act.

(f) Keep accurate books, records and accounts of all its dealings, which shall be open to inspection by any participating grower and processor and shall be audited by the legislative auditor or by a certified public accountant.

(g) Promote research on bean varieties and agronomic practices.

(h) Promote scientific research to develop and discover the health, food, therapeutic and dietetic value of beans and bean products.

(i) Promote research as to market development.

(j) Compile and publish commodity information.

HISTORY: New 1965, p. 149, Act 114, Eff. Jan. 1, 1966.

290.561 Enforcement; reimbursement for costs.

Sec. 11. The state department of agriculture or its agents shall enforce this act. The commission shall reimburse the department for costs incurred by the department in such enforcement. Such funds received by the department are hereby appropriated for the department's use.

HISTORY: New 1965, p. 150, Act 114, Eff. Jan. 1, 1966.

290.562 Assessment on beans grown.

Sec. 12. An assessment of 2 cents per hundredweight, or as otherwise determined in accordance with the provisions of this section, when sold or shipped, is levied and imposed upon all beans grown and produced in this state in the year 1966, and annually thereafter. The participating grower or certified seed grower shall pay the assessment. The first receiver who purchases or receives beans from participating growers shall deduct the assessment from the price paid and remit it to the commission on or before the fifteenth of the following month. The commission may set a reasonable fee for the collecting of assessments from participating growers. Moneys levied and collected under this act shall be spent for purposes authorized by this act.

HISTORY: New 1965, p. 150, Act 114, Eff. Jan. 1, 1966.

290.563 Nonparticipating grower; election, form, certificate.

Sec. 13. In 1966 and each year thereafter a grower may elect to become a nonparticipating grower for the year by filing on or before June 1 with the secretary of the commission a signed request for an official nonparticipating application form. The secretary shall mail an official application form to the grower within 10 days after the receipt of the request. The grower shall sign and return the official application form to the commission within 10 days after its receipt. The commission, within 45 days of receiving from a grower a signed official application, shall issue to the grower a nonparticipating certificate and number. On presentation of this certificate, the processor shall not deduct the assessment levied under this act for that year, and the nonparticipating grower shall not be liable therefor. A record of nonparticipating growers and their numbers shall be submitted by the processor to the commission on or before the fifteenth day of the following month.

HISTORY: New 1965, p. 150, Act 114, Eff. Jan. 1, 1966.

290.564 Rate of assessment; petition, referendum.

Sec. 14. Whenever 15% of the participating growers, of which not more than 1/3 are in the same district, petition the commission therefor, the commission shall conduct a referendum among the participating growers of the state to determine the rate of assessment. The referendum shall be conducted in a manner to protect the purity of the ballot. If a majority of the participating growers voting upon the question, vote in favor of the proposed change, the assessment shall be ineffective in the year in which it is voted unless the change is published before May 20 of that year. The rate of assessment shall not be changed by more than 1 cent per hundredweight in any year.

HISTORY: New 1965, p. 150, Act 114, Eff. Jan. 1, 1966.

290.565 First receiver; records, grower's records.

Sec. 15. A first receiver shall keep complete and accurate records of the number of pounds of beans received from growers by him during each calendar year. He shall preserve such records for 2 years, and they shall be available to the commission or its duly authorized agent upon request. A grower processing or retailing his own production shall keep such records.

HISTORY: New 1965, p. 151, Act 114, Eff. Jan. 1, 1966.

290.566 Violation of act; misdemeanor, penalty.

Sec. 16. (1) Any person who violates or aids in the violation of any provision of this act is guilty of a misdemeanor.

(2) A prosecution under this act may be instituted in any county in this state in which the violation was committed, or in which any defendant resides or has his principal place of business.

HISTORY: New 1965, p. 151, Act 114, Eff. Jan. 1, 1966.

290.567 Continuation of act; petition, referendum, transfer of assets.

Sec. 17. Five years after the effective date of this act the commission, upon receipt of a petition bearing the signatures of at least 25% of the participating growers but with not more than 1/2 of them from any one district, shall conduct a referendum at which participating growers shall vote whether or not the commission shall continue to levy the assessments and otherwise carry out the provisions of this act. If a majority of the participating growers so voting vote against having the commission continue to function, the commission shall cease its operations and deliver its assets to the director of agriculture who shall transfer such assets to Michigan state university for bean research.

HISTORY: New 1965, p. 151, Act 114, Eff. Jan. 1, 1966.

290.568 Effective date.

Sec. 18. This act shall take effect January 1, 1966.

HISTORY: New 1965, p. 151, Act 114, Eff. Jan. 1, 1966.

Act 283, 1964, p. 530; Eff. Aug. 28.

AN ACT to regulate and provide standards for weights and measures, and the packaging and advertising of certain commodities; to provide for a state director and other officials and to prescribe their powers and duties; to provide penalties for fraud and deception in the use of false weights and measures and other violations; and to repeal certain acts and parts of acts.

The People of the State of Michigan enact:

290.601 Weights and measures act of 1964; short title.

Sec. 1. This act shall be known and may be cited as the "weights and measures act of 1964".

HISTORY: New 1964, p. 531, Act 283, Eff. Aug. 28.

290.602 Weights and measures; definitions.

Sec. 2. As used in this act:

(a) "Weights and measures" means weights and measures of every kind, instruments and devices for weighing and measuring, and any appliances and accessories associated with any or all such instruments and devices, except that the term shall not be construed to include meters for the measurement of electricity, gas (natural or manufactured) or water or devices to measure the usage of communications services when the same are operated in a public utility system. Such devices or any appliances or accessories associated therewith, are excluded from this act.

(b) "Sell" or "sale" means barter and exchange.

(c) "Director" and "deputy director" mean, respectively, the state director of weights and measures and the deputy state director of weights and measures.

(d) "Inspector" means a state inspector of weights and measures.

(e) "Sealer", "deputy sealer", "supervising inspector" and "city or county inspector" mean, respectively, a sealer of weights and measures, a deputy sealer of weights

and measures, a supervising weights and measures inspector, and city or county weights and measures inspectors of a city, of a county, or of joint city-county jurisdiction.

(f) "Commodity in package form" means a commodity put up or packaged in any manner in advance of sale in units suitable for either wholesale or retail sale, exclusive, however, of an auxiliary shipping container enclosing packages that individually conform to the requirements of this act. An individual item or lot of any commodity not in package form as defined in this section, but on which there is marked a selling price based on an established price per unit of weight or of measure, shall be construed to be commodity in package form.

(g) "Barrel", when used in connection with fermented liquor, means a unit of 31 gallons.

(h) "Ton" means a unit of 2,000 pounds avoirdupois weight.

(i) "Cord", when used in connection with wood intended for fuel purposes or pulpwood, means the amount of wood that is contained in a space of 128 cubic feet when the wood is ranked and well stowed.

(j) "Weight", in connection with any commodity, means net weight.

(k) "Consumer package" or "package of consumer commodity" means a commodity in package form that is customarily produced or distributed for sale through retail sales agencies or instrumentalities for consumption by individuals, or use by individuals for the purposes of personal care or in the performance of services ordinarily rendered in or about the household or in connection with personal possessions, and which usually is consumed or expended in the course of such consumption or use.

(l) "Nonconsumer package" or "package of nonconsumer commodity" means any commodity in package form other than a consumer package, and particularly a package designed solely for industrial or institutional use or for wholesale distribution only.

290.603 Weights and measures; systems and definitions recognized.

Sec. 3. The system of weights and measures in customary use in the United States and the metric system of weights and measures are jointly recognized, and one or the other of these systems shall be used for all commercial purposes in this state. The definitions of basic units of weight and measure, the tables of weight and measure, and weights and measures equivalents, as published by the national bureau of standards, are recognized and shall govern weighing and measuring equipment and transactions in this state.

HISTORY: New 1964, p. 531, Act 283, Eff. Aug. 28.

290.604 State standards; location, removal, certification.

Sec. 4. Weights and measures in conformity with the standards of the United States as have been supplied to the state by the federal government or otherwise obtained by the state for use as state standards, when the same have been certified as being satisfactory for use as such by the national bureau of standards, shall be the state standards of weights and measures. The state standards shall be kept in a safe and suitable place in the office or laboratory of the state department of agriculture. They shall not be removed therefrom except for repairs or certification. They shall be submitted at least once every 10 years to the national bureau of standards for certification. The state standards shall be used only in verifying the office standards and for scientific purposes.

HISTORY: New 1964, p. 531, Act 283, Eff. Aug. 28.

290.605 State standards; office standards, field standards, verification.

Sec. 5. In addition to the state standards provided for in section 4 of this act, there shall be supplied by the state at least 1 complete set of copies of these to be kept in the office or laboratory of the state department of agriculture to be known as office standards, and also such field standards and such equipment as may be found necessary to carry out the provisions of this act. The office standards shall be verified upon their initial receipt and at least once each year thereafter; the field standards shall be verified upon their initial receipt and at least once every 5 years thereafter, the office standards by direct comparison with the state standards and the field standards by direct comparison with the office standards.

HISTORY: New 1964, p. 532, Act 283, Eff. Aug. 28.

290.606 State director of weights and measures; deputy, inspectors.

Sec. 6. The state director of agriculture by virtue of his office shall be state director of weights and measures during his term of office. His deputy shall be deputy director of weights and measures, and all inspectors appointed by the director shall be state inspectors and sealers of weights and measures.

HISTORY: New 1964, p. 532, Act 283, Eff. Aug. 28.

290.607 State director of weights and measures; standards; custody, enforcement, supervision, reports.

Sec. 7. The director shall have the custody of the state standards of weights and measures and of the other standards and equipment provided for by this act, and shall keep accurate records of the same. The director shall enforce the provisions of this act. He shall have general supervision over the weights and measures offered for sale, sold or in use in this state. After the close of each fiscal year, he shall report to the governor on all of the activities of his office.

HISTORY: New 1964, p. 532, Act 283, Eff. Aug. 28.

290.608 State director of weights and measures; rules and regulations.

Sec. 8. The director may issue from time to time reasonable rules and regulations necessary to administer and for the enforcement of this act, which regulations shall have the force and effect of law. Such regulations shall be promulgated in accordance with Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948. These regulations may include:

- (a) Standards of net weight, measure or count.
- (b) Rules governing technical and reporting procedures and the report and record forms and marks of approval and rejection to be used by inspectors of weights and measures in the discharge of their official duties.
- (c) Exemptions from the sealing or marking requirements of section 14 with respect to weights and measures of such character or size that such sealing or marking would be inappropriate, impractical or damaging to the apparatus in question.
- (d) With respect to classes of weights and measures found to be of such character that frequent retesting is unnecessary to continued accuracy, exemptions from the requirements of sections 9 and 10 for testing and schedules fixing the frequency of required retests for classes of devices so exempted.
- (e) Rules governing the voluntary registration of servicemen and service agencies involved in scale inspection.

These regulations shall include specifications, tolerances and regulations for weights and measures of the character of those specified in section 10, designed to eliminate from use, without prejudice to apparatus that conforms as closely as practical to the

official standards, those that (1) are not accurate, (2) are of such construction that they are not reasonably permanent in their adjustment or will not repeat their indications correctly, and (3) facilitate the perpetration of fraud. The specifications, tolerances and regulations for commercial weighing and measuring devices, together with amendments thereto, as recommended by the national bureau of standards and published in national bureau of standards handbook 44 and supplements thereto, or in any publication revising or superseding handbook 44, shall be the specifications, tolerances and regulations for commercial weighing and measuring devices of this state, except as specifically modified, amended or rejected by a regulation issued by the director. For the purposes of this act, apparatus shall be deemed to be "correct" when it conforms to all applicable requirements promulgated as specified in this section; other apparatus shall be deemed to be "incorrect".

290.609 State director of weights and measures; testing of standards, inspections; testing of weights and measures for state purchases.

Sec. 9. The director, at least once every 5 years, shall test the standards of weights and measures procured by any city or county for which the appointment of a sealer of weights and measures is provided by this act, and shall approve the same when found to be correct, and he shall inspect such standards at least once every 2 years. He shall from time to time test all weights and measures used in checking the receipt or disbursement of supplies in every institution for the maintenance of which moneys are appropriated by the legislature, and report his findings in writing to the supervisory board and to the executive office of the institution concerned.

HISTORY: New 1964, p. 533, Act 283, Eff. Aug. 28.

290.610 State director of weights and measures; inspecting and testing of weights and measures kept for sale or used commercially; sampling.

Sec. 10. When not otherwise provided by law, the director may inspect, and test to ascertain if they are correct, all weights and measures kept, offered or exposed for sale. He shall inspect, and test to ascertain if they are correct, all weights and measures commercially used in (1) determining the weight, measurement or count of commodities or things sold or offered or exposed for sale on the basis of weight or of measure or count, (2) computing the basic charge or payment for services rendered on the basis of weight or of measure or count. With respect to devices designed to be used commercially only once and to be then discarded, and with respect to devices uniformly mass-produced as by means of a mold or die and not susceptible of individual adjustment, the inspection and testing of each individual device shall not be required and the inspecting and testing requirements of this section shall be satisfied when inspections and tests are made on representative samples of such devices; and the lots, of which such samples are representative, shall be held to be correct or incorrect upon the basis of the results of the inspection and tests on such samples.

290.611 State director of weights and measures; investigation of complaints; commercial transactions.

Sec. 11. The director shall investigate complaints made to him concerning violations of the provisions of this act, and shall, upon his own initiative, conduct such investigations as he deems advisable to develop information on prevailing procedures in commercial quantity determination and on possible violations of the provisions of this act and to promote the general objective of accuracy in the determination and representation of quantity in commercial transactions.

HISTORY: New 1964, p. 533, Act 283, Eff. Aug. 28.

290.612 State director of weights and measures; weight, measurement, or inspection of packages of commodities, sampling procedures.

Sec. 12. The director, as often as he deems advisable, shall weigh, measure or inspect packages or amounts of commodities offered or exposed for sale, sold, or in the process of delivery, to determine whether they contain the amounts represented and whether they be offered or exposed for sale, or sold in accordance with law. When such packages or amounts of commodities are found not to contain the amounts represented, or are found to be kept, or offered or exposed for sale in violation of law, the director may order their sale discontinued and may so mark or tag them as to show them to be illegal. The director may employ recognized sampling procedures under which the compliance of a given lot of packages will be determined on the basis of the result obtained on a sample selected from and representative of such lot.

HISTORY: New 1964, p. 533, Act 283, Eff. Aug. 28.

290.613 State director of weights and measures; stop-use orders, stop-removal orders, removal orders.

Sec. 13. The director may issue stop-use orders, stop-removal orders or removal orders with respect to weights and measures being or susceptible of being commercially used. He may issue stop-removal orders or removal orders with respect to packages or amounts of commodities kept, offered or exposed for sale, sold, or in process of delivery, whenever in the course of his enforcement of the provisions of this act he deems it necessary or expedient to issue such orders. No person shall use, remove from the premises specified, or fail to remove from the premises specified any weight, measure, package or amount of commodity contrary to the terms of any order issued pursuant to this section.

HISTORY: New 1964, p. 534, Act 283, Eff. Aug. 28.

290.614 State director of weights and measures; approval, rejection, condemnation, confiscation.

Sec. 14. The director shall approve for use and seal or mark with appropriate devices such weights and measures as he finds upon inspection or test to be "correct" as defined in section 8. He shall reject or condemn and seal or mark as "rejected" or "condemned" such weights and measures as he finds upon inspection or test to be "incorrect" as defined in section 8. Sealing or marking shall not be required with respect to weights and measures which are exempted by a regulation of the director issued under the authority of section 8. The director shall reject or condemn and may seize and destroy weights and measures found to be incorrect. Weights and measures that have been rejected or condemned and ordered corrected or disposed of may be confiscated and may be destroyed by the director if not corrected as required by, or if disposed of contrary to the requirements of, section 22.

HISTORY: New 1964, p. 534, Act 283, Eff. Aug. 28.

290.615 State director of weights and measures; enforcement, seizure without formal warrant.

Sec. 15. The director is vested with special powers with respect to the enforcement of this act and any other acts dealing with weights and measures that he is or may be empowered to enforce. He may seize for use as evidence without formal warrant incorrect or unsealed weights and measures or amounts or packages of commodities found to be used, retained, offered or exposed for sale, or sold in violation of law. In the performance of his official duties, he may enter and go into or upon without formal warrant any structure or premises.

290.617 Sealer of weights and measures, deputy sealers, supervising inspectors, city and county inspectors; appointment.

Sec. 17. A sealer of weights and measures, and such deputy sealers, supervising inspectors, and city or county inspectors of weights and measures as may be required, may be appointed in and for each city and county by the appointing authority of the city or county.

HISTORY: New 1964, p. 534, Act 283, Eff. Aug. 28.

290.618 Sealer of weights and measures, deputy sealers, supervising inspectors, city and county inspectors; jurisdiction; city or county ordinances.

Sec. 18. The sealer of a city or a county, and his deputy sealers, supervising inspectors, and city or county inspectors when acting under his instructions and at his direction, shall have the same powers and shall perform the same duties within the city or the county for which appointed as are granted to and imposed upon the director by this act, except that the jurisdiction of a county sealer shall not extend to any city for which a city sealer has been appointed as provided for by section 17.

No city or county shall adopt any ordinance contrary to or in any way conflicting with this act, or adopt any regulation contrary to or in any way differing from the provisions of any regulations adopted by the director under the provisions of this act.

HISTORY: New 1964, p. 534, Act 283, Eff. Aug. 28.

290.619 City and county official standards; comparison with state standards.

Sec. 19. Standards of weights and measures provided by a city or county, after examination and approval by the director, shall be the official standards for such city or county. The sealer shall make, or arrange to have made, at least as frequently as once in 5 years, comparisons between his standards and appropriate standards of a higher order belonging to the state in order to maintain such standards in accurate condition.

HISTORY: New 1964, p. 535, Act 283, Eff. Aug. 28.

290.620 Joint county and city weights and measures jurisdiction; powers.

Sec. 20. A county and 1 or more cities situated therein, with the consent of the director, may establish a joint weights and measures jurisdiction with 1 sealer and such deputy sealers, supervising inspectors, and city or county inspectors as may be required, under an agreement between the board of county supervisors and the city or cities involved. The sealer of the joint jurisdiction, and his deputy sealers, supervising inspectors, and city or county inspectors when acting under his instructions and at his direction, shall have the same powers and shall perform the same duties within the joint jurisdiction for which appointed as are granted to and imposed upon the director by this act.

HISTORY: New 1964, p. 535, Act 283, Eff. Aug. 28.

290.621 State director of weights and measures; concurrent enforcement powers.

Sec. 21. The director shall have concurrent authority to enforce the provisions of this act in counties and cities for which sealers of weights and measures have been appointed as provided for in this act.

HISTORY: New 1964, p. 535, Act 283, Eff. Aug. 28.

290.622 Rejected or condemned weights and measures; disposition.

Sec. 22. Weights and measures that have been rejected or condemned and ordered corrected or disposed of under the authority of the director or of a sealer shall remain subject to the control of the rejecting authority until such time as suitable repair or disposition thereof has been made pursuant to this section. The owners of such rejected or condemned weights and measures shall cause the same to be made correct within a specified period authorized by the rejecting authority, or may dispose of the same but only in such manner as is specifically authorized by the rejecting authority.

HISTORY: New 1964, p. 535, Act 283, Eff. Aug. 28.

290.623 Commodities, liquid, nonliquid, measurement; exceptions.

Sec. 23. Commodities in liquid form shall be sold only by liquid measure or by weight, and commodities not in liquid form shall be sold only by weight, measure, or by count. However, liquid commodities may be sold by weight and nonliquid commodities may be sold by count only if such methods give accurate information as to the quantity of commodity sold. This section shall not apply to (1) commodities sold for immediate consumption on the premises where sold, (2) vegetables sold by the head or bunch, (3) commodities in containers standardized by a law of this state or by federal law, or (4) commodities in package form when there exists a general consumer usage to express the quantity in some other manner. The director may issue regulations necessary to assure that amounts of commodities sold are determined in accordance with good commercial practice and are so determined and represented as to be accurate and informative to all parties in interest.

HISTORY: New 1964, p. 535, Act 283, Eff. Aug. 28;—Am. 1968, p. 459, Act 264, Eff. Nov. 15.

290.624 Package labels; contents; allowable variations.

Sec. 24. Except as otherwise provided in this act, any commodity in package form kept for the purpose of sale, or offered or exposed for sale, shall bear on the outside of the package such definite, plain, legible and conspicuous declarations of (1) the identity of the commodity in the package unless the same can easily be identified through the wrapper or container, (2) the net quantity of the contents in terms of weight, measure or count, but the term "when packed" or any words of similar import, or any term qualifying a unit of weight, measure or count, such as "jumbo", "giant", "full" or the like, that tend to exaggerate the amount of commodity in a package, shall not be used, and (3) the name and place of business of the manufacturer, packer or distributor in the case of any package kept, offered or exposed for sale, or sold any place other than on the premises where packed as may be prescribed by regulation promulgated by the director. The director shall, by regulation, establish reasonable variations to be allowed, which may include variations below the declared weight or measure caused by ordinary and customary exposure to conditions that normally occur in good distribution practice and that unavoidably result in decreased weight or measure. Such regulations shall provide for exemptions for small packages and for commodities put up in variable weights or sizes for sale intact and either customarily not sold as individual units or customarily weighed or measured at time of sale to the consumer.

HISTORY: New 1964, p. 535, Act 283, Eff. Aug. 28;—Am. 1968, p. 459, Act 264, Eff. Nov. 15.

290.625 Package labels; random weights, measures or counts, additional declarations.

Sec. 25. In addition to the declarations required by section 24, any commodity in package form, which package is one of a lot containing random weights, measures or

counts of the same commodity and bears the total selling price of the package, shall bear on the outside of the package a plain and conspicuous declaration of the price per single unit of weight, measure or count.

HISTORY: New 1964, p. 536, Act 283, Eff. Aug. 28.

290.626 Packages; misleading wrappers.

Sec. 26. Any commodity in package form shall not be so wrapped, nor shall it be in a container so made, formed or filled as to mislead the purchaser as to the quantity of the contents of the package.

HISTORY: New 1964, p. 536, Act 283, Eff. Aug. 28.

290.627 Packages; advertisement, declaration of quantity.

Sec. 27. Whenever a commodity in package form is advertised in any manner and the retail price of the package is stated in the advertisement, there shall be closely and conspicuously associated with such statement of price a declaration of the basic quantity of contents of the package as is required by law or regulation to appear on the package, except that this section shall not apply to products for agricultural or horticultural use where the custom is to state the number of objects or amount of area which can be treated per package unit and the number or area is so stated. Where the law or regulation requires the declaration of net quantity to appear on the package in terms of more than 1 unit of weight or measure, only the smallest unit of weight or measure need be stated in the advertisement. In connection with the declaration the qualifying term "when packaged" or any other words of similar import, or any term qualifying a unit of weight, measure or count, for example, "jumbo", "giant", "full" and the like that tends to exaggerate the amount of commodity in the package, shall not be used.

HISTORY: New 1964, p. 536, Act 283, Eff. Aug. 28;—Am. 1968, p. 460, Act 264, Eff. Nov. 15.

290.628 Commodities; sale by weight, net weight.

Sec. 28. When any commodity is sold on the basis of weight, the net weight of the commodity shall be employed and all contracts concerning commodities shall be so construed.

HISTORY: New 1964, p. 536, Act 283, Eff. Aug. 28.

290.628a Meat, meat products, poultry and seafood sold by weight; food combination sold by weight, quantity representation by total weight of product or combination.

Sec. 28a. Except for immediate consumption on the premises where sold, or as 1 of several elements comprising a ready-to-eat meal sold as a unit for consumption elsewhere than on the premises where sold, all meat, meat products, poultry, whole or parts, and all seafood except shellfish, offered or exposed for sale or sold, as food shall be offered or exposed for sale and sold by weight. When meat, poultry or seafood is combined with or associated with some other food element or elements to form either a distinctive food product or a food combination, such food product or combination shall be offered or exposed for sale and sold by weight, and the quantity representation may be the total weight of the product or combination, and a quantity representation need not be made for each of the several elements of the product or combination.

HISTORY: Add. 1968, p. 460, Act 264, Eff. Nov. 15.

290.628b Commodity or service; sale by weight, measure or count; misrepresentation; display of price including fraction of a cent.

Sec. 28b. Whenever any commodity or service is sold, or is offered, exposed or advertised for sale, by weight, measure or count, the price shall not be misrepresented, nor shall the price be represented in any manner calculated or tending to mislead or deceive an actual or prospective purchaser. Whenever an advertised, posted or la-

beled price per unit of weight, measure or count includes a fraction of a cent, all elements of the fraction shall be prominently displayed and the numeral or numerals expressing the fraction shall be immediately adjacent to, of the same general design and style as, and at least 1/2 the height and width of the numerals representing the whole cents.

290.629 Obstruction of enforcement officers.

Sec. 29. Any person who shall hinder or obstruct in any way the director, deputy director, any inspector or a sealer or deputy sealer in the performance of his official duties shall be guilty of a misdemeanor.

HISTORY: New 1964, p. 536, Act 263, Eff. Aug. 28.

290.630 Impersonation of officers.

Sec. 30. Any person who shall impersonate in any way the director, deputy director, any inspector or a sealer or deputy sealer, by the use of his seal or a counterfeit, or in any other manner, shall be guilty of a misdemeanor.

HISTORY: New 1964, p. 536, Act 263, Eff. Aug. 28.

290.631 Prohibited acts.

Sec. 31. Any person who, by himself or by his servant or agent, or as the servant or agent of another person, performs any of the acts enumerated in this section shall be guilty of a misdemeanor.

(a) Use or have in possession for the purpose of using for any commercial purpose specified in section 10, sell, offer or expose for sale or hire, or have in possession for the purpose of selling or hiring, an incorrect weight or measure or any device or instrument used or calculated to falsify any weight or measure.

(b) Use or have in possession for current use in the buying or selling of any commodity or thing, or for hire or award, or in the computation of any basic charge or payment for services rendered on the basis of weight or measure, or in the determination of weight and measure when a charge is made for such determination, any weight or measure that has not been tested and sealed by the appropriate authority, (1) unless written notice has been given to the appropriate authority to the effect that such weight or measure is available for examination, or is due for re-examination, (2) unless permission to use such weight or measure has been received from the appropriate authority; or (3) unless such weight or measure has been exempted from sealing or testing requirements by the provisions of section 10 or by regulation of the director issued under the authority of section 8.

(c) Dispose of any rejected or condemned weight or measure in a manner contrary to law or regulation.

(d) Remove from any weight or measure, contrary to law or regulation, any tag, seal or mark placed thereon by the appropriate authority.

(e) Sell, or offer or expose for sale, less than the quantity he represents of any commodity, thing or service.

(f) Take more than the quantity he represents of any commodity, thing or service when, as buyer, he furnishes the weight or measure by means of which the amount of the commodity, thing or service is determined.

(g) Advertise, or offer or expose for sale, or sell any commodity, thing or service in a condition or manner contrary to law.

(h) Use in retail trade, except in the preparation of packages put up in advance of sale and of medical prescriptions, a weight or measure that is not so positioned that its indications may be accurately read and the weighing or measuring operation observed from some position which may reasonably be occupied by a customer.

(i) Violate any provision of this act or of the regulations promulgated under the provisions of this act for which a specific penalty has not been prescribed.

HISTORY: New 1964, p. 536, Act 283, Eff. Aug. 28.

290.632 Injunction.

Sec. 32. The director is authorized to apply to any court of competent jurisdiction for, and such court upon hearing and for cause shown may grant, a temporary or permanent injunction restraining any person from violating any provisions of this act.

HISTORY: New 1964, p. 537, Act 283, Eff. Aug. 28.

290.633 Proof of existence of weight, measure or device; presumption.

Sec. 33. Proof of the existence of a weight, measure or a weighing or measuring device in or about any building, enclosure, stand or vehicle in which or from which it is shown that buying or selling is commonly carried on, in the absence of conclusive evidence to the contrary, shall be presumptive proof of the regular use of such weight, measure or weighing or measuring device for commercial purposes and of such use by the person in charge of such building, enclosure, stand or vehicle.

Act 232, 1965, p. 396; Eff. Mar. 31, 1966.

AN ACT relating to the marketing of agricultural commodities; to provide for marketing programs, agreements, referendums by producers, assessments on producers, and commodity committees; and to prescribe the functions of the director of the department of agriculture relative thereto including powers of enforcement of this act.

The People of the State of Michigan enact:

290.651 Agricultural commodities marketing act; short title.

Sec. 1. This act shall be known and may be cited as the "agricultural commodities marketing act".

HISTORY: New 1965, p. 396, Act 232, Eff. Mar. 31, 1966.

290.652 Agricultural commodities marketing act; definitions.

Sec. 2. As used in this act:

(a) "Agricultural commodity" means all agricultural, horticultural, floricultural or vineyard products, livestock or livestock products, poultry or poultry products, Christmas trees, bees, maple syrup and honey, produced in this state, either in their natural state or as processed by the producer thereof. The kinds, types, and subtypes of products to be classed together as an agricultural commodity for the purposes of this act shall be determined on the basis of common usage and practice.

(b) "Producer" means any person engaged in the business of producing, or causing to be produced for any market, any agricultural commodity in quantity beyond his own family use, and having a value at first point of sale of more than \$800.00 for any one agricultural commodity in any one growing and marketing season within the last 3 years.

(c) "Handler" means any person engaged in the operation of packing, grading, selling, offering for sale or marketing any marketable agricultural commodity in commercial quantities as defined in a marketing program, who as owner, agent, or otherwise, ships or causes an agricultural commodity to be shipped.

(d) "Processor" means any person engaged in canning, freezing, dehydrating, fermenting, distilling, extracting, preserving, grinding, crushing, or in any other way preserving or changing the form of any agricultural commodity for the purpose of marketing it.

(e) "Distributor" means any person engaged in selling, offering for sale, marketing or distributing an agricultural commodity which he has purchased or acquired from a producer or which he is marketing on behalf of a producer, whether as owner, agent, employee, broker, or otherwise, but shall not include a retailer, except a retailer who purchases or acquires from, or handles on behalf of any producer, an agricultural commodity not previously subjected to regulations by the marketing program covering the commodity.

(f) "Department" means the state department of agriculture.

(g) "Director" means the director of the state department of agriculture.

(h) "Marketing agreement" means an agreement entered into, with the director, by producers, distributors, processors or handlers pursuant to this act and binding only on those signing.

(i) "Marketing program" means a program established by order of the director pursuant to this act, prescribing rules and regulations governing the marketing for processing, distributing, selling, or handling in any manner of any agricultural commodity produced in this state during any specified period and which he determines would be in the public interest.

(j) "Committee" means the commodity committee established under any marketing program.

HISTORY: New 1966, p. 366, Act 232, Eff. Mar. 31, 1966.

290.653 Marketing agreements; provisions allowed.

Sec. 3. Any marketing agreement or program issued pursuant to this act may contain one or more of the following:

(a) Provisions for establishing advertising and promotional programs.

(b) Provisions for establishing market development programs.

(c) Provisions for establishing and supporting supplemental research programs designed to improve the market acceptability of the specific commodity and contribute to the effectiveness of the program.

(d) Provisions for development and dissemination of market information.

(e) Provision for contracting with organizations, agencies or individuals for carrying out any of the above activities.

(f) Provisions for:

(1) Establishing standards for quality, condition or size for agricultural commodities sold as fresh products for resale or processing and standards for pack and/or container for commodities sold for use as fresh products.

(2) Inspection and grading of the fresh commodity in accordance with the grading standards so established.

(g) Provision for determining the existence and extent of any surplus in any marketing period, for any commodity or product, or of any grade, size, or quality thereof, and providing for handling and equitably sharing the cost of such surplus handling among the producers of the commodity. Before provisions under this paragraph are included in any marketing program, particular attention shall be given to determining that Michigan producers affected by the provisions produce a sufficient proportion of the product covered by the provisions for the program to be effective in the particular market toward which the provisions would be applicable.

(h) Provision for payment for all usable products purchased from producers according to established grades.

(i) Provision for exemption of nonparticipating producers.

HISTORY: New 1965, p. 397, Act 232, Eff. Mar. 31, 1966.

290.654 Inspection and grading; approved inspectors.

Sec. 4. For the purpose of this act, all inspection and grading shall be performed by or under the supervision of competently trained inspectors approved by the director or by inspectors supplied under cooperative agreement between the department and the United States department of agriculture.

HISTORY: New 1965, p. 397, Act 232, Eff. Mar. 31, 1966.

290.655 Assessments; collection, maximum.

Sec. 5. (a) Assessments shall be collected from each producer of any marketable agricultural commodity produced in this state and directly affected by a marketing program issued for the commodity to defray all program and administrative costs except as provided under subsection (i) of section 3.

(b) Each program shall specify the maximum assessment to be collected to cover program and administrative costs.

(c) For convenience the processors, distributors or handlers of the commodity may be required to collect and remit producer assessments. Processors, distributors or handlers paying the assessments for any producer may deduct the amount from any monies which they owe to the producers.

HISTORY: New 1965, p. 398, Act 232, Eff. Mar. 31, 1966;—Am. 1966, p. 155, Act 130, Imd. Eff. Jun. 23.

290.656 Marketing program; temporary suspension, duration.

Sec. 6. The operation of a marketing program, or any part thereof, may be temporarily suspended by the director upon recommendation by the committee for a period of not longer than 1 growing and marketing season if the program or part is deemed undesirable during such season.

HISTORY: New 1965, p. 398, Act 232, Eff. Mar. 31, 1966.

290.657 Commodity committee; membership, appointment, expenses, duties.

Sec. 7. (a) Any marketing program shall provide for the establishment of a commodity committee, to consist of an odd number of members with no less than 5 nor more than 15.

The members of the committee shall be appointed by the governor with the advice and consent of the senate from nominations received from the producers and handlers or processors of the commodity for which the marketing program is established. Nominating procedures, qualifications, representation, term of office and size of the committee shall be prescribed in the marketing program for which the committee is appointed. Each committee shall be composed of such producers and handlers or processors as are directly affected by the marketing program in such proportion of representation as the program shall prescribe.

(b) A member of a committee shall be entitled to his actual expenses, and per diem not to exceed \$20.00 per day while attending meetings of the committee or engaged in the performance of official responsibilities delegated by the committee.

(c) The duties and responsibilities of each committee shall be prescribed in the order establishing the program and to the extent applicable shall include the following duties and responsibilities:

(1) Developing administrative procedures relating to the marketing program.

(2) Recommending such amendments to the marketing program as seem advisable.

(3) Preparing the estimated budget required for the proper operation of the marketing program.

(4) Developing methods for assessing producers, and methods for collecting the necessary funds.

(5) Collecting and assembling of information and data necessary to the proper administration of the program.

(6) Performing any other duties necessary for the operation of the marketing program as agreed upon with the director.

HISTORY: New 1905, p. 396, Act 232, Eff. Mar. 31, 1906.

290.658 Deposit of moneys collected; expenditures.

Sec. 8. (a) Any moneys collected pursuant to this act shall not be state funds and shall be deposited in a bank or other depository in this state, allocated to the marketing program under which they are collected, and disbursed only for the necessary expenses incurred with respect to each such separate marketing program, in accordance with the rules established under the program.

(b) All expenditures shall be audited by the state auditor general, or by a certified public accountant at least annually, and within 30 days after completion thereof the state auditor general or certified public accountant shall give copies thereof to the members of the committee and the director. An activity and financial report shall be published annually and made available to interested parties.

HISTORY: New 1905, p. 396, Act 232, Eff. Mar. 31, 1906.

290.659 Refunds.

Sec. 9. Any moneys remaining from the assessments collected under a marketing program may be refunded at the close of any marketing season upon a pro rata basis to all persons from whom assessments were collected, or whenever the committee finds that the moneys may be necessary to defray the cost of operating this marketing program in succeeding marketing seasons, all or any portion of the moneys may be carried over into succeeding seasons. Upon termination of any marketing program, all moneys remaining and not required to defray the expenses of operating the marketing program shall be refunded on a pro rata basis to persons from whom assessments were collected. If the committee finds that the amounts so refundable are so small as to make impracticable the computation and refunding of the refunds, the moneys may be used to defray the expenses incurred by the department in the formulation, adoption, administration or enforcement of any subsequent marketing program for the commodity or for agricultural research for that commodity.

HISTORY: New 1905, p. 396, Act 232, Eff. Mar. 31, 1906.

290.660 Petition for program or amendment; notice, hearing, decision by director.

Sec. 10. (a) Whenever the director has received a petition signed by 25%, or 200, of the producers of an agricultural commodity, whichever is less, for the adoption of a marketing program or amendments to an existing marketing program, he shall give notice of a public hearing on the proposed marketing program or the proposed amendments to an existing marketing program. After receiving a petition for the establishment of a marketing program, the director may appoint a temporary producer committee to develop the proposed program to be considered at the public hearing.

(b) The director may require all handlers or processors of the agricultural commodity as individuals or through their trade associations to file with him within 30 days a report, properly certified, showing the correct names and addresses of all producers of the agricultural commodity from whom such handler or processor received such agricultural commodity in the marketing season next preceding the filing of such report.

The information contained in the individual reports of handlers or processors filed with the director pursuant to provisions of this section shall not be made public by the director, nor available to anyone for private use.

(c) The director shall issue a decision within 45 days after the close of the hearing based upon his findings, and deliver, by mail or otherwise, copies of the findings and recommendation, approving or disapproving of the proposed program to all parties of record appearing at the hearing and any other interested parties. The recommendation shall contain the text in full of any proposed program or amendment of an existing program. The recommendation shall be substantially within the purview of the notice of hearings and shall be supported by evidence taken at the hearing or by documents of which the director is authorized to take official notice.

HISTORY: New 1965, p 369, Act 232, Eff. Mar. 31, 1966.

290.661 Referendum; conditions for assent.

Sec. 11. After recommending the adoption or amendment of a marketing program, the director shall determine by a referendum whether the affected producers and processors if provisions under section 3(g) are part of the proposed program assent to the proposed action. The director shall conduct the referendum within 45 days after the issuance of the recommendation. The affected producers shall be deemed to have assented to the proposal if either of the following conditions are met:

(a) If 66 ⅔% or more by number of those voting representing 51% or more of the volume of the affected commodity produced by those voting assent to the proposal.

(b) If 51% or more by number of those voting representing 66 ⅔% or more of the volume of the affected commodity produced by those voting assent to the proposal.

The affected processors, if provisions under section 3(g) are in the program, shall be deemed to have assented to the proposal if either of the following conditions are met:

(a) If 66 ⅔% or more by number of those voting representing 51% or more of the volume of the affected commodity processed by those voting assent to the proposal.

(b) If 51% or more by number of those voting representing 66 ⅔% or more of the volume of the affected commodity processed by those voting assent to the proposal.

No program involving provisions under section 3(g) shall be instituted without assent of both the affected producers and the affected processors.

HISTORY: New 1965, p. 399, Act 232, Eff. Mar. 31, 1966.

290.662 Referendum; director to establish procedures for determination of volume.

Sec. 12. The director shall establish procedures for determination of volume for the conduct of referendums and other necessary procedures. For the purpose of referendums under this act, a producer is entitled to 1 vote representing a single firm, individual proprietorship, corporation, company, association, partnership, husband-wife or family ownership.

HISTORY: New 1965, p. 400, Act 232, Eff. Mar. 31, 1966.

290.663 Termination of program; petition, hearing, recommendation, referendum.

Sec. 13. (a) Upon written petition duly signed by 25%, or 200, of the producers affected by the program, whichever is less, the director shall, within 30 days, give 10 days' notice and hold a hearing on termination of a program.

(b) Within 30 days after the close of the hearings, the director, after consulting with the committee, shall issue a recommendation, give public notice, and notify all producers of record, all parties appearing at the hearing and any other interested parties.

(c) The director, upon recommending termination of a marketing program, shall, within 30 days, conduct a referendum to determine whether the affected producers

assent to the proposed action. The affected producers shall be deemed to have assented to the termination of the program if 51% or more by number of those voting, representing 51% or more of the volume of those voting, vote in favor of its termination.

HISTORY: New 1965, p. 400, Act 232, I.H. Mar. 31, 1966.

290.664 Program approved by referendum; duties of director.

Sec. 14. If a program has been approved in referendum, the director shall:

- (a) Insure that the program is self-supporting.
- (b) Supervise all committee activities to assure program operations are in accord with the rules established under the program as approved by the referendum.
- (c) Coordinate administrative activities between the committee and the department.
- (d) Confer and cooperate with the legally constituted authorities of other states and the United States.

HISTORY: New 1965, p. 400, Act 232, I.H. Mar. 31, 1966.

290.665 Proposed programs; necessary provisions.

Sec. 15. Any proposed marketing program adopted pursuant to this act shall include definition of terms, purpose of the program, the maximum rate of assessment, method of collection, nominating procedure, qualifications, representation and size of the committee, and other necessary provisions.

HISTORY: New 1965, p. 400, Act 232, I.H. Mar. 31, 1966.

290.666 Deposit by applicants of funds for expenses; reimbursement.

Sec. 16. Prior to the adoption of a marketing program, the director may require the applicants therefor to deposit with him such funds as he deems necessary to defray the expenses of preparing and establishing the marketing program. The funds shall be received, deposited and disbursed by the director in the same manner as other fees received by him under this act. The applicants shall be reimbursed in the amount of the deposit from fees received under such program, if established.

HISTORY: New 1965, p. 400, Act 232, I.H. Mar. 31, 1966.

290.667 Marketing agreements with producers, handlers and others; effective date.

Sec. 17. The director may enter into marketing agreements with producers, handlers or other parties where such agreements will tend to supplement or aid in the accomplishment of the objectives of a marketing program.

The execution of a marketing agreement shall not affect the adoption, administration or enforcement of any marketing program under this act. The director may hold a concurrent hearing upon a proposed marketing agreement and a proposed marketing program in the manner provided in this act, giving due notice and opportunity for hearing for a marketing agreement. When a marketing agreement is proposed for any commodity, the director shall call a public hearing, and the decision to enter into or not enter into a marketing agreement shall be subject to the same requirements for justification on the basis of factual evidence introduced at the hearing. A marketing agreement, if recommended by the director, shall become effective when signed by the director and the other parties to the agreement.

Act 100, 1956, p. 189; Eff. Jul. 1.

AN ACT to provide for the control and conduct of certain state agricultural and industrial fairs; to create a Michigan state fair commission, and to prescribe its powers and duties; to provide for a chief administrative officer of the commission and to prescribe his duties and powers; to designate the method of financing the state fair; and to repeal certain acts and parts of acts.

The People of the State of Michigan enact:

291.1 Michigan state fair commission; members, term, vacancies, removal, compensation, expenses, officers.

Sec. 1. There is hereby created the Michigan state fair commission which shall possess the powers and perform the duties hereby granted and imposed. The commission shall be composed of 20 members to be appointed by the governor, by and with the consent of the senate, for terms of 4 years each, of which 10 shall be direct representatives of agriculture: Provided, That the present members of the board of managers of state fairs as provided under the provisions of section 4 of Act No. 13 of the Public Acts of 1921, as amended, being section 285.4 of the Compiled Laws of 1948, shall be members of the Michigan state fair commission under this act until the expiration of their respective terms of office, or in a case of vacancy the appointment shall be made by the governor, by and with the consent of the senate, for the unexpired term. Members of the commission may be removed by the governor for malfeasance, misfeasance

or nonfeasance in office. The members of the commission shall be entitled to \$15.00 per day for each day actually expended in attending meetings of the commission or for work performed in connection with said fair and shall be entitled to their actual and necessary expenses: Provided, That such compensation and expenses shall not exceed the amount annually appropriated by the legislature for such purposes. The said commission shall select a chairman and other officers from its own membership.

HISTORY: New 1956, p. 189, Act 100, Eff. Jul. 1.

CITED IN OTHER SECTIONS: Sections 291.1 to 291.11 are cited in § 291.22.

291.2 State fair commission; state fair and other exhibitions; rules and regulations.

Sec. 2. The Michigan state fair commission is hereby authorized to conduct an annual state fair and other exhibitions or events for the purpose of promoting all phases of the economy of Michigan. Such state fair and such other exhibitions or events shall have for their main purpose the encouragement and utilization of improved methods in agricultural, industrial and commercial pursuits. The members of said commission shall have the power to adopt rules and regulations governing its organization and procedures, and shall establish the policies for the operation of the state fair and other exhibitions or events. Such rules and regulations shall be adopted and promulgated in accordance with Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82, inclusive, of the Compiled Laws of 1948, and Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110, inclusive, of the Compiled Laws of 1948.

HISTORY: New 1956, p. 190, Act 100, Eff. Jul. 1.

291.3 State fair commission; general manager, authority, salary, term.

Sec. 3. The Michigan state fair commission shall appoint a general manager to direct the activities of the state fair. Said general manager shall have final authority over the administration and business operation of the state fair, subject to the policies established by the commission. The general manager shall receive such salary as shall be established by law: Provided, however, That the general manager shall be appointed for a period of not to exceed 2 years.

HISTORY: New 1956, p. 190, Act 100, Eff. Jul. 1.

291.4 State fair commission; contracts for services.

Sec. 4. The Michigan state fair commission is hereby authorized, in staging the state fair and other exhibits or events, to enter into contracts for the various services which it deems necessary. The contracts for such services may be entered into for such period as deemed necessary and practical by said commission, but in any event, not to exceed 5 years.

HISTORY: New 1956, p. 190, Act 100, Eff. Jul. 1.

291.5 State fair commission; control of lands for agricultural and industrial fairs.

Sec. 5. The control of all lands and other property that now is or hereafter may be vested in the state of Michigan, or in the people of said state, for the purpose of holding and conducting agricultural and industrial fairs, is hereby transferred from the state department of agriculture and vested in the Michigan state fair commission, herein created. Said commission is authorized to accept, on behalf of the state, grants and conveyances of property for such purposes or for any other purposes within the scope of this act, and to consent to conditions affecting the use thereof as may be agreed upon. All grants and conveyances shall be taken in the name of the people of the state of Michigan.

HISTORY: New 1956, p. 190, Act 100, Eff. Jul. 1.

291.6 State fair commission; lease, concession and sale of state fair grounds.

Sec. 6. The said commission is hereby authorized to lease or concede the state fair grounds or any portion or portions thereof, and any building or buildings on said grounds for such purposes deemed by the commission as consistent with the staging of the state fair and other exhibitions or events. The Michigan state fair commission may lease said properties to private and public organizations for a period not to exceed 5 years for such considerations as may be established by the said commission. The Michigan state fair commission may also grant leases for any portion or portions of the state fair grounds to private and public organizations conditional upon construction and improvements to be financed by the lessees for terms in excess of 5 years but not to exceed 20 years, subject to the approval of the state administrative board: Provided, That any such lease shall terminate upon sale of the state fair grounds by the state of Michigan: Provided further, That in case of such sale, said lessee will be reimbursed for that part of the original cost of such construction or improvement in the same ratio as the remaining years in the lease bears to the terms of the lease and that depreciation is first subtracted from original costs, and the remainder therefrom is prorated: Provided, however, That such use of the state fair grounds or any portion thereof or of any or all of the buildings on said grounds as granted by the Michigan state fair commission shall not interfere with the preparation for or holding of the Michigan state fair and other exhibitions or events.

HISTORY: New 1956, p. 190, Act 100, Eff. Jul. 1.

291.7 State fair commission; state fair and other exhibits; buildings, expenses, revenues.

Sec. 7. The conduct of the annual state fair and other exhibits or events, and the custody and maintenance of the buildings and grounds, shall be financed from appropriations made by the legislature for those purposes. The expenses of the Michigan state fair commission in staging the fair and in the custody and maintenance of the buildings and grounds shall be paid from such appropriations in accordance with the accounting procedures and laws of the state. All revenues derived from the state fair and other exhibits or events, and from the leasing of the buildings and grounds, or any portion or portions thereof, shall be credited to the general fund of the state.

HISTORY: New 1956, p. 191, Act 100, Eff. Jul. 1.

291.8 State fair commission; report, audit.

Sec. 8. The Michigan state fair commission, through its general manager shall submit prior to February 1, a complete financial and operation report for the prior calendar year of operation to the governor, and to the president of the senate and the speaker of the house, both of whom shall refer such report to the proper standing committees. An annual audit of the records and operations of the Michigan state fair commission shall be made by the auditor general of the state.

AN ACT to provide for the protection and conservation of the natural resources of the state; to provide and develop facilities for outdoor recreation; to create a conservation department; to define the powers and duties thereof; to provide rules and regulations concerning the use and occupancy of lands and property under its control and penalties for the violation thereof; to provide for the transfer to said department of the powers and duties now vested by law in certain boards, commissions and officers of the state; and for the abolishing of the boards, commissions and offices the powers and duties of which are hereby transferred. Am. 1927, p. 812, Act 337, Eff. Sep. 5.

The People of the State of Michigan enact:

299.1 Department of conservation; creation, powers and duties; commission of conservation, appointment, terms, meetings, compensation; oath; director, salary, vacancy.

Sec. 1. There is hereby created a department of conservation for the state of Michigan which shall possess the powers and perform the duties hereby granted and im-

posed. The general administration of said powers and duties shall be vested in a commission of conservation which shall be composed of 7 members appointed by the governor, subject to confirmation by the senate. The members of said commission shall be selected with special reference to their training and experience along the line of 1 or more of the principal lines of activities vested in the department of conservation and their ability and fitness to deal therewith: Provided, That 2 of these members shall reside in the upper peninsula. The term of office of each member of the commission shall be six years: Provided, That of those first appointed, 3 shall be appointed for 2 years, 2 for 4 years and 2 for 6 years. The governor shall fill any vacancy occurring in the membership of the commission and may remove any member of the commission for cause after a hearing. Each member of this commission shall hold his office until the appointment and qualification of his successor. The commission, after having qualified, shall within 30 days and annually thereafter meet at its office in Lansing and organize by electing a chairman and appointing a secretary, who need not be a member of the commission. Four members of said commission shall constitute a quorum for the transaction of business. Meetings may be called by the chairman and shall be called on request of a majority of the members of the commission and may be held as often as necessary and at other places than the commissioners' offices at Lansing: Provided, That 1 meeting shall be held each month. The commission shall appoint and employ a director of conservation who shall continue in office at the pleasure of the commission and who shall receive a salary of not to exceed \$12,000.00 per annum. The director shall appoint with the approval of the commission a deputy director and such assistants and employees as may be necessary to carry out the provisions of this act, or of any other law of the state affecting the powers and duties of said department. The deputy director is hereby authorized to perform any duty or exercise any power conferred by law upon the director whenever and to the extent such duty and power shall be delegated to him by the director. Should there be a vacancy in the office of director, or should he be unable to perform his duties or be absent from the state, all of the powers and duties of the director as prescribed by law shall devolve upon the deputy director until such time as the vacancy is filled, or the director's inability or absence from the state ceases. The compensation of said deputy director and all such assistants and employees and the number thereof shall be subject to the approval of the state administrative board. The members of the commission shall receive no compensation hereunder, but each such member, and the other officers and employees of the department, shall be entitled to reasonable expenses while traveling in the performance of any of the duties hereby imposed. All salaries and expenses authorized hereunder shall be paid out of the state treasury in the same manner as the salaries of other state officers and employees are paid. It shall be the duty of the board of state auditors to furnish suitable offices and office equipment, at the city of Lansing, for the use of the conservation department. Each member of the commission and the director of conservation shall qualify by taking and subscribing the constitutional oath of office, and filing same in the office of the secretary of state.

CITED IN OTHER SECTIONS: The above section is cited in § 16.352.

299.2 Department of conservation; transfer of powers and duties from abolished commissions and boards; records; rules and regulations; mineral products, contracts for taking and storage; game and fish protection fund moneys.

Sec. 2. The powers and duties now vested by law in the public domain commission; the state game, fish and forest fire commissioner, the state board of fish commissioners; the geological survey; and the Michigan state park commission are hereby trans-

ferred to and vested in the conservation department. Whenever, in any law of the state, reference is made to any board, commission or officer whose powers and duties are thus transferred, reference shall be deemed to be made to the conservation department. On the taking effect of this act the public domain commission, the state board of fish commissioners, the geological survey, the Michigan state park commission, and the office of state game, fish, and forest fire warden shall be abolished; and all records, files and papers of every nature pertaining to the functions thereof shall be turned over to the conservation department, to be preserved as a part of the records and files of the department hereby created. Any hearing or other proceeding pending before any commission or board hereby abolished shall not be abated but shall be carried on and determined by the commission of conservation in accordance with the provisions of the law governing such hearing and proceeding. The commission hereby created may adopt such rules and regulations, not inconsistent with law, governing its organization and procedure, and the administration of the provisions of this act, as may be deemed expedient. Said commission may also make and enforce reasonable rules and regulations concerning the use and occupancy of lands and property under its control; may provide and develop facilities for outdoor recreation; may conduct such investigations as it may deem necessary for the proper administration of this act; and may remove and dispose of forest products, incidental as required for the protection, reforestation and proper development and conservation of the lands and property under its control. The said commission is hereby empowered to make contracts with persons, firms, associations and corporations for the taking of coal, oil, gas and other mineral products from any state owned lands, upon a royalty basis or upon such other basis and upon such terms as to said commission shall be deemed just and equitable: Provided, That said powers shall include and shall be deemed to have included the making of contracts as aforesaid for the storage of gas or other mineral products in or upon any state-owned lands: Provided, however, That the consent of the state agency having jurisdiction and control of the state owned land be first obtained: Provided further, That no such contract, for the taking of coal, oil, gas or other mineral products, or for the storage of gas or other mineral products, shall be valid unless same shall have been approved by the state administrative board. All moneys received from this source, except moneys received from lands acquired with game and fish protection funds, shall be turned into the general fund of the state to be used for the purpose of defraying the expenses incurred in the administration of this act and such other purposes as are or may be provided by law. From lands acquired with game and fish protection funds such moneys shall be turned into the game and fish protection fund and used only for the purposes provided by law.

299.3 Department of conservation; duties; natural resources, outdoor recreation; destruction of timber; reforestation; pollution; protection of game and fish; gifts; acquisition and lease of property.

Sec. 3. The department of conservation shall protect and conserve the natural resources of the state of Michigan; provide and develop facilities for outdoor recreation; prevent the destruction of timber and other forest growth by fire or otherwise; promote the reforestation of forest lands belonging to the state; prevent and guard against the pollution of lakes and streams within the state, and enforce all laws provided for that purpose with all authority granted by law, and foster and encourage the protecting and propagation of game and fish. On behalf of the people of the state the commission of conservation may accept gifts and grants of land and other property and shall have authority to buy, sell, exchange or condemn land and other property, for any of

the purposes contemplated by this act. The department of conservation may accept funds, moneys or grants for development of salmon and steelhead trout fishing in this state from the government of the United States, or any of its departments or agencies, pursuant to federal Public Law 89-304 and may use the same in accordance with the terms and provisions thereof: Provided, That the acceptance and use of federal funds commits no state funds and places no obligation upon the legislature to continue the purposes for which the funds are made available.

The department of conservation may lease lands owned or controlled by it which have been designated for use for recreational purposes, but only to responsible legal units, within this state, of national or state recognized groups devoted principally to development of character and citizenship training and physical fitness of youth, the financial support of which is by voluntary public subscriptions or contributions, and the property of which is exempt from taxation under the laws of this state. The department of conservation shall also have the authority to lease land in the Porcupine mountain state park to third parties for such purposes as it shall consider desirable. Any lease so made shall contain provisions limiting the purposes for which the land so leased is to be used and a provision authorizing the department of conservation to terminate the lease upon a finding that the land is being used for purposes other than as so limited or contrary to the intent hereof.

299.3a Conservation commission; rules and regulations for protection of lands and property; misdemeanor.

Sec. 3a. The commission of conservation shall make such rules for protection of the lands and property under its control against wrongful use or occupancy as will insure the carrying out of the intent of this act to protect the same from depredations and to preserve such lands and property from molestation, spoilation, destruction or any other improper use or occupancy. Nothing herein contained shall be deemed as allowing the commission of conservation to make any rule which applies to commercial fishing except as provided by law. Rules affecting the use and occupancy of such lands and property shall be promulgated in accordance with Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948. A violation of any such rule is a misdemeanor.

AN ACT to protect and preserve, and to regulate the taking of aboriginal records and antiquities within the state of Michigan, and to provide penalties for the violation of this act.

The People of the State of Michigan enact:

299.51 Aboriginal records and antiquities; exclusive right of state, exceptions.

Sec. 1. The state of Michigan reserves to itself the exclusive right and privilege, except as hereinafter provided, of regulating, exploring, excavating or surveying, through its authorized officers, agents, or employes, all aboriginal records and other antiquities, including mounds, earthworks, forts, burial and village sites, mines or other relics found upon or within any of the lands owned by or under the control of the state: Provided, That the restrictions of this act shall not apply to the exploring, excavating or surveying being done by any university, college or other organization solely for scientific purposes where the work of such exploring, excavating or surveying has been started and the intention of such university, college or other organization is to follow up the work. To continue with such exploring the authorities in charge of the work must have permission from the property owner or owners and with such permission may continue such scientific exploration without a permit from the director of conservation.

AN ACT to authorize participation by this state and its subdivisions in programs of federal assistance relating to the planning and development of outdoor recreation resources and facilities; and to prescribe the functions of the department of conservation related thereto.

The People of the State of Michigan enact:

299.111 Outdoor recreation; comprehensive plan.

Sec. 1. The department of conservation is authorized to prepare, maintain and keep up-to-date a comprehensive plan for the development of the outdoor recreation resources of the state.

HISTORY: New 1965, p. 602, Act 316, Imd. Eff. Jul. 22.

299.112 Federal aid programs.

Sec. 2. The department of conservation may apply to any appropriate agency or officer of the United States for participation in or the receipt of aid from any federal program respecting outdoor recreation. It may enter into contracts and agreements with the United States or any appropriate agency thereof, keep financial and other records relating thereto, and furnish to appropriate officials and agencies of the United States such reports and information as may be reasonably necessary to enable such officials and agencies to perform their duties under such programs. In connection with obtaining the benefits of any such program, the department of conservation shall coordinate its activities with and represent the interests of all agencies and subdivisions of the state having interests in the planning, development and maintenance of outdoor recreation resources and facilities.

HISTORY: New 1965, p. 602, Act 316, Imd. Eff. Jul. 22.

299.113 Federal aid programs; federal land and water conservation fund apportionment of funds to subdivisions of state.

Sec. 3. Grants-in-aid received from the federal land and water conservation fund shall be deposited in the state treasury and disbursed to agencies and subdivisions

the state upon authorization of the department of conservation. Such apportionments of federal funds received on or before June 30, 1968, shall be made available in the ratio of 50 per centum for state projects and 50 per centum for projects proposed by subdivisions of the state, but the director of the Michigan department of conservation may vary said percentages by not more than 10 points either way to meet the current relative needs for recreational lands and facilities as indicated by the comprehensive recreational plan. In the apportionment of funds to subdivisions of the state the director of conservation shall give special consideration to those subdivisions where population density and land and facility needs are greatest.

HISTORY: New 1965, p. 602, Act 316, Imd. Eff. Jul. 22.

299.114 Federal land programs; appropriations; contracts on behalf of state subdivisions.

Sec. 4. The department of conservation shall make no commitment or enter into any agreement pursuant to an exercise of authority under this act until the legislature has appropriated sufficient funds to it for meeting the state's share, if any, of project costs. It is the legislative intent that, to such extent as may be necessary to assure the proper operation and maintenance of areas and facilities acquired or developed pursuant to any program participated in by this state under authority of this act, such areas and facilities shall be publicly maintained for outdoor recreation purposes. The department of conservation may enter into and administer agreements with the United States or any appropriate agency thereof for planning, acquisition and development projects involving participating federal-aid funds on behalf of any subdivision of this state, if such subdivision gives necessary assurances to the department of conservation that it has available sufficient funds to meet its share, if any, of the cost of the project and that the acquired or developed areas will be operated and maintained at the expense of the subdivision for public outdoor recreation use.

AN ACT to provide for the better protection and preservation of fish, game and fur-bearing animals and game birds, protected by the laws of this state; to provide a method by which the taking or killing thereof may be regulated and the open season for the taking or killing thereof suspended or abridged in any designated waters or area of this state; to provide for special fisheries research and regulations therefor; to provide a penalty for the violation thereof, and to repeal Act No. 9 of the Public Acts of 1917, as amended by Act No. 156 of the Public Acts of 1921. Am. 1945, p. 357, Act 252, Imd. Eff. May 25.

The People of the State of Michigan enact:

300.1 Fish, game or birds; regulatory powers of commission.

Sec. 1. The commission of conservation of the department of conservation of this state shall, in accordance with the provisions of this act, have power to regulate the taking or killing of all fish, game and fur-bearing animals and game birds protected by the laws of this state, and may suspend or abridge the open season provided by law for

the taking or killing of any such fish, animals or game birds in any designated waters or area of this state, whenever in the opinion of said commission of conservation it becomes necessary to assist in the increased or better protection of such fish, game or fur-bearing animals or game birds, or of any particular kinds or species of the same, which may in the opinion of said commission be threatened from any cause or causes with depletion or extermination in said waters or area, and for the purpose of such regulation, suspension, or abridgement, said commission of conservation is hereby empowered to make and promulgate any and all orders and regulations necessary to carry out the provisions of this act and as in this act provided, on the recommendation of the director of conservation after a thorough investigation has been made by him.

HISTORY: CL 1929, 6138;—CL 1948, 300.1.

CITED IN OTHER SECTIONS: Sections 300.1 to 300.5 are cited in § 24.307.

300.2 Fish, game or birds; definitions.

Sec. 2. As used in this act:

(a) "Waters" mean any single or individual inland lake, stream, river, pond or other single or individual body of water including the Great Lakes and connecting waters or any part or portion thereof, and any and all chains, systems or combinations of the same, in any township or townships, county or counties, within this state and in which any species of fish or waterfowl are protected by the laws of this state.

(b) "Area" means the whole of the state and the whole or any designated portion of any township or townships, county or counties within the state.

HISTORY: CL 1929, 6139;—CL 1948, 300.2;—Am. 1968, p. 136, Act 82, Eff. Nov. 15.

300.3 Conservation commission orders protecting fish, game or birds; contents, filing, publication of orders; fisheries research; experimental game management areas.

Sec. 3. Whenever the commission of conservation shall determine that any such fish, game or fur-bearing animals or game birds or any kinds or species of the same, are in danger of depletion or extermination and require additional protection in any designated waters or area within the state, the commission may make and promulgate an order suspending or abridging the open season on fish, game or fur-bearing animals or game birds, or may regulate the taking or killing thereof in the waters or area as in the judgment of the commission may be necessary or expedient for the further protection of fish, game or fur-bearing animals or game birds in such waters or area, and shall in the order clearly specify the manner and condition relative to the taking or killing in them. All such orders shall clearly and distinctly describe and set forth the waters or area affected by each order, and whether it is applicable to all fish, game or fur-bearing animals or game birds, or only to certain kinds or species designated therein and shall also clearly specify and set forth the length of time, which shall in no case exceed 5 years, which the order shall remain in force and effect. Such order shall be published at least 21 days but not more than 60 days prior to the taking effect thereof, and at least once annually thereafter while in force, in at least 1 newspaper, if any there be, published in each county, the whole or any portion of which is affected by the order, the first mentioned publication to appear at least once in each week for 3 successive weeks. A copy of the order as printed in the paper shall be filed with the clerk of each county. Proof by affidavit of the newspaper publication shall be filed with the commission, and a copy of the order, so long as it shall remain in force and effect, shall be included and printed in the authorized biennial compilation of the Michigan fish and game laws. The original of all such orders on file in the Lansing office of the department of conservation shall be under the seal of the department of conservation and shall bear the signatures of the chairman and secretary of the commission and shall be countersigned by the director of conservation. The conservation commission

shall have authority to establish the seasons, size limits, creel limits and methods of taking fish in certain designated inland lakes not to exceed 20 in number at any one time and in certain designated streams or portions of streams not to exceed 10 in number at any one time for the purpose of fisheries research. The conservation commission is authorized to establish not to exceed 1 experimental game management area which shall not exceed 40,000 acres in size, 4 experimental game management areas not to exceed 5,000 acres each in size, and 1 experimental game management area which shall include Beaver island in its entirety and the 4 islands which comprise the Little Beaver islands state game area, and shall have authority to establish rules and regulations governing the kind of game which may be taken thereon and the time, place and manner or method of taking same.

300.4 Suspended open season; rescission or modification; exception.

Sec. 4. Whenever in any waters or area in which the open season, during which any species of fish, game or fur-bearing animals or game birds may be taken or killed, have been suspended or abridged by any order of the commission of conservation as herein provided, and while such order is still in force, it shall appear to the satisfaction of said commission of conservation that the conditions existing in said waters or area no longer demand such additional protection for such species, the said commission shall cause a thorough investigation to be made of such waters and area, and the conditions therein prevailing; and if from such investigation said commission shall be satisfied that by reason of the increase of said fish, game or fur-bearing animals or game birds, protected by said order in said waters or area, or the removal of the cause threatening said species with depletion or extermination, the additional protection afforded by said order is no longer needed, said commission may, in their discretion, rescind or modify said original order, and notices of the rescinding or modifying of the order shall be published in the same manner as notice of the original order and filed in like manner in the office of the clerk of each county: Provided, That this act shall not be construed to suspend, abridge or regulate the open seasons established by law for the taking of fish for commercial purposes from the waters of lakes Superior, Michigan, Huron, Erie and the bays thereof.

COMMERCIAL FISHING: See Act 84 of 1929, being Compilers' § 308.1 et seq.

300.5 Violation; misdemeanor, penalty.

Sec. 5. Any person who shall take or kill any fish, game or fur-bearing animal or game bird, contrary to the terms or provisions of any order or regulation of the commission of conservation, made, promulgated and published as in this act provided, and during the time said order or regulation shall remain in force, and effect, or who shall in any manner whatsoever violate any of the provisions of this act or of any order or regulation made, promulgated and published according to the terms hereof, shall be deemed guilty of a misdemeanor and upon conviction thereof, for the first offense, shall be punished by a fine of not more than 100 dollars, or imprisonment in the county jail not to exceed 60 days, and for each and every second or subsequent offense by said person, when charged as such, he shall be punished by a fine of not less than 50 dollars nor more than 250 dollars and imprisonment in the county jail where said conviction is had or in the Detroit house of correction not less than 20 nor more than 90 days.

ACT REPEALED: Act 9, 1917.

Act 192, 1929, p. 509; Eff. Aug. 28.

AN ACT to prescribe certain powers and duties of the director of conservation; to provide for the enforcement of the laws relative to the protection, propagation or preservation of wild birds, wild animals and fish; to provide for the enforcement of laws pertaining to the powers and duties of the director of conservation or the commission of conservation; to provide for the condemnation of property seized for violation of such statutes and laws; and to declare as peace officers the director of conservation and any officer appointed by him and to vest in him and them all the powers, privileges, prerogatives and immunities of peace officers under the general laws of the state. Am. 1950, Ex. Ses., p. 38, Act 24, Imd. Eff. Jun. 7.

The People of the State of Michigan enact:

300.11 Director of conservation; enforcement of laws for protection of wild game and fish.

Sec. 1. It shall be the duty of the director of conservation and of any officer appointed by him to enforce the statutes and laws of this state for the protection, propagation or preservation of wild birds, wild animals and fish, now in force or hereafter enacted; to enforce the provisions of all other laws of this state now existing or hereafter enacted or promulgated which pertain to the powers and duties of the director of conservation or the commission of conservation; to bring or cause to be brought or to prosecute or cause to be prosecuted actions and proceedings in the name of the people of the state for the purpose of punishing any person for the violation of said statutes or laws. Such actions and proceedings shall be brought in the name of the people in like cases in the same courts and under the same procedure as they may now or may hereafter be brought by any individual or by the prosecuting attorneys of the several counties under and by virtue of any statute or law now existing or hereafter enacted.

HISTORY: CL 1929, 6144;—Am. 1943, p. 172, Act 135, Eff. Jul. 30;—CL 1948, 300.11;—Am. 1950, Ex. Ses., p. 38, Act 24, Imd. Eff. Jun. 7.
FORMER ACTS: Act 290 of 1921; Act 101 of 1925.

300.12 Director of conservation; prosecution; search without warrant; private property, definition; common carrier not liable; issuance of warrant; seizures; probable cause.

Sec. 2. The director of conservation, or any officer appointed by him, may make complaint and cause proceedings to be commenced against any person for a violation of any of the laws or statutes mentioned in section 1 of this act, without the sanction of the prosecuting attorney of the county in which such proceedings are commenced, and in such case, such officer shall not be obliged to furnish security for costs. Said director, or any of said officers, may appear for the people in any court of competent jurisdiction in any cases for violation of any of said statutes or laws, and prosecute the same in the same manner and with the same authority as the prosecuting attorney of any county in which such proceedings are commenced, and may sign vouchers for the payment of jurors' or witness' fees in such cases in the same manner and with the same authority as prosecuting attorneys in criminal cases. Whenever any of said officers have probable cause to believe that any of the aforesaid statutes or laws have been or are being violated by any particular person they shall have power to search, without warrant, any boat, conveyance, vehicle, automobile, fish box, fish basket, game bag, game coat, or any other receptacle or place, except dwellings or dwelling houses, or within the curtilage of any dwelling house in which nets, hunting or fishing apparatus or appliances, wild birds, wild animals or fish may be possessed, kept or carried by such person, and any of said officers may enter into or upon any private or public property for such purpose or for the purpose of patrolling or investigating, or examining when he has probable cause for believing that any of the aforesaid statutes or laws

have been or are being violated thereon. The term "private property" as used herein shall not include dwellings or dwelling houses, or that which is within the curtilage of any dwelling house. Said officer shall at any and all times seize and take possession of any and all nets, hunting or fishing apparatus or appliances or other property, wild birds, wild animals, or fish, or any part or parts thereof, which have been caught, taken, killed, shipped, or had in possession or under control, at a time, in a manner or for a purpose, contrary to any of the aforesaid statutes or laws, and such seizure may be made without a warrant. No common carrier shall be held responsible in damages or otherwise to any owner, shipper, or consignee by reason of any such seizure. When complaint shall be made on oath to any magistrate authorized to issue warrants in criminal cases, that any wild birds, wild animals, or fish, or any part or parts thereof, or any nets, hunting or fishing apparatus or appliances or other property, have been or are being killed, taken, or caught, or had in possession, or had under control or shipped, contrary to the aforesaid statutes or laws, and that the complainant believes same to be stored, kept or concealed in any particular house or place, such magistrate, if he be satisfied that there is probable cause for such belief, shall issue a warrant to search for such property. Such warrant shall be directed to the director of conservation or any officer appointed by him, or to any other peace officer. All wild birds, wild animals, or fish, or nets, or boats, or fishing or hunting appliances or apparatus, or automobiles, or other property, of any kind seized by any of said officers shall be turned over to the director of conservation to be held by him subject to the order of the court as hereinafter provided.

For the purposes of this act, "probable cause" or "probable cause to believe" shall be considered to be present on the part of a peace officer where there are facts which would induce any fair-minded man of average intelligence and judgment to believe that a law or statute had been violated or was being violated contrary to any of the aforesaid statutes or laws.

HISTORY: CL 1922, 6145;—CL 1948, 300.12;—Am. 1950, Ex. Ses., p. 39, Act 24, Imd. Eff. Jun. 7.

300.13 Complaints; contents, filing; order to show cause; service; posting or publication; property forfeited to state; return of property.

Sec. 3. When the property seized shall not exceed \$300.00 in value as appraised by the officer, the officer making the seizure shall make a complaint before any justice of the peace of the county, which complaint shall be under oath and shall contain a description of the property seized, the time and place of seizure and the reason or reasons for such seizure. Upon the filing of said complaint the justice with whom the same is filed shall issue an order to the owner of such property, if known, to show cause, if any, why the property mentioned in said complaint should not be condemned and confiscated, and the substance of the complaint shall be stated in the order. Such order to show cause shall have a date fixed therein for the hearing thereof, which date shall not be less than 5 days from the date of its issuance, and shall be served by delivering a true copy thereof to said owner at any time not less than 1 full day before the date of hearing, or if the owner is not known or cannot be located, said order shall be served by posting a true copy thereof in 1 or more public places in the county in which such seizure was made, or publishing a true copy thereof in any newspaper published in such county, or by sending a true copy thereof by registered mail to the last known address of said owner. Such posting or publication of said order shall be had at least 5 days before the date of hearing fixed in said order. Upon the hearing, if the justice shall determine that any of the property mentioned in the complaint was caught, killed, possessed, shipped, or used contrary to law, either by the owner or any person lawfully in possession of the same under an agreement with the owner, an order may be made confiscating by and forfeiting to the state such property and directing its sale

or other disposal by the director of conservation, the proceeds from any such sale to be paid into the state treasury and credited to the game protection fund: Provided, That in case the owner or person lawfully in possession of such goods or things seized signs a property release, forfeiting said property to the state of Michigan, no court proceedings shall be necessary. If upon such hearing, the justice should determine that said property was not caught, killed, possessed, shipped, or used contrary to law, he shall make an order directing the director of conservation to forthwith return said property to its owner.

HISTORY: CL 1929, 6146;—Am. 1937, p. 269, Act 174, Eff. Oct. 29;—Am. 1943, p. 173, Act 135, Eff. July 30;—CL 1948, 300.13.

300.14 Property seized over \$300; condemnation and confiscation proceedings in circuit court, determination; property release; carrier, non-liability.

Sec. 4. If the property seized shall be of greater value than 300 dollars, the officer seizing the same shall file a verified complaint in the circuit court for the county having jurisdiction of the offense, setting forth the kinds of property seized, the time and place of seizure and the reasons for such seizure, with a prayer for its condemnation and confiscation. Upon the filing of said petition, there shall be issued a citation returnable on the first day of the next term, unless the court shall be then in session, requiring the owner, if any, to show cause why the property should not be confiscated, which citation shall be served on the owner of the property as soon as possible, and at least 10 days before such petition is to be heard: Provided, The court, for cause shown, may hear such petition on shorter notice. If the owner of the property is not known or cannot be found, notice may be served by posting a copy of the citation in 5 conspicuous places in the township and publishing the same in a newspaper published in the county where such case is pending, at least 10 days before the date set for the hearing, or in such manner as the circuit court may direct. Upon the hearing of said petition, if the court shall determine that any of the property mentioned in the petition was caught, killed, possessed, shipped or used contrary to law, either by the owner or by any person lawfully in possession of the same under an agreement with the owner, an order shall be made condemning and confiscating said property and directing its sale or other disposal by the director of conservation, the proceeds from which shall be paid into the state treasury and credited to the game protection fund: Provided, That in case the owner or person lawfully in possession of such goods or things seized signs a property release, no court proceedings shall be necessary: Provided, That common carriers shall not be held responsible in damages or otherwise to any owner, shipper or consignee by reason of a loss or seizure as herein provided.

HISTORY: CL 1929, 6147;—CL 1948, 300.14.

300.15 Review or certiorari; procedure; bond.

Sec. 5. The proceedings for the condemnation and confiscation of any property under the provisions of this act shall be subject to review or certiorari as herein provided. A writ of certiorari may be issued within 10 days after final judgment and determination in any condemnation proceeding for the purpose of reviewing any error in such proceeding. Notice of such certiorari shall be served upon the director of conservation within 10 days after the date of issue, in the same manner as notice is required to be given of certiorari for reviewing judgments rendered by a justice of the peace, and the writ shall be issued and served and bond given and approved in the same manner as is required for reviewing judgments by justices of the peace.

HISTORY: CL 1929, 6148;—CL 1948, 300.15.

300.16 Conservation officers declared peace officers; service of criminal process; arrest without warrant, procedure.

Sec. 6. Said director of conservation and any special assistants or conservation officers appointed by him are hereby declared to be peace officers and are vested with all the powers, privileges, prerogatives and immunities conferred upon peace officers by the general laws of this state and shall have the same power to serve criminal process as sheriffs, and shall have the same right as sheriffs to require aid in executing such process, and shall be entitled to the same fees as sheriffs in performing any of said duties. Any of said officers shall have the power to arrest, without warrant, any person or persons violating any of the aforesaid laws mentioned in section 1 of this act in the presence of any such officer. Any person or persons so arrested shall be brought forthwith before a justice of the peace, or other magistrate having jurisdiction, who shall prepare, without delay, to hear, try, and determine the matter and the same proceedings shall be had as near as may be as in other criminal matters triable before a justice of the peace, or other magistrate having jurisdiction. Such arrests may be made on Sunday and in such case the person so arrested shall be taken before a justice of the peace, or other magistrate having jurisdiction, and proceeded against as soon as may be, on a week day following the arrest.

AN ACT to establish a state board of fish commissioners, and to repeal Act No. 124, Session Laws of 1873, Act No. 71, Session Laws of 1875, and Act No. 3, Session Laws of 1882.

The People of the State of Michigan enact:

300.51 Board of fish commissioners; corporate powers.

Sec. 1. That it shall be the duty of the governor, by and with the advice and consent of the senate, to appoint 3 persons, residents of this state, who shall constitute a board of fish commissioners. The persons so appointed shall hold office each for the term of 6 years, the terms of office of the several persons now composing said board, to continue for the time for which they were appointed, or until their respective successors are appointed, confirmed, and qualified. The board of fish commissioners, as at present organized and constituted by law, and their successors in office appointed hereunder, or under any act of the legislature of this state which may hereafter become a law shall constitute a body corporate by and with the name and title of the "state board of fish commissioners," with the right, as such corporation of contracting, suing, and being sued, of making and using a common seal, taking conveyances and leases of lands and tenements, and holding and disposing of the same, in the said corporate name, and of owning, using, and disposing of personal property, for the uses of said board in carrying out the objects of their organization and appointment, as the same are herein, or may by law hereafter be declared. Any vacancies occurring in the membership of said board, to be filled by the governor; appointments to fill vacancies to be submitted to the senate for confirmation at its next regular session, if extending beyond a session of the legislature.

BOARD OF FISH COMMISSIONERS: Abolished; powers and duties transferred to conservation department, see Compilers' § 299.2.

INLAND WATERS: Protection of fish in, see Act 165 of 1929, being Compilers' § 301.1 et seq.

300.52 Board of fish commissioners; fish-breeding duties; property tax exempt; superintendent of fisheries, duties, salary; assistants.

Sec. 2. It shall be the duty of the said board of commissioners to select suitable locations within this state whereon to establish and maintain fish-breeding establishments for the propagation and cultivation of whitefish, and such other kinds of food fish as they may direct, for the purpose of stocking with such fish and replenishing the supply of the same in such of the inland and bordering waters of this state as they may know, or have reason to believe are suitable for the kinds of fish they may select. All property owned or leased by the fish commission shall be exempt from taxation so long as held and used for state purposes under this act. Said board of commissioners shall employ a competent person as superintendent of fisheries, whose duty it shall be to devote his entire time to gathering ova, hatching and planting, or distributing fish, and superintending generally the practical operations of the work, under the direction of the board of commissioners at a salary of not to exceed 2,500 dollars per annum. They may also employ such other assistants as the exigencies of the work may require. All persons employed by the board shall be governed by the regulations it may adopt for that purpose.

The People of the State of Michigan enact:

300.101 Reciprocal agreements with adjoining states to cover taking of fish.

Sec. 1. In order to provide uniform fishing regulations in any river or any of the Great Lakes forming a common boundary with an adjoining state and any inland lake or lakes bisected by such boundary the conservation commission may enter into a reciprocal agreement with the authorized representatives of any adjoining state to establish the minimum size of fish that may be taken, the number that may be taken in any one day, the seasons when fish may be taken and the methods by which they may be taken from said waters.

Any such agreement shall clearly set forth the waters to be included and the period during which it shall be in effect.

CHAPTER II.—FISHING DEVICES.

302.1	Fishing devices; lawfulness. Hook and line; limitation; smelt fishing. Spear and bow and arrow; prohibited waters; exceptions; Lake Huron. Handnets for smelt, suckers, mullet, carp, dogfish and garpike. Dipnets; use. Setover nets; use; suckers. Trammel nets; use; limit of catch. Turtle traps; use; markers; license. Spears and bow and arrow; carp and suckers in certain waters. Hoop nets for burbot (lawyers).	302.2a	Lamprey control weirs; prohibited waters for fishing.
302.1b	Gill net, cisco.	302.2b	Smelt nets; length, mesh, license fee, marking.
302.2	Seines or nets; unlawful use near dams; definition.	302.3	Dam or barrier; unlawful destruction.
		302.4	Gaff; landing nets; scope of act, limitations.
		302.5	Unlawful possession of fishing devices; confiscation; evidence; certain controls not affected.
		302.5a	Fishing in propagating beds prohibited; exception.
		302.5b	Fishing to remove eggs prohibited.
		302.6	Fishing devices; penalties.

302.1 Fishing devices; lawfulness.

Sec. 1. Except as otherwise provided by law no person shall take, catch or kill or attempt to take, catch or kill any fish of any kind in any of the waters of this state with any kind of a spear or grab hook, snag hook, gaff hook, or by the use of jack or artificial light of any kind, or by the use of set or night lines, or any kind of a net, or any kind of firearms, or any explosive substance or combination of substances which have a tendency to kill or stupefy fish, and frogs, or any other device of whatsoever name or description other than—

Hook and line; limitation; smelt fishing.

(a) A single line, or a single rod and line while held in the hand or under immediate control, and with a hook or hooks attached, baited with a natural or artificial bait while being used for still fishing, ice fishing, casting, or trolling for fish, which shall be by means of the fish taking the bait or hook in the mouth. Any person may use not to exceed 2 single lines, or 2 single rods and lines, or a single line and a single rod and line, to which may be attached not to exceed a total of 4 hooks on all lines. For the purpose of this act a hook shall be deemed to be any single, double or treble pointed hook. All hooks, single, double or treble pointed, attached to a manufactured artificial bait shall be counted as 1 hook. The director of conservation may designate waters wherein treble hooks and artificial baits and lures having more than 1 single pointed hook may not be used during such periods as he may designate. In recognized smelt waters any number of hooks, attached to a single line, may be used for the taking of smelt.

Spear and bow and arrow; prohibited waters; exceptions; Lake Huron.

(b) Spear and bow and arrow may be used from April 1 to May 31 in the Lower Peninsula and during the month of May in the Upper Peninsula for taking carp, suckers, redhorse, mullet, dogfish and garpike in the rivers and streams of the state. The director of conservation may designate the counties, streams or portions of streams in which jack or other artificial lights may be used in taking fish with spears and bow and arrow only. It shall be unlawful to use or possess any kind of a spear or bow and arrow in, upon or along any trout stream in this state, excepting in such streams, or portions of streams which may be designated by the director of conservation in which carp, suckers, redhorse, mullet, dogfish and garpike may be taken. It shall be lawful to spear carp, suckers, mullet, redhorse, sheepshead, lake trout, smelt, northern pike, muskellunge, whitefish, ciscoes, pilot fish or Menominee whitefish, sturgeon, catfish, bullheads, dogfish and garpike through the ice during the months of January and February in the inland waters of this state not otherwise closed to spearing. The director of con-

servation may designate certain inland waters in which spears and bow and arrow may be used, with or without artificial light, for the taking of carp, dogfish and garpike during the periods from May 1 to August 15 in each year. The director of conservation may designate certain trout lakes, trout streams or portions of trout streams in which spears may be used through the ice. The director of conservation may designate certain waters in which rubber or spring propelled spears may be used for the taking of carp, dogfish, garpike and suckers, but only when the person using the spear is swimming or submerged in the water and has the spear under control by means of an attached line not exceeding 20 feet in length. It shall be lawful to use spear and bow and arrow for the taking of carp, suckers, mullet, redhorse, sheepshead, lake trout, smelt, northern pike, muskellunge, sturgeon, whitefish, ciscoes, pilot fish or Menominee whitefish, catfish, bullheads, herring, perch, pike-perch, shad, dogfish and garpike through the ice with or without jack or other artificial lights in the connecting waters of the Great Lakes, except that jack or other artificial lights may not be used in any of the connecting waters between lake Erie and lake Huron. In the connecting waters between lakes Huron and Erie it shall be lawful to take carp, dogfish and garpike with spears and bow and arrow at any time without the use of artificial light. All species of fish except largemouth and smallmouth black bass, crappies, bluegills, sunfish, brook or speckled trout, rainbow and steelhead trout, brown and lochleven trout, muskellunge or sturgeon may be taken with spears and bow and arrow with or without the use of jack or other artificial lights at any time from the waters of the Great Lakes not otherwise closed to spearing except that no species of commercial fish shall be so taken during any closed season established under the laws governing commercial fishing. No fishing, other than with seines for the taking of carp, shall be permitted in the waters of the lake Huron between Pointe-Aux Barques light and Harbor Beach within 1 mile of the shore line except with a hook and line.

Handnets for smelt, suckers, mullet, carp, dogfish and garpike.

(c) Hand nets, which may be used from March 1 to May 31, for taking smelt, suckers, mullet, carp, dogfish and garpike. The director of conservation may designate the waters where such fish may be taken, and the time within said dates when such fish may be taken. For the purpose of this act a hand net is defined as a mesh bag of webbing or wire, suspended from a circular, oval or rectangular frame attached to a handle.

Dip nets; use.

(d) Dip nets without sides or walls and not exceeding 9 feet square may be used in the nontrout rivers and streams and in such other rivers and streams, or portions of such rivers and streams as may be designated by the director of conservation from April 1 to May 31 in the Lower Peninsula and during the month of May in the Upper Peninsula for the purpose of taking suckers, mullet, smelt, carp, dogfish and garpike. For the purpose of this act dip net means a square net which shall be constructed from a piece of webbing of relatively heavy twine, hung on heavy cord or a frame so as to be without sides or walls and which is suspended from the corners and attached in such a manner that when the net is lifted no part shall be more than 4 feet below the plane formed by the imaginary lines connecting the corners from which the net is suspended. As used in fishing it shall be lowered and raised vertically as nearly as possible.

Setover nets; use; suckers.

(e) Setover nets not to exceed 5 feet in diameter may be used from March 15 to May 15 for the purpose of taking suckers from such inland lakes as may be designated by the director of conservation.

Trammel nets; use; limit of catch.

(f) Trammel nets not to exceed 12 feet in length may be used from April 1 to May 31 for taking carp, suckers, redhorse, mullet, dogfish and other nongame fish in the Tittabawassee river and its tributaries down from the dam at Sanford, down from the dam at St. Louis and down from the dam at Mt. Pleasant, and the Shiawassee river and its tributaries down from the dam at Chesaning in Saginaw county. No person shall take more than 100 such fish in any one day.

Turtle traps; use; markers; license.

(g) Turtle traps of any common design may be used for taking turtles in any of the waters over which the state exercises jurisdiction where they do not interfere with or take fish. The owner must attach a marker to each trap bearing his name and address, and must also first inform the conservation officer of the county in which the traps are to be used. Persons using traps for taking turtles must have a fishing license.

Spears and bow and arrow; carp and suckers in certain waters.

(h) Spears and bow and arrow may be used during the daytime and with lights at night from May 15 to June 24 for the taking of carp and suckers in the Tittabawassee river and its tributaries, and in the Tobacco river and its tributaries, not heretofore designated by the department of conservation as a trout stream in Gladwin and Midland counties.

Hoop nets for burbot (lawyers).

(i) Hoop nets may be used between the dates of December 15 and February 28 in such rivers and streams or portions thereof as may be designated by the director of conservation for the taking of burbot (lawyers).

302.1b Gill net, cisco.

Sec. 1b. Any person holding a resident fishing license may take cisco with 1 gill net, not exceeding 165 feet in length and having meshes not less than 2 inches nor more than 4 inches extension measure, between November 15 and December 10 of each year in those inland lakes and under such rules as prescribed by the director of natural resources.

HISTORY: Add. 1969, p. 212, Act 117, Imd. Eff. Jul. 29.

302.2 Seines or nets; unlawful use near dams; definition.

Sec. 2. It shall be unlawful for any person to fish with any kind of seines or nets within a radius of 100 feet of or from any dam or to frighten or hinder fish from the free passage up or down a fish chute or ladder, or to place any obstruction or device in or across any race, stream or river in this state in such a manner as to obstruct the free passage of fish up and down the same except as otherwise provided by law. For the purpose of this act a dam shall be defined as any artificial barrier or obstruction placed in any river or stream in this state which changes the natural elevation of the water level more than 2 feet.

HISTORY: CL 1929, 6377;—Am. 1937, p. 830, Act 344, Eff. Jan. 1, 1938;—CL 1948, 302.2.

302.2a Lamprey control weirs; prohibited waters for fishing.

Sec. 2a. It shall be unlawful to fish in any manner within a distance of 100 feet up or down stream from such lamprey control weirs installed by the department of conservation or the United States fish and wildlife service as may be designated by the director of conservation.

HISTORY: Add. 1955, p. 437, Act 250, Eff. Oct. 14.

302.2b Smelt nets; length, mesh, license fee, marking.

Sec. 2b. It shall be lawful to use a net not more than 50 feet in length and having meshes not less than 1 ¼ inches nor more than 1 ¾ inches, for the purpose of taking smelt in waters along the shores of the great lakes and connecting waters thereof, as shall be designated by the director of conservation. The annual license fee for each such net shall be \$3.00. When set there shall be affixed to both ends of the net, a buoy or staff marker which shall have affixed thereto the name, address and license number of the owner of the net.

HISTORY: Add. 1962, p. 126, Act 132, Eff. Mar. 28, 1963.

302.3 Dam or barrier; unlawful destruction.

Sec. 3. No person shall destroy or attempt to destroy, or interfere with in any manner, any artificial dam or barrier placed in trout streams under the direction of the director of conservation.

HISTORY: CL 1929, 6378;—CL 1948, 302.3.

302.4 Gaff; landing nets; scope of act, limitations.

Sec. 4. Nothing in this chapter shall be construed to prohibit the use of a gaff except on or along trout streams or landing net to assist in landing fish already caught by a lawful device, nor to apply to any person engaged in the business of propagating fish under authority of Act No. 170 of the Public Acts of 1905, being sections 308.101 to 308.106 of the Compiled Laws of 1948, or to fish caught by a device for which a lawful permit or license is obtained from the director of conservation under the provisions of this act.

HISTORY: CL 1929, 6379;—Am. 1941, p. 622, Act 356, Eff. Jan. 10, 1942;—CL 1948, 302.4;—Am. 1955, p. 437, Act 256, Eff. Oct. 14;—Am. 1967, p. 106, Act 85, Imd. Eff. Jun. 21.

302.5 Unlawful possession of fishing devices; confiscation; evidence; certain controls not affected.

Sec. 5. It shall be unlawful for any person to have in his possession any net, set lines, jack or other artificial light of any kind, dynamite, giant powder or other explosive substance, or combination of substances, hook and line or any other contrivance or device whatsoever, to be used for the purpose of taking fish in violation of the provisions of this or any other act. Any such property, contrivance, or device, so found in possession of any person, or found in any boat, boathouse, or any other place on any of the waters of this state or along the shores thereof, shall be confiscated and disposed of in the manner provided by law. It shall be unlawful at any time for any person to have a gaff in his possession on or along any trout stream in this state, or to use except from June 1 to Labor Day, inclusive, on any trout stream a single hook of any kind that is more than 3/8 inches between the point of the hook and the shank. The provisions of this section shall not be construed to prohibit the use or possession of minnow seines, minnow traps or dip nets as provided in section 4 of chapter 4 of this act, nor to the use and possession of seines, nets, spears, or artificial lights for the use of which a lawful permit or license has been issued by the director of conservation. It shall not be unlawful for any person to have in his possession any artificial light of any kind to be used for the purpose of taking white bass. Commercial fishermen who have licenses to take fish in the great lakes may have in their possession nets or hook lines for that purpose only. In prosecutions for the violations of the provisions hereof, and in proceedings for the confiscation of the property described in this section, the possession of any such property, contrivance or device, or, when not found in possession of any person, the presence of any such property in a boat, boathouse, or any other place on the waters of this state, or along the shores thereof, shall be deemed prima facie evidence that such property is owned, possessed or used for the purpose of violating the provisions of this act. The possession of any such property, contrivance or device on such

waters of this state as shall be closed to all fishing during the closed season on or along such waters shall be prima facie evidence that such property is owned, possessed or used for the purpose of violating the provisions of this act. The provisions of this or any other act shall not apply to the department of conservation in its program in fisheries management or in the control of aquatic vegetation by individuals under permit issued by the director of conservation when, in the opinion of said director, such control is not inimical to the public interest.

302.5a Fishing in propagating beds prohibited; exception.

Sec. 5a. It shall be unlawful for any person to catch any fish or attempt to catch any fish in any manner in any lake, stream or pond, or such portion of any lake, stream or pond which is used by the state or federal government for the propagation of fish, except in such portion or portions of said lakes, streams or ponds as may be designated by the director of conservation as open to fishing.

302.5b Fishing to remove eggs prohibited.

Sec. 5b. It is unlawful for any person to catch any game or nongame fish in any manner in any lake, stream, pond or in the Great Lakes for the purpose of removing its eggs.

HISTORY: Add. 1968, p. 93, Act 53, Imd. Eff. May 28.

302.6 Fishing devices; penalties.

Sec. 6. Any person violating any of the provisions of this chapter shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than 5 dollars nor more than 100 dollars and costs of prosecution, or imprisonment in the county jail not to exceed 90 days, or both such fine and imprisonment in the discretion of the court: Provided, That any person using dynamite, nitroglycerin, lime, electricity or other explosive substance, or poison or combination of explosive substances or poisons for the purpose of taking or killing fish or using nets for taking brook, brown or rainbow trout upon conviction thereof shall be punished by a fine of not less than 100 dollars nor more than 300 dollars and costs of prosecution, or imprisonment in the county jail for not less than 90 days, or more than 120 days, or both such fine and imprisonment in the discretion of the court.

CHAPTER III.—OPEN SEASONS.

303.1	Open seasons by classification of waters.	303.5	Game fish; carried as open hand baggage; transportation.
303.1a	Open seasons by species of fish.	303.6	Maximum catch or possession; unlawful purchase, sale, transportation or possession; exceptions.
303.2	Extension of closed season; spawning beds; notices; use of boat or floating device over spawning bed; opening lakes out of season.	303.7	Grayling; unlawful taking or possession.
303.3	Legal sizes of fish; mutilation.	303.8	Scope and limitation of chapter.
303.3b	Open season for fishing in Crystal lake, Benzie county.	303.9	Violation of chapter; penalty.
303.4	Maximum catch or possession; illegal possession.	303.10	Harvest of new species; adoption of rules and regulations.

303.1 Open seasons by classification of waters.

Sec. 1. Except as otherwise provided by law it shall be unlawful for any person to take, catch or kill, or attempt to take, catch or kill any species of fish in any:

(a) Trout stream or in any inland lake designated as a trout lake under the provisions of this act except from the last Saturday in April through the second Sunday in September: Provided, That the director of conservation may designate certain trout streams, or portions of such streams in which non-game fish and game fish other than trout occur, as open to hook and line fishing at all seasons of the year for taking any species of fish on which the season is not closed;

(b) Inland lakes other than lakes designated as trout lakes shall be open to fishing throughout the year for taking any species of fish on which the season is not closed. The non-trout streams, the great lakes and the connecting waters thereof shall be open to fishing throughout the year for taking any species of fish on which the season is not closed.

HISTORY: CL 1929, 6392;—Am. 1931, p. 504, Act 326, Imd. Eff. Jun. 16;—Am. 1933, p. 235, Act 161, Imd. Eff. Jun. 22;—Am. 1935, p. 116, Act 75, Eff. Jan. 1, 1936;—Am. 1937, p. 823, Act 344, Eff. 303.1a Open seasons by species of fish.

Sec. 1a. It shall be unlawful for any person to take, catch or kill, or attempt to take, catch or kill any fish of the species named in this section in any of the waters over which this state has jurisdiction except during the following open seasons:

(a) Largemouth and smallmouth black bass from May 30 to December 31, except in lake St. Clair and the St. Clair and Detroit rivers from the third Saturday in June to December 31.

(b) Bluegills and sunfish no closed season.

(c) Northern pike, pike-perch and muskellunge from the last Saturday in April to March 15 from the inland waters. Such fish may be taken at any time from lake Macatawa, Ottawa county; Muskegon lake and White lake, Muskegon county; Spring lake, Muskegon and Ottawa counties; Pentwater lake, Oceana county; Pere Marquette lake, Mason county; Manistee lake, Bar lake at Arcadia and Portage lake, Manistee county; Betsie lake, Benzie county; lake Charlevoix and Round lake, Charlevoix county; the Muskegon river down stream from Rogers dam, Mecosta county; and from lake Erie and the connecting waters of the Great Lakes. In lakes Superior, Michigan and Huron, except Saginaw bay, such fish may be taken from May 21 to March 31. In Saginaw bay such fish may be taken from April 11 to March 4. In that part of upper lake Huron known as Whitney bay, Pike bay, Island harbor, Les Cheneaux channels, Potagannissing bay and certain waters on the south side of Drummond island, all as described in sections 36, 36a, 38 and 38a of Act No. 84 of the Public Acts of 1929, as amended, being sections 308.36, 308.36a, 308.38 and 308.38a of the Compiled Laws of 1948, such fish may be taken from May 1 to March 31.

(d) Brook trout, brown trout, rainbow trout, lake trout, splake and landlocked salmon from the last Saturday in April through the second Sunday in September in the inland waters. The director of conservation shall designate the waters wherein, in addition to the aforesaid season, any species of trout and in addition such other fish upon which the season is open may be taken with hook and line only during additional open seasons as he may prescribe.

(e) All species of trout except lake trout from the first Saturday in April to November 30 in the Great Lakes and connecting waters not otherwise closed to their taking. No closed season on lake trout in these waters.

(f) Perch, saugers, white bass, rock bass, warmouth bass, crappies, catfish, bullheads, ciscoes, herring, whitefish, pilot fish or menominee whitefish, smelt, suckers, mullet, redhorse, carp, buffalo, shad, garfish, dogfish, lawyers and sheepshead may be taken at all seasons of the year in waters that are open to fishing.

(g) Sturgeon—January and February from inland waters; at any time from waters of the Great Lakes and connecting waters not otherwise closed to their taking.

HISTORY: Add. 1939, p. 873, Act 337, Eff. Jan. 1, 1940;—Am. 1941, p. 623, Act 356, Eff. Jan. 10, 1942;—Am. 1941, p. 776, Act 384, Eff. Jan. 10, 1942;—Am. 1945, p. 563, Act 322, Eff. 303.2 Extension of closed season; spawning beds; notices; use of boat or floating device over spawning bed; opening lakes out of season.

Sec. 2. The director of conservation may establish a closed season on any spawning bed when it appears that spawning or guarding does not coincide with the time of the closed season provided by law. Notices defining the closed areas must be posted not less than 5 days prior to taking effect. For the purpose of this act a spawning bed means any section of a lake, river, pond or other body of water where fish are known to congregate for the purpose of spawning. It shall be unlawful to operate any boat, floating device or other contrivance propelled by or using as motive power, steam, gas, naphtha, oil, gasoline or electricity upon any spawning bed posted as herein provided. The director of conservation may open to fishing at any time, for any species, in any manner, any waters in which an excessive mortality of fish occurs or is threatened.

303.3 Legal sizes of fish; mutilation.

Sec. 3. No person shall take or have in possession any:

(a) Brook trout, brown trout, rainbow trout, steelhead, lake trout and splake of a less length than 7 inches when taken from the inland waters; 10 inches when taken from the Great Lakes and connecting waters;

(b) Black bass, large or smallmouth, and landlocked salmon, of a less length than 10 inches;

(c) Pike (great northern, grass pike or pickerel) of a less length than 20 inches, except that in Cisco lake, Thousand Island lake, Big African lake, Lindsley lake and Poor lake in the Cisco chain of lakes and the West Branch of the Presque Isle river, all in the Upper Peninsula, great northern pike shall not be of a length less than 14 inches, and further the director may lower size limits in designated waters;

(d) Pike-perch (wall-eyed pike), of a less length than 13 inches;

(e) Muskellunge, of a less length than 30 inches;

(f) Sturgeon of a less length than 42 inches.

It shall be unlawful to have in possession on any waters over which this state has jurisdiction any fish which is so mutilated that the identification or measurement thereof is impossible.

May 6;—Am. 1967, p. 531, Act 273, Eff. Nov. 2.

303.3b Open season for fishing in Crystal lake, Benzie county.

Sec. 3b. Notwithstanding the provisions of section 3a, the director of conservation may designate Crystal lake in Benzie county as open to fishing without regard to the seasons prescribed in section 3a whenever it appears that such action is not inimical to the public interest.

HISTORY: Add. 1964, p. 240, Act 180, Eff. Aug. 28.

303.4 Maximum catch or possession; illegal possession.

Sec. 4. No person shall in any one day catch, kill or have in possession at any one time, more than the number of fish hereby designated:

(a) Brook trout, brown trout, rainbow trout, steelhead, lake trout and splake, of the combined species, 10 when taken from rivers and streams, 5 when taken from inland lakes or Great Lakes, but not more than 10 pounds and 1 fish.

(b) Largemouth and smallmouth black bass, 5.

(c) Bluegills, sunfish, warmouth bass, rock bass, crappies, 25 aggregate of any one species or in any combination of species.

(d) Pike-perch, 5. Any person may take and have in possession 10 pike-perch when legally taken in the connecting waters or the waters of the Great Lakes.

(e) Saugers, 20, when taken from the waters commonly known as the Portage canal and including Portage lake and Torch lake, all in Houghton county. Such fish when so taken shall not be bought or sold.

(f) Northern pike, 5.

(g) Landlocked salmon, 5.

(h) White bass, 10; 25 when taken from Great Lakes and connecting waters.

(i) Whitefish, 7.

(j) Sturgeon, 2, per season. It shall be unlawful to possess any sturgeon on or along the shores of any inland water except during the months of January and February.

No person shall in any one day catch, kill or have in possession more than a combined total of 5 large or smallmouth bass, pike-perch and northern pike, except that any person may take and have in possession a combined total of 10 such fish when taken in the connecting waters or the waters of the Great Lakes. It shall be unlawful for any person to have in possession any fish illegally taken.

303.5 Game fish; carried as open hand baggage; transportation.

Sec. 5. Any person holding an unexpired fishing license issued in his name, either resident or non-resident, shall be entitled to carry as open hand baggage not to exceed 1 day's legal catch of fish: Provided, That any person holding an unexpired fishing license shall be entitled to obtain 1, and only 1, permit from the director of conservation or his designated representatives authorizing such person to ship 1 day's legal catch of any species of game fish or combination thereof. The catch of 2 or more licensed fishermen may be combined in a single package: Provided, however, That the permit of each such fisherman is attached.

303.6 Maximum catch or possession; unlawful purchase, sale, transportation or possession; exceptions.

Sec. 6. It shall be unlawful for any person to purchase, buy or sell, or attempt to purchase, buy or sell, or transport to any point outside of this state at any time, or have in possession during the periods in which the taking or catching of such fish is prohibited, any species of fish taken on a sport fishing license or any species of fish taken without a commercial fishing license. Any lawfully taken fish may be possessed for 60 days after the close of the respective open seasons. Any person possessing a nonresident fishing license may take from this state a day's legal catch of fish in accordance with the provisions of his license. Nothing in this section shall interfere with the possession, sale or transportation of fish taken legally under the commercial fishing laws and regulations of this state.

CHAPTER IV.—MINNOWS.

304.1	Minnows and wrigglers; definitions; commercial purposes, construction of term.	304.3	Director of conservation; power to designate waters, rules.
304.2	Minnows, wrigglers, goldfish, carp and lamprey; unlawful possession or use; minnows for export or preservation.	304.4	Minnow seines and dip nets; size, limitation.
		304.5	Violation of chapter; penalty.

304.1 Minnows and wrigglers; definitions; commercial purposes, construction of term.

Sec. 1. For the purpose of this act minnows shall be defined as chubs, shiners, suckers (when of a size ordinarily used for bait in hook and line fishing), dace, stonerollers, muddlers and mud-minnows. Wrigglers shall be defined as May-fly nymphs or any other aquatic insect nymphs or larvae. Commercial purposes shall be construed to mean offering for sale, selling, giving or furnishing to others.

CITED IN OTHER SECTIONS: The above section is cited in § 308.39.

304.2 Minnows, wrigglers, goldfish, carp and lamprey; unlawful possession or use; minnows for export or preservation.

Sec. 2. It shall be unlawful for any person:

(a) To take or attempt to take or have in possession minnows or wrigglers for commercial purposes from any of the waters over which this state has jurisdiction, or to import minnows or wrigglers for commercial purposes from without the state, or in either case transport the same without having first procured a license therefor as provided in section 6 of chapter 5. No license other than a license to fish in the inland waters of this state as provided in chapter 5 shall be required of persons taking minnows or wrigglers for their individual use for bait. No person shall set or use any kind of device except dip net or seine for the taking of minnows for personal use or commercial purposes unless there shall be securely attached to each such device a metallic plate or tag bearing, in legible English, the name and address of the user thereof. The taking of minnows, wrigglers and other aquatic insects from Gun lake in Barry and Allean counties for commercial purposes shall be unlawful at any time.

(b) To transport outside of this state any minnows or wrigglers, dead or alive, taken either within or without this state. The director of conservation is authorized, upon the payment of a fee of \$5.00, to issue a permit, revocable at the pleasure of the director and if not sooner revoked to automatically expire on December 31 following date of issue, under such regulations as he may prescribe, to any resident person who has procured the license required by section 6 of chapter 5, to transport without this state minnows preserved in liquid and bottled for fish bait. The director is authorized to limit to 15 days or less of any 1 year the taking of minnows by a licensed person for preserving for fish bait purposes. Each day's catch shall be with the knowledge of a conservation officer. The books and records of such person shall be open to inspection at all reasonable times to the duly authorized representative or representatives of the director of conservation.

(c) To use minnows except for bait used in hook and line fishing.

(d) To use or attempt to use live goldfish or carp for bait in fishing.

(e) To use or possess live, dead or preserved fish for bait on designated trout lakes.

(f) To offer for sale or use lamprey for bait in fishing.

(g) Who is not a resident of this state to take or attempt to take, possess or transport

minnows or wigglers for commercial purposes from any of the waters over which this state has jurisdiction.

CHAPTER V.—LICENSES AND PERMITS.

305.1	Resident fishing licenses; age, persons in military service exempted; trout and salmon licenses; fees; catch reports; exceptions.	305.5	Licenses; exhibition on demand.
305.1a	Indians; exempt from certain fishing laws.	305.6	Commercial minnow and wriggler licenses; issuance.
305.1b	Sportsman's license; fishing privileges.	305.7	Cisco, whitefish, suckers and carp season; designation of waters for use of spear and artificial light; purchase or sale; Higgins lake, season.
305.2	Nonresident fishing licenses; age, fees, special, limited license; catch reports; sport trolling and guide licenses. Great Lakes, 1-day license. Reciprocity. Sport trolling license, reciprocity. Licensed guide; sport trolling.	305.8	Permit to remove noxious fish from waters; issuance.
305.2a	Mental defectives and disabled veterans; fishing without license permitted, conditions.	305.9	Permit to take fish for culture or scientific investigation; importing fish or eggs; issuance.
305.2b	Fishing licenses; age, additional fee.	305.9a	Removal of caddis fly larvae or other insect larvae from trout streams; prohibition; exception.
305.3	License handlers; designation, bond; license forms and buttons; loss of license.	305.10	Sale of licenses and stamps; disposition of proceeds.
305.4	License sales; proceeds.	305.11	Unlawful acts; penalty; license application of convicted person.
		305.12	Violation of act; misdemeanor, penalty.
		305.13	Fish taken unlawfully; additional penalty, reimbursement of state, exceptions.

305.1 Resident fishing licenses; age, persons in military service exempted; trout and salmon licenses; fees; catch reports; exceptions.

Sec. 1. No person who has passed his seventeenth birthday and who is a resident of the state of Michigan except residents in military service while on furlough shall take or catch or attempt to take or catch any fish in any manner in any of the waters over which this state has jurisdiction without first procuring a license therefor as provided in this act. The fee for a resident fishing license shall be \$3.00. Such license shall entitle a man and his wife to take fish other than any species of trout or salmon. Residents who are 65 years or older may purchase a fishing license for a fee of 50 cents which license shall entitle such persons to take fish including any species of trout or salmon, in accordance with the provisions of this and any other act which regulates fishing. Such licensee, except residents who are 65 years of age or older, may upon payment of an additional fee of \$2.00 procure a special license which shall entitle the person named and his wife to take trout and salmon in accordance with the provisions of this and other acts regulating fishing, except this provision shall not apply to residents in military service while on furlough. Any resident, except persons 65 years of age or older, may purchase for \$3.00 a limited license entitling the holder and his wife to fish for all species of fish including trout and salmon in accordance with the provisions of this and other acts regulating fishing for a period not to exceed the 7 consecutive days from the date of issue. The director of conservation is authorized to require catch reports for certain species of trout and salmon on suitable license forms provided by him, when in the opinion of the director this information is necessary for the protection and management of this fishery resource. It shall be unlawful for any licensed trout and salmon angler to fail to report in the prescribed manner the catch information requested on the license by the director of conservation. Any person in military service on furlough shall have his furlough papers in his possession at all times while fishing without a regular annual, special trout and salmon or limited license. Any person who has not actually resided in this state for the 6 consecutive months immediately preceding his application for a fishing license shall be considered a nonresident under the provisions of this act. The provisions of this section shall not apply to nor prevent the owner, lessee, occupant, or anyone regularly domiciled on any farm or other lands, all of which are enclosed, situated in this state, who actually resides thereon throughout the year, or

the members of his family so residing upon the farm or land, from fishing in the waters wholly within the limits of the farm or land at any time when permitted by law.

305.1a Indians; exempt from certain fishing laws.

Sec. 1a. Any person having Indian status and being a legal resident of the state is exempt from the fishing laws and rules of this state when such laws and rules are in conflict with federal treaty rights. The term "Indian status" is presumed to refer to those persons of Indian ancestry and enrolled as members of an Indian community.

HISTORY: Add. 1970, p. 417, Act 130, Imd. Eff. Jul. 29.

305.1b Sportsman's license; fishing privileges.

Sec. 1a [B]. For the purpose of this act, any resident person in possession of a valid sportsman's license as authorized by section 9a of chapter 4 of Act No. 286 of the Public Acts of 1929 may take or catch any fish, including any species of trout or salmon, from any waters over which this state has jurisdiction. A licensee shall be subject to all the duties, conditions, limitations, restrictions and provisions of all laws and of all rules adopted by the commission and director governing fishing which are applicable to persons having individual licenses under this act. Each licensee shall have his sportsman's license in possession at all times while fishing.

HISTORY: Add. 1970, p. 578, Act 203, Imd. Eff. Aug. 25.

NOTE: The bracketed letter was inserted by the editor to differentiate this section 1a of this act added by Act No. 130 of the Public Acts of 1970, which was not amended or repealed.

305.2 Nonresident fishing licenses; age, fees, special, limited license; catch reports; sport trolling and guide licenses.

Sec. 2. (a) No person who has passed his seventeenth birthday and who is a nonresident of this state shall take or catch or attempt to take or catch any fish in any of the waters over which this state has jurisdiction without first procuring a license. The fee for each nonresident license issued under the provisions of this act, authorizing the licensee and his wife to fish for all kinds of fish, except any species of trout or salmon, shall be \$6.00. The holder of a current annual nonresident fishing license may upon the payment of an additional fee of \$3.00 procure a special license which shall entitle him and his wife to take any species of trout and salmon in accordance with the provisions of this and other acts regulating fishing. Any nonresident may purchase for \$5.00 a limited license entitling the holder and his wife to fish all species of fish including trout and salmon in accordance with the provisions of this and other acts regulating fishing for a period not to exceed 7 consecutive days from the date of issue. The director of conservation is authorized to require catch reports for certain species of trout and salmon upon suitable license forms provided by him, when in the opinion of the director this information is necessary for the protection and management of this fishery resource. It shall be unlawful for any licensed trout and salmon angler to fail to report in the prescribed manner the catch information requested on the license by the director of conservation.

Great Lakes, 1-day license.

Any resident or nonresident may purchase for the sum of \$1.00 per day a limited license entitling the holder and his wife to fish for all species of fish on the Great Lakes and lake St. Clair.

Reciprocity.

The director of conservation shall prepare and furnish suitable licenses for such purposes. The director of conservation may permit persons licensed under fishing laws of adjacent states to fish under the licenses in the Michigan waters of the inland lakes and rivers or portions of rivers which constitute a part of the boundary of this state, in

the event like privileges are granted to persons licensed under this act, permitting the persons to fish under their Michigan license in any part of such boundary waters.

Sport trolling license, reciprocity.

(b) A sport trolling license as provided in section 24 of Act No. 84 of the Public Acts of 1929, as amended, being sections 308.1 to 308.48 of the Compiled Laws of 1948, or as may hereinafter be provided by this act, shall be deemed to be a guide license for the purpose of reciprocity with other states and provinces.

Licensed guide; sport trolling.

(c) Any person licensed to guide in an adjoining state or province of which the Great Lakes forms a common boundary, and who complies with the laws of this state, may guide and engage in sport trolling for hire on the Michigan waters of the Great Lakes with all rights, privileges and immunities enjoyed by the holders of equivalent licenses issued by this state, if the adjoining state or province grants the same privileges on the Great Lakes lying within its boundaries to holders of Michigan guide and sport trolling licenses.

305.2a Mental defectives and disabled veterans; fishing without license permitted, conditions.

Sec. 2a. The director of conservation may issue a permit authorizing mentally retarded persons and persons otherwise mentally afflicted, when they are members of a group accompanied by one or more adult leaders who are licensed, and disabled veterans confined to a state or federal veterans' facility, to fish without a license.

HISTORY: Add. 1964, p. 84, Act 82, Imd. Eff. May 12.

305.2b Fishing licenses; age, additional fee.

Sec. 2a. [B] Every applicant for any fishing license, except residents who are 65 years of age or older, shall, in addition to the license fee prescribed in this act, pay a service fee of 10 cents to the person authorized by the director of conservation to issue licenses.

HISTORY: Add. 1968, p. 177, Act 114, Eff. Dec. 1.

NOTE: The bracketed number was inserted by the editor to differentiate this section 2a from the existing section 2a of this chapter which was not amended or repealed.

305.3 License handlers; designation, bond; license forms and buttons; loss of license.

Sec. 3. All persons who have been designated by the director of conservation to handle licenses and who have filed a surety bond in such sum as shall be deemed by the director of conservation to be sufficient are authorized to issue licenses in accordance with the provisions of this act. The director of conservation shall prepare suitable licenses in convenient form and size with stub attached, which license and stub shall be numbered and which shall provide for the insertion of the name, age, height, color of hair and eyes, post office address and place of residence of the licensee. The director shall also prepare suitable trout and salmon licenses to comply with the provisions of sections 1 and 2 of this chapter. There may be issued with each nonresident license and each resident fishing license, a license button bearing the license number, and no such person shall fish in any of the waters of this state unless the button be at such time continually displayed on the outer garment in such a manner that the license figures are plainly visible. When all the conditions as herein provided have been complied with, the license shall be issued to the applicant, which shall be his authority to fish in the waters of this state. Licenses so issued shall be valid from December 1 in 1

year to December 31 in the next succeeding year, both dates inclusive. Not more than 1 license shall be issued to any 1 person for the same license year, except upon affidavit by the applicant that the license previously issued has been lost or destroyed, and then only upon the payment of a fee of 50 cents and no license as herein provided shall be transferable or used by any other person than the 1 to whom it was issued.

305.4 License sales; proceeds.

Sec. 4. On or before the tenth day of every month all persons authorized to sell licenses as herein provided shall pay over to the director of conservation all moneys received from the sale of the licenses for the preceding months, and all persons who shall refuse or neglect to pay over the moneys as herein provided shall, in addition to other penalties provided by law, forfeit their rights to sell licenses. However, all persons, except conservation officers who receive a regular salary from the state and except persons who receive a regular salary from any political subdivision of this state, issuing licenses shall retain as compensation therefor 15 cents, plus the 10 cents service fee, for each license or duplicate license, so issued.

On or before December 15 of each year, a complete report of all licenses sold shall be filed by each person handling them, and stubs and all unsold licenses, and license buttons returned to the department of conservation. No person shall charge more for such license than the amount stamped thereon.

305.6 Commercial minnow and wriggler licenses; issuance.

Sec. 6. Commercial minnow and wriggler license. The director of conservation is hereby authorized upon the payment of a fee of \$5.00, to issue a license to permit the taking, collecting, transportation and possession of live or fresh minnows or wigglers to be used for commercial purposes in accordance with the provisions of this act. Each such license, which shall be known as a retail minnow license, shall entitle and permit the licensee to operate 1 crew consisting of not more than 4 persons and 1 motor truck or other vehicle for the purpose of taking, collecting and transporting live or fresh minnows or wigglers and to operate 1 place of business to deal commercially in such minnows and wigglers. For the purpose of this act, 1 place of business shall be defined as the place designated in said license: Provided, That any licensee desiring to possess minnows or wigglers for commercial purposes at more than 1 place of business shall obtain a separate license for each such additional place of business: Provided further, That any licensee desiring to use more than 1 crew of not to exceed 4 men in taking, collecting and transporting minnows and wigglers, or to use more than 1 truck or other vehicle in collecting and transporting minnows or wigglers shall procure a license for each such additional crew of not more than 4 persons and for each additional motor truck or other vehicle: Provided, That there shall be issued with each license 4 identification cards bearing the number of said license and the year for which issued. Each member of a single crew engaged in taking, collecting and transporting minnows or wigglers for commercial purposes under authority of said license shall carry such card

on his person at all times while so engaged. The director of conservation shall cause to be prepared a suitable form of license blank which shall state the name and address of licensee and the lakes and streams and parts of same from which minnows or wigglers may be taken. Any person to whom such a license has been issued under the provisions of this act shall prominently display at the place of business designated in said license a placard to be furnished by the director of conservation which will contain the following words "Licensed Minnow Dealer," and the number of the license and the year for which issued: Provided further, That any person to whom such a license has been issued under the provisions of this act shall prominently display in the motor truck or other vehicle a distinctive placard issued by the director of conservation with each such license which shall indicate such vehicle is legally being used for taking, collecting or transporting minnows or wigglers in accordance with the provisions of the commercial minnow or wiggler license. On demand of any commissioned conservation officer of the department of conservation, or of any other peace officer, any person found taking, collecting, possessing and/or transporting any live or fresh minnows or wigglers for commercial purposes shall exhibit the license or identification card provided for in this section: Provided, That the records, seines, nets, minnow traps, transporting and other equipment of every kind for handling minnows and wigglers, and the tanks and ponds where minnows and wigglers are held shall be open to inspection by any conservation officer or other duly authorized representative of the conservation department, or any other duly authorized peace officer at any reasonable time: Provided, That the license fee for taking, possessing and/or transporting or selling minnows or wigglers at wholesale, that is to licensed minnow or wiggler dealers for resale, shall be \$25.00. All such wholesale licensees shall operate under the same privileges as apply to retail minnow licenses. All commercial minnow and wiggler licenses issued under authority of this section shall be revocable at the pleasure of the director of conservation and, if not sooner revoked, shall automatically expire on December 31 following date of issue: Provided, however, That any person whose license has been revoked shall not be issued a commercial minnow and wiggler license within a period of 1 year from the date of such revocation.

CISCO ACT: In certain counties, see Compilers' § 307.201 et seq.

305.8 Permit to remove noxious fish from waters; issuance.

Sec. 8. Permit to remove noxious fish from the waters of this state. The director of conservation may in his discretion issue permits for the removal of dogfish, carp, garfish, sheepshead, and other noxious fish from all the waters over which this state has jurisdiction with seines, nets, spears, or in any other manner, and sell or authorize the sale of same for the purpose of paying the expense of such removal on such terms as

shall be to the best advantage of the state: Provided, That the director of conservation or a deputy designated by him shall be present at the time and place of the taking and removing of such fish and shall personally superintend the same. The director of conservation shall incorporate such regulations and restrictions in said permits as he may deem advisable and any person taking such fish under said permit shall conform to all the regulations and restrictions specified therein: Provided, That non-residents who operate under this permit shall in addition to the percentage paid to the state, be required to pay the non-resident license fee, as provided for non-residents under the commercial fishing laws of this state.

HISTORY: CL 1929, 6403;—CL 1948, 305.8.

NON-RESIDENT'S LICENSE FEE: See Compilers' § 308.24.

305.9 Permit to take fish for culture or scientific investigation; importing fish or eggs; issuance.

Sec. 9. It shall be unlawful for any person to take from any of the inland waters of this state any kind of fish in any manner for the purpose of fish culture or scientific investigation, without first obtaining a permit from the director of conservation, except that persons who are operating a private fish pond may take such fish from their own ponds for the purpose of propagation, scientific investigation or sale under the provisions of Act No. 196 of the Public Acts of 1957, being sections 308.111 to 308.119 of the Compiled Laws of 1948. The director of conservation may issue permits to possess live game fish in public or private ponds, pools and aquariums under such rules and regulations as the conservation commission may prescribe. The director of conservation may cause to be taken from the inland waters of this state, whitefish or any other species of fish for the purpose of obtaining spawn for fish culture or scientific investigation, and all fish so taken shall be taken under the supervision of a deputy of the department duly appointed for that purpose, and fish so taken may be sold to pay the expense of taking same. No person shall import or bring any live game fish or viable eggs of any game fish from without the state except under authority of a permit from the director of conservation or under authority of Act No. 196 of the Public Acts of 1957, as amended, and the rules promulgated in accordance with that act. No person shall plant any spawn, fry or fish of any kind in any of the public waters of this state, or any other waters in this state connected therewith without first obtaining a permit from the director of conservation; such permit to state the species, number and the approximate size or age of the spawn, fry or fish to be planted and the name and location of the waters where such spawn, fry or fish shall be planted. No permit shall be required to plant spawn, fry or fish furnished by the federal or state government.

All permits shall be exhibited upon the request of any law enforcement officer.

305.9a Removal of caddis fly larvae or other insect larvae from trout streams; prohibition; exception.

Sec. 9a. Except as herein provided, it shall be unlawful for any person to take or remove or attempt to take or remove any caddis fly larvae or other insect larvae or insects of any kind from any trout stream of the state. The director of conservation may designate trout streams or portions thereof from which caddis fly larvae or other insect larvae or insects may be taken for commercial purposes by persons licensed in accordance with section 6 of chapter 5 of this act. Nothing in this section shall be construed to prohibit the taking of any caddis fly larvae or other insect larvae or insects in any trout stream of the state for personal use in fishing the stream from which taken.

305.12 Violation of act; misdemeanor, penalty.

Sec. 12. Any person who shall violate any provision of this act, for which violation a penalty is not otherwise provided for in this act, shall be guilty of a misdemeanor, and shall upon conviction be punished by a fine of not more than 100 dollars and costs of prosecution, or by imprisonment for a term of not more than 90 days in the county jail, or by both such fine and imprisonment in the discretion of the court.

HISTORY: Add. 1937, p. 828, Act 344, Eff. Jan. 1, 1938;—CL 1948, 305.12.

305.13 Fish taken unlawfully; additional penalty, reimbursement of state, exceptions.

Sec. 13. (1) In addition to the penalties provided in this act for violating the provisions thereof, any person convicted of taking brook, brown and rainbow trout, splake, steelhead, chinook, coho and kokanee salmon, lake trout, northern pike, pike-perch (walleye pike), largemouth and smallmouth black bass, muskellunge and sturgeon during any closed season, or taking or possessing such fish in excess of lawful limits, or taking such fish by use of any unlawful device shall reimburse the state for the value of these fish so taken as follows:

(a) Such game fish, of an individual weight of 1 pound or more, not less than \$5.00 nor more than \$10.00 for each pound of fish illegally taken or possessed.

(b) Such game fish, of an individual weight of less than 1 pound, \$5.00 for each fish illegally taken or possessed.

(2) In every case of conviction for any of said offenses, the court or magistrate before whom such conviction is obtained shall enter judgment in favor of the state and against the defendant for liquidated damages in a sum as provided in subsection (1), and it shall be the duty of the department of conservation with the assistance of the

prosecuting attorney to collect the same by execution or otherwise. If 2 or more defendants are convicted of the illegal taking or the illegal possession of the same game fish, the damages shall be entered against them jointly. Any person who refuses or neglects to pay any such judgment rendered against him shall not be eligible to obtain and shall not obtain any fishing license until such judgment has been satisfied, but the period of ineligibility shall not exceed the 3 next succeeding license years.

(3) All magistrates collecting such damages forthwith shall remit the same to the county treasurer, who shall transmit it to the state treasurer, who shall credit it to the game and fish protection fund.

(4) This section shall not apply to those game fish described in subsection (1) taken under authority of a commercial fishing license. Neither shall this section apply to the taking or possessing by sport fishing in lake Superior, 6 lake trout, prior to January 1, 1969.

Act 123, 1929, p. 278; Eff. Aug. 28.

AN ACT to confer power and authority upon the conservation commission to provide for the erection and maintenance of proper means for the free passage of fish through and over dams now in existence or which shall hereafter be erected across rivers, streams or creeks, and to prohibit the obstruction of rivers, streams and creeks in such manner as to prevent the free passage of fish up and down; and to repeal Act No. 265 of the Public Acts of 1909, as amended by Act No. 26 of the Public Acts of 1921.

The People of the State of Michigan enact:

307.1 Free passage of fish; rules; fish ladders.

Sec. 1. It is hereby made the duty of the conservation commission to prescribe means and to lay down rules and regulations to admit of the free passage and uninterrupted passage of fish over or through dams now in existence or which shall hereafter be erected over rivers, streams or creeks: Provided, That the director of conservation is authorized to abrogate the provisions of this act requiring the erection of fish ladders whenever, in the opinion of the commissioner, the height of the dam or the condition of the river or stream makes the installation of such ladders impracticable or unnecessary.

HISTORY: CL 1929, 6411;—CL 1948, 307.1.

CITED IN OTHER SECTIONS: Sections 307.1 to 307.7 are cited in § 46.22.

307.2 Inspector of dams; duties; plan, contents, copies.

Sec. 2. The director of conservation is hereby made inspector of dams across rivers, streams and creeks of this state and it shall be his duty to prepare a draft of a general plan that will, in his opinion, best permit of the free passage of large and small fish up and down a stream at the dam. Each such plan shall set forth such details and specifications in respect to material and construction and connection with the dam as will enable the owner of such dam to properly construct and place the means designated and it shall be the duty of the director of conservation to furnish a copy of such plans and specifications to each owner or occupant of a dam, on request.

HISTORY: CL 1929, 6412;—CL 1948, 307.2.

307.3 Inspector of dams; compliance with order, time allowance.

Sec. 3. Any person, firm or corporation owning or using any dam now existing, or which may hereafter be constructed across any river, stream or creek in this state, when ordered to do so by the director of conservation, shall, within 90 days after the issuance of said order, erect and maintain in good repair sufficient and permanent means to admit of the free and uninterrupted passage of fish over or through such dam. Such means providing for the free passage of fish shall be of such kind and shall be placed in such manner as shall be prescribed by the director of conservation.

HISTORY: CL 1929, 6413;—CL 1948, 307.3.

307.4 Prosecutions; mandamus.

Sec. 4. It shall be the duty of the director of conservation to prosecute in the name of the people of the state in all cases where the provisions of this act are not complied with and it shall be the duty of the prosecuting attorney of the county in which a prosecution is commenced under this act to aid in said prosecution when requested to do so by the director of conservation or any of his deputies or such officer or department as shall accede to the powers and duties of this office: Provided, That the attorney general may institute mandamus proceedings in the circuit court for Ingham county to compel any person, firm or corporation to comply with the provisions of this act.

HISTORY: CL 1929, 6414;—CL 1948, 307.4.

307.5 Violations of act; separate offenses.

Sec. 5. If any person, firm or corporation owning, using or employing the use of any dam across any of the rivers, streams or creeks of this state shall refuse or fail to erect and maintain in proper repair the means or equipment, when ordered by the director of conservation so to do, such person, firm or corporation shall be deemed guilty of a violation of the provisions of this act and every period of 30 days during which any person, firm or corporation owning or using a dam shall fail to erect or maintain in proper repair such means for the free passage of fish or equipment shall render such

person or corporation guilty of a distinct and separate offense of the provisions of this act.

HISTORY: CL 1929, 6415;—CL 1948, 307.5.

307.6 Construction of passageways for fish by director of conservation; expenses, payment; tax assessment.

Sec. 6. In case the owner or user of any dam shall refuse or fail to construct and maintain the means or equipment for the free passage of fish when ordered by the director of conservation so to do, said director may cause the same to be constructed over or through said dam at such place in the dam as will cause least injury to the water power, and the expense of the construction of such means for the free passage of fish shall be by him certified to the board of supervisors of the county in which such dam is located and such expense shall be audited by the board of supervisors and shall be paid from the general fund of said county. The board of supervisors of any county, upon auditing and allowing such expense, shall, by resolution, order the supervisor of the township or ward in which said dam is situated to spread the amount of such expense upon the assessment roll of such township or ward as a tax against the property to which said dam is appurtenant and against the owners of such property to be collected in the same manner as other township taxes and paid over to the county treasurer or returned as delinquent in accordance with law.

HISTORY: CL 1929, 6416;—CL 1948, 307.6.

GENERAL TAX LAW: See Compilers' § 211.1 et seq.

307.7 Passage of fish through and over dams; unlawful apparatus in rivers, streams, creeks; authority of director of conservation.

Sec. 7. It shall be unlawful for any person, firm or corporation to obstruct the channel or course of any river, stream or creek in this state by placing or causing to be placed therein any net, wire screen or any other apparatus or material of any kind whatever, which will tend to prevent the free passage of fish up and down such river, stream or creek, except as authorized by law, and any person or corporation so offending shall be deemed guilty of a violation of the provisions of this act: Provided, That the director of conservation may, when deemed to be in the public interest, authorize the placing of screens in any river, stream, creek or in the inlet or outlet of any lake.

Act 121, 1891, p. 140; Imd. Eff. Jun. 9.

AN ACT to secure to the people of the state of Michigan certain rights on any of the navigable or meandered waters of this state where fish have been or hereafter may be propagated, planted or spread at the expense of the people of this state or the United States.

The People of the State of Michigan enact:

307.41 Lawful fishing with hook and line.

Sec. 1. That in any of the navigable or meandered waters of this state where fish have been or hereafter may be propagated, planted or spread at the expense of the people of this state or the United States, the people shall have the right to catch fish with hook and line during such seasons and in such waters as are not otherwise prohibited by the laws of this state.

HISTORY: CL 1897, 5859;—CL 1915, 7604;—CL 1929, 6425;—CL 1948, 307.41.

307.42 Fishing rights; action at law, defense.

Sec. 2. No action at law shall be maintained against persons entering upon such waters for the purpose of such fishing, by the owner, lessee, or persons having the right of possession of adjoining lands, except for actual damage done. In any such action the defendant under a proper notice may dispute on the trial the plaintiff's right to either title or possession of the land claimed to be trespassed upon.

Act 261, 1915, p. 460; Eff. Aug. 24.

AN ACT to regulate the taking, catching or killing of mussels in any of the inland waters of this state, and to provide an open and closed season for taking same; to provide for the issuing of licenses and permits pertaining thereto and the disposition of the moneys derived therefrom, and to provide penalties for the violation of the provisions of this act. Am. 1931, p. 291, Act 181, Imd. Eff. May 28.

The People of the State of Michigan enact:

307.51 Mussels; fishing, registration and license requirements.

Sec. 1. It shall be unlawful for any person to take, catch or kill mussels by means of any kind of apparatus or in any manner whatsoever in any of the inland waters of this state without first having been registered in the office of the director of conservation and a license issued therefor in accordance with the provisions of this act.

HISTORY: CL 1915, 7746;—CL 1929, 6427;—Am. 1931, p. 291, Act 181, Imd. Eff. May 28;—CL 1948, 307.51.

307.52 License; application, fee.

Sec. 2. Any person desiring to take, catch or kill mussels in any of the inland waters of this state shall make application therefor to the director of conservation on a blank provided for that purpose by the director of conservation, accompanied by a fee of 3 dollars, if the applicant is a resident of this state, and a fee of 50 dollars, if the applicant is a non-resident of this state.

HISTORY: CL 1915, 7747;—CL 1929, 6428;—Am. 1931, p. 291, Act 181, Imd. Eff. May 28;—CL 1948, 307.52.

307.53 License; issuance, contents, possession, exhibition.

Sec. 3. The director of conservation shall upon receipt of such application and the proper fee issue a license to take, catch or kill mussels. All such licenses shall begin July 1 and expire on the thirtieth day of September following their issue. Licenses shall be consecutively numbered as issued and a record shall be kept thereof in the office of the department of conservation. Such license shall state whether it is a resident or non-resident license, the address of the licensee and the amount paid for the license. Said license shall also state what waters have been closed to the capture of mussels by the conservation commission. Every person while taking, catching or killing mussels shall have such license in his possession and shall exhibit the same when requested to do so by an authorized officer.

HISTORY: CL 1915, 7748;—CL 1929, 6429;—Am. 1931, p. 291, Act 181, Imd. Eff. May 28;—CL 1948, 307.53.

307.54 Applications and licenses; record; receipt, disposition; non-resident, definition.

Sec. 4. The director of conservation shall keep a record of all applications and licenses issued by him and on the first day of each month shall pay over to the auditor general all moneys received for the sale of licenses issued under the provisions of this act and such moneys shall be credited to the game and fish protection fund and shall be disbursed by the auditor general for services of the director of conservation and his deputies and their expenses in enforcing this act and the game and fish laws of this state, for propagation and for biological investigations and such other investigations as may be necessary. For the purpose of this act, a non-resident of this state shall be deemed to be any person who has not resided within this state for a period of at least the 6 consecutive months immediately prior to the time application is made for license under the provisions of this act.

HISTORY: CL 1915, 7749;—CL 1929, 6430;—Am. 1931, p. 291, Act 181, Imd. Eff. May 28;—CL 1948, 307.54.

307.55 Mussels; number of boats permitted; crowfoot bars; hand rods; prohibited devices; mufflers.

Sec. 5. Any person to whom a license has been issued under the provisions of this act may operate not more than 1 boat, with or without motor, in taking, catching or killing mussels. Any such person may use 1 additional boat, with or without motor, for the purpose of towing only when no apparatus for taking, catching or killing mussels is used or kept thereon. It shall be unlawful to have in possession on the waters while engaged in taking, catching or killing mussels, more than 4 crowfoot bars, not more than 2 of said bars to be in the water at 1 time, or to use or have in possession a crowfoot bar of greater length than 20 feet. Any such person may also use his hands or a device known as a hand rod in taking, catching or removing mussels from the waters: Provided, That it shall be unlawful to use a fork, dredge, tongs or other device, which in use digs deeply into the bed of the stream, in gathering mussels: Provided further, That all boats propelled by an internal combustion engine or motor and used in taking, catching, killing or conveying mussels taken under the provisions of this act shall be equipped at all times with a quiet muffler for the exhaust.

307.56 Mussels; limitation on catch of undersized of certain species.

Sec. 6. It shall be unlawful to take, catch, kill, offer for sale or have in possession more than 1 per cent by weight, mussels of the varieties known either as mucket or pocketbook species of a size less than 3 inches in greatest dimension. Undersized mussels shall be immediately culled and returned to the water whence taken without avoidable injury.

HISTORY: Add. 1931, p. 292, Act 181, Imd. Eff. May 28;—CL 1948, 307.56.

307.57 Mussels; closed areas, orders of conservation commission, publication, effective date.

Sec. 7. The conservation commission may from time to time as may be required for the conservation of the mussel resources of the state, prescribe areas in any part of the state from which mussels shall not be taken for such a period as may be specified by the commission. It shall be unlawful to take, catch or kill mussels in waters so closed. All orders of the conservation commission affecting mussels shall be published once a year in a newspaper of general circulation, published within each county containing or having on its boundary waters affected by such order. All such orders shall take effect at the time fixed therein, but not less than 21 days after the publication thereof. The conservation commission may extend the time within which such order shall take effect.

AN ACT to protect fish and to preserve the fisheries of this state; to regulate the taking of fish in the waters of lakes Superior, Michigan, Huron, and Erie, and the bays thereof, and the connecting waters between the lakes within the jurisdiction of this state; to prescribe the powers and duties of the director of conservation; to provide for financial remuneration to this state for fish taken for commercial purposes and disposition of moneys derived therefrom; to provide for establishment of great lakes fishery advisory committee and prescribe its powers and duties; to regulate the transportation, sale and possession of fish in this state; to provide for the issuing of licenses and permits pertaining thereto and the disposition of the moneys derived therefrom; to provide for the confiscation of property used or possessed in violation of this act; and to provide penalties for the violations of the provisions of this act. Am. 1947, p. 540, Act 324, Imd. Eff. Jul. 2;—Am. 1968, p. 616, Act 336, Eff. Nov. 15;—Am. 1970, p. 143, Act 53, Imd. Eff. Jul. 10.

The People of the State of Michigan enact:

308.1 Fish in great lakes; property of state.

Sec. 1. All fish of whatever kind found in the waters of lakes Superior, Michigan, Huron and Erie, commonly known as the Great Lakes, and the bays thereof and the connecting waters between the lakes within the jurisdiction of this state, shall be, and are declared to be, the property of the state and the taking thereof is declared to be a privilege. All fish in such waters shall be taken, transported, sold and possessed only in accordance with the provisions of this act.

CITED IN OTHER SECTIONS: Sections 306.1 to 308.48; 308.1 to 308.51 are cited in §§ 307.51a, 306.2, and 306.202.

308.1a Commercial fishing law of 1929; short title.

Sec. 1a. This act shall be known and may be cited as "The commercial fishing law of 1929".

HISTORY: Add. 1943, p. 35, Act 39, Imd. Eff. March 24;—CL 1948, 308.1a.

308.1b Fishing license; limited number to be issued, qualifications; provisions; expiration date; suspension or revocation; renewal, transfer.

Sec. 1b. (1) Notwithstanding the provisions of this or any other act, the director of conservation, when in his opinion it is necessary for the better protection, preservation, management, harvesting and utilization of the fisheries in the waters described in section 1 may limit the number of fishing licenses to be issued under the provisions of this act and fix and determine the qualifications of such licensees. In determining the number of licenses that the director of conservation issues during any license year, he shall take into consideration the number of persons holding such licenses, the number of licensees needed to harvest the fish known or believed to be harvestable, the capacity of the boats and equipment owned and used by licensees to effectuate such harvesting, and any other facts which may bear upon the allowing of a limited number of licensed persons to engage in commercial fishing in an economical and profitable manner. In determining the qualifications of the licensees, the director of conservation shall consider the kind, nature and condition of the boats and fishing equipment and gear to be used by the applicant, the years of experience the applicant has had in commercial fishing and the quantity and kinds of fish that the applicant has caught during the previous 5 years and such other facts which may assist him in determining that the applicant is capable to engage in commercial fishing in a proper and profitable manner and will comply with the laws applicable to commercial fishing.

Licenses, provisions.

(2) In addition to the requirements of this act and rules promulgated pursuant to this act, the license issued by the director of conservation may contain provisions:

- (a) Fixing the amount of fish to be taken by species and kind.
- (b) Designating the areas in which the licensee shall be permitted to fish.
- (c) Specifying the season when and the depths where the licensee may conduct his commercial fishing operations.
- (d) Specifying the methods and gear which the licensee shall use.
- (e) Specifying other conditions, terms and restrictions which are deemed to be necessary in carrying out the provisions of this act, including but not limited to the right to inspect the licensee's fishing operations in the waters, on board or ashore.

Expiration date.

(3) All licenses issued by the director pursuant to this act shall expire on December 31 of the year in which issued.

Suspension or revocation.

(4) The director of conservation may suspend or revoke any license issued under this act when the licensee fails to fulfill or violates any of the conditions, terms or restrictions of the license. The director shall afford the licensee a hearing in accordance with the provisions of Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948. Any person whose license has been suspended or revoked shall not be eligible to apply for or receive a license for the ensuing 2 calendar years following such suspension or revocation.

Existing licenses, renewal; transferability.

(5) Any licensee presently licensed at the time this section becomes effective shall have the right to have his license renewed from year to year by the director of conservation if such licensee continues to meet the qualifications set forth in this section and the qualifications specified in any rules promulgated under this section regardless of the determination of the number of licenses to be issued hereunder. Such licenses so issued shall not be transferable without the permission of the director.

HISTORY: Add. 1968, p. 616, Act 336, Eff. Nov. 15.

308.1c Fish and game protection fund; receipts, use.

Sec. 1c. The conservation commission shall provide a financial remuneration to the state for fish taken for commercial purposes by collection from the licensee of not more than 5% of the price received by the licensee. Moneys received shall be credited to the fish and game protection fund to be used in the development and management of the fisheries resource.

HISTORY: Add. 1968, p. 617, Act 336, Eff. Nov. 15.

308.1d Great lakes fishery advisory committee; appointment, purpose, members, terms, expenses.

Sec. 1d. The governor shall appoint a Great Lakes fishery advisory committee to advise the director of conservation on matters affecting the Great Lakes fisheries as submitted to it by the director. The committee shall consist of not more than 9 members. The terms of office shall be 3 years, except that of the members first appointed, 3 shall be appointed for 3 years, 3 for 2 years and 3 for 1 year, or if a lesser number than 9 are appointed, their terms of office shall be prorated accordingly. The members of the advisory committee shall be entitled to actual and necessary expense incurred in the performance of their advisory duties in accordance with standard travel regulations of the department of administration.

HISTORY: Add. 1968, p. 617, Act 336, Eff. Nov. 15.

308.1e Rules; applicability of sections.

Sec. 1e. For the purpose of carrying out the provisions of sections 1b to 1e, the director of conservation may promulgate such rules as may be necessary in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended. Sections 1b to 1e do not apply to lake Erie.

HISTORY: Add. 1968, p. 617, Act 336, Eff. Nov. 15.

308.2 Commercial fishing law; unlawful setting of nets or hook lines; connecting waters, definition.

Sec. 2. It shall be unlawful to place or set any kind of a net or set hook lines or take or attempt to take any kind of fish with a net or set hooklines [sic] except minnow seines as provided in section 5 of this act, in any of the connecting waters between lake Superior and lake Huron and the connecting waters between lake Huron and lake Erie. For the purpose of this act the connecting waters between lake Superior and lake Huron shall be defined as all that part of the straits of St. Mary in this state, extending

from a line drawn from Birch point range front light to the most westerly point of Round island, thence following the shore of Round island to the most northerly point thereof, thence from the most northerly point of said Round island to Point Aux Pins light, Ontario, to a line drawn east and west from the most southerly point of Little Lime island; and the connecting waters of lake Huron and lake Erie shall be defined as all the St. Clair river and all of lake St. Clair and all of the Detroit river extending from fort Gratiot light in lake Huron to a point in the lower Detroit river where the center line of Oak street, city of Wyandotte, Wayne county, Michigan, extended due east, would intersect the international boundary line. The boundary line between lake Michigan and lake Huron shall be defined as a line extending due north from old Mackinac point lighthouse across the straits of Mackinac.

308.3 Unlawful setting of nets or hook lines; channel at mouth of stream or outlet of inland lake; fishing from docks; spearing through ice.

Sec. 3. It shall be unlawful to set any net, set hook lines or other device for the purpose of taking or catching fish within 160 rods on either side of the thread of the stream at the mouth of any river or outlet of an inland lake emptying into lakes Superior, Michigan, Huron or Erie, commonly known as the great lakes, or the bays thereof, navigable for vessels drawing 10 feet or more, leaving an open channel of 1 mile in width for the free passage of fish, extending at right angles from the shore line as near as may be, 2 miles from shore: Provided, That within the next 1/2 mile on either side of any such rivers or outlets of inland lakes no nets, set hook lines or other devices shall be used for the purpose of taking fish that will extend a greater distance than 1 mile from shore. The purpose being to leave an open channel of 1 mile in width 1 mile out, and 2 miles in width for the second mile out for the free passage of fish. No net or other device for taking fish shall be set or used within 40 rods on either side of the thread of the stream at the mouth of any other river or the outlet of any other inland lake leaving an open channel of 80 rods in width for the free passage of fish, extending at right angles with the shore line as near as may be 2 miles out from shore. For the purpose of this section the shore shall be deemed to commence at the average low water mark. In case of dispute as to the location of the open channel or the average low water mark, the same shall be determined by the director of conservation. Except as provided in sections 6 and 8 of this act, it shall be lawful at all times to catch any kind of fish in all the waters named in this act, and from the docks, harbors of refuge or breakwaters, with a hook and line except largemouth black bass, smallmouth black bass, bluegills, sunfish, brook or speckled trout, rainbow and steelhead trout, brown and Loch Leven trout, northern pike, pike-perch, perch or muskellunge, which shall only be taken or possessed in the manner and at the time specified by the laws of this state protecting such fish: Provided, That it shall be lawful to spear carp, suckers, mullet, redhorse, sheepshead, lake trout, herring, smelt, perch, pike-perch, northern pike, muskellunge, sturgeon, whitefish, ciscoes, pilot fish or menominee white fish, catfish, dogfish and garpike through the ice in the connecting waters as defined in this act.

308.4 Set hook lines, spears and gill nets; use permitted; unlawful marketing; unused bait.

Sec. 4. Except as otherwise provided by law, it shall hereafter be lawful to use in the waters of lakes Michigan, Superior, Huron, and Erie and the bays thereof, within the

jurisdiction of this state, set hook lines or spears for the purpose of taking fish; and for the purpose of securing bait for use in baiting said hook lines, it shall be lawful to use gill nets as provided in section 5 of this act: Provided, That it shall be unlawful to market or have in possession for the purpose of marketing any fish taken in such bait nets: Provided, That all unused bait, fresh or old, shall be taken ashore.

HISTORY: CL 1929, 8310;—Am. 1947, p. 541, Act 324, Imd. Eff. July 2;—CL 1948, 308.4.

308.5 Nets; use, meshes.

Sec. 5. It shall be unlawful for any person to possess on any boat licensed under the provisions of this act or to use in the waters of lakes Michigan, Superior, Huron and Erie and the bays thereof, within the jurisdiction of this state, any pound or trap net, gill net, seine or any fixed, set or movable net of any kind or description whatever, the meshes of which are different than prescribed by this section, as follows:

Gill nets, mesh size; whitefish, lake trout, yellow pickerel.

(a) Gill nets with meshes of not less than 4 ½ inches shall be used for the taking of whitefish, lake trout and yellow pickerel. In lake Erie such nets shall have meshes not less than 4 ¾ inches. Such nets shall be set not nearer than 20 rods from the shore of the mainland fronting lake Superior and its bays. Such nets shall be set not nearer than 20 rods from the shore of the mainland fronting lake Michigan southerly from Seven Mile point, Emmet county, during the months of March, April and May. There shall be no nets, except gill nets, of any kind with mesh larger than 2 ¾ inches set in the waters of lake Superior within a radius of 50 miles of the village of Houghton, Michigan, during the period between October 10 and November 4, except by permit from the department of conservation for the taking of spawn from trout for the fish hatcheries.

Same; herring, chubs, perch, pilot fish; disposal of undersized fish.

(b) Gill nets with meshes of not less than 2 ½ inches or more than 2 ¾ inches may be set in water of any depth and gill nets with meshes of not less than 2 ½ inches or more than 3 inches may be set in waters not exceeding 100 feet in depth, for the purpose of taking herring, chubs, perch and pilot fish, commonly called menominees, wherever and whenever they will not take to exceed 10% by weight of other fish, such percentage to be determined by the director of conservation, or any of his deputies, by inspection of the fish taken in such nets. All uninjured fish, except herring, chubs, perch and pilot fish, shall be returned to the waters from which they were taken with as little injury as possible, by the persons lifting the nets; all sound, undersized, dead fish found in the nets shall be the property of the state, and shall not be sold or disposed of, but shall be dressed and brought in and delivered immediately to the director of conservation or his representatives at the fishing port of the person taking the same. The sound, undersized, dead fish shall be then disposed of by the director of conservation as hereinafter provided; if more than 10% of fish other than herring, chubs, perch and pilot fish are taken, then all of such other fish shall be disposed of by the director of conservation. It shall not be unlawful for fishermen to have in possession, not to exceed in quantity the percentage allowed of lake trout, whitefish, yellow pickerel, perch or suckers, of a less weight or length than established by this act, which are caught in 2 ½ inch to 2 ¾ inch or 2 ½ inch to 3 inch mesh gill nets, as provided for in this subsection, but the same may be shipped and disposed of only under the direction of the director of conservation. All undersized fish taken over under the provisions of this section shall be disposed of by the director of conservation to state, county or charitable institutions; parties handling the fish shall be paid not to exceed 3 cents per pound for boxing, packing and icing the fish. The director of conservation shall remove or cause to be removed any of such nets whenever or wherever, from the inspection herein pro-

vided, he shall determine that such nets are taking more fish of the species other than herring, chubs, perch and pilot fish than allowed by the provisions of this section.

Same; blue back herring.

(c) Gill nets with meshes of not less than 2 ¼ inches nor more than 2 ¾ inches may be used for the purpose of taking blue back herring in the waters of lake Superior and Whitefish bay, and those waters of the straits of Mackinac bounded on the lake Huron end by a line drawn from the southernmost tip of St. Martin point, Mackinac county, to the westernmost tip of Lime Kiln point on Bois Blanc island, thence in a southerly direction to the northernmost tip of Point Au Sable in T 38 N, R 2 W, Cheboygan county, and bounded on the lake Michigan end by a line drawn from the southernmost tip of Seul Croix point in Schoolcraft county in an easterly direction to the Lansing shoal lighthouse, thence to the White shoal lighthouse, thence in a southeasterly direction to the westernmost tip of Waugoshance point in Emmet county, and Green bay of lake Michigan, as defined in section 6 of this act, wherever they will not interfere with or take whitefish or lake trout or any other fish protected under the laws of this state.

Same; smelt, alewife.

(d) The director of conservation may issue permits to allow the use of gill nets having meshes not less than 1 ½ inches nor more than 1 ¾ inches for taking smelt and alewife for commercial purposes under such rules and regulations as he may prescribe.

Same; bait.

(e) Gill nets with meshes of not less than 1 ¼ inches nor more than 1 ¾ inches may be used for the purpose of securing bait for use in baiting hook lines, when and where such nets will not take undersized fish.

Pound nets, mesh size; whitefish, lake trout; setting.

(f) Pound nets having meshes not less than 4 ½ inches in the lifting pot, crib or pocket and in the heart and tunnel, and having meshes not less than 5 inches in the lead, shall be used for taking whitefish and lake trout. In such pound nets, meshes not more than 3 ½ inches may be used in 1 side of the pot or in the back, being that part of the pot opposite the tunnel entrance. In fishing such pound nets, or any other pound nets permitted by this act, the crib or pot and hearts and lead shall extend to or above the surface of the water; the crib or pot and hearts shall be entirely open at the top, the sides or walls of the pot or crib and of the hearts shall be held vertically as near as possible and shall have 5 or more stakes driven into the earth at the bottom of the lake to hold said net in place. No pound net permitted under this act nor any part of the webbing thereof shall be set in water of a depth greater than 80 feet. Pound nets fished through the ice may be held in place by fastening them to the ice without the use of stakes.

Same; other legal fish; rough fish grounds; commercial smelt and alewife.

(g) Pound nets having meshes not exceeding 3 ½ inches in the lifting pot or crib and in the tunnel inside the pot or crib, and having meshes not less than 3 ½ inches in that part of the tunnel outside of the pot or crib and in the heart and lead, may be used for taking all legal fish except whitefish and lake trout. Saginaw bay as defined in section 33 of this act shall be considered rough fish grounds, and other similar bays may be designated by the director of conservation as rough fish grounds if the catch of whitefish and lake trout taken in pound nets and trap nets during the last 2 preceding years averaged less than 12% of the total catch, on which grounds all legal fish caught in pound nets and trap nets having meshes not exceeding 3 ½ inches in the lifting pot or crib may be taken and all lake trout and whitefish taken in such nets set in all other waters shall be returned uninjured to the waters. The director of conservation may issue permits to allow the use of pound nets having meshes less than 3 ½ inches in that part of the tunnel outside of the pot or crib and in the heart and lead for the taking of

smelt and alewife for commercial purposes, under such rules and regulations as he may prescribe, which may include the waters wherein such nets may be fished and the period of time during which they may be used.

Trap nets, mesh size; whitefish, lake trout.

(h) Trap nets having meshes not less than 4 ½ inches in the lifting pot, crib or pocket and in the heart and tunnel and having meshes not less than 5 inches in the lead shall be used for taking whitefish and lake trout. In such trap nets, meshes not more than 3 ½ inches may be used in the tunnel inside the pot, in either the front, back or 1 side of the pot for a distance not exceeding 5 feet from the bottom of the net and in that portion of the bottom of the net connected thereto for a distance not exceeding 5 feet, and in the connecting ends for a depth and width not exceeding 5 feet, for the purpose of shoaling fish. Such trap nets shall not be used in any of the waters under the jurisdiction of this state except in lakes Huron and Erie and then only in such a manner that no trap net or any part of the webbing thereof is set in water of a depth greater than 80 feet. Trap nets having meshes as described in this subsection and with no part of the lifting pot or crib over 15 feet in depth may be used to take whitefish and lake trout in lakes Superior and Michigan in water of a depth not greater than 80 feet.

Same; other legal fish; setting; commercial smelt and alewife.

(i) Trap nets having meshes not exceeding 3 ½ inches in the lifting pot or crib and in the tunnel inside the pot or crib and having meshes not less than 3 ½ inches in that part of the tunnel outside of the pot or crib and in the heart and lead may be used for taking all legal fish except whitefish and lake trout. The depth of no part of the lifting pot or crib shall be greater than 15 feet. No such trap nets nor any part of the webbing thereof shall be set in water of a depth greater than 50 feet in lakes Michigan and Superior, nor in water of a depth greater than 80 feet in lakes Huron and Erie. The director of conservation may issue permits to allow the use of trap nets having meshes less than 3 ½ inches in that part of the tunnel outside the pot or crib and in the heart and lead for the taking of smelt and alewife for commercial purposes, under such rules and regulations as he may prescribe which may include the waters wherein such nets may be fished and the period of time during which they may be used. Trap nets having a lifting pot or crib not exceeding 4 feet in depth may have webbing less than 3 ½ inches in the 2 sides of inner heart.

Pound or trap nets, mesh size; hoop, fyke, drop and gobbler nets considered trap nets.

(j) Any pound net or trap net with meshes in the lifting pot or crib between 3 ½ and 4 ½ inches, or any lifting pot or crib of such nets with meshes between 3 ½ and 4 ½ inches, is hereby declared illegal and shall be seized and confiscated when found in use. Hoop nets, fyke nets, drop nets and gobbler nets are considered under this act to be trap nets.

Seines, mesh size; carp, yellow pickerel, perch, herring and other rough fish; minnow seines, size.

(k) Seines having wings with meshes of not less than 4 inches, and the pocket or bag, the bag of which shall be not more than 1/4 the length of the seine, having meshes of not less than 2 ¼ inches, may be used for the purpose of taking carp, yellow pickerel, perch, herring and other rough fish wherever they will not interfere with or take whitefish or lake trout. All seines in use or set along the shores of the waters named in section 1 of this act, when unattended, shall have a metal tag securely attached thereto bearing the commercial fishing license number of the owner or user thereof. Minnow seines not to exceed 80 feet in length and 8 feet in width may be used in the great lakes and connecting waters.

Nets, seines, measurement of mesh; gauges; confiscation; sealing; inspection; destruction of seal, penalty; trawls not licensed.

(l) The measurement of the mesh of all nets and seines as prescribed in this section shall be by extension measure. The size of the mesh of all nets or netting used in fishing as provided by this act shall be determined by extension measure and the measurement shall be made of meshes irrespective of where the net or netting is found, whether in the water, on boat, on reel, on dock, or in any other place on land. Extension measure shall mean the distance between the extreme angles of any single mesh, and such measurements shall be taken between and inside the knots. All measurements of the mesh in gill nets or gill netting shall be made with a flexible steel gauge constructed and used as herein prescribed. All measurements of the mesh of gill nets or gill netting shall be made by inserting in the mesh parallel with the selvage a gauge made of spring steel free from rust, of a length equal to the number of inches prescribed in this section for the mesh measured. The ends of the gauge shall be free of sharp edges or burrs. The gauge shall not be graduated, and any necessary markings shall be placed near the ends of the gauge. The length of the gauge measured parallel with the long edge shall not at any point exceed or be less than the prescribed length by more than $2/1000$ of an inch. Its width at any point shall not exceed $9/16$ of an inch or be less than $7/16$ of an inch. Its thickness shall be such that when it is set vertically on a solid anvil with its upper end loaded with a dead weight between $7\frac{1}{2}$ and $8\frac{1}{2}$ ounces, the gauge shall deflect at its middle $1/10$ of its length.

The meshes to be gauged shall be at least 3 meshes removed from the selvage or side lines, shall not be stretched or manipulated in any way prior to or after the insertion of the gauge and the same mesh shall not be gauged more than once. In gauging a mesh, the flexible gauge shall be held only by the ends and bent between thumb and forefinger, and the bent rule shall then be inserted in the mesh parallel with the selvage and with the collapsed mesh, and finger pressure shall be released immediately, not gradually. If the gauge does not straighten out completely under its own tension within 2 seconds after its release in the mesh without slipping a knot or breaking the twine, the mesh shall be considered unlawful, and if the majority of 10 or more meshes selected at random by the enforcement officer from any part or parts of the gill net or from the entire gill net or from any gill netting being gauged are found to be unlawful, the gill net or gill netting if found in use or in or upon any licensed commercial fishing boat shall be seized and confiscated. If found in possession but not in use, any such gill net or gill netting shall be sealed by the enforcement officer with a suitable seal provided by the director of conservation and, when once sealed and for so long as the seal shall remain intact thereon, may be possessed by the owner thereof until disposed of or destroyed by him as herein provided. Such gill net or gill netting shall not be disposed of or destroyed except under direction of a conservation officer and, until that time, shall be available for inspection by the director of conservation or any conservation officer. Any person who, without authority from the director of conservation, shall break or destroy any such seal attached to a gill net or gill netting, or any person who shall refuse or neglect to produce for inspection any gill net or gill netting so sealed, or who shall dispose of or destroy same except under the direction of a conservation officer, shall be guilty of a misdemeanor and upon conviction thereof shall be subject to the penalty provided for in section 21 of this act. It shall be unlawful to use any gill net of a greater measurement than 11 feet in depth in any of the waters of the Great lakes and the bays thereof. In lake Erie no gill net shall be over 36 meshes deep. No trawl of any kind may be licensed.

Gill nets, mesh size; carp.

m) Gill nets having meshes not less than 8 inches may be used for taking carp in Wildfowl bay in Huron county.

308.6 Closed seasons; setting of nets or hooks; disposition of fish taken during closed season; revocation of license; chilling fish.

Sec. 6. (1) It shall be unlawful to take from any of the waters named in section 1 of this act any:

(a) Lake trout, in lake Huron and lake Michigan from October 1 to December 10; in lake Superior from October 5 to November 4.

(b) Whitefish, in lake Huron and lake Michigan from October 1 to December 10; in lake Superior from November 1 to November 26.

(c) Pike-perch (yellow pickerel), northern pike, from April 1 to May 20. In Saginaw bay, as defined in section 32 of this act, it shall be unlawful to take pike-perch from March 5 to April 10. It shall be lawful to spear pike-perch through the ice during the closed season in lake Huron and the connecting waters of the great lakes for non-commercial use only.

(d) Perch, from April 15 to May 20. In the waters of lake Michigan only, it shall be unlawful to take perch from April 25 to June 1. In Saginaw bay perch of legal size may be taken at any time. The taking of perch with hook and line shall be lawful at any time.

(e) White bass, in lake Michigan at any time of the year. The taking of white bass with hook and line shall be lawful at any time.

(f) Suckers, from April 15 to May 20. In Saginaw bay suckers may be taken at any time. The taking of suckers with hook and line shall be lawful at any time.

(g) Black crappie, also known as calico bass, in lake Huron from June 1 to August 25; and in lake Erie, lake Michigan and lake Superior, black crappie may not be taken at any time.

(2) In the waters of Green bay of lake Michigan within the jurisdiction of this state, which for the purpose of this act shall be deemed to be those waters lying inside a line drawn from the most southerly part of Point Detour to the most easterly points of Sumner and Poverty islands, thence due south to the Michigan-Wisconsin boundary line, thence along the boundary line to the shore, it shall be unlawful from April 15 to May 20 to set, place or use any gill net having meshes less than 4 ½ inches. The director of conservation may issue permits under such rules and regulations as he may prescribe to allow the use of gill nets having meshes not less than 2 ¼ inches or more than 2 ¾ inches for taking herring from the waters of Green bay from April 15 to May 20, when and where such nets will not interfere with or take any other species of fish. The closed seasons established by this section shall not apply to lake Erie and the lower Detroit river, where no nets shall be set and no fish of any kind shall be taken with nets from January 1 to March 10. It shall not be unlawful to take carp with seines at any time from said waters.

(3) In every case the season shall open and close at 12 o'clock noon on the dates named in this section.

(4) All live fish, on which the season is closed, shall be liberated and returned to the water with as little injury as possible, and any sound, dead fish, on which the season is closed, shall be dressed, brought ashore and delivered immediately to the director of conservation or his representatives at their or his fishing port, which fish shall be dis-

posed of in the same manner as provided for the disposition of undersized fish in section 5 of this act.

(5) It is a violation of this act to set nets or hooks for the taking of lake trout or whitefish before the first day of the open season for taking the fish, and the license of any person, firm, copartnership, association or corporation shall be immediately revoked upon conviction of unlawfully setting nets before the first day of the open season as provided in this act, and revocation shall prohibit the use of boat and gear by any person during the balance of the year for which license was issued. Any person, firm, copartnership, association or corporation engaged in the taking of fish for commercial purposes from May 15 to September 15, both dates inclusive, under the provisions of this act shall carry sufficient ice and properly chill the fish at the time and place of their removal from the waters.

308.7 Taking fish for fish culture; commercial fishing, closing.

Sec. 7. The director of conservation may authorize the taking of trout, whitefish and yellow pickerel for the purpose of fish culture at any time during the open or closed seasons herein provided, when it is determined by test nets set under the direction of the director of conservation, that at least 20 per cent of the fish taken are females and at least 40 per cent of these females are ripe and ready to spawn: Provided, That when all spawn needed for state and federal hatcheries has been secured, the director of conservation may close all commercial fishing during the remainder of the closed season. The director of conservation is hereby authorized to close all commercial fishing during the closed season on those grounds which are so located as to prevent proper handling of spawn or where it appears that little or no spawn is being taken.

HISTORY: CL 1929, 6313;—CL 1948, 308.7.

308.8 Spawn; handling; violation of act; unlawful taking of trout.

Sec. 8. All persons, firms, copartnerships, associations or corporations engaged in fishing for whitefish, trout, yellow pickerel or perch in the waters named in this act, shall from the beginning of the spawning season for these fish, such time to be determined by test under the direction of the director of conservation, until the beginning of the closed season provided by section 6 of this act, and before and after the said closed season, strip all ripe fish, both male and female, save all of the spawn, properly impregnate it, and deliver it to the director of conservation or to his representatives, at his or its fishing port, and all such persons, firms, copartnerships, associations and corporations shall have a sufficient force of men on each boat and all the equipment needed properly to save, handle, impregnate and deliver such spawn. The saving, handling, impregnating and delivering of spawn shall be done under the direction of the director of conservation and in accordance with such regulations and under such supervision as he may prescribe: Provided, That the director of conservation shall not discriminate against any person, firm, copartnership, association or corporation engaged in such fishing during said closed or open season, having a sufficient force of men and equipment on each boat properly to save, handle, impregnate and deliver such spawn at any port or fishing ground when it has been determined that fish are ripe for spawning, and this determination shall be made by setting test nets on each fishing ground where spawn will be taken. Any person, firm, copartnership, association or corporation engaged in commercial fishing failing to properly save, handle, impregnate and deliver such spawn during any period when spawn are ripe shall be deemed guilty of a violation of this act: Provided, That it shall be unlawful to take from the waters of the great lakes any lake or Mackinaw trout during the closed season

established by this act for said fish, except by the use of gill nets, trap nets and pound nets after tests have been made and the percentage of ripe fish secured as provided for in section 7 of this act.

HISTORY: CL 1929, 6314;—Am. 1933, p. 435, Act 255, Imd. Eff. July 11;—CL 1948, 308.8.

308.9 Spawn; propagation; planting of fry; violation of act.

Sec. 9. The director of conservation shall deliver to designated representatives of the United States bureau of fisheries and to the state fish hatcheries so much of said spawn as may be desired by said bureau and state hatcheries for propagation and planting in the waters of said lakes within the jurisdiction of this state and the remainder of the spawn shall be properly impregnated and planted upon the spawning beds from which it was taken. The persons, firms, copartnerships, associations or corporations so fishing shall plant upon the spawning beds the fry hatched from such proportion of the spawn as may have been taken from the fish caught by said persons, firms, copartnerships, associations or corporations when directed so to do by the director of conservation. Any person, firm, copartnership, association or corporation refusing or failing to comply with the provisions of this section shall be deemed guilty of a violation of the provisions of this act.

HISTORY: CL 1929, 6315;—CL 1948, 308.9.

308.10 Taking fish for fish culture; powers of director of conservation; sale, disposition of proceeds.

Sec. 10. It shall be lawful for the director of conservation to take fish in any manner, in any of the waters mentioned in this act, at any and all seasons of the year, for the purpose of fish culture and scientific investigation; to have and to hold ripe and unripe fish in order to take spawn therefrom; to sell all such ripe and unripe fish; and to devote the proceeds of such sales exclusively toward defraying the expenses incurred taking such fish and fertilizing and planting the spawn therefrom.

HISTORY: CL 1929, 6316;—CL 1948, 308.10.

308.11 Shipments; marketing; seizure as illegal.

Sec. 11. It shall be unlawful for any person, firm, company, partnership, copartnership, association or corporation to ship or transport within this state any fish in packages or containers without plainly and correctly marking each package or container with the name of the consignor and the kinds of fish contained therein. It shall be unlawful for any railroad company, boat line, express company, motor truck company, aerial freight or express company, or other transportation company or common carrier, or any agent of any such company, or the owner of any boat, aeroplane, car, truck or other vehicle operated privately or as a common carrier, or for the agent or representative of such owners to accept for shipment or transport any package or container of fish unless it is properly marked as prescribed in this section. The presence in any package or container of 10 per centum by weight of any fish that is illegal to ship shall make the entire contents of said package or container subject to seizure as an illegal shipment.

HISTORY: CL 1929, 6317;—Am. 1939, p. 885, Act 339, Eff. Sept. 29;—CL 1948, 308.11.

308.12 Possession of shipment; construction.

Sec. 12. The possession of any package or shipment of illegal fish offered to any common carrier as mentioned in section 11 shall be construed to be and remain in the consignor until delivered to the consignee: Provided, That if any common carrier as hereinbefore mentioned is not able, or refuses or neglects to show from whom the con-

shipment of any shipment of fish was received, the shipment is hereby declared to be in possession of the common carrier having same in transit and they may be proceeded against the same as the original owner.

HISTORY: CL 1929, 6318;—CL 1948, 308.12.

308.13 Repacking after opening; detention.

Sec. 13. Any package or car of fish in transit opened by the director of conservation or his deputies, if found to be a lawful shipment under this act, shall be repacked in as good condition as possible: Provided, That no package or car of fish legally shipped shall be detained in transit by or for inspection.

HISTORY: CL 1929, 6319;—CL 1948, 308.13.

308.14 Minimum length and weight requirements; unlawful possession and marketing.

Sec. 14. (1) It shall be unlawful to market, have in possession, transport or offer for sale at any time in this state, whether caught within or without this state, any:

- (a) Whitefish, of a less length than 17 inches.
- (b) Lake trout, of a less weight than 1-½ pounds in the round, and 1-¼ pounds when dressed.
- (c) Ciscowet trout, of a less weight than 1-½ pounds in the round.
- (d) Perch, of a less length than 8-½ inches in the round and filleted perch of a less weight than 1-¾ ounces; perch with heads and tails off of a less length than 5-½ inches.
- (e) Suckers, of a less length than 14 inches.
- (f) Northern pike, of a less length than 20 inches.
- (g) Catfish, of a less length than 17 inches. Catfish of not less than 15 inches in length may be taken from the waters of lake Erie.
- (h) Pike-perch (yellow pickerel), of a less length than 15-½ inches in the round and filleted pike-perch (yellow pickerel) of a less weight than 9 ounces. Pike-perch (yellow pickerel) not less than 13 inches in length may be taken from lake Erie. Pike-perch (yellow pickerel) not less than 13 inches in length taken from the waters of lake Erie may be sold or offered for sale at a dock or docks along lake Erie. Any such pike-perch (yellow pickerel) of a length less than 15-½ inches shall not be otherwise offered for sale, bartered or sold within the limits of the state.
- (i) Blue pike, of a less length than 11 inches.
- (j) White bass, of a less length than 9 inches.
- (k) Sturgeon, of a less length than 42 inches.
- (l) Black crappie, of a less length than 7 inches.

Imported commercial and game fish.

(2) Imported commercial fish species and game fish when of a size or weight or species not prohibited by the laws of the state or country where caught may be possessed, transported, offered for sale and marketed in this state, if:

- (a) Such fish are processed outside the state, sold to consumers in the same package as imported, and each package is labeled as a product of the state or country where the fish were caught; or
- (b) A chain of satisfactory evidence of importation is maintained through to the retailer who sells to the consumer, in a manner prescribed by the director of natural resources.

Measurement; mutilation; unlawful possession.

(3) The measurement of the length of a fish within the meaning of this act shall be taken in a straight line from the tip of the snout to the utmost end of the tail fin. For the purpose of this act a "fish in the round" shall be deemed to be a fish that is entirely

intact as it was taken out of the water with no part removed by dressing. A "dressed fish" shall be deemed a fish with the head attached but with the gills and the entire gut or viscera (stomach, liver, intestine, gonads) removed, and a "filleted fish" shall be deemed to be a fish with the entire head, gut or viscera, gills, bones, scales and all fins removed. The measurements of length and weight as prescribed in this act shall apply without any allowance made for the shrinkage of the fish.

The possession on any boat, or on any other conveyance used to reach the nets from shore, of any meat grinders or similar devices by the use of which the identification of the species or measurement of the individual fish is impossible, is hereby prohibited. It shall be unlawful for any fisherman to bring ashore any fish which is so mutilated that identification and measurement is impossible.

It shall be unlawful to market, have in possession, or offer for sale any fish illegally taken from the waters defined by this act.

308.15 Undersized fish; return to waters; definition.

Sec. 15. It shall be unlawful for any person or persons engaged in lifting pound nets, trap nets or seines in the waters of this state, to take from the said waters any undersized fish, and all undersized fish found in such nets fished in said waters shall be returned to said waters with as little injury as possible by the person or persons lifting the net or nets. For the purpose of this act undersized fish shall be construed to mean fish of a smaller size than established by this act.

308.16 Fish unlawful to take by commercial fishing devices; return to water.

Sec. 16. It shall be unlawful for any person to take or catch with any kind of a net or other device used in commercial fishing in any of the waters mentioned in this act, any:

- (a) Largemouth black bass, *Huro salmoides*;
- (b) Smallmouth black bass, *Micropterus dolomieu*;
- (c) White crappie, also known as strawberry bass, *Pomoxis annularis*;
- (d) Bluegill, *Lepomis macrochirus*;
- (e) Common sunfish, *Lepomis gibbosus*;
- (f) Brook or speckled trout, *Salvelinus fontinalis*;
- (g) Rainbow and steelhead trout, *Salmo gairdnerii*;
- (h) Brown and Loch Leven trout, *Salmo trutta*;
- (i) Muskellunge, *Esox masquinongy*;

Or to sell or offer for sale or to have in possession at any time any of the said fish unless otherwise provided by law. Any such fish whether dead or alive shall at once be returned to the waters from which taken by the person or persons taking same.

308.17 Marking of location of nets and devices; when set under ice.

Sec. 17. It shall be unlawful for any person, firm, copartnership, association or corporation to set or use nets, set hook lines, or any other continuous device in any of the waters mentioned in this act without marking its location by buoys and identifying said nets, or other devices by showing the license number in plain figures upon the bows of said buoys of the person, firm, copartnership, association or corporation using the nets, set lines or other devices; the license number to be attached to all gill net

buoys; to the stakes at the heart or pot of pound nets; to the lifting buoy of trap nets, where the heart and pot are set below the surface of the water; to a buoy at the point of heart or pot of fyke nets where the cover of the hearts or pots comes to the surface of the water: Provided, That when any of said nets, set hook lines or other devices are set under the ice, their location shall be marked by a stake extending not less than 4 feet above the ice at each end of such net or nets, set hook lines or other continuous device and the license number, in legible figures, shall be attached to each such stake or to the ends of the net or nets, set hook line or other device.

308.19 Director of conservation; power to take fish for cultural purposes; price.

Sec. 19. The director of conservation may take for fish cultural purposes only, fish taken by any person, firm, copartnership, association or corporation fishing in Michigan waters and when so taken the fish shall be weighed and shall be paid for, the price to be based on the Chicago, Detroit and New York markets, or at such other price as may be agreed upon by the person or persons taking the fish and the director of conservation, plus the cost of transportation, if any.

HISTORY: CL 1929, 6325;—CL 1948, 306.19.

308.20 Daily report of catch; failure to file, penalty; monthly report.

Sec. 20. Every person, firm, copartnership, association or corporation taking fish for the market in any of the waters mentioned in this act shall keep an accurate report of each day's catch upon blanks furnished by the director of conservation of the number of pounds of each kind of fish taken, of the locality fished, of the kind and amount of fishing gear employed, of the length of time (number of nights) each unit of gear employed fished without being lifted, of the kind and amount of spawn taken, of the kind and amount of caviar taken and of such other data as the biologists may require in following the trend of the fisheries and shall each month report (under oath when requested so to do) the above data to the director of conservation. Any person, firm, copartnership, association or corporation whose report for the last preceding month is not received by the director of conservation at his office in Lansing, Michigan, on or before the fifteenth day of the month following, shall be considered delinquent and notice to that effect shall be mailed such delinquent person, firm, copartnership, association or corporation by the director. Failure to submit a report within 30 days after the close of the month for which a report is required shall be considered as intent to violate the provisions of this section. The license of any person, firm, copartnership, association or corporation who fails to submit reports for 2 or more months, and who has been duly notified by the director of conservation each following month as provided herein, may be suspended by the director of conservation until such time as the delinquent reports are submitted to him. The boat and nets for which a license is suspended shall not be used for commercial fishing by any person, firm, copartnership, association or corporation until the suspension has been lifted and the license restored: Provided, That any person, firm, copartnership, association or corporation failing to

make the report or reports as above described shall be denied a new license or a renewal of his or their license until the provisions of this section of this act have been complied with. Any person, firm, copartnership, association or corporation engaged in fishing operations shall submit a monthly blank to the department regardless of whether fishing was discontinued for 1 or more months, noting the facts.

308.20a Report of fish in possession by commercial fishermen; contents; inspection; unlawful possession.

Sec. 20a. Every person, firm, company, partnership, copartnership, association or corporation licensed to take fish under the provisions of this act shall, at the close of the 24-hour period immediately following the close of the respective open seasons provided for by this act, report to the director of conservation or his authorized representative, on forms provided by him, the kinds of such fish and number or weight thereof in possession at the close of said 24-hour period. Any subsequent shipment and/or sale of such fish shall be reported immediately to the director of conservation or his authorized representative, on forms furnished by him, showing the amount and kinds of fish shipped or sold, the date thereof, and the name and address of the person or persons to whom shipped or sold. All fish in possession upon which the season is closed shall be made available for inspection at any reasonable time upon the demand of the director of conservation or his authorized representative. It shall be unlawful to have in possession or to ship, transport or sell any fish upon which the season is closed and which have not been reported as herein provided.

HISTORY: Add. 1949, p. 285, Act 235, Eff. Sep. 23.

308.21 Violation of act; penalty.

Sec. 21. Any person violating any of the provisions of sections 1 to 20, both inclusive, of this act shall, upon conviction, for the first offense be punished by a fine of not less than 25 dollars nor more than 100 dollars and costs of prosecution or imprisonment in the county jail for not more than 30 days, or by both such fine and imprisonment in the discretion of the court; and for the second or any subsequent offense, charged as such in the complaint, shall be punished by a fine of not less than 50 dollars nor more than 100 dollars and costs of prosecution, or by imprisonment in the county jail for not less than 30 days nor more than 90 days, or by both such fine and imprisonment in the discretion of the court. When a fine with costs is imposed under the provisions of this act, the court shall sentence the offender to be confined in the county jail until such fine and costs are paid, but for a period not exceeding the maximum penalty for the offense.

308.23 Commercial fishing licenses; application, contents; fee based on over-all length of boat.

Sec. 23. Any person, firm, company, copartnership, partnership, association or corporation desiring a license under the provisions of this act shall make application therefor to the director of conservation on oath when required on a blank provided for that purpose by the director of conservation, accompanied by the fee hereinafter provided. Such application shall state the name and residence of the applicant, the manner in which he proposes to fish, name or number of the tug, launch, boat, scow or skiff, the over-all length and the gross tonnage thereof, the value of the boat, the name of the port from which the boat will operate, and the number and kind of net or nets and hooks or other gear which he intends to use, the value of the buildings and grounds and such other information as may be required for statistical purposes. "Over-all length" shall mean the minimum distance between the extreme outside end of the bow and of the stern considering the nearest whole number of feet. The amount of the license fee to be paid shall be based on the over-all length of the boat or boats, if a boat is used.

308.23a Repealed. 1959, p. 391, Act 253, Eff. Mar. 19, 1960.

Section limited to radius of 50 miles from port designated in license, areas in which licensed, commercial fishermen could fish in Lakes Erie, Superior, and Michigan.

308.24 License to use fishing devices; issuance fees; nonresident.

Sec. 24. (1) The director of conservation when application is made by any person, firm, company, copartnership, partnership, association or corporation in accordance with section 23 shall issue the license provided for in this act upon payment by the applicant, if a resident of this state, of the following fees:

a) For fishing with set hook lines or nets, with or without a boat not exceeding 16 feet in overall length, or a boat used in sport trolling for lake trout for hire, \$16.00 per year. Any person, firm, company, copartnership, partnership, association or corporation using more than a single crew consisting of not to exceed 4 men in fishing nets or hooks under the ice shall secure a license for each crew. The director of conservation, upon proper application therefor, shall issue with each license to fish nets or set hook lines under the ice 4 identification cards bearing the number of the license and the year for which issued. Each member of a single crew engaged in the setting, lifting or pulling of nets, set hook lines or other devices, set under the ice under authority of the license, shall carry such card on his person at all times while so engaged and upon demand of any conservation officer shall exhibit such card. Minnow seines and dip nets are exempt from the provisions of this section.

b. For each rowboat, sailboat, powerboat, motorboat, steamboat or scow used in catching, killing, taking or transporting fish caught with nets, set hook lines, or trolling nets, \$3.00 per foot overall length, and \$1.00 per ton additional for each ton over 10 gross tons. No license shall be required for a scow used only in transporting nets. Each license for a boat propelled by sail, steam, gas or other mechanical power shall entitle the licensee to operate a rowboat not exceeding 16 feet in overall length. Each such rowboat shall bear the same identification as the boat for which the license is issued and shall be used only while attending said boat. No resident person, firm, company, copartnership, partnership, association or corporation shall pay less than \$50.00 or more than \$200.00 on any 1 boat in any 1 license year.

Nonresident's license, fee; ban on issuance, for Lake Erie and Lake Huron.

(2) If a nonresident of this state, the fee shall be 5 times the fee required of a resident in accordance with the schedule prescribed in this section. Beginning in the year 1966, there will be a ban on the issuance of licenses under section 23 to nonresidents for fishing in Lake Erie and Lake Huron except at the discretion of the conservation director.

Nonresident, defined.

(3) For the purpose of this act, a nonresident shall be deemed to be any person who has not actually resided in this state for 3 years immediately prior to the date of application for a license, or, any person applying for a license for use of nets or a boat registered or of record at a port outside of the state, or, any firm, company, copartnership, partnership, association or corporation in which any of their stock, boats, nets and fishing equipment has been owned by nonresident persons at any time during the 3 years immediately prior to the date of application for a license.

308.25 Commercial fishing licenses; form; tag attached to boat; transfer, procedure.

Sec. 25. Upon the payment of the fee provided for in section 24, the director of conservation shall have prepared and shall issue to persons, firms or corporations entitled to the same, a printed or written license signed by him, setting forth the date of issuing the same, to whom issued, the date on which it will expire, the name or number, and the kind of boat, tug, launch (number of and kind of) net or nets for which said license was issued: Provided, That the director of conservation shall also issue, with the license, a suitable tag bearing the license number and the year for which issued which must be attached to the boat to facilitate identification: And provided, That the director of conservation upon application therefor and the payment of a fee of \$1.00, may:

(a) Permit the transfer of said license to a larger or a smaller boat or to any boat, tug or launch during such period of time as such licensed boat, tug or launch shall be disabled and undergoing repairs.

(b) In case of the sale or the transfer of the title of any licensed boat, transfer the license to the new owner or owners: Provided, That if such sale or transfer shall be to a non-resident as determined by the preceding sections, then the difference between the fee for a resident license and a non-resident license must also be paid.

(c) In case of the loss of a vessel by fire, collision or otherwise, for which a license has been issued, transfer the license to any similar boat to which the licensee may acquire title.

Whenever a license is transferred to a larger boat the difference between the fee paid for the license and the fee required by this act for such boat shall also be paid. No refund shall be made when license is transferred to a smaller boat: Provided, That any boat to which a license has been transferred as herein provided shall be used in taking, catching or killing of fish or in the setting or pulling of nets, set hook lines or other commercial fishing devices, only within a radius of 50 miles of the port designated in the license as originally issued, and not more than 1 license shall be issued for any 1 boat in any 1 calendar year: Provided, however, That the owner of any licensed boat acquired from the estate of a deceased licensee or as a result of bankruptcy proceedings may, in addition to having the license transferred in his name, have a port of his choice designated in such license.

308.26 Commercial fishing licenses; expiration date; record of applications and licenses; disposition of fees.

Sec. 26. All licenses in effect after July first, 1946 shall expire on the thirty-first day of December in the calendar year for which issued: Provided, That any license which expires December thirty-first, 1946, shall be issued for 1/2 the fee prescribed in section 24 of this act.

The director of conservation shall keep a record of all applications and licenses. On the first day of each month, the director of conservation shall pay over to the auditor general all moneys received by him under the provisions of this act, and said moneys shall be credited to the game and fish protection fund and shall be disbursed by the auditor general for services of the director of conservation and his deputies and their expenses in enforcing the commercial fishing laws, for the protection and propagation of fish, and for the purchase of patrol boats and other apparatus to be used for that purpose, and as otherwise provided by law.

308.26a Wholesale fish house or market; license, fee; label on containers; record.

Sec. 26a. Every person, firm, company, copartnership, partnership, association or corporation who deals in fish by operating a wholesale fish market or fish house, or who solicits the purchase of or who buys fish for wholesale distribution, shall secure a license from the director of conservation. Every such license shall expire on the thirty-first day of December and the fee for such license shall be 5 dollars.

No person, firm, company, copartnership, partnership, association or corporation holding a license under the provisions of this section shall transport or cause to be transported, or deliver or receive for transportation, any package or parcel containing any fish or carcass or part thereof unless the same is labeled in plain English on the address side of such package or parcel so as to disclose the name and address of the consignor, the name and address of the consignee, and the number of pounds of each kind of fish contained in such package or parcel.

Any person, firm, company, copartnership, partnership, association or corporation licensed under the provisions of this section may, at any time, sell, purchase or barter, or have in his possession, or under his control, for the purpose of sale or barter, any commercial fish: Provided, That the provisions of section 14 of this act shall at all times be observed. Each person, firm, company, copartnership, partnership, association or corporation shall keep a separate record of the purchase of such fish in such form as shall be required by the director of conservation, and such record shall at all times be open to inspection by the director of conservation or his representatives.

308.40b Little Bay de Noquette, Big Bay de Noquette and Green Bay.

Sec. 40b. It shall be unlawful in the waters of this state, known as Little Bay de Noquette and Big Bay de Noquette, and that part of Green Bay lying north of a line drawn from the point where the south boundary of Delta county (being the south line of township 37 north) meets the west shore of Green Bay, thence easterly to the most southerly point of St. Martin Island, thence northeasterly through the most southeasterly point of Poverty Island to the most southeasterly point of Summer Island (also called Big Summer Island), thence northerly along the shore of Summer Island to the most easterly point thereof, thence northerly to the navigation buoy off the south end of Point Detour:

(a) To fish, set, use or maintain in the water any pound net designed for the impounding of fish, unless it be held in place solely by 10 or more stakes driven firmly into the ground beneath the water;

(b) To fish, set, use or maintain any pound net in water having a depth greater than 50 feet;

(c) To fish, set or have in the water any trap net, hoop net, fyke net, drop net or gobbler net at any time from April 15 to May 20, both dates inclusive;

(d) To fish, set, use, maintain or permit to remain in the water any net of any description, except minnow seines, between July 1 and September 10, both dates inclusive, in whole or in part within any of the areas described as follows:

(1) In Big Bay de Noquette north of a line from the southernmost tip of Porcupine Point to the westernmost tip of Valentine Point;

(2) In Little Bay de Noquette between the westerly shore and a line drawn from the extreme end of Saunders Point to the extreme end of Squaw Point and thence to the mouth of the channel into the Gladstone yacht harbor;

(3) In Little Bay de Noquette and Green Bay between the westerly shore and a line drawn from the most easterly point on Portage Point 1 and 1/2 miles south, thence in a general southerly direction parallel to the westerly shore line and 1 and 1/2 miles out from shore to a point where the township line between town 37 n and 38 n, r 23 w intersect, thence west to the shore.

(e) The provisions of paragraphs (a) and (b) of this section shall not apply to or restrict the fishing, setting, use or maintenance of pound nets otherwise lawfully used for the taking of smelt or herring during the winter months under the ice.

HISTORY: Add. 1952, p. 90, Act 80, Eff. Sep. 18.

308.41 Keweenaw bay.

Sec. 41. It shall be unlawful to take, catch or attempt to take or catch any fish with seines, gill nets, or any form of pound or trap nets or in any manner except by the use of hook and line and spear as permitted by law in the waters of L'Anse bay, which within the meaning of this act are defined as follows: South of an east and west line beginning at the meander corner between sections 25 and 36, township 51 north, range 33 west, and extending west to the meander corner between section 27 and sec-

tion 34, township 51 north, range 33 west. In the remaining waters of lake Superior inside of a line extending from Manitou light on Manitou island, Keweenaw county, to the Huron island light on west Huron island and thence to the mouth of the Huron river in township 52 north, range 29 west, Marquette county, excluding Huron bay as defined in section 42 of this act, it shall be unlawful from January 1 to October 31 in each year to set or use in waters between 120 feet in depth and 300 feet in depth any gill net with meshes less than 4 ½ inches, except for taking herring when the net is floated so that the lower line thereof is not more than 42 feet below the surface of the water, and for the taking of bait for set hook lines in accordance with section 5 of this act.

HUNTING. Similar provisions, see Compilers' § 317.161.

312.2a Wildlife for public exhibition; permit; rules; fee; exception.

Sec. 2a. (1) It shall be unlawful for any person to keep any wild animal or wild bird in captivity for public exhibition except under a permit from the director of conservation who is authorized to issue such permits as he may deem advisable, and with the approval of the conservation commission is authorized to promulgate and enforce rules requiring adequate sanitation, medical care, clean water, housing and feed for the animals and to insure provisions for public safety. A fee of \$15.00 shall be collected for each such permit. When the commission deems it necessary to best serve the public interest, the requirement of a permit and such rules as the commission may

designate shall also apply to any wild, nonnative mammal or bird held for public exhibition. Minimum pen specifications for nonnative species shall conform to those established for comparable native species, or as may be required by the director. No provisions of this section shall be construed to apply to the exhibition of any wild animal or wild bird by any pet shop, educational institution, public agency or in a zoological garden or in connection with any theatrical exhibition or circus.

(2) A permit issued under this section may be suspended or revoked after a hearing upon reasonable notice when any operations fail to comply with the requirements of this section. When a permittee is convicted of a violation of this section, his permit may be revoked and any wildlife held thereunder shall be disposed of only in a manner approved by the director.

(3) A person, other than a public exhibition permittee or his employees, shall not provide food or drink to any wildlife held in captivity under a public exhibition permit.

312.5 Wild non-game birds; unlawful acts, exception.

Sec. 5. No person shall kill, catch or have in possession any wild non-game birds, living or dead, or purchase, sell, offer or expose for sale, any such wild non-game bird after it has been killed or caught, except as permitted by this act, and no part of the plumage, skin or body of any non-game bird protected by this act shall be sold, bartered, or exchanged, or had in possession for such purpose whether said bird was captured or killed within or without the state; and no person shall take, or destroy the eggs of any wild bird protected by law, either game or non-game, or have same in possession except as permitted by law. It shall be unlawful for any person while hunting or while with a gun in his possession, to skin or otherwise destroy the identity of any bird: Provided, That this section shall not apply to any person holding a permit giving the right to take birds, their nests or eggs, for scientific purposes, as provided in section 38 of chapter 4 of this act.

HISTORY: CL 1929, 6213;—CL 1948, 312.5.

NOTE: Sec. 38 of Ch. IV, above referred to, is Compilers' § 314.38.

312.6 Foreign animals and birds; possession; exceptions; unlawful sale.

Sec. 6. (1) No person shall at any time have in possession or under control any protected animals or birds of any kind, caught, taken or killed outside of this state, which were caught, taken or killed at a time, in a manner, or for a purpose forbidden by the laws of the state, territory or country where the same were caught, taken or killed, or which were shipped out of said state, territory or country in violation of the laws thereof. No person shall import or cause to be imported into this state any part of the plumage, skin or dead body of any species of hawk, owl or eagle. This section shall not apply to importation of hawks, owls or eagles by any educational institution, public agency, zoological garden or any other theatrical exhibition or circus, nor be construed to prohibit or restrict the importation or use of the plumage, skin, body or any part thereof by American Indians for ceremonial purposes or in the preservation of their tribal customs and heritage.

(2) It shall be unlawful after June 1, 1971 to sell or offer for sale the skin or hide or any product made in whole or in part from the skin or hide of any bird, animal or reptile taken or killed in violation of any law or regulation of any state or foreign country.

312.7 Unlawful possession, purchase or sale of game animals or birds; sale of plumage, hide, skin or parts, regulations, definitions; taxidermists.

Sec. 7. (1) It shall be unlawful for any person, directly or indirectly, to buy, sell, expose or offer for sale any game animal or game bird, or part thereof, mentioned in this act. However, the plumage, hide, skin or parts thereof of such animal or bird lawfully taken during the open season, raised under authority of a breeder's license, or imported from a lawful source without the state may be bought and sold. The plumage, hide, skin or parts thereof shall be possessed in accordance with section 9 of chapter 2 of this act. The plumage and skins or parts thereof of migratory game and nongame birds may be bought and sold only in accordance with federal law and regulation. The commission may designate the plumage, hide, skin or parts thereof of those birds and

animals which may not be bought or sold whenever it is determined this prohibition will best serve the public interest. Any person, firm or corporation engaged in the business of buying and selling the plumage, hides, skins or parts thereof of any game bird or game animal protected by this act, other than tanned hides or mounted specimens, or any manufactured commodity made of such plumage, hides, skins or parts thereof, for pecuniary consideration or advantage shall first obtain a fur dealer's license as required under Act No. 308 of the Public Acts of 1929, as amended, being sections 317.1 to 317.7 of the Compiled Laws of 1948. Taxidermists licensed by the department of conservation are not required to obtain this license. For the purpose of this act:

(a) Plumage means any part of the feathers, head, wings or tail of any bird.

(b) Mounted specimen means the hide, skin, plumage or parts thereof of any animal or bird which is prepared and stuffed in lifelike form.

(2) A dealer in meats, a hotel, restaurant or club, a licensed shooting preserve operator, or the sponsors of a field dog trial conducted under permit from the director may sell for food the carcasses or parts thereof of such game birds and game animals mentioned in this act which are lawfully imported or raised under authority of a game breeder's license, if the dealer in meats keeps a record of the name, residence and post office address of every person from whom he buys and to whom he sells, and the hotel, restaurant or club keeps a record of every person from whom it buys such game. The person required to keep a record shall furnish, on demand of the director or his representative, invoices and freight or express receipts used in such transactions. This subsection does not require that a record be kept by a dealer in meats of persons to whom such game is sold for personal or home consumption and not for resale.

312.8 Permit to import; quarantine.

Sec. 8. It shall be unlawful for any person to import into this state any live bird or animal mentioned in this act, or any game bird, game animal, or wild fur-bearing animal, regardless of whether it is protected by law, unless he shall first secure from the director of conservation a permit to import such birds or animals. The director may also establish quarantines on shipments into the state, and on the transfer or liberation within the state of any wild animals when such animals are likely to spread serious diseases or parasites, or to otherwise endanger native wild animals, human life, or property.

HISTORY: CL 1929, 6216;—CL 1948, 312.8.

312.9 Unlawful possession of protected animals or birds; exceptions; unlawful cold storage; permit; records.

Sec. 9. Except as otherwise provided in this act, no person shall have in possession the dead body or carcass or skin or any portion thereof of any animal or bird protected by this act unlawfully taken: Provided, That any person may have in his possession for 60 days after the closing of the respective open seasons thereon game animals and game birds lawfully killed during the open season. Any game bird or animal carcasses, or parts thereof, kept beyond the time limit as prescribed in this act shall be kept only under such rules and regulations as the conservation commission shall prescribe and under permit as issued by the above authority, and such game birds and game animals, for which a permit herein provided for has been issued, may be had in possession indefinitely: Provided, however, That it shall be unlawful for the owner, operator, or agent of any refrigerating plant, icehouse, warehouse, frozen food locker plant, or other commercial cold storage establishment to accept for storage, or to store, any game bird or game animal or part thereof more than 60 days after the close of the respective open seasons thereon, unless a permit covering same as herein provided for

has been issued: Provided further, That any owner, operator, or agent of any refrigerating plant, icehouse, warehouse, frozen food locker plant, or other commercial cold storage establishment shall maintain a record of all protected birds or animals accepted for cold storage and such records shall be available to any conservation officer at any reasonable time: Provided further, That game birds and game animals properly identified as having been lawfully taken in and exported from another state may be possessed in this state for 60 days after being brought in. Persons desiring to possess such game for more than 60 days shall procure a permit as herein provided, the same as though such game were taken in this state. It shall be unlawful for any person to transport any game animal or wild bird which has been skinned or its identity otherwise destroyed or evidence of sex removed or to have any such wild bird or game animal in possession while hunting: Provided, further, That any person may possess at any time for trophies or any personal use other than sale, the hides or plumage of game animals and birds legally taken.

312.10 Unlawful hunting.

Sec. 10. It shall be unlawful:

Prohibited methods; permitted firearms.

(a) For any person at any time to make use of any pit, pitfall, deadfall, scaffold, raised platform, tree, cage, snare, trap, net, baited hook, or any similar device, or any drug, poison, salt, chemical, smoke, gas, explosive, weasel, ferret, fitchew, guinea pig or rodent of any kind, artificial light, crossbow, arbalest, or mechanical device, for the purpose of injuring, capturing or killing any wild birds or wild animals in this state. For the purpose of this act a mechanical device shall not be construed to mean a firearm, slingshot or bow and arrow. It shall be unlawful to use in hunting, pursuing or killing any wild birds or wild animals, or to have in possession in any area frequented by wild birds or wild animals, any automatic, semiautomatic or autoloading shotgun or rifle other than .22 caliber rim fire, capable of holding more than 6 shells at 1 time in the magazine and barrel combined or to use cartridges containing tracer bullets or cartridges containing explosive bullets. It shall be unlawful to use a .22 caliber rim fire rifle, .22 caliber rim fire pistol or .22 caliber rim fire revolver in the hunting, pursuing or killing of deer. It shall be unlawful to use in hunting, pursuing, or killing any wild birds or wild animals, any firearm except a shotgun or flintlock or percussion cap muzzle loading rifle .44 caliber or larger loaded with black powder and patched round ball only during any season open to the taking of deer with firearms in the area south of a line beginning at a point on the Wisconsin-Michigan boundary line directly west of the west end of highway M-46; thence east to M-46 and east along M-46 to its junction with M-37; thence east and south along M-37 to Kent City; thence east along M-57 to its intersection with M-47; thence north along M-47 to its junction with U.S.-10; thence east along U.S.-10 to its junction with I-75; thence north along I-75 and U.S.-23 to its junction with Beaver road, Kawkawlin township, Bay county; thence east along Beaver road to Saginaw bay; thence north 50° east to the international boundary with Canada. The provisions of this subdivision shall not prohibit the trapping of furbearing animals as hereinafter provided. The conservation commission is authorized to establish rules governing the taking, and the manner of taking, migratory game birds, wild turkeys and crows; and to establish areas and quotas for taking wild turkeys. Nothing herein shall be deemed to prohibit the carrying and using of .22 caliber rim fire rifle or .22 caliber rim fire pistol to kill raccoon while hunting with dogs only between the hours of 7 p.m., E.S.T. and 6 a.m., E.S.T., during said firearm deer season;

Molesting nests of protected birds.

(b) For any person to injure, destroy or rob the eggs of any birds protected by the laws of this state, or to molest, harass or annoy such birds upon their nests;

Hunting from conveyances; disabled persons.

(c) For any person to hunt, pursue, worry or kill any wild waterfowl or other birds or animals by any means whatever during such time as said person is upon any kind of aircraft, automobile, any floating device or other contrivance propelled by or using as motive power, steam, gas, naphtha, oil, gasoline or electricity, or when upon any sailboat. The conservation commission, in establishing rules and regulations governing the taking and the manner of taking migratory waterfowl, may permit the use of a motorboat in such manner as will correspond with the rules and regulations of the United States fish and wildlife service governing the use of motorboats in the taking of migratory game birds. The department of conservation may issue, without fee, a special permit to a licensed hunter, who after investigation is found to be a paraplegic or an amputee who is unable to walk or a permanently disabled person who is otherwise unable to walk, authorizing him to hunt upland game from a standing vehicle. Such permittee is subject to all other laws and rules for the taking of game;

Transportation or possession of bows or loaded firearms.

(d) For any person to transport, or to have in possession in or upon an automobile, aircraft, motorboat, sailboat or any other vehicle propelled by mechanical means, a gun or other firearm except a pistol or revolver unless the same be unloaded in both the barrel and magazine, or a bow unless same be unstrung. A paraplegic or other disabled person, issued a special permit under subsection (c), may possess a loaded firearm or strung bow in a motor vehicle when the vehicle is motionless and the permittee is hunting in compliance with all other provisions of law. The conservation commission, in establishing rules and regulations governing the taking of migratory waterfowl, may permit the possession of a loaded firearm in or upon a motorboat or sailboat in such manner as will correspond with the rules and regulations of the United States fish and wildlife service governing the taking of migratory game birds;

Firearms to be enclosed or in trunk.

(d-1) For any person, except as may be otherwise permitted by law, to transport, or have in possession in or upon an automobile any firearm except a pistol or revolver unless the same be taken down or enclosed in a case or carried in the trunk of such automobile;

Artificial lights; duty to stop.

(e) For any person to make use of any artificial light in hunting, pursuing or killing any deer, or in attempting to hunt, pursue, capture or kill any deer, and the wearing or having such light on the head or in possession in the woods, or the throwing or casting of the rays of a spotlight, headlight or other artificial light on any highway or in any field, woodland or forest in an apparent attempt or intent to locate game by the use thereof, shall be prima facie evidence of its unlawful use; a complaint for warrant may be entertained against any person making such use of an artificial light if found carrying or transporting a bow, or a firearm not locked in the trunk of a motor vehicle, or otherwise inaccessible to the occupants from the interior of the vehicle. The operator of any motor vehicle from which the rays of an artificial light have been cast in an apparent attempt to locate game shall immediately stop such vehicle upon the request of any uniformed peace officer, or when signaled by such peace officer with a flashing signal light or siren from an official patrol vehicle. Failure to stop shall be deemed to be a violation of section 7 of Act No. 192 of the Public Acts of 1929, as amended, being section 300.17 of the Compiled Laws of 1948. Any licensed deer hunter may use

an artificial light while in possession of an unloaded firearm in traveling afoot to and from his hunting stand or location;

Deer kept in enclosure.

(f) For any person to knowingly injure, kill or destroy or attempt to injure, kill or destroy, by any means any deer which are legally kept within or which have escaped from any licensed enclosure;

Swivel or punt guns; number and size of gun.

(g) For any person to make use of a swivel or punt gun, or use or possess while hunting, pursuing or killing any wild waterfowl, more than 1 gun for each person or use any firearm other than a shotgun which shall not be of a greater size than 10 gauge;

Gun silencer.

(h) For any person to have in possession or use an apparatus known as a silencer on any gun while hunting in this state;

Sink box or battery.

(i) For any person to make use of a sink box or battery as these devices are defined by the United States fish and wildlife service;

Decoys.

(j) To leave decoys set out over night in any waters under state control and open to public hunting;

Dogs, using during closed seasons; field trials.

(k) Except as otherwise provided by law, for any person to break, train or practice any dog upon or permit any dog to molest, harass or annoy any game birds or animals during their respective closed seasons. It shall be lawful between the hours of sunrise and sunset to train or practice dogs upon game birds and such animals as may be lawfully hunted with dogs under the provisions of this act, during the period from July 15 in each year to April 15 in the next succeeding year, both dates inclusive. Except that it shall be lawful to hunt and to train dogs for the hunting of fox at any time of the day or night at any time of the year. It shall be lawful between the hours of sunset and sunrise to train dogs during the period from August 15 to the date of the opening of the raccoon season. It shall be unlawful for any person to have in his possession any firearms other than a pistol or revolver and ammunition other than blank cartridges while so engaged in training or practicing dogs. The provisions of section 243 of Act No. 328 of the Public Acts of 1931, as amended, being section 750.243 of the Compiled Laws of 1948, shall not be deemed to apply to the sale, purchase or use of blank cartridges in the training or practicing of dogs as herein provided for. Field dog trials may be held at any time at the discretion of the director of conservation and under such rules and regulations as he may prescribe;

Setting lands afire.

(l) For any person to set afire or assist in setting afire any marshland or other lands for the purpose of driving out wild birds or wild animals, or to take or attempt to take any wild birds or wild animals so driven out of any marshland or other lands;

Arrests of hunting licensees.

(m) It shall be the duty of any conservation officer charged with the enforcement of laws relating to hunting to make arrests for violations of other laws when such violations are committed by any person licensed as a hunter under this act and while such person is exercising any of his privileges under such license.

312.10a Waterfowl hunting blinds; erection and removal, name and address; assessment of costs; hunting rights.

Sec. 10a. (1) No person shall erect on, anchor or attach to the bottomlands of the Great Lakes, lake St. Clair and the bays thereof or the connecting waters between the lakes, or any public inland lake or river, or in any lake which is not wholly owned by himself, his lessor or licensor, a blind or any other structure used or to be used in the hunting of migratory waterfowl, unless there shall first be affixed permanently to the exterior thereof the name and address of such person in legible letters of water insoluble material not less than 3 inches in height. No person shall affix a fictitious name or address or both to said blind or structure or remove or cause to be removed his name and address prior to the date prescribed in this section for removal of the blind or structure from the water.

(2) Any person who shall erect, anchor or attach such blind or structure to the bottomlands hereinbefore described shall remove the entire blind including submerged supporting members within 15 days after the close of the waterfowl hunting season in each year. If not removed within that time the director of conservation may cause its removal or destruction and assess the costs of removal and storage, or destruction, against the person whose name is affixed to the blind or other structure, in addition to any other penalty provided by law.

(3) Nothing contained in this section shall be construed to deprive a riparian owner or his lessee or permittee on inland waters of his exclusive right to hunt over his subaqueous lands, nor shall the posting of the name and address of the person erecting a blind or other structure attached to the bottomlands of the Great Lakes and lake St. Clair, used or to be used in the hunting of waterfowl, be deemed to constitute the exclusive privilege of hunting therefrom, or to reserve or preempt a shooting location for such person. An unoccupied blind attached to the bottomlands of the Great Lakes or lake St. Clair may be used for hunting by the first person to occupy the same.

312.10b Safety zone; persons permitted to shoot or discharge firearm in safety zone; application of law.

Sec. 10b. (1) For the purpose of this section, "safety zone" means any area within 150 yards of any occupied dwelling house, residence, or any other building, cabin, camp or cottage when occupied by human beings or any barn or other building used in connection therewith.

(2) No person, other than the owner, tenant or occupant, shall shoot or discharge any firearm or other dangerous weapon, or hunt for or shoot any wild bird or wild animal while it is within such safety zone, without the specific permission of the owner, tenant or occupant thereof.

(3) The provisions of this section shall not apply to any landowner, tenant or occupant thereof or their invited guest while hunting on their own property, or to any riparian owner or their tenant or guest while shooting waterfowl lakeward over water from their upland or lakeward from a boat or blind over their submerged soil.

HISTORY: Add. 1968, p. 19, Act 61, Imd. Eff. May 28.

312.11 Hunting season.

Sec. 11. Except as otherwise provided in this act it shall be unlawful for any person to take, trap, hunt, shoot, kill, molest, or have in possession or attempt to take, trap, hunt, shoot, kill or molest any of the following animals or birds at any time other than the following open seasons which are established. American Indians living on reservations may enjoy the privileges bestowed upon them by federal law or treaties regardless of the provisions of this act. When the opening date of October 20 for any season falls on a Sunday, the season shall not open until October 21. The conservation com

mission is authorized to establish the hours during which wild birds and wild animals may be hunted:

CHAPTER 2

312.11 Hunting seasons. [M.S.A. 13.1340]

Sec. 11. Except as otherwise provided in this act it shall be unlawful for any person to take, trap, hunt, shoot, kill, molest, or have in possession or attempt to take, trap, hunt, shoot, kill, or molest any of the following animals or birds at any time other than the following open seasons which are established. American Indians living on reservations may enjoy the privileges bestowed upon them by federal law or treaties regardless of the provisions of this act. When the opening date of October 20 for any season falls on a Sunday, the season shall not open until October 21. The conservation commission is authorized to establish the hours during which wild birds and wild animals may be hunted:

Open Season

Moose, caribou and timber wolf Unlawful to kill at any time.

Elk The conservation commission is authorized to establish open seasons for the taking of elk in specific areas where field investigation and surveys by technically trained personnel of the game division of the department of conservation show there is a shortage of food or that elk are doing damage to horticultural or farm crops, under such rules and regulations as shall by it be deemed expedient. Such rules and regulations shall, in addition to season dates, establish area boundaries, the manner and method of taking elk, including the cartridge and caliber or gauge of firearms which may be used, the kind, sex and number of elk to be taken, and may include such other provisions as are deemed necessary to carry out the intent or to implement this section of this act. Such rules and regulations pertaining to elk adopted under the authority granted by this section shall in each year be submitted to the joint committee on administrative rules provided for by Act No. 88 of the Public Acts of 1943, being sections 24.71 to 24.80 of the Compiled Laws of 1948. as amended, and shall be effective unless suspended by that committee within 14 days thereafter.

Deer (either sex), with bow and arrow only Oct. 1 to Dec. 31, except that the season shall be closed during any season open to the taking of deer by firearms.

Deer (male with antlers extending not less than 3 inches above the skull) For 1967, Nov. 18 - Dec. 3. For 1968 and thereafter, Nov. 15-30.

Deer, either sex The conservation commission is authorized to establish open seasons for the taking of deer in specific areas where field investigations and surveys by technically trained personnel of the game division of the department of conservation show there is a shortage of winter food or that deer are doing damage to horticultural or farm crops, or that there is serious danger of collisions between motor vehicles and deer, under such rules and regulations as shall by it be deemed expedient. Such rules and regulations shall, in addition to season dates, establish area boundaries, the manner and method of taking deer, the kind, sex, and number of deer to be taken, and may include such other provisions as are deemed necessary to carry out the intent or to implement the administration of this section of this act. Such rules and regulations pertaining to deer adopted under the authority granted by this section shall in each year be submitted to the joint committee on administrative rules provided for by Act No. 88 of the Public Acts of 1943, being sections 24.71 through 24.80 of the Compiled Laws of 1948, as amended, and shall be effective unless suspended by that committee within 14 days thereafter.

Skunk May be taken any time under such rules and regulations as the conservation commission may establish.

Bear (except cub bear of the current calendar year) The conservation commission may establish open or closed seasons thereon in any county or counties or parts thereof and shall prescribe a special permit system for the number to be taken.

SMALL GAME HUNTING AND TRAPPING LICENSE.

314.6 Small game hunting license; firearms, bow and arrow, exceptions and restrictions.

Sec. 6. Except as provided in Act No. 134 of the Public Acts of 1957, as amended, being sections 317.301 to 317.313 of the Compiled Laws of 1948, it is unlawful for any person to hunt for, kill, pursue or take in any manner any of the wild animals or wild birds found in this state without having first secured a license to do so in accordance with the provisions of this act. It is unlawful for any person to carry or transport firearms, slingshot or bow and arrow in any area frequented by wild animals or wild birds, unless he has first procured and has in his possession his license to hunt as prescribed in this act or in Act No. 134 of the Public Acts of 1957, as amended. During the 5 days immediately preceding the opening of the season for the taking of deer with firearms it is unlawful to transport or possess in any area frequented by deer a rifle or shotgun with buckshot or slug load or ball load or cut shell. During the open season for the taking of deer with firearms it is unlawful to transport or possess a shotgun with buckshot, slug load, ball load or cut shell, or a rifle other than .22 caliber rim fire, unless the person transporting or possessing such firearm and ammunition has secured and has in his possession his license to hunt deer with firearms. During the closed season on small game, it is unlawful between the hours of sunset and sunrise to carry or transport firearms, slingshot or bow and arrow in any area frequented by wild animals or wild birds. During the open season on small game it is unlawful between the hours of sunset and sunrise, in any area frequented by deer, during the season closed to the taking of deer with firearms, to transport or possess a bow and arrow, a shotgun with buckshot, slug load, ball load, or cut shell, or a rifle larger than .22 caliber rim fire, except that a bow and arrow may be so transported if locked in the trunk of a motor vehicle or in vehicles which do not have trunk compartments a bow and arrow may be so transported inside the vehicle if unstrung and enclosed securely in a case. Nothing herein contained shall be construed as requiring residents of this state and their children and employees to procure a license to hunt small game upon their own enclosed farm lands upon which they are regularly domiciled, nor to require a license of any person carrying, transporting or possessing firearms or bow and arrow while at or in going to or from a rifle or target range or trap or skeet shooting ground, recognized and used as such, so long as such firearm or bow and arrow, while being so carried or transported, is enclosed and securely fastened in a case or locked in the trunk of an automobile, nor to prohibit the transportation of a rifle or shotgun with buckshot or slug load or ball load or cut shell to or from hunting camps during the 5 days immediately preceding the opening of the season for taking deer, when such firearms are unloaded and locked in the trunk of an automobile or are otherwise inaccessible to the occupants from the interior of the vehicle.

314.6a Small game hunting license; resident serviceman on furlough.

Sec. 6a. Any resident of this state in the military service of the United States while on furlough may obtain a small game hunting license from any department of conservation headquarters without cost or fee upon presentation of valid furlough papers and may exercise all of the privileges of that license while he is on authorized furlough. The furlough papers shall be in his possession at all times while hunting.

HISTORY: Add. 1967, p. 35, Act 25, Imd. Eff. Jun. 2.

314.6b Indians; exempt from certain game laws.

Sec. 6b. Any person having Indian status and being a legal resident of the state is exempt from the game laws and rules of this state when such laws and rules are in conflict with federal treaty rights. The term "Indian status" is presumed to refer to those persons of Indian ancestry and enrolled as members of an Indian community.

HISTORY: Add. 1970, p. 418, Act 131, Imd. Eff. Jul. 29.

314.7 Small game hunting license; application, contents; ineligible.

Sec. 7. Any person who has passed his seventeenth birthday, and who is not ineligible to secure a small game license by reason of any court order, may procure a license by filing his application with the director of conservation or any other person appointed by him to sell licenses, stating his name, age, height, weight, post office address, color of his hair and eyes, and paying to the person to whom such application is made the following fee. Any person convicted of a violation of any of the provisions of this act relating to small game hunting shall not, if so ordered by the court, be eligible to secure and shall not secure a small game hunting license during the remainder of the license year in which such person shall be so convicted, and if so ordered by the court shall not secure a small game hunting license during the next succeeding license year:

Resident, fee.

(a) If he is a resident of the state of Michigan, the sum of \$3.00;

Nonresident, fee.

(b) If he is a nonresident of the state of Michigan, the sum of \$20.00. Such application in the case of nonresidents may be made by mail if the party so desires to any person authorized to issue licenses, who shall forward the license so issued to the party so applying to any address the applicant shall direct;

Minor under 17, application, company of parent or guardian.

(c) If he is a minor child who has not reached his seventeenth birthday, a license may be issued by the director of conservation or any person authorized by him to issue licenses, on application of a parent or legal guardian and payment of the resident fee, or nonresident fee on condition that the minor when hunting on lands upon which his parents are not regularly domiciled shall be accompanied by a parent or legal guardian or some person authorized by him who has reached his seventeenth birthday. No parent or legal guardian of such minor child shall permit or allow him to hunt under the authority of the license provided for in this section on lands upon which the parent or guardian is not regularly domiciled without being accompanied by the parent or guardian or some person authorized by him who has reached his seventeenth birthday.

314.7a Bear hunting license; application, fee; minors; tags, seals.

Sec. 7a. (1) Any person who has passed his seventeenth birthday, and who is not ineligible to secure a bear hunting license by reason of any court order, may procure a license and seal by making application therefor to the director of conservation or any

person appointed by him to issue licenses, and paying to the person to whom the application is made, a fee of \$5.00 if the applicant is a resident of this state, \$25.00 if he is a nonresident. If the applicant is a minor child who has passed his fourteenth birthday, but has not reached his seventeenth birthday, a license may be issued only upon the certification of a parent or legal guardian that the minor while hunting shall be accompanied by him or some other person authorized by him who has reached his seventeenth birthday. No parent or legal guardian of a minor child shall permit or allow him to hunt under authority of the license provided for in this section without being accompanied by the parent or guardian or some person authorized by him who has reached his seventeenth birthday.

(2) There may be issued with each bear hunting license a tag or seal bearing the same number as the license and, when issued, any person killing a bear under authority of the license shall immediately after killing same attach the tag or seal through the lower jaw of the bear and it shall remain so attached until the carcass is disposed of. No person shall have in possession or transport any bear or part thereof unless the tag or seal is attached.

(3) Each bear hunting license shall have the date of issue affixed thereto and shall authorize the person named therein to hunt bear in accordance with the law during any season in any 1 calendar year open to the hunting of bear.

HISTORY: Add. 1964, p. 411, Act 263, Eff. Aug. 28.

314.8 Small game hunting license; duplicates.

Sec. 8. In case a person lose his license he may procure a new license by filing an affidavit of loss and paying an additional fee of 50 cents for same.

HISTORY: CL 1929, 6236;—CL 1948, 314.8.

314.9 Small game hunting license; periods of use; void period; non-residents; blanks, seals.

Sec. 9. Each small game hunting license shall have the date of issue affixed thereto and shall authorize the person named therein, during the period from September 1 in one year to August 31 in the next succeeding year, both dates inclusive, to hunt for and kill in the manner and at the time provided by law any of the wild birds or wild animals found in this state, except deer, beaver, otter and such other animals or birds for the taking of which special licenses may be prescribed. In the respective zones during the closed season on small game, such small game hunting license shall be void between the hours of sunset and sunrise. Any nonresident hunter who legally possesses a nonresident hunting license may take from this state as open hand baggage the number of such birds and animals as are permitted to be had in possession by him at any one time. License blanks and seals which meet the requirements of this act shall be provided by the director of conservation and furnished to persons authorized by him to issue licenses.

314.9a Sportsman's license; issuance, fee; rights and privileges; date of issuance.

Sec. 9a. (1) A resident of this state who has passed his seventeenth birthday, and who is not ineligible to secure any hunting license by reason of a court order, may obtain a sportsman's license by making application to the director or any other person appointed by him to sell licenses. Every applicant shall state his name, age, height, weight, color of hair and eyes, post office address and provide such proof of residency as the director may require. The fee for the license shall be \$18.00.

(2) The sportsman's license shall be in lieu of and confer upon the licensee all the combined rights and privileges conferred by a resident firearm deer hunting license, resident bow and arrow deer hunting license, resident bear license, resident small game hunting license, pheasant stamp, general trapping license, except for beaver and otter, resident annual fishing license and special trout and salmon license or stamp. Only 1 validating tag or seal for deer shall be issued with each license.

(3) Each sportsman's license shall have the date of issue affixed thereto and shall be valid from September 1 through the following August 31, except the fishing license authority shall be valid through the following September 30.

(4) The license shall be carried on the person of the licensee at all times when he is engaged in hunting or fishing and shall be exhibited upon demand to any conservation officer, other peace officer or the owner or occupant of lands upon which he is hunting or fishing. A licensee shall be subject to all the duties, conditions, limitations, restrictions and provisions of all laws and of all rules adopted by the commission and director governing hunting and fishing which are applicable to persons having individual licenses.

(5) If a sportsman's license or insignia is lost or destroyed a licensee may obtain a duplicate by surrendering the remaining parts of the license, including the self-locking seal or validating tag, filing an affidavit of loss and paying a fee of 50 cents. If the self-locking seal or validating tag issued for deer or bear, or both, is lost, a licensee may obtain a duplicate by surrendering the remaining parts of the license, filing an affidavit of loss and paying a fee equivalent to the fee charged for the individual duplicate licenses for deer or bear, or both.

(6) Persons authorized by the director to issue licenses, except conservation officers and persons who receive a regular salary from any political subdivision of the state, shall add 50 cents to the basic license fee as a service charge which they shall retain as compensation for each sportsman's license issued and for taking the affidavit for licenses lost or destroyed.

(7) The effective date of the sportsman's license shall be September 1, 1970.

HISTORY: Add. 1970, p. 552, Act 180, Imd. Eff. Aug. 6.

314.10 Small game hunting license; button or insignia, display.

Sec. 10. There may be issued with each small game or bear hunting license a license button or insignia bearing the license number, and no person shall hunt for, kill, pursue or take in any manner any of the wild animals or wild birds, permitted to be taken under this license, in this state unless the button or insignia, if issued, is at such time continually displayed on the outer garment of such person in such a manner that the license figures are plainly visible and legible.

314.12 Small game hunting license; sellers; compensation; game and fish protection fund, use.

Sec. 12. All persons authorized to sell licenses, except conservation officers who receive a regular salary from the state and except persons who receive a regular salary from any political subdivision of this state, shall as a service charge add 10 cents to the basic license fee and retain as compensation for taking the affidavit herein provided for and issuing of the license 25 cents for each license issued, and on or before the tenth day of each month shall remit to the director of conservation the balance of all moneys received by him during the preceding month from the sale of licenses and seals under the provisions of this act. As soon as practicable the director of conservation shall send all moneys received by him from the sale of small game hunting and trapping licenses and seals to the state treasurer, together with a statement as to the amount of money received and the source from which it came. The state treasurer shall credit all moneys received by him from the director of conservation from the sale of such licenses and seals to the game and fish protection fund. All moneys credited to the game and fish protection fund shall be paid out by the state treasurer upon warrants issued in accordance with the accounting laws of the state:

(a) For services rendered by the director of conservation and his assistants, together with the expenses incurred in the enforcement and administration of the game, fish and fur laws of the state, including the necessary equipment and apparatus incident to the operation and enforcement thereof, and the protection, propagation, distribution and control of game, fish, fur-bearing animals and other wildlife forms.

(b) For the purpose of propagation of any game or fur-bearing animals or birds and the liberation of the same or their increase at such times, places, and in such manner as the director of conservation may deem advisable.

(c) For the purchase and lease of lands, together with the necessary equipment for the purpose of propagating and rearing game or fur-bearing animals or birds, and for the purpose of establishing and maintaining game refuges, wildlife sanctuaries, public shooting and fishing grounds.

(d) For the purpose of conducting investigations of and for the purpose of compiling and publishing information pertaining to the propagation, protection and conservation of wildlife.

(e) For the purpose of delivering lectures, developing cooperation and carrying on appropriate education activities relating to the conservation of the wildlife of this state.

314.14a Game birds and animals; hawks, owls, and eagles; illegal killing or possession, reimbursement in addition to penalties.

Sec. 14a. In addition to the penalties herein provided for violating provisions of this act, any person convicted of the illegal killing or the illegal possession of game birds and game animals or any hawk, owl or eagle shall reimburse the state for the value of each bird and animal as follows:

- (a) Elk and moose, not less than \$200.00 nor more than \$300.00 per animal killed or possessed.
- (b) Deer, bear, wild turkey, hawk, owl and eagle, not less than \$100.00 nor more than \$200.00 per animal or bird killed or possessed.
- (c) All other game animals, upland game birds and waterfowl, not less than \$5.00 nor more than \$10.00 for each game animal, upland game bird or waterfowl.

All moneys received shall be turned over to the state treasurer and credited to the game and fish protection fund. In every case of conviction for any of said offenses, it is made the duty of the court or magistrate before whom such conviction is obtained to further enter judgment in favor of the state of Michigan and against the defendant for liquidated damages in a sum as hereinbefore set forth, and it shall be the duty of the department of conservation, with the assistance of the prosecuting attorney as may be required, to collect the same by execution or otherwise. In the event that 2 or more defendants are convicted of the illegal killing or the illegal possession of the same game bird or game animal or hawk, owl or eagle, the penalty above prescribed shall be entered against them jointly. Any person who refuses or neglects to satisfy any judgment within 90 days following rendering of the judgment shall not be eligible to obtain and shall not, until such judgment has been satisfied, obtain any small or big game hunting license, but the period of ineligibility shall not exceed the 3 next succeeding license years. All district judges or magistrates receiving such damages shall forthwith remit them to the county treasurer who shall forthwith deposit them with the state treasurer, who shall place them in the game and fish protection fund.

DEER HUNTER'S LICENSE.

314.16 Deer hunting license.

Sec. 16. It shall not be lawful for any person to hunt for or kill deer in this state without first obtaining a license permitting him to do so.

HISTORY: CL 1929, 6244;—Am. 1939, p. 863, Act 335, Eff. Sept. 29;—CL 1948, 314.16.

FORMER ACTS: Act 93 of 1921; Act 306 of 1925 repealed by this act.

314.16a Deer hunting license; resident serviceman on furlough.

Sec. 16a. Any resident of this state in the military service of the United States while on furlough may obtain a deer hunting license from any department of conservation headquarters without cost or fee upon presentation of valid furlough papers and may exercise all of the privileges of that license while he is on authorized furlough. The furlough papers shall be in his possession at all times while hunting.

HISTORY: Add. 1967, p. 35, Act 25, Imd. Eff. Jun. 2.

314.17 Deer hunting license; application, contents, fee; duplicate license fee.

Sec. 17. Any resident of this state who has passed his seventeenth birthday, and who is not ineligible to procure a deer hunting license by reason of court order, and who has not killed a deer under the bow and arrow deer hunter's license during the same calendar year, may procure a deer hunter's license for himself by filing his application with the director of conservation, or by filing such application with any person authorized by the director to issue such licenses. The application stating his name, age, place of residence, post office address, the color of his hair and eyes, whether he can or cannot write his own name, and upon payment to the person to whom he has applied for such license the sum of \$5.00. The applicant shall provide such evidence of residency as may be required by the director of conservation. If a license or a license insignia is lost, any licensee may procure a duplicate license by surrendering the seal or tag or coupon and remaining part of the license, filing an affidavit of loss and paying a fee of 50 cents. If the seal or tag or coupon is lost, any licensee may procure a duplicate license by surrendering the remaining part of the lost license or filing an affidavit of loss, and paying a fee of \$2.00.

Minor under 17; application by parent or guardian.

If the applicant is a minor child under 17 years of age, and who has passed his fourteenth birthday, a deer hunting license may be issued by the director of conservation or any person authorized by him to issue licenses, on application of a parent or legal guardian and payment of the resident fee, on condition that the minor while hunting shall be accompanied by a parent or legal guardian or some person authorized by him who has reached his seventeenth birthday. No parent or legal guardian of such minor child shall permit or allow him to hunt under the authority of the license provided for by this section without being accompanied by the parent or guardian or some person authorized by him who has reached his seventeenth birthday.

314.19 Deer hunting license; authorized deer or bear hunting; lights; dogs; possession of guns.

Sec. 19. Such licenses shall be dated when issued and shall authorize the person named therein to use firearms or bow and arrow in hunting for or killing deer in accordance with the law during any season in any 1 calendar year open to the hunting of deer with firearms. Such licenses shall also authorize the holder to kill bears with firearms or bow and arrow during such seasons, provided the holder thereof shall not have killed a bear during any previous season during the same calendar year, but the trapping or poisoning of bears shall be unlawful, and it shall be unlawful for any person to be found in the woods hunting deer without a deer hunter's license. It shall be unlawful for any person at any time to pursue, hunt, kill or capture or attempt to pursue, hunt, kill or capture any deer or bear while it is in the water or make use of an artificial light in pursuing, hunting, killing or capturing deer or bear or attempting to pursue, hunt, kill or capture deer or bear, or make use of a dog in pursuing, hunting, or killing deer. Any dog pursuing, killing or following upon the track of a deer is hereby declared to be a public nuisance and may be killed at any time by any officer without criminal or civil liability: Provided, That it shall be unlawful for any person to be found in the woods during the open deer hunting season with a shotgun with buckshot, slug loads or ball loads, or a rifle other than .22 caliber rim fire, unless he has first procured a deer hunting license and has same in his possession.

314.19a Bow and arrow hunter's license; fee, use; possession of firearms, dogs.

Sec. 19a. Any person qualified under this act to obtain a deer hunter's license may, upon filing of the affidavit in such form as may be required by the director of conservation, and in which shall be stated the information required by section 17 of this chapter, and in case of a resident upon the payment of a fee of \$5.00 and in case of a nonresident upon the payment of a fee of \$15.00, obtain a license herein designated "bow

and arrow hunter's license". The age requirements to obtain a deer hunter's license shall not apply to any person applying for or receiving a bow and arrow hunter's license. Such license shall authorize the holder thereof to use bow and arrow in hunting for, or killing, 1 deer of either sex in the special bow and arrow season. This license shall also authorize the holder to kill with bow and arrow bears at any time during the season above stated, provided the holder thereof shall not have killed a bear during any previous season during the same calendar year, but the poisoning of bear shall be unlawful and it shall be unlawful for any person to be found in the woods hunting deer without such license. To each licensee there shall also be issued a seal or tag, as provided in the case of the issuance of a deer hunter's license. Permit may also be issued to a party of not less than 4 persons licensed under this section, as provided in section 30 of this chapter. The provisions of this act relative to deer hunter's license shall be applicable to bow and arrow hunter's license. The holder of any such bow and arrow hunter's license shall be subject to each of the provisions of this act relative to persons licensed as deer hunters, except as modified in this section. It shall be unlawful for any person during any season open to the hunting of deer with bow and arrow to carry, while hunting, or to transport in an automobile or other motor vehicle a bow and arrow and firearm other than a shotgun, or a pistol or revolver when carried or transported in accordance with the statutes of this state pertaining to concealed weapons, or any ammunition consisting of or containing ball load, slug load or cut shell. The presence of a dog in the woods, hunting camp, or clubhouse, during the period provided for the taking or killing of deer by bow and arrow shall not be deemed prima facie evidence of the unlawful use of such dog.

314.19b Elk hunting license; fee, minors, duplicates; prohibited firearms.

Sec. 19b. Any resident of Michigan who has reached his seventeenth birthday and who is entitled to procure an elk hunting license in accordance with the rules and regulations for the hunting of elk as established by the conservation commission may make application therefor to the director of conservation, accompanied by a fee of \$25.00. If applicant is a minor child who has attained his fourteenth birthday but has not reached his seventeenth birthday, a license may be issued to him only upon certification of a parent or legal guardian that the minor, while hunting, shall be accompanied by a parent or legal guardian or some person authorized by him who has reached his seventeenth birthday. No parent or legal guardian of a minor child shall permit or allow him to hunt under authority of the license without being accompanied by a parent or guardian or some person authorized by him who has reached his seventeenth birthday. If a license is lost, a licensee may procure a duplicate by filing an affidavit of loss and paying a fee of 50 cents.

The licenses shall have the date of issue affixed thereto and shall authorize the person named therein to hunt for and kill elk in accordance with the law and the rules and regulations promulgated thereunder. Except as may be otherwise provided by law, it is unlawful to hunt for or take elk except under authority of the license provided for in this section. It is unlawful, except during the open season for taking deer with firearms, for any person to carry or transport a rifle other than .22 caliber rim fire or a shotgun and ammunition containing buckshot, ball load, slug load, or cut shell, in any area open to the hunting of elk during the open season thereon, unless the person has on his person his license to hunt elk.

314.20a Persons under 17; prerequisites for license; certificates of competency and achievement; courses of instruction; persons under 12.

Sec. 20a. (1) Beginning September 1, 1971, a license to hunt shall not be issued to a person under the age of 17 years unless the applicant presents any of the following:

(a) Proof of previous hunting experience in the form of a prior hunting license issued to him by this or another state or a province of Canada.

(b) A certificate of competency in hunting safety issued to him under authority of this section or the laws of another state or a province of Canada.

(c) A certificate of achievement issued to him by a hunting safety examiner as a result of passing a hunting safety examination.

(2) Upon the effective date of this act the director shall provide for a course of instruction in the safe handling of firearms and designate persons to serve, without compensation, as instructors and to award certifications.

Any person desiring to take the course of instruction shall register with an instructor and pay a fee of \$2.00. Upon successful completion of the course, the person shall be issued a certificate of competency.

(3) In any community where a course of instruction is not available, or where available courses are deemed by the department as not adequate to permit registration of all applicants, any person may submit to a hunting safety examination as prescribed by the director.

A person receiving a passing score shall be issued a certificate of achievement upon payment of a fee of \$1.00 to the examiner.

(4) On or before the tenth day of every month, each instructor and examiner shall remit to the director all fees received by them during the preceding month. All moneys received shall be deposited in the state treasury.

(5) A person authorized to sell hunting licenses shall not issue a hunting license to any person under the age of 17 years unless the person presents a certificate of competency or other form of proof as required in subsection (1). The issuing agent shall record on the license the form of proof presented by the applicant in compliance with subsection (1), as well as the license number and year of issue, and the state of issue if other than this state, of any license previously issued which is presented by the applicant.

(6) A license to hunt shall not be issued to a person under 12 years of age.

314.24 Tagging of animal; removal of evidence of sex; unlawful to transport without seal; non-residents.

Sec. 24. Any person killing any deer or elk shall immediately after killing same, attach the tag or seal, which contains the number of license held by such person, to the antler, through the lower jaw or the gambrel of such deer or elk in a secure and permanent manner and no deer or elk shall be offered for shipment, shipped or received for shipment by transportation companies unless this license tag or seal shall be attached to such deer or elk when presented for shipment. This tag or seal must remain attached to the deer or elk until the carcass is disposed of. No person, corporation or transportation company shall receive for transportation or have in possession at the initial billing station, the carcass or dead body of a deer or elk after 48 hours immediately following the closing of the time when the killing of deer or elk is authorized by law. It shall be unlawful for any transportation company to accept for shipment any deer or elk from which the evidence of the sex has been removed. It shall be unlawful for any person to have in possession or to transport any deer or elk or part thereof in any motor vehicle or other conveyance unless the tag or seal as herein provided shall be attached to such deer or elk or part thereof. It shall be lawful for any nonresident to have in possession or to transport any deer outside of this state when such tag or seal is attached to such deer or part of a deer as herein provided.

PERMITS TO TAKE PROTECTED ANIMALS AND BIRDS.

314.38 Special permits; purpose; fees; disposition.

Sec. 38. (1) The director of conservation is authorized to issue, under such rules as the conservation commission may approve, the following special permits to cover the taking and possession of birds and animals otherwise protected by this act:

(a) To prevent or control, by shooting, trapping or otherwise, the depredations of birds and animals. In emergency cases carnivorous animals may be killed or taken by the owner of property or his authorized agent, without a permit, when his property is being damaged by any such animal; but such killing or capture shall be considered unlawful unless all animals killed or taken under this provision are disposed of only as directed by the director of conservation. Nothing herein contained shall be construed as authorizing the taking or attempted taking of bear by traps except under permit issued by the said director of conservation. Permits to take destructive animals shall be issued without charge. Nurserymen and fruit growers may own and use ferrets in the protection of their property against rabbits.

(b) To authorize the collection, possession, transportation and disposition of wild animals and birds, or parts thereof, for scientific purposes. A fee of \$1.00 shall be collected for such permits, but the fee may be waived in the case of persons regularly affiliated with educational or research institutions.

(c) To authorize commercial taxidermists to have in possession during the closed seasons thereon, protected birds and animals or parts thereof, when those specimens have been legally taken. No taxidermist shall mount or have in possession for such purpose any bird or animal or part thereof, protected by this act, which was not lawfully killed during the open season, raised under authority of a breeder's license, or lawfully imported from without the state, unless the owner thereof presents a permit from the director of conservation. It is unlawful for any person to solicit for any taxidermist business or conduct a taxidermist business by preparing or mounting any skins or dead bodies of any birds or animals, or any part thereof, for a fee, without first obtaining a taxidermy license. Such business shall be conducted only at the location described in the taxidermy license. A fee of \$15.00 shall be collected for this license which shall expire on June 30 of the year following the year of issue.

(d) To authorize the possession of protected birds and animals for pets, decoys or other noncommercial purposes. A fee of \$7.50 shall be collected for each such permit.

(e) To permit the importation of live wild birds and animals into the state. A fee of \$5.00 shall be collected for each such permit.

(f) To authorize the taking of wild waterfowl or their eggs for propagating purposes. A fee of \$5.00 shall be collected for each such permit.

(2) All moneys received from the sale of permits and licenses as herein provided shall be turned over to the state treasurer and credited to the game and fish protection fund.

Act 308, 1929, p. 818; Eff. Aug. 28.

AN ACT to license and regulate the business of buying and selling certain furs, hides and pelts; to provide a penalty for the violation of the provisions of this act, and to repeal Act No. 185 of the Public Acts of 1927.

The People of the State of Michigan enact:

317.1 Dealers in furs, hides, plumage or pelts; licenses, fees; beaver trapping; conservation commission, designation of nonsaleable plumage and skin.

Sec. 1. (1) No person, firm or corporation either for his or its own account or as agent of another, shall engage in the business of buying, selling, dealing or the tanning and dressing of raw furs, hides or pelts of beaver, otter, fisher, marten, muskrat, mink, skunk, raccoon, opossum, wolf, lynx, bobcat, fox, weasel, coyote, badger, deer or bear and the plumage, skins or hides of protected game birds and game animals until each such person, firm or corporation shall have procured a license to do so from the director of conservation. Fees payable to the director of conservation for such license shall be as follows:

(a) For any person who engages in the business of buying and selling raw furs, hides and pelts of fur-bearing animals and the plumage, skins or hides of protected game birds and game animals the fee shall be \$10.00.

(b) Each person, firm or corporation engaged in the business of manufacturing furs, who buys raw pelts shall be considered a dealer and the fee for each such resident citizen, or agent who buys furs, shall be \$10.00, and for each nonresident the fee shall be \$50.00.

(c) The fee for any person, firm or corporation who engages in the business of custom tanning or dressing of raw furs shall pay a fee of \$5.00, but such a license shall not authorize them to buy or sell raw furs.

(2) Any person holding a fur dealer's license under this act, shall be entitled to buy furs, hides, pelts and the plumage, skins or hides, or parts thereof, of protected game birds and game animals legally taken.

(3) No person holding a fur dealer's license under this act shall be eligible to secure or hold a license to trap beaver.

(4) The conservation commission may designate the plumage and skin of those game birds and game animals which may not be bought or sold whenever it is determined such prohibition will best serve the public interest. The plumage and skins, or parts thereof, of migratory game and nongame birds may be bought and sold only in accordance with federal law or rule.

(5) For the purpose of this act, "plumage" means any part of the feathers, head, wings or tail of any bird.

CITED IN OTHER SECTIONS: Sections 317.1 to 317.7 are cited in § 312.7.

317.2 Fur dealer's license; forms and blanks; term; revocation; re-licensing.

Sec. 2. The director of conservation is authorized to prepare suitable report forms and blanks covering the different kinds of licenses to be issued under the provisions of this act. All licenses issued hereunder shall be for the calendar year and shall expire on December 31 of each year. Licenses may be revoked at any time by the director of conservation for any violation of the law relating to the buying, selling or dealing in furs, hides or pelts of fur-bearing animals and the plumage, skins or hides of protected game birds and game animals. Any fraudulent practice employed in connection with the buying or selling of the furs, hides or pelts of any of the animals mentioned in this act and the plumage, skins or hides of protected game birds and game animals, or the failure to make reports required by this act, shall be sufficient grounds for the revocation of such license. Any person whose license shall have been revoked shall not secure another license except at the discretion of the director of conservation.

317.3 Shipping permits; contents; label, confiscation.

Sec. 3. Any dealer who desires to ship or transport out of the state any fur-bearing animals or the raw skins of fur-bearing animals, or parts thereof, or the plumage, skins or hides, or parts thereof, of protected game birds and game animals legally taken or killed in the state during the open season, shall first procure a permit from the department of conservation. The permit shall state the names of the consignee and consignor, destination and number and kinds of fur-bearing animals, or the raw skins of fur-bearing animals, or parts thereof, or the plumage, skins or hides, or parts thereof, of protected game birds and game animals that are to be shipped or transported, and said permit shall be presented to transportation company with consignment. All shippers of fur-bearing animals, or the raw skins of fur-bearing animals, or parts thereof, or the plumage, skins or hides, or parts thereof, of protected game birds and game animals are required to label all packages offered for shipment by parcel post, common carrier or otherwise, such label to be securely attached to the package, and plainly indicate the names and addresses of the consignee and consignor, and the complete contents of such package. No person or persons or the agent or employee of any common carrier, association, stage, express, railway, or transportation company, shall transport or receive for transportation or carriage, or sell or offer for sale any fur-bearing animals legally taken during the open season therefor, or the raw skins of such fur-bearing animals, or parts thereof, or the plumage, skins or hides, or parts thereof, of protected game birds and game animals except as specifically provided for by this act and all fur-bearing animals, or the raw skins of fur-bearing animals, or parts thereof, or the plumage, skins or hides, or parts thereof, of protected game birds and game animals had in possession or which have been shipped or are being transported in violation of any of the provisions of this act, shall be confiscated and disposed of as provided by law.

ACT REPEALED: Act 185, 1927.

Act 103, 1941, p. 126; Eff. Jan. 10, 1942.

AN ACT to classify as domestic animals for certain purposes fur-bearing animals which of their nature, in the absence of efforts for their domestication, were known as wild, whenever the same shall have been brought into or born in restraint or captivity upon farms or ranches for the purpose of cultivating or pelting their furs; to recognize and to protect property rights in such animals; to punish the violation or invasion of such property rights; and to repeal all acts and parts of acts inconsistent with the provisions of this act.

The People of the State of Michigan enact:

317.21 Foxes in captivity considered domestic animals; protection, exceptions.

Sec. 1. Silver, silver-black, black and cross foxes, which of their nature, in the absence of efforts for their domestication, were known as wild, whenever the same shall have been brought into or born in restraint or captivity upon any farm or ranch for the purpose of cultivating or pelting their furs, together with their offspring and increase, are and shall be considered and classified as domestic animals for the purpose of and within the meaning of any statute or law relating generally to domestic animals, other than dogs and cats or other pets, or relating to farming or to animal husbandry or to the encouragement of agriculture, unless any such statute or law is or shall be impossi-

ble of application to such fur-bearing animals. Such fur-bearing animals, together with their offspring and increase, are and shall be the subjects of ownership, lien and all kinds of absolute and other property rights, the same as purely domestic animals, in whatever situation, location or condition such fur-bearing animals may thereafter come or be, and regardless of their remaining in or escaping from such restraint or captivity. Such fur-bearing animals shall receive the same protection of law, and in the same way and to the same extent shall be the subject of trespass or larceny as other personal property: Provided, however, That nothing herein contained shall be construed to include silver, silver-black, black, and cross foxes within the definition of "livestock," or give any person any right to recovery for damage or destruction thereof under the provisions of Act No. 339 of the Public Acts of 1919, as amended, being sections 5245 to 5257 of the Compiled Laws of 1929.

HISTORY: CL 1948, 317.21.

NOTE: Act 339, 1919, above referred to, is Compilers' §§ 287.261-287.290.

317.22 Brand; registration by owner; prima facie evidence of ownership.

Sec. 2. Any owner or prospective owner of such fur-bearing animals in restraint or captivity shall be entitled from time to time, by written subscribed statement, to adopt distinctive brands or tattoo marks, not including Arabic numerals and not already in known use by others, for any of such fur-bearing animals, and to have such distinctive identifying brands or tattoo marks recorded in his name in the office of the commissioner of agriculture of the state of Michigan, upon paying a recording fee of \$1.00 for each such brand or for each such tattoo mark: Provided, That all fees received by the department of agriculture, as herein provided, shall be retained by said department and used to defray the expenses of administering this act. Such statements shall be recorded in a suitable book to be kept therefor in said office. The presence of such recorded brand or recorded tattoo marks upon any such fur-bearing animal shall be prima facie evidence of the ownership of such animal in the person, persons, partnerships, association or corporation in whose name such brand or tattoo mark is so recorded, subject always to his, their or its right to make due transfer of title, right or interest in, or lien upon such animal.

HISTORY: CL 1948, 317.22.

317.23 Acts prohibited; trespass on premises; trapping, injuring or disturbing fox.

Sec. 3. No person, without the permission of the owner of any such privately owned fur-bearing animal, shall enter the enclosure within which any such privately owned fur-bearing animal is kept for preservation, culture, breeding or growing, or trespass on private ground adjoining such enclosure and shall there knowingly annoy or disturb said animals; and no person shall knowingly and willfully kill, trap or injure any fur-bearing animal owned by another person without the consent of the owner: Provided, That any duly authorized peace or conservation officer may enter upon such premises in the performance of his regular duties.

HISTORY: CL 1948, 317.23.

317.24 Violation of act; penalty.

Sec. 4. Any person who violates the terms of this act shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished by a fine of not more than \$100.00, or by imprisonment in the county jail for not more than 90 days, or by both fine and imprisonment, in the discretion of the court.

HISTORY: CL 1948, 317.24.

317.25 Repeal; saving clause.

Sec. 5. All acts or portions of acts in conflict herewith are hereby repealed: Provided, That this repeal shall not affect any cause or action or proceeding under the existing law at the date this repeal becomes effective.

Act 189, 1955, p. 287; Eff. Oct. 14.

AN ACT to repeal Act No. 192 of the Public Acts of 1941, entitled as amended "An act to license and regulate domestic mink farms, and to prescribe the powers and duties of the state department of agriculture with respect thereto," as amended, being sections 317.41 to 317.50, inclusive, of the Compiled Laws of 1948.

The People of the State of Michigan enact:

317.51 Repeal; domestic mink farm act.

Sec. 1. Act No. 192 of the Public Acts of 1941, as amended, being sections 317.41 to 317.50, inclusive, of the Compiled Laws of 1948, is hereby repealed.

HISTORY: New 1955, p. 287, Act 189, Eff. Oct. 14.

317.52 Construction of repeal.

Sec. 2. The repeal of said Act No. 192 of the Public Acts of 1941 is predicated upon the determination by the legislature that the breeding, raising and producing in captivity, and the marketing, by the producer, of mink as live animals or as animal pelts or carcasses, shall be deemed an agricultural pursuit, and all such animals so raised in captivity shall be deemed domestic animals, subject to all the laws of the state with reference to possession, ownership and taxation as are at any time applicable to domestic animals, and all persons engaged in the foregoing activities are farmers and engaged in farming for all statutory purposes. The repeal of said Act No. 192 of the Public Acts of 1941 shall not be construed to place domestic mink farms under the provisions of Act No. 191 of the Public Acts of 1929, being sections 317.71 to 317.85, inclusive, of the Compiled Laws of 1948.

Act 191, 1929, p. 506; Imd. Eff. May 20.

AN ACT to license and regulate the possession, propagation, purchase, sale, transportation and use of wild birds and animals held or raised in captivity or imported into the state; and to provide penalties for violation of this act. Am. 1970, p. 477, Act 145, Imd. Eff. Aug. 1.

The People of the State of Michigan enact:

317.71 Game breeders; license; requirements; expiration.

Sec. 1. The director of conservation is authorized to issue licenses to cover the possession for propagation and the dealing in protected game birds and game and fur-bearing animals and the selling thereof. No such license or licenses may be granted to any applicant who is not the owner or lessee of the premises to be used for the purposes covered by such licenses. All such licenses shall be nontransferable and shall be valid from July 1 through June 30 of the next year, except that the 1969 license shall be valid through June 1970.

Act 184, 1929, p. 495; Eff. Aug. 28.

AN ACT to provide for the protection and increase of desirable forms of wild life; for the establishment of wild life sanctuaries; for the maintenance and regulation thereof; to provide penalties for the violation of this act and the rules and regulations issued thereunder; and to repeal Act No. 360 of the Public Acts of 1913.

The People of the State of Michigan enact:

317.201 Wild life sanctuaries; establishment, dedication, application.

Sec. 1. The conservation commission is hereby given power to establish state wild life sanctuaries and may by appropriate resolution accept as such, privately owned lands, when the owners or lessees thereof shall file with said commission an application dedicating such lands for such purposes. The commission may accept such dedication only after it shall have determined that the application is made in good faith, that the said lands are suitable for the declared purposes, that the dedication and operation of the proposed wild life sanctuary will tend to increase the supply of desirable wild life in that vicinity and will otherwise be in the public interest. Applications shall not be approved for areas of less than 20 acres nor for more than 1,500 acres or for periods of less than 5 years.

Act 171, 1899, p. 251; Imd. Eff. Jun. 23.

AN ACT to set aside the submerged and swamp lands belonging to the state of Michigan bordering upon the great lakes and the bayous thereof and those lying along the shores of the Kalamazoo, Grand and Muskegon rivers, for a public shooting and hunting ground, defining the limits thereof and providing for its care and management. Am. 1921, p. 257, Act 118, Eff. Aug. 18.

The People of the State of Michigan enact:

317.291 Great Lakes, Kalamazoo, Grand and Muskegon rivers; submerged and swamp lands; public shooting and hunting grounds, boundaries; excluded lands.

Sec. 1. That all of the swamp or submerged lands lying along the borders of Lakes Erie, Huron, Michigan, Superior and St. Clair, except such parts of the "St. Clair Flats," so-called, as shall have been, prior to January first, 1899, actually occupied, built up, cultivated or improved to the extent of at least 25 dollars, within the boundaries of the state of Michigan, and within the limits hereinafter described, and also all swamp or submerged lands adjoining said lakes, or in the bayous adjoining or emptying into said lakes, *and also all swamp or submerged lands contiguous to and lying along the shores of the Kalamazoo river, Grand river and Muskegon river*, which now belong to the state of Michigan, or to which the state of Michigan shall hereafter acquire title, shall be and hereby is set apart and dedicated for a public shooting and hunting ground, for the benefit and enjoyment of the people of the state of Michigan. This park so set aside shall extend to the state line into the respective lakes from the shore line thereof, and the outer boundary thereof shall be the center line of said lakes or the boundary of said state, and shall include all swamp or submerged lands lying be-

tween said shore line and outer boundary: Provided, That no premises herein described shall be deemed to include any islands in any of the said lakes to which the state of Michigan has not title, unless the state shall first acquire such title. Said park shall also include the swamp or submerged lands owned by the state aforesaid or hereafter acquired by the state, bordering upon said lakes or in or upon the bayous emptying therein.

HISTORY: CL 1915, 400;—Am. 1921, p. 257, Act 118, Eff. Aug. 18;—CL 1929, 6101;—CL 1948, 317.291.

This act largely supersedes Act 112 of 1895, p. 731, being Compilers' §§ 317.281 to 317.283.

The title of amendatory Act 118 of 1921 refers to Sec. 1 of Act 171 of 1899, but not to any amendment of the title.

The title as it appeared before amendment read as follows: "An act to set aside the submerged and swamp lands in the State of Michigan bordering upon the Great Lakes and the bayous thereof for a public park, defining the limits thereof and providing for its care and management."

Act 118 of 1921 merely added the italicized words of Sec. 1 as above indicated.

317.292 Swamp or submerged lands hereafter acquired.

Sec. 2. Should the state of Michigan hereafter acquire title to any swamp or submerged lands within the limits aforesaid or bordering upon said lakes, or in or upon any bayou emptying into the same, whether by purchase, escheat, forfeiture, tax bid or tax title, the same shall be, by operation of this act, included in said park and shall not thereafter be offered for sale by the state.

317.293 Land subject to fish and game laws; navigation; private and municipal dockage.

Sec. 3. This reservation and dedication shall not interfere with or detract from any rights or privileges of fishing now enjoyed by private persons or the public, but the said park shall be subject to the fish and game laws of this state in the same manner as though there had been no dedication. The waters in this park shall be free for all purposes of navigation. This act shall not be deemed to interfere with the common law right of riparian owners to dockage and wharfage, nor to interfere in any manner with dock or harbor lines or regulations of any municipality or of the state.

FISH AND GAME LAWS: See Compilers' § 311.1 et seq.

317.294 Trespassers; officers to protect possession; no statute of limitations.

Sec. 4. All persons who now have or shall hereafter locate upon any part of the park here set aside, or who shall occupy the same, except as herein provided, shall be deemed trespassers against the state of Michigan, and an action may be brought against such persons in the name of the people of the state of Michigan by the prosecuting attorney or the board of supervisors of any county in which such trespass occurs, or by either the auditor general of the state of Michigan or the commissioner of the state land office; and no statute of limitations shall be deemed operative against the state so as to bar any suit or proceeding brought by or on behalf of the state regarding the possession of such swamp or submerged lands.

317.295 Control by board of supervisors; permissible destruction of submarine vegetation.

Sec. 5. The board of supervisors of each county shall have the care and control of that part of said park within its own boundaries and that part lying opposite and immediately adjoining in the Great Lakes. The respective boards of supervisors, in their discretion, may allow the cutting or the destruction of the rushes and submarine vegetation growing in said park in or opposite their respective counties.

317.297 Driving ducks away from hunters; penalty; navigation.

Sec. 7. It shall be unlawful for any person or persons to wilfully scare or drive wild ducks or other wild water fowl, or cause the same to be done, from or away from any person lawfully hunting the same within said park, for the purpose of depriving or attempting to deprive such person of any or all of his opportunities of shooting or hunting such wild duck or other wild water fowl; and every person so offending shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding 100 dollars and costs of prosecution, or by imprisonment in the county jail not exceeding 90 days, or both such fine and imprisonment, at the discretion of the court. Nothing herein contained shall be deemed to detract from the right of passage over said waters, in good faith, or in the ordinary course of navigation.

Act 134, 1957, p. 152; Eff. Sep. 27.

AN ACT to establish and regulate the operation of shooting preserves; to provide for the issuing of licenses pertaining thereto and the disposition of the moneys derived therefrom; to provide penalties for the violation of the provisions of this act; and to repeal certain acts and parts of acts.

The People of the State of Michigan enact:

317.301 Private shooting preserves; licenses, fees, expiration; Sunday hunting.

Sec. 1. The director of conservation may issue licenses authorizing the establishment and operation of private shooting preserves. The fee for each such license shall be \$35.00 for a shooting preserve of 320 acres or less and \$60.00 for a shooting preserve in excess of 320 acres. Unless sooner revoked, all such licenses shall be valid from July 1 through June 30. Said private shooting preserves may allow hunting on Sundays, local regulations to the contrary notwithstanding.

HISTORY: New 1957, p. 152, Act 134, Eff. Sep. 27;—Am. 1959, p. 62, Act 62, Eff. Mar. 19, 1960;—Am. 1969, p. 230, Act 126, Imd. Eff. Jul. 29.

CITED IN OTHER SECTIONS: Sections 317.301 to 317.313 are cited in § 314.6.

317.302 Private shooting preserves; size, boundary signs.

Sec. 2. Each shooting preserve shall contain not less than 80 acres nor more than 640 acres of leased or owned land, except that those preserves whose operations are confined only to ducks may contain a minimum of 50 acres. The exterior boundaries of each preserve shall be clearly defined with signs erected at intervals of 150 feet or less.

HISTORY: New 1957, p. 152, Act 134, Eff. Sep. 27;—Am. 1959, p. 62, Act 62, Eff. Mar. 19, 1960.

317.303 Private shooting preserves; hunting of artificially propagated birds; limitations.

Sec. 3. Birds which may be hunted under authority of a shooting preserve license shall be limited to such artificially propagated species as the director of conservation may prescribe. A licensee may propagate and sell such birds, carcasses or products, in addition to releasing birds for hunting purposes, by adhering to all requirements, except breeder's license fee requirements, of Act No. 191 of the Public Acts of 1929, being sections 317.71 to 317.84 of the Compiled Laws of 1948, and rules promulgated by the commission of conservation under authority of that act. Not less than 100 birds of any species to be so hunted shall be released on the licensed premises during the shooting preserve season in any 1 year.

HISTORY: New 1957, p. 153, Act 134, Eff. Sep. 27;—Am. 1960, p. 230, Act 126, Imd. Eff. Jul. 29.

317.304 Licenses; hunting rights granted.

Sec. 4. The licenses herein provided for shall entitle the holders thereof and their lessees and licensees to take, by hunting, the percentage of each species released on the premises each year as the director of conservation may determine.

HISTORY: New 1957, p. 153, Act 134, Eff. Sep. 27.

317.305 Tagging of birds; source, cost, reuse.

Sec. 5. Each bird shot under authority of a shooting preserve license, before being either consumed on the premises or removed therefrom, shall have affixed to the carcass, or wrapper, a stamp-mark, band, tag or seal as designated by the director. The bands, tags or seals shall be furnished at reasonable cost to the operator of the shooting preserve by the director. The stamp-mark, band, tag or seal shall remain affixed to the carcass or wrapper until the carcass is prepared for consumption. Such items of identification shall not be reused by any person.

317.306 Species of wild birds and animals permitted to be hunted.

Sec. 6. No wild bird or wild animal of a species other than permitted to be hunted under authority of the license herein provided shall be hunted or killed on any shooting preserve except in accordance with the laws of this state governing the hunting of such species.

HISTORY: New 1957, p. 153, Act 134, Eff. Sep. 27.

317.307 Hunting licenses; fees; limitations.

Sec. 7. Hunting licenses as provided in Act No. 286 of the Public Acts of 1929, as amended, being sections 311.1 to 315.2 of the Compiled Laws of 1948, shall be required of all persons hunting on shooting preserves, except that in lieu thereof any person may obtain a special shooting preserve hunting license upon paying to the director of conservation or his authorized agent a fee of \$5.00. Such licenses when issued shall be valid from July 1 to June 30, and shall authorize the licensee to hunt only on licensed shooting preserves and only for the species for which the shooting preserve is licensed in accordance with this act and the rules and regulations promulgated hereunder.

317.308 Operator's records; contents, inspection; reports.

Sec. 8. Each operator of a shooting preserve licensed under the provisions of this act shall maintain a record of the names, addresses and hunting license numbers of all persons hunting upon the preserve, together with the date upon which they hunted, the number of each species taken. The operator shall also maintain an accurate record of the total number, by species of birds propagated, reared or purchased, and the date and number of each species released. The records shall be open for inspection by the

director or his representative at any reasonable time; and the licensee shall provide complete and accurate reports when and as required by the director.

317.309 License, application, forms.

Sec. 9. Any person desiring a license under the provisions of this act shall make application therefor to the director of conservation on forms furnished by him, stating his name, address, legal description of the premises to be licensed, the kind of birds to be covered by the license, and such other information as the director of conservation may require. The director shall prepare and distribute suitable forms necessary to carry out the provisions of this act.

HISTORY: New 1957, p. 153, Act 134, Eff. Sep. 27.

317.310 Open season; rules and regulations.

Sec. 10. The director of conservation, subject to the approval of the conservation commission, is hereby authorized to establish the open season for shooting preserves which shall be not less than 120 days, promulgate and enforce such rules and regulations, not inconsistent with law, governing the administration of this act as he may deem expedient, in accordance with Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

Sec. 11. All moneys received from the sale of licenses and tags or seals as herein provided shall be deposited in the state treasury to the credit of the game protection fund.

HISTORY: New 1957, p. 154, Act 134, Eff. Sep. 27.

317.312 Violation of act; penalty; suspension or revocation of license; disposition of birds.

Sec. 12. Any person violating any of the provisions of this act or the rules adopted hereunder shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than \$100.00, together with costs of prosecution, or imprisonment in the county jail for not more than 90 days, or by both. In addition to the penalty herein provided, any license issued under this act may be suspended or revoked, after a hearing upon proper notice, when any operations under it fail to comply with the requirements of this act, when a licensee fails to maintain or submit accurate reports and records as required by the director or when any licensee shall be convicted of a violation of this act. Birds held under such license shall then be disposed of only in a manner approved by the director.

Sec. 13. Act No. 249 of the Public Acts of 1929, as amended, being sections 317.101 to 317.109 of the Compiled Laws of 1948, is hereby repealed.

HISTORY: New 1957, p. 154, Act 134, Eff. Sep. 27.

Act 159, 1967, p. 220; Eff. Nov. 2.

AN ACT to promote safety in hunting activities; to provide for area closures to hunting and discharge of firearms; to establish a hunting area control committee and to prescribe its powers and duties; to prescribe the powers and duties of the department of conservation, the department of state police, the department of attorney general and the county sheriffs; and to prescribe penalties for violations of this act.

The People of the State of Michigan enact:

317.331 Hunting area control committee; establishment, members, duties; state agency representatives, selection; committee chairman; department of conservation, duties; expenses.

Sec. 1. (1) A hunting area control committee, composed of a representative of the department of conservation, a representative of the department of state police, the township supervisor, or if he declines to serve, a representative selected by the township board, and a representative of the sheriff's department of the respective counties involved is established and shall perform such duties as are authorized by this act.

(2) The representatives of the state agencies shall be selected from the staff of each agency by its chief authority and designated as that agency's representative. The committee shall select 1 of its members as chairman and the chairmanship shall be alternated between the agencies each year. The department of conservation shall perform clerical, operational and administrative duties of the committee in accordance with rules, regulations, procedures and policies promulgated and adopted by the committee and the department of conservation as the agency within which the committee operates. Expense incurred by individual members in carrying out the intent and purpose of this act shall be borne by the member's department. Costs of surveys and actions requiring services outside the committee and the sheriff's department shall be borne by the department of conservation.

HISTORY: New 1967, p. 220, Act 159, Eff. Nov. 2.

317.332 Hunting area control committee; powers; area closures; hearings, investigations, studies, statement of facts; regulations.

Sec. 2. (1) In the interest of public safety and the general welfare, the committee is empowered to regulate and prohibit hunting, and the discharge of firearms and bow and arrow, as herein provided, on those areas established under the provisions of this act where hunting or the discharge of firearms or bow and arrow may or is likely to kill, injure or disturb persons who can reasonably be expected to be present in such areas or to destroy or damage buildings or personal property situated or customarily situated in such areas or will impair the general safety and welfare; and the committee is empowered to determine and define the boundaries of such areas. Areas may be closed throughout the year or parts thereof. The committee, in furtherance of safety, may designate areas where hunting is permitted only by prescribed methods and weapons not inconsistent with law. Whenever the governing body of any political subdivision determines the safety and well-being of persons or property are endangered by hunters or discharge of firearms or bow and arrows, by resolution it may request the committee to recommend such area closure as may be required to relieve the problem. Upon receipt of a certified resolution, the committee shall establish a date for a public hearing in the political subdivision and the requesting political authority shall arrange for suitable quarters for the hearing. The committee shall receive testimony on the nature of the problems resulting from hunting activities and firearms use from all interested parties on the type, extent and nature of the closure, regulations or controls desired locally to remedy these problems.

(2) Upon completion of the public hearing, the committee shall cause such investigations and studies to be made of the area as it deems appropriate and shall then make a statement of the facts of the situation as found at the hearing and as a result of its investigations. The committee shall then prescribe such regulations as are necessary to alleviate or correct the problems found.

HISTORY: New 1967, p. 221, Act 159, Eff. Nov. 2.

317.333 Hunting area control committee; submission of findings and recommendations; approval or disapproval; ordinances; regulations; enforcement.

Sec. 3. (1) The committee shall submit its findings and recommendations to the governing body of the political subdivision concerned. By majority vote, the governing body shall advise the committee by certified resolution that it approves or disapproves the prescribed hunting or firearms controls. When the governing body disapproves the prescribed controls, no further action shall be taken. When the governing body approves the prescribed controls, a local ordinance shall be enacted in accordance with the provisions of law pertaining to the enactment of ordinances, which shall be identical in all respects to the regulations prescribed by the committee and which ordinance shall not be effective until the committee rules are in force and effect in accordance with law. A certified copy of the ordinance shall be forwarded to the committee. The hunting and firearms control regulations shall then be adopted by the committee in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948. An ordinance adopted under authority of a rule subsequently suspended by the legislature shall likewise be suspended. The governing body of the political subdivision having established such an ordinance, by subsequent majority vote, may repeal the ordinance at any time. The committee shall be informed of such action by certified resolution.

(2) Local and county law enforcement officers shall enforce ordinances enacted in accordance with this act. State enforcement officers will enforce regulations adopted and made a part of the administrative code in accordance with the provisions of this act.

HISTORY: New 1967, p. 221, Act 159, Eff. Nov. 2.

317.334 Closure notice signs; materials, form, placing, maintenance, spacing, publication of notice; rescission of closure.

Sec. 4. The committee shall designate closure notice signs of approved material, overall size, number and letter size and composition of message. At least 4 notices, relatively equally spaced, shall be posted on the boundaries of the closed area. No closure shall be effective prior to the erection of closure notices and approval of the same by the committee. The petitioning political subdivision shall place and maintain the signs and shall publish a notice of closure for 3 successive weeks, at least once in each week, in a newspaper published in the county in which the area to be closed is located. If no newspaper is published in the county, then the notice shall be published in a newspaper published in an adjoining county. If, in the judgment of the committee, closure signs are not so maintained as to adequately give notice of the closure to a careful and prudent person, the closure may be rescinded by service of notice of rescission on the clerk or recording officer of the political subdivision, and in such case the closure shall terminate 30 days after service of notice of rescission.

HISTORY: New 1967, p. 222, Act 159, Eff. Nov. 2;—Am. 1968, p. 499, Act 294, Eff. Nov. 15.

317.335 Prohibitions against discharge of firearms; exceptions.

Sec. 5. Any prohibition against discharge of firearms made under authority of this act shall not apply to peace officers or members of any branch of the armed forces in the discharge of their proper duties. The director of conservation may authorize the use of firearms to prevent or control the depredations of birds or animals in situations where significant damages are being caused by wildlife.

HISTORY: New 1967, p. 222, Act 159, Eff. Nov. 2.

317.336 Violation of act; penalty.

AN ACT to provide for the creation of special dog training areas; to provide for rules and regulations for the training of dogs thereon; and to provide penalties for the violation of the provisions of this act.

The People of the State of Michigan enact:

317.401 Dog training areas; application; permit, fees; size, number.

Sec. 1. Upon application of any club or organization having 10 or more members who are citizens of this state, or upon the application of 10 or more citizens of this state, and the payment of a registration fee of \$5.00, the director of conservation may issue a permit authorizing the establishment and maintenance by such club, organization, or citizens on land owned by them, or over which they have legal control, of a special dog training area wherein and whereon dogs may be trained at any time during the entire year. No such dog training area shall be of less than 80 acres nor of more than 240 acres, nor shall permits be issued for more than 6 special dog training areas in any 1 county: Provided, That in counties having a population of 100,000 or more such additional permits as the director of conservation may deem to be in the public interest may be issued.

HISTORY: CL 1948, 317.401.

317.402 Dog training areas; use, rules, and regulations; hunting or possession of firearms prohibited, exception.

Sec. 2. Permittees may at any time during the entire year train their own dogs or the dogs of other persons on such area or permit others to do so under such conditions as shall be mutually agreed upon and under such rules and regulations as may be deemed expedient by the director: Provided, however, That hunting or the carrying or possession of firearms other than pistol or revolver with blank cartridges at any time of year on such areas shall be unlawful.

HISTORY: CL 1948, 317.402.

317.403 Dog training areas; posting boundary lines; notice, form.

Sec. 3. The boundary lines of each such special dog training area shall be kept plainly and conspicuously posted by permittee with legible notices at least 10 inches by 12 inches in size placed not more than 100 yards apart which shall bear the following warning:

Special Dog Training Area
Hunting is Unlawful
This Land is Set Aside under Special Permit

Sec. 3a. The conservation commission is hereby authorized to establish not to exceed 8 areas which shall include the Gladwin, Brighton, Highland, Waterloo and White Cloud areas for field dog trials on state-owned lands or lands under their jurisdiction or control and may promulgate such rules and regulations in the manner provided by Act 88 of the Public Acts of 1943 as amended governing the operation and control of such areas as by it are deemed desirable or expedient. The said conservation commission may close such areas for any period to the hunting and/or trapping of any or all species of wild birds and wild animals.

HISTORY: Add. 1952, p. 86, Act 76, Eff. Sep. 18.

317.404 Dog training areas; boundary fence or poster, wilful mutilation, injury or destruction prohibited.

Sec. 4. It shall be unlawful for any person to wilfully, negligently, or maliciously cut, remove, cover up, deface, or otherwise mutilate, injure, or destroy any special dog training area boundary fence or wire or poster placed in accordance with the provisions of this section.

HISTORY: CL 1948, 317.404.

317.405 Violation of act, and rules and regulations; penalty.

Sec. 5. Any person violating any of the provisions of this act or of any rule or regulation promulgated under the provisions of section 2 hereof shall, upon conviction thereof, be subject to a fine of not more than \$100.00 and costs of prosecution, or by imprisonment in the county jail for a period not exceeding 90 days, or both such fine and imprisonment in the discretion of the court.

Act 218, 1919, p. 388; Eff. Aug. 14.

AN ACT to create the Michigan state park commission; to define its rights, powers and duties, in acquiring and maintaining state parks; to authorize the commission to rent or lease public service privileges in such parks and to provide for the disposal of

revenues received therefrom; making an appropriation and providing a tax to meet the same. Am. 1929, p. 103, Act 62, Imd. Eff. Apr. 18.

The People of the State of Michigan enact:

Secs. 1-2.

HISTORY: Rep. 1945, p. 411, Act 267, Imd. Eff. May 25.

Title Am. 1929, p. 103, Act 62, Imd. Eff. April 18.

These sections provided for the creation and organization of the Michigan state park commission and are obsolete, the commission having been abolished and its powers and duties transferred to the department of conservation by Act 17 of 1921, being Compilers' § 290.1 et seq.

318.3 Michigan state park commission; officers, employees; annual report and statements; disbursements.

Sec. 3. Said commission shall annually choose 1 of its members to be chairman and may from time to time, upon approval of the governor, appoint a secretary and such other employes including engineers, architects, and custodians as it may deem necessary to carry out the purposes of this act. Said commission may determine the duties and compensation of such appointees, such compensation to be paid as other state employes are now paid. Said commission shall be furnished by the board of state auditors with a suitable office where its maps, plans, documents, records, and accounts shall be kept, subject to public inspection at reasonable times. On or before the thirty-first day of December in each year said commission shall make a report of its proceedings to the governor, with a statement of its receipts and disbursements. All disbursements of the commission shall be upon warrant of the auditor general, when approved by the governor.

HISTORY: CL 1929, 6075;—CL 1948, 318.3.

318.4 State park commission; supervision of lands; exception; transfer of control.

Sec. 4. Said commission shall have charge and supervision of all lands acquired by the state as public parks for the purposes of public recreation or the preservation of natural beauty or historic association, except such lands as may be placed by law in the charge and under the supervision of other commissions or officials. Any lands now owned or hereafter acquired by the state may be transferred to the commission by the commissions or officials having control of the same.

HISTORY: CL 1929, 6076;—CL 1948, 318.4.

MACKINAC ISLAND STATE PARK: See Compilers' § 318.61 et seq.

318.5 State park commission; acquisition of parks, care, public service privileges; riparian lands; revenue; power to contract, accept deeds; liability of state.

Sec. 5. Said commission shall have power to acquire, maintain and make available for the use of the public, open spaces for recreation; shall be authorized to rent or lease public service privileges in any such park or parks; shall be authorized to take in the name of the state and for the benefit of the public, by purchase, condemnation, gift, or devise, lands and rights in lands for public parks; to preserve and care for such public parks, and, in the discretion of the commission and upon such terms as it may approve, such other open spaces within this state as may be entrusted, given, or devised, to the state by the United States or by cities, towns, corporations, or individuals for the purposes of public recreation, or for the preservation of natural beauty or natural features possessing historic information or association: Provided, That said commission shall not take or contract to take by purchase or condemnation any land or other property for an amount or amounts beyond such sum or sums as shall have been appropriated or contributed therefor. In the purchase or condemnation of any lands for such public parks preference shall be given to lands bordering upon the great lakes, or

the connections or tributaries thereof, or upon the inland waters of the state: Provided further, That all funds or moneys or revenue derived from public service activities or privileges shall be paid into the state treasury by the director of conservation and shall there be credited to the general fund of the state.

Said commission shall have the power to accept any contract or contracts for the purchase of lands and rights in lands for public parks, and on the fulfillment of the terms and conditions in any such contract or contracts, to accept a deed or deeds therefor: Provided, That said commission shall not have power to pledge in the said contract or contracts the faith and credit of the state of Michigan.

318.63 Mackinac Island state park; control; rentals; employees; rules; motor vehicles; deputy sheriffs; disposition of funds, rentals; reports.

Sec. 3. The Mackinac Island state park shall be under the control and management of said Mackinac Island state park commission, and the majority of same shall constitute a quorum for the transaction of business. The commissioners shall have power to lay out, manage and maintain said park and preserve the old fort, and to make and enforce bylaws, rules and regulations necessary to carry out the purposes thereof, not inconsistent with the laws of the state; to effect leases, and to fix prices for rentals or privileges upon the property of said park; to sell or lease as personal property buildings or structures acquired by the commission in settlement of delinquent land rentals, and any such sales or leases heretofore executed or made are hereby ratified; and to employ a superintendent and such persons as may be needed. All rules and regulations of the commission shall be made in accordance with the provisions of Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.82 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948. The rules and regulations of the commission shall apply to all roads situated on Mackinac Island state park lands. The commission shall make no rule permitting the use of motor vehicles except motor vehicles owned by the state or any political subdivision or by a public utility and used in the exercise of its franchise but the commission is authorized to provide by rule for the issuance of temporary permits for the operation of motor vehicles over any roads situated on state park lands. The commission may grant permits for the use of lands for the expansion of existing cemeteries, under such terms and conditions as the commission shall prescribe. The commissioners shall also have power to grant privileges and franchise for waterworks, sewerage, transportation and lighting, for a period not to exceed 30 years. The commission shall prescribe by regulation the maximum number of horse drawn vehicles for hire that may be licensed by the commission for operation within the park. It is hereby provided that the sheriff of the county of Mackinac, upon the application of said commission, shall appoint 1 or more persons, to be by said commission designated, and who shall be employees, as provided in this act, as deputy sheriffs in and for said county, but who shall receive no fees or emoluments for services as deputy sheriffs. Said commissioners shall have the power to fix the compensation of the persons employed by them, but no debt or obligation shall be created by them exceeding the amount of moneys at their disposal at the time. All moneys received from rentals or privileges shall be paid promptly into the state treasury to be credited to the general fund and to be disbursed as appropriated by the legislature. The Mackinac Island state park commission is hereby authorized, in consideration of the furnishing of fire protection, street service, sewerage service and other public service agreed upon, to remit such reasonable rentals as the commission shall determine from leases of property acquired by the state under the general tax law and deeded to the commission, to the several tax assessing units in which such property is situated as provided in the general tax law, in proportion to the delinquent taxes and special assessments of such units cancelled against such description of land. Said commissioners shall make to the governor an annual report and statement of receipts and expenditures, and such recommendations and suggestions as may seem to them proper.

HISTORY: New 1957, p. 77, Act 70, Eff. Sep. 27.

Act 201, 1958, p. 244; Imd. Eff. Apr. 24.

AN ACT authorizing the construction and acquisition of certain improvements by Mackinac Island state park commission; providing for the financing of such improvements through the issuance of revenue bonds; authorizing said commission to impose certain charges and fees; providing for the payment and security of the aforesaid bonds; making certain provisions with respect to the foregoing; declaring said commission to be a state instrumentality, and exempting the properties and obligations of the commission and income therefrom from taxes.

The People of the State of Michigan enact:

318.201 Mackinac Island state park commission; additional powers; airport, rules and regulations.

Sec. 1. The Mackinac Island state park commission, hereinafter sometimes called "the commission", is hereby authorized and empowered, in addition to the powers already conferred on it by law, to exercise the following powers, rights and privileges:

(a) To acquire, construct, develop, improve, better, extend, repair, maintain, use and operate all property, real or personal, necessary to the exercise of the powers, rights, privileges and functions conferred upon it by law and this act including, without limiting the generality of the foregoing, the power to acquire, construct, develop, improve, better, extend, restore, reconstruct, renovate, refurbish, repair, equip, furnish, maintain, use and operate, and to provide landscaping, driveways, streets and walkways for, buildings, structures, areas (any and all) and facilities of all kinds which in the judgment of the commission will increase the beauty and utility of said state park facilities and provide recreational, historical or other facilities for the benefit and enjoyment of the public, or which are necessary or convenient to the exercise of the powers of the commission.

(b) To employ consulting architects, engineers, museum technicians, landscape architects, supervisors, managers, lawyers, fiscal agents, and other agents and employees as it may deem necessary, and to fix their compensation.

(c) To enlist the guidance, assistance and cooperation of the Michigan historical commission.

(d) To make such charges for admission to the facilities under its jurisdiction, to make such other charges for the use of any such facilities, including fees or charges to be imposed on concessionaires, and to charge such rentals for the lease or use of any of its facilities as in the judgment of the commission may seem proper and as will assure the prompt and full carrying out of all covenants contained in the proceedings authorizing any bonds hereunder.

(e) To acquire, construct, develop, improve, repair, maintain and operate, but not to extend the runway beyond 3600 feet, an airport or landing field on property under its jurisdiction, and to lease to any governmental unit any real or personal property under its jurisdiction for use as an airport or landing field on such terms and conditions as shall be approved by the commission and the department of administration. The exercise of any power granted by this subsection shall be subject to determination by the proper federal authority that such exercise will not affect the title of the state to the land involved. All rules and regulations promulgated by any lessee shall reflect written approval by the commission before any such rules or regulations are in effect.

HISTORY: New 1958, p. 244, Act 201, Imd. Eff. Apr. 24;—Am. 1964, p. 63, Act 58, Imd. Eff. May 12.

318.202 Mackinac Island state park commission; revenue bonds, issuance, sale.

Sec. 2. The commission is authorized and empowered from time to time to issue its revenue bonds in anticipation of the collection of all or any part of its revenues, for the purpose of acquiring, constructing, reconstructing, improving, bettering, extending, restoring, refurbishing, renovating, repairing, equipping, furnishing, any or all, the properties and facilities which it is authorized to acquire, construct, reconstruct, maintain or operate hereunder, including properties and facilities now owned by it, and shall pledge to the payment of the interest on and principal of such bonds, all or any part of the revenues derived from the operation of the properties and facilities so controlled and operated by the commission. There may be included in the cost for which bonds are to be so issued, reasonable allowances for legal, engineering or fiscal services, interest during construction or reconstruction and for 6 months after the estimated date of completion of such construction or reconstruction, and other incidental expenses. Such bonds shall be authorized by resolution of the commission and may be issued in one or more series, may bear such date or dates, may mature at such time or times not exceeding 30 years from their respective dates, may bear interest at such rate or rates not exceeding 6% per annum, may be in such form, either coupon or registered, may be executed in such manner, may be payable at such place or places, may

be subject to such terms of redemption, with or without premium, and may contain such terms, covenants and conditions as such resolution or subsequent resolution may provide. Such bonds shall be sold by the commission in the manner required under the provisions of Act No. 94 of the Public Acts of 1933, as amended, being sections 141.101 to 141.139 of the Compiled Laws of 1948, for the sale of bonds issued pursuant to said act. Pending preparation of the definitive bonds, interim receipts or certificates in such form and with such provisions as the commission may determine may be issued to the purchaser or purchasers of the bonds sold pursuant to this act. Said bonds and interim receipts and certificates shall be fully negotiable within the meaning of and for all purposes of the negotiable instruments law of this state.

Authorizing resolution, contents.

Any resolution authorizing the issuance of bonds under this act or any instrument of trust entered into as hereinafter authorized may contain covenants, including, but not limited to, (a) the purpose or purposes to which the proceeds of the sale of the bonds may be applied, and the deposit, use and disposition thereof; (b) the use, deposit, securing of deposits and disposition of the revenues of the commission, including the creation and maintenance of reserves; (c) the issuance of additional bonds payable from the revenues of the commission; (d) the operation and maintenance of properties of the commission; (e) the insurance to be carried thereon, and the use, deposit and disposition of insurance monies; (f) books of account and the inspection and audit thereof and the accounting methods of the commission; (g) the non-rendering of any free service by the commission; and (h) the preservation of the properties of the commission, so long as any of the bonds remain outstanding, from any mortgage, sale, lease or other encumbrance not specifically permitted by the terms of the resolution. The resolution shall also provide for the employment of sufficient personnel for the collection of fees and charges incident to the operation of the facility and for the payment of compensation to such personnel out of the fees and charges.

Trust indenture, contents.

In the discretion of the commission, any bonds issued under the provisions of this act may be secured by a trust indenture by and between the commission and a corporate trustee, which may be any trust company or bank having the right to exercise the powers of a trust company within this state. Any such trust indenture may pledge or assign the revenues from the operation of properties of the commission, but shall not convey or mortgage any properties, except such revenues. Any such trust indenture or any resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the commission in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the improvements in connection with which such bonds shall have been authorized, and the custody, safeguarding and application of all monies, and provisions for the employment of consulting engineers, architects and landscape architects in connection with the planning, construction or operation of such improvements. Any such trust indenture may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, any such trust indenture or resolution may contain such other provisions as the commission may deem reasonable and proper for the security of the bondholders. The holder of any bond issued hereunder or a trustee in his behalf may bring suit against the commission and its members, officers and agents to enforce the provisions and covenants contained in any such trust indenture or resolution. All expenses incurred in

carrying out the provisions of any such trust indenture may be treated as a part of the cost of operation of the improvements for which the bonds are authorized.

Money received, deposit, payment.

Monies received pursuant to the authority of this act, whether as proceeds from the sale of bonds or as revenues from the operations of properties, or otherwise received by the commission, shall be deemed to be trust funds, to be held and applied solely as provided in this act and in the resolution authorizing, or trust indenture securing, its bonds. All monies so received may be deposited in as received and paid out by any bank or banks selected for such purpose and eligible to hold public monies under the laws of Michigan, such deposits and paying out to be in the manner provided in such resolution or trust indenture. None of such monies need be paid into the state treasury.

Refunding bonds, purposes, contents.

Any bonds issued under this act may be refunded pursuant to resolution to be adopted by the commission. Refunding bonds so issued may be secured in such manner and may be made payable from such sources as may be provided in the resolution authorizing their issuance, and may have such rates and maturities as the commission may provide. Refunding bonds so issued may be delivered in whole or in part in exchange for a like principal amount of the bonds authorized to be refunded, and to the extent not so exchanged shall be sold in the manner provided for the sale of other bonds hereunder. If sold, the proceeds of the sale may be placed in escrow for the payment of the bonds to be refunded in such manner as may be provided in the resolution authorizing the bonds. No bonds may be refunded hereunder unless they either mature or are callable for redemption under their terms within 12 months from the date of issuance of the refunding bonds or unless the holders thereof voluntarily surrender them for exchange or payment.

318.203 Mackinac Island state park commission; charges and fees; payment of bonds.

Sec. 3. The commission shall prescribe and collect charges and fees as above authorized for admission to and for the use of the services, facilities and commodities supplied by or through all its properties, including museums, the revenues of which have been pledged to the payment of bonds issued hereunder, and shall revise such charges and fees from time to time whenever necessary to insure that the revenues to be derived therefrom shall be fully sufficient to pay principal of and interest on such bonds, and to carry out all requirements and covenants contained in the proceedings pursuant to which any such bonds are issued. All or any part of the gross revenues derived by the commission from the operation, leasing or other use of any properties of the commission utilized as a part of any state park project financed hereunder may be pledged to the payment of such principal and interest. Each bond shall recite in substance that such bond and the interest thereon are payable solely from the revenues pledged to the payment thereof, and that such bond does not constitute a debt of the commission or of the state of Michigan within the meaning of any constitutional or statutory limitation.

HISTORY: New 1958, p. 245, Act 201, Imd. Eff. Apr. 24.

318.204 Mackinac Island state park commission; public body corporate; tax exemptions.

Sec. 4. The commission is hereby declared to constitute a public body corporate constituting an instrumentality of the state of Michigan and carrying out duties and functions imposed upon and in the state under its constitution and laws, and shall have the power to sue and be sued. It is accordingly hereby found, determined and de-

clared that the carrying out of powers of the commission and the purposes of this act are for the benefit of the people of the state and constitute a public purpose. Accordingly, all property owned by the commission or owned by the state and controlled by the commission shall be exempt from all taxes levied by the state and all of its political subdivisions and taxing districts, and the bonds and interim receipts or certificates issued by the commission and the income therefrom shall be free from taxation within the state, and the commission shall be required to pay no taxes or assessments upon its activities or upon any of its revenues.

318.206 Mackinac Island state park commission; authorizing resolution, publication, testing of validity.

Sec. 6. The commission may in its discretion cause any resolution authorizing the issuance of bonds hereunder to be published one time in a newspaper published in the county where the facilities are located having a general circulation therein. Any action or proceeding questioning the validity of such resolution or any provision thereof or the validity of the bonds authorized thereby or the provisions of any trust indenture therein authorized to be executed for the security of such bonds, must be commenced within 20 days from the publication of such resolution. After the expiration of said 20 days no right of action or defense founded upon the invalidity of said resolution or any of its provisions or of said trust indenture, if any, or of the bonds, shall be asserted nor shall any court in this state have authority to inquire into such matters.

AN ACT to authorize the state conservation commission to acquire land and undertake an improvement program at certain state parks; to provide for financing through the issuance of revenue bonds; to provide the terms, conditions and limitations on such bonds; to prescribe the powers and duties of certain state officers; to authorize the imposition of certain charges and fees for the payment and security of such bonds and for other purposes; to authorize the refunding of such bonds; and to prescribe penalties for violations of this act.

The People of the State of Michigan enact:

318.301 State park improvements; definitions.

Sec. 1. The state conservation commission, hereinafter called the commission, may acquire land and undertake an improvement program for state parks which are now or hereafter may be under its jurisdiction, pursuant to the powers, rights and privileges conferred by this act, but no land acquisition or improvement program shall be under-

taken until approved by the legislature in the annual capital outlay appropriation act. The term "improvement program" shall be limited to construction, reconstruction, development, improvement, bettering and extending the facilities in the Michigan state park system, such facilities to include site improvements, impoundments, roads and parking, toilet buildings, concession buildings, shelter buildings, bathhouses, utilities, outdoor centers, ski areas, ski tows, ski shelters and administration units. The term "state parks" as used in this act shall mean and include any state park or state recreation area so designated by the commission, but shall not include state forest campgrounds, state game areas or state public fishing access sites.

HISTORY: New 1960, p. 215, Act 149, Eff. Aug. 17.

318.302 State park improvements; revenue bonds, includable costs.

Sec. 2. For the purpose of financing the cost of land and the improvement program, the commission may issue revenue bonds as hereinafter provided. With the consent of the legislature, the commission may from time to time borrow money and issue revenue bonds payable solely and only from state park revenues as defined in this act. The aggregate principal amount of such revenue bonds which may be issued by the commission pursuant to this act shall not exceed \$20,000,000.00. Said bonds shall be serial bonds with annual maturities, the first of which shall fall due not more than 5 years from the date of issuance and no annual maturity after 5 years from the date of issuance shall be less than 1/4 of any subsequent maturity. Said bonds shall bear interest at a rate or rates not exceeding 6% per annum and shall not be issued for a period of time in excess of 30 years from the date of the bond. There may be included in the cost for which bonds are to be issued a reasonable allowance for legal, engineering, architectural and consultant services, traffic studies, cost of printing and issuing of the bonds, interest on the bonds becoming due before collection of the first revenues available therefor and for a period of 1 year thereafter, and other incidental expenses. There may be included also in the cost for which bonds are to be so issued a sum not to exceed \$50,000.00 for the construction of gate houses at the collection points, the preparation and erection of suitable signs and the printing of leaflets advising park visitors of the law. The term "state park revenues" as used in this act shall mean all park permit fees as provided in section 10 and shall in no event include other moneys appropriated by the legislature. Said bonds shall be authorized by a resolution adopted by a majority vote of the commission and may be issued in one or more series as shall be determined by the commission.

318.303 State park improvements; resolution authorizing issuance of bonds, contents.

Sec. 3. The resolution to be adopted by the commission authorizing the issuance of bonds shall contain the following:

(a) A description in reasonable detail of the land, if any, to be acquired and improvement program as approved by the legislature, for which the bonds are to be issued.

(b) The bond maturities, the maximum rate of interest, the form of the bonds which may be either coupon bond or bonds registered as to principal only or bonds registered as to both principal and interest, the terms of redemption prior to maturity, if any, with or without premium, the manner in which said bonds and the interest coupons shall be executed, and such other terms and conditions as shall be necessary in connection with said bonds and the security therefor. The premium on any redemption prior to maturity shall not exceed 3% of the par value.

(c) A provision that the state park revenues shall be pledged for the payment of the bonds, but the pledge of state park revenues shall be on a parity with pledges of said

revenues theretofore or thereafter made by the commission pursuant to any other resolution or resolutions authorizing the issuance of bonds under the provisions of this act and the resolution shall so recite.

(d) A listing by the commission of the state parks or portions thereof previously posted or to be posted within a time specified in said resolution and in accordance with the provisions of section 9 of this act.

(e) A covenant that the park permit fees provided in section 10 of this act shall be revised from time to time within the limits permitted by law whenever necessary to insure that the revenues to be derived therefrom shall be fully sufficient to pay the principal of and interest on any bonds issued pursuant to this act and other obligations of the commission in connection therewith.

(f) A provision requiring the fiscal agent to set aside moneys from the state park revenue bond receiving fund into a fund to be designated "state park revenue bond and interest redemption fund" in a sum proportionately sufficient to provide for the payment of the principal of and interest upon all bonds payable therefrom as and when the same become due and payable in such manner as shall be prescribed by the commission. In addition the resolution shall authorize the commission to provide that a reasonable excess amount may be set aside by the fiscal agent from time to time as directed by the commission in the state park revenue bond and interest redemption fund so as thereby to produce and provide a reserve to meet any possible future deficiencies therein. Said resolution shall further provide that out of the revenues remaining each quarter, after having first made provision for the requirements of the state park revenue bond and interest redemption fund, including the reserve therefor, the commission may by direction to the fiscal agent next set aside additional moneys in the state park revenue bond and interest redemption fund for the purpose of calling bonds for redemption, subject to approval by the state administrative board. Said resolution shall also contain a provision for the investment of funds held by the fiscal agent.

(g) A provision that any moneys on deposit in the state park revenue bond receiving fund after setting aside the amounts in the state park revenue bond and interest redemption fund shall be deemed to be surplus moneys and to the extent in excess of a constant balance of \$100,000.00 shall be deposited quarterly by the fiscal agent upon the order of the commission in the state treasury in a special fund to be designated "state park improvement fund", and be subject to appropriation by the legislature for the improvement of state parks and for no other purpose.

(h) The terms and conditions under which additional bonds payable from the state park revenues of equal standing with any prior issue of bonds may be issued.

(i) A provision for deposit and expenditure of the proceeds of sale of the bonds and for investment of the proceeds of sale of the bonds and of other funds of the commission relating to bonds authorized by the provisions of this act.

(j) A provision that in the event of a default in the payment of principal of or interest on the bonds, or in the performance of any agreement or covenant contained in the resolution, the holders of a specified percentage of the outstanding bonds may for the equal benefit of the holders of all of the bonds:

- (1) By mandamus or other suit, action or proceeding at law or in equity enforce all rights of the holders of such bonds;
- (2) Bring suit upon the defaulted bonds or coupons; and
- (3) Take such other actions as may be provided by law.

318.304 Revenue bonds; state debt; extent of liability.

Sec. 4. Each of said bonds shall state on its face that it is not a general obligation of the state of Michigan, but is a revenue bond payable solely and only from state park

revenues as defined in this act. The interest coupons to be attached to the bonds shall contain a statement that the interest coupons are not general obligations of the state of Michigan but are payable only from such state park revenues. Nothing in this act shall be construed or interpreted so as to authorize or permit the incurring of the indebtedness of the state contrary to the provisions of the constitution or laws of the state. In no event shall the holders of the bonds or interest coupons have the right to compel a sale of any real estate or personal property of the state parks, nor shall the holders of the bonds or interest coupons have any lien, mortgage or other encumbrances upon any property of the state of Michigan, real, personal or mixed. Said bonds shall be fully negotiable within the meaning of and for all purposes of the negotiable instruments law of this state.

318.305 Revenue bonds; refunding issue; additional bonds.

Sec. 5. The commission, with consent of the legislature, may issue bonds hereunder for the purpose of refunding any obligations theretofore issued under the provisions of this act, or may authorize and deliver a single issue of bonds hereunder in part for the purpose of refunding such obligations and in part for the purpose of financing any additional cost of land or improvement program, as authorized by the legislature in a capital outlay appropriation act. Bonds issued under this section shall be payable solely and only from state park revenues and may either be sold as in this act provided or delivered in exchange for outstanding bonds issued hereunder and to the extent not so exchanged, said bonds shall be sold in the manner provided for the sale of bonds hereunder. If sold, that portion of the proceeds representing the refunding portion may be either applied to the payment of the obligations refunded or deposited in escrow for the retirement thereof. No bonds may be refunded hereunder unless they either mature or are subject to redemption under their terms within 12 months from the date of sale of the refunding bonds, or unless the holders thereof voluntarily surrender them for exchange or payment.

318.306 Revenue bonds; public sale; approval.

Sec. 6. Any bonds issued under the provisions of this act, except bonds issued for delivery in exchange as permitted by section 5 of this act, shall be sold at public sale in accordance with the provisions of Act No. 202 of the Public Acts of 1943, as amended, and shall require as a condition precedent to their issuance the approval of the municipal finance commission under the provisions of Act No. 202 of the Public Acts of 1943, as amended, being sections 131.1 to 138.2 of the Compiled Laws of 1948.

HISTORY: New 1980, p. 218, Act 149, Eff. Aug. 17.

318.307 State park revenues; fiscal agent; receiving fund.

Sec. 7. All state park revenues as defined in this act shall be deposited, as collected by the commission, with the state treasurer who shall be fiscal agent for the commission. The state treasurer as such fiscal agent shall open a special depository account with a federal reserve system member bank or banks selected by the fiscal agent with the approval of the commission, said account to be designated "state park revenue bond receiving fund". The necessary expenses of the fiscal agent incurred by reason of said agent's duties under this act shall be paid from the state park revenue bond receiving fund. The fiscal agent, with the approval of the commission, shall designate banks or trust companies located in Detroit, Michigan, New York, New York or Chicago, Illinois, to act as paying agent or agents for the said revenue bonds and interest coupons. The fees and necessary expenses of such agent or agents shall be paid from the state park revenue bond and interest redemption fund.

318.308 Free entry of motor vehicles into posted park prohibited.

Sec. 8. Except as otherwise provided herein, no free entry of a motor vehicle shall be permitted into any state park or portion thereof posted in accordance with this act.

HISTORY: New 1980, p. 218, Act 149, Eff. Aug. 17.

318.309 Park permits; exempted vehicles.

Sec. 9. The commission by resolution shall designate from time to time the state parks in which a park permit shall be required for lawful entry by motor vehicle under the provisions of this act. In making such designation the commission shall consider only those parks in which state facilities and services are provided for the public. The commission may in its judgment limit the requirement for a park permit for lawful entry to a portion of a designated state park and in such event shall recite in the resolution a reasonable description of the area in which the park permit shall be required. The commission shall promptly cause signs to be posted and maintained at the entrances to all such designated parks or designated portions thereof, said signs to display a legend that entrance by motor vehicle into the park or designated portion is prohibited unless there is displayed on said motor vehicle a park permit of the type described in section 10 of this act. As used in this act the term "motor vehicle" means every vehicle which is self-propelled. It shall be unlawful for any person to enter any state park or portion thereof, posted in accordance with this act, in a motor vehicle unless a park permit valid under the provisions of section 10 hereof has been procured and affixed to the lower right-hand corner of the windshield of such motor vehicle, except that no park permit shall be required to be affixed to a motor vehicle while being driven or parked within an established federal, state or county highway within a state park. The provisions of this act shall not apply to motor vehicles used in the operation or maintenance of state parks, to emergency vehicles, nor to state-owned or law enforcement motor vehicles or private motor vehicles being operated on official state business.

HISTORY: New 1980, p. 218, Act 149, Eff. Aug. 17.

318.310 Park permits; annual permit, daily permit, sale.

Sec. 10. The commission may require park permits and impose and collect park permit fees for entry into any state park or portion thereof posted in the manner prescribed by this act. The commission shall cause to be prepared and distributed suitable park permits to carry out the provisions of this act.

An annual park permit shall be issued and shall authorize the entry of the motor vehicle to which it is originally attached within the confines of any state park during the calendar year in which issued. The fee for the annual park permit shall be \$3.00 for resident motor vehicles and \$5.00 for nonresident motor vehicles.

A daily park permit, valid for 1 day only, shall be issued for a fee to be fixed by the commission, but in an amount not to exceed \$1.00 for resident motor vehicles and \$2.00 for nonresident motor vehicles, and shall authorize the entry of the motor vehicle to which it is originally attached within the confines of any state park during the day in which issued.

A resident motor vehicle is one which is registered in this state.

The requirements of this act shall apply only to the entry of motor vehicles into the state parks and the park permits authorized herein and shall not obviate the necessity of obtaining additional permits for special services or park privileges as heretofore or hereafter may be required by law or by rules and regulations promulgated by the commission. The director of conservation shall designate persons, partnerships or corporations in the state authorized to sell the park permits and shall require as a condition of such designation that a surety bond be furnished in such amount and in such form and with such surety as shall be acceptable to the director. Any person, partnership or cor-

poration so designated by the director of conservation shall thereupon be authorized to issue park permits in accordance with the provisions of this act.

318.311 Park permits; monthly accounting; vendor's fee; report.

Sec. 11. On or before the tenth day of every month, all persons, partnerships or corporations authorized to sell park permits as provided in this act shall pay over to the department of conservation all moneys received from the sale of park permits for the preceding month. Any person, partnership or corporation which refuses or neglects to pay over the moneys as herein provided, in addition to other penalties provided by law, shall forfeit the right to sell park permits. All persons, partnerships or corporations authorized to sell park permits, except conservation employees who receive a regular salary from the state, may charge the purchaser as compensation therefor 15 cents additional for each annual park permit and 10 cents additional for each daily park permit issued. On or before February 15 of each year a complete report of all permits sold during the previous calendar year shall be filed with the commission by each person, partnership or corporation authorized to sell the same, and all unsold park permits for the previous year shall be returned to the department of conservation.

Act 108, 1969, p. 195; Eff. Sep. 1.

AN ACT to implement the public recreation bond act by providing for grants, loans and advances from a part of the bond proceeds to local units of government, and for direct use of a part of the bond proceeds by the department of natural resources, in both cases for public recreational purposes.

The People of the State of Michigan enact:

318.371 Public recreation bond proceeds; definitions.

Sec. 1. As used in this act:

(a) "Approved cost" means total project cost as determined and approved in the notice of approval given to a local unit by the department.

(b) "Department" means the department of natural resources.

(c) "Local unit" means a county, city, village, township or other governmental authority within or of the state having power to acquire, construct, improve or operate facilities for public recreational purposes.

(d) "Public recreation bond act" means Act No. 257 of the Public Acts of 1968, being sections 318.351 to 318.362 of the Compiled Laws of 1948.

(e) "Public recreational purpose" means a project for the acquisition of land or an interest therein, together with costs directly incidental thereto incurred by the department but not by a local unit; the preparation of site, architectural and engineering plans; and the acquisition, construction, expansion, equipment and development of facilities for parks, recreational centers, forest and wildlife areas, waterways, fisheries and other facilities used or useful for public recreation. It does not include operation,

maintenance or administration of such facilities, nor any local unit expense incurred in establishing cost or fair market value, or administration of projects nor purchase of facilities already dedicated to public recreational purposes.

(f) "Project" means an undertaking to accomplish a public recreational purpose.

(g) "Facility" means lands or installations resulting from a project.

HISTORY: New 1969, p. 195, Act 108, Eff. Sep. 1.

318.372 Public recreation fund; creation, source of funds.

Sec. 2. The public recreation fund is created in the state treasury. The proceeds of sale of the \$100,000,000.00 bond issue, or any series thereof, authorized by the public recreation bond act and subsequent referendum and any premium and accrued interest received on the delivery thereof, shall be deposited in the public recreation fund.

HISTORY: New 1969, p. 195, Act 108, Eff. Sep. 1.

318.373 Bond revenues; allocation to local units and department of natural resources, uses.

Sec. 3. (1) Thirty million dollars of the bond revenues shall be allocated to the local units to be used to initiate local community recreational projects to satisfy deficiencies in community recreational facilities and to provide facilities for future recreational needs as provided in this act.

(2) Seventy million dollars of the bond revenues shall be allocated to the department of natural resources to fund the state's recreation program.

HISTORY: New 1969, p. 195, Act 108, Eff. Sep. 1.

318.374 Allocation for local units; division.

Sec. 4. (1) The allocation for local units shall be divided as follows:

(a) Thirty million dollars is allocated to the regions of the state on a per capita basis, determined by the most recent decennial census. The regions are:

(i) Region 1—all of the counties of the Upper Peninsula.

(ii) Region 2—Emmet, Charlevoix, Antrim, Leelanau, Benzie, Grand Traverse, Kalkaska, Manistee, Wexford, Missaukee, Osceola, Lake, Mason, Newaygo, Mecosta and Oceana counties.

(iii) Region 3—Cheboygan, Presque Isle, Otsego, Montmorency, Alpena, Crawford, Oscoda, Alcona, Roscommon, Clare, Ogemaw, Iosco, Arenac and Gladwin counties.

(iv) Region 4—Muskegon, Ottawa, Kent, Montcalm, Ionia, Eaton, Clinton, Ingham, Barry, Allegan, Van Buren, Kalamazoo, Calhoun, Jackson, Lenawee, Hillsdale, Branch, St. Joseph, Cass and Berrien counties.

(v) Region 5—Bay, Midland, Isabella, Gratiot, Saginaw, Tuscola, Huron, Sanilac, Lapeer, Genesee and Shiawassee counties.

(vi) Region 6—Livingston, Oakland, Macomb, St. Clair, Monroe and Washtenaw counties.

(vii) Region 7—Wayne county.

HISTORY: New 1969, p. 196, Act 108, Eff. Sep. 1.

318.375 Grants to local units; limitations; grant money not allocated, disposition.

Sec. 5. (1) During the fiscal years ending June 30, 1970, and June 30, 1971, grants to local units shall not exceed the per capita allocation defined above.

(2) After June 30, 1971, the grant money not allocated to approved projects shall be put into a regional fund from which grants may be made for any project within the region.

(3) After June 30, 1972, the grant moneys allocated to a region which have not been

allocated to approved projects shall be put into a state fund from which grants may be made for any local unit project within the state.

HISTORY: New 1969, p. 196, Act 108, Eff. Sep. 1.

318.376 Applications for disbursement to local units; terms, conditions, procedure.

Sec. 6. The department shall prescribe, publish and make available to all local units no later than November 1, 1969, the terms, conditions and procedures for the processing and approval of applications for disbursement to local units.

HISTORY: New 1969, p. 196, Act 108, Eff. Sep. 1.

318.377 Grant to local unit; application, approval, representative for unit; recreation plan; priorities.

Sec. 7. (1) A local unit, to obtain a grant, shall make a separate application to the department for each project. Before or concurrent with making the application, and for the purpose of doing so, the legislative body of the local unit shall designate to the department its official representative and shall submit a recreation plan meeting the approval of the department. The plan shall include a survey of existing facilities of the applicant local unit, including therein any facilities of school districts within the local unit and any pertinent facilities of the state or other local units, proposals for future expansion and the basis therefor. The plan shall take cognizance of guidelines promulgated by the department and shall define local objectives and shall determine deficiencies in facilities and assign priorities to projects required to overcome the deficiencies. Priority consideration should be given to providing facilities in areas of low income and high population density.

Approval of applications; priority factors.

(2) Approval of an application shall not be made before the expiration of 60 days after the publication and availability of the terms, conditions and procedures referred to in section 6. Approval of applications shall be made by the department on a priority of need basis, with due regard to all purposes of this act and the public recreation bond act and with particular regard to: (a) the number, geographical location and income level of the people to be served by the facility, (b) the deficiency in recreational facilities for the people to be served by the facility, (c) the probable multiple use of the facility, (d) the demonstrated ability of the local unit to maintain, operate and administer the facility on its completion, (e) such factors as accessibility to all users including the handicapped, the elderly, the young, deprived and low income families, and (f) interagency cooperation. The method of assigning priorities shall be approved by a majority of those elected and serving in each house by concurrent resolution.

Consultation on priorities; county applicant.

(3) The department shall consult as to the general application of priorities to project approval with the recreation advisory committee created by section 5 of Act No. 326 of the Public Acts of 1965, being section 299.125 of the Compiled Laws of 1948. In any county where the board of supervisors has established a parks and recreation department it may by resolution and concurrence of each of the incorporated municipalities within that county designate that department as the sole applicant for funds for that county.

List of eligible local projects, approval.

(4) The department shall report to the legislature during the months of January and May of each year a list of local projects eligible for grants compiled in order of their assigned priority. The list shall be accompanied by estimate of total costs for the land acquisition projects and for construction projects, summarized by regions, as defined in section 4. The legislature may, by concurrent resolution of a majority of those elected and serving in each house, approve or reject the list of projects, but shall not add to

nor delete from or change the order of priority of the projects listed. If legislative action on the list of eligible projects is not taken within 45 days after receipt of the department's list of eligible projects, the department's list will be considered approved.

Initial list of local projects; approval.

(5) The department shall report to the legislature by September 10, 1969, an initial list of local projects eligible for grants compiled in order of their assigned priority. The list shall be accompanied by estimate of total costs for land acquisition projects and for the construction projects, summarized by regions, as defined in section 4. The legislature may, by concurrent resolution of a majority of those elected and serving in each house, approve or reject the list of projects, but shall not add to nor delete from or change the order of priority of the projects listed. If legislative action on the list of eligible projects is not taken within 30 days after receipt of the department's list, the department's list will be considered approved. The department shall accompany this initial list with a statement of preliminary guidelines utilized in determining eligibility and priority of these local projects. These guidelines shall be consistent with the objectives of the criteria as established in sub-divisions (a) to (f) of subsection (2) of section 7.

HISTORY: New 1969, p. 196, Act 108, Eff. Sep. 1.

318.378 Disbursements; form.

Sec. 8. (1) Disbursement shall be made in accordance with the accounting laws of this state on certification by the department to the director of the department of administration and to the state treasurer.

(2) Disbursement shall be made in the form of a grant, loan or advance, or any combination.

HISTORY: New 1969, p. 187, Act 108, Eff. Sep. 1.

318.379 Costs; local, state, and federal portions; payment.

Sec. 9. The part of the approved cost borne by a local unit shall be known as the "local unit portion" and shall be at least 20% of the approved cost. The part of the approved cost borne by the state from the public recreation fund shall be known as the "state portion", and in no case shall exceed 80% of the total project cost. If any part of the project cost is jointly borne by federal grant, such part shall be known as the "federal portion", but in no such jointly funded project shall the amount of the state portion be such as to reduce the local portion to less than 20% of total project cost. A local unit may meet its local unit portion from public sources or private contributions and may include cash or any of the following which may be shown to be directly related to the project: (a) land or an interest therein not publicly owned, or publicly owned but not dedicated to recreation use, immediately prior to its use in meeting the local unit portion, (b) equipment made a permanent part of the facility, and (c) goods and services directly rendered to the construction of the project. A local unit shall establish to the satisfaction of the department the cost or fair market value, whichever is less as of the date of the notice of approval by the department, of any of the above items with which it seeks to meet its local unit portion. Not more than 60% of the local unit portion shall be met in goods and services.

HISTORY: New 1969, p. 197, Act 108, Eff. Sep. 1.

318.380 Local unit portion; financing; advances, interest, payment, security.

Sec. 10. The entire local unit portion, or any part, may be financed through a loan or advance determined in accordance with the department's published terms, conditions and procedures. An advance may be made to a local unit without interest for a period of 1 year at which time the advance shall become a loan in an amount equal to the outstanding balance of advance. Commencing 1 year thereafter, payments of prin-

cipal on the outstanding balance shall be made to the public recreation fund in 4 equal annual installments, together with interest at a rate equal to that borne on the series of the bonds from the proceeds of which the loan was made. The outstanding balance of an advance or loan and the accrued interest shall be secured by that part of the local unit's share of the income tax rebate provided by section 481 of Act No. 281 of the Public Acts of 1967, as amended, being section 206.481 of the Compiled Laws of 1948, equal to the outstanding balance and accrued interest on the advance or loan. The entire balance of the loan shall be due and payable 5 years after the making of the advance, but the right of prepayment exists and may be exercised at any time. Repayments of principal and interest shall be immediately available for applications for local unit projects in accordance with all other provisions of this act.

HISTORY: New 1969, p. 198, Act 108, Eff. Sep. 1.

318.381 Failure to reasonably progress with approved project; revocation of approval.

Sec. 11. When the department determines, but not before 1 year after the notice of approval, that reasonable progress toward the commencement and execution of an approved project has not been made, it may revoke its approval and the money approved for the project shall be immediately available for applications for local unit projects in accordance with all other provisions of this act.

HISTORY: New 1969, p. 198, Act 108, Eff. Sep. 1.

318.382 Pre-requisites for disbursement; use not specified in application; availability to general public.

Sec. 12. No disbursement shall be made to a local unit other than for an approved project dedicated in perpetuity to public recreation. A facility shall not be sold, disposed of or converted to a use not specified in the application without express approval of the department. All projects shall be open to the general public of the state.

HISTORY: New 1969, p. 198, Act 108, Eff. Sep. 1.

318.383 Records; requirement, access.

Sec. 13. The department may prescribe and require the keeping of books and records for the effective administration of this act. The department, auditor general and state treasurer, and their authorized representatives, shall have access to the books and records relevant to the receipt and use of disbursements made under this act.

HISTORY: New 1969, p. 198, Act 108, Eff. Sep. 1.

318.384 Allocation of funds; reports to legislature.

Sec. 14. (1) The \$70,000,000.00 to be allocated to the department for the state recreation programs is to be expended as follows:

(a) Twenty-five million dollars shall be reserved for state recreation projects in or near urban areas for multiple use recreational centers and outdoor recreational activities and shall be allocated to the regions of the state, as defined in section 4 on a per capita basis determined by the most recent decennial census. The department may enter into a contract with a local unit regarding the operation and maintenance of a facility established under the provisions of this subdivision. Under the contract, provision shall be made that the costs of the operation and maintenance of a facility shall be borne in whole or in part by the state.

Projects shall be initiated on a priority of need basis, with due regard to all purposes of this act and the public recreation bond act and with particular regard to: (i) the number, geographical location and income level of the people to be served by the project, (ii) the deficiency in recreational facilities for the people to be served by the project, (iii) the probable multiple use of the facility, (iv) such factors as accessibility to all

users including the handicapped, the elderly, the young, deprived and low income families, and (v) interagency cooperation.

(b) Twenty-four million, three hundred thousand dollars shall be reserved for state park projects of the department.

(c) Eleven million, seven hundred thousand dollars shall be reserved for fisheries projects of the department.

(d) Six million, three hundred thousand dollars shall be reserved for wildlife projects of the department.

(e) Two million, seven hundred thousand dollars shall be reserved for forest recreation projects of the department.

(2) Projects shall be initiated under subdivisions (b), (c), (d) and (e) of this section on a priority of need basis with due regard to all purposes of this act and the public recreation bond act.

(3) The department shall report to the legislature in July, 1969 and January of each year thereafter a list of state projects to be funded under the provisions of this section, compiled in order of their assigned priority. The list shall be accompanied by estimate of total costs for land acquisition projects and for construction projects, summarized by region, as defined in section 4. The department shall accompany each list with a statement of guidelines utilized in listing and assigning the priority of these state projects. The legislature shall approve by law those projects that are to be constructed in each year.

HISTORY: New 1969, p. 196, Act 106, Eff. Sep. 1.

318.385 Annual status report to legislature and governor.

Sec. 15. The department shall annually transmit to the legislature and to the governor on the status of all matters relevant to this act.

HISTORY: New 1969, p. 199, Act 106, Eff. Sep. 1.

318.386 Rules.

Sec. 16. In addition to the terms, conditions and procedures referred to above, the department may promulgate rules for the implementation of this act in accordance with Act No. 88 of the Public Acts of 1943, as amended, being sections 24.71 to 24.80 of the Compiled Laws of 1948, and subject to Act No. 197 of the Public Acts of 1952, as amended, being sections 24.101 to 24.110 of the Compiled Laws of 1948.

HISTORY: New 1969, p. 199, Act 106, Eff. Sep. 1.

318.387 Effective date; full implementation date, uncommitted funds, funds subsequently received.

Sec. 17. This act shall become effective September 1, 1969, and the department shall exert all reasonable efforts to fully implement it within 5 years thereafter. If funds allocated to either the state recreation program or the local community projects are not committed within 5 years, such uncommitted funds shall then be committed to such projects as may be placed under construction or acquisition within 1 year without regard to whether they are state or local. Any funds received after September 1, 1974, in repayment of loans and advances shall be allocated only for grants to local units.

Act 61, 1939, p. 104; Imd. Eff. May 3.

AN ACT to provide for a supervisor of wells; to prescribe his powers and duties; to provide for an advisory board and an appeal board; to prescribe their powers and duties; to provide for the prevention of waste and for the control over certain matters, persons and things relating to the conservation of oil and gas, and for the making and promulgation of rules, regulations and orders relative thereto; to provide for the plugging of wells and for the entry on private property for that purpose; to provide for the enforcement of such rules, regulations and orders and of the provisions of this act, and to provide penalties for the violations thereof; and to provide for the assessment and collection of certain fees. Am. 1951, p. 240, Act 190, Eff. Sep. 28.

The People of the State of Michigan enact:

319.1 Declaration of state policy as to conservation of oil and gas.

Sec. 1. It has long been the declared policy of this state to foster conservation of natural resources to the end that our citizens may continue to enjoy the fruits and profits thereof. Failure to adopt such a policy in the pioneer days of the state permitted the unwarranted slaughter and removal of magnificent timber abounding in the state, which resulted in an immeasurable loss and waste. In an effort to replace some of this

loss, millions of dollars have been spent in reforestation, which could have been saved had the original timber been removed under proper conditions.

Within the past few years extensive deposits of oil and gas have been discovered which have added greatly to the natural wealth of the state, and if properly conserved can bring added prosperity for many years in the future to our farmers and land owners, as well as to those engaged in the exploration and development of this great natural resource. The interests of the people demand that exploitation and waste of oil and gas be prevented so that the history of the loss of timber may not be repeated.

It is accordingly the declared policy of the state to protect the interests of its citizens and land owners from unwarranted waste of gas and oil and foster the development of the industry along the most favorable conditions and with a view to the ultimate recovery of the maximum production of these natural products. To that end this act is to be construed liberally in order that effect may be given to sound policies of conservation and the prevention of waste and exploitation.

HISTORY: CL 1948, 319.1.

FORMER ACTS: Act 65, 1927; Act 15, 1929, as amended by Act 185, 1931, being CL 1929, 5696-5712.

CITED IN OTHER SECTIONS: Sections 319.1 to 319.27 are cited in §§ 125.201, 319.236, and 319.352.

319.2 Conservation of oil and gas; definitions.

Sec. 2. Unless the context requires a different meaning, the words defined in this section shall have the following meaning when found in this act, to-wit:

(a) "Person" means any natural person, corporation, association, partnership, receiver, trustee, so-called common law or statutory trust, guardian, executor, administrator and a fiduciary of any kind.

(b) "Oil" means natural crude oil or petroleum and other hydro carbons, regardless of gravity, which are produced at the well in liquid form by ordinary production methods and which are not the result of condensation of gas after it leaves the underground reservoir.

(c) "Gas" means casing-head gas, or gas produced incidental to the production of oil.

(d) "Pool" means an underground reservoir containing a common accumulation of oil or gas or both. Each productive zone of a general structure which is completely separated from any other zone in the structure, or for the purposes of this act may be so declared by the supervisor of wells, is covered by the word "pool" as used herein.

(e) "Field" means the general area which is underlain or appears to be underlain by at least 1 pool; and "field" also includes the underground reservoir or reservoirs containing such oil or gas, or both. The words "field" and "pool" mean the same thing when only one underground reservoir is involved; however, "field," unlike "pool," may relate to 2 or more pools.

(f) "Product" means any commodity or thing made or manufactured from oil or gas, and all derivatives of oil or gas, including refined crude oil, crude tops, topped crude, processed crude petroleum, residue from crude petroleum, cracking stock, uncracked fuel oil, fuel oil, treated crude oil, residuum, gas oil, naphtha, distillate, gasoline, casing-head gasoline, natural gas gasoline, kerosene, benzene, wash oil, waste oil, lubricating oil, and blends or mixtures of oil or gas or any derivatives thereof whether enumerated or not.

(g) "Owner" means the person who has the right to drill into and produce from any pool, and to appropriate the production either for himself or for himself and another or others.

(h) "Producer" means the operator, whether owner or not, of a well or wells capable of producing oil or gas or both in paying quantities.

(i) "Commission" means the commission of conservation for the state of Michigan.

(j) "Supervisor" means the supervisor of wells as provided by this act.

(k) "Board" means the advisory board appointed, as provided in this act, by the state geologist.

(l) As used in this act, the term "waste" in addition to its ordinary meaning shall include:

(1) "Underground waste" as those words are generally understood in the oil business, and in any event to embrace (1) the inefficient, excessive, or improper use or dissipation of the reservoir energy, including gas energy and water drive, of any pool, and the locating, spacing, drilling, equipping, operating, or producing of any well or wells in a manner to reduce or tend to reduce the total quantity of oil or casing-head gas ultimately recoverable from any pool, and (2) unreasonable damage to underground fresh or mineral waters, natural brines, or other mineral deposits from operations for the discovery, development, and production and handling of oil or casing-head gas.

(2) "Surface waste," as those words are generally understood in the oil business, and in any event to embrace (1) the unnecessary or excessive surface loss or destruction without beneficial use, however caused, of casing-head gas, oil, or other product thereof, but including the loss or destruction, without beneficial use, resulting from evaporation, seepage, leakage or fire, especially such loss or destruction incident to or resulting from the manner of spacing, equipping, operating, or producing well or wells, or incident to or resulting from inefficient storage or handling of oil, (2) the unnecessary damage to or destruction of the surface, soils, animal, fish or aquatic life or property from or by oil and gas operations; and (3) the drilling of unnecessary wells.

(3) "Market waste," which shall embrace the production of oil in any field or pool in excess of the market demand as defined herein.

(m) The words "market demand" as used herein shall be construed to mean the actual demand for oil from any particular pool or field for current requirements for current consumption and use within or outside the state, together with the demand for such amounts as are necessary for building up or maintaining reasonable storage reserves of oil or the products thereof, or both such oil and products and shall not be less than the actual purchasing commitments for oil from such pool or field.

(n) "Illegal oil" shall mean oil which has been produced within the state from any well or wells in excess of the amount allowed by any valid rule, regulation or order of the supervisor as distinguished from oil produced in the state not in excess of the amount so allowed, which is "legal oil."

(o) "Illegal product" shall mean any product of oil or gas or any part of which was processed or derived in whole or part knowingly from illegal oil as distinguished from "legal product" which is a product processed or derived to no extent from illegal oil.

(p) "Illegal conveyance" shall mean any conveyance by or through which illegal oil or illegal oil products are being transported.

(q) "Illegal container" shall mean any receptacle which contains illegal oil or illegal oil products.

(r) "Tender" shall mean a permit or certificate of clearance for the transportation of oil or products, approved and issued or registered under the authority of the supervisor.

HISTORY: CL 1948, 319.2;—Am. 1966, p. 361, Act 262, Imd. Eff. Jul. 12.

319.3 Supervisor of wells; assistants; advisory board, selection, access to records; appeal board; compensation and expenses; offices.

Sec. 3. The state geologist shall act as the supervisor of wells. He shall designate with the approval of the commission such suitable assistants as may be required to

carry out the provisions of this act, and after conference with and recommendations by oil or gas producers or operators or their representatives, shall, subject to approval by the director of the department and by the commission, appoint 6 persons who shall constitute a board to be known as the advisory board. The members of the board shall be chosen from oil or gas producers or operators, or their managing agents or representatives, having ownership, production, or operations within the state of Michigan: Provided, however, That not less than 3 members of the board shall be independent oil or gas producers or operators whose ownership, production or operations are chiefly within the state of Michigan. There will be not more than 1 representative from 1 company or any of its subsidiaries or affiliates.

The members of the advisory board shall be selected with special reference to their training, experience and standing as oil or gas producers or operators, or as managing agents or representatives of such, and each member of said board shall have at least 5 years of practical or technical experience as a producer or operator himself or as managing agent or representative of oil producers or operators and they shall be residents of the state at the time of their appointment and throughout the period of their membership on the board.

The term of each member of the advisory board shall be for 3 years. Of the first 6 members selected, 2 shall serve for 1 year, 2 for 2 years, and 2 for 3 years. The supervisor, after conference with and recommendations by oil and gas producers, and operators or their managing agents or representatives, shall fill any vacancy occurring in the membership of the advisory board subject to the approval of the director and the commission, and may remove any member thereof for good cause, except for political reasons or causes, after a full public hearing and approval by the commission. Each member of the board, unless removed in the manner herein provided, shall serve until the appointment and qualification of his successor.

Each member of the board shall qualify by taking and subscribing to the constitutional oath of office and by filing same in the office of the secretary of state. The board, after having qualified, shall immediately, and annually thereafter, meet at the office of the supervisor of wells in Lansing and organize by electing a chairman and a vice-chairman. Four members of the board shall constitute a quorum for the transaction of business. The board shall hold at least 1 meeting each month, and such other meetings as it may deem necessary upon such notice as the board shall provide unless such notice is waived by each member. Meetings shall be held at the office of the supervisor of wells at Lansing, or at such other place in the state of Michigan as may be fixed by the board or the supervisor. Meetings shall be called by the chairman or in his absence by the vice-chairman, or by a majority of the members of the board or by the supervisor.

In addition to the powers and duties of the board which are herein specifically stated, it shall, when requested by the commission or the supervisor, consult and advise with the commission or the supervisor, and shall perform such other duties as may be lawfully delegated to it by the supervisor in the administration of this act. The board shall have the right to participate officially in all public hearings provided for in this act, and also the right upon request being made by the board to consult promptly with the supervisor with respect to the rule, regulation or order, which should be made in view of such hearing.

The board shall, at all reasonable times, have access to all office records, documents, orders, etc., of the supervisor excepting such records as are hereinafter provided in sections 6(d) and 23(a) and shall be kept informed by bulletins or otherwise agreed plan as to the conduct of the supervisor relative to the enforcement of this act.

The commission of conservation shall act as an appeal board. Whenever the advisory board or any producer or owner deems any rule, regulation, order, action, inaction, or procedure as proposed, initiated or made by the supervisor to be unduly burdensome, inequitable, unreasonable, or unwarranted, said board, producer, or owner may appeal to the appeal board for relief from such rule, regulation, order, action, inaction, or procedure, giving due notice to the supervisor. The chairman of the commission shall set a date and place to hear such appeal, which may be at any regular meeting or at any special meeting of the commission duly called for such purpose. The supervisor, members of the board, or any person interested in the matter shall have the right to be heard at such hearing.

The action of the appeal board shall be final with respect to an appeal by the advisory board, but any person may seek relief in the courts as provided elsewhere in this act, and the taking of an appeal as herein provided shall not be a prerequisite to seeking relief in the courts, anything herein to the contrary notwithstanding.

The supervisor and employees shall, in addition to their salaries, receive their reasonable expenses while away from their respective homes traveling upon business connected with their duties. The members of the board and of the appeal board shall receive no compensation, but each member shall be entitled to reasonable expenses while traveling in the performance of any of the duties hereby imposed. All salaries and expenses authorized hereunder shall be paid out of the state treasury in the same manner as the salaries and expenses of other officers and employees of the conservation department are paid.

It shall be the duty of the board of state auditors to furnish suitable offices for the use of the supervisor, the board, and the employees.

HISTORY: CL 1948, 319.3;—Am. 1966, p. 362, Act 202, Imd. Eff. Jul. 12.

319.4 Waste prohibited.

Sec. 4. It shall be unlawful for any person to commit waste in the exploration for or in the development, production, or handling or use of oil or gas; or in the handling of any product thereof.

HISTORY: CL 1948, 319.4.

319.5 Supervisor of wells; jurisdiction, authority; enforcement of act.

Sec. 5. The supervisor shall have, and he is hereby given (a) jurisdiction and authority over the administration and enforcement of the provisions of this act and all matters relating to the prevention of waste as defined herein, and to the conservation of oil and gas in this state; and (b) jurisdiction and control of and over all persons and things necessary or proper to enforce effectively the provisions of this act and all matters relating to the prevention of waste and the conservation of oil and gas.

HISTORY: CL 1948, 319.5.

319.6 Supervisor of wells; rules and regulations; prevention of waste; regulation of drilling; bonds.

Sec. 6. The supervisor shall prevent the waste prohibited by this act. To that end, acting directly or through his authorized representatives, the supervisor, after consulting with the board, is specifically empowered:

(a) To make and enforce rules and regulations subject to the approval of the commission, issue orders and instructions necessary to enforce such rules and regulations, and to do whatever may be necessary with respect to the subject matter stated herein to carry out the purposes of this act, whether or not indicated, specified, or enumerated in this or any other section hereof.

(b) To collect data to make inspections, studies, and investigations, to examine such properties, leases, papers, books and records as are necessary to the purposes of this

act; to examine, check, and test and gauge oil and gas wells and tanks, plants, refineries, and all means and modes of transportation and equipment, to hold hearings, to provide for the keeping of records and making of reports, and for the checking of the accuracy thereof.

(c) To require the locating, drilling, deepening, redrilling or reopening, casing, sealing, operating and plugging of wells drilled for oil and gas or for geological information or as key wells in secondary recovery projects, or wells for the disposal of salt water, brine or other oil field wastes, to be done in such manner and by such means as to prevent the escape of oil or gas out of 1 stratum into another, or of water or brines into oil or gas strata; to prevent pollution, damage to or destruction of fresh water supplies including inland lakes and streams and the Great Lakes and connecting waters, and valuable brines by oil, gas or other waters, to prevent the escape of oil, gas or water into workable coal or other mineral deposits; to require the disposal of salt water and brines and oily wastes produced incidental to oil and gas operations, in such manner and by such methods and means that no unnecessary damage or danger to or destruction of surface or underground resources, to neighboring properties or rights, or to life, shall result. Any such well may be plugged to a fresh water level and not to the surface in case such well is desired to be used as a water well.

(d) To require reports and maps showing locations of all oil and gas wells, the keeping and filing of logs, well samples, and drilling and operating records or reports. All well data and samples furnished the supervisor shall, upon request of owner of well, be held confidential for 90 days after the completion of a well and not open to public inspection except by written consent of the owner. No producer shall be required to submit or file logs or reports of core or test wells drilled for geological purposes only, nor required to furnish well samples of such core or test wells.

(e) To prevent the drowning by water of any stratum or part thereof capable of producing oil or gas, or both oil and gas, in paying quantities, and to prevent the premature and irregular encroachment of water, or any other kind of water encroachment, which reduces or tends to reduce the total ultimate recovery of oil or gas, or both such oil or gas, from any pool.

(f) To prevent fires or explosions.

(g) To prevent "blow-outs", "seepage", and "caving" in the sense that the conditions indicated by such terms are generally understood in the oil business.

(h) To regulate the "shooting" and chemical treatment of wells.

(i) To regulate the secondary recovery methods of oil and gas, including the pulling or creating a vacuum, the introduction of gas, air, water and other substances into the producing formations.

(j) To fix the spacing of wells.

(k) To require the operation of wells with efficient gas-oil ratios and to fix such ratios.

(l) To require by written notice immediate suspension of any operation or practice and the prompt correction of any condition found to exist which is causing or resulting or threatening to cause or result in waste.

(m) To require either generally, or in, or from, particular areas, certificates of clearance or tenders in connection with the transportation of oil, gas or any product thereof.

(n) To identify the ownership of oil and gas producing leases, properties, and wells.

(o) To make rules, regulations or orders for the classifications of wells as oil wells or dry natural gas wells; or wells drilled, or to be drilled, for geological information, or as key wells for secondary recovery projects, or wells for the disposal of salt water, brine

or other oil field wastes, or wells for the storage of dry natural gas or casinghead gas, or wells for the development of reservoirs for the storage of liquid petroleum gas.

(p) To require surety bonds of owners, producers, operators, or their authorized representatives in such reasonable form, condition, term and amount as will insure compliance with this act and with the rules, regulations or orders issued thereunder.

HISTORY: CL 1948, 319.6;—Am. 1961, p. 165, Act 131, Eff. Sep. 8;—Am. 1967, p. 123, Act 98, Eff. Nov. 2.

319.7 Prevention of waste; procedure; hearing by board; supervisor to promulgate rules and regulations.

Sec. 7. Upon the initiative of the supervisor or the board, or upon verified complaint of any person interested in the subject matter alleging that waste is taking place or is reasonably imminent, the supervisor shall call a hearing, or direct the board to call a hearing, to determine whether or not waste is taking place or is reasonably imminent, and what action should be taken to prevent such waste. Whenever the supervisor so directs, the board shall hold a hearing and shall promptly make its findings and recommendations, and the supervisor shall promptly consider the same, promulgating such rules, regulations, or orders as he may deem necessary to prevent waste as defined herein, which he finds to exist or to be reasonably imminent.

HISTORY: CL 1948, 319.7.

319.8 Rules of order or procedure in hearings; supervisor to prescribe; filing, certified copy as evidence.

Sec. 8. The supervisor, after consulting with the board and considering its recommendations, shall prescribe rules of order or procedure in hearings or other proceedings before him or the board under this act. Any notice required to be given under this act or under any rule, regulation or order issued by the supervisor, shall be by personal service on the person affected, or by such general notice as the supervisor may fix. All rules, regulations and orders made by the supervisor shall be entered in full in a book to be kept for such purpose by the supervisor. A copy of any such rule, regulation or order, certified by the supervisor, shall be received in evidence in all courts of the state with the same effect as the original.

HISTORY: CL 1948, 319.8.

319.9 Procedure upon hearings; witnesses and production of books; incriminating testimony.

Sec. 9. The supervisor may, and is hereby authorized, to compel by subpoena, the attendance of witnesses, the production of books, papers, records, or articles necessary in any proceeding before him, the board, or the commission. No person shall be excused from obeying the command of any subpoena issued in any hearing or proceeding brought under the authority of this act on the ground or for the reason that the testimony or evidence, documentary or otherwise, may tend to incriminate him or subject him to a penalty or forfeiture: Provided, That nothing herein contained shall be construed as requiring any person to produce books, papers or records or to testify in response to any inquiry not pertinent to some question lawfully before such board or supervisor or commission or court for determination within the purposes of this act: Provided further, That any incriminating evidence, documentary or otherwise, shall not thereafter be used against such witness in a prosecution or action for forfeiture: Provided further, That no person testifying shall be exempted from prosecution and punishment for perjury in so testifying.

HISTORY: CL 1948, 319.9.

319.10 Witnesses; refusal to appear or testify; attachment, punishment for contempt, procedure; witnesses fees, payment.

Sec. 10. In case of failure or refusal on the part of any person to comply with any subpoena issued by the supervisor, or on the refusal of any witness to testify or answer

as to any matters regarding which he may be lawfully interrogated, any circuit court in this state, or any judge thereof, on application of said supervisor, may issue an attachment for such person and compel him to comply with such subpoena and to attend before the board or supervisor and produce such documents, and give his testimony upon such matters, as may be lawfully required and such court or judge shall have the power to punish for contempt as in case of disobedience of a like subpoena issued by or from such court, or a refusal to testify therein.

Any witness summoned by subpoena or by written request of the supervisor and attending any hearing called by the supervisor shall be entitled to the same fees and mileage as are or may be provided by law for attending the circuit court in any civil matter or proceeding. The fees and mileage of witnesses subpoenaed at the instance of the supervisor or the board shall be paid out of the general funds of the state treasury upon proper voucher approved by the supervisor. The fees and mileage of witnesses subpoenaed at the instance of any other interested parties shall be paid by such other parties.

HISTORY: CL 1948, 319.10.

319.11 False swearing deemed perjury; penalty.

Sec. 11. If any person of whom an oath shall be required under the provisions of this act, or by any rule, regulation or order of the supervisor, shall wilfully swear falsely in regard to any matter or thing respecting which such oath is required, or shall wilfully make any false affidavit required or authorized by the provisions of this act, or by any rule, regulation or order of the supervisors, such person shall be deemed guilty of perjury and shall be punished by imprisonment in the state penitentiary for not more than 5 years nor less than 6 months.

HISTORY: CL 1948, 319.11.

319.12 Apportionment of allowable production between wells; basis.

Sec. 12. Whenever to prevent waste, as defined herein, the supervisor limits the amount of oil to be produced from any pool or field in this state, he shall, after consulting with the board and considering its recommendations, allocate or distribute the allowable production in any such field or pool. Such determination or distribution in such field or pool shall be made on a reasonable basis, giving, if reasonable, under all circumstances, to each small well of settled production in such pool or field, an allowable production which will prevent a general or premature abandonment of the wells in such pool or field.

HISTORY: CL 1948, 319.12.

319.13 Apportionment of total allowable production; basis.

Sec. 13. Whenever, to prevent waste, the total allowable production for any field or pool in the state is fixed in an amount less than that which the field or pool could produce if no restriction were imposed, the supervisor, after consulting with the board and considering its recommendations, shall prorate or distribute on a reasonable basis the allowable production among the producing wells in the field or pool, so as to prevent or minimize reasonably avoidable drainage from each developed area which is not equalized by counter drainage. The rules, regulations, or orders of the supervisor shall, so far as it is practicable to do so, afford the owner of each property in a pool the opportunity to produce his just and equitable share of the oil and gas in the pool, being an amount, so far as can be practicably determined and obtained without waste, and without reducing the bottom hole pressure materially below the average for the pool, substantially in the proportion that the quantity of the recoverable oil and gas under such property bears to the total recoverable oil and gas in the pool, and for this purpose to use his just and equitable share of the reservoir energy: Provided, That a well in a pool producing from an average depth of 1,000 feet or less, shall, on the basis of a

full drilling unit as may be established under this section, be given a base allowable production of at least 100 barrels of oil per well per week; for a well in a pool producing from an average depth greater than 1,000 feet, the base allowable production shall be increased 10 barrels per well per week for each addition 100 feet of depth greater than 1,000 feet: Provided further, That such allowable production is or can be made without surface or underground waste, as defined herein.

Drilling unit.

To prevent the drilling of unnecessary wells the supervisor, after conference with and recommendation by the board, may fix a drilling unit for each pool. A drilling unit, as contemplated herein, means the maximum area which may be efficiently and economically drained by 1 well and such unit shall constitute a developed area as long as a well is located thereon which is capable of producing the economically recoverable oil thereunder. Each well permitted to be drilled upon any drilling unit shall be located in the approximate center thereof, or at such other location thereon as may be necessary to conform to a uniform well spacing pattern as adopted and promulgated by the supervisor after due notice and public hearing, as provided in this act.

Unnecessary wells.

The drilling of unnecessary wells is hereby declared waste as such wells create fire and other hazards conducive to waste, and unnecessarily increase the production cost of oil and gas to the operator, and thus also unnecessarily increase the cost of the products to the ultimate consumer.

Pooling of properties; drilling on smaller parcels.

The pooling of properties or parts thereof shall be permitted, and, if not agreed upon, the supervisor after conference with and recommendations by the board, may require such pooling in any case when and to the extent that the smallness or shape of a separately owned tract or tracts would, under the enforcement of a uniform spacing plan or proration or drilling unit, otherwise deprive or tend to deprive the owner of such tract of the opportunity to recover or receive his just and equitable share of the oil and gas and gas energy in the pool: Provided, That the owner of any tract that is smaller than the drilling unit established for the field, shall not be deprived of the right to drill on and produce from such tract, if same can be done without waste, but in such case, the allowable production therefrom as compared with the allowable production if such tract were a full unit, shall be in the ratio of the area of such tract to the area of a full unit, except as a smaller ratio may be required to maintain average bottom hole pressures in the pool, to reduce the production of salt water, or to reduce an excessive gas-oil ratio. All orders requiring such pooling shall be upon terms and conditions that are just and reasonable, and will afford to the owner of each tract in the pooling plan the opportunity to recover or receive his just and equitable share of the oil and gas and gas energy in the pool as above provided, and without unnecessary expense, and will prevent or minimize reasonably avoidable drainage from each developed tract which is not equalized by counter drainage. The portion of the production allocated to the owner of each tract included in a drilling unit formed by voluntary agreement or by a pooling order shall, when produced, be considered as if it had been produced from such tract by a well drilled thereon.

Location of unit well.

Each well permitted to be drilled upon any drilling unit or tract shall be drilled at a location which conforms to the uniform well spacing pattern with such exception as may be reasonably necessary where it is shown, after notice and upon hearing and the supervisor finds that the unit is partly outside the pool, or for some other reason, a well at such location would be unproductive, or that the owner or owners of a tract or tracts covering that part of the drilling unit or tract on which said well would be lo-

cated if it conformed to the uniform well spacing pattern refuses to permit drilling at the regular location, or where topographical or other conditions are such as to make drilling at the regular location unduly burdensome or imminently threatening to water or other natural resources, or property or life.

Exceptions.

Whenever any exception is granted the supervisor shall take such action as will offset any advantage which the person securing the exception may have over other producers in the pool by reason of the drilling of the well as an exception, and so that drainage from the developed areas to the tract with respect to the exception granted will be prevented or minimized and the producer of the well drilled as an exception will be allowed to produce no more than his just and equitable share of the oil and gas in the pool as such share is set forth herein, and to that end the rules, regulations and orders of the supervisor shall be such as will prevent or minimize reasonably avoidable drainage from each developed area which is not equalized by counter drainage and will give to each producer the opportunity to use his just and equitable share of the reservoir energy.

Minimum allowable production.

Minimum allowable for some wells and pools may be advisable from time to time, especially with respect to wells and pools already drilled when this act takes effect, to the end that the production will repay reasonable lifting costs and thus prevent premature abandonment of wells and resulting wastes.

Excess production prohibited.

After the effective date of any rule, regulation or order made by the supervisor in accordance with and under the provisions of this act fixing the allowable production, no person shall produce more than the allowable production applicable to him, his wells, leases or properties, and the allowable production shall be produced in accordance with such applicable rules, regulations or orders.

HISTORY: CL 1948, 319.13;—Am. 1961, p. 166, Act 131, Eff. Sep. 8.

319.14 Certificates of clearance or tenders; issuance.

Sec. 14. The supervisor shall have authority to issue certificates of clearance or tenders whenever the same may be required to effectuate the purposes of this act.

HISTORY: CL 1948, 319.14.

319.15 Illegal oil; handling unlawful, penalty.

Sec. 15. It shall be unlawful for any person to sell, purchase, acquire, transport, refine, process or otherwise handle or dispose of any illegal oil in whole or in part, or any illegal product of oil: Provided, That no penalty nor forfeiture shall be imposed on account of any such act until certificates of clearance or tenders have been required by the supervisor as provided in section 14 hereof.

HISTORY: CL 1948, 319.15.

319.16 Public hearings to be held before adoption of rules, regulations, or orders; notice.

Sec. 16. No rules, regulations or orders shall be made, promulgated, put into effect, revoked, changed, renewed or extended except emergency orders hereinafter provided for until and unless public hearings shall be held thereon. Public hearings shall be held at such time, place and manner and upon such notice, not less than 10 days, as shall be prescribed by general order and rules adopted in conformity with this act. The supervisor shall have authority to promulgate and put in effect emergency rules, regu-

lations or orders without a public hearing that may be necessary to carry out the provisions of this act: Provided, That such emergency rules, regulations and orders shall in no event remain in force and effect more than 21 days.

HISTORY: CL 1948, 319.16.

319.17 Actions against supervisor or commission; Ingham county circuit court, jurisdiction; injunction or restraining order only after hearing.

Sec. 17. The circuit court of Ingham county shall have exclusive jurisdiction of all suits brought against the commission, the supervisor, the board or any agent or employee thereof, by or on account of any matter or thing arising under the provisions of this act. No temporary restraining order or injunction shall be granted in any such suit except after due notice and for good cause shown.

HISTORY: CL 1948, 319.17.

319.18 Supervisor; actions for enforcement of act; jurisdiction; attorney general to represent.

Sec. 18. The supervisor shall have power to bring proceedings at law or in equity for the enforcement of the provisions of this act and all rules and regulations promulgated thereunder or for the prevention of the violation thereof, and the attorney general shall represent the supervisor in all actions brought under this act. The circuit court of Ingham county shall have concurrent jurisdiction thereof.

HISTORY: CL 1948, 319.18.

319.18a Oil well or test hole; failure of owner or operator to case, plug, or repair; notice of determination by supervisor of wells, service; liability; claims.

Sec. 18a. Whenever the supervisor of wells shall determine that the owner or operator of any oil well or test hole shall have failed or neglected to properly case, plug or repair the same in accordance with the provisions of this act or the rules and regulations promulgated thereunder, the supervisor of wells shall give notice of such determination, in writing, to the said owner or operator and to the surety executing the bond filed with the said supervisor of wells by such owner or operator in connection with the issuance of the permit authorizing the drilling of said oil well or test hole. This notice of determination may be served upon said owner or operator and surety in person or by registered mail. If the owner or operator cannot be found in the state of Michigan, the mailing of the notice of determination to such owner or operator at his last known post office address by registered mail shall constitute service of same. If the said owner or operator, or surety, shall fail or neglect to properly case, plug or repair the oil well or test hole described in the notice of determination herein provided for within 30 days of the date of service or mailing of such notice, the supervisor of wells may enter into and upon any private or public property on which the oil well or test hole is located and upon and across any private or public property necessary to reach same, and case, plug or repair said oil well or test hole, and the owner or operator and surety shall be jointly and severally liable for all expenses incurred by the supervisor of wells in doing same. The supervisor of wells, acting for and in behalf of the state of Michigan, shall certify in writing to the said owner or operator and surety the claim of the state in the same manner herein provided for the service of the notice of determination, and shall list thereon the items of expense incurred in casing, plugging or repairing the said oil well or test hole. Such claim shall be paid by the owner or operator, or surety, within 30 days, and if not paid within that time the supervisor of wells, acting for and in behalf of the state, may bring suit against such owner or operator, or surety, jointly or severally, for the collection of same in any court of competent jurisdiction in the county of Ingham.

HISTORY: Add. 1951, p. 241, Act 190, Eff. Sep. 28.

319.18b Abandoning oil well or test hole without properly plugging; penalty; owner or operator, definition.

Sec. 18b. Any person who shall abandon any oil well or test hole without properly plugging the same in accordance with this act or the rules and regulations promulgated thereunder, whether as principal, agent, servant or employee, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of \$100.00 and costs of prosecution, or imprisonment in the county jail for a period not exceeding 90 days, or both such fine and imprisonment in the discretion of the court. Nothing herein contained shall be construed as imposing any liability upon the owner of any land upon which any oil well or test hole is located, unless he be the owner or part owner of the said well or test hole. The words "owner or operator" as used in section 18a of this act shall refer to the person or persons who, by the terms of this act and the rules and regulations promulgated thereunder, are made responsible for the plugging of any well or test hole.

HISTORY: Add. 1951, p. 241, Act 190, Eff. Sep. 28.

319.19 Unlawful acts; penalty.

Sec. 19. Any person who, for the purpose of evading this act, or of evading any rule, regulation or order made hereunder, shall intentionally make, or cause to be made, false entry or statement of fact in any report required by this act or by any rule, regulation or order made hereunder, or who, for such purpose, shall make or cause to be made false entry in any account, record, or memorandum kept by any person in connection with the provisions of this act, or of any rule, regulation or order made thereunder; or who, for such purpose, shall omit to make, or cause to be omitted, full, true, and correct entries in such accounts, records, or memoranda, of all facts and transactions pertaining to the interest or activities in the petroleum industry of such person as may be required by the supervisor under authority given in this act or by any rule, regulation or order made hereunder; or, who, for such purpose, shall remove out of the jurisdiction of the state, or who shall mutilate, alter, or by any other means falsify any book, record, or other paper pertaining to the transactions regulated by this act, or by any rule, regulation or order made hereunder; shall be deemed guilty of a felony and shall be subject, upon conviction in any court of competent jurisdiction, to a fine of not more than \$1,000.00, or imprisonment for a term of not more than 3 years, or to both such fine and imprisonment.

HISTORY: CL 1948, 319.19.

319.20 Violation of act; civil penalty, enforcement.

Sec. 20. Except as penalty is herein otherwise especially provided for, any person who violates any provision of this act or any rule, regulation or order promulgated hereunder shall be subject to a penalty of not exceeding \$1,000.00 and each day that violation shall continue shall constitute a separate offense. Said penalty shall be recovered by suit brought by the supervisor.

Any person aiding or abetting in the violation of any provision of this act, or any rule, regulation or order made thereunder, shall be subject to the same penalties as are prescribed herein.

HISTORY: CL 1948, 319.20.

319.21 Illegal oil; confiscation; seizure; action, jurisdiction, procedure; right of claimant to intervene; sale.

Sec. 21. All illegal oil and products derived from illegal oil and conveyances used in the transportation thereof and containers used in the storage thereof except railroad tank cars and oil pipe lines shall be subject to confiscation and the supervisor is hereby empowered and authorized to seize such illegal oil, illegal oil products, conveyances and containers. The supervisor shall immediately upon such seizure institute a pro-

ceeding in rem to confiscate said illegal oil, illegal oil products, conveyances and containers in the circuit court of the county in which such seizure was made or in the circuit court of Ingham county. Upon commencement of such proceedings such notice shall be given to all known interested persons in such manner as the court shall direct. The court, upon finding that said oil or said oil products or said conveyances or containers so seized are illegal as herein defined, shall order the same to be sold under such terms and conditions as it may direct. Any person claiming an interest in any oil or oil product or conveyance or container so seized shall have the right to intervene in said proceedings and the rights of such person shall be determined by the court as justice may require.

HISTORY: CL 1948, 319.21.

319.22 Privilege fee; amount, levy.

Sec. 22. A privilege fee of 1/8 of 1 cent per barrel shall be paid upon oil produced in Michigan and sold. This fee shall be levied and collected by the department of revenue in the same manner and subject to the same provisions as the tax levied under the provisions of Act No. 48 of the Public Acts of 1929, as amended, being sections 205.301 to 205.317 of the Compiled Laws of 1948. All moneys received from this source shall be credited to the general fund.

319.23 Permit to drill well; application, conditions and requirements; fees; records, inspection.

Sec. 23. No person shall drill or begin the drilling of any well for oil and gas, geological information, key well for secondary recovery, or a well for the disposal of salt water, brine or other oil field wastes, or wells for the storage of dry natural gas or casinghead gas, or wells for the development of reservoirs for the storage of liquid petroleum gas, until the owner directly or through his authorized representatives shall have first made a written application to drill any such well and filed with the supervisor a satisfactory surety bond as provided in section 6 of this act, and received and posted in a conspicuous place at the location of the well a permit in accordance with the rules, regulations and requirements or orders made and promulgated by the supervisor. A fee of \$25.00 shall be charged for a permit to drill wells for oil and gas, wells for the storage of dry natural gas or casinghead gas, or wells for the development of reservoirs for the storage of liquid petroleum gas, and a fee of \$1.00 shall be charged for a permit to drill a well for geological information, a key well for secondary recovery, and wells for the disposal of salt water, brine or other oil field wastes. Upon receiving such written application and payment of the fee required, the supervisor shall within 5 days thereafter issue to any owner or his authorized representative, a permit to drill such well: Provided, however, That no permit to drill a well shall be issued to any owner or his authorized representative who does not comply with the rules, regulations and requirements or orders made and promulgated by the supervisor: And provided further, That no permit shall be issued to any owner or his authorized representative who has not complied with or is in violation of this act, or any of the rules, regulations, requirements or orders issued by the supervisor, or the department of conservation.

The supervisor shall thereupon pay such permit fee into the state treasury and it shall there be credited to the general fund of the state.

All information and records with reference to the issuance of permits for the drilling of any core or test well or for geological information including the permit, shall be held confidential for 6 months after completion of such well, and shall not be open for public inspection during that time.

319.27 Applicability of act.

Sec. 27. The provisions of this act shall not apply to drill holes for the exploration and the extraction of iron, copper, or brine, to water wells, to mine and quarry drill and blast holes, nor to coal test holes, nor to seismograph or other geophysical exploration test holes.

HISTORY: CL 1948, 319.27.

Act 326, 1937, p. 649; Eff. Oct. 29.

AN ACT to provide for a supervisor of natural dry gas wells; to prescribe his powers and duties; to provide regulations for the locating, sinking, drilling, casing, deepening, operating, abandonment and plugging of natural dry gas wells and test holes; to provide for the plugging of wells and for the entry on private property for that purpose; to provide for and regulate the payment of fees, issuance of permits and payment of money received under the provisions of this act; to provide for an appeal board; to prohibit waste in the development, production and handling of natural dry gas and to define waste and other terms used herein; to provide for public hearings and notice thereof, and procedure upon appeals; and to prescribe penalties for the violation of this act. Am. 1951, p. 306, Act 216, Eff. Sep. 28.

The People of the State of Michigan enact:

319.51 Natural dry gas wells; definitions.

Sec. 1. Unless the context requires a different meaning, the words defined in this section shall have the following meaning when found in this act, to-wit:

(a) "Person" means any natural person, corporation, association, partnership, receiver, trustee, common law or statutory trust, guardian, executor, administrator and fiduciary of any kind.

(b) "Gas" means natural dry gas.

(c) "Pool" means an underground reservoir containing a common accumulation of gas.

(d) "Product" means natural dry gas and any commodity or thing made or manufactured from natural dry gas.

(e) "Owner" means the person who has the right to drill into and produce from any pool.

(f) "Producer" means the operator whether owner or not of a well or wells capable of producing gas in paying quantities.

(g) "Commission" means the commission of conservation of the state of Michigan.

(h) "Supervisor" means the supervisor of wells as provided in this act.

HISTORY: CL 1948, 319.51.

CITED IN OTHER SECTIONS: Sections 319.51 to 319.82 are cited in § 319.236.

319.52 Director of conservation to act as supervisor of wells; assistants.

Sec. 2. The director of conservation shall act as supervisor of wells. He shall designate such suitable assistants in the department of conservation as shall be required to carry out the provisions of this act.

HISTORY: CL 1948, 319.52.

319.53 Director of conservation; employees, compensation and expenses; offices.

Sec. 3. The supervisor shall receive no salary except that which he receives as director of conservation. The supervisor and his employees, in addition to their salaries, shall receive their reasonable expenses. All salaries and expenses authorized hereunder shall be paid out of the state treasury in the same manner as the salaries and expenses of other officers and employees of the conservation department are paid. It shall be the duty of the board of state auditors to furnish suitable offices, office equipment and supplies for the use of the supervisor, and his employees.

HISTORY: CL 1948, 319.53.

319.54 Director of conservation; duties; waste, definition.

Sec. 4. It shall be the duty of the supervisor of wells, directly or through his representatives or assistants, to inspect the locating, drilling, casing, deepening, sealing and operating of gas wells or test holes, so far as the same may endanger, result in waste, or do damage to, the gas, the fresh, brine and mineral waters, or to other mineral resources, or to life and property; to supervise the abandonment and plugging of gas wells or test holes and to see that such work shall be done in accordance with the methods and means prescribed in this act or by such methods and means as he or his authorized representatives may prescribe or approve in writing, and to issue and enforce such additional rules and regulations as he may find necessary to prevent damage and waste to the gas, the fresh, brine and mineral waters, the other mineral resources, and to prevent danger to life or property from gas operations; to visit from time to time operations for the discovery or production of gas, to inspect such operations with a view to preventing waste of gas, damage to formations or deposits containing oil, gas, valuable brines, mineral or fresh waters, or to coal measures or other mineral deposits, injury to life or property, including both land being operated and adjacent land, or economic waste; and to issue, in accordance with the provisions of this act such necessary orders, rules and regulations to owners, operators, well contractors and drillers as will effectively prevent such waste or damage, or danger; to collect all data and information concerning wells and test holes, necessary for the intelligent supervision of the locating, drilling, redrilling, deepening, casing, sealing, repairing, operating, abandoning and plugging of the same that the gas, the fresh, brine and mineral waters, and other mineral resources, and life and property, may be most efficiently and effectively protected against unnecessary danger, injury, waste or destruction; to prescribe the manner and form in which all records of operations, reports and notices shall be made by owners, operators, contractors, or drillers; to require that tests shall be made to detect wastes of gas, as well as the presence of oil, gas or water in a well; to require the correction, in a manner to be prescribed or approved by him, of any condition found to exist during the drilling or subsequent to the completion of a well which is causing, or is likely to cause damage to any formation bearing oil, gas, valuable brines, mineral or fresh waters, or to coal measures or other mineral deposits; or which is dangerous to life or property, including the property being operated and adjacent property, and is wasteful of gas; to determine the percentage of the potential capacity of any gas well which may be utilized when, in his opinion, such action is necessary to protect the gas producing formations and to specify the time and method for determining the potential capacity of gas wells; to assist and advise owners or oper-

ators of gas wells in making tests and carrying on experiments for the purpose of increasing the efficiency of operation; to compile statistics of production; to require by written notice, immediate suspension of any operation or practice contrary to the requirements of this act, the rules and regulations made thereunder, or to the written orders of the supervisor or his representatives, until the owner, operator, well contractor, or driller shall have complied with such requirements or orders. The term "waste," as used in this act, in addition to its ordinary meaning shall include, (a) surface waste which shall include the escape of natural dry gas in commercial quantities into the open air from a stratum recognized as a natural dry gas stratum and any unnecessary or excessive surface loss, including leakage, fire-loss and loss or destruction incident to the manner of spacing, equipping, operating or producing such well or wells, or by inefficient handling thereof. All waste of gas is hereby prohibited and it shall be the duty of the supervisor to prevent such waste and said supervisor is hereby empowered to make and enforce such rules, regulations and orders, subject to the approval of the commission, and to require such surety bonds and do whatever else may be reasonably necessary to carry out the purpose of this act and to prevent such waste. Upon the verified complaint of any interested person that such waste is taking place or is imminent, or upon his own motion, the supervisor may call a hearing to determine whether or not such waste is taking place or is reasonably imminent, or what action should be taken to prevent such waste, (b) the intentional drowning with water of a gas stratum capable of producing gas in commercial quantities, (c) underground waste which shall include inefficient, excessive, or improper use or dissipation of the reservoir energy, including gas energy and water drive, of any pool, and the locating, spacing, drilling, equipping, operating, or producing of any well or wells in such a manner as to reduce or tend to reduce the total quantity of gas ultimately recoverable from such pool, and the unreasonable damage to underground fresh or mineral waters, oil, natural brines or other mineral deposits from operations for the discovery, development, and production of gas, (d) the permitting of any natural gas well to wastefully burn, (e) the wasteful use of such gas.

HISTORY: CL 1948, 319.54.

319.55 Gas well or test hole; application for sinking or drilling, contents, filling; permit, fee, issuance.

Sec. 5. No person or his representatives or employees shall begin the sinking or drilling of any gas well or test hole until such person or his authorized representative shall first have filed with the supervisor of wells a written application and shall have received a written permit signed by the well supervisor or his authorized representatives to begin such well or test hole. Such application shall set forth the exact location of the well or test hole by giving the legal description of the property or properties on which the well or test hole is to be drilled, the section, township and range thereof in unplatted land, the lot or fraction thereof, the block, the recorded plat, and the municipality in platted land; the distance of the proposed well or test hole from the nearest well and the nearest property lines, and the distance in 2 directions from the nearest section corner or quarter post; the name of the farm or property; the name and address of the lessee or lessees, if any, of the fee; the purpose for which it is to be sunk or drilled; the intended depth of the well; the oil and gas and water bearing formations which are expected to be penetrated; and such other information as may be required by the supervisor of wells. Such application shall be signed by the owner of the proposed well or test hole, or his authorized representative and forwarded to the supervisor of wells or his authorized representative for approval, and when approved shall be filed as a permanent record in the department of conservation. Upon payment of a permit fee of 25 dollars by such applicant the supervisor of wells shall issue in duplicate within 5 days to any responsible person making proper application therefor, a permit to drill or

sink such well or test hole in accordance with the terms of the application, which permit when obtained by the applicant shall be exhibited in a conspicuous place at all times at the location of the well: Provided, however, That no permit shall be issued to any applicant or operator who is in violation of, or who is not complying with the provisions of this act and with the rules and regulations issued by the supervisor of wells, of the department of conservation, of the state fire marshal and commissioner of the department of insurance.

HISTORY: CL 1948, 319.55.

319.56 Service of notices, rules, orders, regulations and requirements.

Sec. 6. Service of any notice, order, rule, regulation or requirement, under this act, may in the case of a corporation or association be made upon any officer thereof or upon any person in the employ of the corporation or association who may be found at any office or place of business maintained by said corporation or association. In event of the failure to immediately obtain service as aforesaid upon any corporation or association, or upon any individual or partnership, service may be made upon any employee or upon any contractor employed by said individual, partnership, corporation or association, or upon any employee of said contractor, who may be found at the well, and service made as above provided shall be deemed service upon the owner or operator of such well or test hole. Service may be made by the supervisor of wells, any of his representatives, members of the Michigan state police, any constable, sheriff, under sheriff, or deputy sheriff.

HISTORY: CL 1948, 319.56.

319.57 Receipts from permit fees; disposition.

Sec. 7. The supervisor of wells shall thereupon pay such permit fee to the state treasurer together with a report giving the name of the applicant, the date and number of the permit issued and the location of the proposed well. The state treasurer shall place all permit fees so paid to him in the general fund.

HISTORY: CL 1948, 319.57.

319.58 Wells; casing or sealing off; duty of supervisor.

Sec. 8. Every person who shall drill, sink, or cause to be sunk, such a well or test hole penetrating bed rock shall case and seal off each oil, gas, brine or water stratum or formation to effectually prevent migration of gas or fluids to other strata, and such casing or sealing off shall be effected and tested in such manner and by such methods and means as may be prescribed or approved by the supervisor of wells or his authorized representative.

HISTORY: CL 1948, 319.58.

319.59 Wells and test holes; records; deepening, application, permit, display.

Sec. 9. Every owner, operator, or well contractor shall, while the well or test hole is being drilled, keep and preserve at the well being drilled or sunk, an accurate log or record of such well, shall protect such record from damage or destruction by fire, oil, water, or any other agency, whereby such record may be lost or become illegible. If the owner or operator of any such well or test hole shall desire to deepen such well or test hole, in addition to the depth allowed in the permit, he shall notify the supervisor of wells, or his authorized representative in writing, identifying the well, giving the depth to which it is proposed to deepen the well or test hole, setting forth in detail the plan and/or method, and means to be used in sealing off any oil, gas, water, brine, or other mineral bearing stratum or formations that have been or are expected to be penetrated in such deepening, also the plan and/or method and means to be used in controlling the well upon completion in the event oil and/or gas is found. Upon receipt of such notice and proposal for deepening the supervisor of wells or his representative

shall promptly issue a deepening permit: Provided, however, That if in the opinion of the supervisor of wells or his authorized representative, the proposed plans and methods and means of effectively and permanently protecting the oil, gas, water, brine, and other mineral bearing strata or formations or of effectively controlling the well in case oil and/or gas is struck, are not adequate and satisfactory, the supervisor of wells may refuse to issue such permit for deepening the well, until adequate and satisfactory plans and methods and/or means are submitted by the applicant for a deepening permit. Actual deepening of any well or test hole shall not be started until the deepening permit is issued and is prominently displayed at the well.

HISTORY: CL 1948, 319.59.

319.60 Wells and test holes; abandonment or plugging, notice, supervision; rules and regulations.

Sec. 10. No person shall plug or abandon any well, without first notifying the supervisor of wells or his representatives of his intention of and plans for doing the work and receiving written approval. The supervisor of wells or his representative shall supervise the work of abandoning such well or test hole and the same shall be plugged by the owner or operator thereof forthwith. Authorization is hereby given the supervisor to make rules, regulations and orders with respect to the following subject matter:

(a) To require dry or abandoned wells to be plugged in such a way as to confine the oil, gas, and water in the strata in which they are found, and to prevent them from escaping into other strata; or to the surface.

(b) To prevent the drowning by water of any stratum or part thereof capable of producing oil or gas, or both oil and gas, in paying quantities, and to prevent the premature and irregular encroachment of water, or any other kind of water encroachment, which reduces, or tends to reduce the total ultimate recovery of oil or gas, or both such oil or gas, from any pool.

HISTORY: CL 1948, 319.60.

319.61 Wells and test holes; abandonment without plugging, penalty; wells or test holes deemed abandoned, exception, test; leaking casing.

Sec. 11. Every well or test hole penetrating oil, gas or water bearing strata which has been abandoned and which has not been plugged in accordance with the provisions of this act, shall be forthwith plugged by the owner or operator thereof in the presence of and under the supervision of the supervisor of wells or his duly authorized representative, in accordance with the provisions of this act. In case such well or test hole shall not have been properly plugged within 30 days after this act shall have become effective, the supervisor of wells shall thereupon ascertain the name and address of the owner or operator thereof, and shall proceed to give personal notice or notice by registered mail of such fact to such owner or operator thereof, after which time such owner or operator shall forthwith take all steps necessary to comply with the provisions of this act and shall thereafter be liable to the penalties herein provided. Hereafter such well or test hole shall be deemed to have been abandoned for the purposes of this act when the same shall have been left with intent on the part of the owner or operator thereof not to renew operations thereat, or, when and after the supervisor of wells shall find that such well or test hole is in fact not being operated or worked and shall have given written notice thereof to such owner or operator, which notice shall have been served personally or by registered mail sent to the last known mail address of such owner or operator of such well or test hole: Provided, however, That in the event the owner or operator does not desire to either plug or operate the well immediately he shall by adequate test, in the presence of the supervisor of wells or his authorized representative, give satisfactory proof that the well is in such condition and that by being allowed to continue to remain in its present condition, no damage will be

done to any oil, gas, fresh water, brine, or mineral bearing formation which has been penetrated: Provided further, That if the tests show the casing to be leaking, water standing in the hole, or any other condition which is causing or might cause damage to the oil, gas, fresh water, brine, or mineral bearing formations, the owner or operator of the well shall immediately do such work as will correct the conditions found.

HISTORY: CL 1948, 319.61.

319.62 Wells and test holes; failure to properly case, plug or repair; notice of determination, service; authority of supervisor of wells; claim of state, payment.

Sec. 12. Whenever the supervisor of wells shall determine that the owner or operator of any gas well or test hole shall have failed or neglected to properly case, plug or repair the same in accordance with the provisions of this act or the rules and regulations promulgated thereunder, the supervisor of wells shall give notice of such determination, in writing, to the said owner or operator and to the surety executing the bond filed with the said supervisor of wells by such owner or operator in connection with the issuance of the permit authorizing the drilling of said gas well or test hole. This notice of determination may be served upon said owner or operator and surety in person or by registered mail. If the owner or operator cannot be found in the state of Michigan, the mailing of the notice of determination to such owner or operator at his last known post office address by registered mail shall constitute service of same. If the said owner or operator, or surety, shall fail or neglect to properly case, plug or repair the gas well or test hole described in the notice of determination herein provided for within 30 days of the date of service or mailing of such notice, the supervisor of wells may enter into and upon any private or public property on which the gas well or test hole is located and upon and across any private or public property necessary to reach same, and case, plug or repair said gas well or test hole and the owner or operator and surety shall be jointly and severally liable for all expenses incurred by the supervisor of wells in doing same. The supervisor of wells, acting for and in behalf of the state of Michigan, shall certify in writing to the said owner or operator and surety the claim of the state in the same manner herein provided for the service of the notice of determination, and shall list thereon the items of expense incurred in the casing, plugging or repairing the said gas well or test hole. Such claim shall be paid by the owner or operator, or surety, within 30 days, and if not paid within that time the supervisor of wells, acting for and in behalf of the state, may bring suit against such owner or operator, or surety, jointly or severally, for the collection of same in any court of competent jurisdiction in the county of Ingham.

HISTORY: CL 1948, 319.62;—Am. 1951, p. 306, Act 216, Eff. Sep. 28.

319.62a Wells and test holes; abandonment without plugging, penalty; owner or operator, definition.

Sec. 12a. Any person who shall abandon any gas well or test hole without properly plugging the same in accordance with this act or the rules and regulations promulgated thereunder, whether as principal, agent, servant or employee, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of \$100.00 and costs of prosecution, or imprisonment in the county jail for a period not exceeding 90 days, or both such fine and imprisonment in the discretion of the court. Nothing herein contained shall be construed as imposing any liability upon the owner of any land upon which any gas well or test hole is located, unless he be the owner or part owner of the said well or test hole. The words "owner or operator" as used in section

12 of this act shall refer to the person or persons who, by the terms of this act and the rules and regulations promulgated thereunder, are made responsible for the plugging of any well or test hole.

HISTORY: Add. 1951, p. 306, Act 216, Eff. Sep. 28.

319.63 Supervisor of wells; jurisdiction.

Sec. 13. The supervisor of wells is hereby given entire jurisdiction over the matter of conservation of natural dry gas in the state of Michigan, except for the authority given the public utilities commission of this state in connection therewith, being Act No. 9 of the Public Acts of 1929, as amended.

HISTORY: CL 1948, 319.63.

NOTE: Act 9, 1929, above referred to, is Compilers' § 483.101 et seq.

319.64 Supervisor of wells; powers as to hearings; rules and regulations.

Sec. 14. The supervisor shall prescribe rules of procedure in hearings or other proceedings before him and for giving notice thereof not inconsistent with the provisions of this act. All such rules of procedure with reference to notice so made by the supervisor shall be entered in a book to be kept by him for that purpose and shall be public record and open to inspection as such. A certified copy of any such rule or regulation shall be admissible in evidence in the courts in this state upon the same basis as such original rules and regulations.

HISTORY: CL 1948, 319.64.

319.65 Supervisor of wells; subpoena of witnesses; production of records.

Sec. 15. The supervisor is hereby empowered to subpoena witnesses and to require the production of books, papers, and records in any hearing before him. No person shall be excused from attending and testifying, or from producing books, papers and records, or other evidence at any such hearing, or in any case in court brought by or against the supervisor relative to matters within his jurisdiction on the ground that the testimony or evidence so required of him may tend to incriminate him or subject him to a penalty or forfeiture: Provided, however, That nothing herein contained shall be construed as requiring any person to produce books, papers or records or other evidence not pertinent to some question lawfully before such supervisor or court for determination. No natural person shall be subjected to criminal prosecution, or to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he may be required to testify, or produce evidence, documentary, or otherwise, over his objection, before said supervisor, or in such case in court. Provided, That no person testifying in such hearing or case shall be exempted from prosecution and punishment for perjury committed in so testifying.

HISTORY: CL 1948, 319.65.

319.66 Supervisor of wells; subpoena of witnesses; enforcement, circuit court, attachment; witness fees.

Sec. 16. In case of failure or refusal on the part of any person to comply with any subpoena issued by the supervisor or upon the refusal of any such witness to testify in any circuit court in this state, any judge thereof, on application of said supervisor, may issue an attachment for such person and compel him to attend before said supervisor and produce such documents, or other evidence, as may be lawfully required and to give his testimony upon such matters as may be properly involved in said hearing and such court or judge shall have the power to punish for contempt as in case of disobedience of a like subpoena issued by or from such court, or a refusal to testify therein.

Any witness summoned by subpoena and attending any hearing held before the supervisor shall be entitled to the same fees as are or may be provided by law for attending the circuit courts in any civil matter or proceedings, which fees as to witnesses subpoenaed by the supervisor shall be paid out of the general fund of the state treas-

ury upon proper voucher approved by the supervisor. The fees of witnesses subpoenaed at the instance of other interested parties shall be paid by such parties.

HISTORY: CL 1948, 319.66.

319.67 Witnesses; perjury, penalty.

Sec. 17. If any person of whom an oath shall be required under the provisions of this act, or by any rule, regulation or order of the supervisor, shall wilfully swear falsely in regard to any matter or thing respecting which such oath is required, or shall wilfully make any false affidavit required or authorized by the provisions of this act, or by any rule, regulation or order of the supervisor, such person shall be deemed guilty of perjury and shall be punished by imprisonment in the state penitentiary for not more than 5 years or by a fine of not more than 1,000 dollars, or by both such fine and imprisonment in the discretion of the court.

HISTORY: CL 1948, 319.67.

319.68 Supervisor of wells; additional powers.

Sec. 18. Included in the power hereby given to the supervisor of wells, acting directly or through his authorized representatives, is that to collect data, make investigations and inspections; to examine properties, leases, papers, books and records; check, test and gauge gas wells; to regulate all transportation of natural gas, except such transportation as shall be under the jurisdiction of the public utilities commission of this state; to hold hearings; to provide for the keeping of records and making of reports, and for the checking of the accuracy thereof; to limit and prorate production of natural dry gas, such proration to be upon the basis of a minimum allowable take regardless of open flow and a further authorized take in proportion to tested open flow; to require reports showing the location of all gas wells and the keeping and filing of logs, well samples, drilling and operating records or reports: Provided, however, That all well data and samples furnished the supervisor shall upon request of the owner of the well, be held confidential for 90 days after the completion of a well or test hole and shall not be open to the inspection of the public during said period, except by written consent of the owner; to prevent fires, explosions, blow-outs and caving; to require wells to be drilled, cased, sealed, operated and produced in such manner as to prevent injury to neighboring leases or properties, or to life or property; to require surety bonds of owners, producers, operators, or their authorized representatives or well contractors, in such form, for such term and in such amount as will insure compliance with the rules, regulations, or orders of the supervisor, and the payment of damages for injury to or destruction of property; to identify the ownership of gas producing leases, properties, wells, pipe lines, plants, structures, transportation equipment and facilities and to fix the spacing of wells; and to establish drilling or prorating areas or units.

HISTORY: CL 1948, 319.68.

319.69 Supervisor of wells; allocation of allowable production.

Sec. 19. If and when the supervisor to prevent waste limits the total amount of gas to be produced in this state, he shall allocate the allowable production among the fields and pools of the state.

HISTORY: CL 1948, 319.69.

319.70 Supervisor of wells; pooling, order, notice, hearing.

Sec. 20. The pooling of properties or parts thereof shall be permitted, and, if not agreed upon, the supervisor may require such pooling in any case when and to the extent that the smallness or shape of a separately owned tract would, under the enforcement of a uniform spacing plan or prorating unit, otherwise deprive the owner of such tract of the opportunity to recover his just and equitable share of the gas in the pool: Provided, That the owner of any tract that is smaller than the drilling unit established

for the field, shall not be deprived of the right to drill on and produce from such tract, if the same can be done without waste, but in such case, the allowable production therefrom of such tract, as compared with the allowable production if such tract were a full unit, shall be in the ratio of the area of such tract to the area of a full unit. Such order for pooling shall be made only after due notice and hearing.

HISTORY: CL 1948, 319.70.

319.71 Legal and illegal gas; definition.

Sec. 21. Gas produced from a well within an allowable take, as fixed by the supervisor shall be known as legal gas and gas produced in excess thereof, as illegal gas. The sale, purchase, acquisition, transportation, processing, or handling in any other way of illegal gas is hereby prohibited.

HISTORY: CL 1948, 319.71.

319.72 Public hearings; notice; emergency ruling.

Sec. 22. Except as provided for herein, before any rule, regulation, or order shall be made under the provisions of this act, a public hearing shall be held at such time, place and in such manner as may be prescribed by the supervisor. The supervisor shall first give reasonable notice of such hearing at least 10 days in advance, except in case of an emergency and at any such hearing any person having an interest in the subject matter of the hearing shall be entitled to be heard. In case an emergency is found to exist by the supervisor which in his judgment requires the making of a rule, regulation or order without first having a hearing, such emergency rule, regulation or order shall have the same validity as if a hearing with respect to the same had been held after due notice. Such emergency rule, regulation or order shall remain in force no longer than 21 days from its effective date.

HISTORY: CL 1948, 319.72.

319.73 Violation of statute or rule; prosecution in Ingham county circuit court; authority of supervisor.

Sec. 23. Whenever it shall appear that any person is violating or threatening to violate, any statute of this state or any rule, regulation or order made thereunder, relating to the conservation of natural dry gas, the supervisor may bring suit against such person in the circuit court of Ingham county, or in the circuit court of the county of the residence of the defendant or of any defendant, if there be more than 1, for penalties, if any have been incurred, and to restrain such person, firm, association or corporation from such violation, or the continuance of such violation.

HISTORY: CL 1948, 319.73.

319.74 Violations of act; penalties.

Sec. 24. Any person who, for the purpose of evading this act, or evading any rule, regulation or order made hereunder, shall intentionally make, or cause to be made, false entry or statement of fact in any report required by this act or by any rule, regulation or order made hereunder; or who, for such purpose, shall make or cause to be made false entry in any account, record or memorandum kept by any person in connection with the provisions of this act, or of any rule, regulation or order made thereunder; or who, for such purpose, shall omit to make or cause to be omitted full, true and correct entries in such accounts, records, or memoranda, of all facts and transactions pertaining to the interest or activities in the gas industry of such person as may be required by the supervisor under authority given in this act or by any rule, regulation or order made hereunder; or who, for such purpose, shall remove out of the jurisdiction of the state, or who shall mutilate, alter, or by any other means falsify, any book, record, or other paper pertaining to the transactions regulated by this act, or by any rule, regulation or order made hereunder, shall be deemed guilty of a felony and shall be subject, upon conviction in any court of competent jurisdiction, to a fine of

not more than 1,000 dollars, or imprisonment for a term of not more than 3 years, or to both such fine and imprisonment.

Any person who violates any provision of this act or any rule, regulation or order of the supervisor made hereunder, and, in the event a penalty for such violation is not otherwise provided for herein, shall be subject to a penalty of not to exceed 1,000 dollars a day for each and every day of such violation, and for each and every act of violation, such penalty to be recovered in a suit in the circuit court of Ingham county, or in the circuit court of the county where the defendant resides, or in the county of the residence of any defendant if there be more than 1 defendant.

319.75 Drillholes for metallic minerals; construction of act.

Sec. 25. The provisions of this act shall not apply to drillholes for the exploration and the extraction of iron, copper or other metallic minerals, to water wells, to mine and quarry tests, drill and blast holes, to coal test holes not exceeding 3 inches in diameter or to test or other holes not exceeding 4 inches in diameter after reaching bed rock: Provided, That when any such well or hole penetrates salt or mineral water bearing formations, the owner or operator shall upon completion or abandonment plug such well or test holes in such manner and by such means as the supervisor shall prescribe or approve that will prevent migration of such brine or mineral water into the oil, gas and fresh water bearing formations or to the surface.

HISTORY: CL 1948, 319.75.

319.76 Gauging gas wells; basis.

Sec. 26. Every gas well shall be officially gauged whether for the purposes of proration, ratable taking or otherwise, upon the basis of a well of the same depth and at the same place with a casing 7 inches in outside diameter.

HISTORY: CL 1948, 319.76.

319.77 Transportation of natural gas by pipe line.

Sec. 27. Every corporation, association or person, now or hereafter claiming or exercising the right to carry or transport natural gas by pipe line or lines, for hire, compensation, or otherwise, within the limits of this state, as owner, lessee, licensee, or by virtue of any other right or claim, or now engaged or hereafter engaging in the business of purchasing and selling natural gas shall be a common purchaser thereof, and shall purchase all the natural gas in the vicinity of, or which may be reasonably reached by its pipe lines, or gathering branches, without discrimination in favor of 1 producer or 1 person as against another, and shall fully perform all the duties of a common purchaser but if it shall be unable to perform the same, or be legally excused from purchasing and transporting all the natural gas produced or offered, then it shall purchase and transport natural gas from each person or producer ratably, in proportion to the average production, and such common purchasers are hereby expressly prohibited from discriminating in price or amount for like grades of natural dry gas or facilities as between producers or persons; and in the event it is likewise a producer, it is hereby prohibited from discrimination in favor of its own production, or production in which it may be interested directly or indirectly, in whole or in part, and its own production shall be treated as that of any other person or producer.

HISTORY: CL 1948, 319.77.

319.78 Pipe line; authority of supervisor concerning regulations; price at well head.

Sec. 28. The supervisor of wells is hereby empowered and it is hereby made his duty to make regulations for the equitable purchasing, taking and collecting of all such gas, and for the metering and delivery thereof into pipe lines and for providing adequate facilities for the collection and metering of such gas which collection shall apply to all

persons, affected thereby in like manner; and he shall have authority to relieve any such common purchaser after due application, notice and hearing, from the obligation of purchasing gas of an inferior quality or grade or from purchasing gas from wells which for economic reasons are not at the time a practicable source of supply: Provided, however, That the price of gas in any field shall be the price at the well head.

HISTORY: CL 1948, 319.78.

319.79 Pipe line; maximum and minimum flow; authority of supervisor.

Sec. 29. All persons, firms, associations and corporations, whether producing gas or receiving gas from other producers, in any production field, are hereby prohibited from taking more than 25 per cent of the daily natural open flow of any gas well or wells, unless for good cause shown under the exigencies of the particular case the supervisor of wells shall establish a higher or lower per centum under rules and regulations to be by him prescribed: Provided, however, That except when it is necessary so to do in order to prorate a field, the supervisor of wells shall not make any order or regulation prohibiting the taking of at least 2 per cent of the daily natural open flow of any well.

HISTORY: CL 1948, 319.79.

319.80 Pipe line; production in excess of market demands; amount to be taken, basis; duty of supervisor.

Sec. 30. Whenever the full production from any common source or field of supply of natural gas in this state is in excess of the market demands, then any common purchaser of such natural gas as herein defined receiving production or output from such source or field shall take therefrom only such proportion of the available supply as may be marketed and utilized without waste, as the natural flow of the well or wells owned or controlled by such common purchaser bears to the total natural flow or production of such common source or field, having due regard to the minimum allowable provided in section 29 hereof and the provisions of section 26 and to the acreage drained by each well, so as to prevent any common purchaser from securing an unfair proportion therefrom; and it shall be the duty of the supervisor and he is hereby empowered to regulate and enforce the above provision: Provided, That the supervisor may by proper order permit the taking of a greater proportion by any common purchaser whenever or wherever he shall determine a taking of such greater proportion reasonable and equitable or conducive to public convenience or necessity.

HISTORY: CL 1948, 319.80.

319.81 Appeal board; creation, members; hearing, notice; appeal to courts.

Sec. 31. An appeal board is hereby created, consisting of the commission of conservation of this state and all persons, firms or corporations considering themselves aggrieved by any order, rule, regulation or requirement by the supervisor of wells, or his representatives, may within 10 days after the making of such order, serve written notice upon the supervisor of wells that an appeal is claimed from the order, rule, regulation, or requirement involved. The supervisor of wells shall forthwith set a day for hearing not more than 10 days after receipt of said claim of appeal and shall immediately notify said commission and said appealing party of such date, together with the time and place of hearing. At the said hearing the appealing party and the supervisor of wells and their witnesses shall be heard and any other person who may be affected by the decision of said board may be allowed to intervene. During the pendency of such appeal, the appealing party shall obey the order, rule, regulation or requirement, the validity of which is being questioned by the appeal, unless the interests sought to be protected by such order or regulation can be adequately protected by the bond in which event the supervisor of wells may accept a bond in an amount and upon such

conditions as he may prescribe in lieu of performance of such order or regulation by the appealing party. The order, finding or regulation made by the commission upon such hearing shall be subject to appeal to the courts of this state in the same manner and by the same process under the same legal limitations and like right and process of appeal as are now provided by section 11042 of the Compiled Laws of 1929.

HISTORY: Rep. 1945, p. 415, Act 267, Imd. Eff. May 25.

Act 178, 1941, p. 269; Eff. Jan. 10, 1942.

AN ACT defining the rights of cotenants, joint owners, tenants in common and coparceners in lands; to provide for the development and operation of such lands for oil and gas mining purposes; to grant jurisdiction to the circuit court to authorize the exploration, development and operation of such lands for oil and gas mining purposes; to determine and quiet the title to said lands and to repeal all acts in conflict herewith.

The People of the State of Michigan enact:

319.101 Mineral rights in lands owned in undivided interest; right of majority to develop.

Sec. 1. Whenever lands, or oil and gas, or oil and gas mineral rights in lands in this state are owned by tenants in common, joint owners, cotenants or coparceners, whether such title is derived by purchase, devise or descent, or otherwise, or whether any or all of the owners are minors or of full age, such tenants in common, joint owners, cotenants or coparceners as hold a majority in interest in the title to such lands or the oil and gas rights in such lands, shall be authorized to explore, drill, mine, develop and operate such lands for oil and gas mining purposes and remove and transport oil and gas and other petroleum products from such lands, or store the same on said lands, and sell and dispose of the same in the manner hereinafter provided.

HISTORY: CL 1948, 319.101.

319.102 Gas and oil mining rights; definitions.

Sec. 2. Definitions. The following words and terms as used in this act shall each have the meaning ascribed to them in this section.

(a) "Person" means any natural person, corporation, association, partnership, receiver, trustee, judiciary or common law trust, guardian, executor, administrator or fiduciary of any kind.

(b) "Oil" means natural crude oil or petroleum or other hydrocarbons, regardless of gravity, which are produced at the well in liquid form by ordinary production methods and which are not the result of condensation of gas after it leaves the underground reservoir.

(c) "Gas" means dry or natural gas, casinghead gas or gas produced incidental to the production of oil.

(d) The phrase "oil and gas" shall not only refer to the oil and gas as such in combination with the other, but shall also have general reference to oil, gas, casinghead gas or other hydrocarbons or any combination or combinations thereof, or any 1 thereof,

which may be found in or produced from a natural reservoir or common source of supply of oil or gas or both.

(e) The term "royalty interest" means that share of the produce or profits which the owner of land, or the oil and gas rights in such land, reserves or is entitled to whether under a lease or under the provisions of this act in consideration of permitting the owner of the working interest to develop such oil and gas mineral rights.

(f) The term "working interest" means that share of the produce or profits to which the person who develops the oil and gas mineral rights is entitled by reason thereof pursuant to either the provisions of a lease providing therefor or to the provisions of this act.

(g) The singular shall include the plural and the plural shall include the singular. Each of the genders shall include each of the other genders.

HISTORY: CL 1948, 319.102.

319.103 Procedure; bill of complaint in circuit court in chancery.

Sec. 3. The owners of such majority in interest desiring to lease said lands or their oil and gas mineral rights therein for oil and gas purposes, or desiring to explore, drill, develop or operate said lands for oil and gas and to remove oil and gas therefrom, may file a bill of complaint in the circuit court in chancery of the county in which such lands, or some part thereof, are located, to obtain a decree of the court authorizing them to explore, drill, mine, develop and operate said lands for oil and gas mining purposes, and remove and transport the oil and gas therefrom, or store the same thereon, and sell and dispose of said minerals for the use and benefit of all of the owners thereof. Such bill of complaint shall set forth the relevant facts and the interests therein of all persons, so far as the same are known, to such plaintiffs.

HISTORY: CL 1948, 319.103.

319.104 Fiduciaries; right to prosecute and defend suits; parties.

Sec. 4. Executors, administrators and administrators with will annexed, receivers and trustees, may institute or defend such suits on behalf of their respective estates and trusts and the heirs, devisees, legatees, successors and assigns thereof. Infants and persons under legal disability may institute or defend suits by guardian or next of friend. Every person, including wives of owners, having any interest in such lands, whether in possession or otherwise, who is not a party plaintiff, shall be made a party defendant to such suit. In case of persons interested in such lands whose names are unknown, the bill of complaint shall so state, and such persons may be made parties to such suits by the name and description of "unknown owners."

HISTORY: CL 1948, 319.104.

319.105 Service of process upon defendants; manner.

Sec. 5. Known defendants shall be summoned or notified in the same manner as is provided for the summoning of known defendants in a suit in chancery to quiet title to real estate. Unknown defendants shall be summoned or notified in the same manner as is provided for the summoning of unknown defendants in a suit in chancery to quiet title to real estate.

HISTORY: CL 1948, 319.105.

319.106 Interplea; appearance by interested persons.

Sec. 6. Any person claiming to be interested in such lands may appear during the pendency of such suit and answer the bill of complaint and assert his rights by way of interplea. The court shall determine the rights of any person so appearing the same as though such person had been made a party in the first instance.

HISTORY: CL 1948, 319.106.

319.107 Quieting of titles.

Sec. 7. In all suits under this act, the court may investigate and determine all questions of conflicting or controverted titles, remove clouds therefrom, and quiet, establish and confirm the titles to such lands.

HISTORY: CL 1948, 319.107.

319.108 Decree to be granted if requested by majority in interest; minority interest holders, option to join in development, procedure; bond.

Sec. 8. If the court shall find that the material averments of the bill of complaint are true, and that the plaintiffs do in fact own a majority in interest of such lands, or of the oil and gas mineral rights therein, as joint tenants, tenants in common, cotenants, or coparceners, or that a majority in interest of such owners consent to the granting of the relief prayed in such bill of complaint, then the court shall enter a decree authorizing the plaintiffs to explore, drill, mine, develop and operate said lands for oil and gas mining purposes, and to remove oil and gas from such lands, and sell or dispose of same, so as to realize the full value thereof for the benefit of all the parties entitled thereto.

The defendants and minority interest holders, whether fee or royalty owners, or their lessees, shall have 15 days after the date upon which the decree becomes final in which to elect either to come in and join plaintiffs as producers or lessees in the exploration, drilling, mining, developing and operation of said lands for oil and gas mining purposes, and pay their proportionate part, based upon the interest which respective defendants own, of all expenses and costs in such undertaking, and receive their proportionate share of the net proceeds derived from the sale of the oil and gas produced from said lands, or the defendants may continue their position as fee or royalty owners and receive their proportionate proceeds derived from the sale of the royalty interest or portion of the oil and gas produced from such lands. Such royalty interest, unless otherwise fixed by lease, shall be 1/8 of the oil and gas produced from such lands.

If the defendants or any of them elect to join them as producers or operators of the lease and land involved, as above provided, then such defendants shall, within 15 days from the date upon which the decree of the court becomes final, file with the clerk a good and sufficient bond payable to the clerk of the court, with an authorized surety company as surety thereon. The amount of such bond shall be determined by the court as representing the proportionate share of such defendants based upon the interest which they own in such land of the estimated maximum reasonable cost of exploring, drilling, mining, developing and operating said lands for oil and gas purposes. Such bond shall be conditioned upon the payment when due of such proportionate share of such cost and shall be held by the clerk for the benefit of all interested persons. Said bond and the surety thereon shall be approved by the court prior to the filing of the same.

If the defendants or any of them, whether fee or royalty owners, or their lessees, file such bond within the time stated, they shall be entitled to their share of the proceeds from the sale of the working interest which, in the absence of contract or lease determining the same, shall be 7/8 of the oil and gas produced in addition to any royalty interest they may own. If, however, said defendants or any of them fail to file such bond within said period, then such defendants shall be treated and considered as royalty owners only and shall then receive only their proportionate share of the royalty interest which, in the absence of lease or contract determining the same, shall be 1/8 of the oil and gas produced.

The court shall also provide by decree for the disposition by the plaintiffs of the proportionate part of the proceeds from the sale of the defendants' portion of the oil and

gas produced, and provide for the payment and distribution of the net proceeds thereof to the defendants, as their respective interests may appear, after deduction of the proportionate costs of such proceedings and of exploring, mining, drilling, producing and operating said lands for oil and gas, and disposing of such oil and gas.

If the whereabouts of any of the defendants is unknown, the court may require the plaintiffs to deposit such defendants' share of the net proceeds from the sale of oil and gas with the clerk of the court, to be held for said defendants, as the court may direct.

HISTORY: CL 1948, 319.108.

319.109 Lessees under oil or gas lease; right to maintain or defend proceedings.

Sec. 9. In case a person or persons, holding a majority in interest in such lands, has or have executed an oil and gas lease or leases to any person, firm or corporation, such lessee or lessees may institute and maintain or defend any suit provided for by this act, either in the name of such lessee or in the name of his lessor.

HISTORY: CL 1948, 319.108.

319.110 Judicature act; provisions applicable.

Sec. 10. The provisions of Act No. 314 of the Public Acts of 1915, including the provisions for appeal, and all existing and future amendments to said act, and the applicable supreme court rules now or hereafter adopted shall apply to all proceedings hereunder, except as otherwise provided in this act.

AN ACT defining the rights of co-tenants, joint owners, tenants in common and co-parceners in lands; to provide for the development and operation of such lands for mining purposes other than oil and gas; to grant jurisdiction to the circuit court to authorize the exploration, development and operation of such lands for mining purposes except oil and gas; to determine and quiet the title to said lands; and to repeal all acts in conflict herewith.

The People of the State of Michigan enact:

319.151 Exploration of certain lands for mining purposes; authorization.

Sec. 1. Whenever lands or mineral rights in lands in this state are owned by tenants in common, joint owners, co-tenants or co-parceners whether such title is derived by purchase, devise or descent or otherwise or whether any or all of the owners are minors or of full age, such tenants in common, joint owners, co-tenants or co-parceners as hold not less than 3/4 interest in the title to such lands or mineral rights in such lands, shall be authorized to explore, drill, mine, develop and operate such lands for mining purposes except oil and gas and remove and transport the minerals or mineral products from such lands or store the same on said lands and sell and dispose of the same in the manner hereinafter provided.

(a) "Person" means any natural person, corporation, association, partnership, receiver, trustee, judiciary or common law trust, guardian, executor, administrator or fiduciary of any kind.

(b) "Mineral"—the term mineral, when employed in a conveyance, is understood to include every inorganic substance that can be extracted from the earth for profit whether it be solid, as rock, fire clay, the various metals and coal, or fluid, as mineral waters except oil and gas.

(c) The term "royalty interest" means that share of the product or profit which the owner of the land or mineral rights in such land, reserves or is entitled to whether under a lease or under the provisions of this act in consideration of permitting the development of the mineral rights except oil and gas.

(d) The singular shall include the plural and the plural shall include the singular. Each of the genders shall include each of the other genders.

319.153 Decree of court to lease lands; bill of complaint.

Sec. 3. The owner or owners of not less than 3/4 in interest desiring to lease said lands or their mineral rights therein for mining purposes other than oil and gas or desiring to explore, drill, develop, or operate said lands for minerals or mineral products and to remove such minerals or mineral products therefrom, may file a bill of complaint in a circuit court in chancery of the county in which such lands, or some part thereof are located, to obtain a decree of the court authorizing them to lease said lands or their mineral rights or explore, drill, mine, develop and operate said lands for mining purposes except oil and gas and remove and transport minerals or mineral products therefrom or store the same thereon and sell and dispose of minerals and mineral products for use and benefit of all owners thereof. Such bill of complaint shall set forth the relevant facts and the interests therein of all persons, so far as the same are known to such plaintiffs.

HISTORY: CL 1948, 319.153.

319.154 Decree of court; distribution of proceeds.

Sec. 4. If the court shall find that the material averments of the bill of complaint are true, and that the plaintiffs do in fact own the required interest in such lands or mineral rights as joint tenants, tenants in common, co-tenants or co-parceners or that the required proportion in interest of such owners consent to the granting of the relief prayed in such bill of complaint, then the court shall enter a decree authorizing the plaintiffs to lease for exploring, drilling, mining and operating said lands for mining purposes except oil and gas and to remove such minerals or mineral products from such lands and sell or dispose of same so as to realize the full value thereof for the benefit of all parties entitled thereto. The defendants and minority interest holders, whether owner of fee or royalty interests or their lessees shall participate in their proportionate share of the proceeds derived from the sale of minerals or mineral products produced from said lands. In case the court finds that a lease of such royalty interest should be granted, the terms and conditions of such lease shall be fixed by the court in its decree but the royalty payable to such royalty interest shall not be less than 1/10 of the mineral or mineral products or the value thereof as produced and severed from such lands at the point of production. The court shall provide by decree for the disposition by the plaintiffs of the proportionate part of the proceeds from the sale of the defendants' portion of the minerals or mineral products produced and provide for the payment and distribution of the proceeds thereof to the defendants as their respective interests may appear after deduction of the proportionate costs of such proceedings and those other expenses incurred by the plaintiffs which are approved by the court.

AN ACT to provide control of the drilling, operating and abandoning of mineral wells to prevent surface and underground waste; to provide for a supervisor of mineral wells and prescribe his powers and duties; to provide for an advisory board and prescribe its duties; to provide for inspecting, repairing and plugging of mineral wells and for entering on private property for that purpose; to provide for the assessing of certain fees; to provide for the promulgation of rules and orders to enforce this act; and to prescribe penalties.

The People of the State of Michigan enact:

319.211 Mineral well act; short title.

Sec. 1. This act shall be known and may be cited as the "mineral well act".

HISTORY: New 1969, p. 623, Act 315, Eff. Mar. 20, 1970.

319.212 Mineral well act; definitions.

Sec. 2. As used in this act:

- (a) "Person" means any individual, corporation, company, association, joint venture, partnership, receiver, trustee, guardian, executor, administrator, personal representative or private organization of any kind.
- (b) "Owner" means the person who has the right to drill, convert or operate any well subject to this act.
- (c) "Operator" means the person, whether owner or not, supervising or responsible for drilling, operating, repairing, abandoning or plugging of wells subject to this act.
- (d) "Supervisor" means the supervisor of mineral wells.
- (e) "Board" means the advisory board appointed by the supervisor and approved by the director and commission.
- (f) "Director" means the director of natural resources.
- (g) "Commission" means the commission of natural resources.
- (h) "Natural brine" means naturally occurring mineralized water other than potable or fresh water.
- (i) "Artificial brine" means mineralized water formed by dissolving rock salt or other readily soluble rocks or minerals.
- (j) "Underground storage cavity" means a cavity formed by dissolving rock salt or other readily soluble rock or mineral, by nuclear explosion, or by any other method for the purpose of storage or disposal.
- (k) "Pollution" means damage or injury from the loss, escape or unapproved disposal of any substance at any well subject to this act.
- (l) "Waste product" means waste or byproduct resulting from municipal or industrial operations or waste from any trade, manufacture, business or private pursuit which could cause pollution and for which underground disposal may be feasible or practical.
- (m) "Mineral well" means any well subject to the provisions of this act.
- (n) "Brine well" means a well drilled or converted for the purpose of producing natural or artificial brine.
- (o) "Test well" means a well, core hole, core test, observation well or other well drilled from the surface to determine the presence of a mineral, mineral resource, ore, or rock unit, or to obtain geological or geophysical information or other subsurface data, but shall not include holes drilled in the operation of a quarry, open pit or underground mine.

(p) "Storage well" means a well drilled into a subsurface formation to develop an underground storage cavity for subsequent use in storage operations.

(q) "Disposal well" means a well drilled or converted for subsurface disposal of waste products or processed brine and its related surface facilities.

(r) "Exploratory purposes" means test well drilling for the specific purpose of discovering or outlining an orebody or mineable mineral resource.

(s) "Underground waste" means damage or injury to potable water, mineralized water, or other subsurface resources.
